121A.03 MODEL POLICY.

Subdivision 1. **Model policy.** The commissioner shall maintain and make available to school boards a model sexual, religious, and racial harassment and violence policy. The model policy shall address the requirements of subdivision 2.

Subd. 2. **Sexual, religious, and racial harassment and violence policy.** A school board must adopt a written sexual, religious, and racial harassment and sexual, religious, and racial violence policy that conforms with sections 363.01 to 363.15. The policy shall apply to pupils, teachers, administrators, and other school personnel, include reporting procedures, and set forth disciplinary actions that will be taken for violation of the policy. Disciplinary actions must conform with collective bargaining agreements and sections 121A.41 to 121A.56. The policy must be conspicuously posted throughout each school building, given to each district employee and independent

contractor at the time of entering into the person's employment contract, and included in each school's student handbook on school policies. Each school must develop a process for discussing the school's sexual, religious, and racial harassment and violence policy with students and school employees.

Subd. 3. Submission to commissioner. Each school board must submit to the commissioner a copy of the sexual, religious, and racial harassment and sexual, religious, and racial violence policy the board has adopted.

Subd. 2. School district policy. By July 1, 2000, a school board must adopt a district crisis management policy to address potential violent crisis situations in the district. 121A.04 ATHLETIC PROGRAMS; SEX DISCRIMINATION.

Subdivision 1. Purpose. The legislature recognizes certain past inequities in access to athletic programs and in the various degrees of athletic opportunity previously afforded members of each sex. The purpose of this section is to provide an equal opportunity for members of both sexes to participate in athletic programs.

Subd. 2. Equal opportunity in athletic programs. Each educational institution or public service shall provide equal opportunity for members of both sexes to participate in its athletic program. In determining whether equal opportunity to participate in athletic programs is available for the purposes of this section, at least the following factors shall be considered to the extent that they are applicable to a given situation: whether the opportunity for males and females to participate in the athletic program reflects the demonstrated interest in athletics of the males and females in the student body of the educational institution or the population served by the public service; whether the variety and selection of sports and levels of competition effectively accommodate the demonstrated interests of members of both sexes; the provision of equipment and supplies; scheduling of games and practice times; assignment of coaches; provision of locker rooms; practice and competitive facilities; and the provision of necessary funds for teams of one sex.

Subd. 3. Exceptions. (a) Notwithstanding any other state law to the contrary, in athletic programs operated by educational institutions or public services and designed for participants 12 years old or older or in the 7th grade or above, it is not an unfair discriminatory practice to restrict membership on an athletic team to participants of one sex whose overall athletic opportunities have previously been limited.

(b) When an educational institution or a public service provides athletic teams for children 11 years old or younger or in the 6th grade or below, those teams shall be operated without restrictions on the basis of sex, except that when overall athletic opportunities for one sex have previously been limited and there is a demonstrated interest by members of that sex to participate on a team restricted to members of that sex, the educational institution or public service may provide a team restricted to members of that sex.

(c) When two teams in the same sport are in fact separated or substantially separated according to sex, the two teams shall be provided with substantially equal budgets per participant, exclusive of gate receipts and other revenues generated by that sport, and in all other respects shall be treated in a substantially equal manner.

However, nothing in this section shall be construed to require the two teams to conduct combined practice sessions or any other combined activities related to athletics.

(d) If two teams are provided in the same sport, one of these teams may be restricted to members of a sex whose overall athletic opportunities have previously been limited, and members of either sex shall be permitted to try out for the other team.

(e) Notwithstanding the provisions of paragraphs (a), (b), and (d), any wrestling team may be restricted to members of one sex whether or not the overall athletic opportunities of that sex have previously been limited, provided that programs or events are provided for each sex to the extent the educational institution or public service determines that these programs or events are necessary to accommodate the demonstrated interest of each sex to participate in wrestling.

Subd. 4. Provision of separate teams. When an equal opportunity to participate in the elementary or secondary school level athletic program of an educational institution or public service is not provided to members of a sex whose overall athletic opportunities have previously been limited, that educational institution or public service shall, where there is demonstrated interest, provide separate teams for members of the excluded sex in sports which it determines will provide members of that excluded sex with an equal opportunity to participate in its athletic program and which will attempt to accommodate their demonstrated interests.

