373.01 POWERS.

Subdivision 1. **Public corporation; listed powers.** Each county is a body politic and corporate and may:

- (1) Sue and be sued.
- (2) Acquire and hold real and personal property for the use of the county, and lands sold for taxes as provided by law.
- (3) Purchase and hold for the benefit of the county real estate sold by virtue of judicial proceedings, to which the county is a party.
- (4) Sell, lease, and convey real or personal estate owned by the county, and give contracts or options to sell, lease, or convey it, and make orders respecting it as deemed conducive to the interests of the county's inhabitants.

No sale, lease, or conveyance of real estate owned by the county, except the lease of a residence acquired for the furtherance of an approved capital improvement project, nor any contract or option for it, shall be valid, without first advertising for bids or proposals in the official newspaper of the county for three consecutive weeks and once in a newspaper of general circulation in the area where the property is located. The notice shall state the time and place of considering the proposals, contain a legal description of any real estate, and a brief description of any personal property. Leases that do not exceed \$15,000 for any one year may be negotiated and are not subject to the competitive bid procedures of this section. All proposals estimated to exceed \$15,000 in any one year shall be considered at the time set for the bid opening, and the one most favorable to the county accepted, but the county board may, in the interest of the county, reject any or all proposals. Sales of personal property the value of which is estimated to be \$15,000 or more shall be made only after advertising for bids or proposals as provided for real estate. Sales of personal property the value of which is estimated to be less than \$15,000 may be made either on competitive bids or in the open market, in the discretion of the county board. Notwithstanding anything to the contrary herein, the county may, when acquiring real property for county highway right-of-way, exchange parcels of real property of substantially similar or equal value without advertising for bids. The estimated values for these parcels shall be determined by the county assessor.

If real estate or personal property remains unsold after advertising for and consideration of bids or proposals the county may employ a broker to sell the property. The broker may sell the property for not less than 90 percent of its appraised market value as determined by the county. The broker's fee shall be set by agreement with the

county but may not exceed ten percent of the sale price and must be paid from the proceeds of the sale.

A county or its agent may rent a county-owned residence acquired for the furtherance of an approved capital improvement project subject to the conditions set by the county board and not subject to the conditions for lease otherwise provided by this clause.

In no case shall lands be disposed of without there being reserved to the county all iron ore and other valuable minerals in and upon the lands, with right to explore for, mine and remove the iron ore and other valuable minerals, nor shall the minerals and mineral rights be disposed of, either before or after disposition of the surface rights, otherwise than by mining lease, in similar general form to that provided by section 93.20 for mining leases affecting state lands. The lease shall be for a term not exceeding 50 years, and be issued on a royalty basis, the royalty to be not less than 25 cents per ton of 2,240 pounds, and fix a minimum amount of royalty payable during each year, whether mineral is removed or not. Prospecting options for mining leases may be granted for periods not exceeding one year. The options shall require, among other things, periodical showings to the county board of the results of exploration work done.

(5) Make all contracts and do all other acts in relation to the property and concerns of the county necessary to the exercise of its corporate powers.

**Subd. 2. Road equipment agreements, terms.** Notwithstanding any other contrary law, a county may enter into a rental purchase agreement or conditional sales agreement to acquire road equipment but the seller shall be limited to the remedy of recovery of the property in case of nonpayment of all or part of the purchase price. The purchase price shall be payable over not more than five years.

**Subd. 3. Capital notes.** A county board may, by resolution and without referendum, issue capital notes subject to the county debt limit to purchase capital equipment useful for county purposes that has an expected useful life at least equal to the term of the notes. The notes shall be payable in not more than five years and shall be issued on terms and in a manner the board determines. A tax levy shall be made for payment of the principal and interest on the notes, in accordance with section 475.61, as in the case of bonds. For purposes of this subdivision, "capital equipment" means public safety, ambulance, road construction or maintenance, medical, and data processing equipment.

**Subd. 4. Tax anticipation certificates.** The county board of any county may, by resolution, issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of taxes levied for any fund named in the tax levy for the purpose of raising money for such fund, but the certificates outstanding for any such separate funds shall not on the date on which the certificates are issued exceed 75 percent of the amount of taxes previously levied for such fund remaining uncollected. No certificate shall be issued to become due and payable later than 15 months after the deadline for the certification of the property tax levy under section 275.07, subdivision 1; and the certificates shall not be sold for less than par and accrued interest. The certificates of indebtedness may be issued at any time after the levy has been finally made and certified to the county auditor. They shall be numbered consecutively, be in denominations of \$100 or a multiple thereof, may have interest coupons attached, shall be otherwise of such form and terms, and may be made payable at such place, as will best aid in their negotiation, and the proceeds of the tax assessed and collected on account of the fund and the full faith and credit of the county shall be irrevocably pledged for the redemption and payment of the certificates so issued. Such certificates shall be payable primarily from the moneys derived from the levy for the years against which such certificates were issued, but shall constitute unlimited general obligations of the county. Money derived from the sale of such certificates shall be credited to the fund or funds the taxes for which are so anticipated.

