

CHAPTER 35

LIVESTOCK SANITATION

35.01	Definitions.	35.71	Unclaimed and unredeemed animals impounded; scientific use or other disposition.
35.02	Board of animal health.	35.72	Milk or cream; testing by board.
35.03	Powers, duties, and reports.	35.73	Definitions.
35.04	Duty of local boards of health.	35.74	Exceptions.
35.05	Authority of state board.	35.75	Licenses.
35.06	Reporting disease; compelling testimony.	35.76	Garbage, treatment.
35.063	Quarantine maintained.	35.77	Quarantine, permit for removal of livestock or poultry.
35.065	May not break quarantine.	35.78	Inspection and investigation of premises, records.
35.069	Penalty.	35.79	Enforcement.
35.08	Killing of diseased animals.	35.80	Violations.
35.09	Inspection before killing; owner's indemnity.	35.81	Transportation of animals and poultry, rules.
35.10	Indemnity subject to lien or mortgage on animals.	35.82	Rendering plant permits; disposition of carcasses.
35.11	Expenses of autopsies and appraisals.	35.821	Definitions.
35.12	Expenses of killing, burial, and quarantine; lien.	35.822	Registration of marks or brands with board.
35.13	Entry to premises forbidden.	35.824	Application for registration; penalties, duplicate brands.
35.14	Livestock detectives from other states.	35.825	Checking of applications; conflicts.
35.15	Transportation of livestock; compliance with rules.	35.826	State brand books; reregistration of marks, brands.
35.16	Transportation companies to hold livestock and poultry.	35.827	Sale of brand books.
35.245	Cattle; sale, lease, loan.	35.828	Evidence.
35.251	Anaplasmosis testing.	35.829	Transfer of brands.
35.255	Pseudorabies program rules.	35.830	Sale of branded livestock; written bill of sale; penalty.
35.67	Rabies investigation.	35.831	Rules.
35.68	Rabies proclamation.	35.84	Fees for services to state fair.
35.69	Unmuzzled dogs not permitted at large.		
35.70	Violations; penalties.		

35.01 DEFINITIONS.

Subdivision 1. **Scope.** Unless the language or context clearly indicates that a different meaning is intended, the words defined in this section as used in this chapter have the meanings given them.

Subd. 2. **Board; state board.** "Board" or "state board" means the board of animal health.

Subd. 3. **Livestock, domestic animals.** "Livestock" and "domestic animals" include poultry.

Subd. 4. **Person.** "Person" means an individual, firm, or corporation.

History: 1985 c 265 art 1 s 1

35.02 BOARD OF ANIMAL HEALTH.

Subdivision 1. **Members; officers.** The board has five members appointed by the governor with the advice and consent of the senate, three of whom are producers of livestock in the state, and two of whom are practicing veterinarians licensed in Minnesota. The dean of the college of veterinary medicine of the University of Minnesota may serve as consultant to the board without vote. Appointments to fill unexpired terms must be made from the classes to which the retiring members belong. The board shall elect a president and a vice-president from among its members and a veterinarian licensed in Minnesota who is not a member to be its executive secretary for a term of one year and until a successor qualifies. The board shall set the duties of the secretary.

Subd. 2. **Terms; compensation; removal; vacancies.** The membership terms, compensation, removal of members, and filling of vacancies on the board are governed by section 15.0575.

History: 1985 c 265 art 1 s 1

35.03 POWERS, DUTIES, AND REPORTS.

The board shall protect the health of Minnesota domestic animals and carry out the provisions of this chapter. The board shall make rules necessary to protect the health of domestic animals. The board shall meet at least quarterly. Officers must be elected each April. On or before November 1 of each year the board shall publish an annual report.

History: 1985 c 100 s 1; 1985 c 265 art 1 s 1; art 12 s 1

35.04 DUTY OF LOCAL BOARDS OF HEALTH.

Local boards of health shall assist the board in the prevention, suppression, control, and eradication of contagious and infectious dangerous diseases among domestic animals when directed to do so by the secretary or any member of the board. Two or more local boards may be required in emergencies to cooperate in giving assistance. The rules of the state board prevail over conflicting local board rules.

History: 1985 c 265 art 1 s 1

35.05 AUTHORITY OF STATE BOARD.

The state board may quarantine or kill any domestic animal infected with, or which has been exposed to, a contagious or infectious dangerous disease if it is necessary to protect the health of the domestic animals of the state.

The board may regulate or prohibit the arrival in and departure from the state of infected or exposed animals and, in case of violation of any rule or prohibition, may detain any animal at its owner's expense. The board may regulate or prohibit the importation of domestic animals which, in its opinion, may injure the health of Minnesota live stock.

Rules adopted by the board under authority of this chapter must be published in the State Register.

History: 1985 c 100 s 2; 1985 c 265 art 1 s 1

35.06 REPORTING DISEASE; COMPELLING TESTIMONY.

A person who knows or reasonably suspects that a contagious or infectious disease exists in a domestic animal shall immediately notify the board. The board, or any member or authorized agent of the board, may examine under oath all persons believed to have knowledge of the existence or threat of disease among domestic animals and, for this purpose, may take depositions and compel witnesses to attend and testify.

History: 1985 c 265 art 1 s 1

35.063 QUARANTINE MAINTAINED.

The board may establish and maintain, at the owner's expense, a quarantine of domestic animals imported into the state when, in its judgment, a quarantine is necessary to protect the health of Minnesota domestic animals. The quarantine must specify its terms, conditions, scope, and application.

History: 1985 c 265 art 1 s 1

35.065 MAY NOT BREAK QUARANTINE.

It is unlawful for the owner or the person having the custody or control of domestic animals subject to a quarantine to remove any of them from their first location within the state after the interstate shipment or transportation is completed until they are released by authority of the board.

