CHAPTER 256B

MEDICAL ASSISTANCE FOR NEEDY PERSONS

256B.041 CENTRALIZED DISBURSEMENT OF MEDICAL ASSISTANCE PAYMENTS.

[For text of subds 1 to 4, see M.S.2002]

Subd. 5. **Payment by county to commissioner of finance.** If required by federal law or rules promulgated thereunder, or by authorized rule of the state agency, each county shall pay to the commissioner of finance the portion of medical assistance paid by the state for which it is responsible.

The county shall advance medical assistance costs not met by federal funds, based upon estimates submitted by the state agency to the county agency, stating the estimated expenditures for the succeeding month. Upon the direction of the county agency, payment shall be made monthly by the county to the state for the estimated expenditures for each month. Adjustment of any overestimate or underestimate based on actual expenditures shall be made by the state agency by adjusting the estimate for any succeeding month.

Payment to counties under this subdivision is subject to the provisions of section 256.017.

Subd. 10a. [Repealed, 1Sp2003 c 14 art 12 s 101]

[For text of subds 11 and 12, see M.S.2002]

Subd. 13. **Residents of institutions for mental diseases.** Beginning October 1, 2003, persons who would be eligible for medical assistance under this chapter but for residing in a facility that is determined by the commissioner or the federal Centers for Medicare and Medicaid Services to be an institution for mental diseases are eligible for medical assistance without federal financial participation, except that coverage shall not include payment for a nursing facility determined to be an institution for mental diseases.

History: *1Sp2003 c 14 art 12 s 15*

256B.056 ELIGIBILITY; RESIDENCY; RESOURCES; INCOME.

[For text of subd 1, see M.S.2002]

Subd. 1a. **Income and assets generally.** Unless specifically required by state law or rule or federal law or regulation, the methodologies used in counting income and assets to determine eligibility for medical assistance for persons whose eligibility category is based on blindness, disability, or age of 65 or more years, the methodologies for the supplemental security income program shall be used. Increases in benefits under title II of the Social Security Act shall not be counted as income for purposes of this subdivision until July 1 of each year. Effective upon federal approval, for children eligible under section 256B.055, subdivision 12, or for home and community-based waiver services whose eligibility for medical assistance is determined without regard to parental income, child support payments, including any payments made by an obligor in satisfaction of or in addition to a temporary or permanent order for child support, and social security payments are not counted as income. For families and children, which includes all other eligibility categories, the methodologies under the state's AFDC plan in effect as of July 16, 1996, as required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Public Law 104-193, shall be used, except that effective October 1, 2003, the earned income disregards and deductions are limited to those in subdivision 1c. For these purposes, a "methodology" does not include an asset or income standard, or accounting method, or method of determining effective dates.

[For text of subd 1b, see M.S.2002]

Subd. 1c. **Families with children income methodology.** (a)(1) **Expired.**

(2) For applications processed within one calendar month prior to July 1, 2003, eligibility shall be determined by applying the income standards and methodologies in effect prior to July 1, 2003, for any months in the six-month budget period before July 1, 2003, and the income standards and methodologies in effect on July 1, 2003, for any months in the six-month budget period on or after that date. The income standards for each month shall be added together and compared to the applicant's total countable income for the six-month budget period to determine eligibility.

(3) For children ages one through 18 whose eligibility is determined under section 256B.057, subdivision 2, the following deductions shall be applied to income counted toward the child's eligibility as allowed under the state's AFDC plan in effect as of July 16, 1996: $90 work expense, dependent care, and child support paid under court order. This clause is effective October 1, 2003.

(b) For families with children whose eligibility is determined using the standard specified in section 256B.056, subdivision 4, paragraph (c), 17 percent of countable earned income shall be disregarded for up to four months and the following deductions shall be applied to each individual's income counted toward eligibility as allowed under the state's AFDC plan in effect as of July 16, 1996: dependent care and child support paid under court order.

(c) If the four-month disregard in paragraph (b) has been applied to the wage earner's income for four months, the disregard shall not be applied again until the wage earner's income has not been considered in determining medical assistance eligibility for 12 consecutive months.

[For text of subds 2 to 3b, see M.S.2002]

Subd. 3c. **Asset limitations for families and children.** A household of two or more persons must not own more than $20,000 in total net assets, and a household of one person must not own more than $10,000 in total net assets. In addition to these maximum amounts, an eligible individual or family may accrue interest on these amounts, but they must be reduced to the maximum at the time of an eligibility redetermination. The value of assets that are not considered in determining eligibility for medical assistance for families and children is the value of those assets excluded under the AFDC state plan as of July 16, 1996, as required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Public Law 104-193, with the following exceptions:

(1) household goods and personal effects are not considered;

(2) capital and operating assets of a trade or business up to $200,000 are not considered;

(3) one motor vehicle is excluded for each person of legal driving age who is employed or seeking employment;

(4) one burial plot and all other burial expenses equal to the supplemental security income program asset limit are not considered for each individual;

(5) court-ordered settlements up to $10,000 are not considered;

(6) individual retirement accounts and funds are not considered; and

(7) assets owned by children are not considered.

[For text of subds 4 to 5c, see M.S.2002]

Subd. 6. **Assignment of benefits.** To be eligible for medical assistance a person must have applied or must agree to apply all proceeds received or receivable by the person or the person's legal representative from any third party liable for the costs of medical care. By accepting or receiving assistance, the person is deemed to have assigned the person's rights to medical support and third party payments as required by title 19 of the Social Security Act. Persons must cooperate with the state in establishing paternity and obtaining third party payments. By accepting medical assistance, a person assigns to the Department of Human Services all rights the person may have to medical support or payments for medical expenses from any other person or entity on their own or their dependent's behalf and agrees to cooperate with the state in establishing paternity and obtaining third party payments. Any rights or amounts so assigned shall be applied against the cost of medical care paid for under this chapter. Any assignment takes effect upon the determination that the applicant is eligible for medical assistance and up to three months prior to the date of application if the applicant is determined eligible for and receives medical assistance benefits. The application must contain a statement explaining this assignment. For the purposes of this section, "the Department of Human Services or the state" includes prepaid health plans under contract with the commissioner according to sections 256B.031, 256B.69, 256D.03, subdivision 4, paragraph (d), and 256L.12; children's mental health collaboratives under section 245.493; demonstration projects for persons with disabilities under section 256B.77; nursing facilities under the alternative payment demonstration project under section 256B.434; and the county-based purchasing entities under section 256B.692.

History: *1Sp2003 c 14 art 2 s 16; art 12 s 16-18*

256B.057 ELIGIBILITY; INCOME AND ASSET LIMITATIONS FOR SPECIAL CATEGORIES.

Subdivision 1. **Pregnant women and infants.** (a)(1) An infant less than one year of age is eligible for medical assistance if countable family income is equal to or less than 275 percent of the federal poverty guideline for the same family size. A pregnant woman who has written verification of a positive pregnancy test from a physician or

licensed registered nurse is eligible for medical assistance if countable family income is equal to or less than 200 percent of the federal poverty guideline for the same family size. For purposes of this subdivision, "countable family income" means the amount of income considered available using the methodology of the AFDC program under the state's AFDC plan as of July 16, 1996, as required by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Public Law 104-193, except for the earned income disregard and employment deductions.

(2) For applications processed within one calendar month prior to the effective date, eligibility shall be determined by applying the income standards and methodologies in effect prior to the effective date for any months in the six-month budget period before that date and the income standards and methodologies in effect on the effective date for any months in the six-month budget period on or after that date. The income standards for each month shall be added together and compared to the applicant's total countable income for the six-month budget period to determine eligibility.

(b)(1) **Expired.**

(2) For applications processed within one calendar month prior to July 1, 2003, eligibility shall be determined by applying the income standards and methodologies in effect prior to July 1, 2003, for any months in the six-month budget period before July 1, 2003, and the income standards and methodologies in effect on the expiration date for any months in the six-month budget period on or after July 1, 2003. The income standards for each month shall be added together and compared to the applicant's total countable income for the six-month budget period to determine eligibility.

(c) Dependent care and child support paid under court order shall be deducted from the countable income of pregnant women.

(d) An infant born on or after January 1, 1991, to a woman who was eligible for and receiving medical assistance on the date of the child's birth shall continue to be eligible for medical assistance without redetermination until the child's first birthday, as long as the child remains in the woman's household.

Subd. 1b. [Repealed, 1Sp2003 c 14 art 12 s 101]

[For text of subd 1c, see M.S.2002]

Subd. 2. **Children.** (a) Except as specified in subdivision 1b, effective October 1, 2003, a child one through 18 years of age in a family whose countable income is no greater than 150 percent of the federal poverty guidelines for the same family size, is eligible for medical assistance.

(b) For applications processed within one calendar month prior to the effective date, eligibility shall be determined by applying the income standards and methodologies in effect prior to the effective date for any months in the six-month budget period before that date and the income standards and methodologies in effect on the effective date for any months in the six-month budget period on or after that date. The income standards for each month shall be added together and compared to the applicant's total countable income for the six-month budget period to determine eligibility.

[For text of subds 3 and 3a, see M.S.2002]

Subd. 3b. **Qualifying individuals.** Beginning July 1, 1998, contingent upon federal funding, a person who would otherwise be eligible as a qualified Medicare beneficiary under subdivision 3, except that the person's income is in excess of the limit, is eligible as a qualifying individual according to the following criteria:

(1) if the person's income is greater than 120 percent, but less than 135 percent of the official federal poverty guidelines for the applicable family size, the person is eligible for medical assistance reimbursement of Medicare Part B premiums; or

(2) if the person's income is equal to or greater than 135 percent but less than 175 percent of the official federal poverty guidelines for the applicable family size, the person is eligible for medical assistance reimbursement of that portion of the Medicare Part B premium attributable to an increase in Part B expenditures which resulted from

the shift of home care services from Medicare Part A to Medicare Part B under Public Law 105-33, section 4732, the Balanced Budget Act of 1997.

The commissioner shall limit enrollment of qualifying individuals under this subdivision according to the requirements of Public Law 105-33, section 4732.

[For text of subds 4 to 8, see M.S.2002]

Subd. 9. **Employed persons with disabilities.** (a) Medical assistance may be paid for a person who is employed and who:

(1) meets the definition of disabled under the supplemental security income program;

(2) is at least 16 but less than 65 years of age;

(3) meets the asset limits in paragraph (b); and

(4) effective November 1, 2003, pays a premium and other obligations under paragraph (d).

Any spousal income or assets shall be disregarded for purposes of eligibility and premium determinations.

After the month of enrollment, a person enrolled in medical assistance under this subdivision who:

(1) is temporarily unable to work and without receipt of earned income due to a medical condition, as verified by a physician, may retain eligibility for up to four calendar months; or

(2) effective January 1, 2004, loses employment for reasons not attributable to the enrollee, may retain eligibility for up to four consecutive months after the month of job loss. To receive a four-month extension, enrollees must verify the medical condition or provide notification of job loss. All other eligibility requirements must be met and the enrollee must pay all calculated premium costs for continued eligibility.

(b) For purposes of determining eligibility under this subdivision, a person's assets must not exceed $20,000, excluding:

(1) all assets excluded under section 256B.056;

(2) retirement accounts, including individual accounts, 401(k) plans, 403(b) plans, Keogh plans, and pension plans; and

(3) medical expense accounts set up through the person's employer.

(c)(1) Effective January 1, 2004, for purposes of eligibility, there will be a $65 earned income disregard. To be eligible, a person applying for medical assistance under this subdivision must have earned income above the disregard level.

(2) Effective January 1, 2004, to be considered earned income, Medicare, social security, and applicable state and federal income taxes must be withheld. To be eligible, a person must document earned income tax withholding.

(d)(1) A person whose earned and unearned income is equal to or greater than 100 percent of federal poverty guidelines for the applicable family size must pay a premium to be eligible for medical assistance under this subdivision. The premium shall be based on the person's gross earned and unearned income and the applicable family size using a sliding fee scale established by the commissioner, which begins at one percent of income at 100 percent of the federal poverty guidelines and increases to 7.5 percent of income for those with incomes at or above 300 percent of the federal poverty guidelines. Annual adjustments in the premium schedule based upon changes in the federal poverty guidelines shall be effective for premiums due in July of each year.

(2) Effective January 1, 2004, all enrollees must pay a premium to be eligible for medical assistance under this subdivision. An enrollee shall pay the greater of a $35 premium or the premium calculated in clause (1).

(3) Effective November 1, 2003, all enrollees who receive unearned income must pay one-half of one percent of unearned income in addition to the premium amount.

(4) Effective November 1, 2003, for enrollees whose income does not exceed 200 percent of the federal poverty guidelines and who are also enrolled in Medicare, the commissioner must reimburse the enrollee for Medicare Part B premiums under section 256B.0625, subdivision 15, paragraph (a).

(e) A person's eligibility and premium shall be determined by the local county agency. Premiums must be paid to the commissioner. All premiums are dedicated to the commissioner.

(f) Any required premium shall be determined at application and redetermined at the enrollee's six-month income review or when a change in income or household size is reported. Enrollees must report any change in income or household size within ten days of when the change occurs. A decreased premium resulting from a reported change in income or household size shall be effective the first day of the next available billing month after the change is reported. Except for changes occurring from annual cost-of-living increases, a change resulting in an increased premium shall not affect the premium amount until the next six-month review.

(g) Premium payment is due upon notification from the commissioner of the premium amount required. Premiums may be paid in installments at the discretion of the commissioner.

(h) Nonpayment of the premium shall result in denial or termination of medical assistance unless the person demonstrates good cause for nonpayment. Good cause exists if the requirements specified in Minnesota Rules, part 9506.0040, subpart 7, items B to D, are met. Except when an installment agreement is accepted by the commissioner, all persons disenrolled for nonpayment of a premium must pay any past due premiums as well as current premiums due prior to being reenrolled. Nonpayment shall include payment with a returned, refused, or dishonored instrument. The commissioner may require a guaranteed form of payment as the only means to replace a returned, refused, or dishonored instrument.

Subd. 10. **Certain persons needing treatment for breast or cervical cancer.** (a) Medical assistance may be paid for a person who:

(1) has been screened for breast or cervical cancer by the Minnesota breast and cervical cancer control program, and program funds have been used to pay for the person's screening;

(2) according to the person's treating health professional, needs treatment, including diagnostic services necessary to determine the extent and proper course of treatment, for breast or cervical cancer, including precancerous conditions and early stage cancer;

(3) meets the income eligibility guidelines for the Minnesota breast and cervical cancer control program;

(4) is under age 65;

(5) is not otherwise eligible for medical assistance under United States Code, title 42, section 1396(a)(10)(A)(i); and

(6) is not otherwise covered under creditable coverage, as defined under United States Code, title 42, section 1396a(aa).

(b) Medical assistance provided for an eligible person under this subdivision shall be limited to services provided during the period that the person receives treatment for breast or cervical cancer.

(c) A person meeting the criteria in paragraph (a) is eligible for medical assistance without meeting the eligibility criteria relating to income and assets in section 256B.056, subdivisions 1a to 5b.

History: *1Sp2003 c 14 art 12 s 19-23*

NOTE: The amendment to subdivision 1 by Laws 2003, First Special Session chapter 14, article 12, section 19, is effective February 1, 2004, or upon federal approval, whichever is later, except where a different date is specified in the text. Laws 2003, First Special Session chapter 14, article 12, section 19, the effective date.

256B.0595 PROHIBITIONS ON TRANSFER; EXCEPTIONS.

Subdivision 1. **Prohibited transfers.** (a) For transfers of assets made on or before August 10, 1993, if a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the supplemental security program, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2.

(b) Effective for transfers made after August 10, 1993, a person, a person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or person's spouse, may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the supplemental security income program, for the purpose of establishing or maintaining medical assistance eligibility. This applies to all transfers, including those made by a community spouse after the month in which the institutionalized spouse is determined eligible for medical assistance. For purposes of determining eligibility for long-term care services, any transfer of such assets within 36 months before or any time after an institutionalized person applies for medical assistance, or 36 months before or any time after a medical assistance recipient becomes institutionalized, for less than fair market value may be considered. Any such transfer is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the person is ineligible for long-term care services for the period of time determined under subdivision 2, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose, or unless the transfer is permitted under subdivision 3 or 4. Notwithstanding the provisions of this paragraph, in the case of payments from a trust or portions of a trust that are considered transfers of assets under federal law, any transfers made within 60 months before or any time after an institutionalized person applies for medical assistance and within 60 months before or any time after a medical assistance recipient becomes institutionalized, may be considered.