Subd. 5. Rules. The commissioner of children, families, and learning, after consultation with the commissioner of human rights must promulgate rules in accordance with chapter 14 to implement this section to prevent discrimination in elementary and secondary school athletic programs operated by educational institutions. The rules promulgated by the commissioner pursuant to this section shall not require athletic competition or tournaments for teams whose membership may be restricted to members of a sex whose overall athletic opportunities have previously been limited; to be scheduled in conjunction with the scheduling of athletic competition or tournaments for teams whose membership is not so restricted by this section. Any organization, association or league entered into by elementary or secondary schools or public services for the purpose of promoting sports or adopting rules and regulations for the conduct of athletic contests between members shall provide rules and regulations and conduct its activities so as to permit its members to comply fully with this section. The rules of that organization, association or league may provide separate seasons for athletic competition or tournaments in a sport for teams whose membership may be restricted to members of a sex whose overall athletic opportunities have previously been limited from athletic competition or tournaments established for teams in that same sport whose membership is not so restricted by this section, and its rules may prohibit a participating student from competing on more than one school team in a given sport during a single school year.

121A.06 REPORTS OF DANGEROUS WEAPON INCIDENTS IN SCHOOL ZONES.

Subdivision 1. Definitions. As used in this section:

- (2) "school" has the meaning given it in section 120A.22, subdivision 4; and
- (3) "school zone" has the meaning given it in section 152.01, subdivision 14a, clauses (1) and (3).

Subd. 2. **Reports; content.** By January 1, 1994, the commissioner, in consultation with the criminal and juvenile information policy group, shall develop a standardized form to be used by schools to report incidents involving the use or possession of a dangerous weapon in school zones. The form shall include the following information:

- (1) a description of each incident, including a description of the dangerous weapon involved in the incident;
- (2) where, at what time, and under what circumstances the incident occurred;

- (5) the cost of the incident to the school and to the victim; and
- (6) the action taken by the school administration to respond to the incident.

The commissioner also shall develop an alternative reporting format that allows school districts to provide aggregate data, with an option to use computer technology to report the data.

Subd. 3. **Reports; filing requirements.** By February 1 and July 1 of each year, each school shall report incidents involving the use or possession of a dangerous weapon in school zones to the commissioner. The reports must be made on the standardized forms or using the alternative format developed by the commissioner under subdivision 2. The commissioner shall compile the information it receives from the schools and report it annually to the commissioner of public safety, the criminal and juvenile information policy group, and the legislature.

STUDENT HEALTH AND SAFETY

121A.15 HEALTH STANDARDS; IMMUNIZATIONS; SCHOOL CHILDREN.

Subdivision 1. Except as provided in subdivisions 3, 4, and 10, no person over two months old may be allowed to enroll or remain enrolled in any elementary or

secondary school or child care facility in this state until the person has submitted to the administrator or other person having general control and supervision of the school or child care facility, one of the following statements:

(1) a statement from a physician or a public clinic which provides immunizations stating that the person has received immunization, consistent with medically acceptable standards, against measles after having attained the age of 12 months, rubella, diphtheria, tetanus, pertussis, polio, mumps, haemophilus influenza type b, and hepatitis B; or

(2) a statement from a physician or a public clinic which provides immunizations stating that the person has received immunizations, consistent with medically acceptable standards, against measles after having attained the age of 12 months, rubella, mumps, and haemophilus influenza type b and that the person has commenced a schedule of immunizations for diphtheria, tetanus, pertussis, polio, and hepatitis B and which indicates the month and year of each immunization received.

Subd. 2. Schedule of immunizations. No person who has commenced a treatment schedule of immunization pursuant to subdivision 1, clause (2), may remain enrolled in any child care facility, elementary, or secondary school in this state after 18 months of enrollment unless there is submitted to the administrator, or other person having general control and supervision of the school or child care facility, a statement from a physician or a public clinic which provides immunizations that the person has completed the primary schedule of immunizations for diphtheria, tetanus, pertussis, polio, and hepatitis B. The statement must include the month and year of each additional immunization received. For a child less than seven years of age, a primary schedule of immunizations shall consist of four doses of vaccine for diphtheria, tetanus, and pertussis and three doses of vaccine for poliomyelitis and hepatitis B. For a child seven years of age or older, a primary schedule of immunizations shall consist of three doses of vaccine for diphtheria, tetanus, polio, and hepatitis B.

Subd. 3. Exemptions from immunizations. (a) If a person is at least seven years old and has not been immunized against pertussis, the person must not be required to be immunized against pertussis.

