For the purpose of providing the match to establish the local revolving loan fund, the local governmental unit may use any unencumbered money in the general fund of the unit. Revenues from tax increments derived from a district located within the boundaries of the local governmental unit may be used to fund a second local revolving loan fund only if (1) those revenues are loaned in a manner authorized in the district's tax increment financing plan to a business located within the tax increment district, and (2) the revenues are deposited in a loan fund that is separate from the loan fund in which general fund money is established. The local governmental unit may deposit up to \$50,000 of local public money in each of the local revolving funds that may be established under this subdivision. The maximum loan available to a local governmental unit under this section is \$50,000. The money loaned to a local governmental unit by a regional organization must be matched by the local revolving loan fund and used to provide loans to businesses to promote local economic development. One-half of the money loaned to a local governmental unit under this section by a regional organization must be repaid to the rural rehabilitation account. One-half of the money may be retained by the local governmental unit's revolving loan fund for further distribution by the local governmental unit.

Subd. 10. **Regional cooperation.** An organization that receives a challenge grant shall cooperate with other regional organizations, including regional development commissions, community development corporations, community action agencies, and the Minnesota small business development centers and satellites, in carrying out challenge grant program and technical assistance responsibilities.

Subd. 11. **Reporting requirements.** An organization that receives a challenge grant shall:

- (1) submit an annual report to the commissioner by February 15 of each year that includes a description of projects supported by the challenge grant program, an account of loans made during the calendar year, the source and amount of money collected and distributed by the challenge grant program, the program's assets and liabilities, and an explanation of administrative expenses; and

116J.421 RURAL POLICY AND DEVELOPMENT CENTER.

Subdivision 1. **Established.** (a) The rural policy and development center is established at Mankato State University. The center may be established by the board as a nonprofit corporation under section 501(c)(3) of the Internal Revenue Code or the board may organize and operate the center in a manner and form that the board determines best allows the center to carry out its duties.

(b) If the board organizes the center as a nonprofit corporation under section 501(c)(3) of the Internal Revenue Code, staff of the center may participate in state insurance plans that apply to state employees generally, and are subject to regulation by the state campaign finance and public disclosure board.

Subd. 2. **Governance.** The center is governed by a board of directors appointed to six-year terms by the governor comprised of:

(1) a representative from each of the two largest statewide general farm organizations;

(2) a representative from a regional initiative organization selected under section 116J.415, subdivision 3;

(3) the president of Mankato State University;

(4) a representative from the general public residing in a town of less than 5,000 located outside of the metropolitan area;

(5) a member of the house of representatives appointed by the speaker of the house and a member of the senate appointed by the subcommittee on committees of the senate committee on rules and administration appointed for two-year terms;

(6) three representatives from business, including one representing rural manufacturing and one rural retail and service business;

(7) three representatives from private foundations with a demonstrated commitment to rural issues;

(8) one representative from a rural county government; and

(9) one representative from a rural regional government.

The board shall appoint one additional member to the board of directors who shall represent the general public.

If the board concludes at any time that the composition of the board does not adequately reflect the ethnic and gender diversity of rural Minnesota, the board may appoint up to four additional members in order to better reflect this diversity. Members appointed by the board under this paragraph shall serve six-year terms. The board may not appoint additional members such that the board would have a total of more than 20 members.

Subd. 3. **Duties.** The center shall:

(1) research and identify present and emerging social and economic issues for rural Minnesota, including health care, transportation, crime, housing, and job training;

(2) forge alliances and partnerships with rural communities to find practical solutions to economic and social problems;

(3) provide a resource center for rural communities on issues of importance to them;

(4) encourage collaboration across higher education institutions to provide interdisciplinary team approaches to problem solving with rural communities; and

(5) involve students in center projects.

Subd. 4. **Statewide focus.** The center has a statewide mission. It may contract and collaborate with higher education and other institutions located throughout the state.

Subd. 5. **Powers.** The board has the power to do all things reasonable and necessary to carry out the duties of the center including, without limitation, the power to:

(1) enter into contracts for goods or services with individuals and private and public entities;

(2) sue and be sued;

(3) acquire, hold, lease, and transfer any interest in real and personal property;

(4) accept appropriations, gifts, grants, and bequests;

(5) hire employees; and

(6) delegate any of its powers.

Subd. 6. **Use of appropriation.** State appropriations to the board, whether from the general fund or the rural policy and development fund, may, at the discretion of the board, be expended for administration of the center and to carry out its duties under this section or under other law.

Subd. 7. **Board compensation.** Compensation and expense reimbursement of board members is as provided in section 15.0575, subdivision 3.

116J.422 RURAL POLICY AND DEVELOPMENT CENTER FUND.

A rural policy and development center fund is established as an account in the state treasury. The commissioner of finance shall credit to the account the amounts authorized under this section and appropriations and transfers to the account. The state board of investment shall ensure that account money is invested under section 11A.24. All money earned by the account must be credited to the account. The principal of the account and any unexpended earnings must be invested and reinvested by the state board of investment.

Gifts and donations, including land or interests in land, may be made to the account. Noncash gifts and donations must be disposed of for cash as soon as the board prudently can maximize the value of the gift or donation. Gifts and donations of marketable securities may be held or be disposed of for cash at the option of the board. The cash receipts of gifts and donations of cash or capital assets and marketable securities disposed of for cash must be credited immediately to the principal of the account. The value of marketable securities at the time the gift or donation is made must be credited to the principal of the account and any earnings from the marketable securities are earnings of the account. The earnings in the account are annually appropriated to the board of the center for rural policy and development to carry out the duties of the center.

116J.423 MINNESOTA MINERALS 21ST CENTURY FUND.

Subdivision 1. **Created.** The Minnesota minerals 21st century fund is created as a separate account in the treasury. Money in the account is appropriated to the

commissioner of trade and economic development for the purposes of this section. All money earned by the account, loan repayments of principal and interest, and earnings on investments must be credited to the account. For the purpose of this section, "fund" means the Minnesota minerals 21st century fund. The commissioner shall operate the account as a revolving account.

Subd. 2. **Use of fund.** The commissioner shall use money in the fund to make loans or equity investments in mineral processing facilities including, but not limited to, taconite processing, direct reduction processing, and steel production. The commissioner must, prior to making any loans or equity investments and after consultation with industry and public officials, develop a strategy for making loans and equity investments that assists the Minnesota mineral industry in becoming globally competitive. Money in the fund may also be used to pay for the costs of carrying out the commissioner's due diligence duties under this section.

Subd. 3. **Requirements prior to committing funds.** The commissioner, prior to making a commitment for a loan or equity investment must, at a minimum, conduct due diligence research regarding the proposed loan or equity investment, including contracting with professionals as needed to assist in the due diligence.

Subd. 4. **Requirements for fund disbursements.** The commissioner may make conditional commitments for loans or equity investments but disbursements of funds pursuant to a commitment may not be made until commitments for the remainder of a project's funding are made that are satisfactory to the commissioner and disbursements made from the other commitments sufficient to protect the interests of the state in its loan or investment.

Subd. 5. **Company contribution.** The commissioner may provide loans or equity investments that match, in a proportion determined by the commissioner, an investment made by the owner of a facility.

History: 1999 c 223 art 2 s 23

116J.424 IRRRB CONTRIBUTION.

The commissioner of the iron range resources and rehabilitation board with approval of the board shall provide an equal match for any loan or equity investment made for a facility located in the tax relief area defined in section 273.134, paragraph (b), by the Minnesota minerals 21st century fund created by section 116J.423. The match may be in the form of a loan or equity investment, notwithstanding whether the fund makes a loan or equity investment. The state shall not acquire an equity interest because of an equity investment or loan by the board and the board at its sole discretion shall decide what interest it acquires in a project. The commissioner of trade and economic development may require a commitment from the board to make the match prior to disbursing money from the fund.

116J.431 GREATER MINNESOTA BUSINESS DEVELOPMENT PUBLIC INFRASTRUCTURE GRANT PROGRAM.

Subdivision 1. **Grant program established.** The commissioner shall make grants to cities to provide up to 50 percent of the capital costs of public infrastructure necessary for an eligible economic development project. The city receiving a grant must provide for the remainder of the costs of the project, either in cash or in kind. In-kind contributions may include the value of site preparation other than the public infrastructure needed for the project.

For purposes of this section, "city" means a statutory or home rule charter city located outside the metropolitan area, as defined in section 473.121, subdivision 2.

"Public infrastructure" means publicly owned physical infrastructure necessary to support economic development projects, including, but not limited to, sewers, water supply systems, utility extensions, streets, wastewater treatment systems, stormwater

MINNESOTA STATUTES 2002

management systems, and facilities for pretreatment of wastewater to remove phosphorus.

The purpose of the grants is to keep or enhance jobs in the area, increase the tax base, or to expand or create new economic development.

