Subd. 2. **Application for registration; listing for taxation.** "Application for registration" shall have the same meaning as "listing for taxation," and when a motor vehicle is registered it is also listed.

Subd. 3. **Highway.** A "highway" is any public thoroughfare for vehicles, including streets in cities, villages, and boroughs.

Subd. 4. **Motor vehicle.** "Motor vehicle" means any self-propelled vehicle not operated exclusively upon railroad tracks and any vehicle propelled or drawn by a

self-propelled vehicle and includes vehicles known as trackless trolleys which are propelled by electric power obtained from overhead trolley wires but not operated upon rails, except snowmobiles.

Subd. 5. Owner. "Owner" means any person, firm, association, or corporation owning or renting a motor vehicle, or having the exclusive use thereof, under a lease or otherwise, for a period of greater than 30 days.

Subd. 6. Tax, fee. "Tax" or "fee" means the annual tax imposed on motor vehicles in lieu of all other taxes thereon, except wheelage taxes, so-called, which may be imposed by any borough, city or village, and except gross earnings taxes paid by companies subject or made subject thereto. Such annual tax shall be deemed both a property tax and a highway use tax and shall be on the basis of the calendar year.

Subd. 7. Passenger automobile. "Passenger automobile" means any motor vehicle designed and used for the carrying of not more than eight persons but excluding motorcycles, motor scooters, and station wagons.

Subd. 8. Mobile home and house trailer. (a) "Mobile home" means any trailer or semi-trailer which is designed, constructed, and equipped for use as a human dwelling place, living abode, or living quarters except house trailers.

(b) "House trailer" means any trailer or semi-trailer which is not more than eight feet in width and not more than 35 feet in length and which is designed, constructed, and equipped for use as a human dwelling place, living abode, or living quarters.

Subd. 9. Bus; intercity bus. (a) "Bus" means any motor vehicle designed and used for the carrying of more than eight persons.

(b) "Intercity bus" means any bus operating as a common passenger carrier over regular routes and between fixed termini, but excluding all buses operating wholly within the limits of one city, village or borough, or wholly within two or more contiguous cities, villages and boroughs, or between contiguous cities and villages or boroughs and a terminus outside the corporate limits of such cities, villages or boroughs and not more than 20 miles distant measured along the fixed route from such corporate limits.

Subd. 10. Truck. "Truck" means any motor vehicle designed and used for carrying things other than passengers.

Subd. 11. Tractor. "Tractor" means any motor vehicle designed or used for drawing other vehicles but having no provision for carrying loads independently.

Subd. 12. Truck-tractor. "Truck-tractor" means any motor vehicle designed and used primarily for drawing other vehicles and not so constructed as to carry a load other than a part of the weight of the vehicle and load so drawn.

Subd. 13. Trailer. "Trailer" means any vehicle designed for carrying property or passenger on its own structure and for being drawn by a motor vehicle.

Subd. 14. Semi-trailer. "Semi-trailer" means a vehicle of the trailer type so designed and used in conjunction with a truck-tractor that a considerable part of its own weight or that of its load rests upon and is carried by the truck-tractor.

Subd. 15. Unloaded weight. "Unloaded weight" means the actual weight of the vehicle fully equipped without a load.

Subd. 16. Gross weight. "Gross weight" means the actual unloaded weight of the vehicle, either a truck or tractor, or the actual unloaded combined weight of a truck-tractor and semitrailer, fully equipped for service, plus the weight of the maximum load which the applicant has elected to carry on such vehicle or combined vehicles. The term gross weight applied to a truck occasionally used for towing a trailer means the unloaded weight of the truck, fully equipped for service, plus the weight of the maximum load which the applicant has elected to carry on such truck, but not including the weight of such part of the trailer and its load as may rest upon the truck. The term gross weight applied to school buses means the weight of the vehicle fully equipped with all fuel tanks full of fuel, plus the weight of the passengers and their baggage computed at the rate of 100 pounds per passenger seating capacity, including that for the driver. passenger, but which are not divided so as to allot individual seats for the passengers that occupy them, allow two feet of its length per passenger to determine seating capacity. The term gross weight applied to a truck-tractor used exclusively by the owner thereof for towing an equipment dolly shall be the actual weight of the truck-tractor alone, and the equipment dolly shall be separately licensed and taxed as a trailer, as provided in section 168.013, subdivision 1, paragraph 7. The term "equipment dolly" as used in this subdivision means a heavy semitrailer used solely by the owner thereof to transport his construction machinery, equipment, implements and other objects used on a construction project, but not to be incorporated in or to become a part of a completed project. The term gross weight applied to a truck-tractor or a truck used as a truck-tractor transporting unfinished forest products or used by the owner thereof to transport agricultural, horticultural, dairy, and other farm products, including livestock, produced or finished by the owner of the truck, and any other personal property owned by the farmer to whom the license for such truck is issued, from the farm to market, and to transport property and supplies to the farm of the owner, as described in section 168.011, subdivision 17, shall be the unloaded weight of the truck-tractor or converted truck plus the weight of the maximum load which the applicant has elected to carry on the truck, but in no case shall this be less than 21,000 pounds, whether hauling a semitrailer or not, and the semitrailer used for such hauling in conjunction with such truck-tractor or converted truck shall be registered and taxed separately as provided by section 168.013, subdivision 1, paragraph 7.

Subd. 17. Farm truck. "Farm truck" means all single unit trucks, tractors, and trailers used by the owner thereof to transport agricultural, horticultural, dairy, and other farm products, including livestock, produced or finished by the owner of the truck, and any other personal property owned by the farmer to whom the license for such truck is issued, from the farm to market, and to transport property and supplies to the farm of the owner. Trucks, tractors and trailers registered as "farm trucks" may be used by the owner thereof to occasionally transport unprocessed and raw farm products, not produced by the owner of the truck, from the place of production to market when such transportation constitutes the first haul of such products, and may be used by the owner thereof, either farmer or logger who harvests and hauls forest products only, to transport logs, pulpwood, lumber, railroad ties and other raw and unfinished forest products from the place of production to an assembly yard or railhead when such transportation constitutes the first haul thereof, provided that the owner and operator of such vehicle transporting planed lumber shall have in his immediate possession a statement signed by the producer of such lumber designating the governmental subdivision, section and township where such lumber was produced and that this haul, indicating the date, is the first haul thereof.

"Farm trucks" shall also include only single unit trucks, which, because of their construction, cannot be used for any other purpose and are used exclusively to transport milk and cream enroute from farm to an assembly point or place for final manufacture, and for transporting milk and cream from an assembly point to a place for final processing or manufacture. This section shall not be construed to mean that the owner or operator of any such truck cannot carry on his usual accommodation services for his patrons on regular return trips, such as butter, cream, cheese, and other dairy supplies.

168.013 RATE OF TAX. Subdivision 1. **Computation.** Motor vehicles, except as set forth in section 168.012, using the public streets or highways in the state, shall be taxed in lieu of all other taxes thereon, except wheelage taxes, so-called, which may be imposed by any borough, city or village, as provided by law, and except gross earnings taxes paid by companies subject or made subject thereto, and shall be privileged to use the public streets and highways, on the basis and at the rate for each calendar year as follows:

1. On passenger automobiles, ambulances, and hearses, except as otherwise provided, the tax shall be \$10 plus an additional tax equal to 1.25 percent of the base value. Subject to the classification provisions herein, "base value" means the manufacturer's suggested retail price of the vehicle including destination charge as reflected on the price listing affixed to the vehicle in conformity with 15 U.S.C. 1231 to 1233 (Public Law 85-506) or otherwise suggested by the manu-

facturer or determined by the registrar if no suggested retail price exists, and shall not include the cost of each accessory or item of optional equipment separately added to the vehicle and the suggested retail price.

If the registrar is unable to determine the base value because the vehicle is specially constructed, or for any other reason, he may establish such value upon the cost price to the purchaser or owner as evidenced by a certificate of cost but not including Minnesota sales or use tax or any local sales or other local tax.

The registrar shall classify every vehicle in its proper base value class as follows:

FROM	TO
\$ 0	\$199.99
200	399.99

and thereafter a series of classes successively set in brackets having a spread of \$200 consisting of such number of classes as will permit classification of all vehicles.

The base value for purposes of this section shall be the middle point between the extremes of its class.

The registrar shall establish the base value, when new, of every passenger automobile, ambulance and hearse registered prior to the effective date of Extra Session Laws 1971, Chapter 31, using list price information published by the manufacturer or any nationally recognized firm or association compiling such data for the automotive industry. If the registrar is unable to ascertain the base value of any registered vehicle in the foregoing manner, he may use any other available source or method. The tax on all previously registered vehicles shall be computed upon the base value thus determined taking into account the depreciation provisions of Extra Session Laws 1971, Chapter 31.

The annual additional tax computed upon the base value as provided herein, during the first year of vehicle life shall be computed upon 100 percent of the base value; for the second year, 90 percent of such value; for the third year, 75 percent of such value; for the fourth year, 60 percent of such value; for the fifth year, 45 percent of such value; for the sixth year, 35 percent of such value; for the seventh year, 30 percent of such value; for the eighth year, 20 percent of such value; for the ninth year, 15 percent of such value; for the tenth year, 10 percent of such value; for the eleventh and each succeeding year, the sum of \$2.

Notwithstanding the provisions of subdivision 15, the registrar is authorized to adjust the tax on passenger automobiles, ambulances, hearses, and station wagons to the nearest even dollar.

2. On trailers of not more than two wheels with a gross weight of load and vehicle not exceeding 3,000 pounds, not for hire and used only by the owner and not employed in the transportation of passengers or property for hire, the tax shall be \$1 per annum, or fraction thereof, payable biennially on or before March 1 of each even-numbered year.

3. On motorcycles, motor scooters, and motorized bicycles with two wheels, \$3; motorcycles, motor scooters, and motorized bicycles with sidecar or three wheels, \$5.

4a. On farm trucks, excluding trailers, the tax during each the first three years of vehicle life shall be based on the unloaded weight of the vehicle, fully equipped, at the rate of 60 cents per hundred weight, computed by the registrar in increments of 200 lbs., but in no event less than \$20. During each the fourth, fifth and sixth years of vehicle life the tax shall be 80 percent of the first year rate, but in no event less than \$16. During each the seventh, eighth and ninth years of vehicle life the tax shall be 60 percent of the first year rate, but in no event less than \$12. During each the tenth and succeeding years of vehicle life the tax shall be 40 percent of the first year rate, but in no event less than \$10 per vehicle, fully equipped. The registrar may require that each applicant for registration of a farm truck file with the application a scale ticket certified by the weighmaster of any public scale, or, if no public scale be available, certified by the proprietor of any scale tested and sealed under state authority, showing the unloaded weight of the vehicle, fully equipped.

4b. On farm trailers not listed for registration under paragraph 2, the tax shall be \$3 for the first five tons, or fraction thereof, of the load and trailer included, and \$2 per ton for each additional ton.

going gross weight tax schedule less depreciation allowance, provided the gross receipts derived from such use equal or exceed 60 percent of the owner's total gross receipts from the operation of such vehicle during the 12 month period immediately preceding the date set by law for the reregistration of such vehicle. The owner shall furnish such information as the registrar may require, including sworn statements of fact, and the registrar shall thereupon determine whether such owner comes within the provisions of this paragraph.

If an owner has not used such vehicle for the transportation of livestock or unprocessed and raw farm products so as to be able to report gross receipts for the 12 month period as herein set forth, he may, nevertheless, apply for registration hereunder and pay the reduced tax and the registrar shall, after consideration of the established facts, determine whether such owner is entitled to have such registration approved.

If an owner fails to operate under the conditions and limitations herein set forth, he shall immediately notify the registrar of such fact and pay the difference between the scheduled gross weight tax less depreciation allowance and the reduced tax proportionate to the number of months remaining in the year, 1/12 of the difference for each month or fraction thereof, beginning with the month in which such operations were discontinued or changed.

If an owner first uses such vehicle for the transportation of livestock and unprocessed and raw farm products after the tax becomes due without reduction, no adjustment or refund of tax shall be made during that calendar year for reasons of transporting livestock and unprocessed and raw farm products.

(e) All truck-tractors except those herein defined as urban trucks shall be taxed in accord with the foregoing gross weight tax schedule on the basis of the combined gross weight of such truck-tractor and any semi-trailer which the applicant proposes to combine with the truck-tractor. In addition, to such gross weight tax imposed on the truck-tractor, each semi-trailer, except those herein defined as urban trucks, shall be taxed an annual flat fee of \$10.

(f) Urban trucks include only all trucks and all truck-tractors and semi-trailers used exclusively in transporting property within the corporate limits of any city, village or borough or contiguous cities and villages. For the purposes of this clause a land area ceded to the United States of America under General Laws 1889, Chapter 57, is a village. The name of the city, village or borough in which the vehicle is licensed and the net unloaded weight, fully equipped, of the truck or combination shall be stenciled in a conspicuous place on each side of the cab of the truck-tractor so licensed and the vehicle shall not be operated outside the corporate limits of such city, village, or borough or contiguous cities and villages; except that the registrar may, by special permit, authorize the permanent removal of such vehicle from a city, village or borough to another. The license plates issued therefor shall be plainly marked "URBAN." Such urban trucks and combinations shall be taxed on the basis of the net unloaded weight, fully equipped, of the truck or combination during each of the first three years of vehicle life at the rate of 80 cents per hundred weight, computed by the registrar in increments of 200 pounds, but in no event less than \$25. During each of the fourth, fifth and sixth years of vehicle life, the tax shall be 80 percent of the foregoing scheduled tax but in no event less than \$20 per vehicle. During each of the seventh, eighth and ninth years of vehicle life, the tax shall be 60 percent of the foregoing scheduled tax but in no event less than \$16 per vehicle. During the tenth and succeeding years of vehicle life, the tax shall be 40 percent of the foregoing scheduled tax but in no event less than \$12 per vehicle. The registrar may require that each applicant for registration of an urban truck or combination file with the application a scale ticket certified by the weighmaster of any public scale, or, if no public scale be available, certified by the proprietor of any scale tested and sealed under state authority, showing the unloaded weight of the vehicle, fully equipped. Such tax shall be the full tax for the truck-tractor and semi-trailer and additional semi-trailers shall be taxed an annual flat fee of \$10.