(b) If a person is at least 18 years old and has not completed a series of immunizations against poliomyelitis, the person must not be required to be immunized against poliomyelitis.

(c) If a statement, signed by a physician, is submitted to the administrator or other person having general control and supervision of the school or child care facility stating that an immunization is contraindicated for medical reasons or that laboratory confirmation of the presence of adequate immunity exists, the immunization specified in the statement need not be required.

(d) If a notarized statement signed by the minor child's parent or guardian or by the emancipated person is submitted to the administrator or other person having general control and supervision of the school or child care facility stating that the person has not been immunized as prescribed in subdivision 1 because of the conscientiously held beliefs of the parent or guardian of the minor child or of the emancipated person, the immunizations specified in the statement shall not be required. This statement must also be forwarded to the commissioner of the department of health.

(e) If the person is under 15 months, the person is not required to be immunized against measles, rubella, or mumps.

(f) If a person is at least five years old and has not been immunized against haemophilus influenza type b, the person is not required to be immunized against haemophilus influenza type b.

Subd. 3a. Disclosures required. (a) This paragraph applies to any written information about immunization requirements for enrollment in a school or child care facility that:

(1) is provided to a person to be immunized or enrolling or enrolled in a school or child care facility, or to the person's parent or guardian if the person is under 18 years of age and not emancipated; and

(2) is provided by the department of health; the department of children, families, and learning; the department of human services; an immunization provider; or a school or child care facility.

Such written information must describe the exemptions from immunizations permitted under subdivision 3, paragraphs (c) and (d). The information on exemptions from immunizations provided according to this paragraph must be in a font size at least equal to the font size of the immunization requirements, in the same font style as the immunization requirements, and on the same page of the written document as the immunization requirements.

(b) Before immunizing a person, an immunization provider must provide the person, or the person's parent or guardian if the person is under 18 years of age and not emancipated, with the following information in writing:

(1) a list of the immunizations required for enrollment in a school or child care facility;

(2) a description of the exemptions from immunizations permitted under subdivision 3, paragraphs (c) and (d);

(3) a list of additional immunizations currently recommended by the commissioner; and

(4) in accordance with federal law, a copy of the vaccine information sheet from the federal Department of Health and Human Services that lists possible adverse reactions to the immunization to be provided.

Subd. 4. Substitute immunization statement. (a) A person who is enrolling or enrolled in an elementary or secondary school or child care facility may substitute a statement from the emancipated person or a parent or guardian if the person is a minor child in lieu of the statement from a physician or public clinic which provides immunizations. If the statement is from a parent or guardian or emancipated person, the statement must indicate the month and year of each immunization given.

(b) In order for the statement to be acceptable for a person who is enrolling in an elementary school and who is six years of age or younger, it must indicate that the following was given: no less than one dose of vaccine each for measles, mumps, and rubella given separately or in combination; no less than four doses of vaccine for poliomyelitis, unless the third dose was given after the fourth birthday, then three doses are minimum; no less than five doses of vaccine for diphtheria, tetanus, and pertussis, unless the fourth dose was given after the fourth birthday, then four doses are minimum; and no less than three doses of vaccine for hepatitis B.

(c) In order for the statement to be consistent with subdivision 10 and acceptable for a person who is enrolling in an elementary or secondary school and is age seven through age 19, the statement must indicate that the person has received no less than one dose of vaccine each for measles, mumps, and rubella given separately or in combination, and no less than three doses of vaccine for poliomyelitis, diphtheria, tetanus, and hepatitis B.

(d) In order for the statement to be acceptable for a person who is enrolling in a secondary school, and who was born after 1956 and is 20 years of age or older, the statement must indicate that the person has received no less than one dose of vaccine each for measles, mumps, and rubella given separately or in combination, and no less than one dose of vaccine for diphtheria and tetanus within the preceding ten years.

(e) In order for the statement to be acceptable for a person who is enrolling in a child care facility and who is at least 15 months old but who has not reached five years of age, it must indicate that the following were given: no less than one dose of vaccine each for measles, mumps, and rubella given separately or in combination; no less than one dose of vaccine for haemophilus influenza type b; no less than four doses of

vaccine for diphtheria, tetanus, and pertussis; and no less than three doses of vaccine for poliomyelitis.