Subd. 2. Eligible projects. An economic development project for which a city may be eligible to receive a grant under this section includes:

- (1) manufacturing;
- (2) technology;
- (3) warehousing and distribution;
- (4) research and development;
- (5) agricultural processing, defined as transforming, packaging, sorting, or grading livestock or livestock products into goods that are used for intermediate or final consumption, including goods for nonfood use; or
- (6) industrial park development that would be used by any other business listed in this subdivision.

Subd. 3. Ineligible projects. The following projects are not eligible for a grant under this section:

- (1) retail development; or
- (2) office space development, except as incidental to an eligible purpose.

Subd. 4. Application. The commissioner must develop forms and procedures for soliciting and reviewing applications for grants under this section. At a minimum, a city must include in its application a resolution of the city council certifying that the required local match is available. The commissioner must evaluate complete applications for eligible projects using the following criteria:

- (1) the project is an eligible project as defined under subdivision 2;
- (2) the project will result in substantial public and private capital investment and provide substantial economic benefit to the city in which the project would be located;
- (3) the project is not relocating substantially the same operation from another location in the state, unless the commissioner determines the project cannot be reasonably accommodated within the city in which the business is currently located, or the business would otherwise relocate to another state; and
- (4) the project will create or maintain full-time jobs.

The determination of whether to make a grant for a site is within the discretion of the commissioner, subject to this section. The commissioner's decisions and application of the priorities are not subject to judicial review, except for abuse of discretion.

Subd. 5. Set asides. (a) During the first two years of the program, \$2,000,000, must be used only for grants to cities with a population of less than 5,000.

(b) Twenty percent of the amount available must be used only for grants for industrial park developments.

Subd. 6. Maximum grant amount. A city may receive no more than \$1,000,000 in two years for one or more projects.

Subd. 7. Cancellation of grant; return of grant money. If after five years, the commissioner determines that a project has not proceeded in a timely manner and is unlikely to be completed, the commissioner must cancel the grant and require the grantee to return all grant money awarded for that project. For industrial park development projects, if after five years the industrial park is not developed and available for business use, the commissioner must cancel the grant and require the grantee to return all grant money for that project. If the industrial park is developed and available for use within five years, but no businesses have located in the park, the grantee is not required to return any grant money.

Subd. 8. Appropriation. Grant money returned to the commissioner is appropriated to the commissioner to make additional grants under this section.

FILM PRODUCTION JOBS PROGRAM

116J.543 FILM PRODUCTION JOBS PROGRAM.

The film production jobs program is created. The program shall be operated by the Minnesota film board with administrative oversight and control by the commissioner of trade and economic development. The program shall make payment to producers of long-form and narrative film productions that directly create new film jobs in Minnesota. To be eligible for a payment, a producer must submit documentation to the Minnesota film board of expenditures for wages for work on new film production jobs in Minnesota by resident Minnesotans. The film jobs include work such as technical crews, acting talent, set construction, soundstage or equipment rental, local postproduction film processing, and other film production jobs.

The film board must make recommendations to the commissioner about program payment, but the recommendations are not binding and the commissioner has the authority to make the final determination on payments. The commissioner's determination must be based on the amount of wages documented to the film board and the likelihood that the payment will lead to further documentable wage payments. Payment may not exceed \$100,000 for a single long-form and narrative film. No more than five percent of the funds appropriated for the program in any year may be expended for administration. Individual feature film projects shooting on or after January 1, 1997, will be eligible for fund allocations.

CONTAMINATION CLEANUP

116J.551 CREATION OF ACCOUNT.

A contaminated site cleanup and development account is created in the general fund. Money in the account may be used, as appropriated by law, to make grants as provided in section 116J.554 and to pay for the commissioner's costs in reviewing applications and making grants.

History: 1993 c 375 art 13 s 1

116J.552 DEFINITIONS.

Subdivision 1. **Scope of application.** For purposes of sections 116J.551 to 116J.557, the following terms have the meanings given.

Subd. 2. **Cleanup costs.** "Cleanup costs" or "costs" means the costs of developing and implementing a response action plan, but does not include implementation costs incurred before the award of a grant unless the application for the grant was submitted within 180 days after the response action plan was approved by the commissioner of the pollution control agency.

Subd. 3. **Contaminant.** "Contaminant" means a hazardous substance or a pollutant or contaminant as those terms are defined in section 115B.02.

Subd. 4. **Development authority.** "Development authority" includes a statutory or home rule charter city, county, housing and redevelopment authority, economic development authority, and a port authority.

Subd. 5. **Metropolitan area.** "Metropolitan area" means the seven-county metropolitan area, as defined in section 473.121, subdivision 2.

Subd. 6. **Municipality.** "Municipality" means the statutory or home rule charter city, town, or, in the case of unorganized territory, the county in which the site is located.

Subd. 7. **Project costs.** "Project costs" includes cleanup costs for the site and the cost of related site acquisition, demolition of existing improvements, and installation of public improvements necessary for the development authority to implement the response action plan.

History: 1993 c 375 art 13 s 2; 1995 c 224 s 53; 1995 c 255 art 2 s 1; 1997 c 200 art 2 s 8

116J.553 GRANT APPLICATIONS.

Subdivision 1. **Application required.** To obtain a contamination cleanup development grant, the development authority shall apply to the commissioner. The governing body of the municipality must approve, by resolution, the application.

Subd. 2. **Required content.** (a) The commissioner shall prescribe and provide the application form. The application must include at least the following information:

- (1) identification of the site;
- (2) an approved response action plan for the site, including the results of engineering and other tests showing the nature and extent of the release or threatened release of contaminants at the site;
- (3) a detailed estimate, along with necessary supporting evidence, of the total cleanup costs for the site;
- (4) an appraisal of the current market value of the property, separately taking into account the effect of the contaminants on the market value, prepared by a qualified independent appraiser using accepted appraisal methodology;
- (5) an assessment of the development potential or likely use of the site after completion of the response action plan, including any specific commitments from third parties to construct improvements on the site;
- (6) the manner in which the municipality will meet the local match requirement; and

(b) A response action plan is not required as a condition to receive a grant under section 116J.554, subdivision 1, paragraph (c).

History: 1993 c 375 art 13 s 3; 1999 c 203 s 4

116J.554 GRANTS.

Subdivision 1. **Authority.** (a) The commissioner may make a grant to an applicant development authority to pay for up to 75 percent of the project costs for a qualifying site.

(b) The commissioner may also make a grant to an applicant development authority to pay up to 75 percent or \$50,000, whichever is less, toward the cost of performing contaminant investigations and the development of a response action plan for a qualifying site.

(c) The commissioner may also make a grant to an applicant to fill a site that would represent more than 50 percent of the remaining land in a city suitable for industrial development if it were properly filled.

(d) The determination of whether to make a grant for a qualifying site is within the sole discretion of the commissioner, subject to the process provided by this section, and available unencumbered money in the appropriation. The commissioner's decisions and application of the priorities under section 116J.555 are not subject to judicial review, except for abuse of discretion.

(e) The total amount of money provided in grants under paragraph (b) may not exceed \$250,000 per fiscal year.

(f) In making grants under paragraph (b), the commissioner shall give priority to applicants that have not received a grant under paragraph (a) or section 473.252 during the year ending on the date of application.

Subd. 1a. **Metropolitan livable communities.** The commissioner may not make a grant to a municipality in the metropolitan area unless it is participating in the local housing incentives program under section 473.254.

Subd. 2. **Qualifying sites.** A site qualifies for a grant under this section, if the following criteria are met:

(1) the site is not scheduled for funding during the current or next fiscal year under the Comprehensive Environmental Response, Compensation, and Liability Act, United States Code, title 42, section 9601, et seq. or under the Environmental Response, and Liability Act under sections 115B.01 to 115B.24;

(2) the appraised value of the site after adjusting for the effect on the value of the presence or possible presence of contaminants using accepted appraisal methodology (i) is less than 75 percent of the estimated project costs for the site or (ii) is less than or equal to the estimated cleanup costs for the site and the cleanup costs equal or exceed \$3 per square foot for the site; and

(3) if the proposed cleanup is completed, it is expected that the site will be improved with buildings or other improvements and these improvements will provide a substantial increase in the property tax base within a reasonable period of time or the site will be used for an important publicly owned or tax-exempt facility.

History: 1993 c 375 art 13 s 4; 1995 c 255 art 2 s 3; 1997 c 246 s 14,15

116J.555 PRIORITIES.

Subdivision 1. **Priorities.** (a) The legislature expects that applications for grants will exceed the available appropriations and the agency will be able to provide grants to only some of the applicant development authorities.