(c) This section applies to transfers, for less than fair market value, of income or assets, including assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments or income to which the person or the person's spouse is entitled but does not receive due to action by the person, the person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse.

(d) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(e) This section applies to the portion of any asset or interest that a person, a person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse, transfers to any annuity that exceeds the value of the benefit likely to be returned to the person or spouse while alive, based on estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based on the need for long-term care. This section applies to an annuity described in this paragraph purchased on or after March 1, 2002, that:

(1) is not purchased from an insurance company or financial institution that is subject to licensing or regulation by the Minnesota Department of Commerce or a similar regulatory agency of another state;

(2) does not pay out principal and interest in equal monthly installments; or

(3) does not begin payment at the earliest possible date after annuitization.

(f) For purposes of this section, long-term care services include services in a nursing facility, services that are eligible for payment according to section 256B.0625, subdivision 2, because they are provided in a swing bed, intermediate care facility for persons with mental retardation, and home and community-based services provided pursuant to sections 256B.0915, 256B.092, and 256B.49. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility or in a swing bed, or intermediate care facility for persons with mental retardation or who is receiving home and community-based services under sections 256B.0915, 256B.092, and 256B.49.

Subd. 1b. **Prohibited transfers.** (a) Notwithstanding any contrary provisions of this section, this subdivision applies to transfers involving recipients of medical assistance that are made on or after July 1, 2003, and to all transfers involving persons who apply for medical assistance on or after July 1, 2003, if the transfer occurred within 72 months before the person applies for medical assistance, except that this subdivision does not apply to transfers made prior to July 1, 2003. A person, a person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse, may not give away, sell, dispose of, or reduce ownership or control of any income, asset, or interest therein for less than fair market value for the purpose of establishing or maintaining medical assistance eligibility. This applies to all transfers, including those made by a community spouse after the month in which the institutionalized spouse is determined eligible for medical assistance. For purposes of determining eligibility for medical assistance services, any transfer of such income or assets for less than fair market value within 72 months before or any time after a person applies for medical assistance may be considered. Any such transfer is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility, and the person is ineligible for medical assistance services for the period of time determined under subdivision 2b, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose or unless the transfer is permitted under subdivision 3b or 4b.

(b) This section applies to transfers to trusts. The commissioner shall determine valid trust purposes under this section. Assets placed into a trust that is not for a valid purpose shall always be considered available for the purposes of medical assistance eligibility, regardless of when the trust is established.

(c) This section applies to transfers of income or assets for less than fair market value, including assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments or income to which the person or the person's spouse is entitled but does not receive due to action by the person, the person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse.

(d) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized written agreement that was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(e) This section applies to the portion of any income, asset, or interest therein that a person, a person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse, transfers to any annuity that exceeds the value of the

benefit likely to be returned to the person or the person's spouse while alive, based on estimated life expectancy, using the life expectancy tables employed by the supplemental security income program, or based on a shorter life expectancy if the annuitant had a medical condition that would shorten the annuitant's life expectancy and that was diagnosed before funds were placed into the annuity. The agency may request and receive a physician's statement to determine if the annuitant had a diagnosed medical condition that would shorten the annuitant's life expectancy. If so, the agency shall determine the expected value of the benefits based upon the physician's statement instead of using a life expectancy table. This section applies to an annuity described in this paragraph purchased on or after March 1, 2002, that:

(1) is not purchased from an insurance company or financial institution that is subject to licensing or regulation by the Minnesota Department of Commerce or a similar regulatory agency of another state;

(2) does not pay out principal and interest in equal monthly installments; or

(3) does not begin payment at the earliest possible date after annuitization.

(f) Transfers under this section shall affect determinations of eligibility for all medical assistance services or long-term care services, whichever receives federal approval.

Subd. 2. **Period of ineligibility.** (a) For any uncompensated transfer occurring on or before August 10, 1993, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

(b) For uncompensated transfers made after August 10, 1993, the number of months of ineligibility for long-term care services shall be the total uncompensated value of the resources transferred divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the first day of the month after the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin on the first day of the month after the month in which the first uncompensated transfer was made. If the transfer was not reported to the local agency, and the applicant received medical assistance services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of medical assistance services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received. Effective for transfers made on or after March 1, 1996, involving persons who apply for medical assistance on or after April 13, 1996, no cause of action exists for a transfer unless:

(1) the transferee knew or should have known that the transfer was being made by a person who was a resident of a long-term care facility or was receiving that level of care in the community at the time of the transfer;

(2) the transferee knew or should have known that the transfer was being made to assist the person to qualify for or retain medical assistance eligibility; or

(3) the transferee actively solicited the transfer with intent to assist the person to qualify for or retain eligibility for medical assistance.

(c) If a calculation of a penalty period results in a partial month, payments for long-term care services shall be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, if the total value of all uncompensated transfers made in a month not included in an existing penalty period does not exceed $200, then such transfers shall be disregarded for each month prior to the month of application for or during receipt of medical assistance.

Subd. 2b. **Period of ineligibility.** (a) Notwithstanding any contrary provisions of this section, this subdivision applies to transfers, including transfers to trusts, involving recipients of medical assistance that are made on or after July 1, 2003, and to all transfers involving persons who apply for medical assistance on or after July 1, 2003, regardless of when the transfer occurred, except that this subdivision does not apply to transfers made prior to July 1, 2003. For any uncompensated transfer occurring within 72 months prior to the date of application, at any time after application, or while eligible, the number of months of cumulative ineligibility for medical assistance services shall be the total uncompensated value of the assets and income transferred divided by the statewide average per-person nursing facility payment made by the state in effect at the time a penalty for a transfer is determined. The amount used to calculate the average per-person nursing facility payment shall be adjusted each July 1 to reflect average payments for the previous calendar year. For applicants, the period of ineligibility begins with the month in which the person applied for medical assistance and satisfied all other requirements for eligibility, or the first month the local agency becomes aware of the transfer and can give proper notice, if later. For recipients, the period of ineligibility begins in the first month after the month the agency becomes aware of the transfer and can give proper notice, except that penalty periods for transfers made during a period of ineligibility as determined under this section shall begin in the month following the existing period of ineligibility. If the transfer was not reported to the local agency, and the applicant received medical assistance services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of medical assistance services provided during the period of ineligibility or for the uncompensated amount of the transfer that was not recovered from the transferor through the implementation of a penalty period under this subdivision, whichever is less. Recovery shall include the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter. The total uncompensated value is the fair market value of the income or asset at the time it was given away, sold, or disposed of, less the amount of compensation received. No cause of action exists for a transfer unless:

(1) the transferee knew or should have known that the transfer was being made by a person who was a resident of a long-term care facility or was receiving that level of care in the community at the time of the transfer;

(2) the transferee knew or should have known that the transfer was being made to assist the person to qualify for or retain medical assistance eligibility; or

(3) the transferee actively solicited the transfer with intent to assist the person to qualify for or retain eligibility for medical assistance.

(b) If a calculation of a penalty period results in a partial month, payments for medical assistance services shall be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, if the total value of all uncompensated transfers made in a month not included in an existing penalty period

does not exceed $200, then such transfers shall be disregarded for each month prior to the month of application for or during receipt of medical assistance.

(c) Ineligibility under this section shall apply to medical assistance services or long-term care services, whichever receives federal approval.

[For text of subd 3, see M.S.2002]

Subd. 3b. **Homestead exception to transfer prohibition.** (a) This subdivision applies to transfers involving recipients of medical assistance that are made on or after July 1, 2003, and to all transfers involving persons who apply for medical assistance on or after July 1, 2003, regardless of when the transfer occurred, except that this subdivision does not apply to transfers made prior to July 1, 2003. A person is not ineligible for medical assistance services due to a transfer of assets for less than fair market value as described in subdivision 1b, if the asset transferred was a homestead, and:

(1) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(2) the local agency grants a waiver of a penalty resulting from a transfer for less than fair market value because denial of eligibility would cause undue hardship for the individual and there exists an imminent threat to the individual's health and well-being. Whenever an applicant or recipient is denied eligibility because of a transfer for less than fair market value, the local agency shall notify the applicant or recipient that the applicant or recipient may request a waiver of the penalty if the denial of eligibility will cause undue hardship. In evaluating a waiver, the local agency shall take into account whether the individual was the victim of financial exploitation, whether the individual has made reasonable efforts to recover the transferred property or resource, and other factors relevant to a determination of hardship. If the local agency does not approve a hardship waiver, the local agency shall issue a written notice to the individual stating the reasons for the denial and the process for appealing the local agency's decision.

(b) When a waiver is granted under paragraph (a), clause (2), a cause of action exists against the person to whom the homestead was transferred for that portion of medical assistance services granted within 72 months of the date the transferor applied for medical assistance and satisfied all other requirements for eligibility or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action shall be brought by the state unless the state delegates this responsibility to the local agency responsible for providing medical assistance under this chapter.

[For text of subd 4, see M.S.2002]

Subd. 4b. **Other exceptions to transfer prohibition.** This subdivision applies to transfers involving recipients of medical assistance that are made on or after July 1, 2003, and to all transfers involving persons who apply for medical assistance on or after July 1, 2003, regardless of when the transfer occurred, except that this subdivision does not apply to transfers made prior to July 1, 2003. A person or a person's spouse who made a transfer prohibited by subdivision 1b is not ineligible for medical assistance services if one of the following conditions applies:

(1) the assets or income were transferred to the individual's spouse or to another for the sole benefit of the spouse, except that after eligibility is established and the assets have been divided between the spouses as part of the asset allowance under section 256B.059, no further transfers between spouses may be made;

(2) the institutionalized spouse, prior to being institutionalized, transferred assets or income to a spouse, provided that the spouse to whom the assets or income were transferred does not then transfer those assets or income to another person for less than fair market value. At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059;

(3) the assets or income were transferred to a trust for the sole benefit of the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program and the trust reverts to the state upon the

disabled child's death to the extent the medical assistance has paid for services for the grantor or beneficiary of the trust. This clause applies to a trust established after the commissioner publishes a notice in the State Register that the commissioner has been authorized to implement this clause due to a change in federal law or the approval of a federal waiver;

(4) a satisfactory showing is made that the individual intended to dispose of the assets or income either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for medical assistance services would cause undue hardship and grants a waiver of a penalty resulting from a transfer for less than fair market value because there exists an imminent threat to the individual's health and well-being. Whenever an applicant or recipient is denied eligibility because of a transfer for less than fair market value, the local agency shall notify the applicant or recipient that the applicant or recipient may request a waiver of the penalty if the denial of eligibility will cause undue hardship. In evaluating a waiver, the local agency shall take into account whether the individual was the victim of financial exploitation, whether the individual has made reasonable efforts to recover the transferred property or resource, and other factors relevant to a determination of hardship. If the local agency does not approve a hardship waiver, the local agency shall issue a written notice to the individual stating the reasons for the denial and the process for appealing the local agency's decision. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of medical assistance services granted within 72 months of the date the transferor applied for medical assistance and satisfied all other requirements for eligibility, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action shall be brought by the state unless the state delegates this responsibility to the local agency responsible for providing medical assistance under this chapter.

History: *1Sp2003 c 14 art 12 s 24-29*

NOTE: Subdivisions 1b, 2b, 3b, and 4b, as added by Laws 2003, First Special Session chapter 14, article 12, sections 25, 27, 28, and 29, are effective July 1, 2003, to the extent permitted by law. If any provision is prohibited by federal law, the provision shall become effective when federal law is changed to permit its application or a waiver is received. The commissioner of human services shall notify the revisor of statutes when federal law is enacted or a waiver or other federal approval is received and publish a notice in the first State Register published after the federal change is effective. Laws 2003, First Special Session chapter 14, article 12, sections 25, 27, 28, and 29, the effective dates.

256B.0596 MENTAL HEALTH CASE MANAGEMENT.

Counties shall contract with eligible providers willing to provide mental health case management services under section 256B.0625, subdivision 20. In order to be eligible, in addition to general provider requirements under this chapter, the provider must:

(1) be willing to provide the mental health case management services; and

(2) have a minimum of at least one contact with the client per week.

History: *1Sp2003 c 2 art 5 s 6; 1Sp2003 c 14 art 12 s 30*

256B.06 ELIGIBILITY; MIGRANT WORKERS; CITIZENSHIP.

[For text of subd 3, see M.S.2002]

Subd. 4. **Citizenship requirements.** (a) Eligibility for medical assistance is limited to citizens of the United States, qualified noncitizens as defined in this subdivision, and other persons residing lawfully in the United States.

(b) "Qualified noncitizen" means a person who meets one of the following immigration criteria:

(1) admitted for lawful permanent residence according to United States Code, title 8;

(2) admitted to the United States as a refugee according to United States Code, title 8, section 1157;

(3) granted asylum according to United States Code, title 8, section 1158;

(4) granted withholding of deportation according to United States Code, title 8, section 1253(h);

(5) paroled for a period of at least one year according to United States Code, title 8, section 1182(d)(5);

(6) granted conditional entrant status according to United States Code, title 8, section 1153(a)(7);

(7) determined to be a battered noncitizen by the United States Attorney General according to the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, title V of the Omnibus Consolidated Appropriations Bill, Public Law 104-200;

(8) is a child of a noncitizen determined to be a battered noncitizen by the United States Attorney General according to the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, title V, of the Omnibus Consolidated Appropriations Bill, Public Law 104-200; or

(9) determined to be a Cuban or Haitian entrant as defined in section 501(e) of Public Law 96-422, the Refugee Education Assistance Act of 1980.

(c) All qualified noncitizens who were residing in the United States before August 22, 1996, who otherwise meet the eligibility requirements of this chapter, are eligible for medical assistance with federal financial participation.

(d) All qualified noncitizens who entered the United States on or after August 22, 1996, and who otherwise meet the eligibility requirements of this chapter, are eligible for medical assistance with federal financial participation through November 30, 1996.

Beginning December 1, 1996, qualified noncitizens who entered the United States on or after August 22, 1996, and who otherwise meet the eligibility requirements of this chapter are eligible for medical assistance with federal participation for five years if they meet one of the following criteria:

(i) refugees admitted to the United States according to United States Code, title 8, section 1157;

(ii) persons granted asylum according to United States Code, title 8, section 1158;

(iii) persons granted withholding of deportation according to United States Code, title 8, section 1253(h);

(iv) veterans of the United States armed forces with an honorable discharge for a reason other than noncitizen status, their spouses and unmarried minor dependent children; or

(v) persons on active duty in the United States Armed Forces, other than for training, their spouses and unmarried minor dependent children.

Beginning December 1, 1996, qualified noncitizens who do not meet one of the criteria in items (i) to (v) are eligible for medical assistance without federal financial participation as described in paragraph (j).

(e) Noncitizens who are not qualified noncitizens as defined in paragraph (b), who are lawfully residing in the United States and who otherwise meet the eligibility requirements of this chapter, are eligible for medical assistance under clauses (1) to (3). These individuals must cooperate with the Immigration and Naturalization Service to pursue any applicable immigration status, including citizenship, that would qualify them for medical assistance with federal financial participation.

(1) Persons who were medical assistance recipients on August 22, 1996, are eligible for medical assistance with federal financial participation through December 31, 1996.

(2) Beginning January 1, 1997, persons described in clause (1) are eligible for medical assistance without federal financial participation as described in paragraph (j).

(3) Beginning December 1, 1996, persons residing in the United States prior to August 22, 1996, who were not receiving medical assistance and persons who arrived on or after August 22, 1996, are eligible for medical assistance without federal financial participation as described in paragraph (j).

(f) Nonimmigrants who otherwise meet the eligibility requirements of this chapter are eligible for the benefits as provided in paragraphs (g) to (i). For purposes of this subdivision, a "nonimmigrant" is a person in one of the classes listed in United States Code, title 8, section 1101(a)(15).

(g) Payment shall also be made for care and services that are furnished to noncitizens, regardless of immigration status, who otherwise meet the eligibility requirements of this chapter, if such care and services are necessary for the treatment of an emergency medical condition, except for organ transplants and related care and services and routine prenatal care.

(h) For purposes of this subdivision, the term "emergency medical condition" means a medical condition that meets the requirements of United States Code, title 42, section 1396b(v).

(i) Pregnant noncitizens who are undocumented or nonimmigrants, who otherwise meet the eligibility requirements of this chapter, are eligible for medical assistance payment without federal financial participation for care and services through the period of pregnancy, and 60 days postpartum, except for labor and delivery.