6. On all intercity buses, the tax during each the first two years of vehicle life shall be based on the gross weight of the vehicle and graduated according to the following schedule:

On all intracity buses operated by an auto transportation company in the business of transporting persons for compensation as a common carrier and operating principally within the limits of cities having populations in excess of 200,000 inhabitants, the tax during each year of the vehicle life of each such bus shall be \$40; on all of such intracity buses operated principally in cities, villages or boroughs, having a population of less than 200,000 and more than 70,000 inhabitants, the tax during each year of vehicle life of each bus shall be \$10; and on all of such intracity buses operating principally in cities, villages or boroughs having a population of less than 70,000 inhabitants, the tax during each year of vehicle life of each bus shall be \$2.

On all other buses the tax during each of the first three years of the vehicle life shall be based on the gross weight of the vehicle and graduated according to the following schedule: Where the gross weight of the vehicle is 6,000 pounds or less, \$25. Where the gross weight of the vehicle is more than 6,000 pounds, and not more than 8,000 pounds, the tax shall be \$25 plus an additional tax of \$5 per ton for the ton or major portion in excess of 6,000 pounds. Where the gross weight of the vehicle is more than 8,000 pounds and not more than 20,000 pounds, the tax shall be \$30 plus an additional tax of \$10 per ton for each ton or major portion in excess of 8,000 pounds. Where the gross weight of the vehicle is more than 20,000 pounds and not more than 24,000 pounds, the tax shall be \$90 plus an additional tax of \$15 per ton for each ton or major portion in excess of 20,000 pounds. Where the gross weight of the vehicle is more than 24,000 pounds and not more than 28,000 pounds, the tax shall be \$120 plus an additional tax of \$25 per ton for each ton or major portion in excess of 24,000 pounds. Where the gross weight of the vehicle is more than 28,000 pounds, the tax shall be \$170 plus an additional tax of \$30 per ton for each ton or major portion in excess of 28,000 pounds.

During each of the fourth, fifth and sixth years of vehicle life, the tax shall be 80 percent of the foregoing scheduled tax but in no event less than \$20 per vehicle.

During each of the seventh, eighth and ninth years of vehicle life, the tax shall be 60 percent of the foregoing scheduled tax but in no event less than \$16 per vehicle.

During the tenth and succeeding years of vehicle life, the tax shall be 40 percent of the foregoing scheduled tax but in no event less than \$12 per vehicle.

7. Except farm trailers described in paragraph 4b, two-wheel trailers described in paragraph 2, and semi-trailers described in paragraph 7a, trailers shall be taxed on the basis of \$4 per ton or fraction thereof of the carrying capacity of such trailer, but in any event not less than \$4 per vehicle. The maximum load at any time carried on any trailer shall be deemed prima facie the carrying capacity thereof.

(a) A semi-trailer used to transport raw and unfinished forest products shall be taxed at the rate of \$4 per ton or fraction thereof of the difference in weight

between the total gross weight of the combination and the selected registered gross weight of the truck-tractor or converted truck, but in no case for less than nine tons for a single axle semi-trailer and in no case for less than 14 tons for a tandem axle semi-trailer.

8. On recreational vehicles the tax during the first three years of vehicle life shall be graduated according to the following schedule:

Gross Weight (In Pounds)	Fee
0- 1,500	\$5.00
1,501- 3,000	16.00
3,001- 4,500	20.00

On recreational vehicles weighing 1,501 pounds or more, during each the fourth, fifth and sixth years of vehicle life, the tax shall be 75 percent of the foregoing scheduled tax; during each the seventh, eighth and ninth years of vehicle life the tax shall be 50 percent of the foregoing scheduled tax and during each succeeding year of vehicle life the tax shall be 25 percent of the foregoing scheduled tax provided however the tax shall not in any case be less than \$12 per vehicle on those having a gross weight of 6,000 pounds or less and not less than \$20 per vehicle on those with a gross weight in excess of 6,000 pounds. On recreational vehicles with a gross weight of less than 1,501 pounds there shall be no reduction.

A trailer of the kind described in paragraph 2, that is pulled by a recreational vehicle shall be taxed and registered in accordance with that paragraph.

The annual tax on a slip-in camper as defined in section 168.011, subdivision 25, shall be as provided for recreational vehicles unless such owner elects to register such slip-in camper as a truck. If the owner elects to register such slip-in camper as a truck, the annual tax shall be either the tax imposed for recreational vehicles or the tax imposed for trucks on the basis of gross weight in clause (5) of this subdivision, whichever is higher. Notwithstanding any law to the contrary, converted buses and converted vans taxed pursuant to this paragraph, and a trailer of the kind described in paragraph 2 that is pulled by a vehicle, shall be exempt from any wheelage tax now or hereafter imposed by any political subdivision or political subdivisions.

NOTE: Extra Session Laws 1971, Chapter 31, Article 5, Section 5, reads:

"Sec. 5. Except as provided for in section 2, this article is in effect for taxes due on January 1, 1973 and thereafter."

Subd. 1a. Eagan and Chaska townships, urban trucks. Notwithstanding the provisions of subdivision 1, clause 5(f), a truck, truck-trailer or semi-trailer bearing valid urban license plates may be operated within the towns of Eagan and Chaska when the purpose of such operation is (1) the repair of such vehicle within the confines of the town of Eagan or the town of Chaska, or (2) the sole purpose of such operation is to pass through the town of Eagan or the town of Chaska in transit while transporting property from or to a city or village contiguous to the town of Eagan or the town of Chaska.

Subd. 2. Prorated fees. When a motor vehicle first becomes subject to taxation during the calendar year for which the tax is paid, the tax shall be for the remainder of the year prorated on a monthly basis, one twelfth of the annual tax for each calendar month or fraction thereof; provided, however, that for a vehicle, other than a trailer taxed as provided in subdivision 1(2) of this section, having an annual tax of \$5 or less there shall be no reduction until on and after July 1 when such annual tax shall be reduced one half.

Subd. 3. Application; cancellation; excessive gross weights forbidden. The applicant for a non-farm truck or truck-tractor semi-trailer license shall state in writing upon oath, among other things, the unloaded weight of such vehicle

or combination and the maximum load which the applicant proposes to carry thereon, the sum of which shall constitute the gross weight of no vehicle or combination of vehicles shall exceed the gross weight upon which the license tax shall be paid and the gross weight upon which the license tax has been paid by more than 1,000 pounds. The gross weight of the vehicle for which such license tax is paid shall be stenciled in a conspicuous place on each side of the vehicle by the owner thereof in letters not less than 2½ inches high and a ¼ inch stroke and shall be in a color giving a marked contrast with that of the part of the vehicle on which it is placed and shall be done with a good quality paint that will endure throughout the term of the registration. The stenciling must be on a part of the vehicle itself and not on a removable plate or placard of any kind and shall be kept clean and visible at all times.

The owner or driver of a vehicle upon conviction for transporting a gross weight in excess of the gross weight for which it was registered or for operating a vehicle with an axle weight exceeding the maximum lawful axle load weight shall be guilty of a misdemeanor and be subject to fine according to the following schedule:

1. If the gross weight exceeds the selected gross weight for which the vehicle is registered by more than 1,000 pounds, but less than 2,000 pounds, the fine shall be not less than \$25 for each such offense.

2. If the gross weight exceeds the selected gross weight for which the vehicle is registered by 2,000 pounds or more, the fine shall be not less than \$50 for each such offense, and in addition to paying the fine the owner or driver shall apply to the registrar to increase the authorized gross weight to be carried on the vehicle to a weight equal to or greater than the gross weight of which the owner or driver was convicted of carrying. If the additional registration tax computed upon that weight, plus the tax already paid, amounts to more than the regular tax for the maximum gross weight permitted for such a vehicle under section 169.83, that additional amount shall nevertheless be paid into the highway fund, but the additional tax thus paid shall not be deemed to permit the vehicle to be operated with a gross weight in excess of the maximum legal weight as provided by section 169.83. Unless the owner within 30 days after such a conviction shall apply to increase the authorized weight and pay the additional tax as herein provided, the registrar shall revoke the registration on the vehicle and demand the return of the registration card and plates issued by him on that registration.

3. If the axle load exceeds the lawful axle load as provided by section 169.83, by more than 2,500 pounds the fine shall be not less than \$75; if the axle load exceeds the lawful axle load by more than 3,500 pounds the fine shall be not less than \$95; and if the axle loads exceeds the lawful axle load by more than 5,000 pounds, or if the load on any group of consecutive axles spaced less than six feet apart exceeds the lawful axle load by more than 8,000 pounds, the fine shall be not less than \$95, and the registrar shall cancel the reciprocity privileges on the vehicle involved if the same is being operated under reciprocity, or if the vehicle is not being operated under reciprocity, he shall cancel the certificate of registration on the vehicle so operated and demand the return of the registration certificate and registration plates.

4. When the registration on a motor vehicle has been revoked by the registrar according to the provisions of this section, such vehicle shall not be again operated on the highways of the state until it is registered or re-registered, as the case may be, and new plates issued, and the registration fee therefor shall be computed for the balance of the calendar year on the basis of the gross weight of the vehicle at the time of violation ½ of the annual tax for each month remaining in the calendar year beginning with the first day of the month in which the violation occurred.

Subd. 4. Gross earnings tax system. Motor vehicles using the public streets and highways of this state, and owned by companies paying taxes under gross earnings system of taxation, shall be registered and taxed as provided for the registration and taxation of motor vehicles by this chapter, notwithstanding the fact that earnings from such vehicles may be included in the earnings of such companies upon which such gross earnings taxes are computed, and all provisions of this chapter are hereby made applicable to the enforcement and collection of the tax herein provided for.

MINNESOTA STATUTES 1971

2027

MOTOR VEHICLES; REGISTRATION; TAXATION 168.013

Subd. 5. Certain vehicles subject to personal property tax. Motor vehicles not subject to taxation as provided in section 168.012, but subject to taxation as personal property within the state, shall be assessed and valued at 33½ percent of the true and full value thereof, provided, that if the person against whom any tax has been levied on the ad valorem basis because of any motor vehicle shall, during the calendar year for which such tax is levied, be also taxed under the provisions of this chapter, then and in that event, upon proper showing, the commissioner of taxation shall grant to the person against whom said ad valorem tax was levied, such reduction or abatement of assessed valuation of taxes as was occasioned by the so-called ad valorem tax imposed, and provided further that, if said ad valorem tax upon any motor vehicle has been assessed against a dealer in new and unused motor vehicles, and the tax imposed by this chapter for the required period is thereafter paid by the owner, then and in that event, upon proper showing, the commissioner of taxation, upon the application of said dealer, shall grant to such dealer against whom said ad valorem tax was levied such reduction or abatement of assessed valuation or taxes as was occasioned by the so-called ad valorem tax imposed. If such motor vehicle be registered and taxed under this chapter for a fractional part of the calendar year only, then such ad valorem tax shall be reduced in the percentage which such fractional part of the years bears to a full year.

Subd. 6. Listing by dealers. The owner of every motor vehicle not exempted by section 168.012 or by section 168.28, shall, so long as it is subject to taxation within the state, list and register the same and pay the tax herein provided annually; provided, however, that any dealer in motor vehicles, to whom dealer's plates have been issued as provided in this chapter, coming into the possession of any such motor vehicle to be held solely for the purpose of sale or demonstration or both, shall be entitled to withhold the tax becoming due on such vehicle for the following year if the vehicle is received before the current year registration expires and the transfer is filed with the registrar on or before such expiration date. When, thereafter, such vehicle is otherwise used or is sold, leased, or rented to another person, firm, corporation, or association, the whole tax for the year shall become payable immediately with all arrears.

Subd. 7. Agents. Any act required herein of an owner may be performed in his behalf by a duly authorized agent. Any person having a lien upon, or claim to, any motor vehicle may pay any tax due thereon to prevent the penalty for delayed registration from accruing, but the registration certificate and number plates shall not be issued until legal ownership is definitely determined.

Subd. 8. Proceeds to highway user tax distribution fund. The proceeds of the tax imposed on motor vehicles under this chapter shall be collected by the registrar of motor vehicles and paid into the state treasury and credited to the highway user tax distribution fund.

Subd. 9. Municipalities not to impose tax; exceptions. No borough, village, or city shall impose any tax or license fee or bond of any kind for the operation of any motor vehicle on its streets if the person or company owning or operating such vehicle holds a certificate or permit to operate such vehicle issued in accordance with the provisions of Minnesota Statutes 1945, Chapter 221, provided, that this section shall not apply to vehicles transporting persons for hire which are operated exclusively within any borough, village or city or contiguous cities, villages, or boroughs.

Subd. 10. [Obsolete]

Subd. 12. Gross weight, additional tax for excessive. Whenever an owner has registered a vehicle and paid the tax as provided in section 168.013, subdivision 1, on the basis of a selected gross weight of the vehicle or the actual unloaded weight of the vehicle and thereafter such owner desires to operate such vehicle with a greater gross weight or a greater unloaded weight than that for which the tax has been paid, such owner shall be permitted to re-register such vehicle in the same class for which it was originally registered and pay the additional tax due thereon for the remainder of the calendar year for which such vehicle has been re-registered, the additional tax computed pro rata by the month, one-twelfth of the annual tax due for each month of the year remaining in the calendar year, beginning with the first day of the month in which such owner desires to operate the vehicle with the greater weight. In computing the additional tax as aforesaid, the owner shall be given credit for the unused portion of the tax previously paid computed pro rata by the month, one-twelfth of the annual tax paid for each month

MINNESOTA STATUTES 1971

of the year remaining in the calendar year beginning with the first day of the month in which such owner desires to operate the vehicle with the greater weight.

