41.56 PROCEDURE.

Subdivision 1. **Loan application; denial.** Any person desiring to acquire farm land may make application with a lender for a family farm security loan. Upon completion of the appropriate forms by the applicant and the lender, the applicant shall forward the application to the commissioner for approval. The commissioner shall prescribe a screening process to determine eligibility and may arrange for local lenders to perform this function for the state. The commissioner may approve the application if the criteria of sections 41.55 and 41.57 are satisfied, and shall notify the applicant and the lender of the decision.

If the application is denied, the commissioner shall provide the applicant with a written statement of the reasons for the denial. An applicant who later becomes eligible may reapply.

Subd. 2. **Approved loans.** On approving a loan application, the commissioner shall notify the applicant and lender of the decision. The applicant and the lender may then complete the transaction for the loan.

Subd. 3. **Default, filing claim.** Within 90 days of a default on a guaranteed family farm security loan, the lender shall send notice to the participant stating that the commissioner must be notified if the default continues for 180 days, and the consequences of that default. The lender and the participant may agree to take any steps reasonable to assure the fulfillment of the loan obligation.

If a participant cannot meet scheduled loan payments because of unique or temporary circumstances and the participant proves sufficiently to the commissioner that the necessary cash flow can be generated in the future, the commissioner may use money in the special account in section 41.61, subdivision 1, to meet the participant's loan obligation for up to two consecutive years. This money must be paid back within eight years with interest at an annual percentage rate four percent below the prevailing Federal Land Bank rate.

A contract for deed participant may enter into an agreement with the commissioner whereby the outstanding principal balance of the loan is reduced by a minimum of ten percent, the loan is reamortized for the years remaining, and the commissioner agrees that the state shall pay the lender 100 percent of the sum due and payable if a default occurs during the remaining term of the reamortized loan.

After 180 days from the initial default, if the participant has not made arrangements to meet the obligation, the lender shall file a claim with the commissioner, identifying the loan and the nature of the default, and assigning to the state all of the lender's security and interest in the loan in exchange for payment according to the terms of the family farm security loan guarantee. In the case of a seller-sponsored loan, the seller may elect to pay the commissioner all sums owed the commissioner by the participant and retain title to the property in lieu of payment by the commissioner under the terms of the loan guarantee. If the commissioner determines that the terms of the family farm security loan guarantee have been met, the commissioner shall authorize payment of state funds to the lender, and shall notify the defaulting party. The state of Minnesota shall then succeed to the interest of the mortgagee or the vendor of the contract for deed. Taxes shall be levied and paid on the land as though the owner were a natural person and not a political subdivision of the state. The commissioner may, on behalf of the state, commence foreclosure or termination proceedings in the manner provided by law.

Subd. 4. Sale of defaulted property. In the event that title to any property is acquired by the state, upon conveyance of title to the state and expiration of the period of redemption, the commissioner shall undertake to sell the property by publishing a notice of the impending sale at least once each week for four successive weeks in a legal newspaper and also in a newspaper of general distribution in the county in which the property to be sold is situated. The notice must describe the lots or tracts to be offered and the terms of sale. Except as further provided, the terms and method of sale shall be determined by the commissioner.

The commissioner shall first attempt to sell the property to a person who is eligible for a family farm security loan. If the commissioner is unable to effect a sale to an eligible person, the commissioner shall attempt to sell the property for cash as provided in subdivision 4a. If the commissioner is unable to effect a sale to an eligible person or for cash, or if the commissioner finds that sale to an eligible person or for cash would not best protect the interests of the state, the commissioner may sell the property on terms which the commissioner finds will best protect the interests of the state. The commissioner may lease any real property which the commissioner is unable to sell with reasonable promptness. In any event, any acquired farm property must be sold within three years after the conveyance of title to the state or after the expiration of the period of redemption. The commissioner may contract for the services of a licensed real estate agent or broker to assist in selling any property acquired under this section and may pay for the services from the proceeds of the sale before proceeds are distributed under subdivision 4b.

