Every application for such a permit shall be made in writing to the municipal clerk at least 15 days in advance of the date of the display. The application shall be promptly referred to the chief of the fire department who shall make an investigation to determine whether the operator of the display is competent and whether the display is of such a character and is to be so located, discharged, or fired that it will not be hazardous to property or endanger any person. The fire chief shall report the results of this investigation to the clerk and if he reports that in his opinion the operator is competent and that the display as planned will conform to safety requirements, including the rules and regulations of the state fire marshal hereinafter provided for, the clerk shall issue a permit for the display when the applicant pays a permit fee of \$2. When the supervised public display for which a permit is sought is to be held outside the limits of an incorporated municipality, the application shall be made to the county auditor and the duties imposed by such sections upon the clerk of the municipality shall be performed in such case by the county auditor. The duties imposed on the fire chief of the municipality by such sections shall be performed in such case by the county sheriff.
