50.01 EXPEDIENCY ASCERTAINED.

To enable the commissioner of banks to determine the expediency of the organization of a savings bank, as in this chapter prescribed, he shall investigate and ascertain:

(1) Whether greater convenience of access to a savings bank will be afforded to any considerable number of depositors by opening the proposed bank;

(2) Whether the population in the vicinity of the location of the bank affords reasonable promise of adequate support therefor; and

(3) Whether the responsibility, character, and general fitness of the persons named as trustees in the certificate are such as to command the confidence of the community in the proposed bank.

50.02 REFUSAL TO ISSUE CERTIFICATE.

When the commissioner of banks shall be satisfied that the establishment of the bank will not be expedient, he shall forthwith transmit to the county recorder of the county of its proposed location his certificate that he has refused to issue a certificate of authorization for the bank, and the county recorder shall forthwith file and record the same and refer thereto on the margin of the record of the declaration of the proposed trustees theretofore filed and recorded in his office.

50.03 BUSINESS COMMENCED WITHIN ONE YEAR; EXTENSION.

If the savings bank shall not commence business within one year after the issue of its certificate of authority, it shall forfeit its corporate franchises, unless allowed further time, not exceeding one year, by an order of the commissioner of banks, reciting good cause, and transmitted by him to the county recorder.

50.04 BONDS OF TRUSTEES.

Every trustee, before entering upon his duties, shall give bond to the state in a penal sum of not less than \$5,000, with sureties approved by a judge of the district

court, conditioned for the faithful discharge of his duties, and file the same for record with the county recorder of the county, who, after record, shall transmit it to the commissioner of banks. An action may be maintained on this bond by any person aggrieved by breach of any of its conditions, upon leave granted by any such judge, for such damages as the plaintiff may be entitled to, not exceeding its amount; and like successive actions may be maintained until such amount is exhausted.

50.05 BOND OF TREASURER.

Before entering upon his duties, the treasurer shall give bond to the bank in such sum, not less than \$10,000, as the board of trustees shall prescribe, for the faithful discharge of his duties, and at any time thereafter he may be required by the board to furnish additional security. The board may also require, at any time, from any other officer, employee, or agent, such security as it deems necessary.

50.06 TRUSTEES; FIRST BOARD.

The business of every such bank shall be managed by a board of not less than seven trustees. The persons named in the certificate of authorization shall constitute the first board. Each vacancy shall be filled by the board as soon as practicable, at a regular meeting thereof, except when a resolution reducing the number of trustees named in its charter to a number not less than seven shall have been incorporated into its bylaws, and a copy thereof filed with the commissioner of banks, in which case vacancies shall not be filled until the number has been reduced to that specified in this resolution. 50.14 AUTHORIZED SECURITIES.

Subdivision 1. Except as it relates to the investment of trust funds by corporate trustees or by individual trustees, the term "authorized securities" whenever used in the statutes and laws of this state shall be understood as referring to the following described securities in which the trustees of any savings bank shall invest the money deposited therein and which at the time of the purchase thereof are included in one or more of the following classes.

Subd. 2. Class one shall be (a) the bonds or other interest bearing obligations of the United States, or in securities for the payment of which and interest thereon the faith of the government is pledged.

(b) Shares of an investment company registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933, provided that the only investments of that company are in obligations of the United States government, in obligations fully guaranteed by the United States government, or in obligations of instrumentalities of the United States government such as the Federal National Mortgage Association, the Federal Home Loan Banks, the Federal Land Banks, the Federal Intermediate Credit Banks, or the Banks for Cooperatives.

(c) The bonds or other interest bearing securities of the Dominion of Canada, provided that the full faith and credit of the Dominion of Canada is pledged for the payment thereof and provided further that they are payable in United States dollars within the United States.

