The holder of legal title shall function as a trustee for a person or entity with a beneficial interest in the assets of the plan.

Subd. 3. **Absence of personal profit.** No fiduciary may personally profit, directly or indirectly, as a result of the investment or management of plan assets. This subdivision, however, does not preclude the receipt by a fiduciary of reasonable compensation, including membership in or the receipt of benefits from a pension plan, for the fiduciary's position with respect to the plan.

Subd. 4. **Economic interest statement.** (a) Each member of the governing board of a covered pension plan and the chief administrative officer of the plan shall file with the plan a statement of economic interest.

(b) For a covered pension plan other than a plan specified in paragraph (c), the statement must contain the information required by section 10A.09, subdivision 5, and any other information that the fiduciary or the governing board of the plan determines is necessary to disclose a reasonably foreseeable potential or actual conflict of interest.

Subd. 5. **Investment business recipient disclosure.** The chief administrative officer of a covered pension plan, with respect to investments made by the plan, and the executive director of the state board of investment, with respect to investments of plan

assets made by the board, shall annually disclose in writing the recipients of investment business placed with or investment commissions allocated among commercial banks, investment bankers, brokerage organizations, or other investment managers. The disclosure document must be prepared within 60 days after the close of the fiscal year of the plan and must be available for public inspection during regular office hours at the office of the plan. The disclosure document must also be filed with the executive director of the legislative commission on pensions and retirement within 90 days after the close of the fiscal year of the plan. For the state board of investment, a disclosure document included as part of a regular annual report of the board is considered to have been filed on a timely basis.

(4) corporate obligations, including bonds, notes, debentures, or other regularly issued and readily marketable evidences of indebtedness issued by a corporation organized under the laws of any state that during the preceding five years has had on average annual net pretax earnings at least 50 percent greater than the annual interest charges and principal payments on the total issued debt of the corporation during that

period and that, for the obligation in question, has issued an obligation rated in one of the top three quality categories by Moody's Investors Service, Incorporated, or Standard and Poor's Corporation; and

The covered pension plan may also enter into a commitment with the agency, at the time of any issue of bonds or notes, to purchase at a specified future date, not exceeding 12 years from the date of the issue, the amount of mortgage loans then outstanding and not in default that have been made or purchased from the proceeds of the bonds or notes. The covered pension plan may charge reasonable fees for any such commitment and may agree to purchase the mortgage loans at a price sufficient to produce a yield to the covered pension plan comparable, in its judgment, to the yield available on similar mortgage loans at the date of the bonds or notes. The covered pension plan may also enter into agreements with the agency for the investment of any portion of the funds of the agency.