Subd. 4a. Sale for cash. In selling any farm property for cash, the commissioner shall follow the procedures provided in this subdivision. The commissioner may sell the property to the highest bidder by taking sealed bids, by bids at public auction, or through negotiation. The commissioner may refuse to accept any or all bids. The successful bidder shall submit bid security in the form of a certified check, money order, or bank draft in the amount of five percent of the bid price on the day of selection and shall remit the balance of the purchase price within 90 days of the date of sale. Upon

remittance by the purchaser of the balance within 90 days of the date of sale, the commissioner shall transfer title to the property, including any acquired mineral rights, to the purchaser by quitclaim deed. In the event that the purchaser fails to remit all of the balance within 90 days of the date of sale, the purchaser forfeits all rights to the property and any money paid for the property and the commissioner shall recommence the sale process specified in this subdivision.

Subd. 4b. Proceeds of sale. Proceeds from the sale of a parcel of property obtained by the state under this section shall be paid into the state family farm program bond account to the extent that proceeds of bonds issued under section 41.62, have been expended by the commissioner of agriculture for the purposes specified in section 41.62. The balance of the sale proceeds shall be paid into the general fund to the extent that funds were disbursed as payment adjustments by the commissioner and into the special account authorized in section 41.61, subdivision 1, to the extent that funds from the special account were disbursed according to the terms of the family farm security loan guarantee and for any insurance premiums or taxes paid on the property. Proceeds in excess of these amounts shall be paid to the lender to the extent that payment to the lender pursuant to the loan guarantee was less than the money due and payable to the lender under the family farm security loan. Proceeds in excess of these amounts shall be paid to cooperating agencies according to the terms of the family farm memorandum of understanding. Additional proceeds, if any, shall be paid into the special account authorized in section 41.61, subdivision 1.

Subd. 5. Guarantee void. The loan guarantee is void only if the guaranteed loan was obtained or retained by fraud or material misrepresentation of which the original lender or subsequent holder had actual knowledge.

Subd. 6. Secondary market guarantees without recourse. In the case of all family farm loan guarantees, except seller-sponsored loan guarantees, the commissioner is authorized to extend said guarantees to a bona fide purchaser of the guaranteed portion of the note and mortgage executed by an original lender and borrower without recourse by the state of Minnesota against said bona fide purchaser of said guaranteed portion, provided the state of Minnesota is made the named beneficiary of a title insurance policy insuring marketable title to the farm land in question and the state of Minnesota is given the written opinion of original lender's counsel that the original loan transaction was fully closed, that disbursements were made correctly, that lender's security was properly perfected and constitutes a valid first lien upon the property, that original borrower's note is a valid and binding obligation, and that all conditions deemed desirable to assure the validity and legal enforceability of the note and mortgage and all agreements delivered to the original lender in connection with the original loan have been complied with satisfactorily. In the event title insurance is, as a practical matter, unavailable or an undue hardship, the commissioner is authorized to provide said guarantee without recourse by the state of Minnesota against said bona fide purchaser provided the state of Minnesota is given the written opinion of competent local counsel concerning marketable title and the written opinion of original lender's counsel that the original loan transaction was fully closed, that disbursements were made correctly, that lender's security was properly perfected and constitutes a valid first lien upon the property, that original borrower's note is a valid and binding obligation, and that all conditions deemed desirable to assure the validity and legal enforceability of the note and mortgage and all agreements delivered to the original lender in connection with the original loan have been complied with satisfactorily. The making of such a guarantee without recourse shall not affect the rights the state of Minnesota may have with respect to the original lender, mortgagor, or any other party.

Subd. 7. Insurance. The commissioner may insure the state against loss to farm properties acquired under this section by fire, lightning, windstorm, tornado, flood, or hail, using any insurance company licensed to do business in Minnesota. The insurance may be in an amount the commissioner determines and the commissioner may pay the premiums from the special account created in section 41.61, subdivision 1.

41.57 TERMS OF THE LOAN.

Subdivision 1. Forms; appraisal procedure; limitations. A family farm security loan shall be transacted on forms approved by the commissioner with the advice of the attorney general. The commissioner shall establish by rule an appraisal procedure and shall thereby determine the value and income potential of the property before guaranteeing a family farm security loan. No guarantee shall be made if the purchase price of the farm land exceeds the appraisal value as determined under the provisions of this subdivision.

