Subdivision 1. This chapter may be cited as the Minnesota municipal industrial development act. Its purposes and the conditions creating the necessity for its enactment are found and determined by the legislature to be as stated in this section.

In order to further these purposes and policies the commissioner of economic development shall investigate, shall assist and advise municipalities, and shall report to the governor and the legislature concerning the operation of this chapter and the projects undertaken hereunder, and shall have all of the powers and duties in connection therewith which are granted to him by chapter 362 with respect to other aspects of business development and research.

Subd. 7. Any municipality or redevelopment agency contemplating the exercise of the powers granted by this chapter may apply to the commissioner of economic development for information, advice, and assistance. No municipality shall undertake any project herein authorized until the commissioner has approved the
