## CHEMICAL DEPENDENCY TREATMENT

## 254B.01 DEFINITIONS.

Subdivision 1. **Applicability.** The definitions in this section apply to Laws 1986, chapter 394, sections 8 to 20.

Subd. 2. **American Indian.** For purposes of services provided under section 254B.09, subdivision 7, "American Indian" means a person who is a member of an Indian tribe, and the commissioner shall use the definitions of "Indian" and "Indian tribe" and "Indian organization" provided in Public Law Number 93-638. For purposes of services provided under section 254B.09, subdivision 4, "American Indian" means a resident of federally recognized tribal lands who is recognized as an Indian person by the federally recognized tribal governing body.

Subd. 3. **Chemical dependency services.** "Chemical dependency services" means a planned program of care for the treatment of chemical dependency or chemical abuse to minimize or prevent further chemical abuse by the person. Diagnostic, evaluation, prevention, referral, detoxification, and aftercare services that are not part of a program of care licensable as a residential or nonresidential chemical dependency treatment program are not chemical dependency services for purposes of this section.

Subd. 4. **Commissioner.** Unless otherwise indicated, "commissioner" means the commissioner of human services.

Subd. 5. **Local agency.** "Local agency" means the agency designated by a board of county commissioners or a human services board to make placements and submit state invoices according to Laws 1986, chapter 394, sections 8 to 20.

Subd. 6. **Local money.** "Local money" means county levies, community social services block grants, federal social services money, or other money that may be spent at county discretion to provide chemical dependency services eligible for payment according to Laws 1986, chapter 394, sections 8 to 20.

**History:** 1986 c 394 s 8

**NOTE:** This section, as added by Laws 1986, chapter 394, section 8, is effective July 1, 1987. See Laws 1986, chapter 394, section 24.

**NOTE:** This section, as added by Laws 1986, chapter 394, section 8, is repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the regional treatment center chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units. See Laws 1986, chapter 394, section 23.

## 254B.02 CHEMICAL DEPENDENCY ALLOCATION PROCESS.

Subdivision 1. **Chemical dependency treatment allocation.** The commissioner shall annually divide the money available in the chemical dependency fund that is not held in reserve by counties from a previous allocation. Twelve percent of the money must be reserved for treatment of American Indians by eligible vendors under section 254B.05. The remainder of the money must be allocated among the counties according to the following formula, using state demographer data and other data sources determined by the commissioner:

(a) The county non-Indian and over age 14 per capita-months of eligibility for aid to families with dependent children, general assistance, and medical assistance is divided by the total state non-Indian and over age 14 per capita-months of eligibility to determine the caseload factor for each county.

(b) The average median family income for the previous three years for the state is divided by the average median family income for the previous three years for each county to determine the income factor.

(c) The non-Indian and over age 14 population of the county is multiplied by the sum of the income factor and the caseload factor to determine the adjusted population.

(d) \$15,000 shall be allocated to each county.

(e) The remaining funds shall be allocated proportional to the county adjusted population.

**Subd. 2. County adjustment; maximum allocation.** The commissioner shall determine the state money used by each county in fiscal year 1986, using all state data sources. If available records do not provide specific chemical dependency expenditures for every county, the commissioner shall determine the amount of state money using estimates based on available data. In state fiscal year 1988, a county must not be allocated more than 150 percent of the state money spent by or on behalf of the county for chemical dependency treatment services eligible for payment under section 254B.05. The allocation maximums must be increased by 25 percent each year. After fiscal year 1992, there must be no allocation maximum. The commissioner shall reallocate the excess over the maximum to counties allocated less than the fiscal year 1986 state money, using the following process:

(a) The allocation is divided by 1985 state expenditures to determine percentage of prior expenditure, and counties are ranked by percentage of prior expenditure.

(b) The allocation of the lowest ranked county is raised to the same percentage of prior expenditure as the second lowest ranked county. The allocation of these two counties is then raised to the percentage of prior expenditures of the third lowest ranked county.

