Where the boundary of a refuge extends more than 500 feet continuously through a body of water, instead of placing notices in the water, notices with the words, "Adjacent Waters Included," may be placed on the shoreline at the intersection of the boundary and the water 20 feet or less above the high water mark and at intervals of 500 feet or less along the shoreline.

(c) A certification by the commissioner or the director, or a certification filed with the commissioner or director by a conservation officer, refuge supervisor, or other authorized officer or employee, stating that the required notices have been posted is prima facie evidence of the posting.

Subd 8 Modification or abandonment A state game refuge may be vacated or modified by the commissioner under the same procedures required for establishment of the refuge, except that a refuge established or modified under subdivision 2 or 3 may be vacated or modified following a public hearing as specified in subdivision 4a

97A.091 HUNTING ON GAME REFUGES

Subdivision 1 Hunting and possession of firearms Except as provided in subdivision 2, a person may not take a wild animal, except fish, within a state game refuge. A person may not carry within a refuge

(1) a firearm unless the firearm is unloaded and contained in a case, or unloaded and broken down, or

(2) an uncased bow

Subd 2 When hunting allowed (a) The commissioner may allow hunting of a protected wild animal species within any portion of a state game refuge, including a state park. Hunting may be allowed under this paragraph only if the commissioner finds

(1) the population of the species exceeds the refuge's carrying capacity,

(2) the species is causing substantial damage to agricultural or forest crops in the vicinity,

(3) the species or other protected wild animals are threatened by the species population, or

(4) a harvestable surplus of the species exists

(b) The commissioner may allow hunting of unprotected wild animals in a game refuge

(c) The commissioner may prescribe rules for any hunting allowed within a refuge

(d) In any selection process for permits to take deer within a game refuge the commissioner may designate a certain number of permits that are available only to applicants who are age 70 or over or are qualified for a special permit under section 97B 055, subdivision 3, or 97B 106

Subd 3 Trap or target shooting The commissioner may issue special permits, without fee, to the owner or lessee of privately owned land within the boundaries of a state game refuge for trap or target shooting

97A 095 WATERFOWL PROTECTED AREAS

Subdivision 1 Migratory waterfowl refuges The commissioner shall designate by rule any part of a state game refuge as a migratory waterfowl refuge if there is presented to the commissioner a petition signed by ten resident licensed hunters describing an area that is primarily a migratory waterfowl refuge. The commissioner shall post the area as a migratory waterfowl refuge. A person may not enter a posted migratory waterfowl refuge during the open migratory waterfowl season unless accompanied by or under a permit issued by a conservation officer or game refuge manager. Upon a request from a private landowner within a migratory waterfowl refuge, an annual permit must be issued to provide access to the property during the waterfowl season. The permit shall include conditions that allow no activity which would disturb waterfowl using the refuge during the waterfowl season.

Subd 2 Waterfowl feeding and resting areas The commissioner may, by rule, designate any part of a lake as a migratory feeding or resting area. Before designation, the commissioner must receive a petition signed by at least ten local resident licensed hunters describing the area of a lake that is a substantial feeding or resting area for migratory waterfowl, and find that the statements in the petition are correct, and that adequate, free public access to the lake exists near the designated area. The commissioner shall post the area as a migratory waterfowl feeding and resting area. Except as authorized in rules adopted by the commissioner, a person may not enter a posted migratory waterfowl feeding and resting area, during a period when hunting of migratory waterfowl is allowed, with watercraft or aircraft propelled by a motor, other than an electric motor of less than 30 pounds thrust. The commissioner may, by rule, further restrict the use of electric motors in migratory waterfowl feeding and resting areas.

Subd 3 Hunting on Muskrat Lake The commissioner may prohibit migratory waterfowl hunting on Muskrat Lake in Beltrami county by posting accordingly.

Subd 4 Swan lake migratory waterfowl refuge The land described in Laws 1999, chapter 81, section 2, is designated Swan Lake migratory waterfowl refuge under subdivision 1.

97A 101 PUBLIC WATER RESERVES AND MANAGEMENT DESIGNATION

Subdivision 1 Reserves The commissioner may designate and reserve public waters of the state to propagate and protect wild animals.

Subd 2 Management designation (a) The commissioner may designate, reserve, and manage public waters for wildlife after giving notice and holding a public hearing. The hearing must be held in the county where the major portion of the waters is located. Notice of the hearing must be published in a legal newspaper within each county where the waters are located at least seven days before the hearing.