Subd. 3. Subd. 4. Class three shall be:

(a) The bonds, certificates of indebtedness, or other interest bearing obligations, payable out of a levy of ad valorem taxes, of any county, city, town, or any school district, drainage district, or other district, or of any board of any municipality, or of any public authority, created pursuant to law for public purposes in Minnesota, without regard to any debt limits other than those in section 475.53;

(dd) At the date of investment the public enterprise has been in operation for at least three years; and

(ee) During the preceding three fiscal years its annual net earnings, after payment of operating expenses and maintenance expenses, have been on the average at least one and one-quarter times the average annual interest, principal and sinking fund requirements on the revenue obligations during the period from the end of its most recent fiscal year to the final maturity of the obligations; and

(d) The bonds or other interest bearing obligations, payable from revenues other than ad valorem taxes as contemplated in clause (a), validly issued by any state or insular possession of the United States, or by any agency, instrumentality, municipality, or governmental or public subdivision, district, corporation, commission, board, council, or authority of whatsoever kind, created for public purposes by or pursuant to the laws of any state, provided that the bonds or other interest bearing obligations are at the time of purchase rated among the highest three quality categories, not applicable to bonds or other interest bearing obligations in default as to principal, used by a nationally recognized rating agency for rating the quality of similar bonds or other interest bearing obligations, and are not rated lower by any other such agency.

Subd. 5. (1) Class four shall be:

(a) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate, whether in fee or in a leasehold of a duration not less than ten years beyond the maturity of the loan, in any state of the United States, worth at least twice the amount loaned thereon;

(b) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate in clause (1) (a) where the notes or bonds do not exceed 80 percent of the appraised value of the security for the same, provided that the notes or bonds are payable in installments aggregating not less than five percent of the original principal a year in addition to the interest; or, are payable on a regular amortization basis in equal installments, including principal and interest, these installments to be payable monthly in amounts that the debt will be fully paid in not to exceed 30 years if the security is non-agricultural real estate, and these installments to be payable annually or semi-annually in amounts that the debt will be fully paid in not to exceed 25 years if the security is agricultural real estate. A construction loan is deemed amortized as required by this clause if the first installment thereon is payable not later than 18 months after the date of the first advance in the case of residential construction or not later than 36 months after the date of the first advance in the case of nonresidential construction; and

(c) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate in clause (1) (a) which are in an original principal amount of \$100,000 or

more and which do not exceed 95 percent of the appraised value of the security for the same which may be payable in the manner as the trustees of the bank prescribe, provided that construction loans made by a savings bank pursuant to this clause (1) (c) do not exceed in the aggregate five percent of the assets of the savings bank.

(2) Class four investments shall be made only on report of a committee directed to investigate the same and report its value, according to the judgment of its members, and its report shall be preserved among the bank's records.

(3) Notwithstanding anything to the contrary in clause (1) (b), a mutual savings bank organized under the laws of this state may invest in notes or bonds secured by mortgages or trust deed where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same. Except as modified herein, the other provisions of clause (1) (b) apply.

(4) For purposes of this subdivision, real estate is deemed unencumbered if the only existing mortgage or lien against the real estate is a first mortgage lien in favor of the savings bank making a second mortgage loan or if the total unpaid aggregate of all outstanding liens against the same real estate does not exceed 80 percent of its appraised value.

(5) Renegotiable rate notes or bonds secured by mortgages or trust deeds where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same.

For the purposes of this clause, a renegotiable rate mortgage loan is a loan issued for a term of three years to five years, secured by a mortgage maturing in not to exceed 30 years, and automatically renewable at equal intervals after the original loan term which may be up to six months shorter or longer than subsequent terms. The loan must be repayable in equal monthly installments of principal and interest during the loan term, in an amount at least sufficient to amortize a loan with the same principal and at the same interest rate over the remaining life of the mortgage.

In the mortgage documents, the savings bank must grant to the borrower an option to renew the loan for a new term, but not beyond the maturity date of the mortgage, at a new interest rate which shall be the savings bank's current market rate of interest on similar loans determined 60 days before the due date of the loan: provided, that the maximum interest rate increase shall be equal to one-half of one percent per year multiplied by the number of years in the loan term with a maximum net increase of five percent over the life of the mortgage. Interest rate increases are optional with the savings bank; net decreases from the previous loan term are mandatory.