(c) The operations under paragraph (b) are repeated with each county by ranking until the money in excess of the allocation maximum has been allocated.

**Subd. 3. Reserve account.** The commissioner shall allocate money from the reserve account to counties that, during the current fiscal year, have met or exceeded the base level of expenditures for eligible chemical dependency services from local money. The commissioner shall establish the base level for fiscal year 1988 as the amount of local money used for eligible services in calendar year 1986. In later years, the base level must be increased in the same proportion as state appropriations to implement Laws 1986, chapter 394, sections 8 to 20, are increased. The base level must not be decreased if appropriations are decreased in later years. The local match rate for the reserve account is the same rate as applied to the initial allocation. Reserve account payments must not be included when calculating the county adjustments made according to subdivision 2.

**Subd. 4. Allocation spending limits.** Money allocated according to subdivision 1 and section 254B.09, subdivision 4, is available for payments for up to two years. The commissioner shall deduct payments from the most recent year allocation in which money is available. Allocations under this section that are not used within two years must be reallocated to the reserve account for payments under subdivision 3. Allocations under section 254B.09, subdivision 4, that are not used within two years must be reallocated for payments under section 254B.09, subdivision 5.

**Subd. 5. Administrative adjustment.** The commissioner may make payments to local agencies from money allocated under this section to support administrative activities under sections 254B.03 and 254B.04. The administrative payment must not exceed five percent of the first \$50,000, four percent of the next \$50,000, and three percent of the remaining county allocation and must not be paid if the level of expenditures indicates that the allocation for the year will be exhausted by payments

for services from the allocation. Twenty-five percent of the administrative allowance shall be advanced at the beginning of each year and remaining payments must be made under this section at the end of each quarter from any unspent allocation for that year.

**History:** 1986 c 394 s 9

**NOTE:** This section, as added by Laws 1986, chapter 394, section 9, is effective July 1, 1987. See Laws 1986, chapter 394, section 24.

**NOTE:** This section, as added by Laws 1986, chapter 394, section 9, is repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the regional treatment center chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units. See Laws 1986, chapter 394, section 23.

**254B.03 RESPONSIBILITY TO PROVIDE CHEMICAL DEPENDENCY TREATMENT.**

**Subdivision 1. Local agency duties.** (a) Every local agency shall provide chemical dependency services to persons residing within its jurisdiction who meet criteria established by the commissioner for placement in a chemical dependency residential or nonresidential treatment service. Chemical dependency money must be administered by the local agencies according to law and rules adopted by the commissioner under sections 14.01 to 14.69.

(b) In order to contain costs, the county board shall, with the approval of the commissioner of human services, select eligible vendors of chemical dependency services who can provide economical and appropriate treatment. Unless the local agency is a social services department directly administered by a county or human services board, the local agency shall not be an eligible vendor under section 254B.05. The commissioner may approve proposals from county boards to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. If a county implements a demonstration or experimental medical services funding plan, the commissioner shall transfer the money as appropriate.

**Subd. 2. Chemical dependency services.** (a) Payment from the chemical dependency fund is limited to payments for services other than detoxification that, if located outside of federally recognized tribal lands, would be required to be licensed by the commissioner as a residential or nonresidential treatment program under sections 245.781 to 245.812. Hospitals may apply for and receive licenses to be eligible vendors, notwithstanding the provisions of section 245.791. Vendors receiving payments from the chemical dependency fund must not require copayment from a recipient of benefits for services provided under this subdivision.

(b) A county may, from its own resources, provide chemical dependency services for which state payments are not made.

(c) The commissioner shall coordinate chemical dependency services and determine whether there is a need for any proposed expansion of chemical dependency treatment services. The commissioner shall deny vendor certification to any provider that has not received prior approval from the commissioner for the creation of new programs or the expansion of existing program capacity. The commissioner shall consider the provider's capacity to obtain clients from outside the state based on plans, agreements, and previous utilization history, when determining the need for new treatment services.

**Subd. 3. Local agencies to pay state for county share.** Local agencies shall submit invoices to the state on forms supplied by the commissioner and according to procedures established by the commissioner. Local agencies shall pay the state for the county share of the invoiced services.

**Subd. 4. Division of costs.** The county shall, out of local money, reimburse the state for 15 percent of the cost of chemical dependency services costs paid by the state under this section. Counties may use the indigent hospitalization levy for treatment and hospital payments made under this section. Fifteen percent of any state collections from private or third-party pay must be distributed to the county that paid for the

treatment under this section. If all funds allocated according to section 254B.02 are exhausted by a county and the county has met or exceeded the base level of expenditures under section 254B.02, subdivision 3, the county shall reimburse the state for 15 percent of the costs paid by the state under this section. The commissioner may refuse to pay state funds for services to persons not eligible under section 254B.04, subdivision 1, if the commissioner determines that funds will otherwise not be available for persons who are entitled to chemical dependency fund services.

**Subd. 5. Rules; appeal.** The commissioner shall adopt rules as necessary to implement Laws 1986, chapter 394, sections 8 to 20. The commissioner shall establish an appeals process for use by vendors or recipients when services certified by the county are disputed. The commissioner shall adopt rules and standards for the appeal process to assure adequate redress for persons referred to inappropriate services.

**Subd. 6. Pilot projects.** The commissioner may transfer funds for chemical dependency services from the general fund appropriations for the general assistance, general assistance medical care, and medical assistance programs for pilot projects to design and test procedures needed to implement this legislation. The commissioner shall exempt funds from these sources that are used in pilot projects from relevant provisions of state laws and rules governing the use of these funds. The commissioner may make grants and contracts for this purpose, and the provisions of chapter 14 shall not apply to the procedures and criteria used to implement pilot projects. The commissioner shall submit a detailed plan of the proposed pilot project to the chair of the health and human services subcommittees of the senate finance committee and the chair of the human services division of the house appropriations committee for review prior to the implementation of the pilot project.

**Subd. 7. Commissioner review; complaints.** The commissioner shall:

- (1) provide training and assistance to counties on procedures for processing placements and making payments;
- (2) visit facilities and review records as necessary to determine compliance with procedures established by law and rule;
- (3) take complaints from vendors and recipients and investigate county placement activities as needed to determine compliance with law and rule.

Counties and vendors shall make regular reports as required by the commissioner to facilitate commissioner review.

**Subd. 8. Report to legislature.** The commissioner shall report to the legislature each biennium beginning in 1989 on chemical dependency services provided and expenditures made, and shall make recommendations regarding funding levels and new legislation.

**History:** 1986 c 394 s 10; 1Sp1986 c 3 art 2 s 2

**NOTE:** Subdivisions 1, 2, 3, 4, 5, 7, and 8, as added by Laws 1986, chapter 394, section 10, are effective July 1, 1987. See Laws 1986, chapter 394, section 24.

**NOTE:** This section, as added by Laws 1986, chapter 394, section 10, is repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the regional treatment center chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units. See Laws 1986, chapter 394, section 23.

#### **254B.04 ELIGIBILITY FOR CHEMICAL DEPENDENCY FUND SERVICES.**

**Subdivision 1. Eligibility.** Persons eligible for benefits under sections 256D.01 to 256D.21 and persons eligible for federal health care benefits under section 256B.06 are entitled to chemical dependency fund services.

**Subd. 2. Amount of contribution.** The commissioner shall adopt a sliding fee scale to determine the amount of contribution to be required from persons whose income and nonexempt property are greater than the standard of assistance under sections 256B.06 and 256D.01 to 256D.21. The commissioner may adopt an existing fee scale from another assistance program or from the state facilities by publication in the State Register. The fee scale must not provide assistance to persons whose income is more than 115 percent of the state median income. Payments of liabilities under this section

are medical expenses for purposes of determining spend-down under sections 256B.06 and 256D.01 to 256D.21.

**History:** 1986 c 394 s 11

**NOTE:** This section, as added by Laws 1986, chapter 394, section 11, is effective July 1, 1987. See Laws 1986, chapter 394, section 24.

**NOTE:** This section, as added by Laws 1986, chapter 394, section 11, is repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the regional treatment center chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units. See Laws 1986, chapter 394, section 23.

## 254B.05 VENDOR ELIGIBILITY.

Programs licensed by the commissioner are eligible vendors. Hospitals may apply for and receive licenses to be eligible vendors, notwithstanding the provisions of section 245.791. American Indian programs that, if located outside of federally recognized tribal lands, would be required to be licensed to provide chemical dependency primary treatment, extended care, transitional residence, or outpatient treatment services, are eligible vendors. Detoxification programs are not eligible vendors. Programs that, if located outside of federally recognized tribal lands, would not be licensed as a chemical dependency residential or nonresidential treatment program under sections 245.781 to 245.812 are not eligible vendors. To be eligible for payment under the Consolidated Chemical Dependency Treatment Fund, a vendor must participate in the Drug and Alcohol Abuse Normative Evaluation System or a comparable system approved by the commissioner.

**History:** 1986 c 394 s 12

**NOTE:** This section, as added by Laws 1986, chapter 394, section 12, is effective July 1, 1987. See Laws 1986, chapter 394, section 24.

**NOTE:** This section, as added by Laws 1986, chapter 394, section 12, is repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the regional treatment center chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units. See Laws 1986, chapter 394, section 23.

## 254B.06 REIMBURSEMENT; PAYMENT; DENIAL.

**Subdivision 1. State collections.** The commissioner is responsible for all collections from persons determined to be partially responsible for the cost of care of an eligible person receiving services under Laws 1986, chapter 394, sections 8 to 20. The commissioner may collect all third-party payments for chemical dependency services provided under Laws 1986, chapter 394, sections 8 to 20, including private insurance and federal medicaid and medicare financial participation. The commissioner shall deposit in the general fund a percentage of collections to pay for the cost of billing and collections. The remaining receipts must be deposited in the chemical dependency fund.

**Subd. 2. Allocation of collections.** The commissioner shall allocate all federal financial participation collections to the reserve fund under section 254B.02, subdivision 3. The commissioner shall retain 85 percent of patient payments and third-party payments and allocate the collections to the treatment allocation for the county that is financially responsible for the person. Fifteen percent of patient and third-party payments must be paid to the county financially responsible for the patient. Collections for patient payment and third-party payment for services provided under section 254B.09 shall be allocated to the allocation of the tribal unit which placed the person. Collections of federal financial participation for services provided under section 254B.09 shall be allocated to the tribal reserve account under section 254B.09, subdivision 5.

**Subd. 3. Payment; denial.** The commissioner shall pay eligible vendors for placements made by local agencies under section 254B.03, subdivision 1, and placements by tribal designated agencies according to section 254B.09. The commissioner may reduce or deny payment of the state share when services are not provided according to the placement criteria established by the commissioner. The commissioner may pay for all or a portion of improper county chemical dependency placements and bill the county for the entire payment made when the placement did not comply with criteria established by the commissioner.

**History:** 1986 c 394 s 13

**NOTE:** This section, as added by Laws 1986, chapter 394, section 13, is effective July 1, 1987. See Laws 1986, chapter 394, section 24.

**NOTE:** This section, as added by Laws 1986, chapter 394, section 13, is repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the regional treatment center chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units. See Laws 1986, chapter 394, section 23.

#### **254B.07 THIRD-PARTY LIABILITY.**

The state agency provision and payment of, or liability for, chemical dependency medical care is the same as in section 256B.042.

**History:** 1986 c 394 s 14

**NOTE:** This section, as added by Laws 1986, chapter 394, section 14, is effective July 1, 1987. See Laws 1986, chapter 394, section 24.

