**465.56** [Repealed, 1987 c 291 s 244]

**NOTE:** The 1987 amendment to subdivision 1 by Laws 1987, chapter 216, section 2, is now incorporated into section 469.189, pursuant to Laws 1987, chapter 291, section 243.

**465.74 AUTHORIZATION TO OPERATE DISTRICT HEATING SYSTEMS.**

*[For text of subds 1 to 6, see M.S.1986]*

**Subd. 7. Port authorities, ownership and operation of district heating systems.** A port authority organized pursuant to sections 469.048 to 469.068 or a special law may acquire, own, construct, and operate a district heating system or systems to provide heating and cooling services and other energy services within the statutory or home rule charter city within which it is created. The authority may, in conjunction with a district heating system, acquire, own, construct, and operate an energy management and control system to monitor and control users' energy demand within the city as a related ancillary function of the district heating system. The authority may, in conjunction with a district heating system, acquire, own, construct, and operate ancillary services related to an energy management and control system including, but not limited to, sensing and monitoring services for supervision of fire and life safety systems and building security systems within the city.

This section shall be effective for a port authority only after adoption of an ordinance or resolution by the board of the port authority and by the governing body of the city stating their intention to exercise the authority allowed by this section.

A port authority may, with approval of the city, lease part or all of the district heating system or contract with respect to part or all of the district heating system, with any person, corporation, association, or public utility company for the purpose of constructing, improving, operating, or maintaining the district heating system.