Subd. 13. Reduction of registered gross weight. Whenever a motor vehicle registered in the gross weight class is sold during the calendar year for which the tax has been paid, the registrar may upon application of the seller reduce the registered gross weight of such motor vehicle to a lower gross weight provided such application is also accompanied by an application of the buyer to register or transfer the registration of such motor vehicle. The seller making such application shall be entitled to a refund of the difference in tax between the higher and lower gross weights. However, the gross weight on such a vehicle shall not be reduced to a weight less than the unloaded weight of such vehicle. The refund given to the seller applying for reduced gross weight provided herein shall be computed pro rata by the month $\frac{1}{12}$ of the annual tax paid for each month remaining in the year beginning with the month following the month such application for reduced gross weight was made less the tax due for the lower gross weight computed pro rata by the month $\frac{1}{12}$ of the annual tax due for each month remaining in the year beginning with the month following the month such application for reduced gross weight was made. The buyer of a vehicle for which the seller has applied to reduce the gross weight shall immediately apply to register or transfer the vehicle to his name on the basis of his selected gross weight and shall pay such additional tax as may be due thereon for the remainder of the year prorated by the month $\frac{1}{12}$ of the annual tax due for each month remaining in the calendar year beginning with the month following the month of such application with credit given for tax previously paid by the seller on the basis of the lower gross weight to which the registration was reduced. Whenever a vehicle registered in the gross weight class has been dismantled and scrapped in such manner that the same cannot again be used on the public streets and highways the requirement for transfer of ownership shall be waived and the owner may apply for reduced gross weight and shall be entitled to a refund of a portion of the registration tax theretofore paid on such vehicle and may make application to the registrar therefor in such form as the registrar may require, including evidence that said vehicle has been so dismantled and scrapped and surrender the license plates and certificate of registration to said registrar. Upon approving such application the registrar shall issue a refund to the owner to be computed as follows: the registrar shall subtract and retain from the current gross weight tax theretofore paid on such vehicle a sum equal to the unloaded weight tax applicable to such vehicle for that current year and refund to such owner a sum equal to $\frac{1}{12}$ of the balance for each month of said current tax year beginning with the first month next following the receipt of such license plates and registration certificate. Whenever the owner of a motor vehicle registered for a gross weight in excess of 25,000 pounds satisfies the registrar that he has altered the design of the vehicle or removed equipment therefrom which makes it impossible for such vehicle to be lawfully operated at the gross weight for which it is registered, such owner may apply to the registrar to reduce the registered gross weight to not less than 25,000 pounds for a vehicle having two axles or 37,000 pounds if equipped with more than two axles. The owner shall be entitled to a refund of the difference in tax between the higher and lower gross weights computed pro rata by the month, $\frac{1}{12}$ of the annual tax for each month remaining in the year beginning with the month following the month such application for reduced gross weight was made less the tax due for the lower gross weight computed pro rata by the month $\frac{1}{12}$ of the annual tax due for each month remaining in the year beginning with the month following the month such application for reduced gross weight was made. Nothing herein shall be construed to vary the terms or conditions of section 168.013, subdivision 3.

Subd. 14. Increase of 5 percent. 168.041 IMPOUNDING REGISTRATION PLATES AND CERTIFICATES. Subdivision 1. When any person is convicted of driving a motor vehicle after the suspension or revocation of the drivers license or driving privileges of such person, the court shall require the registration plates and registration certificates of any motor vehicle involved in such violation owned by such person or registered in his name to be surrendered to the court. Upon surrender thereof the court shall issue a receipt therefor.

If the violator is not the owner of such motor vehicle, the court shall require the registration plates and the registration certificate of any motor vehicle used by the violator, with the permission of the owner who had knowledge of the fact that the violator's drivers license had been revoked or suspended prior to the commission of the offense, to be surrendered to the court.

Subd. 2. If any person is convicted of violating any law or municipal ordinance, except parking laws or ordinances, regulating the operation of motor vehicles on the streets or highways, and the record of such person so convicted shows a previous conviction for driving after suspension or revocation of his driver's license or driving privileges, the court may direct the commissioner of highways to suspend the driver's license of such person for not exceeding one year. The court may also require the registration plates and registration certificates of any motor vehicles owned by the violator or registered in his name to be surrendered to the court.

Subd. 3. If a person is convicted of any offense which makes mandatory the revocation of the drivers license of such person, or is convicted of driving a motor vehicle without having a valid driver's license in force, the court may require the registration plates and registration certificates of any motor vehicle owned by such person or any motor vehicles registered in his name to be surrendered to the court.

Subd. 4. Except as provided in subdivision 6 or subdivision 7, the court shall retain custody of the surrendered plates and certificates until such time as the drivers license of the violator has been reissued or reinstated.

Subd. 5. At the time of ordering the surrender of the registration plates and registration certificates of a violator or owner, the court shall notify the registrar of motor vehicles of that fact. Except as provided in subdivision 6 or subdivision 7, no new or duplicate registration plates or new registration certificates shall be issued to such violator or owner until his plates and certificates are returned to him by the court.

Subd. 6. Any such violator or owner may apply to the registrar of motor vehicles for new registration plates which shall bear a special series number which may be readily identified by traffic law enforcement officers. A fee of \$3 shall accompany the application. The registrar of motor vehicles shall forthwith notify the court of such application. The court may return the registration certificate of such violator or owner to the registrar of motor vehicles, together with its consent to the issuance of such registration plates to such violator or owner. Thereupon the registrar of motor vehicles shall issue such new registration plates. Until the drivers license of such violator is reinstated, any new registration plates issued to him or to an owner whose plates have been impounded shall bear a special series number.

Subd. 7. If an owner wishes to sell a motor vehicle during the time its registration plates and registration certificate are impounded or during the time its registration plates bear a special series number, he may apply to the court which impounded such plates and certificate, for consent to transfer title to the motor vehicle. If the court is satisfied that the proposed sale is in good faith and for a valid consideration, that the owner will thereby be deprived of the custody and control of the motor vehicle, and that the sale is not for the purpose of circumventing the provisions of this section, it may certify its consent to the registrar of motor vehicles and return the impounded registration plates and certificates. If during the time the registration plates and certificate of registration are impounded the title to said motor vehicle is transferred by the foreclosure of a chattel mortgage, the cancelation of a conditional sales contract, a sale upon execution, or by decree or order of a court of competent jurisdiction, the court shall order the license plates and registration certificate surrendered to the new owner and notify the registrar of motor vehicles of such action. The registrar of motor vehicles shall then transfer the registration plates and registration certificates to the new owner.

Subd. 8. Nothing contained in this section is intended to change or modify any provision of Minnesota Statutes, Chapter 168, with respect to the taxation of motor vehicles or the time within which the taxes thereon shall be paid.

Subd. 9. Any person who fails to surrender any impounded registration plates or registration certificates to the court upon demand or who operates any motor vehicle on a street or highway at a time when a court has ordered the surrender of its registration plates and registration certificate is guilty of a misdemeanor.

thereto shall be deemed perjury and punished accordingly. Such listing for taxation and application for registration need not be sworn to when the applicant is listing the same vehicle for taxation and registration for the second or any succeeding time, unless he elects to pay registration tax thereon for a different gross weight or carrying capacity than for the previous registration. The listing and application for registration by dealers or manufacturers' agents within the state, of motor vehicles received for sale or use within the state shall be accepted as compliance with the requirements of this chapter, imposed upon the manufacturer.

Registration shall be refused a motor vehicle if the original identification or serial number has been destroyed, removed, altered, covered or defaced. However, if the registrar is satisfied on the sworn statements of the owner or such other persons as he may deem advisable that the applicant is the legal owner, a special identification number in the form prescribed by the registrar shall be assigned such motor vehicle. When it has been determined that the number has been affixed to such vehicle in a manner prescribed by the registrar, the vehicle may thereafter be registered in the same manner as other motor vehicles. In the case of a new or rebuilt motor vehicle manufactured or assembled without an identification or serial number, the registrar may assign an identification number to such motor vehicle in the same manner as prescribed heretofore.

(2) Any motor vehicle manufactured prior to 1936 and owned and operated solely as a collector's item shall be listed for taxation and registration as follows: An affidavit shall be executed stating the name and address of the owner, the name and address of the person from whom purchased, the make of the motor vehicle, year and number of the model, the manufacturer's identification number and that the vehicle is owned and operated solely as a collector's item and not for general transportation purposes. If the registrar is satisfied that the affidavit is true and correct and the owner pays a \$6 tax, the registrar shall list such vehicle for taxation and registration and shall issue number plates.

The number plates so issued shall bear the inscription "Pioneer," "Minnesota" and the registration number but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for such vehicle. The registrar has the power to revoke said plates for failure to comply with this subdivision.

In the event of the defacement, loss or destruction of such number plates, the registrar, upon receiving and filing a sworn statement of the vehicle owner, setting forth the circumstances, together with any defaced plates and the payment of a \$1 fee, shall issue duplicate plates specially designed for that purpose. The registrar shall then note on his records the issue of such new number plates and shall proceed in such manner as he may deem advisable to cancel and call in the original plates.

(3) Any motor vehicle manufactured between and including the years 1925 and 1948, and designated by the registrar of motor vehicles as a classic car because of its fine design, high engineering standards, and superior workmanship, and owned and operated solely as a collector's item shall be listed for taxation and registration as follows: An affidavit shall be executed stating the name and address of the owner, the name and address of the person from whom purchased, the make of the motor vehicle, year and number of the model, the manufacturer's identification number and that the vehicle is owned and operated solely as a collector's item and not for general transportation purposes. If the registrar is satisfied that the affidavit is true and correct and that the motor vehicle qualifies to be classified as a classic car, and the owner pays a \$6 tax, the registrar shall list such vehicle for taxation and registration and shall issue number plates.

The number plates so issued shall bear the inscription "Classic Car," "Minnesota," and the registration number but no date. The number plates are valid without renewal as long as the vehicle is in existence and shall be issued for the applicant's use only for such vehicle. 168.11 REGISTRATION CERTIFICATE. Subdivision 1. The registrar shall file such application and, upon approval thereof and upon payment of the motor vehicle tax, as herein provided, together with all arrears and penalties, if any, and upon the delivery to him of the duly endorsed registration certificate of the former owner, as hereinafter provided, or proof of loss provided in lieu thereof, shall assign to it a distinctive number and issue to the owner a registration certificate, which shall contain the name, place of residence, with street and number, if in a city, and post-office address of the owner, a specific description of the vehicle, and the number assigned, together with a place on the face of the certificate in which the owner shall, immediately upon receipt thereof, place his signature and, on the reverse side thereof, an assignment and notice of sale or termination of ownership, with places for the signatures of both seller and purchaser, and a place for assignment of his credit for the tax. The registration certificate shall be retained by the owner until expiration or surrender, as herein provided. When in administering this chapter convenience or necessity requires, the registration certificate may also be called or referred to as the registration card.

Subd. 2. In the case of motor vehicles taxed under the provisions of section 168.013, subdivision 1, (5) a non-negotiable copy of the registration card shall be issued. The owner or driver shall carry said copy in his immediate possession at all times when operating the vehicle and shall display the same upon demand of a peace officer, an authorized representative of the department or an officer authorized by law to enforce the laws relating to the operation of motor vehicles upon the public streets and highways. 168.12 LICENSE PLATES. Subdivision 1. **Number plates; visibility, periods of issuance.** The registrar, upon such approval and payment, issues to the applicant the number plates required by law, bearing an abbreviation of the state name and the number assigned. The number assigned may be a combination of a letter or sign with figures. The color of the plates and the color of the abbreviation of the state name and the number assigned shall be in marked contrast. The plates shall be lettered, spaced, or distinguished to suitably indicate the classification of the vehicle according to the regulations of the registrar. These number plates shall be so treated as to be at least 100 times brighter than the conventional painted number plates. When properly mounted on an unlighted vehicle, these number plates, when viewed from a vehicle equipped with standard headlights, shall be visible for a distance of not less than 1,500 feet and readable for a distance of not less than 110 feet. At the end of the registration periods in effect immediately before April 2, 1965, and for subsequent registration periods, the registrar shall issue these number plates for the following periods:

(1) Number plates issued under Minnesota Statutes 1961, Sections 168.012, Subdivision 9, 168.053, 168.27, and 168.62, Subdivision 2, shall be issued for a one year period;

(2) Number plates issued for passenger automobiles shall be issued for a three year period; and

(3) Number plates issued for any vehicle other than those specified in (1) and (2) above shall be issued for a two year period.

In any year during which these number plates are not issued the registrar shall issue for each annual registration a reflectorized year plate, tab, or sticker to designate the year of registration. This plate, tab, or sticker shall show the calendar year for which issued, and is valid only for that year. Unless the motor vehicle for which a number plate, number, tab, or sticker is issued, is permanently lost, is destroyed, or is removed from the state, no number plate, number, tab, or sticker may be transferred to another motor vehicle during the calendar year in which issued.

Subd. 2. **Amateur radio station licensee; special license plates.** Any applicant who is an owner or joint owner of a motor vehicle and a resident of this state, and who holds an official amateur radio station license, or a citizens radio service class D license, in good standing, issued by the Federal Communications Commission shall upon compliance with all laws of this state relating to registration and the licensing of motor vehicles and drivers, be furnished with license plates for such motor vehicle, as prescribed by law for passenger cars, upon which, in lieu of the numbers required for identification under subdivision 1, shall be inscribed the official amateur call letters of such applicant, as assigned by the Federal Communications Commission. The applicant shall pay in addition to the registration tax required by law, the sum of \$2.50 for such special license plates, and at the time of delivery of such special license plates the applicant shall surrender to the registrar the current license plates issued for such motor vehicle. This provision for the issue of special license plates shall apply only if the applicant's passenger automobile is already registered in Minnesota so that the applicant has valid regular Minnesota plates issued for that passenger automobile under which to operate it during the time that it will take to have the necessary special license plates made. If the applicant owns or jointly owns more than one motor vehicle he may apply for special plates for each of not more than two vehicles, and, if each application complies with this subdivision, the registrar shall furnish the applicant with such special plates, inscribed with the official amateur call letters and such other distinguishing information as the registrar considers necessary, for each of the two vehicles. And the registrar may make such reasonable regulations governing the use of such special license plates as will assure the full compliance by the owner and holder of such special plates, with all existing laws governing the registration of motor vehicles, the transfer and the use thereof. When the ownership of a motor vehicle for which such special license plates have been furnished by the registrar, changes from one person to another, the special license plates herein authorized shall be promptly removed from the motor vehicle by the seller and returned to the registrar, at which time the seller or the buyer of such motor vehicle shall be entitled to receive license plates for such motor vehicle as provided in section 168.15.

Subd. 3. **Increase of fees and taxes.** All fees and taxes imposed upon any motor vehicle, any licensed dealer of motor vehicles, or any licensed drive-away contractors by sections 168.011 to 168.65, the payment of which is required as a condition to the issuance of any pair of number plates are hereby increased in the sum of 50 cents. If a single number plate is issued, the tax or fee imposed is hereby increased in the sum of 25 cents.

Subd. 4. **Fee increase; tax exempt plates.** All fees imposed by sections 168.011 to 168.65 for the issuance of tax-exempt number plates or duplicate number plates are hereby increased in the sum of 50 cents. If a single number plate or a single duplicate number plate is issued the tax or fee is increased in the sum of 25 cents.