(b) The commissioner may contract with riparian owners for water projects under section 103G 121, subdivision 3, and may acquire land, accept local funding, and construct, maintain, and operate structures to control water levels under section 103G 505 to manage designated waters.

Subd 3 **Fishing may not be restricted** Seasons or methods of taking fish may not be restricted under this section

Subd 4 **Restrictions on airboats, watercraft, and recreational vehicles** (a) The use of airboats is prohibited at all times on lakes designated for wildlife management purposes under this section unless otherwise authorized by the commissioner

(b) The commissioner may restrict the use of motorized watercraft and recreational vehicles on lakes designated for wildlife management purposes by posting all public access points on the designated lake

97A 105 GAME AND FUR FARMS

Subdivision 1 **License requirements** (a) A person may breed and propagate fur bearing animals, game birds, bear, moose, elk, caribou, mute swans, or deer only on privately owned or leased land and after obtaining a license. Any of the permitted animals on a game farm may be sold to other licensed game farms. "Privately owned or leased land" includes waters that are shallow or marshy, are not actually navigable, and are not of substantial beneficial public use. Before an application for a license is considered, the applicant must enclose the area to sufficiently confine the animals to be raised in a manner approved by the commissioner. A license may be granted only if the commissioner finds the application is made in good faith with intention to actually carry on the business described in the application and the commissioner determines that the facilities are adequate for the business.

(b) A person may purchase live game birds or their eggs without a license if the birds or eggs, or birds hatched from the eggs, are released into the wild, consumed, or processed for consumption within one year after they were purchased or hatched. This paragraph does not apply to the purchase of migratory waterfowl or their eggs.

(c) A person may not introduce mute swans into the wild without a permit issued by the commissioner.

Subd 2 **Transfer of license** (a) A game or fur farm license is transferable with the transfer of all or a portion of the title or leasehold of the land if

(1) the land transferred complies with the license requirements,

(2) the land is used for the purposes of the license, and

(3) a verified written report of the existing and intended land use is made to the commissioner, accompanied by a copy of deed, assignment, lease, or other instrument transferring the corresponding title or leasehold in the enclosed land.

(b) A transfer of less than the whole interest in the license is not valid. Each bona fide partner or associate in the ownership or operation of a game or fur farm must obtain a separate license.

Subd 3 **Ownership of wild animals** All wild animals and their offspring, of the species identified in the license, that are within the enclosure are the property of the game and fur farm licensee.

Subd 4 **Sale of live animals** A sale of live animals from a licensed fur or game farm is not valid unless the animals are delivered to the purchaser or they are identified and kept separately. The sale agreement or contract must be in writing. The licensee must notify a purchaser of the death of an animal within 30 days and of the number of increase before July 20 of each year.

Subd 5 **Sale of pelts** The commissioner shall prescribe

(1) the manner that pelts and products of wild animals raised on fur or game farms may be sold or transported, and

(2) the tags or seals to be affixed to the pelts and products.

Subd 6 **Fox and mink.** Fox and mink may not be bought or sold for breeding or propagating unless they have been pen-bred for at least two generations.

Subd 7 Transportation of live beaver Live beaver may not be transported without a permit from the commissioner

Subd 8 Penalty A licensee that does not comply with a provision of this section subjects all wild animals on the game or fur farm to confiscation

Subd 9 Rules The commissioner may adopt rules for

- (1) the issuance of game farm licenses,
- (2) the inspection of game farm facilities,
- (3) the acquisition and disposal of game farm animals, and
- (4) record keeping and reporting by game farm licensees

97A 111 [Repealed, 1997 c 226 s 51]

97A 115 ESTABLISHMENT OF SHOOTING PRESERVES

Subdivision 1 Licenses, rules A person may not operate a shooting preserve without a license. The commissioner may issue licenses to operate commercial shooting preserves and private shooting preserves if the commissioner determines that it is in the public interest and that there will not be an adverse effect on wild game bird populations. Private shooting preserves may only be located outside of the pheasant range as determined by the commissioner. The commissioner may adopt rules to implement this section and section 97A 121.

Subd 2 Species available Species that may be released and hunted in a licensed shooting preserve must be specified in the license and are limited to unprotected birds, adult pheasant, and bob white quail for private shooting preserves and adult pheasant, bob white quail, turkey, mallard duck, black duck, and other species designated by the commissioner for commercial shooting preserves. These game birds must be pen hatched and raised.