(b) If applications for grants for qualified sites exceed the available appropriations, the agency shall make grants for sites that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred and that meet all the requirements provided by law. In making this judgment, the commissioner shall consider the following factors:

(1) the recommendations or ranking of projects by the commissioner of the pollution control agency regarding the potential threat to public health and the environment that would be reduced or eliminated by completion of each of the response action plans;

MINNESOTA STATUTES 2002

(2) the potential increase in the property tax base of the local taxing jurisdictions, considered relative to the fiscal needs of the jurisdictions, that will result from developments that will occur because of completion of each of the response action plans;

(3) the social value to the community of the cleanup and redevelopment of the site, including the importance of development of the proposed public facilities on each of the sites;

(4) the probability that each site will be cleaned up without use of government money in the reasonably foreseeable future;

(5) the amount of cleanup costs for each site; and

(6) the amount of the commitment of municipal or other local resources to pay for the cleanup costs.

The factors are not listed in a rank order of priority; rather the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the response action plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. The commissioner shall provide a written statement of the supporting reasons for each grant. Unless sufficient applications are not received for qualifying sites outside of the metropolitan area, at least 25 percent of the money provided as grants must be made for sites located outside of the metropolitan area.

Subd. 2. **Application cycles; reporting to legislature.** (a) In making grants, the commissioner shall establish semiannual application deadlines in which grants will be authorized from all or part of the available appropriations of money in the account.

(b) After each semiannual cycle in which grants are awarded, the commissioner shall report to the environment and natural resources committees of the senate and house of representatives, the finance division of the senate committee on environment and natural resources, and the house of representatives committee on environment and natural resources finance the grants awarded and appropriate supporting information describing each grant made. This report must be made within 30 days after the grants are awarded.

(c) The commissioner shall annually report to the legislative committees in paragraph (b) on the status of the cleanup projects undertaken under grants made under the programs. The commissioner shall include in the annual report information on the cleanup and development activities undertaken for the grants made in that and previous fiscal years. The commissioner shall make this report no later than 120 days after the end of the fiscal year.

116J.556 LOCAL MATCH REQUIREMENT.

(a) In order to qualify for a grant under sections 116J.551 to 116J.557, the municipality must pay for at least one-quarter of the project costs as a local match. The municipality shall pay an amount of the project costs equal to at least 12 percent of the cleanup costs from the municipality's general fund, a property tax levy for that purpose, or other unrestricted money available to the municipality (excluding tax increments). These unrestricted moneys may be spent for project costs, other than cleanup costs, and qualify for the local match payment equal to 12 percent of cleanup costs. The rest of the local match may be paid with tax increments, regional, state, or federal money available for the redevelopment of brownfields or any other money available to the municipality.

(b) If the development authority establishes a tax increment financing district or hazardous substance subdistrict on the site to pay for part of the local match requirement, the district or subdistrict is not subject to the state aid reductions under section 273.1399. In order to qualify for the exemption from the state aid reductions,

the municipality must elect, by resolution, on or before the request for certification is filed that all tax increments from the district or subdistrict will be used exclusively to pay (1) for project costs for the site and (2) administrative costs for the district or subdistrict. The district or subdistrict must be decertified when an amount of tax increments equal to no more than three times the costs of implementing the response action plan for the site and the administrative costs for the district or subdistrict have been received, after deducting the amount of the state grant.

116J.557 COST RECOVERY ACTIONS.

Subdivision 1. **Cause of action.** The attorney general or a development authority or municipality that incurs cleanup costs to implement an approved response action plan pursuant to sections 116J.551 to 116J.557, may bring an action under section 115B.04 or other law to recover the reasonable and necessary cleanup costs incurred by the development authority or municipality. The attorney general, development authority, or municipality may recover all cleanup costs incurred whether paid from the proceeds of a grant under sections 116J.551 to 116J.557 or funds of the development authority or municipality. Recoverable costs include administrative and legal costs related to the development and implementation of the response action plan but do not include any cost associated with development or redevelopment of property. A development authority or municipality must have the consent of the attorney general to bring or settle an action under this subdivision to recover cleanup costs paid from the proceeds of a grant.

Subd. 2. **Procedures.** The commissioner shall notify the attorney general when a grant is awarded under sections 116J.551 to 116J.557. Upon request of the attorney general the development authority shall prepare and submit a certification of the cleanup costs and shall cooperate in any cost recovery action brought by the attorney general under subdivision 1. Certification by the development authority of the cleanup costs incurred to develop and implement the approved response action plan is prima facie evidence that the costs are reasonable and necessary in any action brought under this section.

Subd. 3. **Attorney general assistance and costs.** (a) The attorney general may assist a development authority or municipality, if requested to do so, in bringing an action under subdivision 1 by providing legal and technical advice or other appropriate assistance. The attorney general shall not assess any fee to the development authority or municipality for the assistance but may recover the cost of the assistance as provided in paragraph (b).

(b) If the attorney general brings or assists in an action brought under subdivision 1, the reasonable litigation expenses or other costs of legal or technical assistance incurred by the attorney general must be deducted from any recovery and paid to the attorney general before proceeds of the recovery are otherwise distributed. The attorney general shall deposit any money so deducted in the general fund.

Subd. 4. **Disposition of recovered amounts.** Amounts recovered from responsible persons, after any deduction under subdivision 3, and all other amounts otherwise received by the municipality, the agency, or the attorney general for the site shall be used to reimburse the municipality and the account in proportion to their respective payments for response costs. The amount of recovered costs apportioned to tax increments must be treated by the municipality and development authority as an excess increment under section 469.176, subdivision 2.

116J.558 EFFECT OF ISSUANCE OF GRANTS.

The issuance of a contamination cleanup grant under sections 116J.551 to 116J.557 has no effect on the responsibility or the liability of the state, under chapter 115B or any other law, in relation to the contamination at a site or sites for which the grant is issued. The issuance of a grant neither implies any state responsibility for the

contamination nor imposes any obligation on the state to participate in the cleanup of the contamination or in the cleanup costs beyond the amount of the grant.

NOTE: Subdivision 1 was also amended by Laws 2002, chapter 380, article 4, section 1, to read as follows:

"Subdivision 1. **Characteristics.** (a) If applications for grants exceed the available appropriations, grants shall be made for sites that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred. In making this judgment, the commissioner shall give priority to redevelopment projects with one or more of the following characteristics:

- (1) the need for redevelopment in conjunction with contamination remediation needs;
- (2) the redevelopment project meets current tax increment financing requirements for a redevelopment district and tax increments will contribute to the project;
- (3) the redevelopment potential within the municipality;
- (4) proximity to public transit if located in the metropolitan area; and
- (5) multijurisdictional projects that take into account the need for affordable housing, transportation, and environmental impact.

(b) The factors in paragraph (a), clauses (1) to (5), are not listed in a rank order of priority; rather the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the redevelopment plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. The commissioner shall provide a written statement of the supporting reasons for each grant. Unless sufficient applications are not received within the first nine months of a fiscal year for qualifying sites outside of the metropolitan area, at least 50 percent of the money provided as grants in a fiscal year must be made for sites located outside of the metropolitan area. The commissioner shall consult with the metropolitan council about metropolitan area grants."

116J.64 LOANS TO INDIANS.

Subdivision 1. For purposes of this section the following terms shall have the meanings ascribed to them herein.

Subd. 2. "Indian" means a person of one-quarter or more Indian blood and who is an enrolled member of a federally recognized Minnesota based band or tribe.

Subd. 3. "Person" means an individual Indian, or a partnership comprising Indians only, or a corporation whose stock is owned wholly by Indians.

Subd. 4. "Tribal council" means the reservation business committee or equivalent duly constituted tribal authority.

Subd. 5. "Agency" means the Indian affairs council.

Subd. 6. The remaining 20 percent of the tax revenue received by the county auditor under section 273.165, subdivision 1, shall be remitted by the county auditor to the state treasurer and shall be deposited in an account in the special revenue fund. The account is established under the jurisdiction and control of the agency, which may engage in a business loan program for American Indians as that term is defined in subdivision 2. The tribal councils may administer the account, provided that, before making any eligible loans, each tribal council must submit to the agency, for its review and approval, a plan for that council's loan program which specifically describes, as to

that program, its content, utilization of money, administration, operation, implementation, and other matters required by the agency. All such programs must provide for a reasonable balance in the distribution of money appropriated pursuant to this section to make business loans between Indians residing on and off the reservations within the state. As a condition to the making of such eligible loans, the tribal councils shall enter into a loan agreement and other contractual arrangements with the agency to carry out this chapter, and shall agree that all official books and records relating to the business loan program shall be subject to audit by the legislative auditor in the same manner prescribed for agencies of state government.

Whenever money is appropriated by the state treasurer to the agency solely for the purposes in this subdivision, the agency shall record in the Indian business loan account the receipt and disbursement of the money and of the income, gain and loss from the investment and reinvestment of the money.

