[For text of subs 1 to 4, see M.S.2000]

Subd. 5. Calculation of state aid. (a) The amount of fire state aid available for apportionment, before the addition of the minimum fire state aid allocation amount under subdivision 7, is equal to 107 percent of the amount of premium taxes paid to the state upon the fire, lightning, sprinkler leakage, and extended coverage premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report. This amount shall be reduced by the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters relief associations.

The total amount for apportionment in respect to fire state aid must not be less than two percent of the premiums reported to the commissioner by insurers on the Minnesota Firetown Premium Report after subtracting the following amounts:

(1) the amount required to pay the state auditor's costs and expenses of the audits or exams of the firefighters relief associations; and

(2) one percent of the premiums reported by town and farmers' mutual insurance companies and mutual property and casualty companies with total assets of \$5,000,000 or less.

(b) The total amount for apportionment as police state aid is equal to 104 percent of the amount of premium taxes paid to the state on the premiums reported to the commissioner by insurers on the Minnesota Aid to Police Premium Report, plus the payment amounts received under section 2971.05, subdivision 8, since the last aid apportionment, and reduced by the amount required to pay the costs and expenses of the state auditor for audits or exams of police relief associations. The total amount for apportionment in respect to the police state aid program must not be less than two percent of the amount of premiums reported to the commissioner by insurers on the

Minnesota Aid to Police Premium Report after subtracting the amount required to pay the state auditor's cost and expenses of the audits or exams of the police relief associations.

(c) The commissioner shall calculate the percentage of increase or decrease reflected in the apportionment over or under the previous year's available state aid using the same premiums as a basis for comparison.

(d) The amount for apportionment in respect to peace officer state aid under paragraph (b) must be further reduced by \$1,779,000 in fiscal year 1999, \$2,077,000 in fiscal year 2000, and \$2,404,000 in fiscal year 2001. These reductions in this paragraph cancel to the general fund.

(e) The amount for apportionment of police state aid under paragraph (b) is annually increased by an amount equal to the revenues under the tax on automobile risk self-insurance under Minnesota Statutes 2000, section 297I.05, subdivision 8, that were collected in fiscal year 2001. An amount sufficient to pay this increase is annually appropriated from the general fund.