### **373.40 CAPITAL IMPROVEMENT BONDS.**

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given.

(a) "Bonds" means an obligation as defined under section 475.51.

(b) "Capital improvement" means acquisition or betterment of public lands, development rights in the form of conservation easements under chapter 84C, buildings, or other improvements within the county for the purpose of a county courthouse, administrative building, health or social service facility, correctional facility, jail, law enforcement center, hospital, morgue, library, park, qualified indoor ice arena, and roads and bridges. An improvement must have an expected useful life of five years or more to qualify. "Capital improvement" does not include light rail transit or any activity related to it or a recreation or sports facility building (such as, but not limited to, a gymnasium, ice arena, racquet sports facility, swimming pool, exercise room or health spa), unless the building is part of an outdoor park facility and is incidental to the primary purpose of outdoor recreation.

(c) "Commissioner" means the commissioner of trade and economic development.

(d) "Metropolitan county" means a county located in the seven-county metropolitan area as defined in section 473.121 or a county with a population of 90,000 or more.

(e) "Population" means the population established by the most recent of the following (determined as of the date the resolution authorizing the bonds was adopted):

- (1) the federal decennial census,
- (2) a special census conducted under contract by the United States Bureau of the Census, or
- (3) a population estimate made either by the metropolitan council or by the state demographer under section 4A.02.

(f) "Qualified indoor ice arena" means a facility that meets the requirements of section 373.43.

(g) "Tax capacity" means total taxable market value, but does not include captured market value.

**Subd. 2. Application of election requirement.** (a) Bonds issued by a county to finance capital improvements under an approved capital improvement plan are not subject to the election requirements of section 375.18 or 475.58. The bonds must be approved by vote of at least three-fifths of the members of the county board. In the case of a metropolitan county, the bonds must be approved by vote of at least two-thirds of the members of the county board.

(b) Before issuance of bonds qualifying under this section, the county must publish a notice of its intention to issue the bonds and the date and time of a hearing to obtain public comment on the matter. The notice must be published in the official newspaper of the county or in a newspaper of general circulation in the county. The notice must be published at least 14, but not more than 28, days before the date of the hearing.

(c) A county may issue the bonds only upon obtaining the approval of a majority of the voters voting on the question of issuing the obligations, if a petition requesting a vote on the issuance is signed by voters equal to five percent of the votes cast in the county in the last general election and is filed with the county auditor within 30 days after the public hearing. The commissioner of revenue shall prepare a suggested form of the question to be presented at the election.

**Subd. 3. Capital improvement plan.** (a) A county may adopt a capital improvement plan. The plan must cover at least the five-year period beginning with the date of its adoption. The plan must set forth the estimated schedule, timing, and details of specific capital improvements by year, together with the estimated cost, the need for the improvement, and sources of revenues to pay for the improvement. In preparing the capital improvement plan, the county board must consider for each project and for the overall plan:

- (1) the condition of the county's existing infrastructure, including the projected need for repair or replacement;
- (2) the likely demand for the improvement;
- (3) the estimated cost of the improvement;
- (4) the available public resources;
- (5) the level of overlapping debt in the county;
- (6) the relative benefits and costs of alternative uses of the funds;
- (7) operating costs of the proposed improvements; and
- (8) alternatives for providing services more efficiently through shared facilities with other counties or local government units.

(b) The capital improvement plan and annual amendments to it must be approved by the county board after public hearing. The county must submit the capital improvement plan to the community development division of the department of trade and economic development. The plan is not effective if the commissioner disapproves the plan within 90 days after it was submitted. If the commissioner has not disapproved the plan within 90 days after its submission, the plan is deemed approved and effective. The commissioner shall disapprove a capital improvement plan only if the commissioner determines (1) that the planned improvements cannot be financed within the limits

specified in subdivision 4, or (2) the county in preparing the plan did not consider the factors listed in this subdivision or failed to gather the information necessary to evaluate the plan under the factors, or (3) the proposed improvements will result in unnecessary duplication of public facilities provided by other units of government in the region or there is insufficient demand for the facility. If the plan is disapproved by the commissioner and the county board does not withdraw the plan, the capital improvement plan must be submitted to the voters for approval. If a majority of the voters approve, the plan is approved and effective.