Subd. 7. An Indian desiring a loan for the purpose of starting a business enterprise, expanding an existing business, or for technical and management assistance, shall make application to the Indian affairs council. The Indian affairs council shall prescribe the necessary forms and advise the prospective borrower as to the conditions under which the application may be expected to receive favorable consideration. The application shall be forwarded to the appropriate tribal council, if it is participating in the program, for approval or disapproval, and shall be in conformity with the plans submitted by said tribal councils. If the tribal council is not participating in the program, the Indian affairs council may directly administer the loan. If the application is approved, the Indian affairs council shall forward the application, together with all relevant documents pertinent thereto, to the commissioner of finance, who shall draw a warrant in favor of the applicable tribal council or the Indian affairs council, if it is administering the loan, with appropriate notations identifying the borrower. The tribal council or the Indian affairs council, if it is administering the loan, shall thereafter reimburse suppliers and vendors for purchases of equipment, real estate and inventory made by the borrower pursuant to the conditions or guidelines established by the Indian affairs council. The tribal council or the Indian affairs council, if it is administering the loan, shall maintain records of transactions for each borrower in a manner consistent with good accounting practice. Simple interest at two percent of the amount of the debt owed shall be charged. When any portion of a debt is repaid, the tribal council or the Indian affairs council, if it is administering the loan, shall remit the amount so received plus interest paid thereon to the state treasurer through the Indian affairs council. The amount so received shall be credited to the Indian business loan account. The tribal council or the Indian affairs council, if it is administering the loan, shall secure a fidelity bond from a surety company, in favor of the state treasurer, in an amount equal to the maximum amount to the credit of its loan account during the fiscal year. On the placing of a loan, additional money equal to ten percent of the total amount made available to any tribal council or the Indian affairs council, if it is administering the loan, for loans during the fiscal year shall be paid to the council prior to December 31 for the purpose of financing administrative costs.

Subd. 8. Loans made under subdivision 7 shall be limited to a period of 20 years, if made for the purpose of financing nonreal estate purchases. Loans made for the purpose of financing real estate purchases, where such real property is to be used for nonresidential purposes only, shall be limited to a period of 40 years, and shall be a lien on the real property so acquired. Under no circumstances shall the state take a position junior to third lien. In instances where it is impossible or undesirable to secure a lien against real property, the state may secure a lien against personal property for an amount equal to the face value of the loan.

Subd. 9. Any person misrepresenting facts regarding the Indian ancestry of a prospective borrower for the purpose of securing a loan under subdivision 7, whether such borrower be an individual, partnership or corporation, shall be guilty of a gross misdemeanor.

Subd. 10. The county auditor shall remit the tax revenue received yearly to the state treasurer as required by subdivision 6 no later than December 15.

116J.78 COMPREHENSIVE LICENSE INFORMATION.

Subdivision 1. Reports by agencies. Not later than 90 days from June 2, 1981, each agency issuing licenses for business undertakings, projects, and activities shall report to the bureau, in a form prescribed by the bureau, on each and every type of license administered or issued by the agency. Application forms, applicable agency rules, fee schedules, and the estimated time period necessary for license application consideration based on experience and statutory or regulatory requirements shall accompany each report. The reports shall be updated every two years.

Subd. 2. Report supplementation. Each agency issuing licenses for business undertakings, projects, and activities shall, subsequent to its report pursuant to subdivision 1, provide the bureau with a report of any new license or modification of any existing license, or licensing procedures, together with applicable forms, rules, and information required under subdivisions 1 and 2 regarding new or modified licenses.

Subd. 3. Preparation of information file. The bureau shall prepare an information file on agency license requirements upon receipt of the agency reports and shall develop methods for its maintenance, revision, updating, and ready access.

Subd. 4. License information provided by bureau. The bureau shall provide comprehensive license information on the basis of information submitted in subdivisions 1 to 3. The bureau may prepare and distribute publications, guides, and other materials based upon the agency reports and the information file. History: 1981 c 342 art 3 s 6; 1981 c 356 s 248

116J.79 PREAPPLICATION CONFERENCES.

Subdivision 1. Requests for conference. The bureau, at the request of any person, proceeding in accordance with this section, may conduct a preapplication conference, pending the formal submission of application forms, in which affected agencies shall participate to the extent practicable in order to clarify the nature and scope of their interest, to provide guidance regarding license application and review procedures, and to coordinate agency actions and data collection or submission regarding license application.

Subd. 2. Multiple licenses; agencies to provide review and opinion. If, in the course of a preapplication conference, it becomes clear in the opinion of the director that a proposed business undertaking: (a) may require multiple licenses from the same

or different state departments; (b) will take place in phases over an extended period of time; (c) will involve substantial expense for preparation of detailed plans, specifications and license applications; or (d) is of a new or unique nature, then each affected agency shall, at the request of the director to the extent practicable, provide the applicant with a written review and opinion as to all licenses which the agency would require for the proposed undertaking, the standards and conditions which would have to be met in order to obtain the licenses, timetables involved, and any properly related circumstances or findings.

Subd. 3. Written opinions; time limits; extensions. Each agency participating in the review and opinion process shall render the written opinion within a period not exceeding 60 days from the date fixed by the director. This period may be extended by the director at the request of an interested agency for the further consideration of information provided in accordance with this section. The director shall advise the person having requested the review and opinion of the extension, the reasons for it, and the revised period fixed by the director for rendering the written opinion. The person shall be entitled to confer with the bureau and with any agency having been granted an extension of time to ascertain what further information, if any, is required to facilitate the rendering of the review and opinion.

Subd. 4. Effect of review and opinion procedure. A preapplication review and opinion shall not relieve the person from the responsibility of obtaining any required licenses and shall be contingent upon the submission of all detailed plans, specifications, and information required for license applications. An agency's written opinion as to required licenses shall remain in effect indefinitely for the proposed business undertaking, project, or activity as described in the applicant's submission. However, if new license requirements or related standards over which an agency has no control or discretion in establishing subsequently become effective, the new license requirements or standards shall not be considered to have been part of the preapplication review and opinion. The opinion of the agency may be modified or amended by the agency at any time and shall not prohibit the agency from requiring additional licenses as deemed necessary for the applicant.

Subd. 5. Rules of procedure. The bureau shall promulgate rules for the procedures to be followed in the conduct of preapplication reviews and opinions.

History: 1981 c 342 art 3 s 7; 1981 c 356 s 248

116J.80 MASTER APPLICATION PROCEDURE.

Subdivision 1. Development and implementation. The bureau shall develop and implement a master application procedure to expedite the identification and processing of licenses for business undertakings, projects, and activities. A master application shall be made on a form prescribed by the bureau. This form shall request concise and specific information necessary to determine those licenses which are or may be required for the undertaking, project, or activity in order to insure speedy issuance of the licenses when all necessary requirements are met.

Subd. 2. Bureau assistance in preparing. Use of the master application procedure shall be at the option of any person proposing a business undertaking, project, or activity. Upon request, the bureau shall assist any person in preparing a master application, describe the procedures involved, and provide other information from the comprehensive license information file as may be helpful or necessary.

Subd. 4. Agency response. Each agency so notified shall respond to the bureau within 20 days of receipt of the notice and shall advise the bureau whether one or more licenses under its jurisdiction are or may be required for the business undertaking, project, or activity described in the master application. The response shall specify the

licenses which in the opinion of the agency are or may be required, if any, and shall indicate the fees to be charged.

Subd. 5. Consequences of negative or nonresponses. Any agency so notified which responds that it does not have an interest in the license requirements of the business undertaking, project, or activity described in the master application, or which does not respond within the time period specified in subdivision 4, shall not require a license for the undertaking, project, or activity described in the master application. Except that where unusual circumstances have prevented an agency from notifying the bureau, and the agency establishes that failure to require a license would result in substantial harm to the public health or welfare, the commissioner may order that the license be required.

Subd. 6. Failure to provide accurate or pertinent information. The provisions of subdivision 5 shall not apply if the commissioner of trade and economic development determines that the master application contained false, misleading, or deceptive information, or failed to include pertinent information, the lack of which could reasonably lead an agency to misjudge the applicability of licenses under its jurisdiction, or if new license requirements or related standards subsequently became effective for which an agency had no discretion in establishing the effective date.

Subd. 7. Notification to applicant. The bureau, following the 20 day notice and response period, shall promptly provide the person having submitted a master application with application forms and related information for all licenses specified by the interested agencies and shall advise the person:

(a) That all forms are to be completed and submitted to the interested agencies; and

(b) At the option of the applicant, that the bureau will receive all forms as a package with the fees to be charged, if any, and that the bureau will immediately separate and submit the forms and any allocable fees to the appropriate agencies.

Subd. 8. Withdrawal of application. An applicant may withdraw a master application at any time without forfeiture of any license approval applied for or obtained under the master application procedures contained in this section.

116J.8731 MINNESOTA INVESTMENT FUND.

