352B.01 DEFINITIONS.

Subdivision 1. **Scope.** In this chapter, the terms defined in this section have the meanings given them.

Subd. 2. **Member.** "Member" means:

(a) persons referred to and employed after June 30, 1943, under Laws 1929, chapter 355, as amended or supplemented, currently employed by the state, whose salaries or compensation is paid out of state funds;

(b) a conservation officer employed under section 97A.201, currently employed by the state, whose salary or compensation is paid out of state funds; and

(c) a crime bureau officer who was employed by the crime bureau and was a member of the highway patrolmen's retirement fund on July 1, 1978, whether or not that person has the power of arrest by warrant after that date, or who is employed as police personnel, with powers of arrest by warrant under section 299C.04, and who is currently employed by the state, and whose salary or compensation is paid out of state funds.

Subd. 2a. **Ceta members.** "Member" does not include any person employed in subsidized on-the-job training, work experience, or public service employment as an enrollee under the federal Comprehensive Employment and Training Act after March 30, 1978, unless:

(a) the person has as of the later of March 30, 1978, or the date of employment sufficient service credit in the retirement fund to meet the minimum vesting requirements for a deferred retirement annuity;

(b) the employer agrees in writing on forms prescribed by the executive director to make the required employer contributions, including any employer additional contributions, on account of that person from revenue sources other than funds provided under the federal Comprehensive Employment and Training Act; or

(c) the person agrees in writing on forms prescribed by the executive director to make the required employer contribution in addition to the required employee contribution.

Subd. 3. **Allowable services.** "Allowable service" means:

(a) for members defined in subdivision 2, clause (a), service for which payments have been made to the state patrol retirement fund, and

(b) for members defined in subdivision 2, clauses (b) and (c), service for which payments have been made to the state patrol retirement fund, service for which payments were made to the state police officers retirement fund after June 30, 1961, and all prior service which was credited to a member for service on or before June 30, 1961.

After a member identified in this clause reaches the age of 60, allowable service after that date must not be computed in determining the normal annuity unless the member

was employed as a state police officer before July 1, 1961. If the member was so employed before July 1, 1961, and reaches 60 years of age and has more than 30 years' allowable service at that time, each year and completed month of allowable service acquired by the member must be computed in determining the normal annuity until the member reaches the age of 60. If the member was employed before July 1, 1961, and has less than 30 years of allowable service when the member reaches age 60, each year and completed month of allowable service acquired by the member must be computed in determining the normal annuity not to exceed 30 years of allowable service. The completed year members reach age 60 may be counted in full in determining allowable service. Allowable service also includes any period of absence from duty by a member who, by reason of injury incurred in the performance of duty, is temporarily disabled and for which disability the state is liable under the workers' compensation law, until the date authorized by the executive director for commencement of payment of a disability benefit or return to employment.

Subd. 4. Department head. "Department head" means the head of any department, institution, or branch of the state service that directly pays salaries from state funds to a member who prepares, approves, and submits salary abstracts of employees to the commissioner of finance and state treasurer.

Subd. 6. Accumulated deductions. "Accumulated deductions" means the total sums deducted from the salary of a member and the total amount of assessments paid by a member in place of deductions, and credited to the member's individual account, without interest.

Subd. 7. Fund. "Fund" means the state patrol retirement fund.

Subd. 9. Surviving spouse. "Surviving spouse" means a member's or former member's legally married spouse who resided with the member or former member at the time of death and was married to the member or former member, for a period of at least one year, during or before the time of membership.

Subd. 10. Dependent child. "Dependent child" means a natural or adopted unmarried child of a deceased member under the age of 18 years, including any child of the member conceived during the lifetime of the member and born after the death of the member.

Subd. 11. Average salary. "Average monthly salary" means the average of the highest monthly salaries for five years of service as a member. It does not include any amounts of severance pay or any reduced salary paid during the period the person is entitled to workers' compensation benefit payments for temporary disability.

Subd. 1c. Employer contributions. In addition to member contributions, department heads shall pay a sum equal to 18.9 percent of the salary upon which deductions were made, which shall constitute the employer contribution to the fund. Department contributions must be paid out of money appropriated to departments for this purpose.