History: 1985 c 265 art 1 s 1

35.069 PENALTY.

A person violating any quarantine imposed under section 35.05 or 35.063 or any rule adopted by the board is guilty of a misdemeanor.

History: 1985 c 100 s 3; 1985 c 265 art 1 s 1; art 12 s 1

35.08 KILLING OF DISEASED ANIMALS.

If the board decides upon the killing of an animal affected with tuberculosis, paratuberculosis, or brucellosis, it shall notify the animal's owner or keeper of the decision. If the board, through its executive secretary, orders that an animal may be transported for immediate slaughter to any abattoir where the meat inspection division of the United States Department of Agriculture maintains inspection, or where the animal and plant health inspection service of the United States Department of Agriculture or the board establishes field postmortem inspection, the owner must receive the value of the net salvage of the carcass.

Before the animal is removed from the premises of the owner, the representative or authorized agent of the board must agree with the owner in writing as to the value of the animal. In the absence of an agreement, three competent, disinterested persons, one appointed by the board, one by the owner, and a third by the first two, shall appraise the animal at its full replacement cost taking into consideration the purpose and use of the animal.

The appraisal made under this section must be in writing, signed by the appraisers, and certified by the board to the commissioner of finance, who shall draw a warrant on the state treasurer for the amount due the owner.

History: 1985 c 265 art 1 s 1

35.09 INSPECTION BEFORE KILLING; OWNER'S INDEMNITY.

Subdivision 1. General rule. Notwithstanding any provision of this chapter to the contrary, cattle affected with tuberculosis, paratuberculosis, or brucellosis may not be killed for that reason until they have been inspected by a veterinarian appointed by the board and are determined by the veterinarian to have one of those diseases.

For each animal slaughtered because of tuberculosis, paratuberculosis, or brucellosis, the value of the net salvage of the carcass must be deducted from the appraised value of the living animal. Two-thirds of the remainder must be paid to the owner by the state. If the animal and plant health inspection service of the United States Department of Agriculture compensates the owner for the animal, in whole or in part, the amount of the compensation received from the federal government must be deducted from the amount of indemnity payable by the state. No payment may be more than \$37.50 for grade animals or more than \$75 for a registered purebred animal, and no payment may be made unless the owner has complied with all rules of the board.

Subd. 2. **Exceptions.** The owner of an animal is entitled to the indemnity provided in subdivision 1, except in the following cases:

- (1) steers;
- (2) animals which have not been kept in good faith for one year or since their birth in the state;
- (3) animals brought into the state, contrary to law or rules of the board;
- (4) animals diseased on arrival in the state;
- (5) animals belonging to the United States;
- (6) animals belonging to institutions maintained by the state, a county, or a municipality;
- (7) animals which the owner or claimant knew or should have known were diseased at the time they were acquired;
- (8) animals exposed to brucellosis through the owner's negligence;
- (9) animals which have been injected with brucellosis vaccine, bacterin, or other preparations made from or through the agency of Brucella Micro-organisms unless it was done in compliance with the rules of the board;
- (10) animals belonging to a person who has received indemnity as a result of a former inspection or tests and has then introduced into the same herd any animals which have not passed the tuberculin or brucellosis test;
- (11) animals if the owner, agent, or person in possession of them has not complied with the rules of the board with respect to condemned animals;
- (12) condemned animals which are not destroyed within 15 days after the date of appraisal, or for which the owner refuses to sign the appraisal or report of the members of the appraisal board, except that in extraordinary circumstances and in meritorious cases and at the discretion of the executive secretary of the board the time limit of 15 days may be extended an additional 15 days if the owner receives permission from the executive secretary within 15 days of the date of appraisal;
- (13) livestock affected with tuberculosis, paratuberculosis, or brucellosis unless the entire herd of which the affected livestock is a part, or from which the affected livestock has originated, is examined and tested under the supervision of the board, in order to determine if they are free from the disease;
- (14) livestock affected with tuberculosis, paratuberculosis, or brucellosis unless the owner has carried out the instructions of the board relating to cleaning, disinfection, and rendering the stables and premises in a sanitary condition within 15 days of the time of removal of the animals from the premises, except when, because of inclement weather or other extenuating circumstances, the time is extended by the executive secretary of the board;
- (15) livestock affected with tuberculosis, paratuberculosis, or brucellosis, if the owner has fed milk or milk products derived from creameries which was not pasteurized as required by state laws; and
- (16) animals owned by a nonresident if neither the owner nor the owner's agent breed livestock in Minnesota.

If, at any time, the annual appropriation for payment of indemnities becomes exhausted as a result of condemnation and slaughter of animals, the board shall discontinue making further official tests or authorizing tests unless an owner signs a waiver on blanks furnished by the board of payment of indemnity for any animals that may be condemned as the result of a test and inspection which releases the state from any obligation to pay indemnity from any future appropriation.

Subd. 2a. **Nonreactors; cattle ineligible for test.** The board may condemn and appraise nonreactors to the brucellosis test and exposed cattle not eligible to be

tested from herds affected with brucellosis and may pay the owner the difference between the appraisal value and the salvage value up to \$300 for grade animals or \$600 for purebred registered animals if the board through its executive secretary has determined according to criteria adopted by the board that herd depopulation is essential to the goal of bovine brucellosis eradication. Indemnity payable by the state must be reduced by the amount paid by the United States Department of Agriculture. No indemnity may be paid for steers.

Subd. 3. Emergencies. When it is determined by the board that it is necessary to eradicate any dangerous, infectious, communicable disease among domestic animals in the state, the presence of which constitutes an emergency declared by resolution of the board or by the United States Department of Agriculture, the board may take reasonable and necessary steps to suppress and eradicate the disease. If the emergency is declared by the United States Department of Agriculture, the board may cooperate with the animal and plant health inspection service of the United States Department of Agriculture in the suppression and eradication of the disease.