It shall accomplish these goals by the following means:

(1) creation or retention of permanent private-sector jobs in order to create above-average economic growth consistent with environmental protection, which includes

MINNESOTA STATUTES 2002

investments in technology and equipment that increase productivity and provide for a higher wage;

(2) stimulation or leverage of private investment to ensure economic renewal and competitiveness;

(3) increasing the local tax base, based on demonstrated measurable outcomes, to guarantee a diversified industry mix;

(4) improvement of employment and economic opportunity for citizens in the region to create a reasonable standard of living, consistent with federal and state guidelines on low- to moderate-income persons; and

(5) stimulation of productivity growth through improved manufacturing or new technologies, including cold weather testing.

Subd. 2. Administration. The commissioner shall administer the fund as part of the Small Cities Development Block Grant Program. Funds shall be made available to local communities and recognized Indian tribal governments in accordance with the rules adopted for economic development grants in the small cities community development block grant program, except that all units of general purpose local government are eligible applicants for Minnesota investment funds. A home rule charter or statutory city, county, or town may loan or grant money received from repayment of funds awarded under this section to a regional development commission, other regional entity, or statewide community capital fund as determined by the commissioner, to capitalize or to provide the local match required for capitalization of a regional or statewide revolving loan fund.

Subd. 3. Eligible expenditures. The money appropriated for this section may be used to provide grants for infrastructure, loans, loan guarantees, interest buy-downs, and other forms of participation with private sources of financing, provided that a loan to a private enterprise must be for a principal amount not to exceed one-half of the cost of the project for which financing is sought.

Subd. 4. Eligible projects. Assistance must be evaluated on the existence of the following conditions:

(1) creation of new jobs or retention of existing jobs;

(2) increase in the tax base;

(3) the project can demonstrate that investment of public dollars induces private funds;

(4) the project can demonstrate an excessive public infrastructure or improvement cost beyond the means of the affected community and private participants in the project;

(5) the project provides higher wage levels to the community or will add value to current workforce skills;

(6) whether assistance is necessary to retain existing business; and

(7) whether assistance is necessary to attract out-of-state business.

A grant or loan cannot be made based solely on a finding that the conditions in clause (6) or (7) exist. A finding must be made that a condition in clause (1), (2), (3), (4), or (5) also exists.

Applications recommended for funding shall be submitted to the commissioner.

Subd. 5. Grant limits. A Minnesota investment fund grant may not be approved for an amount in excess of \$500,000. This limit covers all money paid to complete the same project, whether paid to one or more grant recipients and whether paid in one or more fiscal years. The portion of a Minnesota investment fund grant that exceeds \$100,000 must be repaid to the state when it is repaid to the local community or recognized Indian tribal government by the person or entity to which it was loaned by the local community or Indian tribal government. Money repaid to the state must be credited to the general fund. A grant or loan may not be made to a person or entity for the operation or expansion of a casino or a store which is used solely or principally for retail sales. Persons or entities receiving grants or loans must pay each employee total

Subd. 7. **Contractual obligation.** A business receiving Minnesota investment fund grants must demonstrate why the grant is necessary for a project and enter into an agreement with the local grantor. 116J.8761 CAPITAL ACCESS PROGRAM; CREATION; ADMINISTRATION.

The purpose of the capital access program is to provide capital to businesses, particularly small and medium-sized businesses, to foster economic development. Capital may be provided in the form of equity investments for community development venture capital funds or loans for all other assistance under the program. The commissioner has the power to administer the program, enter into contracts, and take action reasonably necessary to ensure compliance with the program. The lender shall provide the commissioner with information regarding its participation in the program as the commissioner may reasonably require. 116J.8762 COMMISSIONER; DUTIES.

Subdivision 1. **Duties.** The commissioner must:

(1) with respect to loans:

(i) market the capital access program to businesses and other persons in the state in cooperation with financial institutions and statewide associations representing financial institutions;

(ii) establish a reservation or allocation system so that lenders may reserve an allocation of funds in the account before or after the lender enters into a loan agreement or contract with a borrower; and

(iii) develop the program, in cooperation with financial institutions and statewide associations representing financial institutions, so that the degree of flexibility for the commissioner and the participating lenders is maximized and the state oversight of individual loans is minimized, and the fiscal integrity of the program is maintained; and

(2) with respect to equity investments:

(i) market the program to businesses and community development venture capital funds; and

(ii) enter into appropriate contracts and agreements with community development venture capital funds.

Subd. 2. **Interests of commissioner.** Except upon the exercise of the commissioner's right of subrogation under section 116J.8767, the commissioner has no legal or equitable interest in any collateral, security, or other right of recovery in connection with any loan enrolled in the program, and the commissioner's consent is not necessary for any amendment to the lender's loan documents.

116J.8764 ENROLLMENT OF LOANS IN PROGRAM.

Subdivision 1. **Filing requirements.** (a) To enroll a loan under this program, the lender must file a completed loan enrollment form with the commissioner. The lender must also certify the following to the commissioner as part of the filing:

(1) the lender has no substantial reason to believe that the loan is being made to a borrower who does not meet the requirements of section 116J.876, subdivision 3;

(2) that the lender has received from the borrower a written representation, warranty, pledge, and waiver stating that the borrower has no legal, beneficial, or equitable interest in the nonrefundable premium charges or any other funds credited to the reserve fund established to cover losses sustained by the lender on enrolled loans;

(3) the loan being filed for enrollment is an eligible loan under section 116J.8763; and

(4) premium changes required of the borrower and lender under this section have been deposited in the reserve fund.

(b) The lender shall file the loan enrollment form within ten business days after the lender makes the loan. The date on which the lender makes a loan is the date on which the lender first disburses proceeds of the loan to the borrower or an earlier date on which the loan documents have been executed and the lender has obligated itself to disburse proceeds of the loan. The filing date of a loan enrollment form is the date on which the lender delivers the required documentation to the commissioner, delivers it to a professional courier service for delivery to the commissioner, or mails it to the commissioner by certified mail.

Subd. 2. **Commissioner enrollment; acknowledgment.** When the commissioner receives the loan enrollment form, the commissioner shall enroll the loan, unless the information provided under subdivision 1 indicates that the loan is not an eligible loan, and shall deliver to the lender within five business days of receipt an acknowledgment of enrollment, signed by the commissioner or designee, including documentation of the amount being transferred by the commissioner into the reserve fund under this section.

Subd. 3. **Amount covered.** When filing a loan enrollment form, the lender may specify an amount to be covered under the program. The amount may be less than the total amount of the loan. Unless the context clearly requires otherwise, when used in connection with a loan or loans, the words "amount" and "proceeds" refer only to the amount covered under the agreement.

Subd. 4. **Amount covered in refinancings.** (a) In the case of a loan to refinance a loan previously made to the borrower by the lender that was not enrolled under the program, the lender may obtain coverage under the program for an amount not exceeding the amount of additional financing.

(b) If an enrolled loan is refinanced and the total amount to be covered under the program does not exceed the covered amount of the loan as previously enrolled, the refinanced loan may continue as an enrolled loan without payment of additional premium charges or transfers by the commissioner to the reserve fund.

(c) If an enrolled loan is refinanced in an amount exceeding the amount of the loan as previously enrolled, the lender may obtain coverage of the amount of the refinanced loan that exceeds the amount covered when the loan was previously enrolled by refiling the loan for enrollment under subdivision 1.

(d) Fluctuations in the outstanding balance of a line of credit, without increasing the enrolled amount under the program, are not a refinancing of the loan.

Subd. 5. **Termination of enrollment.** If the outstanding balance of an enrolled loan which is not a line of credit is reduced to zero, the loan is no longer an enrolled loan. If an enrolled loan which is a line of credit has an outstanding balance of zero for a 12-month period, the line of credit is no longer an enrolled loan, unless, before the expiration of the 12-month period, the lender reaffirms in writing to the borrower that the line of credit will remain open and the borrower acknowledges the reaffirmation in writing.

116J.8765 RESERVE FUND; PREMIUMS.

Subdivision 1. **Creation.** Upon execution of an agreement between the lender and the commissioner, the commissioner shall establish a reserve fund account with the lender in the name of the commissioner for the purpose of receiving all required premium charges to be paid by the lender and the borrower and transfers made by the commissioner under sections 116J.876 to 116J.8769.

Subd. 2. **Premium payments and transfers to reserve fund.** The premium charges payable to the reserve fund by the lender and the borrower in connection with a loan filed for enrollment are determined by the lender. The premium paid by the borrower may not be less than 1.5 percent nor greater than 3.5 percent of the amount of the loan. The premium paid by the lender shall be equal to the amount of the premium paid by the borrower. The lender may recover from the borrower the cost of the lender's premium payment, in any manner in which the lender and borrower agree. When enrolling a loan, the commissioner shall transfer into the reserve fund from the account premium amounts determined as follows:

(a) If the amount of any loan, plus the amount of loans previously enrolled by the lender, is less than \$2,000,000, the premium amount transferred must be equal to 150 percent of the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.

