15.50 CAPITOL AREA ARCHITECTURAL AND PLANNING BOARD.

[For text of subd 1, see M.S.1994]

Subd. 2. Capitol area plan. (a) The board shall prepare, prescribe, and from time to time, after a public hearing, amend a comprehensive use plan for the capitol area, called the area in this subdivision, which consists of that portion of the city of Saint Paul comprehended within the following boundaries: Beginning at the point of intersection of the center line of

the Arch-Pennsylvania freeway and the center line of Marion Street, thence southerly along the center line of Marion Street extended to a point 50 feet south of the south line of Concordia Avenue, thence southeasterly along a line extending 50 feet from the south line of Concordia Avenue to a point 125 feet from the west line of John Ireland Boulevard, thence southwesterly along a line extending 125 feet from the west line of John Ireland Boulevard to the south line of Dayton Avenue, thence northeasterly from the south line of Dayton Avenue to the west line of John Ireland Boulevard, thence northeasterly to the center line of the intersection of Old Kellogg Boulevard and Summit Avenue, thence northeasterly along the center line of Summit Avenue to the center line of the new West Kellogg Boulevard, thence southerly along the east line of the new West Kellogg Boulevard, to the center line of West Seventh Street, thence northeasterly along the center line of West Seventh Street to the center line of the Fifth Street ramp, thence northwesterly along the center line of the Fifth Street ramp to the east line of the right-of-way of Interstate Highway 35-E, thence northeasterly along the east line of the right-of-way of Interstate Highway 35-E to the south line of the right-of-way of Interstate Highway 94, thence easterly along the south line of the right-of-way of Interstate Highway 94 to the west line of St. Peter Street, thence southerly to the south line of Exchange Street, thence easterly along the south line of Exchange Street to the west line of Cedar Street, thence northerly along the west line of Cedar Street to the center line of Tenth Street, thence northeasterly along the center line of Tenth Street to the center line of Minnesota Street, thence northwesterly along the center line of Minnesota Street to the center line of Eleventh Street, thence northeasterly along the center line of Eleventh Street to the center line of Jackson Street, thence northwesterly along the center line of Jackson Street to the center line of the Arch-Pennsylvania freeway extended, thence westerly along the center line of the Arch-Pennsylvania freeway extended and Marion Street to the point of origin. If construction of the labor interpretive center does not commence prior to December 31, 2000, at the site recommended by the board, the boundaries of the capitol area revert to their configuration as of 1992.

Under the comprehensive plan, or a portion of it, the board may regulate, by means of zoning rules adopted under the administrative procedure act, the kind, character, height, and location, of buildings and other structures constructed or used, the size of yards and open spaces, the percentage of lots that may be occupied, and the uses of land, buildings and other structures, within the area. To protect and enhance the dignity, beauty, and architectural integrity of the capitol area, the board is further empowered to include in its zoning rules design review procedures and standards with respect to any proposed construction activities in the capitol area significantly affecting the dignity, beauty, and architectural integrity of the area. No person may undertake these construction activities as defined in the board's rules in the capitol area without first submitting construction plans to the board, obtaining a zoning permit from the board, and receiving a written certification from the board specifying that the person has complied with all design review procedures and standards. Violation of the zoning rules is a misdemeanor. The board may, at its option, proceed to abate any violation by injunction. The board and the city of Saint Paul shall cooperate in assuring that the area adjacent to the capitol area is developed in a manner that is in keeping with the purpose of the board and the provisions of the comprehensive plan.

(b) The commissioner of administration shall act as a consultant to the board with regard to the physical structural needs of the state. The commissioner shall make studies and report the results to the board when it requests reports for its planning purpose.

(c) No public building, street, parking lot, or monument, or other construction may be built or altered on any public lands within the area unless the plans for the project conform to the comprehensive use plan as specified in paragraph (d) and to the requirement for competitive plans as specified in paragraph (e). No alteration substantially changing the external appearance of any existing public building approved in the comprehensive plan or the exterior or interior design of any proposed new public building the plans for which were secured by competition under paragraph (e) may be made without the prior consent of the board. The commissioner of administration shall consult with the board regarding internal changes having the effect of substantially altering the architecture of the interior of any proposed building.

(d) The comprehensive plan must show the existing land uses and recommend future uses including: areas for public taking and use; zoning for private land and criteria for development of public land, including building areas, open spaces, monuments, and other memorials; vehicular and pedestrian circulation; utilities systems; vehicular storage; elements of landscape architecture. No substantial alteration or improvement may be made to public lands or buildings in the area without the written approval of the board.