168.13 PROOF OF OWNERSHIP. The registrar shall approve no application and issue no number plates for any motor vehicle, except such as may have come direct from the manufacturer, or from another state, unless and until the registration certificate theretofore issued or proof of loss thereof by sworn statement shall be delivered to the registrar, and he shall satisfy himself from his records that all taxes and fees due hereunder shall have been paid, and endorsements upon the certificate or sworn proof of loss, in writing, signed by the seller and purchaser, shall furnish proof that the applicant for registration is paying or receiving credit for the tax upon the vehicle of which he is the rightful possessor; or, in case such certificate or proof is not available, the registrar, or his deputy, shall satisfy himself of such fact by personal view of the motor vehicle serial and motor numbers and by proof of the claim of ownership thereof.

Motor vehicles brought into Minnesota from other states shall not be registered or have number plates issued therefor until such registration certificate or other evidence of title as may reasonably be required from the registrant within that state be surrendered to the registrar in the same manner as certificates of this state, or in lieu thereof, such view and evidence of the chain of ownership be had as will

168.15 RIGHTS AS TO REGISTRATION CERTIFICATES AND NUMBER PLATES. Upon the transfer of ownership, destruction, theft, dismantling as such, or the permanent removal by the owner thereof from this state of any motor vehicle registered in accordance with the provisions of this chapter, the right of the owner of such vehicle to use the registration certificate and number plates assigned such vehicle shall expire, and such certificate and any existing plates shall be, by such owner, forthwith returned, with transportation prepaid, to the registrar with a signed notice of the date and manner of termination of ownership, giving the name and post-office address, with street and number, if in a city, of the person to whom transferred. When the ownership of a motor vehicle shall be transferred to another who shall forthwith register the same in his name, the registrar may permit the manual delivery of such plates to the new owner of such vehicle. When any person seeks to become the owner by gift, trade, or purchase of any vehicle for which a registration certificate has been theretofore issued under the provisions of this chapter, he shall join with the registered owner in transmitting with his application the registration certificate, with the assignment and notice of sale duly executed upon the reverse side thereof, or, in case of loss of such certificate, with such proof of loss by sworn statement, in writing, as shall be satisfactory to the registrar. Upon the transfer of any motor vehicle by a manufacturer or dealer, for use within the state, whether by sale, lease, or otherwise, such manufacturer or dealer shall, within seven days after such transfer, file with the registrar a notice or report containing the date of such transfer, a description of such motor vehicles, and the name, street and number of residence, if in a city, and the post-office address of the transferee, and shall transmit therewith the transferee's application for registration thereof.

Upon the transfer of any automobile engine or motor, except a new engine or motor, transferred with intent that the same be installed in a new automobile, and whether such transfer be made by a manufacturer or dealer, or otherwise, and whether by sale, lease or otherwise, the transferor shall, within two days after such transfer, file with the registrar a notice or report containing the date of such transfer and a description, together with the maker's number of the engine or motor, and the name and post-office address of the purchaser, lessee, or other transferee.

168.16 REFUNDS; APPROPRIATION. After the tax upon any motor vehicle shall have been paid for any year, refund shall be made for errors made in computing the tax or fees and for the error on the part of an owner who may in error have registered a motor vehicle that was not before, nor at the time of such registration, nor at any time thereafter during the current past year, subject to such tax in this state, provided that after more than two years after such tax was paid no refund shall be made for any tax paid on any vehicle exempted from taxation by reasons of nonuse as provided by section 168.012. Such refundment shall be made from any fund in possession of the registrar and shall be deducted from his monthly report to the state auditor. A detailed report of such refundment shall accompany the report. The former owner of a transferred vehicle by an assignment in writing endorsed upon his registration certificate and delivered to the registrar within the time provided herein may sell and assign to the new owner thereof the right to have the tax paid by him accredited to such owner who duly registers such vehicle. Any owner at the time of such occurrence, whose vehicle shall be permanently destroyed, permanently removed from the state, or sold to the federal government, the state, or political subdivision thereof, shall upon filing a verified claim be entitled to a refund of the unused portion of the tax paid upon the vehicle, computed pro rata by the month, one twelfth of the annual tax paid for each month of the year remaining after the month in which the plates and certificate were returned to the registrar; provided, however, that in the case of a vehicle permanently removed from the state and the registrar is satisfied that the registration plates and certificate have been surrendered to and canceled by the motor vehicle department of another state or country, he may compute the refund in the same manner as if such

plates and certificate were returned to him as of the date of such surrender and cancellation.

There is hereby appropriated to the persons entitled to such refund, from the fund or account in the state treasury to which the money was credited, an amount sufficient to make the refund and payment.

168.163 [Repealed, 1949 c 694 s 5]

168.165 REGISTRATION, CHANGING CLASS. Upon application by the owner, the registrar of motor vehicles may convert the registration of any truck, truck-tractor, trailer or semi-trailer, or bus, from one class of registration to any other class of registration, provided:

(a) The application for conversion is accompanied by a conversion fee of \$2, the amount of which shall be deposited to the credit of the trunk highway fund;

(b) If the annual tax in the new class of registration is higher than the annual tax in the class for which the vehicle has been registered, the owner pays the difference between the unused portion of the annual tax previously paid and the tax for the remainder of the year in the new class of registration. The tax in the new class and the unused portion of the tax previously paid shall be computed for the remainder of the year prorated on a monthly basis, one-twelfth of the annual tax for each calendar month or fraction thereof beginning with the month in which the application for conversion is made;

(c) If the annual tax in the new class of registration is lower than the annual tax in the class for which the vehicle has been registered, the state refunds the difference between the unused portion of the annual tax previously paid and the tax for the remainder of the year in the new class of registration. To determine the amount of refund, the tax in the new class and the unused portion of the tax previously paid shall be computed for the remainder of the year prorated on a monthly basis, one-twelfth of the annual tax for each calendar month beginning with the month following the month in which the application for conversion is made. However, except where there has been a bona fide transfer of ownership of a motor vehicle, the registration of a vehicle shall not be converted to a lower rate registration class until it has been registered in the higher rate registration class without conversion for a period of at least three months;

(d) The owner shall surrender the plates and the registration certificate previously issued to him.

168.17 SUSPENSION OF REGISTRATION. All registrations and issue of number plates shall be subject to amendment, suspension, modification or revocation by the registrar summarily for any violation of or neglect to comply with the provisions of this chapter. In any case where the proper registration of a motor vehicle is dependent upon procuring information entailing such delay as to unreasonably deprive the owner of the use of his motor vehicle, the registrar may issue a tax receipt and plates conditionally. In any case when the registrar for cause has revoked a registration, he shall have authority to demand the return of the number plates and registration certificates, and, if necessary, to seize the number plates issued for such registration.

168.181 NONRESIDENT OWNERS, RECIPROCITY AGREEMENTS OR ARRANGEMENTS; CONDITIONS AND LIMITATIONS. Subdivision 1. Notwithstanding any provision of law to the contrary or inconsistent herewith the registrar of motor vehicles with the approval of the attorney general is hereby empowered to make agreements with the duly authorized representatives of the other states, District of Columbia, territories and possessions of the United States or arrangements with foreign countries or provinces exempting the residents of such other states, districts, territories and possessions and foreign countries or provinces using the public streets and highways of this state from the payment of any or all motor vehicle taxes or fees imposed by Minnesota Statutes, Chapter 168, subject to the following conditions and limitations:

(1) Upon condition that the exemption provided herein shall be operative

as to a motor vehicle owned by a nonresident only to the extent that under the laws of the state, district, territory or possession or foreign country or province of his residence like exemptions are granted to motor vehicles registered under the laws and owned by residents of Minnesota.

(2) Upon condition that any such motor vehicle so operated in this state by any such nonresident shall at all times carry and display all license number plates or like insignia required by the laws of the state, district, territory or possession or foreign country or province of his residence.

(3) Upon condition that the exemptions provided herein shall not apply to a passenger automobile or house trailer owned by a resident of any state, district, territory or possession or foreign country or province temporarily residing in this state while gainfully employed on the same job for a period of six months or more.

(4) Upon condition that the exemptions provided herein shall not apply to motor vehicles owned by nonresidents including any foreign corporation and used for carrying on intrastate commerce within this state. Such nonresident or foreign corporation shall be required to register each such vehicle and pay the same tax and penalties if any therefor as is required with reference to like vehicles owned by residents of Minnesota.

(5) Upon condition that the exemption provided herein shall not apply to a truck, tractor, truck-tractor, or semi-trailer, except two-wheeled trailers of less than 3,000 pounds carrying capacity; if

(a) The class of its registration does not permit to it a state-wide operation in the state of its registration, or if

(b) The registration fee or tax for which it is registered is computed on a mileage basis, or if

(c) Its gross weight exceeds the gross weight for which it is registered in the state, district, territory or possession, or foreign country or province of its registration.

(6) Upon condition that nonresident owners of commercial vehicles, including trucks, truck-tractors, trailers, semi-trailers and buses domiciled in a foreign state, district, territory or possession or foreign country or province, and bringing such vehicles into the state of Minnesota for the purpose of doing interstate business shall be required to comply with all the laws and regulations as to payment of taxes applicable to like vehicles owned by Minnesota residents unless the state, district, territory or possession or foreign country or province grants full reciprocity privileges comparable to that extended by sections 168.181 to 168.231. In the event a state, district, territory or possession or foreign country or province is not fully reciprocal as to taxes or fees on commercial vehicles or buses operated in interstate commerce, then in that event such owners of foreign commercial vehicles or buses shall be required to pay a tax in an amount similar to the tax of whatever character assessed by such other state, district, territory or possession or foreign country or province against vehicles registered in Minnesota and operated in interstate commerce in that state, district, territory or possession or foreign country or province. It is further provided that such owners of foreign commercial vehicles and buses subject to registration under the provisions of this paragraph shall make application for a permit in which shall be set forth the conditions for operation of such vehicles in this state.

Subd. 2. Agreements made pursuant to this section may also include exemption from taxes or fees on a vehicle owned by a person, firm, or corporation licensed as a motor vehicle dealer or motor vehicle manufacturer in another state or country when such vehicle is operated displaying the dealer plates or manufacturer plates issued to such dealer or manufacturer by the jurisdiction of his residence; provided, however, that such operation is not for the purpose of soliciting the sale of vehicles within this state. Greater privileges shall not be granted to such dealer or manufacturer than permitted by the laws of the jurisdiction of his residence. Nothing contained herein shall be construed to apply to or vary the terms and conditions of Minnesota Statutes, Sections 168.053 through 168.057.

168.183 MOTOR VEHICLES OF CERTAIN NONRESIDENTS. Subdivision 1. **Payment of taxes.** All trucks, truck-tractors, trailers and semi-trailers, which

comply with all of the provisions of section 168.181 but are excluded from the exemptions provided therein solely because of the intrastate nature of their movement in this state, owned by nonresidents owning or operating circuses, carnivals or similar amusement attractions or concessions shall be required to comply with all laws and regulations as to the payment of taxes applicable to like vehicles owned by Minnesota residents but such nonresidents may make application to pay such tax for each vehicle proportionate to the number of months or fraction thereof such vehicles are in this state.

Subd. 2. Contents of application. The application shall contain such information and shall be executed in such manner as the registrar may require and shall include a complete itinerary of the applicant and shall be accompanied by such evidence of ownership as the registrar shall deem necessary.

Subd. 3. Permit. Upon payment of the required tax the registrar shall issue, in lieu of registration plates, a permit for each vehicle so taxed. The permit shall contain the name and address of the owner, the make, type, serial number and year model of the vehicle, the expiration date and any other information deemed necessary by the registrar. The permit must be carried in the vehicle at all times while being operated in this state.

[1957 c 88 s 1-3]

168.187 INTERSTATE REGISTRATION AND RECIPROcity. Subdivision 1. **Declaration of policy.** It is the policy of this state to promote and encourage the fullest possible use of its highway system by authorizing the making of agreements, arrangements, and declarations with other jurisdictions, for reciprocal recognition of vehicle registrations and/or for proportional registration, with respect to vehicles registered in this state and such other jurisdictions, thus contributing to the economic and social development and growth of this state. It is the policy of this state to agree with other states that no vehicle shall pay more than the equivalent of one full registration fee per annum.

Subd. 2. Definitions applicable to this section. (1) The words, terms and phrases defined in section 168.011, when used in this section, shall have the same meanings herein as is ascribed to them in section 168.011, unless the context otherwise requires, or unless a different definition is given in this section.

(2) The words and phrases hereafter defined in this section shall have the meanings respectively ascribed to them when used in this section, except when the context otherwise requires.

Subd. 3. State. "State" means a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country and a state or province of a foreign country.

Subd. 4. Proratable vehicle. "Proratable vehicle" means any vehicle which is operated in more than one state and used for the transportation of persons for hire, or designed, used or maintained primarily for the transportation of property.

Subd. 5. Fleet. "Fleet" means three or more proratable vehicles, at least two of which are motor powered vehicles. The motor vehicle reciprocity commission may by agreement with another state provide that a fleet of this state and another state may consist of a lesser number of vehicles.

Subd. 6. Motor vehicle reciprocity commission. There is hereby created a "motor vehicle reciprocity commission" consisting of the following five members or their duly authorized delegate from the same department:

The attorney general, the commissioner of public safety, the commissioner of highways, the commissioner of taxation, and a commissioner of the public service commission. The commission may appoint from the department of public safety an executive secretary at no additional compensation except necessary expenses incurred in carrying out the provisions of this section.

The motor vehicle reciprocity commission may enter into agreements of interstate registration and reciprocity and may administer any necessary functions and make such rules as may be required to effectively carry out the intent of this section.

Subd. 7. Authority to make vehicle registration agreements, arrangements or declarations. The motor vehicle reciprocity commission may enter into any agreement or arrangement with the duly authorized representatives of other states or make any independent declaration, granting to vehicles or to owners of

2045

MOTOR VEHICLES; REGISTRATION; TAXATION 168.187

vehicles which are properly registered or licensed in another state, benefits, privileges, and exemptions from the payment, wholly, or partially, of any registration taxes, fees, or other charges imposed upon such vehicles or owners with respect to the operation or ownership of such vehicles under the laws of this state, upon such conditions as are specified therein, provided the terms or conditions of such agreement, arrangement, or declaration are not inconsistent with any law of this state.