(j) Qualified noncitizens as described in paragraph (d), and all other noncitizens lawfully residing in the United States as described in paragraph (e), who are ineligible for medical assistance with federal financial participation and who otherwise meet the eligibility requirements of chapter 256B and of this paragraph, are eligible for medical assistance without federal financial participation. Qualified noncitizens as described in paragraph (d) are only eligible for medical assistance without federal financial participation for five years from their date of entry into the United States.

(k) Beginning October 1, 2003, persons who are receiving care and rehabilitation services from a nonprofit center established to serve victims of torture and are otherwise ineligible for medical assistance under this chapter or general assistance medical care under section 256D.03 are eligible for medical assistance without federal financial participation. These individuals are eligible only for the period during which they are receiving services from the center. Individuals eligible under this paragraph shall not be required to participate in prepaid medical assistance.

[For text of subd 5, see M.S.2002]

History: *1Sp2003 c 14 art 12 s 31*

256B.061 ELIGIBILITY; RETROACTIVE EFFECT; RESTRICTIONS.

If any individual has been determined to be eligible for medical assistance, it will be made available for care and services included under the plan and furnished in or after the third month before the month in which the individual made application for such assistance, if such individual was, or upon application would have been, eligible for medical assistance at the time the care and services were furnished. The commissioner may limit, restrict, or suspend the eligibility of an individual for up to one year upon that individual's conviction of a criminal offense related to application for or receipt of medical assistance benefits.

History: *1Sp2003 c 14 art 12 s 32*

NOTE: The amendment to this section by Laws 2003, First Special Session chapter 14, article 12, section 32, is effective July 1, 2003, or upon federal approval, whichever is later. Laws 2003, First Special Session chapter 14, article 12, section 32, the effective date.

256B.0621 COVERED SERVICES: TARGETED CASE MANAGEMENT SERVICES.

[For text of subds 2 and 3, see M.S.2002]

Subd. 4. **Relocation targeted case management provider qualifications.** (a) A relocation targeted case management provider is an enrolled medical assistance provider who is determined by the commissioner to have all of the following characteristics:

(1) the legal authority to provide public welfare under sections 393.01, subdivision 7; and 393.07; or a federally recognized Indian tribe;

(2) the demonstrated capacity and experience to provide the components of case management to coordinate and link community resources needed by the eligible population;

(3) the administrative capacity and experience to serve the target population for whom it will provide services and ensure quality of services under state and federal requirements;

(4) the legal authority to provide complete investigative and protective services under section 626.556, subdivision 10; and child welfare and foster care services under section 393.07, subdivisions 1 and 2; or a federally recognized Indian tribe;

(5) a financial management system that provides accurate documentation of services and costs under state and federal requirements; and

(6) the capacity to document and maintain individual case records under state and federal requirements.

(b) A provider of targeted case management under section 256B.0625, subdivision 20, may be deemed a certified provider of relocation targeted case management.

(c) A relocation targeted case management provider may subcontract with another provider to deliver relocation targeted case management services. Subcontracted providers must demonstrate the ability to provide the services outlined in subdivision 6, and have a procedure in place that notifies the recipient and the recipient's legal representative of any conflict of interest if the contracted targeted case management provider also provides, or will provide, the recipient's services and supports. Contracted providers must provide information on all conflicts of interest and obtain the recipient's informed consent or provide the recipient with alternatives.

[For text of subds 5 and 6, see M.S.2002]

Subd. 7. **Time lines.** The following time lines must be met for assigning a case manager:

(a) For relocation targeted case management, an eligible recipient must be assigned a case manager who visits the person within 20 working days of requesting a case manager from their county of financial responsibility as determined under chapter 256G.

(1) If a county agency, its contractor, or federally recognized tribe does not provide case management services as required, the recipient may obtain targeted relocation case management services from an alternative provider of targeted case management services enrolled by the commissioner.

(2) The commissioner may waive the provider requirements in subdivision 4, paragraph (a), clauses (1) and (4), to ensure recipient access to the assistance necessary to move from an institution to the community. The recipient or the recipient's legal guardian shall provide written notice to the county or tribe of the decision to obtain services from an alternative provider.

(3) Providers of relocation targeted case management enrolled under this subdivision shall:

(i) meet the provider requirements under subdivision 4 that are not waived by the commissioner;

(ii) be qualified to provide the services specified in subdivision 6;

(iii) coordinate efforts with local social service agencies and tribes; and

(iv) comply with the conflict of interest provisions established under subdivision 4, paragraph (c).

(4) Local social service agencies and federally recognized tribes shall cooperate with providers certified by the commissioner under this subdivision to facilitate the recipient's successful relocation from an institution to the community.

(b) For home care targeted case management, an eligible recipient must be assigned a case manager within 20 working days of requesting a case manager from a home care targeted case management provider, as defined in subdivision 5.

[For text of subds 8 to 10, see M.S.2002]

History: *1Sp2003 c 14 art 3 s 17,18*

256B.0622 INTENSIVE REHABILITATIVE MENTAL HEALTH SERVICES.

Subdivision 1. **Scope.** Subject to federal approval, medical assistance covers medically necessary, intensive nonresidential and residential rehabilitative mental health services as defined in subdivision 2, for recipients as defined in subdivision 3, when the services are provided by an entity meeting the standards in this section.

Subd. 2. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Intensive nonresidential rehabilitative mental health services" means adult rehabilitative mental health services as defined in section 256B.0623, subdivision 2, paragraph (a), except that these services are provided by a multidisciplinary staff using a total team approach consistent with assertive community treatment, the Fairweather Lodge treatment model, and other evidence-based practices, and directed to recipients with a serious mental illness who require intensive services.

(b) "Intensive residential rehabilitative mental health services" means short-term, time-limited services provided in a residential setting to recipients who are in need of more restrictive settings and are at risk of significant functional deterioration if they do not receive these services. Services are designed to develop and enhance psychiatric stability, personal and emotional adjustment, self-sufficiency, and skills to live in a more independent setting. Services must be directed toward a targeted discharge date with specified client outcomes and must be consistent with evidence-based practices.

(c) "Evidence-based practices" are nationally recognized mental health services that are proven by substantial research to be effective in helping individuals with serious mental illness obtain specific treatment goals.

(d) "Overnight staff" means a member of the intensive residential rehabilitative mental health treatment team who is responsible during hours when recipients are typically asleep.

(e) "Treatment team" means all staff who provide services under this section to recipients. At a minimum, this includes the clinical supervisor, mental health professionals, mental health practitioners, and mental health rehabilitation workers.

Subd. 3. **Eligibility.** An eligible recipient is an individual who:

(1) is age 18 or older;

(2) is eligible for medical assistance;

(3) is diagnosed with a mental illness;

(4) because of a mental illness, has substantial disability and functional impairment in three or more of the areas listed in section 245.462, subdivision 11a, so that self-sufficiency is markedly reduced;

(5) has one or more of the following: a history of two or more inpatient hospitalizations in the past year, significant independent living instability, homelessness, or very frequent use of mental health and related services yielding poor outcomes; and

(6) in the written opinion of a licensed mental health professional, has the need for mental health services that cannot be met with other available community-based services, or is likely to experience a mental health crisis or require a more restrictive setting if intensive rehabilitative mental health services are not provided.

Subd. 4. **Provider certification and contract requirements.** (a) The intensive nonresidential rehabilitative mental health services provider must:

(1) have a contract with the host county to provide intensive adult rehabilitative mental health services; and

(2) be certified by the commissioner as being in compliance with this section and section 256B.0623.

(b) The intensive residential rehabilitative mental health services provider must:

(1) be licensed under Minnesota Rules, parts 9520.0500 to 9520.0670;

(2) not exceed 16 beds per site;

(3) comply with the additional standards in this section; and

(4) have a contract with the host county to provide these services.

(c) The commissioner shall develop procedures for counties and providers to submit contracts and other documentation as needed to allow the commissioner to determine whether the standards in this section are met.

Subd. 5. **Standards applicable to both nonresidential and residential providers.** (a) Services must be provided by qualified staff as defined in section 256B.0623, subdivision 5, who are trained and supervised according to section 256B.0623, subdivision 6, except that mental health rehabilitation workers acting as overnight staff are not required to comply with section 256B.0623, subdivision 5, clause (3)(iv).

(b) The clinical supervisor must be an active member of the treatment team. The treatment team must meet with the clinical supervisor at least weekly to discuss recipients' progress and make rapid adjustments to meet recipients' needs. The team meeting shall include recipient-specific case reviews and general treatment discussions among team members. Recipient-specific case reviews and planning must be documented in the individual recipient's treatment record.

(c) Treatment staff must have prompt access in person or by telephone to a mental health practitioner or mental health professional. The provider must have the capacity to promptly and appropriately respond to emergent needs and make any necessary staffing adjustments to assure the health and safety of recipients.

(d) The initial functional assessment must be completed within ten days of intake and updated at least every three months or prior to discharge from the service, whichever comes first.

(e) The initial individual treatment plan must be completed within ten days of intake and reviewed and updated at least monthly with the recipient.

Subd. 6. **Additional standards applicable only to intensive residential rehabilitative mental health services.** (a) The provider of intensive residential services must have sufficient staff to provide 24-hour-per-day coverage to deliver the rehabilitative services described in the treatment plan and to safely supervise and direct the activities of recipients given the recipient's level of behavioral and psychiatric stability, cultural needs, and vulnerability. The provider must have the capacity within the facility to provide integrated services for chemical dependency, illness management services, and family education when appropriate.

(b) At a minimum:

(1) staff must be available and provide direction and supervision whenever recipients are present in the facility;

(2) staff must remain awake during all work hours;

(3) there must be a staffing ratio of at least one to nine recipients for each day and evening shift. If more than nine recipients are present at the residential site, there must be a minimum of two staff during day and evening shifts, one of whom must be a mental health practitioner or mental health professional;

(4) if services are provided to recipients who need the services of a medical professional, the provider shall assure that these services are provided either by the provider's own medical staff or through referral to a medical professional; and

(5) the provider must assure the timely availability of a licensed registered nurse, either directly employed or under contract, who is responsible for ensuring the effectiveness and safety of medication administration in the facility and assessing patients for medication side effects and drug interactions.

Subd. 7. **Additional standards for nonresidential services.** The standards in this subdivision apply to intensive nonresidential rehabilitative mental health services.

(1) The treatment team must use team treatment, not an individual treatment model.

(2) The clinical supervisor must function as a practicing clinician at least on a part-time basis.

(3) The staffing ratio must not exceed ten recipients to one full-time equivalent treatment team position.

(4) Services must be available at times that meet client needs.

(5) The treatment team must actively and assertively engage and reach out to the recipient's family members and significant others, after obtaining the recipient's permission.

(6) The treatment team must establish ongoing communication and collaboration between the team, family, and significant others and educate the family and significant others about mental illness, symptom management, and the family's role in treatment.

(7) The treatment team must provide interventions to promote positive interpersonal relationships.

Subd. 8. **Medical assistance payment for intensive rehabilitative mental health services.** (a) Payment for residential and nonresidential services in this section shall be based on one daily rate per provider inclusive of the following services received by an eligible recipient in a given calendar day: all rehabilitative services under this section and crisis stabilization services under section 256B.0624.

(b) Except as indicated in paragraph (c), payment will not be made to more than one entity for each recipient for services provided under this section on a given day. If services under this section are provided by a team that includes staff from more than one entity, the team must determine how to distribute the payment among the members.

(c) The host county shall recommend to the commissioner one rate for each entity that will bill medical assistance for residential services under this section and two rates for each nonresidential provider. The first nonresidential rate is for recipients who are not receiving residential services. The second nonresidential rate is for recipients who are temporarily receiving residential services and need continued contact with the nonresidential team to assure timely discharge from residential services. In developing these rates, the host county shall consider and document:

(1) the cost for similar services in the local trade area;

(2) actual costs incurred by entities providing the services;

(3) the intensity and frequency of services to be provided to each recipient;

(4) the degree to which recipients will receive services other than services under this section;

(5) the costs of other services, such as case management, that will be separately reimbursed; and

(6) input from the local planning process authorized by the adult mental health initiative under section 245.4661, regarding recipients' service needs.

(d) The rate for intensive rehabilitative mental health services must exclude room and board, as defined in section 256I.03, subdivision 6, and services not covered under this section, such as case management, partial hospitalization, home care, and inpatient services. Physician services that are not separately billed may be included in the rate to the extent that a psychiatrist is a member of the treatment team. The county's recommendation shall specify the period for which the rate will be applicable, not to exceed two years.

(e) When services under this section are provided by an assertive community team, case management functions must be an integral part of the team. The county must allocate costs which are reimbursable under this section versus costs which are

reimbursable through case management or other reimbursement, so that payment is not duplicated.

(f) The rate for a provider must not exceed the rate charged by that provider for the same service to other payors.

(g) The commissioner shall approve or reject the county's rate recommendation, based on the commissioner's own analysis of the criteria in paragraph (c).

Subd. 9. **Provider enrollment; rate setting for county-operated entities.** Counties that employ their own staff to provide services under this section shall apply directly to the commissioner for enrollment and rate setting. In this case, a county contract is not required and the commissioner shall perform the program review and rate setting duties which would otherwise be required of counties under this section.

Subd. 10. **Provider enrollment; rate setting for specialized program.** A provider proposing to serve a subpopulation of eligible recipients may bypass the county approval procedures in this section and receive approval for provider enrollment and rate setting directly from the commissioner under the following circumstances:

(1) the provider demonstrates that the subpopulation to be served requires a specialized program which is not available from county-approved entities; and

(2) the subpopulation to be served is of such a low incidence that it is not feasible to develop a program serving a single county or regional group of counties.

For providers meeting the criteria in clauses (1) and (2), the commissioner shall perform the program review and rate setting duties which would otherwise be required of counties under this section.

History: *1Sp2003 c 14 art 3 s 19*

256B.0623 COVERED SERVICE: ADULT REHABILITATIVE MENTAL HEALTH SERVICES.

[For text of subd 1, see M.S.2002]

Subd. 2. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Adult rehabilitative mental health services" means mental health services which are rehabilitative and enable the recipient to develop and enhance psychiatric stability, social competencies, personal and emotional adjustment, and independent living and community skills, when these abilities are impaired by the symptoms of mental illness. Adult rehabilitative mental health services are also appropriate when provided to enable a recipient to retain stability and functioning, if the recipient would be at risk of significant functional decompensation or more restrictive service settings without these services.

(1) Adult rehabilitative mental health services instruct, assist, and support the recipient in areas such as: interpersonal communication skills, community resource utilization and integration skills, crisis assistance, relapse prevention skills, health care directives, budgeting and shopping skills, healthy lifestyle skills and practices, cooking and nutrition skills, transportation skills, medication education and monitoring, mental illness symptom management skills, household management skills, employment-related skills, and transition to community living services.

(2) These services shall be provided to the recipient on a one-to-one basis in the recipient's home or another community setting or in groups.

(b) "Medication education services" means services provided individually or in groups which focus on educating the recipient about mental illness and symptoms; the role and effects of medications in treating symptoms of mental illness; and the side effects of medications. Medication education is coordinated with medication management services and does not duplicate it. Medication education services are provided by physicians, pharmacists, physician's assistants, or registered nurses.

(c) "Transition to community living services" means services which maintain continuity of contact between the rehabilitation services provider and the recipient and

which facilitate discharge from a hospital, residential treatment program under Minnesota Rules, chapter 9505, board and lodging facility, or nursing home. Transition to community living services are not intended to provide other areas of adult rehabilitative mental health services.

[For text of subd 3, see M.S.2002]

Subd. 4. **Provider entity standards.** (a) The provider entity must be certified by the state following the certification process and procedures developed by the commissioner.

(b) The certification process is a determination as to whether the entity meets the standards in this subdivision. The certification must specify which adult rehabilitative mental health services the entity is qualified to provide.

(c) A noncounty provider entity must obtain additional certification from each county in which it will provide services. The additional certification must be based on the adequacy of the entity's knowledge of that county's local health and human service system, and the ability of the entity to coordinate its services with the other services available in that county. A county-operated entity must obtain this additional certification from any other county in which it will provide services.

(d) Recertification must occur at least every three years.

(e) The commissioner may intervene at any time and decertify providers with cause. The decertification is subject to appeal to the state. A county board may recommend that the state decertify a provider for cause.

