190.025 FRESH PURSUIT. Subdivision 1. **Entry into other states.** In case the United States is at war or in case of any other emergency declared by the president or the congress of the United States or by the governor or the legislature of this state, any organization, unit, or detachment of the military forces of this state, by direction of the governor and upon order of the officer in immediate command thereof, may continue in fresh pursuit of insurrectionists, saboteurs, enemies, or enemy forces beyond the borders of this state into another state until they are apprehended or captured by such organization, unit, or detachment, or until the military or police forces of such other state or the forces of the United States have had a reasonable opportunity to take up the pursuit or to apprehend or capture the persons pursued, provided such other state shall have given authority by law for such pursuit by such forces of this state. Except as otherwise provided by law, any person who shall be apprehended or captured in another state by any of the forces of this state shall without unnecessary delay be surrendered to the military or police forces of the state in which he is taken or to the United States, but such surrender shall not constitute a waiver by this state of its right to extradite or prosecute such person for any crime committed in this state.

Subd. 2. **Military forces of other states may enter state.** Any military forces of another state who are in fresh pursuit of insurrectionists, saboteurs, enemies, or enemy forces may continue such pursuit into this state until the military or police forces of this state or the forces of the United States have had a reasonable opportunity to take up the pursuit or to apprehend or capture the persons pursued, and the pursuing forces may arrest or capture such persons within this state while in fresh pursuit. Any such person who shall be captured or arrested by the military forces of such other state while in this state shall without unnecessary

delay be surrendered to the military or police forces of this state to be dealt with according to law.

Subd. 3. **Construction of section.** This section shall not be construed so as to make unlawful any arrest in this state which would otherwise be lawful, nor to repeal or prevent the application of any of the provisions of the uniform act on the fresh pursuit of criminals.

[1943 c. 108 s. 8]

190.03 LAWS TO CONFORM TO UNITED STATES REGULATIONS. The intent of the Military Code and all acts of the state affecting the military forces is to conform to all acts and regulations of the United States affecting the same subjects, except as otherwise expressly provided by chapter 192A with respect to military justice, and all acts of the state shall be construed to effect this purpose, and anything to the contrary shall be held to be null and void as long as the subject matter shall have been acted on by the United States; and upon any subject not acted upon with reference to these matters by United States authority, any act of the state shall be in full force and effect.

Such certificates shall be signed by the state treasurer and attested by the state auditor under their official seals, and the auditor and treasurer shall keep record thereof. Such certificates shall be a charge upon and lien against the taxes herein authorized. The principal and interest of such certificates shall be payable only from the proceeds of such taxes, and so much thereof as may be necessary is hereby appropriated for such payments; provided that such interest as may become due at any time when there is not on hand a sufficient amount from the proceeds of such taxes to pay the same shall be paid out of the general fund, and the amount necessary therefor is hereby appropriated, to be reimbursed from the proceeds of such taxes when received. 190.31 SCHOOL AIDS; MILITARY LANDS. Subdivision 1. In order to provide state aid to school districts having an outstanding bonded indebtedness and which are located either in whole or in part within the area acquired for military or naval training purposes under Laws 1951, Chapter 511, as amended by Laws 1953, Chapter 642 and any acts amendatory thereof, there is hereby appropriated and made available out of the appropriations of Laws 1961, Chapter 704, to be expended by the adjutant general such sums as may be necessary to comply with the provisions of this section.

Subd. 2. On or about May 10 of the year following the acquisition of lands for military or naval training purposes, and on or about the same date in each year thereafter for a total of twenty-five consecutive years, the adjutant general after consultation with the commissioner of education and the county auditor of any county in which the land acquired is situated shall estimate the amount of taxes which would have been levied against the acquired lands for outstanding-bonded indebtedness for school purposes incurred prior to the passage of Laws 1961, Chapter 704, if such lands were subject to taxation. He shall then offer to each school district the proportionate amount of his estimate of such taxes conditioned upon such school district reducing its actual levy for school bond and interest purposes for that year in the amount of the offer. If such school district accepts the offer of the adjutant general and furnishes him with a certified copy of the resolution of its board agreeing to reduce its levy in accordance with the terms and conditions of the offer, he shall certify the fact thereof to the state auditor who shall draw his warrant upon the state treasurer payable from the general fund to the school district in the amount of the offer.

Subd. 3. When the properties of any school district in this state are detached from such school district because they comprise a part of or are located on lands acquired for military or naval training purposes, such district shall receive annually an allocation from the proceeds of income taxes in the amount that would be produced by a tax on such detached properties at the current tax rate for school purposes in the school district.

Subd. 4. For the purposes of determining the amount of this refund, the value of such properties shall be set at thirty-five percent of their full and true value except that in no case shall the assessed value of said properties for this purpose exceed such an amount as when added to the assessed value of all other property in the school district exceed \$2,600 per resident pupil unit.

Subd. 5. In the determination of the amounts to which the school districts shall be entitled in this distribution of any state aids that are based upon total valuation per pupil this valuation shall not be included.

Subd. 6. In no case shall the amount so allotted from the proceeds of income taxes in any year exceed 20 percent of the amount levied in the school district for school purposes.

Subd. 7. Any school district desiring to take advantage of this section shall apply in writing for its allocation to the state auditor on or before the first of August of each year. Such application shall be accompanied by the following information:
