150A.06 LICENSURE.

Subdivision 1. Dentists. A person of good moral character not already a licensed dentist of the state, having submitted an application and fee as prescribed by the board and the diploma or equivalent awarded to the person by a dental college approved by the board may be examined by the board or by an agency pursuant to section 150A.03, subdivision 1, in a manner to test the applicant's fitness to practice dentistry. In the case of examinations conducted pursuant to section 150A.03, subdivision 1, applicants may take the examination prior to applying to the board for licensure. The examination shall include an examination of the applicant's knowledge of the laws of Minnesota relating to dentistry and the rules of the board. An applicant is ineligible to retake the clinical examination required by the board after failing it twice until further education and training are obtained as specified by the board by rule. A separate, nonrefundable fee may be charged for each time a person applies. An applicant who passes the examination in compliance with subdivision 2b and meets all other requirements of the board shall be licensed to practice dentistry and supplied with a license by the board.

Subd. 2. Dental hygienists. A person of good moral character not already a licensed dental hygienist of this state, who has graduated from an accredited high school or its equivalent, and has submitted an application and fee as prescribed by the board and the diploma or equivalent awarded to the person by a training school for dental hygienists or its equivalent approved by the board, may be examined by the board or by an agency pursuant to section 150A.03, subdivision 1, in a manner to test the applicant's fitness to practice dental hygiene. In the case of examinations conducted pursuant to section 150A.03, subdivision 1, applicants may take the examination before applying to the board for licensure. Each applicant shall also be examined on the applicant's knowledge of the laws of Minnesota relating to dentistry and of the rules of the board. An applicant is ineligible to retake the clinical examination required by the board after failing it twice until further education and training are obtained as specified by the board by rule. A separate, nonrefundable fee may be charged for each time a person applies. An applicant who passes the examination in compliance with subdivision 2b and meets all the other requirements of the board shall be licensed as a dental hygienist and supplied with a license by the board.

Subd. 2a. Registered dental assistant. A person of good moral character, who has submitted an application and fee as prescribed by the board and the diploma or equivalent awarded to the person by a training school for dental assistants or its equivalent approved by the board, may be examined by the board or by an agency pursuant to section 150A.03, subdivision 1, in a manner to test the applicant's fitness to perform as a registered dental assistant. The diploma or its equivalent must evidence compliance with the time limit requirement of subdivision 7. In the case of examinations conducted pursuant to section 150A.03, subdivision 1, applicants may take the examination before applying to the board for registration. The examination shall include an examination of the applicant's knowledge of the laws of Minnesota relating to dentistry and the rules of the board. An applicant is ineligible to retake the clinical examination required by the board after failing it twice until further education and training are obtained as specified by the board by rule. A separate, nonrefundable fee may be charged for each time a person applies. An applicant who passes the examination in compliance with subdivision 2b and meets all the other requirements of the board shall be registered as a dental assistant. The examination fee set by the board in rule is the application fee until the board amends, repeals, or otherwise changes the rules pursuant to chapter 14.

Subd. 2b. **Examination.** When board members administer the examination for licensure or registration, only those board members qualified for the particular examination may administer it. An examination which the board requires as a condition of licensure or registration must have been taken within the five years before the board receives the application for licensure or registration.

Subd. 3. **Waiver of examination.** All or any part of the examination for dentists or dental hygienists, except that pertaining to the law of Minnesota relating to dentistry and the rules of the board, may, at the discretion of the board, be waived for an applicant who presents a certificate of qualification from the national board of dental examiners or evidence of having maintained an adequate scholastic standing as determined by the board, in dental school as to dentists, or dental hygiene school as to dental hygienists.