(f) In order for the statement to be acceptable for a person who is enrolling in a child care facility and who is five or six years of age, it must indicate that the following was given: no less than one dose of vaccine each for measles, mumps, and rubella given separately or in combination; no less than four doses of vaccine for diphtheria, tetanus, and pertussis; and no less than three doses of vaccine for poliomyelitis.

(g) In order for the statement to be acceptable for a person who is enrolling in a child care facility and who is seven years of age or older, the statement must indicate that the person has received no less than one dose of vaccine each for measles, mumps, and rubella given separately or in combination and consistent with subdivision 10, and no less than three doses of vaccine for poliomyelitis, diphtheria, and tetanus.

(h) The commissioner of health, on finding that any of the above requirements are not necessary to protect the public's health, may suspend for one year that requirement.

Subd. 5. Transfer of immunization statements. If a person transfers from one elementary or secondary school to another, the school board of a public school district or the administrator of a nonpublic school may allow the person up to a maximum of 30 days to submit one or more of the statements as specified in subdivision 1 or 3, during which time the person may enroll in and attend the school. If a person enrolls in a child care facility in which at least 75 percent of children in the facility participate on a onetime only or occasional basis to a maximum of 45 hours per child, per month, or is placed in a facility by a crisis nursery, the person shall be exempt from all requirements of this section for up to five consecutive days, starting from the first day of attendance.

Subd. 6. [Repealed, 1Sp2001 c 9 art 1 s 62]

Subd. 7. File on immunization records. Each school or child care facility shall maintain on file immunization records for all persons in attendance that contain the information required by subdivisions 1, 2, and 3. The school shall maintain the records for at least five years after the person attains the age of majority. The department of health and the board of health, as defined in section 145A.02, subdivision 2, in whose jurisdiction the school or child care facility is located, shall have access to the files maintained pursuant to this subdivision. When a person transfers to another elementary or secondary school or child care facility, the administrator or other person having general control and supervision of the school or child care facility shall assist the person's parent or guardian in the transfer of the immunization file to the person's new school or child care facility within 30 days of the transfer. Upon the request of a public or private post-secondary educational institution, as defined in section 135A.14, the administrator or other person having general control or supervision of a school shall assist in the transfer of a student's immunization file to the post-secondary institution.

Subd. 8. Report. The administrator or other person having general control and supervision of the elementary or secondary school shall file a report with the commissioner on all persons enrolled in the school. The superintendent of each district shall file a report with the commissioner for all persons within the district receiving instruction in a home school in compliance with sections 120A.22 and 120A.24. The parent of persons receiving instruction in a home school shall submit the statements as required by subdivisions 1, 2, 3, and 4 to the superintendent of the district in which the person resides by October 1 of each school year. The school report must be prepared on forms developed jointly by the commissioner of health and the commissioner of children, families, and learning and be distributed to the local districts by the commissioner of health. The school report must state the number of persons attending the school, the number of persons who have not been immunized according to subdivision 1 or 2, and the number of persons who received an exemption under subdivision 3, clause (c) or (d). The school report must be filed with the commissioner of children, families, and learning within 60 days of the commencement of each new school term. Upon request, a district must be given a 60-day extension for filing the

school report. The commissioner of children, families, and learning shall forward the report, or a copy thereof, to the commissioner of health who shall provide summary reports to boards of health as defined in section 145A.02, subdivision 2. The administrator or other person having general control and supervision of the child care facility shall file a report with the commissioner of human services on all persons enrolled in the child care facility. The child care facility report must be prepared on forms developed jointly by the commissioner of health and the commissioner of human services and be distributed to child care facilities by the commissioner of health. The child care facility report must state the number of persons enrolled in the facility, the number of persons with no immunizations, the number of persons who received an exemption under subdivision 3, clause (c) or (d), and the number of persons with partial or full immunization histories. The child care facility report must be filed with the commissioner of human services by November 1 of each year. The commissioner of human services shall forward the report, or a copy thereof, to the commissioner of health who shall provide summary reports to boards of health as defined in section 145A.02, subdivision 2. The report required by this subdivision is not required of a family child care or group family child care facility, for prekindergarten children enrolled in any elementary or secondary school provided services according to sections 125A.05 and 125A.06, nor for child care facilities in which at least 75 percent of children in the facility participate on a onetime only or occasional basis to a maximum of 45 hours per child, per month.