(b) If, prior to the enrollment of the loan, the amount of loans previously enrolled by the lender equals or exceeds \$2,000,000, the premium amount transferred must be equal to the combined premiums paid into the reserve fund by the borrower and the lender for each enrolled loan.

(c) If the amount of loans previously enrolled by the lender is less than \$2,000,000, but the enrollment of a loan will cause the aggregate amount of all enrolled loans made by the lender to exceed \$2,000,000, the premium amount transferred must be equal to a percentage of the combined amount paid by the lender and the borrower. The percentage must be determined by (1) multiplying by 150 that portion of the loan which when added to the amount of all previously enrolled loans totals \$2,000,000, (2) multiplying the balance of the loan by 100, and (3) adding the products of the two amounts and dividing the sum by the total amount of the loan.

Subd. 3. **Limitation of transfers.** A maximum premium amount of \$150,000 may be transferred into the reserve funds of all lenders participating in the program by the commissioner over any three-year period in connection with any one borrower or any group of borrowers among which a common enterprise exists. This maximum premium amount may be exceeded upon the written request by a lender only if the commissioner approves in writing the transfer of an amount in excess of \$150,000. For the purpose of this subdivision, the term "common enterprise" has the meaning given it in Code of Federal Regulations, title 12, section 32, as amended.

Subd. 4. **Control and investment of reserve fund.** (a) All money credited to the reserve fund is under the exclusive control of the commissioner. The commissioner may not withdraw money from the reserve fund except as specifically provided in this subdivision and sections 116J.8766 and 116J.8768.

(b) Money in the reserve fund must be deposited by the commissioner in an account with the lender unless the commissioner determines that the lender is not in substantial compliance with the requirements of the agreement. If money in the reserve fund is not deposited by the commissioner in an account with the lender, it must be

MINNESOTA STATUTES 2002

1339

invested or reinvested by the commissioner in (1) direct obligations of the United States or the state of Minnesota or in obligations the principal and interest of which are unconditionally guaranteed by the United States or the state of Minnesota, or (2) a deposit account at a depository institution whose deposits are insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation.

(c) Interest or income earned on the money credited to the reserve fund is part of the reserve fund. The commissioner may withdraw at any time from the reserve fund 50 percent of all interest or income that has been credited to the reserve fund, except that after the first withdrawal the commissioner may not withdraw more than 50 percent of all interest or income that has been credited to the reserve fund since the time of the last withdrawal. Any withdrawal made under this subdivision may be made prior to paying any claim. None of the amounts withdrawn need to be transferred back to the reserve fund. Any withdrawal under this subdivision must be credited in the capital access account.

Subd. 5. Pledge of the reserve fund. The commissioner shall pledge to the lender that the money in the reserve fund will be available to pay claims under section 116J.8766, that the lender will have a first security interest in the money in the reserve fund to pay the claims, and that the commissioner will not encumber or pledge the money to any other party.

Subd. 6. Quarterly reports; inspections. (a) If the reserve fund is not maintained with the lender, the commissioner shall provide to the lender quarterly transaction reports indicating the balance in the reserve fund, payments and transfers into the reserve fund, withdrawals from the reserve fund, and interest or income earned on money credited to the reserve fund.

(b) The records of the commissioner with respect to all payments and transfers into the reserve fund, withdrawals from the reserve fund, and interest or income earned on the money credited to the reserve fund, are available to the lender at the offices of the commissioner during normal business hours.

116J.8766 CLAIMS BY LENDER TO RESERVE FUND.

Subdivision 1. Claim process. (a) If the lender charges off all or part of an enrolled loan, the lender may file a claim with the commissioner. The claim must be filed contemporaneously with the charge-off.

(b) The lender's claim may include, in addition to the amount of principal charged off plus accrued interest, one-half of the documented out-of-pocket expenses incurred in pursuing its collection efforts, including preservation of collateral. The amount of principal and accrued interest included in the claim may not exceed the principal amount covered under the program upon enrollment, plus accrued interest attributable to the covered principal amount.

(c) The lender shall determine when and how much to charge off on an enrolled loan in a manner consistent with its normal method for making these determinations on similar loans which are not enrolled loans.

(d) If the lender files two or more claims contemporaneously and there are insufficient funds in its reserve fund at that time to cover the entire amount of the claims, the lender may designate the order of priority in which the commissioner shall pay the claims.

Subd. 2. Disbursement of reserve fund. (a) Upon receipt by the commissioner of a claim filed by the lender, the commissioner shall, within ten business days, pay or authorize the lender to withdraw from the reserve fund the amount of the claim as submitted, unless the information provided by the lender was known by the lender to be false at the time the loan was filed for enrollment. No other violation of sections 116J.876 to 116J.8769 or the agreement is grounds for denial of a claim. All money transferred or credited to the reserve fund from any source is appropriated to the commissioner to pay claims under this section.

MINNESOTA STATUTES 2002

(b) If there is insufficient money in the reserve fund to cover the entire amount of the lender's claim, the commissioner shall pay to the lender or authorize the lender to withdraw an amount equal to the current balance in the reserve fund and the following shall apply:

(1) If the enrolled loan for which the claim has been filed is not an early loan, the payment fully satisfies the claim, and the lender has no right to receive any further amount from the reserve fund with respect to that claim.

(2) If the loan is an early loan, the partial payment does not satisfy the lender's claim, and at any time that the remaining balance of the claim is not greater than 75 percent of the balance in the reserve fund at the time of the loss, the commissioner, upon request of the lender, shall pay the remaining balance of the claim.

Subd. 3. Recovery by lender subsequent to claim. If, subsequent to payment of a claim by the commissioner, the lender recovers from a borrower any amount for which payment of the claim was made, the lender shall promptly pay to the commissioner for deposit in the reserve fund the amount recovered, less one-half of any documented out-of-pocket expenses incurred. The lender need pay to the commissioner for deposit in the reserve fund only amounts in excess of the amount of recovery needed to fully cover the lender's loss on an enrolled loan.

For the purposes of this subdivision and section 116J.8767, the lender's loss on an enrolled loan includes any losses on the loan including principal, accrued interest, and one-half of the documented out-of-pocket expenses attributable to principal amounts in excess of the amount covered under the program or the principal amount included in the claim.

Subd. 4. Technical assistance. When a borrower becomes 60 days delinquent in the payments of an enrolled loan or before a lender files a claim with the commissioner, the lender must notify the commissioner of the delinquency. The commissioner, after notification, shall inform the borrower of the technical assistance providers in the borrower's area that may assist in solving any business or management problems experienced by the borrower.

116J.8767 SUBROGATION OF CLAIMS.

Subdivision 1. Limitation. The commissioner may exercise the right of subrogation under this section if the commissioner determines, in the commissioner's discretion, that the lender has not exercised reasonable care and diligence in its collection activities with respect to the loan or that there is a reasonable basis for believing that the lender will not exercise reasonable care and diligence in the future with respect to the collection activities.

Subd. 2. Assignment of rights. If the payment of a claim has fully covered the lender's loss on an enrolled loan, or if the payment of a claim when combined with any recovery from the borrower has fully covered the lender's loss, the commissioner, upon request, is subrogated to the rights of the lender with respect to any collateral, security, or other right of recovery in connection with the loan that has not been realized by the lender. The lender thereafter shall assign to the commissioner any right, title, or interest to any collateral, security, or other right of recovery in connection with the loan.

Subd. 3. Lender obligations. If an assignment has been made, the commissioner is not required to undertake any obligations of the lender under its loan documents, except for any obligations directly related to the commissioner's assigned rights of recovery in connection with the loan. The lender shall fulfill any other obligations it may have under the loan documents in the same manner and to the same degree as required had the assignment not been made. The lender shall provide the commissioner with all reasonable assistance the commissioner requests in proceeding with respect to any collateral, security, or other right of recovery, except that the lender need not incur any out-of-pocket expenses.

Subd. 4. **Payment of lender's loss.** If the commissioner decides to exercise the right of subrogation in connection with an enrolled loan and would be entitled to exercise the right except for the fact that the lender's loss has not been fully covered, the commissioner may pay from money in the reserve fund an amount sufficient to fully cover the lender's loss even though the payment may cover a principal amount not covered under the program or not included in the lender's claim. Upon making the payment, the commissioner is subrogated to the rights of the lender.

Subd. 5. **Recovered funds.** Any money received by the commissioner as a result of enforcement actions taken with respect to any collateral, security, or other rights of recovery must be promptly deposited by the commissioner in the reserve fund, less any out-of-pocket expenses incurred by the commissioner in taking such enforcement actions.