(e) The board shall secure by competitions plans for any new public building. Plans for any comprehensive plan, landscaping scheme, street plan, or property acquisition that may be proposed, or for any proposed alteration of any existing public building, landscaping scheme or street plan may be secured by a similar competition. A competition must be conducted under rules prescribed by the board and may be of any type which meets the competition standards of the American Institute of Architects. Designs selected become the property of the state of Minnesota, and the board may award one or more premiums in each competition and may pay the costs and fees that may be required for its conduct. At the option of the board, plans for projects estimated to cost less than \$1,000,000 may be approved without competition provided the plans have been considered by the advisory committee described in paragraph (h). Plans for projects estimated to cost less than \$400,000 and for construction of streets need not be considered by the advisory committee if in conformity with the comprehensive plan.

(f) Notwithstanding paragraph (e), an architectural competition is not required for the design of any light rail transit station and alignment within the capitol area. The board and its advisory committee shall select a preliminary design for any transit station in the capitol area. Each stage of any station's design through working drawings must be reviewed by the board's advisory committee and approved by the board to ensure that the station's design is compatible with the comprehensive plan for the capitol area and the board's design criteria. The guideway and track design of any light rail transit alignment within the capitol area must also be reviewed by the board's advisory committee and approved by the board.

(g) Of the amount available for the light rail transit design, adequate funds must be available to the board for design framework studies and review of preliminary plans for light rail transit alignment and stations in the capitol area.

(h) The board may not adopt any plan under paragraph (e) unless it first receives the comments and criticism of an advisory committee of three persons, each of whom is either an architect or a planner, who have been selected and appointed as follows: one by the board of the arts, one by the board, and one by the Minnesota Society of the American Institute of Architects. Members of the committee may not be contestants under paragraph (e). The comments and criticism must be a matter of public information. The committee shall advise the board on all architectural and planning matters. For that purpose, the committee must be kept currently informed concerning, and have access to, all data, including all plans, studies, reports and proposals, relating to the area as the data are developed or in the process of preparation, whether by the commissioner of administration, the commissioner of trade and economic development, the metropolitan council, the city of Saint Paul, or by any architect, planner, agency or organization, public or private, retained by the board or not retained and engaged in any work or planning relating to the area, and a copy of any data prepared by any public employee or agency must be filed with the board promptly upon completion.

The board may employ stenographic or technical help that may be reasonable to assist the committee to perform its duties.

When so directed by the board, the committee may serve as, and any member or members of the committee may serve on, the jury or as professional advisor for any architectural competition, and the board shall select the architectural advisor and jurors for any competition with the advice of the committee.

The city of Saint Paul shall advise the board.

(i) The comprehensive plan for the area must be developed and maintained in close cooperation with the commissioner of trade and economic development, the planning department and the council for the city of Saint Paul, and the board of the arts, and no plan or amendment of a plan may be effective without 90 days' notice to the planning department of the city of Saint Paul and the board of the arts and without a public hearing with opportunity for public testimony.

(j) The board and the commissioner of administration, jointly, shall prepare, prescribe, and from time to time revise standards and policies governing the repair, alteration, furnishing, appearance, and cleanliness of the public and ceremonial areas of the state capitol building. The board shall consult with and receive advice from the director of the Minnesota state historical society regarding the historic fidelity of plans for the capitol building. The standards and policies developed under this paragraph are binding upon the commissioner of administration. The provisions of sections 14.02, 14.04 to 14.28, 14.38, and 14.44 to 14.45 do not apply to this paragraph.

(k) The board in consultation with the commissioner of administration shall prepare and submit to the legislature and the governor no later than October 1 of each even-numbered year a report on the status of implementation of the comprehensive plan together with a program for capital improvements and site development, and the commissioner of administration shall provide the necessary cost estimates for the program. The board shall report any changes to the comprehensive plan adopted by the board to the committee on governmental operations and gambling of the house of representatives and the committee on governmental operations and reform of the senate and upon request shall provide testimony concerning the changes. The board shall also provide testimony to the legislature on proposals for memorials in the capitol area as to their compatibility with the standards, policies, and objectives of the comprehensive plan.

(l) The state shall, by the attorney general upon the recommendation of the board and within appropriations available for that purpose, acquire by gift, purchase, or eminent domain proceedings any real property situated in the area described in this section, and it may also acquire an interest less than a fee simple interest in the property, if it finds that the property is needed for future expansion or beautification of the area.