Subd. 2. Payment adjustment. To be eligible for payment adjustment a family farm security loan shall have a maximum term of 20 years and shall provide for payments at least annually so that the loan shall be amortized over its term with equal annual payments of principal and interest, adjusted for variable interest rates, except that a loan to be amortized over a term of ten years or less need not provide for equal annual payments of principal and interest. During the first ten years of a family farm security loan, the commissioner shall annually pay to the lender four percent of the outstanding balance due at the beginning of that year and the participant shall pay the remainder of the payment due. After the tenth year, the participant shall make payments according to the stated interest rate. The participant may petition the commissioner for one ten-year renewal of the payment adjustment. If a renewal is granted, in the 21st year the participant shall reimburse the commissioner for the sums paid on the participant's behalf under this subdivision. If no renewal is granted, the participant shall reimburse the commissioner in the 11th year for the sums paid on the participant's behalf under this subdivision. The obligation to repay the payment adjustment is a lien against the property. If the participant does not reimburse the state within the required time period, the commissioner may charge interest at the rate of two percent above the prevailing rate charged by the Federal Land Bank of St. Paul on the net amount owed for the period of delinquency. To recover the adjustment payment due in delinquency cases, the commissioner may proceed to foreclose by advertisement on the lien as if it were a real estate mortgage following the procedures in chapter 580.

Subd. 3. Annual review of net worth. The participant and the participant's dependents and spouse shall annually submit to the commissioner a statement of their net worth. If their net worth in any year exceeds the sum of \$135,000, the participant shall be ineligible for a payment adjustment in that year.

Subd. 4. Additional payment; principal reduction. (a) The commissioner must annually pay to qualified sellers of property, financed by a family farm security loan, an amount approximately equal to the additional state income tax paid as a result of the inclusion in gross income of the interest and payment adjustment earned on a seller sponsored family farm security loan. No payment may be made under this subdivision to a qualified seller, unless the seller agrees to reduce the outstanding principal amount of the loan by three percent effective beginning for the year in which application is made.

(b) The payment amount must be determined as follows:

(1) In order to qualify for a payment, the seller must apply to the commissioner by October 1, 1986. The application must include a copy of the seller's 1985 state income tax return. The commissioner must recompute the seller's total state income tax liability that would be due if the interest and payment adjustment amounts were not includable in gross income for state income tax purposes. The commissioner may require the seller to compute these amounts as part of the application. For calendar year 1986 the amount of the payment equals the reduction in state income tax liability that would occur if the interest and payment adjustment were not included in gross income for state tax purposes.

(2) For calendar years beginning with 1987, the additional payment amount must be determined as follows: (A) The calendar year 1986 payment must be divided by the amount of interest and payment adjustment received during calendar year 1986. (B) The resulting quotient must be multiplied by the interest and payment adjustment

received for the calendar year. (C) The product determined under clause (B) is the payment for the calendar year.

(c) If for a tax year after 1986 the qualified seller's taxable income has changed substantially, the commissioner may provide by rule that upon reapplication a later tax year will be used to compute the quotient under clause (b)(2)(A).

(d)(1) If the seller elects to receive payments under this subdivision, the buyer's payments of principal and interest under the loan must be recalculated. The revised payment schedule must reflect the three percent reduction in the outstanding principal required by paragraph (a) and must provide for equal payments over the remaining term of the loan. The interest rate on the loan may not be increased.

(2) The state's payment adjustment under subdivision 2 and the amount of the payment under paragraph (b) must be calculated on the basis of the outstanding principal amount of the loan before the reduction required by paragraph (a).

(e) The commissioner may make the payments under this subdivision in the same manner provided for the payment adjustment under subdivision 2.

(f) For purposes of this subdivision, the following terms have the meanings given:

(1) "Gross income" means gross income as defined for purposes of chapter 290.

(2) "Qualified seller" means an individual who sold farm land under a seller sponsored loan after April 1, 1978 and before June 28, 1985, and who is a resident of Minnesota during the calendar year and is subject to the payment of Minnesota income taxes.

41.58 SELLER-SPONSORED LOANS.

Subdivision 1. **Authorization.** The commissioner may provide a guarantee to the lenders on seller-sponsored loans when the buyer satisfies the eligibility criteria in section 41.55. The commissioner may also provide a payment adjustment on behalf of the participant in the case of seller-sponsored loans.

Subd. 2. **Negotiability and marketability.** A seller-sponsored loan shall be secured by a purchase money real estate mortgage evidenced by negotiable note or notes as defined in section 336.3-104 or by a contract for deed. The commissioner must be notified in writing within 30 days after a family farm security loan note is sold or exchanged or vendor's interest in a contract for deed is sold, exchanged, assigned or transferred.

