31A.01 DECLARATION OF POLICY. Meat and meat food products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat or meat food products are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged meat and meat food products, and result in sundry losses to livestock producers and processors of meat and meat food products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the commissioner and cooperation by this state and the United States as contemplated by sections 31A.01 to 31A.31 are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of sections 31A.01 to 31A.31.

[1969 c 225 s 1]

31A.02 DEFINITIONS. Subdivision 1. As used in sections 31A.01 to 31A.31, except as otherwise specified, the following terms shall have the meanings given in this section.

Subd. 2. "Commissioner" means the commissioner of the Minnesota department of agriculture or his delegate.

Subd. 3. "Person" means an individual, partnership, corporation, association, or other unincorporated business organization.

Subd. 4. "Animal" means cattle, swine, sheep, goats, horses, equines, or other large domesticated animals, and shall not include poultry.

Subd. 5. "Custom meat processing" means the slaughtering and dressing of an animal or the processing of meat products for the owner of the animal or of the meat products when all meat products derived from custom slaughter are returned to the owner of the animal or of the meat products. No person shall sell, offer for sale, or have in his possession with intent to sell any meat derived from custom meat processing.

Subd. 6. "Meat broker" means any person engaged in the business of buying or selling carcasses, parts of carcasses, meat, or meat food products of animals on commission, or otherwise negotiating purchases or sales of those articles other than for his own account or as an employee of another person, firm, or corporation.

Subd. 7. "Renderer" means any person, firm, or corporation engaged in the business of rendering carcasses, or parts or products of the carcasses of animals, except rendering conducted under inspection under sections 31A.01 to 31A.16.

MINNESOTA STATUTES 1978

Subd. 8. "Animal food manufacturer" means any person, firm, or corporation engaged in the business of manufacturing or processing animal food derived wholly or in part from carcasses, or parts or products of the carcasses, of animals.

Subd. 9. "Intrastate commerce" means commerce within this state.

Subd. 10. "Meat food product" means any product capable of use as human food which is made wholly or in part from any meat or other portion of the carcass of any cattle, sheep, swine, or goats, excepting products which contain meat or other portions of the carcasses of cattle, sheep, swine, or goats only in a relatively small proportion or historically have not been considered by consumers as products of the meat food industry, and which are exempted from definition as a meat food product by the commissioner under the conditions he prescribes to assure that the meat or other portions of carcasses contained in the products are not adulterated and that the products are not represented as meat food products. This term as applied to food products of equines shall have a meaning comparable to that provided in this subdivision for cattle, sheep, swine, and goats.

Subd. 11. "Capable of use as human food" shall apply to any carcass, or part or product of a carcass, of any animal, unless it is denatured or otherwise identified as required by regulations prescribed by the commissioner to deter its use as human food, or it is naturally inedible by humans.

Subd. 12. "Prepared" means slaughtered, canned, salted, rendered, boned, cut up, or otherwise manufactured or processed.

Subd. 13. "Adulterated" shall apply to any carcass, part thereof, meat or meat food product under one or more of the following circumstances:

(a) If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, the article shall not be considered adulterated under this clause if the quantity of the substance in or on the article does not ordinarily render it injurious to health;

(b) (1) If it bears or contains, by reason of administration of any substance to the live animal or otherwise, any added poisonous or added deleterious substance (other than one which is (i) a pesticide chemical in or on a raw agricultural commodity; (ii) a food additive; or (iii) a color additive) which may, in the judgment of the commissioner make the article unfit for human food;

(2) If it is, in whole or in part, a raw agricultural commodity and the commodity bears or contains a pesticide chemical which is unsafe within the meaning of section 408 of the Federal Food, Drug, and Cosmetic Act;

(3) If it bears or contains any food additive which is unsafe within the meaning of section 409 of the Federal Food, Drug, and Cosmetic Act;

(4) If it bears or contains any color additive which is unsafe within the meaning of section 706 of the Federal Food, Drug, and Cosmetic Act; provided, that an article which is not adulterated under clause (2), (3), or (4), shall nevertheless be deemed adulterated if use of the pesticide chemical, food additive, or color additive in or on the article is prohibited by regulations of the commissioner in establishments at which inspection is maintained under sections 31A.01 to 31A.16.