Any such agreement or arrangement shall be made in writing and shall provide that vehicles properly registered or licensed in this state, when operated upon highways of the other state, shall receive exemptions, benefits, and privileges of a similar kind or to a similar degree as are extended to vehicles properly registered or licensed in such state when operated in this state. Any such declaration shall contemplate and provide for mutual benefits, reciprocal privileges or equitable treatment of the owners of vehicles registered in this and the other state. Each such agreement, arrangement, or declaration shall, in the judgment of the motor vehicle reciprocity commission, be in the best interest of this state and the citizens thereof and shall be fair and equitable with respect to the benefits which the agreement brings to the economy of this state.

Subd. 8. Base state reciprocity. (1) Any agreement, arrangement, or declaration made under the authority of this section may contain provisions authorizing the registration or licensing in another state of vehicles based in such other state, which vehicles otherwise would be required to be registered or licensed in this state, except that such provisions shall not apply to passenger cars.

(2) For the purpose of this section, a vehicle shall be deemed to be based in the state where it is most frequently dispatched, garaged, serviced, maintained, operated or otherwise controlled.

(3) For the purpose of this section, the owner of a vehicle shall declare the state in which it is based, but the final determination of the state in which a vehicle is based shall be made by the motor vehicle reciprocity commission of this state for the purpose of determining liability for registration and other fees and penalties due this state. To the extent possible, the motor vehicle reciprocity commission of this state shall be governed by the criteria specified in this section, and agreement with the administrator of any other interested state.

(4) Any agreement, arrangement, or declaration made under this section may grant exemptions, benefits, and privileges for vehicles in accordance with the terms thereof.

Subd. 9. Provisions to be in every agreement, arrangement and declaration.

(1) Every agreement, arrangement, and declaration, and amendment thereto and cancellation thereof, shall be in writing and shall be filed in the office of the commissioner of public safety. A copy of each agreement, arrangement or declaration, and of each amendment thereto and cancellation thereof, shall be filed by the motor vehicle reciprocity commission in the office of the commissioner of public safety within 10 days after execution or the effective date of the instrument, whichever is later. The commissioner of public safety shall provide copies for public distribution upon request and the payment of a reasonable charge.

(2) Every agreement, arrangement and declaration made under authority of this section shall contain a provision authorizing the motor vehicle reciprocity commission to cancel and revoke the agreement with respect to this state upon 30 days notice to the other party or parties thereto.

(3) All agreements, arrangements, and declarations made under authority of this section shall contain a provision specifying that no registration, permit privilege or exemption issued or accruing thereunder, shall excuse the operator or owner of any vehicle from compliance with the laws of this state, except those requiring registration.

Subd. 10. Fees for proportional registration. (1) "Total fleet miles" means the total number of miles operated in all states during the preceding year by the motor vehicles in a fleet during such year.

(2) "In-state miles" means the total number of miles operated in this state during the preceding year by the motor vehicles in a fleet during such year.

(3) The registration fees for proratable vehicles of a fleet based in another state shall be determined as follows:

(A) Divide in-state miles by total fleet miles.

(B) Determine the total amount which would be required under the laws of this state for full registration of each and every vehicle in the fleet, at the regular annual or applicable fees, for the unexpired portion of the registration year.

(C) Multiply the sum obtained under clause (3) (B) of this subdivision by the quotient obtained under clause (3) (A) of this subdivision.

(4) The registration fees for proratable vehicles of a fleet based in this state shall be determined as follows:

(A) Divide in-state miles plus all other fleet miles not subjected to charges in other states nor declared for other prorate agreement states by total fleet miles.

(B) Determine the total amount which would be required under the laws of this state for full registration of each and every vehicle in the fleet, at the regular annual or applicable fees for the unexpired portion of the registration year.

(C) Multiply the sum obtained under clause (4) (B) of this subdivision by the quotient under clause (4) (A) of this subdivision.

(5) The provisions of this section shall constitute complete authority for the registration of the proratable vehicles of a fleet upon a proportional registration basis without reference to or application of any other statutes of this state except as in this section expressly provided.

Subd. 11. Application for proportional registration. (1) Any owner of one or more fleets may file an application for proportional registration of the vehicles of one or more of such fleets with the commissioner of public safety, in lieu of registration of such vehicles under other sections of chapter 168. The application shall be in such form as the motor vehicle reciprocity commission shall prescribe and shall contain such information as the commission shall require.

(2) Applications for prorational registration shall be filed annually at such time or times as the motor vehicle reciprocity commission establishes by rule. Every application for proportional registration shall at the time and in the manner required by the motor vehicle reciprocity commission be supported by the payment of the registration fees in the amount determined in the manner provided in subdivision 10.

Subd. 12. Registration of proratable vehicles. (1) The commissioner of public safety shall register proratable vehicles of a fleet upon application and payment of registration fees as provided in subdivision 11. Payment of an additional fee for each vehicle so registered may be required by the motor vehicle reciprocity commission in an amount not to exceed \$5 per motor powered vehicle, for issuance of a plate, sticker, or other suitable identification for each vehicle. A registration card shall be issued for each vehicle registered, which shall appropriately identify the vehicle for which it is issued. Such registration card shall be carried in or upon the vehicle for which it has been issued, at all times, except that the registration cards for all vehicles in a combination of vehicles may be carried in or upon the vehicle supplying the motive power.

(2) Fleet vehicles registered as provided in (1) of this subdivision shall be deemed fully registered in this state for any type of movement or operation, except that when a state grant of authority is required for any movement or operation, no such vehicle shall be operated in this state unless the owner or operator thereof has been granted authority or rights therefor by the public service commission and unless said vehicle is being operated in conformity with such authority or rights. No registration under this section shall excuse the owner or operator of any vehicle from compliance with the laws of this state, except those requiring registration and licensing.

Subd. 13. No proportional registration in only one state. The right of proportional registration of fleet vehicles authorized by this section, or by any agreement, arrangement, or declaration made under the authority of this section, shall be subject to the condition that each vehicle proportionally registered shall be proportionally or otherwise properly registered in at least one other state during the period for which it is proportionally registered in this state.

Subd. 14. Registration of additional fleet vehicles. Vehicles acquired by the owner after the commencement of the registration year and added to a proportionally registered fleet shall be proportionally registered by applying the mileage percentage used in the original application for such fleet for such registration period to the regular registration fees due with respect to such vehicles for the remainder of the registration year.

Subd. 15. **Withdrawal of fleet, credits, and accounting.** If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered, the owner of such fleet shall so notify the commissioner of public safety. The commissioner of public safety may require the owner to surrender cab cards and such other identification devices with respect to such vehicle. If a vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold or otherwise completely removed from the service of the owner, the unused portion of the fees paid with respect to such vehicle shall be applied against liability of such owner for subsequent additions to such fleet during such registration year or for additional fees upon audit. The unused portion of fees of a vehicle permanently withdrawn from a fleet shall be a sum equal to the amount paid with respect to such vehicle when it was first proportionally registered in such registration year, reduced by 1/12 of the total annual proportional registration fee applicable to such vehicle for each calendar month of the registration year including the month the notice of withdrawal is received by the commissioner of public safety, except that no unused portion of fees of less than \$5 shall be considered or applied. No unused portion of fees shall be applied against fees other than those for the same registration year, and no unused portion shall be refunded.

Subd. 16. **New fleets.** The initial application for proportional registration of a fleet shall state the mileage data with respect to such fleet for the preceding year in this and other states. If no operations were conducted with such fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in this and other states. The commissioner of public safety shall determine the in-state and total fleet miles to be used in computing the proportional registration fee for the fleet. The commissioner of public safety may adjust the estimate in the application if he is not satisfied with its correctness.

Subd. 17. **Trip permits.** The commission may, subject to agreements or arrangements made or entered into pursuant to subdivision 7 issue trip permits for use of Minnesota highways by individual vehicles, on an occasional basis, for periods not to exceed 96 hours in compliance with rules and regulations promulgated pursuant to subdivision 23 and upon payment of a fee of \$10.

Subd. 18. **Refusal of proportional registration.** The motor vehicle reciprocity commission may refuse proportional registration of vehicles based in another state if it finds that such other state does not grant similar registration privileges to fleet vehicles based in this state and that such refusal is in the best interest of this state.

Subd. 19. **Preservation of records and audit.** Any owner whose application for proportional registration has been accepted shall preserve the records on which it is based for a period of four years following the date of its filing. Each acceptance shall be conditioned upon agreement of the owner to make such records available to the commissioner of public safety, at his request, for audit as to accuracy of computations and payments and assessments of deficiencies or allowances for credit. If any owner fails to make records available to the commissioner of public safety upon request or fails to maintain records from which his true liability may be determined, the commissioner may, 30 days after a written demand for availability of records or notification of insufficient records, impose an arbitrary assessment of liability based on the commissioner's estimate of the true liability of such owner as determined from information furnished by the owner, information gathered by the commissioner at his own instance, information available to the commissioner concerning operations by similar owners and such other pertinent information as may be available to the commissioner.

Subd. 20. **Joint or reciprocal audits.** The commissioner of public safety may make arrangements with agencies of other states administering motor vehicle registration laws for joint or reciprocal audits of any owner.

Subd. 21. **Assessments and claims upon audit.** Upon audit, the commissioner of public safety shall assess for any deficiencies found to be due. No assessment for deficiency or claim for credit may be made for any period for which records are no longer required. Any sums found to be due and owing upon audit shall bear annual interest of six percent from the date when they should have been paid until the date of actual payment. If in the judgment of the commissioner of

public safety the deficiencies are the result of bad faith or an attempt to evade payment under this section, a penalty of 25 percent shall be added to the deficiency.

Subd. 22. **Relation to other state laws.** The provisions of this section shall constitute complete authority for the registration of fleet vehicles upon a proportional registration basis without reference to or application of any other statutes of this state except as in this section expressly provided.

Subd. 23. **Proportional registration not exclusive.** Nothing contained in this section relating to proportional registration of fleet vehicles shall be construed as requiring any vehicle to be proportionally registered; if it is otherwise registered in this state for the operation in which it is engaged including, but not by way of limitation, regular registration, temporary registration, or trip permit or registration.

Subd. 24. **Administrative agreements and rules.** The motor vehicle reciprocity commission may enter into agreements or arrangements with other states on behalf of this state for proportional registration of proratable vehicles in the manner provided in this section for the purpose of facilitating the administration thereof. In addition it may make arrangements or agreements with other states for the exchange of information for audit and enforcement activities in connection with such proportional registration. The motor vehicle reciprocity commission may adopt such rules pursuant to chapter 15, as may be necessary to effectuate and administer the provisions of this section. The registration of fleet vehicles under this section shall be subject to the rights, terms and conditions granted or contained in any applicable agreement or arrangement made by the motor vehicle reciprocity commission under the authority of this section.

Subd. 25. **Appeal procedure.** Any fleet owner operating under license and fee procedures of this section, upon disagreement with the commissioner of public safety, in his administration of this section, may appeal in writing to the motor vehicle reciprocity commission stating clearly their rationale for disagreement with any procedure or decision.

168.27 MANUFACTURERS AND DEALERS. Subdivision 1. **License.** No person, copartnership or corporation shall engage in the business, either exclusively or in addition to any other occupation, of selling motor vehicles or mobile homes, new or used, or shall offer to sell, solicit or advertise the sale of motor vehicles or mobile homes, new or used, without first having acquired a license therefor as hereinafter provided. Application for such license and renewal thereof, shall be made to the registrar of motor vehicles, shall be in writing, and duly verified by oath. The applicant shall submit such information as the registrar may require, upon blanks provided by the registrar for such purpose. No application shall be granted nor a license issued to anyone, until and unless the applicant shall furnish proof satisfactory to the registrar of the following:

(1) That the applicant has an established place of business; an established place of business when used in this section, means a permanent enclosed building or structure either owned in fee or leased at which a permanent business of bartering, trading and selling of motor vehicles or mobile homes will be carried on as such in good faith and not for the purpose of evading this section, and at which place of business shall be kept and maintained the books, records, and files necessary to conduct the business at such place and shall not mean residence, tents, temporary stands, or other temporary quarters, nor permanent quarters occupied pursuant to any temporary arrangement;

(2) That if the applicant desires to sell, solicit or advertise the sale of both new and used motor vehicles or mobile homes, he must have a bona fide contract or franchise in effect with a manufacturer or distributor of the new motor vehicle or mobile home, or new motor vehicles or mobile homes, he proposes to deal in; he shall also have adequate space in the building or structure wherein his business is conducted for the display of motor vehicles, not including house trailers and mobile homes, and, unless he proposes to engage only in the sale of house trailers or mobile homes, shall also provide for the repair and servicing of motor vehicles and the storage of parts and accessories in the city or village where his business is located and conducted, such service may be provided through contract with bona fide operators actually engaged in such services. But nothing herein contained shall require an applicant for a dealer's license who proposes to deal in new and unused motor vehicle bodies to have a bona fide contract or franchise in effect with the manufacturer or distributor of any motor vehicle chassis upon which the new and unused motor vehicle body is mounted;

(3) That if the applicant desires only to sell, solicit or advertise the sale of used motor vehicles, he shall have adequate space for the display of motor vehicles either in the building or structure wherein his business is conducted or on a lot adjacent thereto. The registrar in his discretion may authorize the use of a building or lot for display purposes not adjacent to but in close proximity to the building wherein the business is conducted if such use is made in good faith and not for the purpose of evading the requirements of this section.

Subd. 2. Premises for display of motor vehicles. If a license is granted, the licensee may be permitted to use unimproved lots and premises for sale, storage, and display of motor vehicles. Such unimproved lots and premises must be located within the county of the established place of business of the applicant.

If the applicant desires to set up an established place of business in more than one county in this state, he shall secure separate license for each county. No license for such additional county shall be issued until the registrar shall have been furnished with proof that the applicant has an established place of business in such additional county and has otherwise complied with the requirements of this section for securing of license in the initial county.

If the licensee desires to remove from the established place of business occupied when the license is granted, to a new location, he shall first secure from the registrar permission to do so. He shall be required to furnish proof satisfactory to the registrar that the premises to which he proposes to remove conform to the requirements of subdivision 1.