Subd. 4. **Licensure by credentials.** Any person who is lawfully practicing dentistry or dental hygiene in another state or Canadian province having and maintaining a standard of examination for licensure and of laws regulating the practice within that state or Canadian province, substantially equivalent to Minnesota's, as determined by the board, who is a reputable dentist or dental hygienist of good moral character, and who deposits, in person, with the board of dentistry a certificate from the board of dentistry of the state or Canadian province in which the applicant is licensed, certifying to the fact of licensure and that the applicant is of good moral character and professional attainments, shall, upon payment of the fee established by the board, be interviewed by the board. The interview shall consist of assessing the applicant's knowledge of dental subjects. If the applicant does not demonstrate the minimum knowledge in dental subjects required for licensure under subdivisions 1 and 2, the application shall be denied. When denying a license, the board may notify the applicant of any specific course that the applicant could take which, if passed, would qualify the applicant for licensure. The denial shall not prohibit the applicant from applying for licensure under subdivisions 1 and 2. If the applicant demonstrates the minimum knowledge in dental subjects required for licensure under subdivisions 1 and 2 and meets the other requirements of this subdivision, a license shall be granted to practice in this state, if the applicant passes an examination on the laws of Minnesota relating to dentistry and the rules of the board of dentistry.

Subd. 5. **Fraud in securing licenses.** Every person implicated in employing fraud or deception in applying for or securing a license to practice dentistry or dental hygiene or in applying for or securing a registration to practice dental assisting or in annually registering a license or registration under sections 150A.01 to 150A.12 is guilty of a gross misdemeanor.

Subd. 6. **Display of name and certificates.** The name, license certificate, and annual registration certificate of every licensed dentist, dental hygienist, or registered dental assistant shall be conspicuously displayed in every office in which that person practices, in plain sight of patients. If there is more than one dentist, dental hygienist, or registered dental assistant practicing or employed in any office, the manager or proprietor of the office shall display in plain sight the name, license certificate and annual registration certificate of each dentist, dental hygienist, or registered dental assistant practicing or employed there. Near or on the entrance door to every office where dentistry is practiced, the name of each dentist practicing there, as inscribed on the license certificate and annual registration certificate of each dentist, shall be displayed in plain sight.

Subd. 7. **Specific graduation requirement.** An applicant shall not be initially registered as a dental assistant if graduation from a school of professional training occurred more than five years before the date the application is received by the board, unless the applicant for registration has been registered or otherwise credentialed to perform the duties, for which registration is sought, by another state or country or by the United States government. The board may, by rule, establish additional educational requirements for licensure of an applicant governed by this subdivision.

150A.08 SUSPENSION, REVOCATION, LIMITATION, MODIFICATION OR DENIAL OF LICENSE.

Subdivision 1. **Grounds.** The board may refuse or by order suspend or revoke, limit or modify by imposing conditions it deems necessary, any license to practice dentistry or dental hygiene or the registration of any dental assistant upon any of the following grounds:

(1) Fraud or deception in connection with the practice of dentistry or the securing of a license or annual registration certificate;

(2) Conviction, including a finding or verdict of guilt, an admission of guilt, or a no contest plea, in any court of a felony or gross misdemeanor reasonably related to the practice of dentistry as evidenced by a certified copy of the conviction;

(3) Conviction, including a finding or verdict of guilt, an admission of guilt, or a no contest plea, in any court of an offense involving moral turpitude as evidenced by a certified copy of the conviction;

(4) Habitual overindulgence in the use of intoxicating liquors;

(5) Improper or unauthorized prescription, dispensing, administering, or personal or other use of any legend drug as defined in chapter 151, of any chemical as defined in chapter 151, or of any controlled substance as defined in chapter 152;

(6) Conduct unbecoming a person licensed to practice dentistry or dental hygiene or registered as a dental assistant, or conduct contrary to the best interest of the public, as such conduct is defined by the rules of the board;

(7) Gross immorality;

(8) Any physical, mental, emotional, or other disability which adversely affects a dentist's, dental hygienist's, or registered dental assistant's ability to perform the service for which the person is licensed or registered;

(9) Revocation or suspension of a license, registration, or equivalent authority to practice, or other disciplinary action or denial of a license or registration application taken by a licensing, registering, or credentialing authority of another state, territory, or country as evidenced by a certified copy of the licensing authority's order, if the disciplinary action or application denial was based on facts that would provide a basis for disciplinary action under this chapter and if the action was taken only after affording the credentialed person or applicant notice and opportunity to refute the allegations or pursuant to stipulation or other agreement;

