(b) Action under this subdivision is an act of the political subdivision. All provisions for compensation of personnel, rental of equipment, liability insurance coverage, workers' compensation insurance, and other matters pertaining to the political subdivision, its equipment, and personnel, apply in each case as if specifically authorized and directed.

If the legislature is then in regular session, or, if it is not, if the governor concurrently with the proclamation declaring the emergency issues a call convening immediately both houses of the legislature, the governor may exercise for a period not to exceed 30 days the powers and duties conferred and imposed by sections 12.31 to 12.37. The lapse of these emergency powers does not, as regards any act occurring or committed within the 30-day period, deprive any person, political subdivision, municipal corporation, or body politic of any right to compensation or reimbursement that it may have under this chapter.

Subd. 2. **Declaration of peacetime emergency.** The governor may declare a peacetime emergency. A peacetime declaration of emergency may be declared only when an act of na-

An order, or proclamation declaring, continuing, or terminating an emergency must be given prompt and general publicity and filed with the secretary of state.

Subd. 3. Effect of declaration of peacetime emergency. 12.33 ASSISTANCE BETWEEN POLITICAL SUBDIVISIONS.

Subdivision 1. Authority. When the public interest requires it because of an imminent emergency, the governor may authorize and direct the police, firefighting, health, or other force of a political subdivision, called the sending political subdivision, to go to the assistance of another political subdivision, called the receiving political subdivision, and to take and use the personnel, equipment, and supplies of the sending political subdivision as the governor may direct.

Subd. 2. Effect. While engaged in the activities described in subdivision 1, the officers and members of those forces have the same powers, duties, rights, privileges, and immunities as if they were performing like service in the sending political subdivision and are considered to be acting within the scope of and in the course of their regular employment, as employees of the sending political subdivision.

Subd. 3. Reimbursement by local government receiving assistance. The receiving political subdivision shall reimburse the sending political subdivision for the supplies used and the compensation paid to the officers and members of the forces furnished, during such time as the rendition of aid prevents them from performing their duties in the sending political subdivision, for the actual traveling and maintenance expenses of the officers and members while so engaged. A claim for loss, damage, or expense in using equipment or supplies or for additional expenses incurred in operating or maintaining them must not be allowed unless within 90 days after the loss, damage, or expense is sustained or incurred an itemized notice of it, verified by an officer or employee of the municipality having knowledge of the facts, is filed with the clerk of the receiving political subdivision.

Subd. 4. Reimbursement by state. It is the policy of the state to reimburse the sending political subdivision for loss or damage to equipment used outside of the corporate limits of the sending political subdivision and to reimburse the sending political subdivision for additional expenses incurred in operating and maintaining the equipment outside of its corporate limits. A claim for loss, damage, or expense in using equipment or for additional expenses incurred in the operating or maintaining the equipment must not be allowed unless within 90 days after it is sustained or incurred an itemized notice of the claim, verified by an officer or employee of the sending political subdivision having knowledge of the facts, is filed with the state director.

The governor or the governing body of the political subdivision concerned, respectively, according to the use of the property, shall make a formal order determining the amount of compensation. The owner may appeal to the district court of the county in which the property was commandeered if, within 30 days from the date of the order, the owner serves upon the governor or the political subdivision concerned and files with the court administrator of the district court a written notice of appeal setting forth the order appealed from and, in detail, the amount claimed as compensation. Upon appeal, the issue is the amount of damages to which the appellant is entitled. It may be noticed for trial as in the case of a civil action and the court may require other parties to be joined and to plead when necessary to a proper determination of the questions involved. The cause must be tried without a jury *de novo* and the court shall determine the damages and the person or persons entitled to them. Except as herein otherwise provided, the trial must be conducted and the cause disposed of according to the rules applicable to civil actions in the district court. The court in its discretion may award to the prevailing party the costs and disbursements of the appeal.

Subd. 3. Penalty.