Subd. 3. Licenses, when granted. The registrar shall grant or deny the application for such license within 60 days after the filing of the application. If the application is granted, the registrar shall license the applicant as a motor vehicle dealer for the remainder of the calendar year, and issue a certificate of license therefor as the registrar may provide upon which shall be placed a distinguishing number of identification of such dealer. Each application for such license, and application for the renewal thereof, shall be accompanied by the sum of \$44, which shall be paid into the state treasury and credited to the general fund. Such license, unless sooner revoked, as hereinafter provided, shall, upon the furnishing of proof as in the initial application herein provided for, satisfactory to the registrar, be renewed by the registrar annually upon application by the dealer and upon the making of all listings, registrations, notices, and reports required by the registrar, and upon the payment of all taxes, fees, and arrears due from such dealer.

Subd. 4. Licenses; revocation. Such license may be revoked by the registrar of motor vehicles upon proof satisfactory to him of either of the following:

- (1) Violations of any of the provisions of this chapter;
- (2) Violation of or refusal to comply with the requests and order of the registrar;
- (3) Failure to make or provide to the registrar all listings, notices, and reports required by him;
- (4) Failure to pay to the registrar all taxes, fees, and arrears due from and by such dealer;
- (5) Failure to duly apply for renewal of license provided for herein;
- (6) Revocation of previous license, of which the records of the registrar relating thereto shall be prima facie evidence of such previous revocation;
- (7) Failure of continued occupancy of an established place of business;
- (8) Sale of a new and unused current model motor vehicle other than the make of motor vehicle described in the franchise or contract filed with the original application or renewal thereof, without permission from the registrar;
- (9) Sale of a new and unused current model motor vehicle to anyone except for consumer use, or to a dealer duly licensed to sell the same make of motor vehicle; or
- (10) Material misstatement or misrepresentation in application for license or renewal thereof.

Subd. 5. M.S. 1961 [Repealed, 1965 c 681 s 4]

Subd. 5. Plates; distinguishing numbers. (a) The registrar shall issue to every motor vehicle dealer, upon a request from such motor vehicle dealer licensed as provided in subdivision 1, one or more pair of number plates displaying a general distinguishing number upon the payment of \$10 to the registrar. Motor vehicles, new or used, owned by such motor vehicle dealer and bearing such number plates, except vehicles leased to the user, held for hire, or customarily used by the dealer as a tow truck, service truck, or pickup truck, may be driven upon the streets and highways of this state by such motor vehicle dealer, or any employee of such motor vehicle dealer or by any member of the immediate family of such dealer or employee for either private or business purposes; or may be driven upon the streets and highways for demonstration purposes by any prospective buyer thereof for a period of 48 hours or in the case of a truck, truck-tractor, or semi-trailer, for a period of seven days.

(b) A new motor vehicle sold by such motor vehicle dealer and bearing the motor vehicle dealer's number plates may be driven upon the public streets and highways for a period of 72 hours by the buyer for either of the following purposes: (1) Removing the vehicle from this state for registration in another state, or (2) permitting the buyer to use the motor vehicle before he receives

number plates pursuant to his own registration. Use of a new motor vehicle by the buyer under the provisions of clause (2) of the preceding sentence before he receives number plates pursuant to his own registration constitutes a use of the public streets or highways for the purpose of the time requirements for registration of motor vehicles. Upon the delivery of such new motor vehicle to the buyer or upon the delivery of such vehicle or motor truck, truck-tractor, or semi-trailer, new or used, to the prospective buyer for demonstration purposes, the motor vehicle dealer shall deliver to the buyer or prospective buyer, as the case may be, a card or certificate giving the name and address of the motor vehicle dealer, the name and address of such buyer or prospective buyer, and the date and hour of such delivery. Such card or certificate shall be in such form as the registrar may provide to the motor vehicle dealer for such purpose, and shall be carried by such buyer or prospective buyer while driving the motor vehicle or truck, truck-tractor, or semi-trailer.

Subd. 6. Application. Every licensed dealer in motor vehicles may make application upon a blank provided by the registrar for that purpose for a general distinguishing number for use upon all new motor vehicles being transported from the dealer's source of supply, or other place of storage, to his place of business, or to another place of storage, or from one dealer to another. A general distinguishing number shall be assigned by the registrar to such dealer for such purpose, and the registrar shall then issue to the dealer such number of pairs of such plates as the dealer may request, upon the payment by the dealer to the registrar of the sum of \$2 per pair. Such plates shall be known as "in transit" plates. The registrar may issue such "in transit" plates, upon the payment of the sum of \$2 to the registrar, to dealers duly licensed in other states or provinces upon information furnished him in such manner as he may prescribe, and which satisfies him that persons or companies applying therefor are duly licensed dealers under the laws of such states or provinces.

Subd. 7. Revocation; hearing. The registrar of motor vehicles, upon his own motion or upon the complaint of another, shall prepare and cause to be served upon the licensee complained of, a written notice or complaint setting forth, in substance, the violations charged, and shall require the licensee to appear at the time and place fixed therein before the registrar or authorized deputy, and show cause why his license should not be revoked.

The registrar shall, at the time and place fixed in the notice, proceed to hear and determine the matter on its merits. If the registrar shall find the existence of any of the causes for revocation as set forth in subdivision 4 and determine that the licensee's license should be revoked, he shall make a written order to that effect, and a copy of such order shall be served upon such licensee in the manner provided by law for the service of summons in a civil action. Upon such revocation, if it be a motor vehicle dealer, he shall immediately return to the registrar all number plates, including any "in transit" plates, in his possession.

Subd. 8. Appeal to district court. Any party or person aggrieved by such order of revocation may appeal therefrom to any district court of the state within 15 days after the service of a copy of such order upon the dealer complained of by the service of a written notice of appeal upon the registrar. The person serving such notice of appeal shall, within five days after the service thereof, file the same, with proof of service thereof, with the clerk of the court to which such appeal is taken, and thereupon the district court shall have jurisdiction over the appeal and the same shall be entered upon the records of the district court and be tried therein according to the rules relating to the trial of civil actions in so far as the same are applicable. The complainant before the registrar, if there was one, otherwise the registrar shall be designated as the complainant, and the dealer complained of shall be designated as the defendant. No further pleadings than those filed before the registrar shall be necessary. The findings of fact of the registrar shall be prima facie evidence of the matters therein stated, and the order shall be prima facie reasonable, and the burden of proof upon all issues raised by the appeal shall be on the appellant. If the court shall determine that the order appealed from is lawful and reasonable, it shall be affirmed and the order enforced as provided by law. If it shall be determined that the order is unlawful or unreasonable it shall be vacated and set aside. Such appeal shall not stay or supersede the order appealed from unless the court, upon an examination of the order and the return made on the appeal, and after giving defendant notice and opportunity to be

MINNESOTA STATUTES 1971

heard, shall so direct. When no appeal is taken from such order, the parties affected thereby shall be deemed to have waived the rights to have the merits of such controversy reviewed by a court, and there shall thereafter be no trial of the merits or reexamination of the facts by any district court to which application may be made from a writ to enforce the same.

Subd. 9. Appeal to supreme court. Any party to an appeal or other proceeding in the district court under the provisions of this section may appeal from the final judgment, or from any final order therein, to the supreme court in the same cases and manner as in civil actions.

Subd. 10. Enforcement. The registrar is hereby authorized to enforce this section and he may also appoint under his hand a sufficient number of persons amongst his several employees, the additional employees not to exceed three in number, to act as inspectors and investigators and who when so appointed, shall have full authority to enforce this section. Before entering upon their official duties, the oath of appointment of each of the additional employees shall be filed in the office of the secretary of state. The registrar, his inspectors or investigators, when traveling or otherwise pursuing their duties outside the office of the registrar, shall be paid for their actual expenses incurred out of the same funds as other employees of the registrar of motor vehicles.

Subd. 11. Testimonial powers. 168.31 TAX, WHEN DUE AND PAYABLE. Subdivision 1. **Time payable.** The tax required under this chapter to be paid upon a motor vehicle for each calendar year becomes due when the vehicle first uses the public streets or highways in the state, and upon January 1 each year thereafter. Taxes due upon January 1 become payable upon November 15 preceding the calendar year for which they are assessed except those upon motor vehicles which shall first use the public streets and highways of this state between November 15 and the next following December 31. The tax that becomes due January 1 next following upon such motor vehicles becomes payable at the time the tax for the current year becomes payable. Taxes due upon January 1 become delinquent after January 10 unless paid. Taxes due when the vehicle first uses the public streets or highways in the state shall become delinquent upon the expiration of seven days after the same became due unless paid.

Subd. 2. **Failure to make timely payment.** Every owner or person charged with the duty to re-register a motor vehicle and pay any taxes hereunder who fails to re-register the same and pay such taxes as herein provided before January 11, shall, before he shall be entitled to complete his re-registration as herein provided, pay a penalty to the registrar according to the following schedule:

On January 11 the sum of \$1

On January 21 an additional sum of \$1

On February 1 an additional sum of 50 cents

provided that if any owner or person does not file his application for re-registration until after March 31 and establishes by verified statements satisfactory to the registrar that such vehicle has not been operated during the calendar year to the date of application, the registrar shall waive the penalty assessed hereunder for failure to re-register before January 11.

Every owner or person charged with the duty to register a motor vehicle first using the public streets or highways in the state and pay any taxes hereunder who fails to register the same and pay such taxes as herein provided before the tax becomes delinquent, shall, before he shall be entitled to complete his registration as herein provided, pay to the registrar a fee of 25 cents a day for each of the first two days that he delays, and if the delay continues so that there is a total delay in excess of 30 days, he shall pay to the registrar for the delay in excess of 30 days an additional fee of 50 cents per month or fraction thereof for not exceeding two months.

Subd. 3. **Penalties, limitations; filings.** The penalty for failure or delay in registering or re-registering and paying the registration tax shall not be more than one-half the annual tax and in no event more than a total of \$2.50.

A filing with, or delivery to the registrar of any application, notice, certificate or plates as required by this section shall be construed to be within the requirements of this section if made to the registrar or his deputy at an office maintained therefor, or if deposited in the mail or with a carrier by express with postage or carriage charge prepaid, and properly addressed to the registrar within seven days after the transfer of ownership or other occurrence upon which this section provides for such filing or delivery.

Subd. 4. **Installments.** If the tax for a vehicle assessed under section 168.013 amounts to more than \$300, the owner may pay such tax by installments. The owner shall tender with his application for registration one-third of the annual tax due or \$300, whichever is greater, plus any penalties or arrears. The remainder of the tax due shall be paid in two equal installments; the due date of the first installment shall be May 1 of the year for which the tax is assessed and the second installment shall be due on September 1 of the year for which the tax is assessed. The registrar shall issue no registration certificate until the full amount of the tax has been paid. In lieu of such registration certificate, the registrar shall

issue to the owner a receipt for installments paid, which receipt shall be displayed upon the windshield of the vehicle as evidence that under the provisions of this section the vehicle may be operated on the streets and highways of this state. If an owner of a vehicle fails to pay an installment within seven days after the due date thereof, the vehicle shall not use the public streets or highways in this state until the installment or installments of the tax remaining due on such vehicle shall have been paid in full for the licensed year together with penalties as hereinafter provided. If the balance of the tax due on the vehicle is not paid within seven days after the due date thereof, the owner, in addition to the balance of the tax, shall pay a penalty at the rate of fifty cents per day for the remainder of the month in which the balance of the tax becomes due and \$2 a month for each succeeding month or fraction thereof in which the balance of the tax remains unpaid. Upon the payment of the balance of the tax and the penalties, the registrar shall issue a registration certificate to the owner of the vehicle in the manner provided by law. The registrar shall deny installment payment privileges provided in this subdivision in the subsequent year to any owner on any or all vehicles of such owner who during the current year fails to pay any installment due within one month after the due date.

Subd. 5. Refunds. For the annual tax paid on any vehicle before the calendar year for which that tax was assessed, the owner of the vehicle who paid the tax shall be entitled to full refund if such vehicle is permanently destroyed or removed from the state before the calendar year for which the tax was paid or if it is not used at all during the calendar year for which the tax was paid, and the owner makes affidavit concerning the non-use as provided by section 168.012.

Subd. 6. Tax a personal obligation. All taxes imposed under the provisions of this chapter shall be deemed the personal obligation of the registered owner and the amount of such tax, including added penalties for the non-payment thereof, shall be a first lien upon the vehicle taxed, paramount and superior to all other liens thereon whether previously or subsequently accruing thereon; and, in addition to any other remedy herein prescribed, the state shall have a right of action against the owner for the recovery of the amount of any delinquent tax thereon, including the penalties accruing because of the non-payment thereof, or for the enforcement of the tax lien thereon hereby declared, or both, in any court of competent jurisdiction. The county attorney of the county in which such motor vehicle is owned shall perform such service in the matter of the commencement and prosecution of such suit or in the prosecution of any other remedy for the enforcement of such tax as the attorney general may require.

The registrar shall have authority to determine the weight of any vehicle on which the record of the manufacturer's shipping weight is not available in his office.

Every manufacturer of a motor vehicle sold or offered for sale within this state shall each year file with the registrar a sworn statement showing the various models manufactured, the manufacturer's shipping weights including the weight of automatic transmissions where such equipment is offered as optional equipment and not included in the shipping weight, the beginning serial or identification number of each model or series if manufactured on a yearly model basis, or if not manufactured on a yearly model basis, the formula or method used to determine the year of model, and such other information as the registrar deems necessary. Upon the introduction of any new models during the year, the manufacturer shall in like manner file a new statement setting forth the required information for each new model.

The information furnished in the manufacturer's statement may be considered by the registrar as prima facie evidence of the facts contained therein.

He shall keep such records and make such reports to the registrar as that officer, from time to time, may require. 168.37 PLATES; SIZE, FORM. Subdivision 1. On the body of the number plate there shall be the year of registration, the word "Minnesota" which may be abbreviated as "Minn." where space limitations preclude the use of the complete state name and the distinctive registration number assigned to the vehicle. The registrar shall determine the dimensions and other physical qualities of the number plates, or year tabs, or stickers used during years when number plates are not issued.

Subd. 2. There shall appear on the number plates issued for the year 1950 and each subsequent year thereafter the following: "10,000 Lakes." Such change in the size and form of the plates and such rearrangement of the words and figures thereon as may be necessary to best carry out the provisions of this subdivision are hereby authorized.

168.381 MANUFACTURE OF MOTOR VEHICLE LICENSE NUMBER PLATES. All number plates required by law shall be manufactured by the state reformatory for men upon order from the registrar of motor vehicles, such order to state the quality of material desired in such plates, the specifications thereof, and the amount or number desired.