Subd 3 Size of preserve A shooting preserve must be at least 40 but not more than 160 contiguous acres for private shooting preserves and at least 100 but not more than 1,000 contiguous acres, including any water area, for commercial shooting preserves.

Subd 4 Posting of boundaries The boundaries of a shooting preserve must be clearly posted in a manner prescribed by the commissioner.

Subd 5 Revocation of license The commissioner may revoke a shooting preserve license if the licensee or persons authorized to hunt in the preserve have been convicted of a violation under this section or section 97A 121. After revocation, a new license may be issued in the discretion of the commissioner.

History 1986 c 386 art 1 s 22, 1990 c 605 s 1, 1994 c 623 art 1 s 22, 1995 c 186 s 27

97A 121 HUNTING IN PRIVATE SHOOTING PRESERVES

Subdivision 1 Hunter's license (a) A person hunting released birds in a private shooting preserve must have the licenses required by law for hunting pheasants.

(b) A license is not required to hunt authorized game birds on a commercial shooting preserve.

Subd 2 Season (a) The open season for hunting in commercial shooting preserves is continuous. Sanctioned registered field trials in commercial shooting preserves may be held from April 16 to July 14 after notification to the commissioner.

(b) The open season for hunting in a private shooting preserve is September 15 until December 31.

(c) The commissioner may restrict the open season after receiving a complaint, holding a public hearing, and finding that the population of wild game birds is in danger by hunting in the preserve.

Subd 3 **Operator may establish restrictions** A shooting preserve licensee may determine who is allowed to hunt in the preserve. In each preserve the licensee may establish the charge for taking game, the shooting hours the season, limitations, and restrictions on the age, sex, and number of each species that may be taken by a hunter. These provisions may not conflict with this section or section 97A.115 and may not be less restrictive than any rule.

Subd 4 **Limits and marking of game birds** Except as provided in subdivision 4a, the commissioner shall prescribe the minimum number of each authorized species that may be released and the percentage of each species that may be taken. The commissioner shall prescribe methods for identifying birds to be released.

Subd 4a **Pheasants** (a) A private shooting preserve licensed to release pheasants may release no more than 300 adult pheasants on the licensed shooting preserve area during the private shooting preserve hunting season. The number of pheasants harvested may not exceed 95 percent of the number of pheasants released.

(b) A commercial shooting preserve must release at least 1,000 adult pheasants.

Subd 5 **Marking harvested game** Harvested game, except ducks that are marked in accordance with regulations of the United States Fish and Wildlife Service, must be marked or identified by the shooting preserve in a manner prescribed by the commissioner. The commissioner may issue the tags or other markings at a cost of 15 cents each. The marking must remain attached on the bird while the bird is transported.

Subd 6 **Recordkeeping** A shooting preserve licensee must maintain a registration book listing the names, addresses, and hunting license numbers, if applicable, of all hunters, the date when they hunted, the amount and species of game taken, and the tag numbers or other markings affixed to each bird. A shooting preserve must keep records of the number of each species raised and purchased and the date and number of each species released. The records must be open to inspection by the commissioner at all reasonable times.

History 1986 c 386 art 1 s 24

97A.127 FINANCING WATERFOWL DEVELOPMENT

The commissioner may use funds appropriated for fish and wildlife programs for the purpose of developing, preserving, restoring, and maintaining waterfowl breeding grounds in Canada under agreement or contract with any nonprofit organization dedicated to the construction, maintenance, and repair of projects that are acceptable to the governmental agency having jurisdiction over the land and water affected by the projects. The commissioner may execute agreements and contracts if the commissioner determines that use of the funds will benefit the migration of waterfowl into the state.

History 2000 c 485 s 16

Subd 2 **Payment in lieu of taxes** The consolidated conservation lands included in state wildlife management areas are subject to the payment in lieu of tax as provided in section 477A 12, paragraph (a), clause (1).

History 2000 c 485 s 16

Subd 3 **All terrain vehicle travel within designated wildlife management areas**
(a) On lands acquired by the state under chapter 84A that are designated after January 1, 1986, as wildlife management areas, the commissioner shall, by January 15, 2003, identify and designate corridor trails in corridors of disturbance that the commissioner determines are appropriate to connect trails, forest roads established under section 89 71, subdivision 1, and public highways to provide reasonable travel for all-terrain vehicles. The commissioner shall consult with wildlife management area users, including both motorized and nonmotorized trail users, in identifying and designating corridor trails under this paragraph. Corridor trail establishment must be in compliance with other state and federal law. Local governments and other trail sponsors may propose the designation of corridor trails, including the designation as a grant-in-aid trail for the purposes of funding under section 84 927, subdivision 2.