(10) Failure to maintain adequate safety and sanitary conditions for a dental office in accordance with the standards established by the rules of the board;

(11) Employing, assisting, or enabling in any manner an unlicensed person to practice dentistry;

(12) Failure or refusal to attend, testify, and produce records as directed by the board under subdivision 7; or

(13) Violation of, or failure to comply with, any other provisions of sections 150A.01 to 150A.12, the rules of the board of dentistry, or any disciplinary order issued by the board or for any other just cause related to the practice of dentistry. Suspension, revocation, modification or limitation of any license shall not be based upon any judgment as to therapeutic or monetary value of any individual drug prescribed or any individual treatment rendered, but only upon a repeated pattern of conduct.

Subd. 2. [Repealed, 1976 c 222 s 209]

Subd. 3. **Reinstatement.** Any licensee or registrant whose license or registration has been suspended or revoked may have the license or registration reinstated or a new license or registration issued, as the case may be, when the board deems the action is warranted. The board may require the licensee or registrant to pay all costs of proceedings resulting in the suspension or revocation of license or registration and reinstatement or new license and the fee for reinstatement established by the board.

Any licensee or registrant who has been disciplined by the board in a manner other than by suspension or revocation may be required by the board to pay all costs of proceedings resulting in the disciplinary action.

Subd. 4. Records. The executive secretary of the board shall keep a record of all licenses and registration certificates issued, suspended, or revoked.

Subd. 5. Medical examinations. If the board has probable cause to believe that a dentist, dental hygienist, registered dental assistant, or applicant engages in acts described in subdivision 1, clause (4) or (5), or has a condition described in subdivision 1, clause (8), it shall direct the dentist, dental hygienist, assistant, or applicant to submit to a mental or physical examination or a chemical dependency assessment. For the purpose of this subdivision, every dentist, hygienist, or assistant licensed or registered under this chapter or person submitting an application for a license or registration is deemed to have given consent to submit to a mental or physical examination when directed in writing by the board and to have waived all objections in any proceeding under this section to the admissibility of the examining physician's testimony or examination reports on the ground that they constitute a privileged communication. Failure to submit to an examination without just cause may result in an application being denied or a default and final order being entered without the taking of testimony or presentation of evidence, other than evidence which may be submitted by affidavit, that the licensee, registrant, or applicant did not submit to the examination. A dentist, dental hygienist, registered dental assistant, or applicant affected under this section shall at reasonable intervals be afforded an opportunity to demonstrate ability to start or resume the competent practice of dentistry or perform the duties of a dental hygienist or registered dental assistant with reasonable skill and safety to patients. In any proceeding under this subdivision, neither the record of proceedings nor the orders entered by the board is admissible, is subject to subpoena, or may be used against the dentist, dental hygienist, registered dental assistant, or applicant in any proceeding not commenced by the board. Information obtained under this subdivision shall be classified as private pursuant to the Minnesota Government Data Practices Act.

Subd. 6. Medical records. Notwithstanding contrary provisions of sections 13.42 and 144.651 or any other statute limiting access to medical or other health data, the board may obtain medical data and health records of a licensee, registrant, or applicant without the licensee's, registrant's, or applicant's consent if the information is requested by the board as part of the process specified in subdivision 5. The medical data may be requested from a provider, as defined in section 144.335, subdivision 1, clause (b), an insurance company, or a government agency, including the department of human services. A provider, insurance company, or government agency shall comply with any written request of the board under this subdivision and shall not be liable in any action for damages for releasing the data requested by the board if the data are released pursuant to a written request under this subdivision, unless the information is false and the provider giving the information knew, or had reason to believe, the information was false. Information obtained under this subdivision shall be classified as private under the Minnesota government data practices act.