Materials purchased to be used in the manufacture of such motor vehicle number plates shall be tested as to conformance with specifications established by the department of public safety and the commissioner of administration in a privately operated laboratory service to be designated by the commissioner. The cost of such laboratory shall be included in the cost of materials purchased. The expenses of the state reformatory in manufacturing number plates shall include the cost of delivery of such number plates to the commissioner of public safety at places which he may designate.

Moneys appropriated to the department of public safety for any fiscal year or years shall be available for allotment, encumbrance, and expenditure from and after the date of the enactment of such appropriation. Materials and equipment used in the manufacture of such number plates are subject to the approval of the commissioner of administration.

Whenever the state reformatory for men certifies to the commissioner of administration that expenses have been incurred for materials, labor, and equipment which may have been purchased for the manufacture of number plates the commissioner of administration may, even though a number plate order has not been completed, approve the certification and direct the state auditor and state treasurer to pay such expenses, or to reimburse the state reformatory for men therefor from moneys appropriated by law to the department of public safety for license plates. If the commissioner of administration incurs expenses for materials or for any additional equipment which may have been purchased for the manufacture of number plates he may, in a like manner, direct the auditor and treasurer to pay such expenses.

This section contemplates that moneys to be appropriated to the department of public safety in order to carry out the terms and provisions of this section will be appropriated by the legislature from the highway user tax distribution fund.

Such a written agreement shall carry the name of the student trainee and shall be signed by the employer and the school coordinator or principal. Copies of the agreement shall be kept on file by both the school and the employer.

The principal of the school shall issue each such student trainee a card or certificate, the form to be prescribed by the department of education after he has determined by a test comparable to the regular chauffeur's license test that the student trainee has qualified, which shall contain the name and address of the student trainee, the name and address of the employer, the beginning and termination dates of the school term, and such other information which may be reasonably required to enforce this provision. The card shall expire each year at the end of the school term.

168.40 CHAUFFEUR LICENSE DIVISION. Subdivision 1. **Establishment, powers, duties.** The commissioner of public safety shall establish a chauffeur's license division in the motor vehicle division of his office for the purpose of ascertaining and determining the qualifications of applicants for chauffeur's licenses, and shall conduct examinations of applicants for such licenses at such times and places as he shall designate, and shall issue licenses only to such applicants as shall have attained the age of 18 years and shall be found to have a practical knowledge of the construction, mechanism and operation of motor vehicles and a sufficient knowledge of the traffic laws of this state, and other needful qualifications, to enable him to drive with safety, and he may appoint such examiners and other employees as may be necessary in the conduct of the license division so established. Any deputy registrar of motor vehicles may be appointed by the commissioner of public safety to conduct chauffeurs' examinations.

Subd. 2. **School bus drivers, licenses, examinations.** No person shall drive a school bus when transporting school children to or from school or upon a school related trip or activity without having a valid school bus driver's license as herein provided, except that a person possessing a valid driver's license but not a school bus driver's license may drive a passenger automobile or station wagon used as a school bus for occasional trips but not for regular trips to and from school. Every applicant who seeks a license to operate a school bus is required to take, in addition to the examination given other chauffeurs' license applicants, a physical examination. Any person whose physical examination discloses communicable diseases or mental or physical conditions of intermittent or continuing nature that might reasonably affect his ability to operate a school bus shall be denied a school bus driver's license. No school bus driver's license shall be issued to any person less than 18 years of age. In addition the tests for a school bus driver's license shall include knowledge of the operation of the particular equipment the applicant will handle and knowledge of the special laws and equipment and devices peculiar to school buses as well as the general knowledge of motor vehicle operation, equipment, laws and rules. The state board of education and the commissioner of public safety shall jointly prescribe rules governing the taking of these examinations and may prescribe other rules for the purpose of determining the qualifications of such applicant.

In the preparation of examinations to be given school bus drivers, the registrar shall include any questions or other tests that the board of education may order, except that the application or examination required for renewal of a school bus driver's license shall contain only such questions as may be necessary for the commissioner of public safety to determine if the licensee is entitled to renew the license

previously issued. The commissioner of public safety shall issue a school bus driver's license or renewal thereof to such applicant who has qualified for such license under the provisions of this subdivision.

School bus driver's licenses shall expire on June 30, 1956, and shall thereafter be issued for the fiscal year ending on June 30 of each year; provided a physical examination may be required oftener upon demand of any school district from or to which such school bus driver shall be carrying passengers. Such extra examination shall be paid for by the district demanding it. Any licensed school bus driver may also operate a motor vehicle as a chauffeur.

For failure to pass such physical examination or for any of the grounds set forth in section 168.44, the school bus driver's license may be revoked, and in the manner set forth in section 168.44.

No license shall be valid until it has been so signed by the licensee. A distinctive separate type license shall be provided for school bus drivers, and no licensed chauffeur or school bus driver shall voluntarily permit another person to possess and use the license so provided, nor shall any person, while driving or operating a motor vehicle, use any license belonging to another.

Subd. 2. Every licensee shall have said license in his immediate possession at all times when operating as a chauffeur or school bus driver and shall display the same, upon demand of a justice of the peace, a peace officer, an authorized representative of the department, or by an officer authorized by law to enforce the laws relating to the operation of motor vehicles on public streets and highways, and the licensee shall, upon request of any such officer, write his name in the presence of such officer in order that the identity of the licensee may be determined.

Subd. 3. It shall be unlawful for any person:

(1) To display, or cause or permit to be displayed, or have in his possession, any canceled, revoked, suspended, fictitious, or fraudulently altered chauffeur's license; or

(2) To lend his chauffeur's license to any other person or knowingly permit the use thereof by another; or

(3) To display or represent as one's own any chauffeur's license not issued to him; or

(4) To fail or refuse to surrender to the department, upon its lawful demand, any chauffeur's license which has been suspended, revoked, or canceled; or

Subd. 2. An honorable discharge or an order from proper authority granting a furlough or leave of absence shall be prima facie evidence of the right to privileges extended by this section.

The fee for renewal of a chauffeur's license shall be \$2.50. The fee for renewal of a school bus driver's license shall be \$2.50. All fees collected pursuant to sections 168.39 to 168.44, except those which a non-salaried deputy registrar is allowed to retain, shall be deposited in the general fund. No fees, except overpayments and fees for renewals which are not allowed, that have been paid into the general fund shall be refunded, but the commissioner of public safety in his discretion, upon proper application within three months thereafter, may grant one re-examination without additional fee to a person who has been refused a license on a previous application. 168.44 LICENSES, REVOCATION; LIMITED LICENSES. For sufficient cause upon complaint and after hearing, or upon report of conviction by any court in this state of violation of any provision of the highway traffic regulation act, or a municipal traffic ordinance, or upon report of conviction of any offense in any other state or in any Province of the Dominion of Canada, which, if committed in this state, would be cause for revocation, the commissioner of public safety may revoke the license of any chauffeur who, in the judgment of the commissioner of public safety, should not be permitted to continue as a licensed chauffeur. No record shall be maintained of a conviction of a chauffeur in any other state or province unless such state or province is one with which Minnesota engages in reciprocal reporting of convictions. If a licensed chauffeur is convicted in this state of a major offense, revocation by the commissioner of public safety of his chauffeur's license shall be mandatory. For the purposes of this section, the term "major offense" shall be used to refer to any of the following offenses:

- (a) Manslaughter resulting from the operation of a motor vehicle;
- (b) Driving a motor vehicle, the operation of which requires a chauffeur's license, while under the influence of intoxicating liquor or narcotic drug;
- (c) Any crime punishable as a felony under the motor vehicle laws of this state or any other felony in the commission of which a motor vehicle is used;
- (d) Forfeiture of bail upon three charges of reckless driving all within the preceding 12 months;
- (e) Failure of a driver of a motor vehicle involved in an accident to stop and

disclose his identity at the scene of an accident resulting in the death or injury of a person.

Whenever a person is brought before any court charged with a "major offense," whether the charge be under state law or municipal ordinance, the court shall, before accepting a plea of guilty or entertaining a judgment of conviction pursuant thereto, inform the defendant that upon conviction not only will he be liable to a penalty, but the chauffeur's license that he may have must be revoked. Whenever in any court a licensed chauffeur is convicted of any violation of the highway traffic regulation act, or a municipal traffic ordinance, other than a parking violation or defective vehicle equipment, size or weight violation, the court shall promptly report such conviction to the commissioner of public safety together with any recommendations that the court may wish to make with reference to the chauffeur's license. Whenever the offense of which the licensed chauffeur is convicted is a "major offense" the court shall, as a part of the penalty, order the convicted chauffeur to return his chauffeur's license promptly to the commissioner of public safety. Failure on the part of a chauffeur to return the license promptly to the commissioner of public safety as ordered by the court shall constitute "contempt of court." The revocation of a chauffeur's license upon his conviction of a "major offense" shall be for a period of one, three, six, nine, or twelve months, the length of the period to be in each particular case as recommended by the court on the basis of the seriousness of the offense and the interest of public safety and welfare.

When at least one month of a period for which a chauffeur's license has been revoked has elapsed, and if the chauffeur's livelihood depends upon his employment as a licensed chauffeur, the commissioner of public safety may, upon recommendation by the court in which the chauffeur was convicted, issue a limited license to such chauffeur on condition that proof of financial responsibility covering the vehicle or vehicles to be operated shall be filed in accordance with the provisions of the financial responsibility act. The commissioner of public safety in issuing such limited license may impose such condition and limitation as in his judgment are necessary in the interest of public safety and welfare, including re-examination as to the chauffeur's qualifications. Such license may be limited to the operation of particular vehicles, to particular classes of operation, and to particular conditions of traffic.

The limited license issued by the commissioner of public safety shall clearly indicate the limitations imposed and the chauffeur operating under such limited license shall have such license in his immediate possession at all times when operating as a chauffeur. Such a limited chauffeur's license may also be issued by the commissioner of public safety when in his judgment the privileges of a chauffeur should be limited in that manner because of convictions of other than major offenses against the traffic laws or ordinances or other conditions pertaining to the chauffeur's qualifications.

NOTE: Sections 168.39 to 168.45 are repealed effective January 1, 1973. See Laws 1971, Chapter 644, Section 18.

168.46 ARREST; BOND TO APPEAR. In case any person shall be taken into custody because of any violation of any of the provisions of this chapter, he shall forthwith be taken before any magistrate or justice of the peace in any city, village, or county, and be entitled to an immediate hearing; and, if such hearing cannot be had, be released on giving his personal undertaking to appear and answer for such violation at such time or place as shall then be indicated, secured by a deposit of a sum of money not exceeding \$25, or in lieu thereof, in case the person taken into custody is the owner, by leaving the motor vehicle, and in case the person taken into custody is not the owner, by leaving the motor vehicle, with a written consent given at the time by the owner, who must be present with such judicial officer.

MOTOR VEHICLES; REGISTRATION; TAXATION 168.62

168.54 MOTOR VEHICLES, TRANSFER OF OWNERSHIP.

Subdivision 1. [Repealed, 1971 c 25 s 37]

Subd. 2. There is hereby created in the state treasury the transfer of ownership revolving fund to be used to employ personnel and pay other operating expenses of this division.

Subd. 3. There is hereby appropriated \$20,000 out of the general fund of the state treasury to said transfer of ownership revolving fund to be used as herein provided. Notwithstanding any other provisions of this section or of any other law, the appropriations made in this subdivision shall be available for allotment, encumbrance and expenditure upon the passage of this section.

Subd. 4. There is hereby imposed a fee of \$2 upon every transfer of ownership by the commissioner of public safety of any motor vehicle for which a registration certificate has heretofore been issued under this chapter, except vehicles sold for the purposes of salvage or dismantling or permanent removal from the state.

To facilitate the collection of the fee imposed by this section, the registrar shall provide a "Transfer Filing Fee" stamp to any person upon payment of the required fee of \$2. Such stamp shall be affixed to each application for transfer of ownership before such application shall be accepted for recording. The stamps, in a design to be determined by the registrar, shall bear the words "Transfer Filing Fee, \$2" and shall be numbered serially. Stamps may be sold in advance in such quantities as the registrar may deem proper provided that payment in full of \$2 for each stamp sold is received at the time of the sale. Refund may be made upon return of any unused stamps or any used stamps where such use was not required by law. When a stamp has been returned for refund, such stamp shall be canceled and preserved. The registrar shall maintain records, inventories and controls necessary to account for and safeguard the sale, refund and use of all stamps.

Subd. 5. The proceeds of the fee imposed under the provisions of this section shall be collected by the commissioner of public safety and paid into said revolving fund.

Subd. 6. The unobligated balances in excess of \$4,000 in said revolving fund as of June 30 of each fiscal year shall be cancelled into the general fund.

168.61 INTERCITY BUSES. Subdivision 1. The term "intercity bus" as used in sections 168.61 to 168.65 means a motor bus as defined in section 168.011, subdivision 9, which is owned or operated by either a resident or nonresident of Minnesota in interstate commerce under authority of the Interstate Commerce Commission or in combined interstate and intrastate commerce under authority of the Interstate Commerce Commission and the department of public service of Minnesota, as a result of which operation such bus operates both within and without the territorial limits of the state of Minnesota.

Subd. 2. For the calendar year 1958 and during each year thereafter intercity buses shall be subject to registration and taxation as motor vehicles on an apportionment basis.

[1957 c 80 s 1; 1971 c 25 s 67]

168.62 REGISTRATION. Subdivision 1. An owner or operator of more than one intercity bus shall register a percentage of his intercity buses in Minnesota. The percentage of the intercity buses so registered shall be determined by dividing the total number of miles traveled by such intercity buses within the state of Minnesota by the total number of miles traveled by such intercity buses both within and without the state of Minnesota. Such percentage figure so arrived at is the percentage of intercity motor buses which the owner or operator thereof shall register in Minnesota. A fractional intercity bus shall be registered as one intercity bus. The number of intercity buses so registered in the state of Minnesota are deemed to be domiciled in Minnesota and subject to motor vehicle taxation in this state:

Subd. 2. When the number of intercity buses to be registered in Minnesota is determined as herein provided, the owner or operator thereof shall select the particular intercity buses to be so registered. The motor vehicle tax to be paid thereon for each calendar year shall be determined by the registrar of motor vehicles. He

MINNESOTA STATUTES 1971

shall compute the amount of motor vehicle tax on each intercity bus of the owner or operator thereof as though all of such intercity buses were required to be registered in Minnesota. The amount so arrived at shall then be divided by the total number of intercity buses of such owner or operator to obtain the average motor vehicle tax due on an intercity bus registered in Minnesota. Such average tax shall be paid on each intercity bus registered in Minnesota in the same manner and at the same time as other motor vehicles using the streets and highways of Minnesota are taxed and the taxes paid thereon. The registrar of motor vehicles shall issue number plates for the intercity buses registered in Minnesota.