(f) The adult rehabilitative mental health services provider entity must meet the following standards:

(1) have capacity to recruit, hire, manage, and train mental health professionals, mental health practitioners, and mental health rehabilitation workers;

(2) have adequate administrative ability to ensure availability of services;

(3) ensure adequate preservice and inservice and ongoing training for staff;

(4) ensure that mental health professionals, mental health practitioners, and mental health rehabilitation workers are skilled in the delivery of the specific adult rehabilitative mental health services provided to the individual eligible recipient;

(5) ensure that staff is capable of implementing culturally specific services that are culturally competent and appropriate as determined by the recipient's culture, beliefs, values, and language as identified in the individual treatment plan;

(6) ensure enough flexibility in service delivery to respond to the changing and intermittent care needs of a recipient as identified by the recipient and the individual treatment plan;

(7) ensure that the mental health professional or mental health practitioner, who is under the clinical supervision of a mental health professional, involved in a recipient's services participates in the development of the individual treatment plan;

(8) assist the recipient in arranging needed crisis assessment, intervention, and stabilization services;

(9) ensure that services are coordinated with other recipient mental health services providers and the county mental health authority and the federally recognized American Indian authority and necessary others after obtaining the consent of the recipient. Services must also be coordinated with the recipient's case manager or care coordinator if the recipient is receiving case management or care coordination services;

(10) develop and maintain recipient files, individual treatment plans, and contact charting;

(11) develop and maintain staff training and personnel files;

(12) submit information as required by the state;

(13) establish and maintain a quality assurance plan to evaluate the outcome of services provided;

(14) keep all necessary records required by law;

(15) deliver services as required by section 245.461;

(16) comply with all applicable laws;

(17) be an enrolled Medicaid provider;

(18) maintain a quality assurance plan to determine specific service outcomes and the recipient's satisfaction with services; and

(19) develop and maintain written policies and procedures regarding service provision and administration of the provider entity.

Subd. 5. **Qualifications of provider staff.** Adult rehabilitative mental health services must be provided by qualified individual provider staff of a certified provider entity. Individual provider staff must be qualified under one of the following criteria:

(1) a mental health professional as defined in section 245.462, subdivision 18, clauses (1) to (5). If the recipient has a current diagnostic assessment by a licensed mental health professional as defined in section 245.462, subdivision 18, clauses (1) to (5), recommending receipt of adult mental health rehabilitative services, the definition of mental health professional for purposes of this section includes a person who is qualified under section 245.462, subdivision 18, clause (6), and who holds a current and valid national certification as a certified rehabilitation counselor or certified psychosocial rehabilitation practitioner;

(2) a mental health practitioner as defined in section 245.462, subdivision 17. The mental health practitioner must work under the clinical supervision of a mental health professional; or

(3) a mental health rehabilitation worker. A mental health rehabilitation worker means a staff person working under the direction of a mental health practitioner or mental health professional and under the clinical supervision of a mental health professional in the implementation of rehabilitative mental health services as identified in the recipient's individual treatment plan who:

(i) is at least 21 years of age;

(ii) has a high school diploma or equivalent;

(iii) has successfully completed 30 hours of training during the past two years in all of the following areas: recipient rights, recipient-centered individual treatment planning, behavioral terminology, mental illness, co-occurring mental illness and substance abuse, psychotropic medications and side effects, functional assessment, local community resources, adult vulnerability, recipient confidentiality; and

(iv) meets the qualifications in subitem (A) or (B):

(A) has an associate of arts degree in one of the behavioral sciences or human services, or is a registered nurse without a bachelor's degree, or who within the previous ten years has:

(1) three years of personal life experience with serious and persistent mental illness;

(2) three years of life experience as a primary caregiver to an adult with a serious mental illness or traumatic brain injury; or

(3) 4,000 hours of supervised paid work experience in the delivery of mental health services to adults with a serious mental illness or traumatic brain injury; or

(B)(1) is fluent in the non-English language or competent in the culture of the ethnic group to which at least 20 percent of the mental health rehabilitation worker's clients belong;

(2) receives during the first 2,000 hours of work, monthly documented individual clinical supervision by a mental health professional;

(3) has 18 hours of documented field supervision by a mental health professional or practitioner during the first 160 hours of contact work with recipients, and at least six hours of field supervision quarterly during the following year;

(4) has review and cosignature of charting of recipient contacts during field supervision by a mental health professional or practitioner; and

(5) has 40 hours of additional continuing education on mental health topics during the first year of employment.

Subd. 6. **Required training and supervision.** (a) Mental health rehabilitation workers must receive ongoing continuing education training of at least 30 hours every two years in areas of mental illness and mental health services and other areas specific to the population being served. Mental health rehabilitation workers must also be subject to the ongoing direction and clinical supervision standards in paragraphs (c) and (d).

(b) Mental health practitioners must receive ongoing continuing education training as required by their professional license; or if the practitioner is not licensed, the practitioner must receive ongoing continuing education training of at least 30 hours every two years in areas of mental illness and mental health services. Mental health practitioners must meet the ongoing clinical supervision standards in paragraph (c).

(c) Clinical supervision may be provided by a full- or part-time qualified professional employed by or under contract with the provider entity. Clinical supervision may be provided by interactive videoconferencing according to procedures developed by the commissioner. A mental health professional providing clinical supervision of staff delivering adult rehabilitative mental health services must provide the following guidance:

(1) review the information in the recipient's file;

(2) review and approve initial and updates of individual treatment plans;

(3) meet with mental health rehabilitation workers and practitioners, individually or in small groups, at least monthly to discuss treatment topics of interest to the workers and practitioners;

(4) meet with mental health rehabilitation workers and practitioners, individually or in small groups, at least monthly to discuss treatment plans of recipients, and approve by signature and document in the recipient's file any resulting plan updates;

(5) meet at least monthly with the directing mental health practitioner, if there is one, to review needs of the adult rehabilitative mental health services program, review staff on-site observations and evaluate mental health rehabilitation workers, plan staff training, review program evaluation and development, and consult with the directing practitioner; and

(6) be available for urgent consultation as the individual recipient needs or the situation necessitates.

(d) An adult rehabilitative mental health services provider entity must have a treatment director who is a mental health practitioner or mental health professional. The treatment director must ensure the following:

(1) while delivering direct services to recipients, a newly hired mental health rehabilitation worker must be directly observed delivering services to recipients by a mental health practitioner or mental health professional for at least six hours per 40 hours worked during the first 160 hours that the mental health rehabilitation worker works;

(2) the mental health rehabilitation worker must receive ongoing on-site direct service observation by a mental health professional or mental health practitioner for at least six hours for every six months of employment;

(3) progress notes are reviewed from on-site service observation prepared by the mental health rehabilitation worker and mental health practitioner for accuracy and consistency with actual recipient contact and the individual treatment plan and goals;

(4) immediate availability by phone or in person for consultation by a mental health professional or a mental health practitioner to the mental health rehabilitation services worker during service provision;

(5) oversee the identification of changes in individual recipient treatment strategies, revise the plan, and communicate treatment instructions and methodologies as appropriate to ensure that treatment is implemented correctly;

(6) model service practices which: respect the recipient, include the recipient in planning and implementation of the individual treatment plan, recognize the recipient's strengths, collaborate and coordinate with other involved parties and providers;

(7) ensure that mental health practitioners and mental health rehabilitation workers are able to effectively communicate with the recipients, significant others, and providers; and

(8) oversee the record of the results of on-site observation and charting evaluation and corrective actions taken to modify the work of the mental health practitioners and mental health rehabilitation workers.

(e) A mental health practitioner who is providing treatment direction for a provider entity must receive supervision at least monthly from a mental health professional to:

(1) identify and plan for general needs of the recipient population served;

(2) identify and plan to address provider entity program needs and effectiveness;

(3) identify and plan provider entity staff training and personnel needs and issues; and

(4) plan, implement, and evaluate provider entity quality improvement programs.

[For text of subd 7, see M.S.2002]

Subd. 8. **Diagnostic assessment.** Providers of adult rehabilitative mental health services must complete a diagnostic assessment as defined in section 245.462, subdivision 9, within five days after the recipient's second visit or within 30 days after intake, whichever occurs first. In cases where a diagnostic assessment is available that reflects the recipient's current status, and has been completed within 180 days preceding admission, an update must be completed. An update shall include a written summary by a mental health professional of the recipient's current mental health status and service needs. If the recipient's mental health status has changed significantly since the adult's most recent diagnostic assessment, a new diagnostic assessment is required. For initial implementation of adult rehabilitative mental health services, until June 30, 2005, a diagnostic assessment that reflects the recipient's current status and has been completed within the past three years preceding admission is acceptable.

History: *1Sp2003 c 14 art 3 s 20-24*

256B.0625 COVERED SERVICES.

[For text of subds 1 to 5, see M.S.2002]

Subd. 5a. **Intensive early intervention behavior therapy services for children with autism spectrum disorders.** (a) Medical assistance covers home-based intensive early intervention behavior therapy for children with autism spectrum disorders, effective July 1, 2007. Children with autism spectrum disorder, and their custodial parents or foster parents, may access other covered services to treat autism spectrum disorder, and are not required to receive intensive early intervention behavior therapy services under this subdivision.

(b) Intensive early intervention behavior therapy does not include coverage for services to treat developmental disorders of language, early onset psychosis, Rett's disorder, selective mutism, social anxiety disorder, stereotypic movement disorder, dementia, obsessive compulsive disorder, schizoid personality disorder, avoidant personality disorder, or reactive attachment disorder.

(c) If a child with autism spectrum disorder is diagnosed to have one or more of these conditions, intensive early intervention behavior therapy includes coverage only for services necessary to treat the autism spectrum disorder.

Subd. 5b. **Purpose of intensive early intervention behavior therapy services (IEIBTS).** The purpose of IEIBTS is to improve the child's behavioral functioning, to prevent development of challenging behaviors, to eliminate autistic behaviors, to reduce the risk of out-of-home placement, and to establish independent typical functioning in language and social behavior. The procedures used to accomplish these goals are based upon research in applied behavior analysis.

Subd. 5c. **Eligible children.** A child is eligible to initiate IEIBTS if, the child meets the additional eligibility criteria in paragraph (d) and in a diagnostic assessment by a mental health professional who is not under the employ of the service provider, the child:

(1) is found to have an autism spectrum disorder;

(2) has a current IQ of either untestable, or at least 30;

(3) if nonverbal, initiated behavior therapy by 42 months of age;

(4) if verbal, initiated behavior therapy by 48 months of age; or

(5) if having an IQ of at least 50, initiated behavior therapy by 84 months of age.

To continue after six-month individualized treatment plan (ITP) reviews, at least one of the child's custodial parents or foster parents must participate in an average of at least five hours of documented behavior therapy per week for six months, and consistently implement behavior therapy recommendations 24 hours a day. To continue after six-month individualized treatment plan (ITP) reviews, the child must show documented progress toward mastery of six-month benchmark behavior objectives. The maximum number of months during which services may be billed is 54, or up to the month of August in the first year in which the child completes first grade, whichever comes last. If significant progress towards treatment goals has not been achieved after 24 months of treatment, treatment must be discontinued.

Subd. 5d. **Additional eligibility criteria.** A child is eligible to initiate IEIBTS if:

(1) in medical and diagnostic assessments by medical and mental health professionals, it is determined that the child does not have severe or profound mental retardation;

(2) an accurate assessment of the child's hearing has been performed, including audiometry if the brain stem auditory evokes response;

(3) a blood lead test has been performed prior to initiation of treatment; and

(4) an EEG or neurologic evaluation is done, prior to initiation of treatment, if the child has a history of staring spells or developmental regression.

Subd. 5e. **Covered services.** The focus of IEIBTS must be to treat the principal diagnostic features of the autism spectrum disorder. All IEIBTS must be delivered by a team of practitioners under the consistent supervision of a single clinical supervisor. A mental health professional must develop the ITP for IEIBTS. The ITP must include six-month benchmark behavior objectives. All behavior therapy must be based upon research in applied behavior analysis, with an emphasis upon positive reinforcement of carefully task-analyzed skills for optimum rates of progress. All behavior therapy must be consistently applied and generalized throughout the 24-hour day and seven-day week by all of the child's regular care providers. When placing the child in school activities, a majority of the peers must have no mental health diagnosis, and the child must have sufficient social skills to succeed with 80 percent of the school activities. Reactive consequences, such as redirection, correction, positive practice, or time-out, must be used only when necessary to improve the child's success when proactive procedures alone have not been effective. IEIBTS must be delivered by a team of behavior therapy practitioners who are employed under the direction of the same agency. The team may deliver up to 200 billable hours per year of direct clinical supervisor services, up to 700 billable hours per year of senior behavior therapist services, and up to 1,800 billable hours per year of direct behavior therapist services. A one-hour clinical review meeting for the child, parents, and staff must be scheduled 50 weeks a year, at which behavior therapy is reviewed and planned. At least one-quarter of the annual clinical supervisor billable hours shall consist of on-site clinical meeting time. At least one-half of the annual senior behavior therapist billable hours shall consist of direct services to the child or parents. All of the behavioral therapist billable hours shall consist of direct on-site services to the child or parents. None of the senior behavior therapist billable hours or behavior therapist billable hours shall consist of clinical meeting time. If there is any regression of the autistic spectrum disorder after 12 months of therapy, a neurologic consultation must be performed.

Subd. 5f. **Provider qualifications.** The provider agency must be capable of delivering consistent applied behavior analysis (ABA) based behavior therapy in the home. The site director of the agency must be a mental health professional and a board certified behavior analyst certified by the Behavior Analyst Certification Board. Each clinical supervisor must be a certified associate behavior analyst certified by the Behavior Analyst Certification Board or have equivalent experience in applied behavior analysis.

Subd. 5g. **Supervision requirements.** (a) Each behavior therapist practitioner must be continuously supervised while in the home until the practitioner has mastered competencies for independent practice. Each behavior therapist must have mastered three credits of academic content and practice in an applied behavior analysis sequence at an accredited university before providing more than 12 months of therapy. A college degree or minimum hours of experience are not required. Each behavior therapist must continue training through weekly direct observation by the senior behavior therapist, through demonstrated performance in clinical meetings with the clinical supervisor, and annual training in applied behavior analysis.

(b) Each senior behavior therapist practitioner must have mastered the senior behavior therapy competencies, completed one year of practice as a behavior therapist, and six months of co-therapy training with another senior behavior therapist or have an equivalent amount of experience in applied behavior analysis. Each senior behavior therapist must have mastered 12 credits of academic content and practice in an applied behavior analysis sequence at an accredited university before providing more than 12 months of senior behavior therapy. Each senior behavior therapist must continue training through demonstrated performance in clinical meetings with the clinical supervisor, and annual training in applied behavior analysis.

(c) Each clinical supervisor practitioner must have mastered the clinical supervisor and family consultation competencies, completed two years of practice as a senior behavior therapist and one year of co-therapy training with another clinical supervisor, or equivalent experience in applied behavior analysis. Each clinical supervisor must continue training through annual training in applied behavior analysis.

Subd. 5h. **Place of service.** IEIBTS are provided primarily in the child's home and community. Services may be provided in the child's natural school or preschool classroom, home of a relative, natural recreational setting, or day care.

Subd. 5i. **Prior authorization requirements.** Prior authorization shall be required for services provided after 200 hours of clinical supervisor, 700 hours of senior behavior therapist, or 1,800 hours of behavior therapist services per year.

Subd. 5j. **Payment rates.** The following payment rates apply:

(1) for an IEIBTS clinical supervisor practitioner under supervision of a mental health professional, the lower of the submitted charge or $67 per hour unit;

(2) for an IEIBTS senior behavior therapist practitioner under supervision of a mental health professional, the lower of the submitted charge or $37 per hour unit; or

(3) for an IEIBTS behavior therapist practitioner under supervision of a mental health professional, the lower of the submitted charge or $27 per hour unit.

An IEIBTS practitioner may receive payment for travel time which exceeds 50 minutes one-way. The maximum payment allowed will be $0.51 per minute for up to a maximum of 300 hours per year.

For any week during which the above charges are made to medical assistance, payments for the following services are excluded: supervising mental health professional hours and personal care attendant, home-based mental health, family-community support, or mental health behavioral aide hours.

Subd. 5k. **Report.** The commissioner shall collect evidence of the effectiveness of intensive early intervention behavior therapy services and present a report to the legislature by July 1, 2010.

[For text of subds 6a to 8c, see M.S.2002]

Subd. 9. **Dental services.** (a) Medical assistance covers dental services. Dental services include, with prior authorization, fixed bridges that are cost-effective for persons who cannot use removable dentures because of their medical condition.