(m) The board is the successor of the state veterans service building commission, and as such may adopt rules and may reenact the rules adopted by its predecessor under Laws 1945, chapter 315, and amendments to it.

(n) The board shall meet at the call of the chair and at such other times as it may prescribe.

(o) The commissioner of administration shall assign quarters in the state veterans service building to (1) the department of veterans affairs, of which a part that the commissioner of administration and commissioner of veterans affairs may mutually determine must be on the first floor above the ground, and (2) the American Legion, Veterans of Foreign Wars, Disabled American Veterans, Military Order of the Purple Heart, United Spanish War Veterans, and Veterans of World War I, and their auxiliaries, incorporated, or when incorporated, under the laws of the state, and (3) as space becomes available, to other state departments and agencies as the commissioner may deem desirable.

[For text of subs 2a to 9, see M.S.1994]

Subd. 10. Native vegetation planting. As part of its comprehensive plan and adopted zoning rules, the board shall give priority to the planting of native trees and shrubs, or native grasses wherever appropriate, within the capitol area.

15.56 STATUS OF EMPLOYEES OF OTHER GOVERNMENTS.

[For text of subs 1 to 4, see M.S.1994]

Subd. 5. Contracts between agencies. Sending and receiving agencies may contract for the services of interchanged employees and by contract arrange for the method and amount of payment for employees and other terms of their employment, so far as not governed by sections 15.51 to 15.57. Any interchange of employees contemplated by a department, agency, or instrumentality of the state which is subject to the provisions of chapter 16B, shall be submitted for review to the commissioner of administration before arrangements are entered into for such interchange.

15.91 PERFORMANCE REPORTING FOR AGENCIES OF STATE GOVERNMENT.

Subdivision 1. Definition. For purposes of sections 15.90 to 15.92, "agency" means a department or agency, as designated in section 15.01, the pollution control agency, and the agricultural utilization research institute established in section 116O.09.

Subd. 2. Performance reports. By November 1 of each even-numbered year, each agency shall issue a performance report that includes the following:

- (1) the agency's mission;
- (2) goals and objectives for each major program for which the agency will request funding in its next biennial budget;
- (3) identification of the populations served by the programs; and
- (4) workload, efficiency, output, and outcome measures for each program listed in the report, with data showing each programs' actual performance relative to these measures for the previous four fiscal years and the performance the agency projects it will achieve during the next two fiscal years with the level of funding it has requested.

If it would enhance an understanding of its mission, programs, and performance, the agency shall include in its report information that describes the broader economic, social, and physical environment in which the agency's programs are administered.

Each agency shall send a copy of its performance report to the speaker of the house, president of the senate, legislative auditor, and legislative reference library, and provide a copy to others upon request.

The commissioner of finance shall ensure that performance reports are complete, accurate, and reliable and compiled in such a way that they are useful to the public, legislators, and managers in state government. To maintain a computerized performance data system, the commissioner of finance may require agencies to provide performance data annually.

The legislative auditor shall review and comment on performance reports as provided for by section 3.971, subdivision 3.

15.95 GOVERNMENT INFORMATION ACCESS COUNCIL.

Subdivision 1. Membership. The government information access council consists of the following members:

- (1) all Minnesota residents who are members of the president's national information infrastructure advisory group;
- (2) two commissioners of state agencies, appointed by the governor;
- (3) one person appointed by the University of Minnesota board of regents;
- (4) one person appointed by the board of trustees of the Minnesota state colleges and universities;
- (5) one representative of public television, appointed by the Minnesota public television association;
- (6) one representative aligned with the Minnesota equal access network, appointed by the board of the network;
- (7) one member appointed by the telephone company providing access to the largest number of customers within the state;
- (8) one corporate executive from a company that is a member of the Minnesota business partnership, selected by the partnership;
- (9) one representative of the citizens league, appointed by the league;
- (10) one member of the intergovernmental information systems advisory council, appointed by the council;
- (11) one member appointed by the Minnesota AFL-CIO;
- (12) one member of American Federation of State, County, and Municipal Employees, council 6, appointed by the executive board of council 6;
- (13) one member of the joint media committee, appointed by the committee;

(14) one member representing each of the following groups, appointed by the members of the council appointed under clauses (1) to (13): telephone companies, the cable television industry, and librarians who manage government information;

(15) four additional members representing diverse communities, or private citizens with unique perspectives regarding information policy, appointed by the members of the council appointed under clauses (1) to (14);

(16) one person representing a telecommunication carrier providing interexchange service to the largest number of customers within the state, appointed by the members of the council appointed under clauses (1) to (14);

(17) one member representing a public utility regulated under chapter 216B, appointed by the members of the council appointed under clauses (1) to (14); and

(18) one member representing nonprofit cable communication access centers serving community populations, appointed by members of the council appointed under clauses (1) to (14).

