## 115C.03 RESPONSE TO RELEASES.

**Subdivision 1. Corrective action orders.** If there is a release, the commissioner may order a responsible person to take reasonable and necessary corrective actions. The commissioner shall notify the owner of real property where corrective action is ordered to be taken that responsible persons have been ordered to take corrective action and that the owner's cooperation will be required for responsible persons to take that action. When the commissioner has ordered a responsible person to take a corrective action, a political subdivision may not request or order the person to take an action that conflicts with the action ordered by the commissioner.

**Subd. 2. Agency and compelled performance corrective actions.** The agency may take corrective action or request the attorney general to bring an action to compel performance of a corrective action if:

(1) a responsible person cannot be identified;

(2) an identified responsible person cannot or will not comply with the order issued under subdivision 1; or

(3) an administrative or judicial proceeding on an order issued under subdivision 1 is pending.

**Subd. 3. Emergency corrective action.** To assure an adequate response to a release, the commissioner may take corrective action without following the procedures of subdivision 1 if the commissioner determines that the release constitutes a clear and immediate danger requiring immediate action to prevent, minimize, or mitigate damage to the public health and welfare or the environment. Before taking an action under this subdivision, the commissioner shall make all reasonable efforts, taking into consideration the urgency of the situation, to order a responsible person to take a corrective action and notify the owner of real property where the corrective action is to be taken.

**Subd. 4. Release is a public nuisance.** A release is a public nuisance and may be enjoined in an action, in the name of the state, brought by the attorney general.

**Subd. 5. Investigations.** If the commissioner has reason to believe that a release has occurred, the commissioner may undertake reasonable investigations necessary to identify the existence, source, nature, and extent of a release, the responsible persons, and the extent of danger to the public health and welfare or the environment.

Subd. 6. **Duty to provide information.** A person who the commissioner has reason to believe is a responsible person, or the owner of real property where corrective action is ordered to be taken, or who might otherwise have information concerning a release, shall, when requested by the commissioner or any member, employee, or agent of the agency who is authorized by the commissioner, furnish to the commissioner any information that person may have or may reasonably obtain that is relevant to the release.

Subd. 7. **Access to information and property.** The commissioner or any member, employee, or agent of the agency authorized by the commissioner, may, upon presentation of official agency credentials, take any of the following actions:

(1) examine and copy books, papers, records, memoranda, or data of a person who has a duty to provide information to the commissioner under subdivision 6; and

(2) enter upon public or private property for the purpose of taking action authorized by this section, including obtaining information from a person who has a duty to provide the information under subdivision 6, conducting surveys and investigations, and taking corrective action.

Subd. 8. **Classification of data.** Except as otherwise provided in this subdivision, data obtained from a person under subdivision 6 or 7 is public data as defined in section 13.02. Upon certification by the subject of the data that the data relates to sales figures, processes or methods of production unique to that person, or information that would tend to adversely affect the competitive position of that person, the commissioner shall classify the data as private or nonpublic data as defined in section 13.02. Data classified as private or nonpublic under this subdivision may be disclosed when relevant in a proceeding under sections 115C.03 to 115C.10.

Subd. 2. **Avoidance of liability.** (a) A responsible person may not avoid the liability by means of a conveyance of any right, title, or interest in real property; or by any indemnification, hold harmless agreement, or similar agreement.

(b) This subdivision does not:

(1) prohibit a person who may be liable from entering an agreement by which the person is insured, held harmless, or indemnified for part or all of the liability;

(2) prohibit the enforcement of an insurance, hold harmless, or indemnification agreement; or

(3) bar a cause of action brought by a person who may be liable or by an insurer or guarantor, whether by right of subrogation or otherwise.