#### **254B.08 FEDERAL WAIVERS.**

The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation for the provision of services to persons who need chemical dependency services. The commissioner may seek amendments to the waivers or apply for additional waivers to contain costs. The commissioner shall ensure that payment for the cost of providing chemical dependency services under the federal waiver plan does not exceed the cost of chemical dependency services that would have been provided without the waived services.

**History:** 1986 c 394 s 15

**NOTE:** This section, as added by Laws 1986, chapter 394, section 15, is repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the regional treatment center chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units. See Laws 1986, chapter 394, section 23.

#### **254B.09 INDIAN RESERVATION ALLOCATION OF CHEMICAL DEPENDENCY FUND.**

**Subdivision 1. American Indian chemical dependency account.** The commissioner shall pay eligible vendors for chemical dependency services to American Indians on the same basis as other payments, except that no local match is required when an invoice is submitted by the governing authority of a federally recognized American Indian tribal body on behalf of a current resident of the reservation under this section.

**Subd. 2. American Indian agreements.** The commissioner may enter into agreements with federally recognized tribal units to pay for chemical dependency treatment services provided under Laws 1986, chapter 394, sections 8 to 20. The agreements must require the governing body of the tribal unit to fulfill all county responsibilities regarding the form and manner of invoicing, and provide that only invoices for eligible vendors according to section 254B.05 will be included in invoices sent to the commissioner for payment, to the extent that money allocated under subdivisions 3, 4, and 5 is used.

**Subd. 3. Tribal nonparticipation.** If a federally recognized tribal governing body has not entered into an agreement under subdivision 2 or cancels the agreement, money must be reallocated to the account established by subdivision 5.

**Subd. 4. Tribal allocation.** Forty-two and one-half percent of the American Indian chemical dependency account must be allocated to the federally recognized American Indian tribal governing bodies that have entered into an agreement under subdivision 2 as follows: \$10,000 must be allocated to each governing body and the remainder must be allocated in direct proportion to the population of the reservation according to the most recently available estimates from the federal Bureau of Indian Affairs.

**Subd. 5. Tribal reserve account.** The commissioner shall reserve 7.5 percent of

the American Indian chemical dependency account. The reserve must be allocated to those tribal units that have used all money allocated under subdivision 4 according to agreements made under subdivision 2. An American Indian tribal governing body may receive not more than 30 percent of the reserve account in a year. Money must be allocated as invoices are received.

**Subd. 6. American Indian tribal placements.** After entering into an agreement under subdivision 2, the governing authority of each reservation may submit invoices to the state for the cost of providing chemical dependency services to residents of the reservation according to the placement rules governing county placements, except that local match requirements are waived. The governing body may designate an agency to act on its behalf to provide placement services and manage invoices by written notice to the commissioner and evidence of agreement by the agency designated.

**Subd. 7. Nonreservation Indian account.** Fifty percent of the American Indian chemical dependency allocation must be held in reserve by the commissioner in an account for treatment of Indians not residing on lands of a reservation receiving money under subdivision 4. This money must be used to pay for services certified by county invoice to have been provided to an American Indian eligible recipient. Money allocated under this subdivision may be used for payments on behalf of American Indian county residents only if, in addition to other placement standards, the county certifies that the placement was appropriate to the cultural orientation of the client.

**NOTE:** This section, as added by Laws 1986, chapter 394, section 16, is effective July 1, 1987. See Laws 1986, chapter 394, section 24.

**NOTE:** This section, as added by Laws 1986, chapter 394, section 16, is repealed July 1, 1987, unless adequate funding is made available to meet the cash-flow and capital needs of the regional treatment center chemical dependency units as determined by the commissioner in consultation with the chief executive officers of those units. See Laws 1986, chapter 394, section 23.

#### **254B.10 EXEMPTION.**

Medical assistance funding for all intermediate care facilities providing chemical dependency services on or before January 1, 1986, shall be exempted from the provisions of Laws 1986, chapter 394, sections 8 to 20. The commissioner shall include in the biennial report required under section 254B.03, subdivision 8, recommendations regarding the necessity for continuing this exception beyond July 1, 1989.