Subd. 3. At the same time that an owner or operator of intercity buses registers them in Minnesota and obtains number plates therefor, he shall apply for special identification plates or certificates for the remainder of his fleet of intercity buses. The registrar of motor vehicles shall design an appropriate plate or identification certificate for this purpose which shall be issued upon the payment of a fee of \$10.00 covering each intercity bus so identified. The proceeds of such fees shall be deposited to the credit of the highway user tax distribution fund. No intercity bus shall at any time be operated in the state of Minnesota without either Minnesota number plates or special identification plates or certificates issued as herein provided.

[1957 c 80 s 2; 1959 c 365 s 1]

168.63 REGISTRAR OF MOTOR VEHICLES, DUTIES. Subdivision 1. It shall be the duty of the registrar of motor vehicles to administer and to enforce the terms and conditions of sections 168.61 to 168.65.

Subd. 2. The registrar of motor vehicles shall determine the percentage of intercity buses to be registered in Minnesota by an owner or operator thereof. He shall determine the total number of miles traveled by each intercity bus within the state of Minnesota and the total number of miles such intercity bus traveled both within and without the state of Minnesota. In making such determinations he may use mileage records of operation of each owner or operator of intercity buses for such period of time as he deems appropriate and during which operation existed. If there are no operations in Minnesota for any period of time so as to determine the mileage records of operation he shall use such estimates as will fairly determine the percentage of intercity buses which any owner or operator thereof shall register in Minnesota.

Subd. 3. Whenever an owner or operator of intercity buses increases his fleet of intercity buses after the beginning of a calendar year in which a percentage of the fleet has been registered in Minnesota, he shall notify the registrar of motor vehicles thereof.

Subd. 4. Whenever the owner or operator of intercity buses substitutes an intercity bus in his fleet as a result of new purchase or otherwise, he shall likewise notify the registrar of motor vehicles thereof.

Subd. 5. At the close of each calendar year and not later than February 15th of the next succeeding year, beginning with 1959, the registrar of motor vehicles shall re-compute and re-determine the number of intercity buses required to have been registered in Minnesota for the prior year and the actual amount of tax liability for such previous year shall likewise be re-determined. Any additional tax which may be due by any owner or operator of intercity buses shall be paid forthwith. If it is determined as a result of such recomputation that there has been an overpayment of tax, the amount of such overpayment shall be credited to the amount of tax which may be due by the owner or operator of intercity buses in any subsequent year. In the event any owner or operator of intercity buses discontinues operations in Minnesota and has a tax credit due him as a result of overpayment of motor vehicle taxes for any year, the amount of such overpayment shall be refunded. Such sums as are necessary to make the refunds herein are hereby appropriated annually from the highway user tax distribution fund.

tion and to make and file such reports as he deems necessary in order to administer sections 168.61 to 168.65.

(c) Require re-computation of the percentage of intercity buses of any owner or operator at any time he has reason to believe that an insufficient number of such intercity buses of such owner or operator are registered in Minnesota. If as a result of any such re-computation, the registrar of motor vehicles determines that additional intercity buses should be registered in Minnesota, he shall require the owner or operator thereof to so register such additional buses and pay the taxes thereon in accordance with the standards required by this section. All intercity buses registered under the terms of this provision shall be registered for a full calendar year. All taxes computed on the percentage of intercity buses to be registered in the state of Minnesota shall likewise be computed on the basis of a full calendar year. If additional taxes are required to be paid by an owner or operator of intercity buses under this provision, such owner or operator shall also pay interest at the rate of six percent per annum on the amount so paid with interest computed from January 1st of the calendar year in which the taxes are due to the date of payment.

[1957 c 80 s 4]

168.65 VIOLATIONS. Subdivision 1. It shall be unlawful for any owner or operator of intercity buses to wilfully violate any provision of sections 168.61 to 168.65 or to wilfully furnish false information or reports to the registrar of motor vehicles which such registrar may require.

Subd. 2. If after a public hearing, upon due notice, the registrar of motor vehicles determines that any owner or operator of intercity buses has violated any term or provisions of sections 168.61 to 168.65 or wilfully furnished false information or reports, such registrar shall cancel all number plates and all special identification plates or certificates issued to such owner or operator of intercity buses and such intercity buses during such calendar year shall not operate upon the streets and highways of the state unless the owner's or operator's entire fleet of intercity buses is then registered in the state of Minnesota and the motor vehicle taxes paid thereon for the full calendar year in which the offense occurs. Any such determination by the registrar of motor vehicles shall be subject to judicial review by certiorari as provided by law.

(b) The application for such license shall be in writing, under oath and in the form prescribed by the administrator. The application shall contain the name of the applicant; date of incorporation, if incorporated; the address where the business is or is to be conducted and similar information as to any branch office of the applicant; the name and resident address of the owner or partners, or, if a corporation or association, of the directors, trustees and principal officers, and such other pertinent information as the administrator may require.

(c) The licensee fee for the fiscal year beginning July 1 and ending June 30 of the following year, or any part thereof shall be the sum of \$100 for the principal place of business of the licensee, and the sum of \$50 for each branch of the licensee, maintained in this state. Any licensee who proves to the satisfaction of the administrator, by affidavit or other proof satisfactory to said administrator, that during the twelve calendar months of the preceding fiscal year, for which his license has been paid that he has not held retail installment contracts exceeding \$15,000 in amount, shall be entitled to a refund of his license fee. The administrator shall certify to the state auditor that the licensee is entitled to such refund, and payment thereof shall be made by the state treasurer. 168.68 SUSPENSION OR REVOCATION OF LICENSE. (a) A license may be suspended or revoked by the administrator on the following grounds:

- (1) Material misstatement in application for license;

MINNESOTA STATUTES 1971

MOTOR VEHICLES; REGISTRATION; TAXATION 168.70

(2) Intentional failure to comply with any provision of sections 168.66 to 168.77 relating to retail installment contract;

(3) Defrauding any retail buyer to the buyer's damage;

(4) Fraudulent misrepresentation, circumvention or concealment by the licensee through whatever subterfuge or device of any of the material particulars or the nature thereof required to be stated or furnished to the retail buyer under sections 168.66 to 168.77.

(b) If a licensee is a firm, association or corporation, it shall be sufficient cause for the suspension or revocation of a license that any officer, director or trustee of a licensed firm, association or corporation, or any member of a licensed partnership, has so acted or failed to act as would be cause for suspending or revoking a license to such part as an individual. Each licensee shall be responsible for the acts of any or all of his employees while acting as his agent, if such licensee after actual knowledge of his act retained the benefits, proceeds, profits or advantages accruing from said acts or otherwise ratified such acts.

(c) No license shall be suspended or revoked except after hearing thereon. The administrator shall give the licensee at least ten days' written notice, in the form of an order to show cause, of the time and place of such hearing by registered mail addressed to the principal place of business in this state of such licensee. The said notice shall contain the grounds of complaint against the licensee. Any order suspending or revoking such license shall recite the grounds upon which the same is based. The order shall be entered upon the records of the administrator and shall not be effective until after 30 days' written notice thereof given after such entry forwarded by registered mail to the licensee at such principal place of business. No revocation, suspension or surrender of any license shall impair or affect the obligation of any lawful retail installment contract acquired previously thereto by the licensee.

(d) Within 30 days after such service of notice of any order of suspension or revocation of a license, the licensee aggrieved may appeal from such order to the district court for the county in which the principal place of business of such licensee in this state is located, by service of a written notice of appeal upon the administrator, and filing the same with proof of such service with the clerk of the court to which the appeal is taken, within five days. The district court shall thereupon have jurisdiction over the appeal; and the same shall be entered upon the records of the court and tried according to the rules relating to the trial of civil actions in so far as the same are applicable. Upon service of such a notice of appeal upon him, the administrator shall forthwith file with the clerk of the district court to which the appeal is taken a certified copy of the order appealed from and of the order to show cause upon which the same was based; and unless otherwise ordered by the court the documents so filed shall frame the issues to be determined upon the appeal. The court shall determine, de novo, all questions, both of fact and of law, touching upon the legality and reasonableness of the determination of the administrator, and shall render such judgment as shall be lawful and just. Pending final judgment on such appeal, the order appealed from shall be stayed. Upon motion of the licensee or the administrator the appeal shall be tried ahead of all other actions pending before the court except criminal cases. Appeals to the supreme court may be taken as in other civil proceedings.

[1957 c 266 s 3]

168.69 COMPLAINTS ALLEGING VIOLATION. Any retail buyer having reason to believe that sections 168.66 to 168.77 relating to his retail installment contract has been violated may file with the administrator a written complaint setting forth the details of such alleged violation and the administrator, upon receipt of such complaint, may inspect the pertinent books, records, letters and contracts of the licensee and of the retail seller involved, relating to such specific written complaint.

[1957 c 266 s 4]

The administrator shall have power to issue subpoenas to compel the attendance of witnesses and the production of documents, papers, books, records and other evidence before him in any matter over which he has jurisdiction, control or supervision pertaining to sections 168.66 to 168.77. The administrator shall have the power to administer oaths and affirmations to any person whose testimony is required.

If any person shall refuse to obey any such subpoena, or to give testimony,

or to produce evidence as required thereby, any judge of any district court may, upon application and proof of such refusal, make an order for the issuance of a subpoena, or subpoena duces tecum, for the witness to appear before the administrator and to give testimony, and to produce evidence as required thereby. Upon filing such order in the office of the clerk of such court the clerk shall issue a subpoena, as directed, under the seal of said court, requiring the person to whom it is directed to appear at the time and place therein designated.

If any person served with any such subpoena shall refuse to obey the same, or to give testimony or to produce evidence as required thereby, the administrator may report such refusal to the court, and the court shall thereupon enforce obedience to the subpoena in the manner provided by law for enforcing obedience to subpoenas of the court.

[1957 c 266 s 5]

168.705 EXAMINATIONS. For the purpose of discovering violations of sections 168.66 to 168.77 or securing information lawfully required by him hereunder, the administrator may, at any time, either personally or by a person or persons duly designated by him, investigate the conditional sales contracts and business related to the conditional sales contracts and examine the books, accounts, records, and files used therein, of every licensee and of every person who shall be engaged in the business of a sales finance company, whether the person shall act as principal or agent, or under or without the authority of sections 168.66 to 168.77. For that purpose, the administrator and his duly designated representative shall have free access to the offices and places of business, books, accounts, papers, records, files, safes, and vaults of all such persons. The administrator and all persons duly designated by him shall have authority to require the attendance of and to examine, under oath, all persons whomsoever whose testimony he may require relative to the conditional sales contract or the business or to the subject matter of any examination, investigation, or hearing.

The administrator shall make such an examination of the affairs, business, office, and records of each licensee at least once each year. Each licensee shall pay to the administrator such amount as may be required under section 46.131, and the administrator may maintain an action for the recovery of such costs in any court of competent jurisdiction.

[1971 c 398 s 1]

168.706 BOOKS OF ACCOUNT; ANNUAL REPORT. The licensee shall keep and use in his business such books, accounts, and records as will enable the administrator to determine whether the licensee is complying with the provisions of sections 168.66 to 168.77 and with the rules and regulations lawfully made by the administrator hereunder. Every licensee shall preserve such books, accounts, and records, including cards used in the card system, if any, for at least two years after making the final entry on any conditional sale contract recorded therein.

Each licensee shall annually on or before March 15 file a report to the administrator giving such relevant information as the administrator reasonably may require concerning the business and operations during the preceding calendar year of each licensed place of business, conducted by such licensee within the state. Such report shall be made under oath and shall be in the form prescribed by the administrator, who shall make and publish annually an analysis and recapitulation of such reports.

(2) No provisions for confession of judgment or power of attorney therefor contained in any retail installment contract or contained in a separate agreement relating thereto, shall be valid or enforceable.

(3) The holder of a retail installment contract may, if the contract so provides, collect a delinquency and collection charge on each installment in arrears for a period not less than ten days in an amount not in excess of five percent of each installment or \$5, whichever is the less. In addition to such delinquency and collection charge, the retail installment contract may provide for the payment of attorneys' fees not exceeding 15 percent of the amount due and payable under such contract where such contract is referred to an attorney not a

Provided, however, that said items one to seven inclusive need not be stated in the sequence or order set forth above and that additional items may be included which serve to explain the calculations involved in determining the stated time balance to be paid by the retail buyer.

(c) Every retail seller or sales finance company, if a charge for insurance on the motor vehicle is included in a retail installment contract shall within 30 days after execution of the retail installment contract send or cause to be sent to the retail buyer a policy or policies or certificate of insurance, which insurance shall be written by a company authorized to do business in this state, clearly setting forth the amount of the premium, the kind or kinds of insurance and the scope of the coverage and all the terms, exceptions, limitations, restrictions and conditions of the contract or contracts of the insurance. The buyer of a motor vehicle under a retail installment contract shall have the privilege of purchasing such insurance from an agent or broker of his own selection and selecting an insurance company mutually acceptable to the seller and the buyer; provided, however, that the inclusion of the cost of the insurance premium in the retail installment contract when the buyer selects the agent, broker or company, shall be optional with the seller.

(d) Any sales finance company hereunder may purchase or acquire from any retail seller any retail installment contract on such terms and conditions as may be mutually agreed upon between them.

(c) When a retail installment contract provides for unequal or irregular installment payments, the time price differential shall be at the effective rate provided in subsection (a) hereof, having due regard for the irregular schedule of payment.

(d) The time price differential shall be inclusive of all charges incident to investigating and making the contract, and for the extension of the credit provided for in the contract and no fee, commission, expense or other charge whatsoever shall be taken, received, reserved or contracted for except as provided in sections 168.66 to 168.77.

The amount of such refund shall represent at least as great a proportion of the time price differential after first deducting from such time price differential an acquisition cost of \$15, as the sum of the periodic time balances after the month in which prepayment is made, bears to the sum of all the periodic time balances under the schedule of payments in the original contract.