Subd. 4. **Limitations on amount.** A county, other than Ramsey, may not issue bonds under this section if the maximum amount of principal and interest to become due in any year on all the outstanding bonds issued pursuant to this section (including the bonds to be issued) will equal or exceed 0.05367 percent of taxable market value of property in the county. Ramsey county may not issue bonds under this section if the maximum amount of principal and interest to become due in any year on all the outstanding bonds issued pursuant to this section (including the bonds to be issued) will equal or exceed 0.06455 percent of taxable market value of property in the county. Calculation of the limit must be made using the taxable market value for the taxes payable year in which the obligations are issued and sold. This section does not limit the authority to issue bonds under any other special or general law.

Subd. 5. **Application of chapter 475.** Bonds to finance capital improvements qualifying under this section must be issued under the issuance authority in chapter 475 and the provisions of chapter 475 apply, except as otherwise specifically provided in this section.

### 373.43 FINANCING AUTHORITY; ICE FACILITIES.

A county may issue and sell its general obligations under chapter 475 to finance acquisition and construction of an indoor ice arena intended to be used predominantly for youth athletic activities if all the following conditions are met.

(a) The obligations are secured by a pledge of revenues from the facility.

(b) The county has entered into a qualified agreement. A qualified agreement means:

(1) a joint powers agreement with the school district or the city in which the facility is located that governs ownership, operation, and maintenance of the facility; or

(2) an agreement with a nonprofit corporation, qualifying under section 501(c)(3) of the Internal Revenue Code of 1986, that provides that the corporation will operate, manage, and maintain the facility; or

(3) any combination of agreements under clauses (1) and (2).

(c) The agreements under paragraph (b) provide that all parties must pay the principal and interest on obligations, if the revenues for the facility are insufficient to pay the obligations in full.

(d) The county board finds, based on analysis provided by a professional experienced in finance, that the facility's revenues and other available money will be sufficient to pay the obligations, without reliance on a property tax levy or the general purpose state aid of the county or any party to a joint powers agreement.

### 373.45 STATE MAY GUARANTEE COUNTY BUILDING DEBT; REPAYMENT.

Subdivision 1. **Definitions.** (a) As used in this section, the following terms have the meanings given.

(b) "Authority" means the Minnesota public facilities authority.

(c) "Commissioner" means the commissioner of finance.

(d) "Debt obligation" means a general obligation bond issued by a county to provide funds for the construction of:

(1) jails;

(2) correctional facilities;

(3) law enforcement facilities;

(4) social services and human services facilities; or

(5) solid waste facilities.

Subd. 2. **Application.** (a) This section provides a state guarantee of the payment of principal and interest on debt obligations if:

(1) the obligations are issued after June 30, 2000;

(2) application to the public facilities authority is made before issuance; and

(3) the obligations are covered by an agreement meeting the requirements of subdivision 3.

(b) Applications to be covered by the provisions of this section must be made in a form and contain the information prescribed by the authority. Applications are subject to a fee of \$500 for the first bond issue requested by the county and \$250 for each bond issue thereafter.

(c) Application fees paid under this section must be deposited in a separate county bond guarantee account in the general fund. Money in the county bond guarantee account is appropriated to the authority for purposes of administering this section.

(d) Neither the authority nor the commissioner is required to promulgate administrative rules under this section and the procedures and requirements established by the authority or commissioner under this section are not subject to chapter 14.

**Subd. 3. Agreement.** (a) For specified debt obligations of a county to be covered by this section, the county must enter an agreement with the authority obligating the county to be bound by this section.

(b) This agreement must be in a form prescribed by the authority and contain any provisions required by the authority, including, at least, an obligation to:

(1) deposit with the paying agent three days before the date on which the payment is due an amount sufficient to make that payment;

(2) notify the authority, if the county will be unable to make all or a portion of the payment; and

(3) include a provision in the bond resolution and county's agreement with the paying agent for the debt obligation that requires the paying agent to inform the commissioner if it becomes aware of a default or potential default in the payment of principal or interest on that issue or if, on the day two business days before the date a payment is due on that issue, there are insufficient funds to make the payment on deposit with the paying agent.

(c) Funds invested in a refunding escrow account established under section 475.67 that are to become available to the paying agent on a principal or interest payment date are deemed to be on deposit with the paying agent three business days before the payment date.

(d) The provisions of an agreement under this subdivision are binding as to an issue as long as any debt obligation of the issue remains outstanding.

(e) This section and the obligations of the state under this section are not a public debt of the state under article XI, section 4, of the Minnesota Constitution, and the legislature may, at any time, choose not to appropriate amounts under subdivision 4, paragraph (b).