(b) The following forest roads shall be open to travel by all-terrain vehicles when the roads are open to other noncommercial vehicles:

(1) the Rapid River forest road, beginning at the west boundary of the Red Lake wildlife management area at the southwest corner of Section 7, Township 156 North, Range 35 West, Beltrami county, thence in an easterly and northeasterly direction through the Red Lake wildlife management area to the east boundary of the Red Lake wildlife management area at the southwest corner of Section 7, Township 157 North, Range 33 West, Lake of the Woods county,

(2) the Blanchard forest road, beginning at the junction of the North Shore Road along the northern shore of Upper Red Lake and the Blanchard state forest road at the west section line of Section 30, Township 155 North, Range 31 West, Beltrami county, thence in a westerly direction to the west section line of Section 31 Township 155 North, Range 32 West, and

(3) the Moose River forest road, beginning at the junction of Dick's Parkway state forest road and the Moose River state forest road at the southwest corner of Section 31, Township 36 West, Range 158 North, thence in a westerly direction along the Moose River state forest road to the junction of Beltrami county road 706.

(c) The commissioner shall sign each road and trail designated under this subdivision indicating the motorized uses allowed.

(d) For the purposes of this subdivision, "corridors of disturbance" means rights-of-way such as ditches, ditch banks, transmission lines, pipelines, permanent roads, winter roads, and recreational trails. The existence of a corridor of disturbance eligible for corridor designation may be demonstrated by physical evidence, document recorded in the office of the county recorder or other public official, aerial survey, or other evidence similar to the above. Cross country motorized use of land shall not cause that land to be considered a corridor of disturbance.

97A 135 ACQUISITION OF WILDLIFE LANDS

Subdivision 1 **Public hunting and wildlife areas** (a) The commissioner or the commissioner of administration shall acquire and improve land for public hunting, game refuges, and food and cover planting. The land may be acquired by a gift, lease, easement, purchase, or condemnation. At least two thirds of the total area acquired in a county must be open to public hunting. The commissioner may designate land acquired under this subdivision as a wildlife management area for the purposes of the outdoor recreation system.

(b) The commissioner of administration may transfer money to the commissioner for acquiring wildlife lands to qualify for Pittman Robertson funds. The transferred money is reappropriated to the commissioner for the wildlife land acquisition.

Subd 2 **Disposal of unsuitable hunting areas** The commissioner shall sell or exchange land acquired for public hunting that is unnecessary or unsuitable. The land may not be sold for less than its purchase price. The land may be exchanged for land of

equal value that adds to existing public hunting areas. The sales and exchanges must be approved by the executive council. This subdivision does not apply to land in a wildlife management area.

Subd 2a Disposal of land in wildlife management areas (a) The commissioner may sell or exchange land in a wildlife management area authorized by designation under section 86A 07, subdivision 3, 97A 133, or 97A 145 if the commissioner vacates the designation before the sale or exchange in accordance with this subdivision. The designation may be vacated only if the commissioner finds, after a public hearing, that the disposal of the land is in the public interest.

(b) A sale under this subdivision is subject to sections 94 09 to 94 16. An exchange under this subdivision is subject to sections 94 341 to 94 348.

(c) Revenue received from a sale authorized under paragraph (a) is appropriated to the commissioner for acquisition of replacement wildlife management lands.

(d) Land acquired by the commissioner under this subdivision must meet the criteria in section 86A 05, subdivision 8, and as soon as possible after the acquisition must be designated as a wildlife management area under section 86A 07, subdivision 3, 97A 133, or 97A 145.

(e) In acquiring land under this subdivision, the commissioner must give priority to land within the same geographic region of the state as the land conveyed.

Subd 3 Cooperative farming agreements On any public hunting, game refuge, wildlife management area, or scientific and natural area lands, the commissioner may enter into written cooperative farming agreements on a sharecrop basis, without competitive bidding, for the purpose of wildlife and plant management. Cooperative farming agreements may also be used to allow pasturing of livestock. The agreements may provide for the bartering of a share of any crop, produced from these lands, for services or products that will enhance or benefit the management of state lands for plant and animal species.