Subd. 12. **Modifications to schedule.** (a) The commissioner of health may adopt modifications to the immunization requirements of this section. A proposed modification made under this subdivision must be part of the current immunization recommendations of each of the following organizations: the United States Public Health Service's Advisory Committee on Immunization Practices, the American Academy of Family Physicians, and the American Academy of Pediatrics. In proposing a modification to the immunization schedule, the commissioner must:

121A.16 EARLY CHILDHOOD HEALTH AND DEVELOPMENT SCREENING; PURPOSE.

The legislature finds that early detection of children's health and developmental problems can reduce their later need for costly care, minimize their physical and educational handicaps, and aid in their rehabilitation. The purpose of sections 121A.16 to 121A.19 is to assist parents and communities in improving the health of Minnesota children and in planning educational and health programs.

121A.17 SCHOOL BOARD RESPONSIBILITIES.

Subdivision 1. Early childhood developmental screening. Every school board must provide for a mandatory program of early childhood developmental screening for children once before school entrance, targeting children who are between 3-1/2 and four years old. This screening program must be established either by one board, by two or more boards acting in cooperation, by service cooperatives, by early childhood family education programs, or by other existing programs. This screening examination is a mandatory requirement for a student to continue attending kindergarten or first grade in a public school. A child need not submit to developmental screening provided by a board if the child's health records indicate to the board that the child has received comparable developmental screening from a public or private health care organization or individual health care provider. Districts are encouraged to reduce the costs of preschool developmental screening programs by utilizing volunteers in implementing the program.

Subd. 2. Screening required before kindergarten enrollment. A child must not be enrolled in kindergarten in a public school unless the parent or guardian of the child submits to the school principal or other person having general control and supervision of the school a record indicating the months and year the child received developmental screening and the results of the screening not later than 30 days after the first day of attendance. If a child is transferred from one kindergarten to another, the parent or guardian of the child must be allowed 30 days to submit the child's record, during which time the child may attend school.

Subd. 3. Screening program. (a) A screening program must include at least the following components: developmental assessments, hearing and vision screening or referral, immunization review and referral, the child's height and weight, identification of risk factors that may influence learning, an interview with the parent about the child, and referral for assessment, diagnosis, and treatment when potential needs are identified. The district and the person performing or supervising the screening must provide a parent or guardian with clear written notice that the parent or guardian may decline to answer questions or provide information about family circumstances that might affect development and identification of risk factors that may influence learning. The notice must clearly state that declining to answer questions or provide information does not prevent the child from being enrolled in kindergarten or first grade if all other screening components are met. If a parent or guardian is not able to read and comprehend the written notice, the district and the person performing or supervising the screening must convey the information in another manner. The notice must also inform the parent or guardian that a child need not submit to the district screening program if the child's health records indicate to the school that the child has received comparable developmental screening performed within the preceding 365 days by a public or private health care organization or individual health care provider. The notice must be given to a parent or guardian at the time the district initially provides information to the parent or guardian about screening and must be given again at the screening location.

(b) All screening components shall be consistent with the standards of the state commissioner of health for early developmental screening programs. A developmental screening program must not provide laboratory tests or a physical examination to any child. The district must request from the public or private health care organization or the individual health care provider the results of any laboratory test or physical examination within the 12 months preceding a child's scheduled screening.

(c) If a child is without health coverage, the school district must refer the child to an appropriate health care provider.

(d) A board may offer additional components such as nutritional, physical and dental assessments, review of family circumstances that might affect development, blood pressure, laboratory tests, and health history.

(e) If a statement signed by the child's parent or guardian is submitted to the administrator or other person having general control and supervision of the school that

the child has not been screened because of conscientiously held beliefs of the parent or guardian, the screening is not required.

Subd. 4. Follow-up screening. If any child's screening indicates a condition which requires diagnosis or treatment, the child's parents shall be notified of the condition and the board shall ensure that an appropriate follow-up and referral process is available.

Subd. 5. Developmental screening program information. The board must inform each resident family with a child eligible to participate in the developmental screening program about the availability of the program and the state's requirement that a child receive developmental screening not later than 30 days after the first day of attending kindergarten in a public school.

Subd. 6. Developmental screening services. A board may contract with or purchase service from an approved early developmental screening program in the area. Developmental screening must be conducted by either an individual who is licensed as, or has training that is similar to a special education teacher, school psychologist, kindergarten teacher, prekindergarten teacher, school nurse, public health nurse, registered nurse, or physician. The individual may be a volunteer.