Subd. 7. Self-incrimination. No person is excused from attending and testifying at any proceeding initiated by the board or from producing any document before the board on the ground that the testimony or evidence required may tend to incriminate the person; but no person may be prosecuted for any crime related to the matter about which the person testifies or produces evidence required or requested by the board if the person first claims a privilege against self-incrimination. This immunity from criminal prosecution does not apply to prosecution for perjury or contempt committed in testifying or producing the evidence.

Subd. 8. Suspension of license. In addition to any other remedy provided by law, the board may, through its designated board members pursuant to section 214.10, subdivision 2, temporarily suspend a license or registration without a hearing if the board finds that the licensee or registrant has violated a statute or rule which the board is empowered to enforce and continued practice by the licensee or registrant would

create an imminent risk of harm to others. The suspension shall take effect upon written notice to the licensee or registrant served by first class mail specifying the statute or rule violated, and the time, date, and place of the hearing before the board. If the notice is returned by the post office, the notice shall be effective upon reasonable attempts to locate and serve the licensee or registrant. Within ten days of service of the notice, the board shall hold a hearing before its own members on the sole issue of whether there is a reasonable basis to continue, modify, or lift the suspension. Evidence presented by the board, licensee, or registrant, shall be in affidavit form only. The licensee or registrant or counsel of the licensee or registrant may appear for oral argument. Within five working days after the hearing, the board shall issue its order and, if the suspension is continued, the board shall schedule a disciplinary hearing to be held pursuant to the administrative procedure act within 45 days of issuance of the order. The administrative law judge shall issue a report within 30 days of the closing of the contested case hearing record. The board shall issue a final order within 30 days of receiving that report. The board may allow a person who was licensed by any state to practice dentistry and whose license has been suspended to practice dentistry under the supervision of a licensed dentist for the purpose of demonstrating competence and eligibility for reinstatement.

Subd. 9. Tax clearance certificate. (a) In addition to the grounds provided in subdivision 1 and notwithstanding subdivision 3, the board may not issue or renew a license to practice dentistry if the commissioner of revenue notifies the board and the licensee or applicant for a license that the licensee or applicant owes the state delinquent taxes in the amount of \$500 or more. The board may issue or renew the license only if (1) the commissioner of revenue issues a tax clearance certificate and (2) the commissioner of revenue or the licensee or applicant forwards a copy of the clearance to the board. The commissioner of revenue may issue a clearance certificate only if the licensee or applicant does not owe the state any uncontested delinquent taxes.

(b) For purposes of this subdivision, the following terms have the meanings given.

(1) "Taxes" are all taxes payable to the commissioner of revenue, including penalties and interest due on those taxes.

(2) "Delinquent taxes" do not include a tax liability if (i) an administrative or court action that contests the amount or validity of the liability has been filed or served, (ii) the appeal period to contest the tax liability has not expired, or (iii) the licensee or applicant has entered into a payment agreement to pay the liability and is current with the payments.

(c) In lieu of the notice and hearing requirements of subdivision 8, when a licensee or applicant is required to obtain a clearance certificate under this subdivision, a contested case hearing must be held if the licensee or applicant requests a hearing in writing to the commissioner of revenue within 30 days of the date of the notice provided in paragraph (a). The hearing must be held within 45 days of the date the commissioner of revenue refers the case to the office of administrative hearings. Notwithstanding any law to the contrary, the licensee or applicant must be served with 20 days' notice in writing specifying the time and place of the hearing and the allegations against the licensee or applicant. The notice may be served personally or by mail.

(d) The board shall require all licensees or applicants for a license to practice dentistry to provide their social security number and Minnesota business identification number on all license applications. Upon request of the commissioner of revenue, the board must provide to the commissioner of revenue a list of all licensees and applicants for a license to practice dentistry including the name and address, social security number, and business identification number. The commissioner of revenue may request a list of the licensees and applicants no more than once each calendar year. Notwithstanding sections 290.61 and 297A.43, the commissioner of revenue may release information necessary to accomplish the purpose of this subdivision.