When an emergency has been declared, the board may appraise and destroy animals affected with, or which have been exposed to the disease, and appraise and destroy property in order to remove the infection and complete the cleaning and disinfection of the premises, and do any act and incur any other expense reasonably necessary to suppress the disease. The board may accept, on behalf of the state, the rules adopted by the animal and plant health inspection service of the United States Department of Agriculture pertaining to the disease, authorized under an act of Congress, or the portion of the regulations deemed necessary, suitable, or applicable, and cooperate with the animal and plant health inspection service of the United States Department of Agriculture, in the enforcement of those rules. Alternatively, the board may follow the procedure only as to quarantine, inspection, condemnation, appraisal, destruction, burial of animals, disinfection, or other acts the board considers reasonably necessary for the suppression of the disease, as agreed upon and adopted by the board and representatives or authorized agents of the animal and plant health inspection service of the United States Department of Agriculture. If the procedures have been followed under an emergency declared by the United States Department of Agriculture, the total expense must be shared equally between the state and federal governments.

Appraisals of animals affected with, or exposed to, the disease, or contact animals, or property destroyed in order to remove the infection and complete the cleaning and disinfection of premises where the animals are found, must be made by an appraisal board consisting of a representative of the board, a representative of the animal and plant health inspection service of the United States Department of Agriculture, and the owner of the animals or the owner's representative. Appraisals must be in writing and signed by the appraisers, and must be made at the true market value of all animals and property appraised.

Upon destruction of animals or property, or both, and burial or other disposition of the carcasses of the animals in accordance with the law and rules of the board and the animal and plant health inspection service of the United States Department of Agriculture, and the completion of the cleaning and disinfection of the premises, the board shall certify the appraisal to the commissioner of finance, who shall draw a warrant on the state treasurer for the proper amount payable to the owner. If the appraisal is made in respect to animals or other property destroyed under an emergency declared by the United States Department of Agriculture, the commissioner of finance shall draw a warrant on the state treasurer for one-half of the amount of the appraisal payable to the owner, and the remaining

one-half of the appraisal must be paid by the federal government under the cooperative arrangement. If the disease is of a nature that any part of the carcasses of the diseased or exposed animals may be salvaged for human food or other purposes, the net amount of the salvage paid to the owner must be deducted from the appraisal, and the remainder must be paid to the owner by the state or by the state and federal government pursuant to this section.

History: 1985 c 248 s 10; 1985 c 265 art 1 s 1; art 12 s 1

35.10 INDEMNITY SUBJECT TO LIEN OR MORTGAGE ON ANIMALS.

If an animal is condemned and killed by the state pursuant to law, indemnity is provided, the animal is subject to a mortgage or other lien, and written notice of the lien is given by the lienholder to the board or officer whose duty it is to order payment of the indemnity before the indemnity is ordered paid, then the lien attaches to the indemnity to the same extent it attached to the animal and the indemnity is payable to the owner and the lienholder.

If the owner and lienholder execute and deliver to the board or officer, on blanks furnished by the board or officer, a written agreement providing for the distribution and payment of an indemnity, payment must be made as specified and directed in the agreement, a copy of which must be transmitted by the board or officer to the officer by whom payment is to be made; otherwise the indemnity must be placed in the custody of the district court of the county in which the animal was condemned, in the manner provided by the rules of civil procedure for the deposit of money claimed adversely by two or more persons, and the state is relieved from further liability for the indemnity.

History: 1985 c 265 art 1 s 1

35.11 EXPENSES OF AUTOPSIES AND APPRAISALS.

The expense of autopsies and appraisals must be defrayed by the state, except that in cases of protest where the animal is found infected, the charges of the expert appointed by the owner shall be paid by the owner. The compensation of experts and appraisers must be fixed by the board, which must approve before payment all claims made under this chapter. No employee of the board may receive any fee for acting as an expert or appraiser.

History: 1985 c 265 art 1 s 1

35.12 EXPENSES OF KILLING, BURIAL, AND QUARANTINE; LIEN.

The expense of killing and burial or destruction of a diseased animal, if the killing was ordered by the board, must be borne by the board. The expense of quarantine, if the animal is taken from the possession of its owner, must be defrayed by the state. If a quarantined animal is left upon the premises of its owner or keeper, that person shall bear the expense. If an animal is quarantined while being shipped into the state, the expense must be borne by the owner or keeper. If the owner or keeper of any animal becomes liable for an expense incurred by the board under this chapter, the board has a lien on the animal and may also maintain an action for the amount.

History: 1985 c 265 art 1 s 1

35.13 ENTRY TO PREMISES FORBIDDEN.

During the prevalence among domestic animals of any of the diseases referred to in this chapter, any owner or keeper of these animals may post upon the premises a notice forbidding all persons to enter any building or enclosure in which animals are kept. No person may then enter, except a member or agent of the board.

History: 1985 c 265 art 1 s 1

35.14 LIVESTOCK DETECTIVES FROM OTHER STATES.

Any person commissioned by the governor, or the livestock commission, or any other proper authority of another state may act as a livestock detective in this state in accordance with Minnesota law upon paying a fee of \$5 and filing with the department of agriculture:

- (1) a commission or a certified copy of it;
- (2) a bond to the state in the penal sum of \$2,000, approved by the commissioner of agriculture and conditioned for the payment of all damages resulting to any person from any wrongful seizure of property or other unlawful act within the state by the person or by any of the person's deputies; and
- (3) a stipulation that service upon the commissioner of agriculture of any summons, order, notice, or process in a civil action upon the bond is sufficient service upon the person or the person's deputies.

The commissioner of agriculture shall issue certificates to the person and no more than three of the person's deputies for whose acts the person is responsible, authorizing the holder to perform the duties in this section while the commission is in force. Each certificate holder may seize and hold any animal which the person knows or has reason to believe has strayed or been stolen from the state by which the commission issued.