(c) If it consists in whole or in part of any filthy, putrid, or decomposed substance or is for any other reason unsound, unhealthful, unwholesome, or otherwise unfit for human food;

(d) If it has been prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health;

(e) If it is, in whole or in part, the product of an animal which has died otherwise than by slaughter;

(f) If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health;

(g) If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to section 409 of the Federal Food, Drug, and Cosmetic Act;

(h) If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or if any substance has been substituted, wholly or in part therefor; or if damage or inferiority has been concealed in any manner; or if any substance has been

added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is; or

(i) If it is margarine containing animal fat and any of the raw material used therein consisted in whole or in part of any filthy, putrid, or decomposed substance.

Subd. 14. "Misbranded" shall apply to any carcass, part thereof, meat or meat food product under one or more of the following circumstances:

(a) If its labeling is false or misleading in any particular.

(b) If it is offered for sale under the name of another food.

(c) If it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word "imitation" and immediately thereafter, the name of the food imitated.

(d) If its container is so made, formed, or filled as to be misleading.

(e) If in a package or other container unless it bears a label showing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count; provided, that under clause (2) of this paragraph, reasonable variations may be permitted, and exemptions as to small packages may be established, by regulations prescribed by the commissioner.

(f) If any word, statement, or other information required by or under authority of sections 31A.01 to 31A.31 to appear on the label or other labeling is not prominently placed thereon with conspicuously (as compared with other words, statements, designs, or devices, in the labeling) and in terms that render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(g) If it purports to be or is represented as a food for which a definition and standard of identity or composition has been prescribed by regulations of the commissioner under section 31A.07, unless (1) it conforms to the definition and standard, and (2) its label bears the name of the food specified in the definition and standard and, insofar as may be required by the regulations, the common names of optional ingredients (other than spices, flavoring, and coloring) present in such food.

(h) If it purports to be or is represented as a food for which a standard or standards of fill of container have been prescribed by regulations of the commissioner under section 31A.07, and it falls below the standard of fill of container applicable thereto, unless its label bears, in the manner and form the regulations specify, a statement that it falls below the standard.

(i) If it is not subject to the provisions of paragraph (g), unless its label bears (1) the common or usual name of the food, if there be any, and (2) in case it is fabricated from two or more ingredients, the common or usual name of each ingredient; except that spices, flavorings, and colorings may, when authorized by the commissioner, be designated as spices, flavorings, and colorings without naming each. To the extent that compliance with the requirements of clause (2) of this paragraph is impracticable, or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the commissioner.

(j) If it purports to be or is represented for special dietary uses, unless its label bears the information concerning its vitamin, mineral, and other dietary properties that the commissioner, after consultation with the Secretary of Agriculture of the United States, determines to be, and by regulations prescribes as, necessary in order fully to inform purchasers of its value for special dietary uses.

(k) If it bears or contains any artificial flavoring, artificial coloring, or chemical preservative, unless it bears labeling stating that fact. To the extent that compliance with the requirements of this paragraph is impracticable, exemptions shall be established by regulations promulgated by the commissioner.

(l) If it fails to bear, directly thereon or on its container, as the commissioner by regulations prescribes, the inspection legend and, unrestricted by any of the foregoing, the other information the commissioner may require in regulations to assure that it will not have false or misleading labeling and that the public will be informed of the manner of handling required to maintain the article in a wholesome condition.

For the purpose of preventing the use in intrastate commerce, as hereinafter provided, of meat and meat food products which are adulterated, the commissioner shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of all animals before they shall be allowed to enter into any slaughtering, packing, meat-canning, rendering, or similar establishment in this state in which slaughtering and preparation of meat and meat food products of animals are conducted solely for intrastate commerce; and animals found on inspection to show symptoms of disease shall be set apart and slaughtered separately from all other animals, and when so slaughtered, the carcasses of those animals shall be subject to a careful examination and inspection, as provided by the rules and regulations to be prescribed by the commissioner.