History: 1989 c 335 art 1 s 153

116J.8768 EXCESS RESERVE FUNDS.

Subdivision 1. **Reports.** The lender shall file quarterly reports with the commissioner indicating the number and aggregate outstanding balance of all enrolled loans as of the end of each quarter. A quarterly report is not required for any quarter that ends with a balance in the reserve fund of zero, except that a calendar year-end report must be filed. In computing the aggregate outstanding balance of all enrolled loans, the balance of any loan may not be greater than the covered amount of the loan as enrolled.

Subd. 2. **Withdrawal of excess reserve funds.** (a) If reports filed under this section indicate that for the immediately preceding 24-month period the balance in the reserve fund continually exceeded the aggregate outstanding balance of all enrolled loans, the commissioner may withdraw from the reserve fund, on or before the last day of the month for which a report is due, an amount not greater than the amount by which the reserve fund balance exceeded the aggregate outstanding balance of all enrolled loans as of the most recent report, unless the lender has provided to the commissioner adequate documentation that at some time during that 24-month period the aggregate outstanding balance of all enrolled loans exceeded the balance then in the reserve fund. Any amounts withdrawn from the reserve fund must be transferred to the account.

(b) If a report is not filed within 30 days of its original due date, the commissioner may withdraw from the reserve fund based on the commissioner's determination from an inspection of the lender's files an amount not greater than the amount by which the reserve fund balance exceeded the aggregate outstanding balance of all enrolled loans as of the date for which the report was required to be filed.

History: 1989 c 335 art 1 s 154

116J.8769 TERMINATION.

The commissioner may terminate the obligation to a lender to enroll loans under the program if the commissioner determines that the lender is not in substantial compliance with the requirements of the program. The termination takes effect on the date specified in the notice of termination, except that the termination does not apply to any loan made on or before the date on which the notice of termination is received by the lender. If the commissioner is terminating the enrollment of loans for all participating lenders under the program, the commissioner shall provide notice of at least 90 days to the lender. Any terminations under this section are prospective only and do not apply to any loans previously refinanced. After termination, the amount covered under the program may not be increased beyond the covered amount as previously enrolled.

BUSINESS SUBSIDIES

116J.993 DEFINITIONS.

Subdivision 1. **Scope.** For the purposes of sections 116J.993 to 116J.995, the terms defined in this section have the meanings given them.

Subd. 2. **Benefit date.** "Benefit date" means the date that the recipient receives the business subsidy. If the business subsidy involves the purchase, lease, or donation of physical equipment, then the benefit date begins when the recipient puts the equipment into service. If the business subsidy is for improvements to property, then the benefit date refers to the earliest date of either:

(1) when the improvements are finished for the entire project; or

(2) when a business occupies the property. If a business occupies the property and the subsidy grantor expects that other businesses will also occupy the same property, the grantor may assign a separate benefit date for each business when it first occupies the property.

Subd. 3. **Business subsidy.** "Business subsidy" or "subsidy" means a state or local government agency grant, contribution of personal property, real property, infrastructure, the principal amount of a loan at rates below those commercially available to the recipient, any reduction or deferral of any tax or any fee, any guarantee of any payment under any loan, lease, or other obligation, or any preferential use of government facilities given to a business.

The following forms of financial assistance are not a business subsidy:

(1) a business subsidy of less than \$25,000;

(2) assistance that is generally available to all businesses or to a general class of similar businesses, such as a line of business, size, location, or similar general criteria;

(3) public improvements to buildings or lands owned by the state or local government that serve a public purpose and do not principally benefit a single business or defined group of businesses at the time the improvements are made;

(4) redevelopment property polluted by contaminants as defined in section 116J.552, subdivision 3;

(5) assistance provided for the sole purpose of renovating old or decaying building stock or bringing it up to code and assistance provided for designated historic preservation districts, provided that the assistance is equal to or less than 50 percent of the total cost;

(6) assistance to provide job readiness and training services if the sole purpose of the assistance is to provide those services;

(7) assistance for housing;

MINNESOTA STATUTES 2002

1353

(8) assistance for pollution control or abatement, including assistance for a tax increment financing hazardous substance subdistrict as defined under section 469.174, subdivision 23;

(9) assistance for energy conservation;

(10) tax reductions resulting from conformity with federal tax law;

(11) workers' compensation and unemployment compensation;

(12) benefits derived from regulation;

(13) indirect benefits derived from assistance to educational institutions;

(14) funds from bonds allocated under chapter 474A, bonds issued to refund outstanding bonds, and bonds issued for the benefit of an organization described in section 501(c)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1999;

(15) assistance for a collaboration between a Minnesota higher education institution and a business;

(16) assistance for a tax increment financing soils condition district as defined under section 469.174, subdivision 19;

(17) redevelopment when the recipient's investment in the purchase of the site and in site preparation is 70 percent or more of the assessor's current year's estimated market value;

(18) general changes in tax increment financing law and other general tax law changes of a principally technical nature;

(19) federal assistance until the assistance has been repaid to, and reinvested by, the state or local government agency;

(20) funds from dock and wharf bonds issued by a seaway port authority;

(21) business loans and loan guarantees of \$75,000 or less; and

(22) federal loan funds provided through the United States Department of Commerce, Economic Development Administration.

Subd. 4. **Grantor.** "Grantor" means any state or local government agency with the authority to grant a business subsidy.

Subd. 5. **Local government agency.** "Local government agency" includes a statutory or home rule charter city, housing and redevelopment authority, town, county, port authority, economic development authority, community development agency, nonprofit entity created by a local government agency, or any other entity created by or authorized by a local government with authority to provide business subsidies.

Subd. 6. **Recipient.** "Recipient" means any for-profit or nonprofit business entity that receives a business subsidy. Only nonprofit entities with at least 100 full-time equivalent positions and with a ratio of highest to lowest paid employee, that exceeds ten to one, determined on the basis of full-time equivalent positions, are included in this definition.

Subd. 7. **State government agency.** "State government agency" means any state agency that has the authority to award business subsidies.

History: 1999 c 243 art 12 s 1; 2000 c 482 s 1

116J.994 REGULATING LOCAL AND STATE BUSINESS SUBSIDIES.

Subdivision 1. **Public purpose.** A business subsidy must meet a public purpose which may include, but may not be limited to, increasing the tax base. Job retention may only be used as a public purpose in cases where job loss is specific and demonstrable.

Subd. 2. **Developing a set of criteria.** A business subsidy may not be granted until the grantor has adopted criteria after a public hearing for awarding business subsidies that comply with this section. The criteria may not be adopted on a case-by-case basis. The criteria must set specific minimum requirements that recipients must meet in order to be eligible to receive business subsidies. The criteria must include a specific wage floor for the wages to be paid for the jobs created. The wage floor may be stated as a

MINNESOTA STATUTES 2002

specific dollar amount or may be stated as a formula that will generate a specific dollar amount. A grantor may deviate from its criteria by documenting in writing the reason for the deviation and attaching a copy of the document to its next annual report to the department. The commissioner of trade and economic development may assist local government agencies in developing criteria. A copy of the criteria must be submitted to the department of trade and economic development along with the first annual report following the enactment of this section or with the first annual report after it has adopted criteria, whichever is earlier.

Subd. 3. Subsidy agreement. (a) A recipient must enter into a subsidy agreement with the grantor of the subsidy that includes:

- (1) a description of the subsidy, including the amount and type of subsidy, and type of district if the subsidy is tax increment financing;
- (2) a statement of the public purposes for the subsidy;
- (3) measurable, specific, and tangible goals for the subsidy;
- (4) a description of the financial obligation of the recipient if the goals are not met;
- (5) a statement of why the subsidy is needed;
- (6) a commitment to continue operations in the jurisdiction where the subsidy is used for at least five years after the benefit date;
- (7) the name and address of the parent corporation of the recipient, if any; and
- (8) a list of all financial assistance by all grantors for the project.

(b) Business subsidies in the form of grants must be structured as forgivable loans. For other types of business subsidies, the agreement must state the fair market value of the subsidy to the recipient, including the value of conveying property at less than a fair market price, or other in-kind benefits to the recipient.

(c) If a business subsidy benefits more than one recipient, the grantor must assign a proportion of the business subsidy to each recipient that signs a subsidy agreement. The proportion assessed to each recipient must reflect a reasonable estimate of the recipient's share of the total benefits of the project.

(d) The state or local government agency and the recipient must both sign the subsidy agreement and, if the grantor is a local government agency, the agreement must be approved by the local elected governing body, except for the St. Paul Port Authority and a seaway port authority.

(e) Notwithstanding the provision in paragraph (a), clause (6), a recipient may be authorized to move from the jurisdiction where the subsidy is used within the five-year period after the benefit date if, after a public hearing, the grantor approves the recipient's request to move. For the purpose of this paragraph, if the grantor is a state government agency other than the iron range resources and rehabilitation board, "jurisdiction" means a city or township.