History: 1985 c 265 art 1 s 1

35.15 TRANSPORTATION OF LIVESTOCK; COMPLIANCE WITH RULES.

Subdivision 1. Importation of animals and poultry. Animals or poultry may not be brought into the state for work, feeding, breeding, dairy purposes, or sale except in compliance with the rules of the board.

Subd. 2. Enforcement. A law compliance representative of the board who believes, with reasonable cause, that the law is being violated, may stop a truck on the public ways and inspect the health certificates or permits for any livestock being transported.

When engaged in stopping a truck hauling livestock the compliance representative of the board shall be identified by a lighted red signal with "Stop" printed on its face mounted on the right front fender or hood of the representative's automobile. The automobile must also be equipped with a flashing amber light of the type used by the Minnesota state patrol mounted on the inside rear deck of the automobile which must be used when stopping a truck. The automobile must have the words "Board of Animal Health" clearly printed on the right front door.

A driver who fails or refuses to stop for inspection when directed to stop by a compliance representative is guilty of a misdemeanor.

History: 1985 c 265 art 1 s 1

35.16 TRANSPORTATION COMPANIES TO HOLD LIVESTOCK AND POULTRY.

If rules of the board have not been complied with, transportation companies shall notify the board and shall hold the animals or poultry at the first station within Minnesota where there are suitable facilities for holding animals or poultry for inspection by the board. The inspection must be at the owner's expense.

History: 1985 c 265 art 1 s 1

35.245 CATTLE; SALE, LEASE, LOAN.

Subdivision 1. Limitation on sale. No person may sell or offer for sale cattle over six months of age at public auction, livestock auction markets, private stockyards or concentration points, mortgage foreclosure sales or court-ordered sales, or lease or loan cattle for breeding purposes in violation of the board's rules. This subdivision does not apply to steers, spayed heifers, or calves of beef type and breed which are under eight months of age and not known to have brucellosis.

Subd. 1a. Untested; unvaccinated cattle. No person may sell or offer for sale cattle which have not been tested and found free of brucellosis for which a certificate of test is furnished or posted as provided in subdivision 2, unless the cattle have been vaccinated against brucellosis in accordance with the rules of the board and a certificate of vaccination is exhibited as provided in subdivision 2. This subdivision does not apply to cattle under 18 months of age of beef type sold for feeding purposes as provided in subdivision 3, or to cattle sold for immediate slaughter or consigned to a public stockyard under supervision of the United States Department of Agriculture.

Subd. 2. Tests and vaccination. A test and vaccination must be made at the time and in the manner prescribed by the board and a certificate of the test and vaccination or both, approved by the board, must be furnished to the purchaser by the vendor at the time of sale. When cattle are sold at public auction, a certificate of test or vaccination or both may be posted in a place plainly visible to the purchasers at the sale, and the auctioneer or other person conducting the sale shall publicly announce prior to conducting the sale, that the certificate of the test or vaccination or both, approved by the board, has been posted and is available for inspection. No auctioneer or other person conducting a sale may conduct any public sale in this state unless a certificate of the test or vaccination or both, approved by the board, is posted by the vendor of the cattle at the time of the sale.

Subd. 3. Female cattle; sale without test or vaccination. Female cattle under 18 months of age of beef type and breed may be sold in quarantine for feeding purposes without a test for or vaccination against brucellosis, in compliance with board rules, if the purchaser of the cattle furnishes the seller an affidavit certifying the cattle are purchased for feeding purposes and will be kept apart from other cattle except other quarantined feeding cattle until they are resold under affidavit, resold for immediate slaughter, delivered to a public stockyard under supervision of the United States Department of Agriculture, or tested in accordance with board rules relating to the class of cattle. A purchaser of cattle under this section must comply with the terms of the affidavit furnished the seller and with rules or quarantines prescribed by the board under this section.

Subd. 4. Other identification. The board may authorize the use of ear tattoos, brands, or other suitable identification instead of the vaccination certificate required by this section.

Subd. 5. Penalty. A violation of this section or rules or quarantines of the board adopted under this section is a gross misdemeanor, and any auctioneer

convicted of knowingly conducting a sale of cattle in violation of this section shall forfeit the auctioneer's license until its renewal is approved by the authority which issued the license.

History: 1985 c 265 art 1 s 1

35.251 ANAPLASMOSIS TESTING.

Breeding cattle entering Minnesota must have a health certificate evidencing a negative test for anaplasmosis conducted at a state or federal laboratory within 30 days of entry. Cattle without a certificate must be immediately quarantined and tested for anaplasmosis at the expense of the cattle owner. Cattle having a positive reaction to the anaplasmosis test must remain quarantined until they test free of anaplasmosis or be slaughtered. An anaplasmosis test is not required of steers, cattle shipped directly to a slaughtering establishment, cattle sent to a quarantine feed lot, and other cattle excepted by board rule. The board may adopt rules to implement this section.

History: 1985 c 265 art 1 s 1

35.255 PSEUDORABIES PROGRAM RULES.

The board of animal health shall adopt rules to implement a program to control pseudorabies in swine, including pseudorabies testing of breeding swine and restricted movement of feeder pigs.

History: 1985 c 265 art 1 s 1

35.67 RABIES INVESTIGATION.

If the executive secretary of the board, the chief health officer of a city, the executive officer of a town board of health, or the board of health of a statutory city receives a written complaint that rabies exists in a town or city in the officer's or board's jurisdiction, the officer or board shall investigate, either personally or through subordinate officers, the truth of the complaint. An officer may also make an investigation and determination independently, without having received a complaint. The fact that an executive officer of a town or city has investigated and determined that rabies does not exist in a jurisdiction does not deprive the executive secretary of the board of jurisdiction or authority to make an investigation and determination with reference to the territory. For the purposes of sections 35.67 to 35.69, the jurisdiction of the executive secretary of the board is the entire state.