(b) Coverage of dental services for adults age 21 and over who are not pregnant is subject to a $500 annual benefit limit and covered services are limited to:

(1) diagnostic and preventative services;

(2) basic restorative services; and

(3) emergency services.

Emergency services, dentures, and extractions related to dentures are not included in the $500 annual benefit limit.

[For text of subds 10 to 12, see M.S.2002]

Subd. 13. **Drugs.** (a) Medical assistance covers drugs, except for fertility drugs when specifically used to enhance fertility, if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, by a physician enrolled in the medical assistance program as a dispensing physician, or by a physician or a nurse practitioner employed by or under contract with a community health board as defined in section 145A.02, subdivision 5, for the purposes of communicable disease control.

(b) The dispensed quantity of a prescription drug must not exceed a 34-day supply, unless authorized by the commissioner.

(c) Medical assistance covers the following over-the-counter drugs when prescribed by a licensed practitioner or by a licensed pharmacist who meets standards established by the commissioner, in consultation with the board of pharmacy: antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, vitamins for children under the age of seven and pregnant or nursing women, and any other over-the-counter drug identified by the commissioner, in consultation with the formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions, or disorders, and this determination shall not be subject to the requirements of chapter 14. A pharmacist may prescribe over-the-counter medications as provided under this paragraph for purposes of receiving reimbursement under Medicaid. When prescribing over-the-counter drugs under this paragraph, licensed pharmacists must consult with the recipient to determine necessity, provide drug counseling, review drug therapy for potential adverse interactions, and make referrals as needed to other health care professionals.

[For text of subds 13a and 13b, see M.S.2002]

Subd. 13c. **Formulary Committee.** The commissioner, after receiving recommendations from professional medical associations and professional pharmacy associations, and consumer groups shall designate a Formulary Committee to carry out duties as described in subdivisions 13 to 13g. The Formulary Committee shall be comprised of four licensed physicians actively engaged in the practice of medicine in Minnesota one of whom must be actively engaged in the treatment of persons with mental illness; at least three licensed pharmacists actively engaged in the practice of pharmacy in Minnesota; and one consumer representative; the remainder to be made up of health care professionals who are licensed in their field and have recognized knowledge in the clinically appropriate prescribing, dispensing, and monitoring of covered outpatient drugs. Members of the Formulary Committee shall not be employed by the Department of Human Services. Committee members shall serve three-year terms and may be reappointed by the commissioner. The Formulary Committee shall meet at least quarterly. The commissioner may require more frequent Formulary Committee meetings as needed. An honorarium of $100 per meeting and reimbursement for mileage shall be paid to each committee member in attendance.

Subd. 13d. **Drug formulary.** The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the Administrative Procedure Act, but the Formulary Committee shall review and comment on the formulary contents.

The formulary shall not include:

(1) drugs or products for which there is no federal funding;

(2) over-the-counter drugs, except as provided in subdivision 13;

(3) drugs used for weight loss, except that medically necessary lipase inhibitors may be covered for a recipient with type II diabetes;

(4) drugs for which medical value has not been established; and

(5) drugs from manufacturers who have not signed a rebate agreement with the Department of Health and Human Services pursuant to section 1927 of title XIX of the Social Security Act.

Subd. 13e. **Payment rates.** (a) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee; the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee; or the usual and customary price charged to the public. The amount of payment basis must be reduced to reflect all discount amounts applied to the charge by any provider/insurer agreement or contract for submitted charges to medical assistance programs. The net submitted charge may not be greater than the patient liability for the service. The pharmacy dispensing fee shall be $3.65, except that the dispensing fee for intravenous solutions which must be compounded by the pharmacist shall be $8 per bag, $14 per bag for cancer chemotherapy products, and $30 per bag for total parenteral nutritional products dispensed in one liter quantities, or $44 per bag for total parenteral nutritional products dispensed in quantities greater than one liter. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus 11.5 percent, except that where a drug has had its wholesale price reduced as a result of the actions of the National Association of Medicaid Fraud Control Units, the estimated actual acquisition cost shall be the reduced average wholesale price, without the 11.5 percent deduction. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the Administrative Procedure Act.

(b) An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply.

(c) Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, or on the maximum allowable cost established by the commissioner.

(d) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider, the average wholesale price minus five percent, or the maximum allowable cost set by the federal government under United States Code, title 42, chapter 7,

section 1396r-8(e), and Code of Federal Regulations, title 42, section 447.332, or by the commissioner under paragraphs (a) to (c).

Subd. 13f. **Prior authorization.** (a) The Formulary Committee shall review and recommend drugs which require prior authorization. The Formulary Committee shall establish general criteria to be used for the prior authorization of brand-name drugs for which generically equivalent drugs are available, but the committee is not required to review each brand-name drug for which a generically equivalent drug is available.

(b) Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The Formulary Committee may recommend drugs for prior authorization directly to the commissioner. The commissioner may also request that the Formulary Committee review a drug for prior authorization. Before the commissioner may require prior authorization for a drug:

(1) the commissioner must provide information to the Formulary Committee on the impact that placing the drug on prior authorization may have on the quality of patient care and on program costs, information regarding whether the drug is subject to clinical abuse or misuse, and relevant data from the state Medicaid program if such data is available;

(2) the Formulary Committee must review the drug, taking into account medical and clinical data and the information provided by the commissioner; and

(3) the Formulary Committee must hold a public forum and receive public comment for an additional 15 days.

The commissioner must provide a 15-day notice period before implementing the prior authorization.

(c) Prior authorization shall not be required or utilized for any atypical antipsychotic drug prescribed for the treatment of mental illness if:

(1) there is no generically equivalent drug available; and

(2) the drug was initially prescribed for the recipient prior to July 1, 2003; or

(3) the drug is part of the recipient's current course of treatment.

This paragraph applies to any multistate preferred drug list or supplemental drug rebate program established or administered by the commissioner.

(d) Prior authorization shall not be required or utilized for any antihemophilic factor drug prescribed for the treatment of hemophilia and blood disorders where there is no generically equivalent drug available if the prior authorization is used in conjunction with any supplemental drug rebate program or multistate preferred drug list established or administered by the commissioner. This paragraph expires July 1, 2005.

(e) The commissioner may require prior authorization for brand name drugs whenever a generically equivalent product is available, even if the prescriber specifically indicates "dispense as written-brand necessary" on the prescription as required by section 151.21, subdivision 2.

Subd. 13g. **Preferred drug list.** (a) The commissioner shall adopt and implement a preferred drug list by January 1, 2004. The commissioner may enter into a contract with a vendor or one or more states for the purpose of participating in a multistate preferred drug list and supplemental rebate program. The commissioner shall ensure that any contract meets all federal requirements and maximizes federal financial participation. The commissioner shall publish the preferred drug list annually in the State Register and shall maintain an accurate and up-to-date list on the agency Web site.

(b) The commissioner may add to, delete from, and otherwise modify the preferred drug list, after consulting with the Formulary Committee and appropriate medical specialists and providing public notice and the opportunity for public comment.

(c) The commissioner shall adopt and administer the preferred drug list as part of the administration of the supplemental drug rebate program. Reimbursement for

prescription drugs not on the preferred drug list may be subject to prior authorization, unless the drug manufacturer signs a supplemental rebate contract.

(d) For purposes of this subdivision, "preferred drug list" means a list of prescription drugs within designated therapeutic classes selected by the commissioner, for which prior authorization based on the identity of the drug or class is not required.

(e) The commissioner shall seek any federal waivers or approvals necessary to implement this subdivision.

[For text of subds 13a to 16, see M.S.2002]

Subd. 17. **Transportation costs.** (a) Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by eligible persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, if the recipient has a physical or mental impairment that would prohibit the recipient from safely accessing and using a bus, taxi, other commercial transportation, or private automobile. The commissioner may use an order by the recipient's attending physician to certify that the recipient requires special transportation services. Special transportation includes driver-assisted service to eligible individuals. Driver-assisted service includes passenger pickup at and return to the individual's residence or place of business, assistance with admittance of the individual to the medical facility, and assistance in passenger securement or in securing of wheelchairs or stretchers in the vehicle. Special transportation providers must obtain written documentation from the health care service provider who is serving the recipient being transported, identifying the time that the recipient arrived. Special transportation providers may not bill for separate base rates for the continuation of a trip beyond the original destination. Special transportation providers must take recipients to the nearest appropriate health care provider, using the most direct route available. The maximum medical assistance reimbursement rates for special transportation services are:

(1) $18 for the base rate and $1.40 per mile for services to eligible persons who need a wheelchair-accessible van;

(2) $12 for the base rate and $1.35 per mile for services to eligible persons who do not need a wheelchair-accessible van; and

(3) $36 for the base rate and $1.40 per mile, and an attendant rate of $9 per trip, for services to eligible persons who need a stretcher-accessible vehicle.

[For text of subds 17a to 19b, see M.S.2002]

Subd. 19c. **Personal care.** Medical assistance covers personal care assistant services provided by an individual who is qualified to provide the services according to subdivision 19a and section 256B.0627, where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by the recipient or a qualified professional. "Qualified professional" means a mental health professional as defined in section 245.462, subdivision 18, or 245.4871, subdivision 27; or a registered nurse as defined in sections 148.171 to 148.285, or a licensed social worker as defined in section 148B.21. As part of the assessment, the county public health nurse will assist the recipient or responsible party to identify the most appropriate person to provide supervision of the personal care assistant. The qualified professional shall perform the duties described in Minnesota Rules, part 9505.0335, subpart 4.

Subd. 20. **Mental health case management.** (a) To the extent authorized by rule of the state agency, medical assistance covers case management services to persons with serious and persistent mental illness and children with severe emotional disturbance. Services provided under this section must meet the relevant standards in sections 245.461 to 245.4887, the Comprehensive Adult and Children's Mental Health Acts, Minnesota Rules, parts 9520.0900 to 9520.0926, and 9505.0322, excluding subpart 10.

(b) Entities meeting program standards set out in rules governing family community support services as defined in section 245.4871, subdivision 17, are eligible for medical assistance reimbursement for case management services for children with severe emotional disturbance when these services meet the program standards in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10.

(c) Medical assistance and MinnesotaCare payment for mental health case management shall be made on a monthly basis. In order to receive payment for an eligible child, the provider must document at least a face-to-face contact with the child, the child's parents, or the child's legal representative. To receive payment for an eligible adult, the provider must document:

(1) at least a face-to-face contact with the adult or the adult's legal representative; or

(2) at least a telephone contact with the adult or the adult's legal representative and document a face-to-face contact with the adult or the adult's legal representative within the preceding two months.

(d) Payment for mental health case management provided by county or state staff shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), with separate rates calculated for child welfare and mental health, and within mental health, separate rates for children and adults.

(e) Payment for mental health case management provided by Indian health services or by agencies operated by Indian tribes may be made according to this section or other relevant federally approved rate setting methodology.

(f) Payment for mental health case management provided by vendors who contract with a county or Indian tribe shall be based on a monthly rate negotiated by the host county or tribe. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county or tribe may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribe, except to reimburse the county or tribe for advance funding provided by the county or tribe to the vendor.

(g) If the service is provided by a team which includes contracted vendors, tribal staff, and county or state staff, the costs for county or state staff participation in the team shall be included in the rate for county-provided services. In this case, the contracted vendor, the tribal agency, and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles of the team members.

(h) The commissioner shall calculate the nonfederal share of actual medical assistance and general assistance medical care payments for each county, based on the higher of calendar year 1995 or 1996, by service date, project that amount forward to 1999, and transfer one-half of the result from medical assistance and general assistance medical care to each county's mental health grants under section 256E.12 for calendar year 1999. The annualized minimum amount added to each county's mental health grant shall be $3,000 per year for children and $5,000 per year for adults. The commissioner may reduce the statewide growth factor in order to fund these minimums. The annualized total amount transferred shall become part of the base for future mental health grants for each county.

(i) Any net increase in revenue to the county or tribe as a result of the change in this section must be used to provide expanded mental health services as defined in sections 245.461 to 245.4887, the Comprehensive Adult and Children's Mental Health Acts, excluding inpatient and residential treatment. For adults, increased revenue may also be used for services and consumer supports which are part of adult mental health projects approved under Laws 1997, chapter 203, article 7, section 25. For children, increased revenue may also be used for respite care and nonresidential individualized

rehabilitation services as defined in section 245.492, subdivisions 17 and 23. "Increased revenue" has the meaning given in Minnesota Rules, part 9520.0903, subpart 3.

(j) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for mental health case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds. If the service is provided by a tribal agency, the nonfederal share, if any, shall be provided by the recipient's tribe.

(k) The commissioner may suspend, reduce, or terminate the reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, or, if applicable, the tribal agency, is responsible for any federal disallowances. The county or tribe may share this responsibility with its contracted vendors.

(l) The commissioner shall set aside a portion of the federal funds earned under this section to repay the special revenue maximization account under section 256.01, subdivision 2, clause (15). The repayment is limited to:

(1) the costs of developing and implementing this section; and

(2) programming the information systems.

(m) Payments to counties and tribal agencies for case management expenditures under this section shall only be made from federal earnings from services provided under this section. Payments to county-contracted vendors shall include both the federal earnings and the county share.

(n) Notwithstanding section 256B.041, county payments for the cost of mental health case management services provided by county or state staff shall not be made to the commissioner of finance. For the purposes of mental health case management services provided by county or state staff under this section, the centralized disbursement of payments to counties under section 256B.041 consists only of federal earnings from services provided under this section.

(o) Case management services under this subdivision do not include therapy, treatment, legal, or outreach services.

(p) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for case management services under this subdivision is limited to the last 180 days of the recipient's residency in that facility and may not exceed more than six months in a calendar year.

(q) Payment for case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

(r) By July 1, 2000, the commissioner shall evaluate the effectiveness of the changes required by this section, including changes in number of persons receiving mental health case management, changes in hours of service per person, and changes in caseload size.

(s) For each calendar year beginning with the calendar year 2001, the annualized amount of state funds for each county determined under paragraph (h) shall be adjusted by the county's percentage change in the average number of clients per month who received case management under this section during the fiscal year that ended six months prior to the calendar year in question, in comparison to the prior fiscal year.

(t) For counties receiving the minimum allocation of $3,000 or $5,000 described in paragraph (h), the adjustment in paragraph (s) shall be determined so that the county receives the higher of the following amounts:

(1) a continuation of the minimum allocation in paragraph (h); or

(2) an amount based on that county's average number of clients per month who received case management under this section during the fiscal year that ended six months prior to the calendar year in question, times the average statewide grant per person per month for counties not receiving the minimum allocation.

(u) The adjustments in paragraphs (s) and (t) shall be calculated separately for children and adults.

[For text of subds 20a and 22, see M.S.2002]

Subd. 23. **Day treatment services.** Medical assistance covers day treatment services as specified in sections 245.462, subdivision 8, and 245.4871, subdivision 10, that are provided under contract with the county board. Notwithstanding Minnesota Rules, part 9505.0323, subpart 15, the commissioner may set authorization thresholds for day treatment for adults according to section 256B.0625, subdivision 25. Effective July 1, 2004, medical assistance covers day treatment services for children as specified under section 256B.0943.

[For text of subds 24 to 35, see M.S.2002]

Subd. 35a. **Children's mental health crisis response services.** Medical assistance covers children's mental health crisis response services according to section 256B.0944.

Subd. 35b. **Children's therapeutic services and supports.** Medical assistance covers children's therapeutic services and supports according to section 256B.0943.

[For text of subds 36 to 44, see M.S.2002]

Subd. 45. **Subacute psychiatric care for persons under 21 years of age.** Medical assistance covers subacute psychiatric care for person under 21 years of age when:

(1) the services meet the requirements of Code of Federal Regulations, title 42, section 440.160;

(2) the facility is accredited as a psychiatric treatment facility by the Joint Commission on Accreditation of Healthcare Organizations, the Commission on Accreditation of Rehabilitation Facilities, or the Council on Accreditation; and

(3) the facility is licensed by the commissioner of health under section 144.50.

History: *2003 c 112 art 2 s 50; 1Sp2003 c 14 art 3 s 25; art 4 s 4-7; art 11 s 11; art 12 s 33-36*

NOTE: Subdivisions 35 and 36 are repealed by Laws 2003, First Special Session chapter 14, article 4, section 24, effective July 1, 2004.

NOTE: Subdivisions 35a and 35b, as added by Laws 2003, First Special Session chapter 14, article 4, sections 5 and 6, are effective July 1, 2004. Laws 2003, First Special Session chapter 14, article 4, sections 5 and 6, the effective dates.

