361.03 WATERCRAFT LICENSES. Subdivision 1. **General requirements.** Except as hereinafter provided, no person shall after July 1, 1959, operate, or give permission for the operation of, any watercraft for which a license fee is prescribed in subdivision 3 on the waters of this state unless a license for such watercraft has been issued and is in effect in accordance with sections 361.01 to 361.28. The license number assigned a watercraft shall remain the same if continually renewed, and the licensee of each watercraft shall purchase the watercraft license numbers assigned and affix same as may be prescribed by the commissioner.

Subd. 2. **Application, issuance, reports.** Application for a watercraft license shall be made to the commissioner, in such form as the commissioner shall prescribe, and shall state the name and address of every owner of the watercraft and be signed by at least one owner. Upon receipt of the application and the appropriate fee, hereinafter provided, a license shall be issued in such form as the commissioner shall prescribe.

Subd. 3. **Fees for license.** The fee for each watercraft license issued after December 31, 1971 for the following periods, or portions thereof, shall be as follows:

(a) Any canoe, kayak, or sailboat used by a non-profit organization where a substantial part of the usage is in teaching watercraft safety, \$2 for three calendar years.

(d) Dealer's license \$15 for three calendar years, regardless of the number of watercraft owned by such dealer.

(e) Duplicate licenses or transfer of a license may be obtained at a cost of \$2.

Subd. 4. [Repealed, 1971 c 636 s 29]

Subd. 5. **Disposition of receipts.** All money received by the commissioner shall be deposited with the state treasurer and shall be expended only as may be authorized by law for administration and enforcement of chapter 361, inspection of watercraft, and acquisition and development of sites for public access to the waters of this state.

361.26 APPLICATION OF STATE LAW; LOCAL REGULATIONS; SURFACE USE REGULATIONS OF THE COMMISSIONER. Subdivision 1. The provisions of chapter 361, and of other applicable laws of this state shall govern the operation, equipment, numbering and all other matters relating thereto whenever any vessel shall be operated on the waters of this state, or when any activity regulated by chapter 361 shall take place thereon. Nothing in chapter 361 shall be construed as limiting the authority of any political subdivision of this state to adopt regulations, not inconsistent with chapter 361 and the regulations of the commissioner, relating to the use of waters not included in the definition of waters set forth in section 361.02, subdivision 12, which are within the territorial boundaries of the political subdivision, except that a city of the first class of over 200,000 or the park board thereof, may forbid the use of motorboats or boats with motors attached thereto on its lakes.

Subd. 2. (a) Upon request of a county, city, village, borough, or town, the commissioner may, if he determines it to be in the public interest, establish regulations relating to the use of watercraft on waters of this state which border upon or are within, in whole or in part, the territorial boundaries of the governmental unit.

(b) Such regulations shall be established in the manner provided by Minnesota Statutes 1969, Section 15.0411 to 15.0422, but shall not be submitted to the attorney general nor filed with the secretary of state until first approved by resolutions of the county boards of a majority of the counties affected by the proposed regulations.

(c) Such regulations may restrict any or all of the following: (1) the type and size of watercraft which may use the waters affected by the regulation, (2) the areas of water which may be used by watercraft, (3) speed of watercraft, (4) times permitted for use of watercraft, or (5) minimum distance between watercraft. When establishing regulations the commissioner shall consider the physical characteristics of the waters affected, their historical uses, shoreland uses and classification, and any other features unique to the waters affected by the regulations.

(d) The commissioner shall inform the users of the waters of the regulations affecting them at least two weeks before the effective date of the regulations by distributing copies of the regulations and by posting of the public accesses of the waters. However, the failure of the commissioner to comply with this paragraph shall not affect the validity of the regulations or any conviction for violation of the regulations.

No person shall discharge into the waters of this state, directly or indirectly from a watercraft or other marine conveyance, any sewage or other wastes, nor shall any container of sewage or other wastes be placed, left, discharged, or caused to be placed, left or discharged into any waters of this state by any person or persons at any time whether or not the owner, operator, guest or occupant of a watercraft or other marine conveyance. Subd. 5. The provisions of subdivisions 1, 2, 3 and 4 shall not apply until December 31, 1975 to watercraft that were equipped with treatment devices approved by the pollution control agency prior to June 8, 1971, so long as such equipment continues to operate in accordance with its design capability. Subd. 6. A person who violates any provision of this section is guilty of a misdemeanor.

Until those dates this section is satisfied by meeting either the requirement of retention facilities imposed by Laws 1971, Chapter 861, or the requirement of treatment facilities under Minnesota Statutes 1969, Section 361.29.