History: 1985 c 265 art 1 s 1

35.68 RABIES PROCLAMATION.

An officer who investigates and finds that rabies does exist in a town or city shall make and file a proclamation of the investigation and determination which prohibits the owner or custodian of any dog from allowing the dog to be at large within the town or city unless the dog is effectively muzzled so that it cannot bite any other animal or person.

If the executive secretary of the board, after investigation, has determined that rabies exists in any territory in the state, similar proclamations must be issued in all towns and cities within the territory or area in which it is necessary to control the outbreak and prevent the spread of the disease. The proclamation must prohibit the owner or custodian of any dog within the designated territory from permitting or

allowing the dog to be at large within the territory unless the dog is effectively muzzled so that it cannot bite any other animal or person.

All local peace officers and health officers shall enforce sections 35.67 to 35.69. A violation of sections 35.67 to 35.69 is a misdemeanor.

A proclamation issued by the executive officer of a town board of health must be filed with the town clerk. One issued by the chief health officer of a city must be filed with the city clerk. One issued by the executive secretary of the board must be filed with the clerk of each town and city within the territory it covers.

Each officer with whom the proclamation is filed shall publish a copy of it in one issue of a legal newspaper published in the clerk's town or city if one is published there. If no newspaper is published there, the clerk must post a copy of the proclamation in three public places. Publication is at the expense of the municipality.

Proof of publication must be by affidavit of the publisher and proof of posting must be by the person doing the posting. The affidavit must be filed with the proclamation. The proclamation is effective five days after the publication or posting and remains effective for the period of time not exceeding six months specified in it by the officer making the proclamation.

History: 1985 c 265 art 1 s 1

35.69 UNMUZZLED DOGS NOT PERMITTED AT LARGE.

The owner or custodian of a dog may not permit it to be at large, either on the premises of the owner or elsewhere, within any city or town covered by a proclamation made under section 35.68, during the time the proclamation is in force, unless the dog is effectively muzzled so that it cannot bite any other animal or person.

Any person may kill a dog running at large on the public streets or roads in violation of sections 35.67 to 35.69. The owner of the dog has no claim against the person who kills the dog.

Peace officers and health officers shall file a complaint concerning any known violation of sections 35.67 to 35.69.

History: 1985 c 265 art 1 s 1

35.70 VIOLATIONS; PENALTIES.

Subdivision 1. **Violation of this chapter.** A violation of this chapter, except as provided in subdivision 4, or any board rule or order made under the authority of this chapter is a misdemeanor.

Subd. 3. **Influencing a sale.** A veterinarian who is an agent or representative of the board or any other public official may not suggest, recommend, or try to influence or persuade the owner of any animal affected with any disease listed in section 35.08, directly or indirectly, to sell, barter, exchange, ship, or otherwise dispose of the animal to any particular person, firm, association, or corporation. A violation of section 35.08 or 35.09 is a gross misdemeanor.

Subd. 4. **Transporting livestock.** A transportation company or corporation or its agent, the owner or driver of any truck for hire or private truck, or any person violating section 35.15 or 35.16 is guilty of a gross misdemeanor and is liable in a civil action to any person injured for the full amount of damages that may result from the violation of section 35.15 or 35.16. Action may be brought in any county

in the state in which the cattle are sold, offered for sale, or delivered to a purchaser, or anywhere they are detained in transit.

Subd. 7. **Rabies.** A violation of sections 35.67 to 35.69 is a misdemeanor.

History: 1985 c 265 art 1 s 1

35.71 UNCLAIMED AND UNREDEEMED ANIMALS IMPOUNDED; SCIENTIFIC USE OR OTHER DISPOSITION.

Subdivision 1. **Definitions.** As used in this section, "establishment" means any public or private agency, person, society, or corporation having custody of animals which are seized under the authority of the state or any political subdivision of the state and "institution" means a school or college of agriculture, veterinary medicine, medicine, pharmacy, or dentistry, or an educational or scientific establishment properly concerned with investigation or instruction concerning the structure or functions of living organisms or the cause, prevention, control, or cure of diseases or abnormal conditions of human beings or animals.

Subd. 2. **Application for license.** An institution may apply to the board for a license to obtain animals from establishments. If, after investigation, the board finds that the institution requesting a license is a fit and proper agency to receive a license, and that the public interest will be served by granting it a license, the board may issue a license to the institution authorizing it to obtain animals under this section.

Subd. 3. **Stray animals; seizure, disposition.** All animals seized by public authority must be held for redemption by the owner for at least five regular business days of the impounding agency or for a longer time specified by municipal ordinance. For the purpose of this subdivision, "regular business day" means a day during which the establishment having custody of an animal is open to the public not less than four consecutive hours between the hours of 8:00 A.M. and 7:00 P.M. Establishments must maintain the following records of the animals in custody, and preserve the records for at least six months:

- (a) the description of the animal by species, breed, sex, approximate age, and other distinguishing traits;
- (b) the location at which the animal was seized;
- (c) the date of seizure;
- (d) the name and address of the person from whom any animal three months of age or over was received; and
- (e) the name and address of the person to whom any animal three months of age or over was transferred.

The records must be maintained in a form permitting easy perusal by the public. A person may view the records and animals in custody at any time during which the establishment is open to the public. At the end of the five-day period, all animals which remain unredeemed must be made available to any licensed institution which has requested that number of animals. However, if a tag affixed to the animal or a statement by the animal's owner after the animal's seizure specifies that the animal may not be used for research, the animal must not be made available to any institution and may, in the discretion of the establishment, be destroyed after the expiration of the five-day period. If a request is made by a licensed institution to an establishment for more animals than are available at the time of the request, the establishment must withhold from destruction all unclaimed and unredeemed animals until the request has been filled. The actual expense of holding animals beyond the time of notice to the institution of their availability must be borne by the institution receiving them. An establishment which fails or refuses to comply with

this section is ineligible for any further public funds from any county or municipality. Upon receipt of a sworn statement by an authorized officer or employee of a licensed institution of noncompliance by any establishment with this section, the treasurer of any municipality or other political subdivision of the state may not pay any public funds to the establishment until the complainant withdraws its statement of noncompliance or until the board either determines that the complaint of noncompliance was without foundation or that the establishment has given adequate assurance of future compliance and the treasurer of the municipality or other political subdivision has been notified of the determination in writing. If it appears upon a person's complaint that an officer, agent, or employee of an establishment is violating or failing to carry out the provisions of this section, the attorney general or county attorney of the county in which the establishment is located, in addition to any other remedies, may bring an action in the name of the state against the establishment, officer, agent, or employee to enjoin compliance with this section.

