

PRIVATE LANDS AND WATERS, PUBLIC USE 87.0221

and interest thereon are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal of and interest on the bonds are payable from such proceeds, and the whole thereof, or so much as may be necessary, is appropriated for such payments. If at any time there is insufficient money from the proceeds of such taxes to pay the principal and interest when due on Minnesota zoological garden bonds, such principal and interest shall be paid out of the general fund in the state treasury, and the amount necessary therefor is hereby appropriated, with such sums from tax levies and the general fund subject to future reimbursement to the bond fund by the Minnesota zoological garden bond account as indicated in section 85A.04, subdivision 2.

Subd. 6. Bond authorization and appropriations. For the purpose of providing money for the acquisition and betterment of public land, buildings, and improvements of a capital nature needed for the Minnesota zoological garden in accordance with the comprehensive plan of the state zoological board adopted in accordance with section 85A.02, subdivision 2, the state auditor is directed to sell and issue Minnesota zoological garden bonds in the amount of \$23,025,000 in the manner and upon the conditions provided in subdivisions 1 to 5. The state auditor may sell or issue an additional \$2,350,000 of bonds, but no part thereof shall be expended unless equally matched by other than state appropriations. The bonds may include a sum representing interest to accrue on the bonds from and after its date of issue through the anticipated period of construction and development of the zoological garden, which sum is needed for the payment and security of the interest payments during that period, but in no event shall the bonds exceed the maximum amount stated above. The bonds shall be sold, issued, and secured as provided in subdivisions 1 to 5 and in Article IX, Section 6, Subdivision 4 of the Constitution, except that none of the bonds of any series issued pursuant to this authorization shall mature earlier than one year after the date of completion of the Minnesota zoological garden and related facilities as estimated by the state zoological board at the time of the issuance of such series. The proceeds of the bonds, except premium and accrued interest, are appropriated to the Minnesota zoological garden building account in the general fund, for expenditure by the state zoological board for the purpose for which the bonds are authorized in accordance with the provisions of section 85A.04, subdivision 2. In order to reduce the amount of taxes otherwise required by the Constitution to be levied for the payment of interest and principal on the bonds, there is also appropriated annually to the Minnesota state zoological bond account in the state bond fund from the general fund a sum of money sufficient in amount, when added to the balance on hand on November 1 in each year in the bond account, to pay all principal and interest due and to become due on the bonds to and including July 1 in the second ensuing year. The money received and on hand pursuant to this annual appropriation is available in the state bond fund prior to the levy of the tax in any year required by the Constitution and by subdivision 5 and shall be used to reduce the amount of the tax otherwise required to be levied.

89.36 Producing and procuring planting stock

[For text of subd. 1, see M.S.1971]

Subd. 2. Purchase of stock. The commissioner of natural resources may purchase tree planting stock for the purposes herein authorized under the provisions of sections 89.35 to 89.39, or any other applicable law now or hereafter in force.

[1973 c 234 s 1]

89.37 Distributing planting stock

[For text of subds. 1 to 3, see M.S.1971]

Subd. 3a. Sales of trees to soil and water conservation districts. The commissioner of natural resources may supply tree planting stock to organized soil and water conservation districts for soil, water, wildlife and conservation purposes or as prescribed in section 89.35, subdivision 2.

There is no minimum limitation on the number of trees going on an individual location. The district shall make the determination of the numbers of trees going to each location.