256B.0627 COVERED SERVICE; HOME CARE SERVICES.

Subdivision 1. **Definition.** (a) "Activities of daily living" includes eating, toileting, grooming, dressing, bathing, transferring, mobility, and positioning.

(b) "Assessment" means a review and evaluation of a recipient's need for home care services conducted in person. Assessments for private duty nursing shall be conducted by a registered private duty nurse. Assessments for home health agency services shall be conducted by a home health agency nurse. Assessments for personal care assistant services shall be conducted by the county public health nurse or a certified public health nurse under contract with the county. A face-to-face assessment must include: documentation of health status, determination of need, evaluation of service effectiveness, identification of appropriate services, service plan development or modification, coordination of services, referrals and follow-up to appropriate payers and community resources, completion of required reports, recommendation of service authorization, and consumer education. Once the need for personal care assistant services is determined under this section, the county public health nurse or certified public health nurse under contract with the county is responsible for communicating this recommendation to the commissioner and the recipient. A face-to-face assessment for personal care assistant services is conducted on those recipients who have never had a county public health nurse assessment. A face-to-face assessment must occur at least annually or when there is a significant change in the recipient's condition or when there is a change in the need for personal care assistant services. A service update may substitute for the annual face-to-face assessment when there is not a significant change in recipient condition or a change in the need for personal care assistant service. A service update or review for temporary increase includes a review of initial baseline data, evaluation of service effectiveness, redetermination of service need, modification

of service plan and appropriate referrals, update of initial forms, obtaining service authorization, and on going consumer education. Assessments for medical assistance home care services for mental retardation or related conditions and alternative care services for developmentally disabled home and community-based waivered recipients may be conducted by the county public health nurse to ensure coordination and avoid duplication. Assessments must be completed on forms provided by the commissioner within 30 days of a request for home care services by a recipient or responsible party.

(c) "Care plan" means a written description of personal care assistant services developed by the qualified professional or the recipient's physician with the recipient or responsible party to be used by the personal care assistant with a copy provided to the recipient or responsible party.

(d) "Complex and regular private duty nursing care" means:

(1) complex care is private duty nursing provided to recipients who are ventilator dependent or for whom a physician has certified that were it not for private duty nursing the recipient would meet the criteria for inpatient hospital intensive care unit (ICU) level of care; and

(2) regular care is private duty nursing provided to all other recipients.

(e) "Health-related functions" means functions that can be delegated or assigned by a licensed health care professional under state law to be performed by a personal care attendant.

(f) "Home care services" means a health service, determined by the commissioner as medically necessary, that is ordered by a physician and documented in a service plan that is reviewed by the physician at least once every 60 days for the provision of home health services, or private duty nursing, or at least once every 365 days for personal care. Home care services are provided to the recipient at the recipient's residence that is a place other than a hospital or long-term care facility or as specified in section 256B.0625.

(g) "Instrumental activities of daily living" includes meal planning and preparation, managing finances, shopping for food, clothing, and other essential items, performing essential household chores, communication by telephone and other media, and getting around and participating in the community.

(h) "Medically necessary" has the meaning given in Minnesota Rules, parts 9505.0170 to 9505.0475.

(i) "Personal care assistant" means a person who:

(1) is at least 18 years old, except for persons 16 to 18 years of age who participated in a related school-based job training program or have completed a certified home health aide competency evaluation;

(2) is able to effectively communicate with the recipient and personal care provider organization;

(3) effective July 1, 1996, has completed one of the training requirements as specified in Minnesota Rules, part 9505.0335, subpart 3, items A to D;

(4) has the ability to, and provides covered personal care assistant services according to the recipient's care plan, responds appropriately to recipient needs, and reports changes in the recipient's condition to the supervising qualified professional or physician;

(5) is not a consumer of personal care assistant services; and

(6) is subject to criminal background checks and procedures specified in chapter 245C.

(j) "Personal care provider organization" means an organization enrolled to provide personal care assistant services under the medical assistance program that complies with the following: (1) owners who have a five percent interest or more, and managerial officials are subject to a background study as provided in chapter 245C. This applies to currently enrolled personal care provider organizations and those agencies seeking enrollment as a personal care provider organization. An organization will be barred from enrollment if an owner or managerial official of the organization

has been convicted of a crime specified in chapter 245C, or a comparable crime in another jurisdiction, unless the owner or managerial official meets the reconsideration criteria specified in chapter 245C; (2) the organization must maintain a surety bond and liability insurance throughout the duration of enrollment and provides proof thereof. The insurer must notify the Department of Human Services of the cancellation or lapse of policy; and (3) the organization must maintain documentation of services as specified in Minnesota Rules, part 9505.2175, subpart 7, as well as evidence of compliance with personal care assistant training requirements.

(k) "Responsible party" means an individual who is capable of providing the support necessary to assist the recipient to live in the community, is at least 18 years old, actively participates in planning and directing of personal care assistant services, and is not the personal care assistant. The responsible party must be accessible to the recipient and the personal care assistant when personal care services are being provided and monitor the services at least weekly according to the plan of care. The responsible party must be identified at the time of assessment and listed on the recipient's service agreement and care plan. Responsible parties may delegate the responsibility to another adult who is not the personal care assistant. The responsible party must assure that the delegate performs the functions of the responsible party, is identified at the time of the assessment, and is listed on the service agreement and the care plan. Foster care license holders may be designated the responsible party for residents of the foster care home if case management is provided as required in section 256B.0625, subdivision 19a. For persons who, as of April 1, 1992, are sharing personal care assistant services in order to obtain the availability of 24-hour coverage, an employee of the personal care provider organization may be designated as the responsible party if case management is provided as required in section 256B.0625, subdivision 19a.

(l) "Service plan" means a written description of the services needed based on the assessment developed by the nurse who conducts the assessment together with the recipient or responsible party. The service plan shall include a description of the covered home care services, frequency and duration of services, and expected outcomes and goals. The recipient and the provider chosen by the recipient or responsible party must be given a copy of the completed service plan within 30 calendar days of the request for home care services by the recipient or responsible party.

(m) "Skilled nurse visits" are provided in a recipient's residence under a plan of care or service plan that specifies a level of care which the nurse is qualified to provide. These services are:

(1) nursing services according to the written plan of care or service plan and accepted standards of medical and nursing practice in accordance with chapter 148;

(2) services which due to the recipient's medical condition may only be safely and effectively provided by a registered nurse or a licensed practical nurse;

(3) assessments performed only by a registered nurse; and

(4) teaching and training the recipient, the recipient's family, or other caregivers requiring the skills of a registered nurse or licensed practical nurse.

(n) "Telehomecare" means the use of telecommunications technology by a home health care professional to deliver home health care services, within the professional's scope of practice, to a patient located at a site other than the site where the practitioner is located.

[For text of subd 2, see M.S.2002]

Subd. 4. **Personal care assistant services.** (a) The personal care assistant services that are eligible for payment are services and supports furnished to an individual, as needed, to assist in accomplishing activities of daily living; instrumental activities of daily living; health-related functions through hands-on assistance, supervision, and cuing; and redirection and intervention for behavior including observation and monitoring.

(b) Payment for services will be made within the limits approved using the prior authorized process established in subdivision 5.

(c) The amount and type of services authorized shall be based on an assessment of the recipient's needs in these areas:

(1) bowel and bladder care;

(2) skin care to maintain the health of the skin;

(3) repetitive maintenance range of motion, muscle strengthening exercises, and other tasks specific to maintaining a recipient's optimal level of function;

(4) respiratory assistance;

(5) transfers and ambulation;

(6) bathing, grooming, and hairwashing necessary for personal hygiene;

(7) turning and positioning;

(8) assistance with furnishing medication that is self-administered;

(9) application and maintenance of prosthetics and orthotics;

(10) cleaning medical equipment;

(11) dressing or undressing;

(12) assistance with eating and meal preparation and necessary grocery shopping;

(13) accompanying a recipient to obtain medical diagnosis or treatment;

(14) assisting, monitoring, or prompting the recipient to complete the services in clauses (1) to (13);

(15) redirection, monitoring, and observation that are medically necessary and an integral part of completing the personal care assistant services described in clauses (1) to (14);

(16) redirection and intervention for behavior, including observation and monitoring;

(17) interventions for seizure disorders, including monitoring and observation if the recipient has had a seizure that requires intervention within the past three months;

(18) tracheostomy suctioning using a clean procedure if the procedure is properly delegated by a registered nurse. Before this procedure can be delegated to a personal care assistant, a registered nurse must determine that the tracheostomy suctioning can be accomplished utilizing a clean rather than a sterile procedure and must ensure that the personal care assistant has been taught the proper procedure; and

(19) incidental household services that are an integral part of a personal care service described in clauses (1) to (18).

For purposes of this subdivision, monitoring and observation means watching for outward visible signs that are likely to occur and for which there is a covered personal care service or an appropriate personal care intervention. For purposes of this subdivision, a clean procedure refers to a procedure that reduces the numbers of microorganisms or prevents or reduces the transmission of microorganisms from one person or place to another. A clean procedure may be used beginning 14 days after insertion.

(d) The personal care assistant services that are not eligible for payment are the following:

(1) services not ordered by the physician;

(2) assessments by personal care assistant provider organizations or by independently enrolled registered nurses;

(3) services that are not in the service plan;

(4) services provided by the recipient's spouse, legal guardian for an adult or child recipient, or parent of a recipient under age 18;

(5) services provided by a foster care provider of a recipient who cannot direct the recipient's own care, unless monitored by a county or state case manager under section 256B.0625, subdivision 19a;

(6) services provided by the residential or program license holder in a residence for more than four persons;

(7) services that are the responsibility of a residential or program license holder under the terms of a service agreement and administrative rules;

(8) sterile procedures;

(9) injections of fluids into veins, muscles, or skin;

(10) homemaker services that are not an integral part of a personal care assistant services;

(11) home maintenance or chore services;

(12) services not specified under paragraph (a); and

(13) services not authorized by the commissioner or the commissioner's designee.

(e) The recipient or responsible party may choose to supervise the personal care assistant or to have a qualified professional, as defined in section 256B.0625, subdivision 19c, provide the supervision. As required under section 256B.0625, subdivision 19c, the county public health nurse, as a part of the assessment, will assist the recipient or responsible party to identify the most appropriate person to provide supervision of the personal care assistant. Health-related delegated tasks performed by the personal care assistant will be under the supervision of a qualified professional or the direction of the recipient's physician. If the recipient has a qualified professional, Minnesota Rules, part 9505.0335, subpart 4, applies.

[For text of subds 5 to 8, see M.S.2002]

Subd. 9. **Flexible use of personal care assistant hours.** (a) "Flexible use" means the scheduled use of authorized hours of personal care assistant services, which vary within the length of the service authorization in order to more effectively meet the needs and schedule of the recipient. Recipients may use their approved hours flexibly within the service authorization period for medically necessary covered services specified in the assessment required in subdivision 1. The flexible use of authorized hours does not increase the total amount of authorized hours available to a recipient as determined under subdivision 5. The commissioner shall not authorize additional personal care assistant services to supplement a service authorization that is exhausted before the end date under a flexible service use plan, unless the county public health nurse determines a change in condition and a need for increased services is established.

(b) The recipient or responsible party, together with the provider, must work to monitor and document the use of authorized hours and ensure that a recipient is able to manage services effectively throughout the authorized period. Upon request of the recipient or responsible party, the provider must furnish regular updates to the recipient or responsible party on the amount of personal care assistant services used.

Subd. 10. **Fiscal intermediary option available for personal care assistant services.** (a) The commissioner may allow a recipient of personal care assistant services to use a fiscal intermediary to assist the recipient in paying and accounting for medically necessary covered personal care assistant services authorized in subdivision 4 and within the payment parameters of subdivision 5. Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to personal care assistant services apply to a recipient using the fiscal intermediary option.

(b) The recipient or responsible party shall:

(1) recruit, hire, and terminate a qualified professional, if a qualified professional is requested by the recipient or responsible party;

(2) verify and document the credentials of the qualified professional, if a qualified professional is requested by the recipient or responsible party;

(3) develop a service plan based on physician orders and public health nurse assessment with the assistance of a qualified professional, if a qualified professional is requested by the recipient or responsible party, that addresses the health and safety of the recipient;

(4) recruit, hire, and terminate the personal care assistant;

(5) orient and train the personal care assistant with assistance as needed from the qualified professional;

(6) supervise and evaluate the personal care assistant with assistance as needed from the recipient's physician or the qualified professional;

(7) monitor and verify in writing and report to the fiscal intermediary the number of hours worked by the personal care assistant and the qualified professional; and

(8) enter into a written agreement, as specified in paragraph (f).

(c) The duties of the fiscal intermediary shall be to:

(1) bill the medical assistance program for personal care assistant and qualified professional services;

(2) request and secure background checks on personal care assistants and qualified professionals according to chapter 245C;

(3) pay the personal care assistant and qualified professional based on actual hours of services provided;

(4) withhold and pay all applicable federal and state taxes;

(5) verify and keep records of hours worked by the personal care assistant and qualified professional;

(6) make the arrangements and pay unemployment insurance, taxes, workers' compensation, liability insurance, and other benefits, if any;

(7) enroll in the medical assistance program as a fiscal intermediary; and

(8) enter into a written agreement as specified in paragraph (f) before services are provided.

(d) The fiscal intermediary:

(1) may not be related to the recipient, qualified professional, or the personal care assistant;

(2) must ensure arm's-length transactions with the recipient and personal care assistant; and

(3) shall be considered a joint employer of the personal care assistant and qualified professional to the extent specified in this section.

The fiscal intermediary or owners of the entity that provides fiscal intermediary services under this subdivision must pass a criminal background check as required in section 256B.0627, subdivision 1, paragraph (e).

(e) If the recipient or responsible party requests a qualified professional, the qualified professional providing assistance to the recipient shall meet the qualifications specified in section 256B.0625, subdivision 19c. The qualified professional shall assist the recipient in developing and revising a plan to meet the recipient's needs, as assessed by the public health nurse. In performing this function, the qualified professional must visit the recipient in the recipient's home at least once annually. The qualified professional must report any suspected abuse, neglect, or financial exploitation of the recipient to the appropriate authorities.

(f) The fiscal intermediary, recipient or responsible party, personal care assistant, and qualified professional shall enter into a written agreement before services are started. The agreement shall include:

(1) the duties of the recipient, qualified professional, personal care assistant, and fiscal agent based on paragraphs (a) to (e);

(2) the salary and benefits for the personal care assistant and the qualified professional;

(3) the administrative fee of the fiscal intermediary and services paid for with that fee, including background check fees;

(4) procedures to respond to billing or payment complaints; and

(5) procedures for hiring and terminating the personal care assistant and the qualified professional.

(g) The rates paid for personal care assistant services, shared care services, qualified professional services, and fiscal intermediary services under this subdivision shall be the same rates paid for personal care assistant services and qualified professional services under subdivision 2 respectively. Except for the administrative fee of the fiscal intermediary specified in paragraph (f), the remainder of the rates paid to the fiscal intermediary must be used to pay for the salary and benefits for the personal care assistant or the qualified professional.

(h) As part of the assessment defined in subdivision 1, the following conditions must be met to use or continue use of a fiscal intermediary:

(1) the recipient must be able to direct the recipient's own care, or the responsible party for the recipient must be readily available to direct the care of the personal care assistant;

(2) the recipient or responsible party must be knowledgeable of the health care needs of the recipient and be able to effectively communicate those needs;

(3) a face-to-face assessment must be conducted by the local county public health nurse at least annually, or when there is a significant change in the recipient's condition or change in the need for personal care assistant services;

(4) recipients who choose to use the shared care option as specified in subdivision 8 must utilize the same fiscal intermediary; and

(5) parties must be in compliance with the written agreement specified in paragraph (f).

(i) The commissioner shall deny, revoke, or suspend the authorization to use the fiscal intermediary option if:

(1) it has been determined by the qualified professional or local county public health nurse that the use of this option jeopardizes the recipient's health and safety;

(2) the parties have failed to comply with the written agreement specified in paragraph (f); or

(3) the use of the option has led to abusive or fraudulent billing for personal care assistant services.

The recipient or responsible party may appeal the commissioner's action according to section 256.045. The denial, revocation, or suspension to use the fiscal intermediary option shall not affect the recipient's authorized level of personal care assistant services as determined in subdivision 5.