Subd. 4. Transportation of animals. A licensed institution must provide, at its own expense, for the transportation of animals from the establishment to the institution and must use them only in the conduct of its scientific and educational activities.

Subd. 5. Annual license fee. Each licensed institution must pay to the board a license fee of \$50 for each calendar year or part of a calendar year. License fees must be deposited in the general fund of the state treasury.

Subd. 6. Revocation of license. After 15 days' written notice and an opportunity to be heard, the board may revoke the license granted any institution if the institution has (1) violated this section, or (2) failed to comply with the conditions of the board in respect to the issuance of its license.

Subd. 7. Rules. The board may adopt rules consistent with this section necessary to carry out the provisions of this section, and may, if the board considers it advisable or in the public interest, inspect or investigate any institution which has applied for a license or has been granted a license under this section.

Subd. 8. Penalty. It is a misdemeanor for any person or corporation to violate this section.

History: 1985 c 265 art 1 s 1

35.72 MILK OR CREAM; TESTING BY BOARD.

Subdivision 1. Establishment defined. As used in this section "establishment" means a creamery, milk or cream collecting station, or place of business where milk or cream is purchased or assembled for processing or sale.

Subd. 2. Right of entry on premises. The board or its authorized agents may enter the premises or buildings of any establishment to collect samples of milk or cream delivered to the establishment.

Subd. 3. Samples, procurement. Upon demand of the board or its authorized agents, the operator of an establishment shall submit containers of milk or cream delivered to the establishment to the board or agents before any milk or cream is removed or any substance or thing is added, and shall allow the board or agent to take a sample of one ounce in weight or less of milk or cream from each container for the purpose of applying any recognized test to determine the existence of disease in the cattle which produced the milk or cream.

Subd. 4. Names, addresses. The operator of the establishment shall furnish the board or agents the name and address of the person delivering each container of milk or cream to the establishment, and the name and address of the owner or caretaker of the cattle which produced the milk or cream.

Subd. 5. **Contamination, prevention.** The board or agent shall use due diligence to prevent contamination of the milk or cream while procuring samples and to delay as little as possible the normal operation of the establishment.

Subd. 6. **Violation, penalty.** A violation of this section is a misdemeanor.

History: 1985 c 265 art 1 s 1

35.73 DEFINITIONS.

Subdivision 1. **Terms.** For the purposes of sections 35.73 to 35.80 the terms defined in this section have the meanings given.

Subd. 3. **Person.** "Person" means an individual, firm, partnership, company, or corporation, including the state of Minnesota, its public institutions and agencies, and all political subdivisions of the state.

Subd. 4. **Garbage.** "Garbage" means animal or vegetable refuse, including all waste material, by-products of a kitchen, restaurant, or slaughter house, and refuse accumulation of animal, fruit, or vegetable matter, liquid or solid, but does not mean vegetable waste or by-products resulting from the manufacture or processing of canned or frozen vegetables.

History: 1985 c 265 art 1 s 1

35.74 EXCEPTIONS.

Sections 35.73 to 35.80 do not apply to a person who feeds his or her animals or poultry garbage obtained only from his or her private household.

History: 1985 c 265 art 1 s 1

35.75 LICENSES.

Subdivision 1. **Requirement, renewal.** No person shall feed garbage to livestock or poultry without first securing a license from the board, and no person shall transport garbage over the public highways of this state for the purpose of feeding it to livestock or poultry unless the person has a license. A license must be renewed on or before the first day of July each year.

Subd. 2. **Application.** A person desiring a license or the renewal of a license to feed garbage to livestock and poultry shall make written application to the board in accordance with its rules.

Subd. 3. **Revocation; refusal to issue.** Upon determination that a person who has or has applied for a license issued under sections 35.73 to 35.80 has violated or failed to comply with sections 35.73 to 35.80 or any rules made under those sections, the board may revoke the license or refuse to issue a license to the applicant.

History: 1985 c 265 art 1 s 1

35.76 GARBAGE, TREATMENT.

No person may feed garbage to livestock or poultry until it has been thoroughly heated to at least 212 degrees Fahrenheit for a continuous period of at least 30 minutes unless it is treated in some other manner which is approved in writing by the board as being equally effective for the protection of public health and the control of livestock diseases, and no person may knowingly permit livestock or poultry owned or controlled by him or her to have access to any garbage which has not been heated or otherwise treated pursuant to this section.

History: 1985 c 265 art 1 s 1

35.77 QUARANTINE, PERMIT FOR REMOVAL OF LIVESTOCK OR POULTRY.

All premises on which garbage is fed to livestock or poultry are under quarantine and must be maintained in a reasonably sanitary condition. Livestock or poultry to which garbage has been fed may not be removed from the premises except under a permit from the board.

History: 1985 c 265 art 1 s 1

35.78 INSPECTION AND INVESTIGATION OF PREMISES, RECORDS.

An authorized representative of the board may enter any property at reasonable times for the purpose of inspecting and investigating conditions relating to the feeding and treating of garbage to be fed to livestock and poultry. An authorized representative of the board may examine records or memoranda pertaining to the feeding of garbage to livestock and poultry, or pertaining to the acquisition and sale of garbage-fed livestock and poultry. The board may require the maintenance of records relating to the operation of equipment for a procedure of treating garbage to be fed to swine. Copies of the records must be submitted to the board on request.