41.59 SALE OR CONVEYANCE.

Subdivision 1. **Immediate repayment of loan.** Any participant who sells or conveys the property for which a family farm security loan was issued shall immediately retire the entire indebtedness still owed to the lender and the commissioner. The new owner may negotiate a new family farm security loan, but under no circumstances may the original loan be assumed by the new owner. If the new owner is granted a family farm security loan, the new owner may agree to assume the original participant's responsibility to reimburse the commissioner for a payment adjustment received, as a portion of the total purchase price. That portion of the purchase price may not be included under the guarantee or considered when calculating the payment adjustment for the new owner. This subdivision is not intended to prohibit the participant from granting a security interest in the property for the purposes of securing an additional loan.

Any participant who fails to personally maintain the land covered by a family farm security loan in active agricultural production for a period of time longer than one year is in default. The default may be waived by the commissioner in the event of a physical disability or other extenuating circumstances.

41.595 [Repealed, 1Sp1986 c 2 art 1 s 8]

NOTE: Section 41.595 was enacted by Laws 1986, chapter 398, article 8, section 1 and repealed by Laws 1986, First Special Session chapter 2, article 1, section 8, but also amended by Laws 1986, First Special Session chapter 2, article 3, section 1 to read as follows:

"41.595 Family farm security interest exclusions.

(a) The commissioner shall annually pay to qualified sellers of property, financed by a family farm security loan, an amount approximately equal to the additional state income tax paid as a result of the inclusion in gross income of the interest and payment adjustment earned on a seller-sponsored family farm security loan.

(b) The payment amount must be determined as follows:

(1) In order to qualify for a payment, the seller must apply to the commissioner. The application must include a copy of the seller's 1985 state income tax return and any other information that the commissioner requests to verify that the applicant is a qualified seller. The commissioner shall recompute the seller's total state income tax liability that would be due if the interest and payment adjustment amounts were not includable in gross income for state income tax purposes. The commissioner may require the seller to compute these amounts as part of the application. For calendar year 1986 the amount of the payment equals the reduction in state income tax liability that would occur if the interest and payment adjustment were not included in gross income for state tax purposes.

(2) For calendar years beginning with 1987, the additional payment amount must be determined as follows:

(i) The calendar year 1986 payment must be divided by the amount of interest and payment adjustment received during calendar year 1986.

(ii) The resulting quotient must be multiplied by the interest and payment adjustment received for the calendar year.

(iii) The product determined under clause (ii) is the payment for the calendar year.

(c) If for a tax year after 1986 the qualified seller's taxable income has changed substantially, the commissioner may provide by rule that upon reapplication a later tax year will be used to compute the quotient under clause (b)(2)(i).

(d) The commissioner may make the payments under this section in the same manner provided for the payment adjustment under section 41.57, subdivision 2.

(e) For purposes of this section, the following terms have the meanings given:

(1) "Gross income" means gross income as defined for purposes of chapter 290.

(2) "Qualified seller" means an individual who sold farm land under a seller-sponsored loan prior to July 1, 1985, and who is a resident of Minnesota during the calendar year and subject to the payment of Minnesota income taxes."

NOTE: See also section 41.57, subdivision 4.

41.60 DISCRIMINATION PROHIBITED.

In carrying out their respective duties under Laws 1976, chapter 210, the council and the commissioner shall not discriminate between applicants because of race, color, creed, religion, national origin, sex, marital status, disability, political or ideological persuasion.

41.61 APPROPRIATIONS.

Subdivision 1. Special account; standing appropriation. There is created a special account in the state treasury for the purposes of financing the family farm security program.

The amount needed from time to time to pay lenders for defaulted loans and make other payments authorized by this chapter including insurance premiums, taxes, repairs and maintenance costs, advertising, and other sales expenses on defaulted farms is appropriated from the special account to the commissioner. Money is also appropriated to the commissioner from the special account so that the commissioner may purchase the rights of first lienholders at mortgage foreclosure sales and satisfy certain fixture loans. The sum of all outstanding family farm security loans guaranteed by the commissioner at any time may not exceed \$100,000,000. All bond proceeds received in the fund must be used only for the purposes specified in section 41.62.