Subd. 4. Wage and job goals. The subsidy agreement, in addition to any other goals, must include: (1) goals for the number of jobs created, which may include separate goals for the number of part-time or full-time jobs, or, in cases where job loss is specific and demonstrable, goals for the number of jobs retained; and (2) wage goals for the jobs created or retained. After a public hearing, if the creation or retention of jobs is determined not to be a goal, the wage and job goals may be set at zero.

In addition to other specific goal time frames, the wage and job goals must contain specific goals to be attained within two years of the benefit date.

Subd. 5. Public notice and hearing. (a) Before granting a business subsidy that exceeds \$500,000 for a state government grantor and \$100,000 for a local government grantor, the grantor must provide public notice and a hearing on the subsidy. A public hearing and notice under this subdivision is not required if a hearing and notice on the subsidy is otherwise required by law.

(b) Public notice of a proposed business subsidy under this subdivision by a state government grantor, other than the iron range resources and rehabilitation board, must

MINNESOTA STATUTES 2002

1355

DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT 116J.994

be published in the State Register. Public notice of a proposed business subsidy under this subdivision by a local government grantor or the iron range resources and rehabilitation board must be published in a local newspaper of general circulation. The public notice must identify the location at which information about the business subsidy, including a summary of the terms of the subsidy, is available. Published notice should be sufficiently conspicuous in size and placement to distinguish the notice from the surrounding text. The grantor must make the information available in printed paper copies and, if possible, on the Internet. The government agency must provide at least a ten-day notice for the public hearing.

(c) The public notice must include the date, time, and place of the hearing.

(d) The public hearing by a state government grantor other than the iron range resources and rehabilitation board must be held in St. Paul.

(e) If more than one nonstate grantor provides a business subsidy to the same recipient, the nonstate grantors may designate one nonstate grantor to hold a single public hearing regarding the business subsidies provided by all nonstate grantors. For the purposes of this paragraph, "nonstate grantor" includes the iron range resources and rehabilitation board.

Subd. 6. Failure to meet goals. The subsidy agreement must specify the recipient's obligation if the recipient does not fulfill the agreement. At a minimum, the agreement must require a recipient failing to meet subsidy agreement goals to pay back the assistance plus interest to the grantor or, at the grantor's option, to the account created under section 116J.551 provided that repayment may be prorated to reflect partial fulfillment of goals. The interest rate must be set at no less than the implicit price deflator for government consumption expenditures and gross investment for state and local governments prepared by the bureau of economic analysis of the United States Department of Commerce for the 12-month period ending March 31 of the previous year. The grantor, after a public hearing, may extend for up to one year the period for meeting the wage and job goals under subdivision 4 provided in a subsidy agreement. A grantor may extend the period for meeting other goals under subdivision 3, paragraph (a), clause (3), by documenting in writing the reason for the extension and attaching a copy of the document to its next annual report to the department.

A recipient that fails to meet the terms of a subsidy agreement may not receive a business subsidy from any grantor for a period of five years from the date of failure or until a recipient satisfies its repayment obligation under this subdivision, whichever occurs first.

Before a grantor signs a business subsidy agreement, the grantor must check with the compilation and summary report required by this section to determine if the recipient is eligible to receive a business subsidy.

Subd. 7. Reports by recipients to grantors. (a) A business subsidy grantor must monitor the progress by the recipient in achieving agreement goals.

(b) A recipient must provide information regarding goals and results for two years after the benefit date or until the goals are met, whichever is later. If the goals are not met, the recipient must continue to provide information on the subsidy until the subsidy is repaid. The information must be filed on forms developed by the commissioner in cooperation with representatives of local government. Copies of the completed forms must be sent to the local government agency that provided the subsidy or to the commissioner if the grantor is a state agency. If the iron range resources and rehabilitation board is the grantor, the copies must be sent to the board. The report must include:

(1) the type, public purpose, and amount of subsidies and type of district, if the subsidy is tax increment financing;

(2) the hourly wage of each job created with separate bands of wages;

(3) the sum of the hourly wages and cost of health insurance provided by the employer with separate bands of wages;

(4) the date the job and wage goals will be reached;

MINNESOTA STATUTES 2002

- (5) a statement of goals identified in the subsidy agreement and an update on achievement of those goals;
- (6) the location of the recipient prior to receiving the business subsidy;
- (7) why the recipient did not complete the project outlined in the subsidy agreement at their previous location, if the recipient was previously located at another site in Minnesota;
- (8) the name and address of the parent corporation of the recipient, if any;
- (9) a list of all financial assistance by all grantors for the project; and
- (10) other information the commissioner may request.

A report must be filed no later than March 1 of each year for the previous year. The local agency and the iron range resources and rehabilitation board must forward copies of the reports received by recipients to the commissioner by April 1.

(c) Financial assistance that is excluded from the definition of "business subsidy" by section 116J.993, subdivision 3, clauses (4), (5), (8), and (16), is subject to the reporting requirements of this subdivision, except that the report of the recipient must include instead:

- (1) the type, public purpose, and amount of the financial assistance, and type of district if the assistance is tax increment financing;
- (2) progress towards meeting goals stated in the assistance agreement and the public purpose of the assistance;
- (3) if the agreement includes job creation, the hourly wage of each job created with separate bands of wages;
- (4) if the agreement includes job creation, the sum of the hourly wages and cost of health insurance provided by the employer with separate bands of wages;
- (5) the location of the recipient prior to receiving the assistance; and
- (6) other information the grantor requests.

(d) If the recipient does not submit its report, the local government agency must mail the recipient a warning within one week of the required filing date. If, after 14 days of the postmarked date of the warning, the recipient fails to provide a report, the recipient must pay to the grantor a penalty of \$100 for each subsequent day until the report is filed. The maximum penalty shall not exceed \$1,000.

Subd. 8. Reports by grantors. (a) Local government agencies of a local government with a population of more than 2,500 and state government agencies, regardless of whether or not they have awarded any business subsidies, must file a report by April 1 of each year with the commissioner. Local government agencies of a local government with a population of 2,500 or less are exempt from filing this report if they have not awarded a business subsidy in the past five years. The report must include a list of recipients that did not complete the recipient report required under subdivision 7 and a list of recipients that have not met their job and wage goals within two years and the steps being taken to bring them into compliance or to recoup the subsidy.

If the commissioner has not received the report by April 1 from an entity required to report, the commissioner shall issue a warning to the government agency. If the commissioner has still not received the report by June 1 of that same year from an entity required to report, then that government agency may not award any business subsidies until the report has been filed.

(b) The commissioner of trade and economic development must provide information on reporting requirements to state and local government agencies.

Subd. 9. Compilation and summary report. The department of trade and economic development must publish a compilation and summary of the results of the reports for the previous calendar year by August 1 of each year. The reports of the government agencies to the department and the compilation and summary report of the department must be made available to the public.

MINNESOTA STATUTES 2002

DEPARTMENT OF TRADE AND ECONOMIC DEVELOPMENT 116J.995

The commissioner must coordinate the production of reports so that useful comparisons across time periods and across grantors can be made. The commissioner may add other information to the report as the commissioner deems necessary to evaluate business subsidies. Among the information in the summary and compilation report, the commissioner must include:

- (1) total amount of subsidies awarded in each development region of the state;
- (2) distribution of business subsidy amounts by size of the business subsidy;
- (3) distribution of business subsidy amounts by time category;
- (4) distribution of subsidies by type and by public purpose;
- (5) percent of all business subsidies that reached their goals;
- (6) percent of business subsidies that did not reach their goals by two years from the benefit date;
- (7) total dollar amount of business subsidies that did not meet their goals after two years from the benefit date;
- (8) percent of subsidies that did not meet their goals and that did not receive repayment;
- (9) list of recipients that have failed to meet the terms of a subsidy agreement in the past five years and have not satisfied their repayment obligations;
- (10) number of part-time and full-time jobs within separate bands of wages; and
- (11) benefits paid within separate bands of wages.

Subd. 10. **Compilation.** The department of trade and economic development must publish a compilation of granting agencies' criteria policies adopted in the previous calendar year by August 1 of each year.

116J.995 ECONOMIC GRANTS.

An appropriation rider in an appropriation to the department of trade and economic development that specifies that the appropriation be granted to a particular business or class of businesses must contain a statement of the expected benefits associated with the grant. At a minimum, the statement must include goals for the number of jobs created, wages paid, and the tax revenue increases due to the grant. The wage and job goals must contain specific goals to be attained within two years of the benefit date. The statement must specify the recipient's obligation if the recipient does not attain the goals. At a minimum, the statement must require a recipient failing to meet the job and wage goals to pay back the assistance plus interest to the department of trade and economic development provided that repayment may be prorated to reflect partial fulfillment of goals.