**Subd. 4. Notifications; payment; appropriation.** (a) After receipt of a notice of a default or potential default in payment of principal or interest in debt obligations covered by this section or an agreement under this section, and after consultation with the county, the paying agent, and after verification of the accuracy of the information provided, the authority shall notify the commissioner of the potential default. The notice must include a final figure as to the amount due that the county will be unable to repay on the date due.

(b) Upon receipt of this notice from the authority, the commissioner shall issue a warrant and authorize the authority to pay to the paying agent for the debt obligation the specified amount on or before the date due. The amounts needed for the purposes of this subdivision are annually appropriated to the authority from the general fund.

**Subd. 5. Interest on state paid amount.** If the state has paid part or all of the principal or interest due on a county's debt obligation, the amount paid bears interest from the date paid by the state until the date of repayment. The interest rate is the state treasurer's invested cash rate as it is certified by the commissioner. Interest only accrues on the amounts paid and outstanding less the reduction in aid under subdivision 7 and other payments received from the county.

**Subd. 6. Pledge of county's full faith and credit.** If the state has paid part or all of the principal or interest due on a county's debt obligation, the county's pledge of its full faith and credit and unlimited taxing powers to repay the principal and interest due on

those debt obligations becomes, without an election or the requirement of a further authorization, a pledge of the full faith and credit and unlimited taxing powers of the county to repay to the state the amount paid, with interest. Amounts paid by the state must be repaid in the order in which the state payments were made.

**Subd. 7. Aid reduction for repayment.** (a) Except as provided in paragraph (b), the commissioner may reduce, by the amount paid by the state under this section on behalf of the county, plus the interest due on the state payments, the following aids payable to the county:

(1) homestead and agricultural credit aid and disparity reduction aid payable under section 273.1398;

(2) county criminal justice aid payable under section 477A.0121; and

(3) family preservation aid payable under section 477A.0122.

The amount of any aid reduction reverts from the appropriate account to the state general fund.

(b) If, after review of the financial situation of the county, the authority advises the commissioner that a total reduction of the aids would cause an undue hardship on the county, the authority, with the approval of the commissioner, may establish a different schedule for reduction of aids to repay the state. The amount of aids to be reduced are decreased by any amounts repaid to the state by the county from other revenue sources.

**Subd. 8. Tax levy for repayment.** (a) With the approval of the authority, a county may levy in the year the state makes a payment under this section an amount up to the amount necessary to provide funds for the repayment of the amount paid by the state plus interest through the date of estimated repayment by the county. The proceeds of this levy may be used only for this purpose unless they exceed the amount actually due. Any excess must be used to repay other state payments made under this section or must be deposited in the debt redemption fund of the county. The amount of aids to be reduced to repay the state are decreased by the amount levied.

(b) If the state is not repaid in full for a payment made under this section by November 30 of the calendar year following the year in which the state makes the payment, the authority shall require the county to certify a property tax levy in an amount up to the amount necessary to provide funds for repayment of the amount paid by the state plus interest through the date of estimated repayment by the county. To prevent undue hardship, the authority may allow the county to certify the levy over a five-year period. The proceeds of the levy may be used only for this purpose unless they are in excess of the amount actually due, in which case the excess must be used to repay other state payments made under this section or must be deposited in the debt redemption fund of the county. If the authority orders the county to levy, the amount of aids reduced to repay the state are decreased by the amount levied.

(c) A levy under this subdivision is an increase in the levy limits of the county for purposes of section 275.065, subdivision 6, and must be explained as a specific increase at the meeting required under that provision.

**Subd. 9. Mandatory plan; technical assistance.** If the state makes payments on behalf of a county under this section or the county defaults in the payment of principal or interest on an outstanding debt obligation, it must submit a plan to the authority for approval specifying the measures it intends to implement to resolve the issues which led to its inability to make the payment and to prevent further defaults. If the authority determines that a county's plan is not adequate, the authority shall notify the county that the plan has been disapproved, the reasons for the disapproval, and that the state will not make future payments under this section for debt obligations of the affected county issued after the date specified in that notice until its plan is approved. The authority may also notify the county that until its plan is approved, aids due the county will be withheld after a date specified in the notice.

**Subd. 10. Continuing disclosure agreements.** The authority may enter into written agreements or contracts relating to the continuing disclosure of information needed to

facilitate the ability of counties to issue debt obligations according to federal securities laws, rules, and regulations, including securities and exchange commission rules and regulations, section 240.15c2-12. The agreements or contracts may be in any form the authority deems reasonable and in the state's best interests.
