299C.45 [Repealed, 1977 c 424 s 5]

299C.46 Establishment, use.

Subdivision 1. The commissioner of public safety shall establish a criminal justice datacommunications network which will enable the inter-connection of the criminal justice agencies within the state into a unified criminal justice information system. The commissioner of public safety is authorized to lease or purchase facilities and equipment as may be necessary to establish and maintain the datacommunications network.

Subd. 2. For the purposes of sections 299C.46 to 299C.49, "criminal justice agency" shall mean an agency of the state or an agency of a political subdivision charged with detection, enforcement, prosecution, adjudication or incarceration in respect to the criminal or traffic laws of this state.

Subd. 3. The datacommunications network shall be used exclusively for criminal justice agencies of the state in connection with enforcement of the criminal or traffic laws of the state.

The commissioner of public safety, after consultation with representatives of participating criminal justice agencies, may establish a monthly operational charge to be paid by each participating criminal justice agency in the event that money available to the commissioner for this purpose is not adequate to pay these costs.

The commissioner of public safety is authorized to arrange for the connection of the datacommunications network with the criminal justice information system of the federal government, any adjacent state, or Canada.

Subd. 4. The commissioner shall administer the datacommunications network and shall coordinate matters relating to its use by other state agencies and political subdivisions. He shall receive the assistance of the commissioner of administration on matters involving the department of administration and its information systems division. Other state department or agency heads shall assist the commissioner where necessary in the performance of his duties under this section.