Subdivision 1. Registration information and procedure. On or before the license or registration certificate expiration date every licensed dentist, dental hygienist, and registered dental assistant shall transmit to the executive secretary of the board, pertinent information required by the board, together with the fee established by the board. At least 30 days before a license or registration certificate expiration date, the board shall send a written notice stating the amount and due date of the fee and the information to be provided to every licensed dentist, dental hygienist, and registered dental assistant.

Subdivision 1. Dental hygienists. Any licensed dentist, public institution, or school authority may use the services of a licensed dental hygienist. Such licensed dental hygienist may perform those services which are educational, diagnostic, therapeutic, or preventive in nature and are authorized by the board of dentistry. Such services shall not include the establishment of a final diagnosis or treatment plan for a dental patient. Such services shall be performed under supervision of a licensed dentist. Any licensed dentist who shall permit the performance of any dental service by a dental hygienist other than those authorized by the board of dentistry, shall be deemed to be violating the provisions of sections 150A.01 to 150A.12, and performance of such unauthorized dental service by a dental hygienist shall constitute a violation of sections 150A.01 to 150A.12.

Subd. 2. Dental assistants. Every licensed dentist who uses the services of any unlicensed person for the purpose of assistance in the practice of dentistry shall be responsible for the acts of such unlicensed person while engaged in such assistance. Such dentist shall permit such unlicensed assistant to perform only those acts which are authorized to be delegated to unlicensed assistants by the board of dentistry. Such acts shall be performed under supervision of a licensed dentist. The board may permit differing levels of dental assistance based upon recognized educational standards, approved by the board, for the training of dental assistants. The board may also define by rule the scope of practice of registered and nonregistered dental assistants. The board by rule may require continuing education for differing levels of dental assistants, as a condition to their registration or authority to perform their authorized duties. Any licensed dentist who shall permit such unlicensed assistant to perform any dental service other than that authorized by the board shall be deemed to be enabling an unlicensed person to practice dentistry, and commission of such an act by such unlicensed assistant shall constitute a violation of sections 150A.01 to 150A.12.

Subd. 3. **Dental technicians.** Every licensed dentist who uses the services of any unlicensed person, other than under the dentist's supervision and within such dentist's own office, for the purpose of constructing, altering, repairing or duplicating any denture, partial denture, crown, bridge, splint, orthodontic, prosthetic or other dental appliance, shall be required to furnish such unlicensed person with a written work order in such form as shall be prescribed by the rules of the board; said work order shall be made in duplicate form, a duplicate copy to be retained in a permanent file in the dentist's office for a period of two years, and the original to be retained in a permanent file for a period of two years by such unlicensed person in that person's place of business. 150A.11 UNLAWFUL ACTS.

Subdivision 1. **Unlawful practice.** It is unlawful for any person to: enable an unlicensed person to practice dentistry; to practice or attempt to practice dentistry without a license; to practice dentistry under the name of a corporation or company; or to practice under any name that may tend to deceive the public or imply professional superiority to or greater skill than that possessed by another dentist. If a dentist practices under the dentist's own name, any public display or cards shall include the initials of the dentist's dental degree, such as D.D.S. or D.M.D., following the name. If a dentist practices under another name, the name shall include some designation which makes clear that the person is practicing dentistry or a specialty of dentistry; and that the names of all of the participating dentists practicing under the name be clearly identified on letterheads and building or office signs that display a name other than the dentist's own name. Any communication between dentist and patient shall clearly indicate the name of the dentist treating the patient. The board may promulgate rules regarding the name under which a dentist may practice. No corporation shall practice dentistry or engage in it, or hold itself out as being entitled to practice dentistry, or furnish dental services or dentists, or advertise under or assume the title of dentists or dental surgeons or equivalent title. No corporation shall furnish dental advice, or advertise or hold itself out with any other person or alone, that it has or owns a dental office or can furnish dental service, dentists, or dental surgeons, or solicit, through itself, or its agents, officers, employees, directors or trustees, dental patronage for any dentist or dental surgeon. This section:

(1) Does not apply to any licensee while acting as an instructor in or under the University of Minnesota, the Mayo Foundation, or any other school in the state recognized by the state board of dentistry;

(2) Does not prohibit dentists from incorporating their practice of dentistry for business purposes under the special provisions of a corporate practice act for dentistry;

(3) Shall not be construed to change or amend the right of licensed dentists to provide dental care under any form of organization that is lawful under the laws of this state, or to contract to sell their services in any manner that is lawful under the laws of this state.