Subd. 1d. Fund revenue and expenses. The amounts provided for in this section must be credited to the state patrol retirement fund. All money received must be

The fund must be used to pay the administrative expenses of the retirement fund, and the benefits and annuities provided in this chapter. Appropriate amounts shall be transferred to or withdrawn from the Minnesota postretirement investment fund as provided in section 352B.26.

Subd. 1e. **Audit; actuarial valuation.** The legislative auditor shall audit the fund. Any approved actuary retained by the executive director under section 352.03, subdivision 6, may perform actuarial valuations and experience studies to supplement those performed by the commission-retained actuary. Any supplemental actuarial valuation or experience studies shall be filed with the executive director of the legislative commission on pensions and retirement.

352B.08 BENEFITS.

Subdivision 1. Who is eligible; when to apply; accrual. Every member who is credited with five or more years of allowable service is entitled to separate from state service and upon becoming 55 years old, is entitled to receive a life annuity, upon separation from state service. Members shall apply for an annuity in a form and manner prescribed by the executive director. No application may be made more than 60 days before the date the member is eligible to retire by reason of both age and service requirements. An annuity begins to accrue no earlier than 90 days before the date the application is filed with the executive director.

Subd. 2. Normal retirement annuity. The annuity must be paid in monthly installments. The annuity shall be equal to the amount determined by multiplying the average monthly salary of the member by 2-1/2 percent for each year and pro rata for completed months of service not exceeding 25 years and two percent for each year and pro rata for completed months of service in excess of 25 years.

Subd. 3. Optional annuity forms. In lieu of the single life annuity provided in subdivision 2, the member or former member with ten years or more of service may elect an optional annuity form. The board of the Minnesota state retirement system shall establish a joint and survivor annuity, payable to a designated beneficiary for life, adjusted to the actuarial equivalent value of the single life annuity. The board shall also establish an additional optional annuity with an actuarial equivalent value of the single life annuity in the form of a joint and survivor annuity which provides that the elected annuity be reinstated to the single life annuity provided in subdivision 2, if after commencing the elected joint and survivor annuity, the designated beneficiary dies before the member, which reinstatement is not retroactive but takes effect for the first full month occurring after the death of the designated beneficiary. The board may also establish other actuarial equivalent value optional annuity forms. In establishing actuarial equivalent value optional annuity forms, each optional annuity form shall have the same present value as a regular single life annuity using the mortality table adopted by the board and the interest assumption specified in section 356.215, subdivision 4d, and the board shall obtain the written recommendation of the commission-retained actuary. These recommendations shall be a part of the permanent records of the board.

352B.10 DISABILITY BENEFITS.

Subdivision 1. Injuries, payment amounts. Any member less than 55 years old, who becomes disabled and physically or mentally unfit to perform duties as a direct result of an injury, sickness, or other disability incurred in or arising out of any act of duty, shall receive disability benefits while disabled. The benefits must be paid in monthly installments equal to the member's average monthly salary multiplied (1) by 50 percent and, (2) by an additional 2-1/2 percent for each year and pro rata for completed months of service in excess of 20 years, but not exceeding 25 years and two percent for each year and pro rata for completed months of service in excess of 25 years.

Subd. 2. Under 55; disabled while not on duty. If a member terminates employment after at least five years of service, before reaching the age of 55, because of sickness or injury occurring while not on duty and not engaged in state work entitling the member to membership, and the termination is necessary because the member cannot perform duties, the member is entitled to receive a disability benefit. The benefit must be in the same amount and computed in the same way as if the member were 55 years old at the date of disability and the annuity were paid under section 352B.08. If disability under this clause occurs after five but before ten years service, the disability benefit must be computed as though the member had ten years service.

Subd. 3. Annual and sick leave; work at lower pay. No member shall receive any disability benefit payment when the member has unused annual leave or sick leave or under any other circumstances, when during the period of disability there has been no impairment of salary. Should the member or former member resume gainful work and earn less than the salary received at the date of disability or the salary currently paid for similar positions, the disability benefit must be continued in an amount which when added to earnings does not exceed the salary received at the date of disability or the salary currently paid for similar positions, whichever is higher. The disability benefit must not exceed the disability benefit originally allowed.

