378.02 HEARINGS BY COUNTY BOARD. On the filing of such petition with the auditor of the county wherein the petitioners reside, or in which the body of water is located, and presenting therewith the necessary copies thereof hereafter required, such auditor shall present the petition to the county board of the county, which board shall by order fix the day and place of hearing on the petition to be held more than 30 days thereafter, of which hearing at least three weeks' published notice shall be given in the newspaper designated by the county board as the official newspaper for the county; provided that the hearing may be held at any convenient place within the county, as shall be determined by the board. On the day fixed for the hearing any legal voters in the county, or any municipality, may appear, by attorney or in person, and file an answer to the petition, setting out in plain concise language why the prayer of the petitioners should not be granted in whole or in part, and, may in the answer pray the county board to give another or different name to the lake, river, stream, or other body of water than the one prayed for in the original petition. The petitioners may include in the petition any number of lakes, rivers, streams, or other bodies of water, the names of which they may petition to have changed, or any number of previously unnamed lakes, rivers, streams, or other bodies of water which they may desire to have given a name by the board in the proceedings, and the same procedure shall be had on the petition in such event as though only one lake, river, stream, or other body of water be described in the petition.

At the time fixed by the notice of hearing on the petition, or at any time to which the hearing may be adjourned by the county board, the board shall hear all parties desiring to be heard thereon and shall make an order, by resolution, fixing and determining the name which any lake, river, stream, or other body of water described in the petition shall have and bear, and the name so fixed by the board shall be the name of such lake, river, stream, or other body of water and such designation shall thereafter be used and followed as its legal name. If any petition so filed shall describe a lake, river, stream, or other body of water located within the boundaries of more than one county, then the county boards of the several counties affected shall act jointly and as one body, a majority of such joint body being sufficient to determine upon a name; the county auditor with whom such a petition shall be filed shall forward by mail a certified copy of the same to the auditor of each of the counties so affected, who shall present same to the respective county boards, and the notice of hearing thereon determined upon by the joint body shall be published in each such county as provided in section 378.02. To that end, the auditor of the county wherein a petition shall be filed shall cause a copy thereof, together with a copy of the notice of hearing thereon, to be forwarded by mail to the director of waters, soils and minerals, who shall compare the names suggested in the petition with the names of other lakes, rivers, streams, or bodies of water within the state and report back to the auditor before the date of the hearing, his findings and recommendations.