One member of the house of representatives, appointed by the speaker; one member of the senate, appointed by the subcommittee on committees of the committee on rules and administration; one member of the house of representatives, appointed by the minority leader; and one member of the senate, appointed by the minority leader shall serve as members of the council without votes.

[For text of subs 2 and 3, see M.S.1994]

Subd. 4. Executive committee; work groups. (a) The council must establish and appoint an executive committee. The executive committee consists of the following members of the council: one person who is a member of the president's national information infrastructure advisory group, the University of Minnesota representative, the board of trustees of the Minnesota state colleges and universities representative, the telephone company representative appointed under subdivision 1, clause (7), the Minnesota business partnership representative, the librarian representative, one citizen representative, the AFL-CIO representative, and one other member of the council, designated by the council. The executive committee must meet at least monthly. It must recommend organization of other committees or work groups. The executive committee must develop agenda items for the full council.

(b) The council may establish other committees or work groups. Each committee or work group may include up to two persons who are not members of the council.

15.96 DUTIES OF OTHER GROUPS.

(a) The groups in paragraphs (b) to (g) shall work with the government information access council in accomplishing its mission.

(b) The information policy office shall provide technical assistance to the council, and shall oversee state agency efforts to implement projects and programs in accordance with principles adopted by the council.

(c) The University of Minnesota shall continuously assess best practices and conduct other research to keep Minnesota in a leadership role in the area of access to and distribution of government information.

(d) The public utilities commission shall address changes needed in the regulatory environment to facilitate access to and distribution of government information.

(e) The governor, through the state's Washington, D.C. office, shall monitor recommendations of national advisory groups, monitor legal and regulatory developments at the federal level, and review grant proposals made by Minnesota governmental entities to federal agencies.

(f) The departments of trade and economic development and children, families, and learning shall immediately initiate efforts to provide greater access to and distribution of their information working through the council as envisioned by section 15.95.

(g) The department of revenue shall study how tax policy might be used to facilitate entry onto the information highway.

15.99 TIME DEADLINE FOR AGENCY ACTION.

Subdivision 1. Definition. For purposes of this section, "agency" means a department, agency, board, commission, or other group in the executive branch of state government; a statutory or home rule charter city, county, town, or school district; any metropolitan agency or regional entity; and any other political subdivision of the state.

Subd. 2. Deadline for response. Except as otherwise provided in this section and notwithstanding any other law to the contrary, an agency must approve or deny within 60 days a written request relating to zoning, septic systems, or expansion of the metropolitan urban service area for a permit, license, or other governmental approval of an action. Failure of an agency to deny a request within 60 days is approval of the request. If an agency denies the request, it must state in writing the reasons for the denial at the time that it denies the request.

Subd. 3. Application; extensions. (a) The time limit in subdivision 2 begins upon the agency's receipt of a written request containing all information required by law or by a previously adopted rule, ordinance, or policy of the agency. If an agency receives a written request that does not contain all required information, the 60-day limit starts over only if the agency sends notice within ten business days of receipt of the request telling the requester what information is missing.

(b) If an action relating to zoning, septic systems, or expansion of the metropolitan urban service area requires the approval of more than one state agency in the executive branch, the 60-day period in subdivision 2 begins to run for all executive branch agencies on the day a request containing all required information is received by one state agency. The agency receiving the request must forward copies to other state agencies whose approval is required.

(c) An agency response meets the 60-day time limit if the agency can document that the response was sent within 60 days of receipt of the written request.

(d) The time limit in subdivision 2 is extended if a state statute, federal law, or court order requires a process to occur before the agency acts on the request, and the time periods prescribed in the state statute, federal law, or court order make it impossible to act on the request within 60 days. In cases described in this paragraph, the deadline is extended to 60 days after completion of the last process required in the applicable statute, law, or order. Final approval of an agency receiving a request is not considered a process for purposes of this paragraph.