History: 1985 c 265 art 1 s 1

35.79 ENFORCEMENT.

The board shall administer and enforce sections 35.73 to 35.80 and may make and enforce reasonable rules it considers necessary to carry out their provisions.

History: 1985 c 265 art 1 s 1

35.80 VIOLATIONS.

A person who violates sections 35.73 to 35.80, fails to perform any duties imposed by those sections, or violates any rule made under those sections is guilty of a misdemeanor. Each day upon which violation occurs is a separate violation.

History: 1985 c 265 art 1 s 1

35.81 TRANSPORTATION OF ANIMALS AND POULTRY, RULES.

The board may make reasonable rules for the cleaning and disinfection of railroad cars, automobiles, trucks, and other vehicles used as public carriers for the transportation of live animals and poultry over the public highways and railroads within the state.

History: 1985 c 265 art 1 s 1

35.82 RENDERING PLANT PERMITS; DISPOSITION OF CARCASSES.

Subdivision 1. Permit required. No person may engage in the business of rendering all or parts of animals, poultry, or fish, including scraps and grease, without first obtaining a permit from the board in accordance with the rules adopted by the board relative to transportation, rendering, and other provisions the board considers necessary to prevent the spread of disease.

Subd. 1b. Carcasses for pet or mink food. (a) The board, through its executive secretary, may issue a permit to the owner or operator of a pet food processing establishment, a mink rancher, or a supplier of an establishment, located within the boundaries of Minnesota, to transport the carcasses of domestic animals that have died or have been killed, other than by being slaughtered for human consumption,

over the public highways to the establishment for pet food or mink food purposes only. The owners and operators of pet food processing establishments or their suppliers and mink ranch operators located in any adjacent state with which a reciprocal agreement is in effect under subdivision 3 are not required to possess a permit issued under this subdivision. The permit is valid for one year following the date of issue unless it is revoked.

(b) The owner or operator of a pet food processing plant or mink ranch shall employ an official veterinarian. A veterinarian named in the permit application who is accepted by the board to act as the official veterinarian is authorized to act as its representative.

(c) Carcasses collected by owners or operators under permit may be used for pet food or mink food purposes if the official veterinarian examines them and finds them suitable for pet food or mink food purposes.

(d) Carcasses not passed by the official veterinarian for pet food or mink food purposes must be disposed of by a rendering plant operating under permit from the board.

(e) The board must require pet food processing establishments, owners and operators of mink ranches, and suppliers of these establishments to conform to rules of the board applicable to rendering plants within the state.

Subd. 2. Disposition of carcasses. (a) Except as provided in subdivision 1b, every person owning or controlling any domestic animal that has died or been killed otherwise than by being slaughtered for human or animal consumption, shall as soon as reasonably possible bury the carcass at least three feet deep in the ground or thoroughly burn it. The board, through its executive secretary, may issue permits to owners of rendering plants located in Minnesota which are operated and conducted as required by law, to transport carcasses of domestic animals and fowl that have died, or have been killed otherwise than by being slaughtered for human or animal consumption, over the public highways to their plants for rendering purposes in accordance with the rules adopted by the board relative to transportation, rendering, and other provisions the board considers necessary to prevent the spread of disease. The board may issue permits to owners of rendering plants located in an adjacent state with which a reciprocal agreement is in effect under subdivision 3.

(b) Carcasses collected by rendering plants under permit may be used for pet food or mink food if the owner or operator employs an official veterinarian. If the veterinarian named in the application is accepted by the board to act as the official veterinarian, the veterinarian is the board's authorized representative.

(c) Carcasses may be used for pet food or mink food if the official veterinarian examines each carcass and determines that the carcass is suitable for pet food or mink food purposes. Carcasses not passed by the official veterinarian for pet food or mink food purposes must be disposed of by rendering.

(d) An authorized employee or agent of the board may enter private or public property and inspect the carcass of any domestic animal that has died or has been killed other than by being slaughtered for human or animal consumption. Failure to dispose of the carcass of any domestic animal within the period specified by this subdivision is a public nuisance. The board may petition the district court of the county in which a carcass is located for a writ requiring the abatement of the public nuisance. A civil action commenced under this paragraph does not preclude a criminal prosecution under this section. No person may sell, offer to sell, give away, or convey along a public road or on land the person does not own, the carcass of a domestic animal when the animal died or was killed other than by being slaughtered for human or animal consumption unless it is done with a special permit pursuant to

this section. The carcass or parts of a domestic animal that has died or has been killed other than by being slaughtered for human or animal consumption may be transported along a public road for a medical or scientific purpose if the carcass is enclosed in a leak proof container to prevent spillage or the dripping of liquid waste. The board may adopt rules relative to the transportation of the carcass of any domestic animal for a medical or scientific purpose. A carcass on a public thoroughfare may be transported for burial or other disposition in accordance with this section.

No person shall negligently or willfully permit diseased animals owned or controlled by him or her to escape his or her control or to run at large. A violation of this section is a misdemeanor.

Subd. 3. **Reciprocity.** The executive secretary of the board may enter into a reciprocal agreement on behalf of this state with an adjacent state which provides for permits to be issued to rendering plants, pet food processing establishments or suppliers of establishments, and mink ranch operators located in either state to transport carcasses to their plants, establishments, or ranches over the public highways of this state and the reciprocating state.

This subdivision applies if the adjacent state has in effect standards and requirements which are the equivalent of the standards and requirements of this state as established by the board.

Subd. 4. **Domestic animals.** The term "domestic animal" as used in this section does not include any species of domestic animal which in common practice is maintained in the home of the owner whether or not the particular domestic animal was so housed at any time prior to its death. Nothing in this section limits the authority of local governmental units to regulate the disposition of carcasses of domestic animals excluded from the provisions of this section by this subdivision.