The borrower may not be charged costs connected with the renewal of the loan.

Sixty days before the due date of the loan, the savings bank shall send a written notification to the borrower containing the following information: (i) The date on which the entire balance of borrower's loan is due and payable; (ii) a statement that the loan will be renewed automatically by the savings bank at the rate specified in the notice unless the borrower pays the loan by the due date; (iii) the amount of the monthly payment, calculated according to the new rate determined at the time of notice; (iv) a statement that the borrower may prepay the loan without penalty at any time after the original loan becomes due and payable; and (v) the name and phone number of a savings bank employee who will answer the borrowers' questions concerning the information in the notice.

An applicant for a renegotiable rate mortgage loan must be given, at the time an application is requested, written disclosure materials prepared in reasonably simple terms that contain at least the following information: (i) An explanation of

how a renegotiable rate mortgage differs from a standard fixed rate mortgage; (ii) an example of a renegotiable rate mortgage indicating the maximum possible interest rate increase and monthly payment calculated on that rate at the time of the first renewal; and (iii) an explanation of how the savings bank determines what the rate will be at the end of each loan term.

Subd. 6. Class five shall be notes secured by such bonds or mortgages, as the bank under this section is authorized to invest in, but no such bond or mortgage shall be taken as collateral security for more than its par value, nor shall the aggregate amount of securities taken be less than the full amount loaned thereon, and no such loan shall be made for a longer time than one year, nor to a greater amount to any one person than three percent of the total deposits of the bank. No such bank shall loan in the aggregate, on the security specified in this paragraph, more than one-fourth of its deposits.

Subd. 7. Class six shall be the "eligible obligations" of "qualifying railroad corporations," both as hereinafter defined.

(A) A "qualifying railroad corporation" shall be one which at the time of investment

(1) Shall have been incorporated under the laws of the United States or of any state thereof or of the District of Columbia, and

(5) Shall have had net earnings (a) in its five fiscal years immediately preceding time of purchase, of an average annual amount not less than 1 1/2 times the fixed charges of the year immediately preceding time of purchase, and (b) in four of its five fiscal years immediately preceding time of purchase and in its fiscal year immediately preceding time of purchase, not less than the fixed charges of those respective years, except that if the corporation shall have been reorganized in receivership or bankruptcy within such period, its net earnings for each year shall have been not less than the fixed charges of the reorganized company. As used herein "net earnings" shall be defined as gross operating and nonoperating income of a railroad corporation or its predecessor corporation, minus traffic and transportation expenses, maintenance, depreciation, rent of equipment and joint facilities, and other operating expenses, and taxes excluding income and profits taxes. As used herein "fixed charges" shall be defined as interest on debt on which there is an unqualified obligation to pay interests, leased line rentals and amortization of debt discount and expense, except that if a corporation has been reorganized in receivership or bankruptcy within five years prior to time of purchase "fixed charges" shall be the fixed charges of the reorganized company.

(B) "Eligible obligations" shall be bonds, notes or other obligations which

(1) Shall have been issued by a qualifying railroad corporation, or shall have been assumed or guaranteed as to principal and interest by a qualifying railroad corporation, and

(C) No such bank shall invest in securities of Class Six to an amount exceeding in the aggregate 15 percent of its deposits; nor in securities of Class Six secured by lien upon railroad lines, issued, guaranteed, or assumed by any one railroad corporation to an amount exceeding two percent of its deposits; nor in securities of Class Six secured by lien upon any one railroad terminal property to an amount exceeding one percent of its deposits.

The requirements set forth herein governing investments in securities under this subdivision shall affect only those securities acquired after the effective date of Laws 1945, Chapter 140.