[For text of subds 11 to 15, see M.S.2002]

Subd. 16. **Hardship criteria; private duty nursing.** (a) Payment is allowed for extraordinary services that require specialized nursing skills and are provided by parents of minor children, spouses, and legal guardians who are providing private duty nursing care under the following conditions:

(1) the provision of these services is not legally required of the parents, spouses, or legal guardians;

(2) the services are necessary to prevent hospitalization of the recipient; and

(3) the recipient is eligible for state plan home care or a home and community-based waiver and one of the following hardship criteria are met:

(i) the parent, spouse, or legal guardian resigns from a part-time or full-time job to provide nursing care for the recipient; or

(ii) the parent, spouse, or legal guardian goes from a full-time to a part-time job with less compensation to provide nursing care for the recipient; or

(iii) the parent, spouse, or legal guardian takes a leave of absence without pay to provide nursing care for the recipient; or

(iv) because of labor conditions, special language needs, or intermittent hours of care needed, the parent, spouse, or legal guardian is needed in order to provide adequate private duty nursing services to meet the medical needs of the recipient.

(b) Private duty nursing may be provided by a parent, spouse, or legal guardian who is a nurse licensed in Minnesota. Private duty nursing services provided by a parent, spouse, or legal guardian cannot be used in lieu of nursing services covered and available under liable third-party payors, including Medicare. The private duty nursing provided by a parent, spouse, or legal guardian must be included in the service plan. Authorized skilled nursing services provided by the parent, spouse, or legal guardian may not exceed 50 percent of the total approved nursing hours, or eight hours per day, whichever is less, up to a maximum of 40 hours per week. Nothing in this subdivision precludes the parent's, spouse's, or legal guardian's obligation of assuming the non-reimbursed family responsibilities of emergency backup caregiver and primary caregiver.

(c) A parent or a spouse may not be paid to provide private duty nursing care if the parent or spouse fails to pass a criminal background check according to chapter 245C, or if it has been determined by the home health agency, the case manager, or the physician that the private duty nursing care provided by the parent, spouse, or legal guardian is unsafe.

256B.0631 MEDICAL ASSISTANCE CO-PAYMENTS.

Subdivision 1. **Co-payments.** (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after October 1, 2003:

(1) $3 per nonpreventive visit. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;

(2) $3 for eyeglasses;

(3) $6 for nonemergency visits to a hospital-based emergency room; and

(4) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $20 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness.

(b) Recipients of medical assistance are responsible for all co-payments in this subdivision.

Subd. 2. **Exceptions.** Co-payments shall be subject to the following exceptions:

(1) children under the age of 21;

(2) pregnant women for services that relate to the pregnancy or any other medical condition that may complicate the pregnancy;

(3) recipients expected to reside for at least 30 days in a hospital, nursing home, or intermediate care facility for the mentally retarded;

(4) recipients receiving hospice care;

(5) 100 percent federally funded services provided by an Indian health service;

(6) emergency services;

(7) family planning services;

(8) services that are paid by Medicare, resulting in the medical assistance program paying for the coinsurance and deductible; and

(9) co-payments that exceed one per day per provider for nonpreventive visits, eyeglasses, and nonemergency visits to a hospital-based emergency room.

Subd. 3. **Collection.** The medical assistance reimbursement to the provider shall be reduced by the amount of the co-payment, except that reimbursement for prescription drugs shall not be reduced once a recipient has reached the $20 per month maximum

for prescription drug co-payments. The provider collects the co-payment from the recipient. Providers may not deny services to recipients who are unable to pay the co-payment, except as provided in subdivision 4.

Subd. 4. **Uncollected debt.** If it is the routine business practice of a provider to refuse service to an individual with uncollected debt, the provider may include uncollected co-payments under this section. A provider must give advance notice to a recipient with uncollected debt before services can be denied.

256B.0635 CONTINUED ELIGIBILITY IN SPECIAL CIRCUMSTANCES.

Subdivision 1. **Increased employment.** (a) Until June 30, 2002, medical assistance may be paid for persons who received MFIP or medical assistance for families and children in at least three of six months preceding the month in which the person became ineligible for MFIP or medical assistance, if the ineligibility was due to an increase in hours of employment or employment income or due to the loss of an earned income disregard. In addition, to receive continued assistance under this section, persons who received medical assistance for families and children but did not receive MFIP must have had income less than or equal to the assistance standard for their family size under the state's AFDC plan in effect as of July 16, 1996, increased by three percent effective July 1, 2000, at the time medical assistance eligibility began. A person who is eligible for extended medical assistance is entitled to six months of assistance without reapplication, unless the assistance unit ceases to include a dependent child. For a person under 21 years of age, medical assistance may not be discontinued within the six-month period of extended eligibility until it has been determined that the person is not otherwise eligible for medical assistance. Medical assistance may be continued for an additional six months if the person meets all requirements for the additional six months, according to title XIX of the Social Security Act, as amended by section 303 of the Family Support Act of 1988, Public Law 100-485.

(b) Beginning July 1, 2002, contingent upon federal funding, medical assistance for families and children may be paid for persons who were eligible under section 256B.055, subdivision 3a, in at least three of six months preceding the month in which the person became ineligible under that section if the ineligibility was due to an increase in hours of employment or employment income or due to the loss of an earned income disregard. A person who is eligible for extended medical assistance is entitled to six months of assistance without reapplication, unless the assistance unit ceases to include a dependent child, except medical assistance may not be discontinued for that dependent child under 21 years of age within the six-month period of extended eligibility until it has been determined that the person is not otherwise eligible for medical assistance. Medical assistance may be continued for an additional six months if the person meets all requirements for the additional six months, according to title XIX of the Social Security Act, as amended by section 303 of the Family Support Act of 1988, Public Law 100-485.

Subd. 2. **Increased child or spousal support.** (a) Until June 30, 2002, medical assistance may be paid for persons who received MFIP or medical assistance for families and children in at least three of the six months preceding the month in which the person became ineligible for MFIP or medical assistance, if the ineligibility was the result of the collection of child or spousal support under part D of title IV of the Social Security Act. In addition, to receive continued assistance under this section, persons who received medical assistance for families and children but did not receive MFIP must have had income less than or equal to the assistance standard for their family size under the state's AFDC plan in effect as of July 16, 1996, increased by three percent effective July 1, 2000, at the time medical assistance eligibility began. A person who is eligible for extended medical assistance under this subdivision is entitled to four months of assistance without reapplication, unless the assistance unit ceases to include a dependent child, except medical assistance may not be discontinued for that dependent child under 21 years of age within the four-month period of extended

eligibility until it has been determined that the person is not otherwise eligible for medical assistance.

(b) Beginning July 1, 2002, contingent upon federal funding, medical assistance for families and children may be paid for persons who were eligible under section 256B.055, subdivision 3a, in at least three of the six months preceding the month in which the person became ineligible under that section if the ineligibility was the result of the collection of child or spousal support under part D of title IV of the Social Security Act. A person who is eligible for extended medical assistance under this subdivision is entitled to four months of assistance without reapplication, unless the assistance unit ceases to include a dependent child, except medical assistance may not be discontinued for that dependent child under 21 years of age within the four-month period of extended eligibility until it has been determined that the person is not otherwise eligible for medical assistance.

256B.064 SANCTIONS; MONETARY RECOVERY.

[For text of subds 1 to 1d, see M.S.2002]

Subd. 2. **Imposition of monetary recovery and sanctions.** (a) The commissioner shall determine any monetary amounts to be recovered and sanctions to be imposed upon a vendor of medical care under this section. Except as provided in paragraphs (b) and (d), neither a monetary recovery nor a sanction will be imposed by the commissioner without prior notice and an opportunity for a hearing, according to chapter 14, on the commissioner's proposed action, provided that the commissioner may suspend or reduce payment to a vendor of medical care, except a nursing home or convalescent care facility, after notice and prior to the hearing if in the commissioner's opinion that action is necessary to protect the public welfare and the interests of the program.

(b) Except for a nursing home or convalescent care facility, the commissioner may withhold or reduce payments to a vendor of medical care without providing advance notice of such withholding or reduction if either of the following occurs:

(1) the vendor is convicted of a crime involving the conduct described in subdivision 1a; or

(2) the commissioner receives reliable evidence of fraud or willful misrepresentation by the vendor.

(c) The commissioner must send notice of the withholding or reduction of payments under paragraph (b) within five days of taking such action. The notice must:

(1) state that payments are being withheld according to paragraph (b);

(2) except in the case of a conviction for conduct described in subdivision 1a, state that the withholding is for a temporary period and cite the circumstances under which withholding will be terminated;

(3) identify the types of claims to which the withholding applies; and

(4) inform the vendor of the right to submit written evidence for consideration by the commissioner.

The withholding or reduction of payments will not continue after the commissioner determines there is insufficient evidence of fraud or willful misrepresentation by the vendor, or after legal proceedings relating to the alleged fraud or willful misrepresentation are completed, unless the commissioner has sent notice of intention to impose monetary recovery or sanctions under paragraph (a).

(d) The commissioner may suspend or terminate a vendor's participation in the program without providing advance notice and an opportunity for a hearing when the suspension or termination is required because of the vendor's exclusion from participation in Medicare. Within five days of taking such action, the commissioner must send notice of the suspension or termination. The notice must:

(1) state that suspension or termination is the result of the vendor's exclusion from Medicare;

(2) identify the effective date of the suspension or termination;

(3) inform the vendor of the need to be reinstated to Medicare before reapplying for participation in the program; and

(4) inform the vendor of the right to submit written evidence for consideration by the commissioner.

(e) Upon receipt of a notice under paragraph (a) that a monetary recovery or sanction is to be imposed, a vendor may request a contested case, as defined in section 14.02, subdivision 3, by filing with the commissioner a written request of appeal. The appeal request must be received by the commissioner no later than 30 days after the date the notification of monetary recovery or sanction was mailed to the vendor. The appeal request must specify:

(1) each disputed item, the reason for the dispute, and an estimate of the dollar amount involved for each disputed item;

(2) the computation that the vendor believes is correct;

(3) the authority in statute or rule upon which the vendor relies for each disputed item;

(4) the name and address of the person or entity with whom contacts may be made regarding the appeal; and

(5) other information required by the commissioner.

History: *1Sp2003 c 14 art 2 s 17*

256B.0911 LONG-TERM CARE CONSULTATION SERVICES.

Subdivision 1. **Purpose and goal.** (a) The purpose of long-term care consultation services is to assist persons with long-term or chronic care needs in making long-term care decisions and selecting options that meet their needs and reflect their preferences. The availability of, and access to, information and other types of assistance is also intended to prevent or delay certified nursing facility placements and to provide transition assistance after admission. Further, the goal of these services is to contain costs associated with unnecessary certified nursing facility admissions. The commissioners of human services and health shall seek to maximize use of available federal and state funds and establish the broadest program possible within the funding available.

(b) These services must be coordinated with services provided under section 256.975, subdivision 7, and with services provided by other public and private agencies in the community to offer a variety of cost-effective alternatives to persons with disabilities and elderly persons. The county agency providing long-term care consultation services shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide community-based services.

[For text of subds 1a to 4c, see M.S.2002]

Subd. 4d. **Preadmission screening of individuals under 65 years of age.** (a) It is the policy of the state of Minnesota to ensure that individuals with disabilities or chronic illness are served in the most integrated setting appropriate to their needs and have the necessary information to make informed choices about home and community-based service options.

(b) Individuals under 65 years of age who are admitted to a nursing facility from a hospital must be screened prior to admission as outlined in subdivisions 4a through 4c.

(c) Individuals under 65 years of age who are admitted to nursing facilities with only a telephone screening must receive a face-to-face assessment from the long-term care consultation team member of the county in which the facility is located or from the recipient's county case manager within 40 calendar days of admission.

(d) Individuals under 65 years of age who are admitted to a nursing facility without preadmission screening according to the exemption described in subdivision 4b, paragraph (a), clause (3), and who remain in the facility longer than 30 days must receive a face-to-face assessment within 40 days of admission.

(e) At the face-to-face assessment, the long-term care consultation team member or county case manager must perform the activities required under subdivision 3b.

(f) For individuals under 21 years of age, a screening interview which recommends nursing facility admission must be face-to-face and approved by the commissioner before the individual is admitted to the nursing facility.

(g) In the event that an individual under 65 years of age is admitted to a nursing facility on an emergency basis, the county must be notified of the admission on the next working day, and a face-to-face assessment as described in paragraph (c) must be conducted within 40 calendar days of admission.

(h) At the face-to-face assessment, the long-term care consultation team member or the case manager must present information about home and community-based options so the individual can make informed choices. If the individual chooses home and community-based services, the long-term care consultation team member or case manager must complete a written relocation plan within 20 working days of the visit. The plan shall describe the services needed to move out of the facility and a time line for the move which is designed to ensure a smooth transition to the individual's home and community.

(i) An individual under 65 years of age residing in a nursing facility shall receive a face-to-face assessment at least every 12 months to review the person's service choices and available alternatives unless the individual indicates, in writing, that annual visits are not desired. In this case, the individual must receive a face-to-face assessment at least once every 36 months for the same purposes.

(j) Notwithstanding the provisions of subdivision 6, the commissioner may pay county agencies directly for face-to-face assessments for individuals under 65 years of age who are being considered for placement or residing in a nursing facility.

[For text of subds 5 to 7, see M.S.2002]

History: *1Sp2003 c 14 art 2 s 56; art 3 s 29*

256B.0913 ALTERNATIVE CARE PROGRAM.

[For text of subd 1, see M.S.2002]

Subd. 2. **Eligibility for services.** Alternative care services are available to Minnesotans age 65 or older who would be eligible for medical assistance within 180 days of admission to a nursing facility and subject to subdivisions 4 to 13.

Subd. 4. **Eligibility for funding for services for nonmedical assistance recipients.** (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been determined by a community assessment under section 256B.0911 to be a person who would require the level of care provided in a nursing facility, but for the provision of services under the alternative care program;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the person is not ineligible for the medical assistance program due to an asset transfer penalty;

(5) the person needs services that are not funded through other state or federal funding;

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the monthly limit described under section 256B.0915, subdivision 3a. This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased under this section exceed the difference between the client's monthly service limit defined under section 256B.0915, subdivision 3, and the alternative care program monthly service limit defined in this paragraph. If medical supplies

and equipment or environmental modifications are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's other alternative care services exceeds the monthly limit established in this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit described in this paragraph; and

(7) the person is making timely payments of the assessed monthly fee.

A person is ineligible if payment of the fee is over 60 days past due, unless the person agrees to:

(i) the appointment of a representative payee;

(ii) automatic payment from a financial account;

(iii) the establishment of greater family involvement in the financial management of payments; or

(iv) another method acceptable to the county to ensure prompt fee payments.

The county shall extend the client's eligibility as necessary while making arrangements to facilitate payment of past-due amounts and future premium payments. Following disenrollment due to nonpayment of a monthly fee, eligibility shall not be reinstated for a period of 30 days.

(b) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown or waiver obligation. A person whose initial application for medical assistance and the elderly waiver program is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, medical assistance must be billed for services payable under the federally approved elderly waiver plan and delivered from the date the individual was found eligible for the federally approved elderly waiver plan. Notwithstanding this provision, alternative care funds may not be used to pay for any service the cost of which: (i) is payable by medical assistance; (ii) is used by a recipient to meet a waiver obligation; or (iii) is used to pay a medical assistance income spenddown for a person who is eligible to participate in the federally approved elderly waiver program under the special income standard provision.

(c) Alternative care funding is not available for a person who resides in a licensed nursing home, certified boarding care home, hospital, or intermediate care facility, except for case management services which are provided in support of the discharge planning process for a nursing home resident or certified boarding care home resident to assist with a relocation process to a community-based setting.

(d) Alternative care funding is not available for a person whose income is greater than the maintenance needs allowance under section 256B.0915, subdivision 1d, but equal to or less than 120 percent of the federal poverty guideline effective July 1 in the year for which alternative care eligibility is determined, who would be eligible for the elderly waiver with a waiver obligation.