41.62 GENERAL OBLIGATION BONDS.

Subdivision 1. **Procedure.** Upon request of the commissioner of agriculture, the commissioner of finance is authorized to issue general obligation bonds of the state in a principal amount not exceeding \$20,000,000 to acquire public lands by providing money to be paid by the commissioner of agriculture from the special account established by section 41.61 to pay lenders for defaulted loans and to purchase the rights of first lienholders at mortgage foreclosure sales. The bonds shall be secured as provided in the Minnesota Constitution, article XI, section 7, and, except as provided in this section, shall be issued and secured as provided in section 16A.641. The proceeds of the bonds, except any premium and accrued interest, shall be deposited in the special account established in section 41.61 and used solely for the purposes specified above and in section 16A.641, subdivision 8. The premium and accrued interest, if any, shall be deposited in the state family farm security program bond account in the state bond fund. The commissioner shall issue only the amount of bonds as from time to time the commissioner determines are necessary for the purposes specified in this section.

Subd. 2. **Terms of bonds.** The commissioner of finance may fix the terms of the bonds in any manner permitted for bonds of a municipality under chapter 475, and may enter into, on behalf of the state, all agreements deemed necessary for this purpose, including those authorized to be entered into by municipalities in chapter 475.

Subd. 3. **Sale of bonds.** If determined by the commissioner of finance to be necessary in order to reduce costs of issuance, to secure a favorable prevailing interest rate, or to receive the bond proceeds by a specified date, or if the terms of the bonds are fixed as provided in sections 475.54, subdivision 5a, and 475.56, paragraph (b), the bonds may be sold by negotiation and without solicitation of sealed bids.

Subd. 4. **Bond fund account.** The commissioner of finance shall maintain in the state bond fund a separate bookkeeping account that shall be designated as the state family farm security program bond account, to record receipts and disbursements of money transferred to the fund to pay bonds issued under this section and to record income from the investment of the money. The income shall be credited to the account in each fiscal year in an amount equal to the approximate average return that year on all funds invested by the commissioner of finance, as determined by the commissioner of finance, times the average balance in the account that year.

Subd. 5. **Transfers, appropriation.** In addition to the money required to be transferred to the state family farm security program bond account under section 41.56, subdivision 4b, and in order to reduce the amount of taxes otherwise required by the Minnesota Constitution to be levied for the state bond fund, the commissioner of finance shall transfer from the general fund to the state family farm security program bond account, on December 1 in each year, a sum of money sufficient in amount, when added to the balance then on hand in that account, to pay all bonds issued under this section and the interest on them due and to become due to and including July 1 in the second ensuing year. All money to be so credited and all income from its investment is annually appropriated for the payment of the bonds and interest on them, and shall be available in the state family farm security program bond account before the levy of the tax in any year required by the Minnesota Constitution, article XI, section 7. The legislature may also appropriate to the state family farm security program bond account any other money in the state treasury not otherwise appropriated, for the security of bonds issued under this section in the event that sufficient money should not be available in the account from the appropriation in this section, before the levy of the tax in any year. The commissioner of finance shall make the appropriate entries in the accounts of the respective funds.

Subd. 6. **Constitutional levy.** On or before December 1 in each year the state auditor shall levy on all taxable property within the state whatever tax may be necessary to produce an amount sufficient, with all money then in the state family farm security program bond account, to pay the entire amount of principal and interest due then or earlier and principal and interest to become due on or before July 1 in the second year thereafter on bonds issued under this section. This tax shall be levied upon all real

property used for a homestead, as well as other taxable property, notwithstanding section 273.13, subdivisions 6 and 7. The tax must not be limited in rate or amount until all the bonds and interest on them are fully paid. The proceeds of this tax are appropriated and shall be credited to the state bond fund, and the principal and interest on the bonds are payable from all the proceeds. As much of the proceeds as is necessary, is appropriated for the payments. If at any time there is insufficient money from the proceeds of the taxes to pay the principal and interest when due on the bonds, the principal and interest must be paid out of the general fund in the state treasury, and the amount necessary for the payment is appropriated.

Subd. 7. Compliance with federal law. The commissioner of finance is authorized to covenant and agree with the holders of the bonds issued under this section that the state will comply, insofar as possible, with the provisions of the United States Internal Revenue Code now or hereafter enacted that are applicable to the bonds and that establish conditions under which the interest to be paid on the bonds will not be includable in gross income for federal tax purposes.

Subd. 8. Taxability of interest. The bonds authorized by this section may be issued without regard to whether the interest to be paid on them is includable in gross income for federal tax purposes.