Subd. 8. Class seven shall be farm loan bonds issued by any federal land bank, or by a joint stock land bank in the Federal Reserve district in which Minnesota is situated, in accordance with the provisions of an act of Congress of the United States of July 17, 1916, known and designated as "The Federal Farm Loan Act," and acts amendatory thereto; bonds and obligations of the Federal Home Loan Banks established by Act of Congress known as the Federal Home Loan Bank Act approved July 22, 1932, and acts amendatory thereto; and bonds issued by the federal land banks, federal intermediate credit banks, and the banks for cooperatives in accordance with the provisions of an act of Congress of the United States known as the Farm Credit Act of 1971, and acts amendatory thereto.

Subd. 9. Class eight shall be bankers' acceptances of the kind and character following:

a. Bankers acceptances of the kind and maturities made eligible by law for rediscount with or purchase by federal reserve banks, providing the same are accepted or endorsed by a bank, or trust company incorporated under the laws of this state; or by any bank or trust company in the United States which is a member of the federal reserve system.

b. Not more than 20 percent of the assets of any savings bank shall be invested in such acceptances. Not more than seven percent of the aggregate amount credited to the depositors of any savings bank shall be invested in the acceptances of or deposited with a trust and banking company or with a national bank of which a trustee of such savings bank is a director.

Subd. 10. Class nine shall be railroad equipment trust obligations, comprising bonds, notes or certificates, which when issued are secured by new standard gauge rolling stock purchased or leased by any railroad incorporated in the United States or in Canada, or by the receiver or trustee of any such railroad, or by any corporation engaged in the business of leasing or furnishing railroad rolling stock, provided, that the entire issue of such obligations:

(a) Is required to be paid, in United States dollars within the United States, within 15 years from date of issue in approximately equal annual or semiannual instalments commencing not later than three years after the date of issue, and

(b) Is of an aggregate amount not exceeding 80 percent of the cost of the equipment securing such issue; but if issued originally in an amount which

exceeded such 80 percent, then investment in the obligations of such issue shall nevertheless be authorized as soon as or at any time after all the unpaid obligations of such issue are reduced to or are less than 50 percent of the cost of the equipment securing such issue.

Subd. 11. Class ten shall be the bonds of any corporation which at the time of such investment is incorporated under the laws of the United States or any state thereof, or the District of Columbia, and transacting the business of supplying electrical energy, or artificial gas, or natural gas purchased from another corporation and supplied in substitution for or in mixture with artificial gas, for light, heat, power and other purposes, or transacting any or all of such business, provided that at least 75 percent of the gross operating revenues of any such corporation are derived from such business and that not more than 15 percent of the gross operating revenues are derived from any one kind of business other than supplying electricity or gas or electricity and gas, and provided further that such corporation, if operating outside of Minnesota, is subject to regulation by a public utilities commission or public utility commissioner or other similar regulatory body duly established by the laws of the United States or the states or state in which such corporation operates, subject to the following conditions:

(a) Such corporation shall have all franchises necessary to operate in the territory in which at least 75 percent of its gross income is earned, which franchises either shall be indeterminate permits or agreements with, or subject to the jurisdiction of, a public utilities commission or other duly constituted regulatory body, or shall extend at least five years beyond the maturity of such bonds, and such corporation shall file with the commissioner of banks or make public each year a statement and a report giving the income account covering the previous fiscal year and the balance sheet showing in reasonable detail the assets and liabilities at the end of such fiscal year.

(b) The book value of the outstanding capital stock of such corporation shall at the time of such investment be equal to at least two-thirds of its total funded debt.

(c) Such corporation shall have been in existence for a period of not less than eight fiscal years and at no time within such period of eight fiscal years next preceding the date of such investment shall said corporation have failed to pay promptly and regularly the matured principal and interest of all its indebtedness direct, assumed or guaranteed, but the period of life of the corporation, together with the period of life of any predecessor corporation or corporations from which a substantial portion of its property was acquired by consolidation, merger, purchase, or as a successor corporation, shall be considered together in determining the required period.

(d) For a period of five fiscal years next preceding the date of such investment the net earnings of such corporation shall have been each year not less than twice the annual interest charges on its total funded debt applicable to that period, and for such period the gross operating revenues of any such corporation shall have averaged per year not less than \$1,000,000.