Subd. 4. Proof of disability. No disability benefit payment shall be made except upon adequate proof furnished to the director of the existence of the disability. While disability benefits are being paid, the director has the right, at reasonable times, to require the disabled former member to submit proof of the continuance of the disability claimed.

Subd. 5. Optional annuity. A disabled member not eligible for survivorship coverage under section 352B.11, subdivision 2, may choose the normal disability benefit or an optional annuity as provided in section 352B.08, subdivision 2. The choice of an optional annuity must be made before commencement of payment of the disability benefit. It is effective 30 days after receipt of this choice or the date on which the disability benefit begins to accrue, whichever is later. Upon becoming effective, the optional annuity begins to accrue on the date provided for the disability benefit.

History: 1987 c 229 art 7 s 1

352B.101 APPLICATION FOR DISABILITY BENEFIT.

A member claiming a disability benefit must file a written application for benefits in the office of the system in a form and manner prescribed by the executive director. The member shall provide medical evidence to support the application. The benefit begins to accrue the day following the start of disability or the day following the last day for which the member was paid, whichever is later, but not earlier than 90 days before the date the application is filed with the executive director.

History: 1987 c 229 art 7 s 1

352B.105 TERMINATION OF DISABILITY BENEFITS.

Disability benefits payable under section 352B.10 shall terminate at the end of the month the beneficiary becomes 55 years old. If the beneficiary is still disabled when the beneficiary becomes 55 years old, the beneficiary shall be deemed to be a retired member and, if the beneficiary had chosen an optional annuity under section 352B.10, subdivision 5, shall receive an annuity in accordance with the terms of the optional annuity previously chosen. If the beneficiary had not chosen an optional annuity under section 352B.10, subdivision 5, the beneficiary may choose to receive either a normal retirement annuity computed under section 352B.08, subdivision 1, or an optional annuity as provided in section 352B.08, subdivision 2. An optional annuity must be chosen before the beneficiary becomes 55 years old. If an optional annuity is chosen, the optional annuity shall begin to accrue the first of the month following the month in which the beneficiary becomes 55 years old.

History: 1987 c 229 art 7 s 1

352B.11 RETIREES.

Subdivision 1. Refund of payments. A member who has not received other benefits under this chapter is entitled to a refund of payments made by salary deduction, plus interest, if the member is separated, either voluntarily or involuntarily, from state service that entitled the member to membership. In the event of the member's death, the member's estate is entitled to the refund. Interest must be computed at the rate of five percent a year, compounded annually. To receive a refund, the member must apply on a form prescribed by the executive director.

Subd. 2. **Death; payment to spouse and children.** If a member serving actively as a member, a member receiving the disability benefit provided by section 352B.10, subdivision 1, or a former member receiving a disability benefit as provided by section 352B.10, subdivision 3, dies from any cause, the surviving spouse and dependent children are entitled to benefit payments as follows:

(a) A member with at least five years of allowable service or a former member with at least 20 years of allowable service is deemed to have elected a 100 percent joint and survivor annuity payable to a surviving spouse only on or after the date the member or former member became or would have become 55.

(b) The surviving spouse of a member who had credit for less than five years of service shall receive, for life, a monthly annuity equal to 20 percent of that part of the average monthly salary of the member from which deductions were made for retirement. If the surviving spouse remarries, the annuity shall cease as of the date of the remarriage.

(c) The surviving spouse of a member who had credit for at least five years service and who died after attaining 55 years of age, may elect to receive a 100 percent joint and survivor annuity, for life, notwithstanding a subsequent remarriage, in lieu of the annuity prescribed in paragraph (b).

(d) The surviving spouse of any member who had credit for five years or more and who was not 55 years of age at death, shall receive the benefit equal to 20 percent of the average monthly salary as described in clause (b) until the deceased member would have reached the age of 55 years, and beginning the first of the month following that date, may elect to receive the 100 percent joint and survivor annuity. If the surviving spouse remarries before the deceased member's 55th birthdate, benefits or annuities shall cease as of the date of remarriage. Remarriage after the deceased member's 55th birthday shall not affect the payment of the benefit.