Subd. 7. Screening record. The district must provide the parent or guardian of the child screened with a record indicating the month and year the child received developmental screening and the results of the screening. The district must keep a duplicate copy of the record of each child screened.

Subd. 8. Volunteer screening programs. Every board must integrate and utilize volunteer screening programs in implementing sections 121A.17 to 121A.19 wherever possible.

Subd. 9. Health care provider societies. A board may consult with local societies of health care providers.

Subd. 10. Priority to volunteers. In selecting personnel to implement the screening program, the district must give priority first to qualified volunteers.

121A.18 DATA USE.

Data on individuals collected in screening programs established pursuant to section 121A.17 is private, as defined by section 13.02, subdivision 12. Individual and summary data must be reported to the district by the health provider who performs the screening services, for the purposes of developing appropriate educational programs to meet the individual needs of children and designing appropriate health education programs for the district. No data on an individual shall be disclosed to the district without the consent of that individual's parent or guardian.

121A.19 DEVELOPMENTAL SCREENING AID.

121A.21 SCHOOL HEALTH SERVICES.

(a) Every school board must provide services to promote the health of its pupils.

(b) The board of a district with 1,000 pupils or more in average daily membership in early childhood family education, preschool handicapped, elementary, and secondary programs must comply with the requirements of this paragraph. It may use one or a combination of the following methods:

(1) employ personnel, including at least one full-time equivalent licensed school nurse or continue to employ a registered nurse not yet certified as a public health nurse as defined in section 145A.02, subdivision 18, who is enrolled in a program that would lead to certification within four years of August 1, 1988;

(2) contract with a public or private health organization or another public agency for personnel during the regular school year, determined appropriate by the board, who are currently licensed under chapter 148 and who are certified public health nurses; or

(3) enter into another arrangement approved by the commissioner.

The department of health must provide an opportunity for environmental groups, interested parents, public health organizations, and other parties to work with the department in developing the model notice.

Subd. 8. Plan. A school is not required to adopt an integrated pest management plan. A school board may only notify students, parents, or employees that it has adopted an integrated pest management plan if the plan is a managed pest control program designed to minimize the risk to human health and the environment and to reduce the use of chemical pesticides, and which ranks the district's response to pests in the following manner:

- (1) identifying pests which need to be controlled;
- (2) establishing tolerable limits of each identified pest;
- (3) designing future buildings and landscapes to prevent identified pests;
- (4) excluding identified pests from sites and buildings using maintenance practices;

History: 1974 c 572 s 1; 1Sp1997 c 4 art 7 s 10; 1998 c 397 art 9 s 26; art 11 s 3

121A.41 DEFINITIONS.

Subdivision 1. **Applicability.** As used in sections 121A.40 to 121A.56, the terms defined in this section shall have the meanings assigned them.

Subd. 2. **Dismissal.** "Dismissal" means the denial of the current educational program to any pupil, including exclusion, expulsion, and suspension. It does not include removal from class.

Subd. 3. **District.** "District" means any school district.

Subd. 4. **Exclusion.** "Exclusion" means an action taken by the school board to prevent enrollment or reenrollment of a pupil for a period that shall not extend beyond the school year.

Subd. 5. **Expulsion.** "Expulsion" means a school board action to prohibit an enrolled pupil from further attendance for up to 12 months from the date the pupil is expelled.

Subd. 6. **Parent.** "Parent" means (a) one of the pupil's parents, (b) in the case of divorce or legal separation, the parent or parents with physical custody of the pupil, including a noncustodial parent with legal custody who has provided the district with a current address and telephone number, or (c) a legally appointed guardian. In the case of a pupil with a disability under the age of 18, parent may include a district-appointed surrogate parent.

Subd. 7. **Pupil.** "Pupil" means any student:

(1) without a disability under 21 years of age; or

(2) with a disability until September 1 after the child with a disability becomes 22 years of age;

(3) and who remains eligible to attend a public elementary or secondary school.