[1969 c 225 s 3]

For the purposes hereinbefore set forth the commissioner shall cause to be made by inspectors appointed for that purpose, as hereinafter provided, a post-mortem examination and inspection of the carcasses and parts thereof of all animals capable of use as human food, to be prepared at any slaughtering, meat canning, salting, packing, rendering, or similar establishment in this state in which carcasses or parts are prepared solely for intrastate commerce; and the carcasses and parts thereof of animals found to be not adulterated shall be marked, stamped, tagged, or labeled, as "Inspected and Passed"; and the inspectors shall label, mark, stamp, or tag as "Inspected and Condemned" all carcasses and parts thereof of animals found to be adulterated; and all carcasses and parts thereof inspected and condemned shall be destroyed for food purposes by the establishment in the presence of an inspector, and the commissioner may remove inspectors from any establishment which fails to destroy any condemned carcass or part thereof, and inspectors, after the first inspection shall, when they deem it necessary, reinspect the carcasses or parts thereof to determine whether since the first inspection the same have become adulterated and if any carcass or any part thereof shall, upon examination and inspection subsequent to the first examination and inspection, be found to be adulterated, it shall be destroyed for food purposes by the establishment in the presence of an inspector, and the commissioner may remove inspectors from any establishment which fails to destroy a condemned carcass or part thereof.

[1969 c 225 s 4]

31A.05 APPLICATION OF INSPECTION PROVISIONS. The foregoing provisions shall apply to all carcasses or parts of carcasses of animals or the meat or meat products thereof, capable of use as human food, which may be brought into any slaughtering, meat canning, salting, packing, rendering, or similar establishment, where inspection under sections 31A.01 to 31A.16 is maintained, and examination and inspection shall be made before the carcasses or parts thereof shall be allowed to enter into any department wherein they are to be treated and prepared for meat food products; and the foregoing provisions shall also apply to all products which, after having been issued from a slaughtering, meat canning, salting, packing, rendering, or similar establishment, shall be returned to it or to any similar establishment where inspection is maintained. The commissioner may limit the entry of carcasses, parts of carcasses, meat and meat food products, and other materials into any establishment at which inspection under sections 31A.01 to 31A.16 is maintained to conditions he prescribes to assure that allowing the entry of articles into inspected establishments will be consistent with the purposes of sections 31A.01 to 31A.31.

When any meat or meat food product prepared for intrastate commerce which has been inspected as hereinbefore provided and marked "Minnesota Inspected and Passed" shall be placed or packed in any can, pot, tin, canvas, or other receptacle or covering in any establishment where inspection under the provisions of sections 31A.01 to 31A.31 is maintained, the person, firm, or corporation preparing the product shall cause a label to be attached to the can, pot, tin, canvas, or other receptacle or covering, under supervision of an inspector, which shall state that the contents have been "Minnesota Inspected and Passed" under the provisions of sections 31A.01 to 31A.31, and no inspection and examination of meat or meat food products deposited or inclosed in cans, tins, pots, canvas, or other receptacle or covering in any establishment where inspection under the provisions of sections 31A.01 to 31A.31 is maintained shall be deemed to be complete until the meat or meat food products have been sealed or inclosed in the can, tin, pot, canvas, or other receptacle or covering under the supervision of an inspector.

Subd. 5. If the commissioner has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with any article subject to sections 31A.01 to 31A.16 is false or misleading in any particular, he may direct that its use be withheld unless the marking, labeling, or container is modified in a manner he prescribes so that it will not be false or misleading. If the person using or proposing to use the marking, labeling or container does not accept the determination of the commissioner, the person may request a hearing, but the use of the marking, labeling, or container shall, if the commissioner so directs, be withheld pending hearing and final determination by the commissioner. Any determination by the commissioner shall be conclusive unless, within 30 days after receipt of notice of the final determination, the person adversely affected appeals to the district court.
