## CHAPTER 355 SOCIAL SECURITY COVERAGE

355.50 State employees, appropriation.

## 355.50 STATE EMPLOYEES, APPROPRIATION.

With respect to state employees, each department and agency shall pay the amounts required by sections 355.41 to 355.60 from such accounts and funds from which each department or agency receives its revenue, including appropriations from the general fund and from any other fund, now or hereafter existing, for the payment of salaries and in the same proportion as it pays therefrom the amounts of such salaries. Such payments shall be charged as an administrative cost by such units of state government.

If the federal government increases the required contributions for social security, and as a result of the increase there are insufficient moneys in any such accounts or fund or source of revenue to make the payments to the contribution fund required by sections 355.41 to 355.60 by such departments or agencies, there is hereby appropriated to such department or agency from any moneys in the state treasury not otherwise appropriated such moneys as are required to meet such deficiencies. The amount of each payment made pursuant to these provisions shall be certified by the commissioner of employee relations to the commissioner of finance at such times as the commissioner of finance shall require. The amount certified as necessary to meet a deficiency caused by an increase in federal contribution requirements shall be reported to the senate committee on finance and the house committee on ways and means before the commissioner of finance transfers any money to meet the deficiency.

For those employees of the state or its instrumentalities who as eligible members in the state employees retirement association are employed by the state horticultural society, the disabled American veterans, department of Minnesota, veterans of foreign wars, department of Minnesota, the Minnesota crop improvement association, the Minnesota historical society, the armory building commission and the Minnesota-Wisconsin-Minneapolis-St. Paul survival plan project, these units of government shall also pay into the contribution fund contributions with respect to wages equal to the sum of taxes which would be imposed by the Federal Insurance Contributions Act if the services covered by such agreement or modification constituted employment within the meaning of that act.