Subd. 2. **Professional advertising.** Public advertising by dentists may be controlled by reasonable rules of the board. Such rules shall include permission for such things as publication of a professional card, reasonable signs on or about the place of business, announcements of changes or opening of offices and telephone listings.

Subd. 3. **Advertising or use of dental services and appliances.** No person shall advertise in any manner the sale, supply, furnishing, construction, reproduction, relining, or repair without a written work-order by a licensed dentist of prosthetic dentures, bridges, plates or other appliances to be used or worn as substitutes for natural teeth, or for the regulation thereof. All such advertisements shall contain the words "A written work order from a licensed dentist is required" in at least 10-point type size. Except for advertising permitted under this subdivision, a person not licensed to

practice dentistry in this state shall not sell or offer any such service or products to other than the dental profession or its ancillary trades, provided, however that the mere delivery of such products to an ultimate consumer or person acting in the consumer's behalf for the purpose of transporting such products to the licensed dentist who provided the work order shall not violate this subdivision. This subdivision shall not apply to mailings, displays, and advertisements the primary distribution of which is to the dental profession or its ancillary trades.

Subd. 4. Dividing fees. It shall be unlawful for any dentist to divide fees with or promise to pay a part of the dentist's fee to, or to pay a commission to, any dentist or other person who calls the dentist in consultation or who sends patients to the dentist for treatment, or operation, but nothing herein shall prevent licensed dentists from forming a bona fide partnership for the practice of dentistry, nor to the actual employment by a licensed dentist of a licensed dental hygienist or another licensed dentist.

150A.12 VIOLATION AND DEFENSES.

Every person who violates any of the provisions of sections 150A.01 to 150A.12 for which no specific penalty is provided herein, shall be guilty of a gross misdemeanor; and, upon conviction, punished by a fine of not more than \$3,000 or by imprisonment in the county jail for not more than one year or by both such fine and imprisonment. In the prosecution of any person for violation of sections 150A.01 to 150A.12, it shall not be necessary to allege or prove lack of a valid license to practice dentistry or dental hygiene but such matter shall be a matter of defense to be established by the defendant.

Subdivision 1. Every complete upper and lower denture and removable dental prosthesis fabricated by a dentist licensed under section 150A.06, or fabricated pursuant to the dentist's work order, shall be marked with the name and social security number of the patient for whom the prosthesis is intended. The markings shall be done during fabrication and shall be permanent, legible and cosmetically acceptable. The exact location of the markings and the methods used to apply or implant them shall be determined by the dentist or dental laboratory fabricating the prosthesis. If in the professional judgment of the dentist or dental laboratory, this identification is not practicable, identification shall be provided as follows:

(a) The social security number of the patient may be omitted if the name of the patient is shown;

(b) The initials of the patient may be shown alone, if use of the name of the patient is impracticable;

(c) The identification marks may be omitted in their entirety if none of the forms of identification specified in clauses (a) and (b) are practicable or clinically safe.

Subd. 2. Any removable dental prosthesis in existence prior to August 1, 1978, which was not marked in accordance with subdivision 1 at the time of its fabrication, shall be so marked at the time of any subsequent rebasing.

Subd. 3. The commissioner of health shall provide technical assistance for marking methods and materials and other matters necessary to effectuate the provisions of this section.

Subd. 4. Failure of any dentist to comply with this section shall be deemed to be a violation for which the dentist may be subject to proceedings pursuant to section 150A.08, provided the dentist is charged with the violation within two years of initial insertion of the dental prosthetic device.