Subd. 10. **Suspension.** "Suspension" means an action by the school administration, under rules promulgated by the school board, prohibiting a pupil from attending school for a period of no more than ten school days. If a suspension is longer than five days, the suspending administrator must provide the superintendent with a reason for the longer suspension. This definition does not apply to dismissal from school for one school day or less, except as provided in federal law for a student with a disability. Each suspension action may include a readmission plan. The readmission plan shall include,

where appropriate, a provision for implementing alternative educational services upon readmission and may not be used to extend the current suspension. Consistent with section 125A.09, subdivision 3, the readmission plan must not obligate a parent to provide a sympathomimetic medication for the parent's child as a condition of readmission. The school administration may not impose consecutive suspensions against the same pupil for the same course of conduct, or incident of misconduct, except where the pupil will create an immediate and substantial danger to self or to surrounding persons or property, or where the district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of 15 days. In the case of a student with a disability, the student's individual education plan team must meet immediately but not more than ten school days after the date on which the decision to remove the student from the student's current education placement is made. The individual education plan team shall at that meeting: conduct a review of the relationship between the child's disability and the behavior subject to disciplinary action; and determine the appropriateness of the child's education plan.

The requirements of the individual education plan team meeting apply when:

- (1) the parent requests a meeting;
- (2) the student is removed from the student's current placement for five or more consecutive days; or
- (3) the student's total days of removal from the student's placement during the school year exceed ten cumulative days in a school year. The school administration shall implement alternative educational services when the suspension exceeds five days. A separate administrative conference is required for each period of suspension.

Subd. 11. Alternative educational services. "Alternative educational services" may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instruction through electronic media, special education services as indicated by appropriate assessment, homebound instruction, supervised homework, or enrollment in another district or in an alternative learning center under section 123A.05 selected to allow the pupil to progress toward meeting graduation standards under section 120B.02, although in a different setting.

121A.43 EXCLUSION AND EXPULSION OF PUPILS WITH A DISABILITY.

When a pupil who has an individual education plan is excluded or expelled under sections 121A.40 to 121A.56 for misbehavior that is not a manifestation of the pupil's disability, the district shall continue to provide special education and related services after a period of suspension, if suspension is imposed. The district shall initiate a review of the pupil's individual education plan and conduct a review of the relationship between the pupil's disability and the behavior subject to disciplinary action and determine the appropriateness of the pupil's education plan before commencing an expulsion or exclusion.

121A.44 EXPULSION FOR POSSESSION OF FIREARM.

(a) Notwithstanding the time limitation in section 121A.41, subdivision 5, a school board must expel for a period of at least one year a pupil who is determined to have brought a firearm to school except the board may modify this expulsion requirement for a pupil on a case-by-case basis. For the purposes of this section, firearm is as defined in United States Code, title 18, section 921.

(b) Notwithstanding chapter 13, a student's expulsion or withdrawal or transfer from a school after an expulsion action is initiated against the student for a weapons violation under paragraph (a) may be disclosed by the school district initiating the expulsion proceeding. Subdivision 1. **Provision of alternative programs.** No school shall dismiss any pupil without attempting to provide alternative educational services before dismissal proceedings, except where it appears that the pupil will create an immediate and substantial danger to self or to surrounding persons or property.

Subd. 2. **Grounds for dismissal.** A pupil may be dismissed on any of the following grounds:

(a) willful violation of any reasonable school board regulation. Such regulation must be clear and definite to provide notice to pupils that they must conform their conduct to its requirements;

(b) willful conduct that significantly disrupts the rights of others to an education, or the ability of school personnel to perform their duties, or school sponsored extracurricular activities; or

(c) willful conduct that endangers the pupil or other pupils, or surrounding persons, including school district employees, or property of the school.

Subd. 3. **Parent notification and meeting.** If a pupil's total days of removal from school exceeds ten cumulative days in a school year, the school district shall make reasonable attempts to convene a meeting with the pupil and the pupil's parent or guardian prior to subsequently removing the pupil from school. The district shall make reasonable efforts to notify the parents of the suspension by telephone as soon as possible following suspension. In the event a pupil is suspended without an informal

administrative conference on the grounds that the pupil will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the pupil and the pupil's parent or guardian within 48 hours of the suspension. Service by mail is complete upon mailing.

Subd. 4. **Suspension pending expulsion or exclusion hearing.** Notwithstanding the provisions of subdivisions 1 and 3, the pupil may be suspended pending the school board's decision in the expulsion or exclusion hearing; provided that alternative educational services are implemented to the extent that suspension exceeds five days.

The notice must contain the name of the student and a summary of the resolution of the case. Notwithstanding section 138.17, the principal must delete the peace officer's report and notice from the student's educational record and destroy the data and make reasonable efforts to notify any teacher, counselor, staff member, administrator, substitute, or volunteer who received data from the peace officer notice.