(e) The time limit in subdivision 2 is extended if: (1) a request submitted to a state agency requires prior approval of a federal agency; or (2) an application submitted to a city, county, town, school district, metropolitan or regional entity, or other political subdivision requires prior approval of a state or federal agency. In cases described in this paragraph, the deadline for agency action is extended to 60 days after the required prior approval is granted.

(f) An agency may extend the timeline under this subdivision before the end of the initial 60-day period by providing written notice of the extension to the applicant. The notification must state the reasons for the extension and its anticipated length, which may not exceed 60 days unless approved by the applicant.

15.991 CUSTOMER SERVICE.

Subdivision 1. Definitions. For purposes of this section and section 15.992:

(1) "business license" or "license" has the meaning given it in section 116J.70, subdivision 2, and also includes licenses and other forms of approval listed in section 116J.70, subdivision 2a, clauses (7) and (8), but does not include those listed in subdivision 2a, clauses (1) to (6);

(2) "customer" means an individual; a small business as defined in section 645.445, but also including a nonprofit corporation that otherwise meets the criteria in that section; a family farm, family farm corporation, or family farm partnership as defined in section 500.24, subdivision 2; or a political subdivision as defined in section 3.881, subdivision 2;

(3) "initial agency" means the state agency to which a customer submits an application for a license or inquires about submitting an application; and

(4) "responsible agency" means the initial agency or another state agency that agrees to be designated the responsible agency.

Subd. 2. Responsibility for customer needs. (a) When a customer applies to a state agency for a license to engage in activity, the agency is responsible for providing the customer with information the customer needs from the state to complete the application, including information on any other agency or agencies that must take action before the license may be granted or that must issue a separate license before the customer may proceed with the activity. The employee of the initial agency or responsible agency who accepts the customer's application or inquiry regarding an application shall provide the customer with the employee's name, title, and work telephone number and shall inform the customer that the employee will be available to provide assistance and information as the customer proceeds with the application and awaits the agency's action on it.

(b) If the responsible agency determines that another state agency or agencies must act on an application, the responsible agency shall forward all necessary application forms and other required information to the other agency or agencies and shall coordinate with the other agency or agencies in an effort to assure that all action on the application is completed within the time specified in section 15.992.

(c) At the request of a customer, the responsible agency shall prepare a written work plan, which is not a binding contract, setting out the steps necessary for the customer to complete the application, the time when the responsible agency may be expected to take action on the application, the steps the responsible agency will take to forward an application or required information to any other state agency or agencies that must take action, and the process by which the other agency or agencies may be expected to act. The work plan must include information on the deadline for agency action under section 15.992 and on the result of agency failure to meet the deadline. The work plan must be provided to a customer no later than 20 working days after the customer requested the plan.

History: 1995 c 248 art 19 s 1

15.992 TIME LIMITATION.

Subdivision 1. Deadline for action. Unless a shorter period is provided by law, all state agencies that must act on a customer's application for a license shall take final action on it within 60 days after the customer's submission of a completed application to the responsible agency or within 60 days after the customer has been provided with a work plan under section 15.991, subdivision 2, paragraph (c), whichever is later. If action on the application is not completed within 60 days, the license is deemed to be granted. The time period specified in this subdivision does not begin to run until the customer has completed any required application in complete, correct form and has provided any additional required information or documentation.

Subd. 2. Longer time limits. An agency may provide for a longer time for the conclusion of action on an application, by itself and by another agency or agencies, if:

(1) the agency states in writing to the customer that a longer time is needed to protect against serious and significant harm to the public health, safety, or welfare, states the reason why, and specifies the additional time needed;

(2) the agency states in writing to the customer that a longer time is needed to comply with state or federal requirements, states the requirements, and specifies the additional time needed; or

(3) an agency that must take action on an application is a multimember board that meets periodically, in which case the agency must complete its action within 60 days after its first meeting after receipt of the application, or within a longer period established under clause (1) or (2).

Subd. 3. Exclusions. This section does not apply to an application requiring one or more public hearings or an environmental impact statement or environmental assessment worksheet.

Subd. 4. Compliance. When a license is deemed granted under subdivision 1, this section does not limit the right of an agency to suspend, limit, revoke, or change a license for failure of the customer to comply with applicable laws or rules.

Subd. 5. Limit on review. A decision of an agency under subdivision 2 that a time longer than 60 days is needed to complete action on an application is not subject to judicial review.

15.993 OTHER LAW.

A state agency action that is subject to section 15.99 is governed by section 15.99 if there is a conflict between that section and sections 15.991 and 15.992.

History: 1995 c 248 art 19 s 3