(e) Each dependent child shall receive a monthly annuity equal to ten percent of that part of the average monthly salary of the former member from which deductions were made for retirement. A dependent child over 18 and under 22 years of age also may receive the monthly benefit provided in this section, if the child is continuously attending an accredited school as a full-time student during the normal school year as determined by the director. If the child does not continuously attend school but separates from full-time attendance during any part of a school year, the annuity shall cease at the end of the month of separation. In addition, a payment of \$20 per month shall be prorated equally to surviving dependent children when the former member is survived by one or more dependent children. Payments for the benefit of any qualified dependent child must be made to the surviving spouse, or if there is none, to the legal guardian of the child. The maximum monthly benefit must not exceed 40 percent of the average monthly salary for any number of children.

(f) If the member dies under circumstances that entitle the surviving spouse and dependent children to receive benefits under the workers' compensation law, the workers' compensation benefits received by them must not be deducted from the benefits payable under this section.

(g) The surviving spouse of a deceased former member who had credit for five or more years of allowable service, but not the spouse of a former member receiving a disability benefit under section 352B.10, subdivision 3, is entitled to receive the 100 percent joint and survivor annuity at the time the deceased member would have reached the age of 55 years, if the surviving spouse has not remarried before that date. If a former member dies who does not qualify for other benefits under this chapter, the surviving spouse or, if none, the children or heirs are entitled to a refund of the accumulated deductions left in the fund plus interest at the rate of five percent per year compounded annually.

Subd. 2a. **Applications for survivor benefits.** An application for benefits under this section must be filed in the office of the system in a form and manner prescribed by the executive director. The benefit shall begin to accrue the day following the date of death but shall not be retroactive for more than six months before the date the application is filed.

Subd. 3. **Refund; effect.** When any member or former member accepts a refund, all existing service credits and all rights and benefits to which the member or former member was entitled before acceptance of the refund terminate.

Subd. 4. **Re-entry into state service.** When a former member, who has become separated from state service that entitled the member to membership and has received a refund of retirement payments, re-enters the state service in a position that entitles the member to membership, that member shall receive credit for the period of prior allowable state service if the member repays into the fund the amount of the refund, plus interest on it at the rate of five percent per year, at any time before subsequent retirement. Repayment may be made in installments or in a lump sum.

352B.30 COVERAGE BY MORE THAN ONE RETIREMENT SYSTEM OR ASSOCIATION.

Subdivision 1. **Entitlement to annuity.** Any person who has been an employee covered by the Minnesota state retirement system, or a member of the public employees retirement association including the public employees retirement association police and firefighters' fund, or the teachers retirement association, or the state patrol retirement fund, or any other public employee retirement system in Minnesota having a like provision but excluding all other funds providing benefits for police or firefighters is entitled when qualified to an annuity from each fund if total allowable service in all funds or in any two of these funds totals five or more years. No part of the allowable service upon which the retirement annuity from one fund is based may again be used in the computation for benefits from another fund. The member must not have taken a refund from any one of these funds since service entitling the member to coverage under the system or membership in any of the associations last terminated. The annuity from each fund must be determined by the appropriate law except that the requirement that a person must have at least five years allowable service in the

respective system or association does not apply for the purposes of this section if the combined service in two or more of these funds equals five or more years.

Subd. 2. Computation of deferred annuity. Deferred annuities must be computed according to this chapter on the basis of allowable service before termination of service and augmented as provided in this chapter. The required reserves applicable to a deferred annuity must be augmented by interest compounded annually from the first day of the month following the month in which the member terminated service, or July 1, 1971, whichever is later, to the first day of the month in which the annuity begins to accrue. The rates of interest used for this purpose shall be five percent per year compounded annually until January 1, 1981, and after that date three percent per year compounded annually. The mortality table and interest assumption used to compute the annuity shall be those in effect when the member files application for annuity.

Subd. 3. Refund repayment. A person who has received a refund from the state patrol retirement fund who is a member of a public retirement system included in subdivision 1, may repay the refund with interest to the state patrol retirement fund as provided in section 352B.11, subdivision 4.