(e) In determining the qualifications of any bond under this subdivision where a corporation shall have acquired its property or any substantial portion thereof within five years immediately preceding the date of such investment by consolidation, merger, purchase or as a successor corporation, the gross operating revenues, net earnings and interest charges of the predecessor or constituent corporations shall be consolidated and adjusted so as to ascertain whether the requirements of paragraph (d) have been complied with.

(f) The gross operating revenues and expenses of a corporation for the purpose of this subdivision shall be respectively the total amount earned from the operation of, and the total expense of maintaining and operating, all property

owned and operated or leased and operated by such corporation, as determined by the system of accounts prescribed by the public utility commission or other similar regulatory body having jurisdiction in the matter. The gross operating revenues and expenses, as defined above, of subsidiary companies must be included, provided that all the mortgage bonds and a controlling interest in stock or stocks of such subsidiary companies are pledged as part security for the mortgage debt of the principal corporation.

(g) The net earnings of a corporation for the purpose of this subdivision shall be the balance obtained by deducting from its gross operating revenues its operating and maintenance expenses, taxes other than federal and state income taxes, rentals, depreciation and provision for renewals and retirements of the physical assets of the corporation, and by adding to said balance its income from securities and miscellaneous sources, but not, however, to exceed 15 percent of said balance. The term "funded debt" shall be construed to mean all interest-bearing debt excepting therefrom unsecured obligations maturing within one year of date of issue.

(h) Such bonds must be part of an original issue of not less than \$1,000,000 and must be mortgage bonds secured by a first or refunding mortgage secured by property owned and operated by the corporation issuing or assuming them, or must be underlying mortgage bonds secured by property owned and operated by the corporation issuing or assuming them, provided that such bonds are to be refunded by a junior mortgage providing for their retirement and provided further that the bonds under such junior mortgage comply with the requirements of this subdivision and that such underlying mortgage either is a closed mortgage or remains open solely for the issuance of additional bonds which are to be pledged under such junior mortgage. The aggregate principal amount of bonds secured by such first or refunding mortgage plus the principal amount of all the underlying outstanding bonds shall not exceed 60 percent of the value of the physical property owned as shown by the books of the corporation and subject to the lien of such mortgage or mortgages securing the total mortgage debt, provided that if a refunding mortgage, it must provide for the retirement on or before the date of their maturity of all bonds secured by prior liens on the property. No such savings bank shall loan upon or invest in bonds of such public utility companies in an amount exceeding in the aggregate ten percent of its deposits and surplus, nor exceeding five percent thereof in the bonds of any one public utility company.

Class eleven shall be the bonds of any corporation which at the time of such investment is incorporated under the laws of the United States or any state thereof, or the District of Columbia, and authorized to engage, and engaging, in the business of furnishing telephone service in the United States, provided that such corporation is subject to regulation by the Interstate Commerce Commission or a public utility commission or other similar federal or state regulatory body duly established by the laws of the United States or the states or state in which such corporation operates, subject to the following conditions:

(a) Such corporation shall have been in existence for a period of not less than eight fiscal years and at no time within such period of eight fiscal years next preceding the date of such investment shall said corporation have failed to pay promptly and regularly the matured principal and interest of all its indebtedness direct, assumed or guaranteed, but the period of life of the corporation, together with the period of life of any predecessor corporation or corporations from which a substantial portion of its property was acquired by consolidation, merger, purchase or as a successor corporation, shall be considered together in determining the required period; and such corporation shall file with the commissioner of banks or make public in each year a statement and a report giving the income account covering the previous fiscal year and the balance sheet showing in reasonable detail the assets and liabilities at the end of such fiscal year.

(b) The book value of the outstanding capital stock of such corporation shall at the time of such investment be equal to at least two-thirds of its total funded debt.

(c) For a period of five fiscal years next preceding the date of such investment the net earnings of such corporation shall have been each year not less than twice the annual interest charges on its total funded debt applicable to that period, and for such period, the gross operating revenues of any such corporation shall have averaged per year not less than \$5,000,000.