History: 1985 c 265 art 1 s 1

35.821 DEFINITIONS.

Subdivision 1. **Scope.** Unless the context clearly indicates otherwise, for the purposes of sections 35.821 to 35.831 the terms defined in this section have the meanings given them.

Subd. 3. **Brand.** "Brand" means a permanent identification mark, of which the letters, numbers, and figures used are each four inches or more in length or diameter and burned into the hide of a live animal with a hot iron, which is to be considered in relation to its location on the animal. The term relates to both the mark burned into the hide and its location. In the case of sheep, the term includes, but is not limited to, a painted mark which is renewed after each shearing.

Subd. 4. **Mark.** "Mark" means a permanent identification cut from the ear or ears of a live animal.

Subd. 5. **Animal.** The term "animal" means any cattle, horse, sheep, or mule.

History: 1985 c 265 art 1 s 1

35.822 REGISTRATION OF MARKS OR BRANDS WITH BOARD.

The board shall approve marks or brands for registration, issue certificates of approval, and administer sections 35.821 to 35.831. The board shall publish a state brand book containing a facsimile of each mark or brand that is registered with it,

showing the owner's name and address and the pertinent laws and rules pertaining to brand registrations and reregistrations.

History: 1985 c 265 art 1 s 1

35.824 APPLICATION FOR REGISTRATION; PENALTIES, DUPLICATE BRANDS.

The board shall prepare standard forms and supply the forms for distribution to those who desire to apply for a brand. The application must show a left and right side view of the animals upon which a mark or brand will be eligible for registry. The mark or brand location must be designated to the following body regions: head, bregma, right and left jaw, neck, shoulder, rib, hip, and breech. The applicant must select at least three distinct marks or brands listed in preferred order, and three locations on the animal listed in preferred order. The application must be properly signed and notarized and accompanied by a fee of \$10. The mark or brand, if approved and accepted by the board, is valid during the ten-year period in which it is recorded. A person who knowingly places on an animal a mark or brand which has not been registered with the board and which is in duplication of a mark or brand that is registered with the board is guilty of a felony. "Duplication" means the use of a similar mark or brand, used in any position on the animal designated for the use of a registered mark or brand, such as the head, bregma, jaw, neck, shoulder, rib, hip, or breech. A person who alters or defaces a brand or mark on any animal to prevent its identification by its owner is guilty of a felony.

History: 1985 c 265 art 1 s 1

35.825 CHECKING OF APPLICATIONS; CONFLICTS.

Marks or brands received by the board must be held and listed by the board, which shall immediately check the mark or brand applications for conflicts. If a conflict is found, the fee and the conflicting application must be returned to the person making the application.

History: 1985 c 265 art 1 s 1

35.826 STATE BRAND BOOKS; REREGISTRATION OF MARKS, BRANDS.

All approved mark or brand applications must be sorted in a systematic manner and published in the state brand book. Supplements and revised brand books must be published at the discretion of the board. At least six months before expiration, all registered mark or brand owners and assignees must be notified in writing that their marks or brands will terminate in six months and that they must be renewed. A reregistration fee of \$10 must be charged for the ensuing ten-year period or part of ten years. Failure to renew a mark or brand on or before the time specified, in accordance with sections 35.821 to 35.831, is an absolute abandonment to the state of the mark or brand. The board may not reissue a mark or brand abandoned under this section except to the original owner or, after a period of two years, to another applicant upon proper application.

History: 1985 c 265 art 1 s 1

35.827 SALE OF BRAND BOOKS.

The state brand book and all supplements for the ten-year period must be sold to the public at a price which includes the costs of printing, handling, and mailing.

The board shall distribute all brand books and supplements to the sheriff of each county without cost.

History: 1985 c 265 art 1 s 1

35.828 EVIDENCE.

Marks or brands which appear in the state brand book or its supplements or which are registered with the board, are prima facie evidence of ownership and take precedence over similar marks or brands if the question of ownership arises. The owner whose mark or brand does not appear in the state brand book or its supplement and which is not registered with the board must produce evidence to establish title to the property in the event of controversy.

History: 1985 c 265 art 1 s 1

35.829 TRANSFER OF BRANDS.

Only brands registered with the board or appearing in the state brand book or its supplement are subject to sale, assignment, transfer, devise, or bequest, the same as other personal property. The board shall prescribe forms for the sale or assignment of a brand. A transferred brand must be recorded with the board. The fee for recording it is \$10.

History: 1985 c 265 art 1 s 1

35.830 SALE OF BRANDED LIVESTOCK; WRITTEN BILL OF SALE; PENALTY.

Persons selling animals marked or branded with their mark or brand recorded in a current state brand book or its supplement or registered with the board shall execute to the purchaser a written bill of sale bearing the signature and residence of the seller, the name and address of the purchaser, the total number of animals sold, a description of each animal sold as to sex and kind, and all registered brands. The bill of sale must be kept by the purchaser for two years and for as long afterwards as the purchaser owns any of the animals described in the bill of sale. A copy of the bill of sale must be given to each hauler of the animals, other than railroads, and must accompany the shipment of animals while in transit. The bill of sale or a copy must be shown by the possessor on demand to any peace officer or compliance representative of the board. The bill of sale is prima facie evidence of the sale of the animals described by the bill of sale. A violation of this section is a misdemeanor.

History: 1985 c 265 art 1 s 1

35.831 RULES.

The board may make rules it considers necessary to carry out the purposes of sections 35.821 to 35.831.

History: 1985 c 265 art 1 s 1

35.84 FEES FOR SERVICES TO STATE FAIR.

The board shall charge fees to cover all direct and indirect costs of services rendered to the state agricultural society in connection with the state fair. Fees received must be deposited in the state treasury and credited to the general fund.

History: 1985 c 265 art 1 s 1