Subd. 5. **Services covered under alternative care.** Alternative care funding may be used for payment of costs of:

(1) adult foster care;

(2) adult day care;

(3) home health aide;

(4) homemaker services;

(5) personal care;

(6) case management;

(7) respite care;

(8) assisted living;

(9) residential care services;

(10) care-related supplies and equipment;

(11) meals delivered to the home;

(12) transportation;

(13) nursing services;

(14) chore services;

(15) companion services;

(16) nutrition services;

(17) training for direct informal caregivers;

(18) telehome care to provide services in their own homes in conjunction with in-home visits;

(19) discretionary services, for which counties may make payment from their alternative care program allocation or services not otherwise defined in this section or section 256B.0625, following approval by the commissioner;

(20) environmental modifications; and

(21) direct cash payments for which counties may make payment from their alternative care program allocation to clients for the purpose of purchasing services, following approval by the commissioner, and subject to the provisions of subdivision 5h, until approval and implementation of consumer-directed services through the federally approved elderly waiver plan. Upon implementation, consumer-directed services under the alternative care program are available statewide and limited to the average monthly expenditures representative of all alternative care program participants for the same case mix resident class assigned in the most recent fiscal year for which complete expenditure data is available.

Total annual payments for discretionary services and direct cash payments, until the federally approved consumer-directed service option is implemented statewide, for all clients within a county may not exceed 25 percent of that county's annual alternative care program base allocation. Thereafter, discretionary services are limited to 25 percent of the county's annual alternative care program base allocation.

Subd. 5a. **Services; service definitions; service standards.** (a) Unless specified in statute, the services, service definitions, and standards for alternative care services shall be the same as the services, service definitions, and standards specified in the federally approved elderly waiver plan, except for transitional support services.

(b) The county agency must ensure that the funds are not used to supplant services available through other public assistance or services programs. For a provider of supplies and equipment when the monthly cost of the supplies and equipment is less than $250, persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program. Supplies and equipment may be purchased from a vendor not certified to participate in the Medicaid program if the cost for the item is less than that of a Medicaid vendor.

(c) Personal care services must meet the service standards defined in the federally approved elderly waiver plan, except that a county agency may contract with a client's relative who meets the relative hardship waiver requirements or a relative who meets the criteria and is also the responsible party under an individual service plan that ensures the client's health and safety and supervision of the personal care services by a qualified professional as defined in section 256B.0625, subdivision 19c. Relative hardship is established by the county when the client's care causes a relative caregiver to do any of the following: resign from a paying job, reduce work hours resulting in lost wages, obtain a leave of absence resulting in lost wages, incur substantial client-related expenses, provide services to address authorized, unstaffed direct care time, or meet special needs of the client unmet in the formal service plan.

Subd. 5b. **Adult foster care rate.** The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care rate shall be negotiated between the county agency and the foster care provider. The alternative care payment for the foster care service in combination with the payment

for other alternative care services, including case management, must not exceed the limit specified in subdivision 4, paragraph (a), clause (6).

Subd. 5c. **Residential care services; supportive services; health-related services.** For purposes of this section, residential care services are services which are provided to individuals living in residential care homes. Residential care homes are currently licensed as board and lodging establishments under section 157.16, and are registered with the Department of Health as providing special services under section 157.17 except settings that are currently registered under chapter 144D. Residential care services are defined as "supportive services" and "health-related services." "Supportive services" means services as defined in section 157.17, subdivision 1, paragraph (a). "Health-related services" means services covered in section 157.17, subdivision 1, paragraph (b). Individuals receiving residential care services cannot receive homemaking services funded under this section.

Subd. 5d. **Assisted living services.** For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to clients who reside in the same apartment building of three or more units which are not subject to registration under chapter 144D and are licensed by the Department of Health as a class A home care provider or a class E home care provider. Assisted living services are defined as up to 24-hour supervision, oversight, and supportive services as defined in section 157.17, subdivision 1, paragraph (a), individualized home care aide tasks as defined in Minnesota Rules, part 4668.0110, and individualized home management tasks as defined in Minnesota Rules, part 4668.0120, provided to residents of a residential center living in their units or apartments with a full kitchen and bathroom. A full kitchen includes a stove, oven, refrigerator, food preparation counter space, and a kitchen utensil storage compartment. Assisted living services must be provided by the management of the residential center or by providers under contract with the management or with the county.

Subd. 5e. **Further assisted living requirements.** (a) Individuals receiving assisted living services shall not receive both assisted living services and homemaking services. Individualized means services are chosen and designed specifically for each resident's needs, rather than provided or offered to all residents regardless of their illnesses, disabilities, or physical conditions. Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.011 and 157.15 to 157.22.

(b) For establishments registered under chapter 144D, assisted living services under this section means either the services described in subdivision 5d and delivered by a class E home care provider licensed by the Department of Health or the services described under section 144A.4605 and delivered by an assisted living home care provider or a class A home care provider licensed by the commissioner of health.

Subd. 5f. **Payment rates for assisted living services and residential care.** (a) Payment for assisted living services and residential care services shall be a monthly rate negotiated and authorized by the county agency based on an individualized service plan for each resident and may not cover direct rent or food costs.

(b) The individualized monthly negotiated payment for assisted living services as described in subdivision 5d or 5e, paragraph (b), and residential care services as described in subdivision 5c, shall not exceed the nonfederal share in effect on July 1 of the state fiscal year for which the rate limit is being calculated of the greater of either the statewide or any of the geographic groups according to subdivision 4, paragraph (a), clause (6).

(c) The individualized monthly negotiated payment for assisted living services described under section 144A.4605 and delivered by a provider licensed by the Department of Health as a class A home care provider or an assisted living home care provider and provided in a building that is registered as a housing with services establishment under chapter 144D and that provides 24-hour supervision in combination with the payment for other alternative care services, including case management, must not exceed the limit specified in subdivision 4, paragraph (a), clause (6).

Subd. 5g. **Provisions governing direct cash payments.** A county agency may make payment from their alternative care program allocation for direct cash payments to the client for the purpose of purchasing the services. The following provisions apply to payments under this subdivision:

(1) a cash payment to a client under this provision cannot exceed the monthly payment limit for that client as specified in subdivision 4, paragraph (a), clause (6); and

(2) a county may not approve any cash payment for a client who meets either of the following:

(i) has been assessed as having a dependency in orientation, unless the client has an authorized representative. An "authorized representative" means an individual who is at least 18 years of age and is designated by the person or the person's legal representative to act on the person's behalf. This individual may be a family member, guardian, representative payee, or other individual designated by the person or the person's legal representative, if any, to assist in purchasing and arranging for supports; or

(ii) is concurrently receiving adult foster care, residential care, or assisted living services.

Subd. 5h. **Cash payments to persons.** (a) Cash payments to a person or a person's family will be provided through a monthly payment and be in the form of cash, voucher, or direct county payment to a vendor. Fees or premiums assessed to the person for eligibility for health and human services are not reimbursable through this service option. Services and goods purchased through cash payments must be identified in the person's individualized care plan and must meet all of the following criteria:

(1) they must be over and above the normal cost of caring for the person if the person did not have functional limitations;

(2) they must be directly attributable to the person's functional limitations;

(3) they must have the potential to be effective at meeting the goals of the program; and

(4) they must be consistent with the needs identified in the individualized service plan. The service plan shall specify the needs of the person and family, the form and amount of payment, the items and services to be reimbursed, and the arrangements for management of the individual grant.

(b) The person, the person's family, or the legal representative shall be provided sufficient information to ensure an informed choice of alternatives. The local agency shall document this information in the person's care plan, including the type and level of expenditures to be reimbursed.

(c) Persons receiving grants under this section shall have the following responsibilities:

(1) spend the grant money in a manner consistent with their individualized service plan with the local agency;

(2) notify the local agency of any necessary changes in the grant expenditures;

(3) arrange and pay for supports; and

(4) inform the local agency of areas where they have experienced difficulty securing or maintaining supports.

(d) The county shall report client outcomes, services, and costs under this paragraph in a manner prescribed by the commissioner.

Subd. 5i. **Immunity.** The state of Minnesota, county, lead agency under contract, or tribal government under contract to administer the alternative care program shall not be liable for damages, injuries, or liabilities sustained through the purchase of direct supports or goods by the person, the person's family, or the authorized representative with funds received through the cash payments under this section. Liabilities include, but are not limited to, workers' compensation, the Federal Insurance Contributions Act (FICA), or the Federal Unemployment Tax Act (FUTA).

Subd. 6. **Alternative care program administration.** (a) The alternative care program is administered by the county agency. This agency is the lead agency responsible for the local administration of the alternative care program as described in this section. However, it may contract with the public health nursing service to be the lead agency. The commissioner may contract with federally recognized Indian tribes with a reservation in Minnesota to serve as the lead agency responsible for the local administration of the alternative care program as described in the contract.

(b) Alternative care pilot projects operate according to this section and the provisions of Laws 1993, First Special Session chapter 1, article 5, section 133, under agreement with the commissioner. Each pilot project agreement period shall begin no later than the first payment cycle of the state fiscal year and continue through the last payment cycle of the state fiscal year.

Subd. 7. **Case management.** The case manager must not approve alternative care funding for a client in any setting in which the case manager cannot reasonably ensure the client's health and safety. The case manager is responsible for the cost-effectiveness of the alternative care individual care plan and must not approve any care plan in which the cost of services funded by alternative care and client contributions exceeds the limit specified in section 256B.0915, subdivision 3, paragraph (b).

Subd. 8. **Requirements for individual care plan.** (a) The case manager shall implement the plan of care for each alternative care client and ensure that a client's service needs and eligibility are reassessed at least every 12 months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation in each individual's plan of care and, if requested, to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private, including qualified case management or service coordination providers other than those employed by the lead agency when the lead agency maintains responsibility for prior authorizing services in accordance with statutory and administrative requirements. The case manager must give the individual a ten-day written notice of any denial, termination, or reduction of alternative care services.

(b) If the county administering alternative care services is different than the county of financial responsibility, the care plan may be implemented without the approval of the county of financial responsibility.

[For text of subd 9, see M.S.2002]

Subd. 10. **Allocation formula.** (a) The alternative care appropriation for fiscal years 1992 and beyond shall cover only alternative care eligible clients. By July 1 of each year, the commissioner shall allocate to county agencies the state funds available for alternative care for persons eligible under subdivision 2.

(b) The adjusted base for each county is the county's current fiscal year base allocation plus any targeted funds approved during the current fiscal year. Calculations for paragraphs (c) and (d) are to be made as follows: for each county, the determination of alternative care program expenditures shall be based on payments for services rendered from April 1 through March 31 in the base year, to the extent that claims have been submitted and paid by June 1 of that year.

(c) If the alternative care program expenditures as defined in paragraph (b) are 95 percent or more of the county's adjusted base allocation, the allocation for the next fiscal year is 100 percent of the adjusted base, plus inflation to the extent that inflation is included in the state budget.

(d) If the alternative care program expenditures as defined in paragraph (b) are less than 95 percent of the county's adjusted base allocation, the allocation for the next fiscal year is the adjusted base allocation less the amount of unspent funds below the 95 percent level.

(e) If the annual legislative appropriation for the alternative care program is inadequate to fund the combined county allocations for a biennium, the commissioner shall distribute to each county the entire annual appropriation as that county's percentage of the computed base as calculated in paragraphs (c) and (d).

(f) On agreement between the commissioner and the lead agency, the commissioner may have discretion to reallocate alternative care base allocations distributed to lead agencies in which the base amount exceeds program expenditures.

[For text of subd 11, see M.S.2002]

Subd. 12. **Client fees.** (a) A fee is required for all alternative care eligible clients to help pay for the cost of participating in the program. The amount of the fee for the alternative care client shall be determined as follows:

(1) when the alternative care client's income less recurring and predictable medical expenses is less than 100 percent of the federal poverty guideline effective on July 1 of the state fiscal year in which the fee is being computed, and total assets are less than $10,000, the fee is zero;

(2) when the alternative care client's income less recurring and predictable medical expenses is equal to or greater than 100 percent but less than 150 percent of the federal poverty guideline effective on July 1 of the state fiscal year in which the fee is being computed, and total assets are less than $10,000, the fee is five percent of the cost of alternative care services;

(3) when the alternative care client's income less recurring and predictable medical expenses is equal to or greater than 150 percent but less than 200 percent of the federal poverty guidelines effective on July 1 of the state fiscal year in which the fee is being computed and assets are less than $10,000, the fee is 15 percent of the cost of alternative care services;

(4) when the alternative care client's income less recurring and predictable medical expenses is equal to or greater than 200 percent of the federal poverty guidelines effective on July 1 of the state fiscal year in which the fee is being computed and assets are less than $10,000, the fee is 30 percent of the cost of alternative care services; and

(5) when the alternative care client's assets are equal to or greater than $10,000, the fee is 30 percent of the cost of alternative care services.

For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, under section 256B.059, if applicable. For married persons, total income is defined as the client's income less the monthly spousal allotment, under section 256B.058.

All alternative care services shall be included in the estimated costs for the purpose of determining the fee.

Fees are due and payable each month alternative care services are received unless the actual cost of the services is less than the fee, in which case the fee is the lesser amount.

(b) The fee shall be waived by the commissioner when:

(1) a person who is residing in a nursing facility is receiving case management only;

(2) a married couple is requesting an asset assessment under the spousal impoverishment provisions;

(3) a person is found eligible for alternative care, but is not yet receiving alternative care services; or

(4) a person has chosen to participate in a consumer-directed service plan for which the cost is no greater than the total cost of the person's alternative care service plan less the monthly fee amount that would otherwise be assessed.

(c) The county agency must record in the state's receivable system the client's assessed fee amount or the reason the fee has been waived. The commissioner will bill and collect the fee from the client. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. The county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the fee from the client. The commissioner shall collect unpaid fees using the Revenue Recapture Act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a fee is not paid. This paragraph does not apply to alternative care pilot projects authorized in Laws 1993, First Special Session chapter 1, article 5, section 133, if a county operating under the pilot project reports the following dollar amounts to the commissioner quarterly:

(1) total fees billed to clients;

(2) total collections of fees billed; and

(3) balance of fees owed by clients.

If a county does not adhere to these reporting requirements, the commissioner may terminate the billing, collecting, and remitting portions of the pilot project and require the county involved to operate under the procedures set forth in this paragraph.

NOTE: The amendment to subdivision 8 by Laws 2003, First Special Session chapter 14, article 2, section 23, is effective July 1, 2005. Laws 2003, First Special Session chapter 14, article 2, section 23, the effective date.

256B.0915 MEDICAID WAIVER FOR HOME AND COMMUNITY-BASED SERVICES FOR THE ELDERLY.

[For text of subds 1 to 2, see M.S.2002]

Subd. 3. **Limits of cases.** The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

Subd. 3a. **Elderly waiver cost limits.** (a) The monthly limit for the cost of waivered services to an individual elderly waiver client shall be the weighted average monthly nursing facility rate of the case mix resident class to which the elderly waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the recipient's maintenance needs allowance as described in subdivision 1d, paragraph (a), until the first day of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented. Effective on the first day of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented and the first day of each subsequent state fiscal year, the monthly limit for the cost of waivered services to an individual elderly waiver client shall be the rate of the case mix resident class to which the waiver client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, in effect on the last day of the previous state fiscal year, adjusted by the greater of any legislatively adopted home and community-based services cost-of-living percentage increase or any legislatively adopted statewide percent rate increase for nursing facilities.

(b) If extended medical supplies and equipment or environmental modifications are or will be purchased for an elderly waiver client, the costs may be prorated for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's waivered services exceeds the monthly limit established in paragraph (a),

the annual cost of all waivered services shall be determined. In this event, the annual cost of all waivered services shall not exceed 12 times the monthly limit of waivered services as described in paragraph (a).

Subd. 3b. **Cost limits for elderly waiver applicants who reside in a nursing facility.** (a) For a person who is a nursing facility resident at the time of requesting a determination of eligibility for elderly waivered services, a monthly conversion limit for the cost of elderly waivered services may be requested. The monthly conversion limit for the cost of elderly waiver services shall be the resident class assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, for that resident in the nursing facility where the resident currently resides until July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented. Effective on July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented, the monthly conversion limit for the cost of elderly waiver services shall be the per diem nursing facility rate as determined by the resident assessment system as described in section 256B.437 for that resident in the nursing facility where the resident currently resides multiplied by 365 and divided by 12, less the recipient's maintenance needs allowance as described in subdivision 1d. The initially approved conversion rate may be adjusted by the greater of any subsequent legislatively adopted home and community-based services cost-of-living percentage increase or any subsequent legislatively adopted statewide percentage rate increase for nursing facilities. The limit under this subdivision only applies to persons discharged from a nursing facility after a minimum 30-day stay and found eligible for waivered services on or after July 1, 1997.

(b) The following costs must be included in determining the total monthly costs for the waiver client:

(1) cost of all waivered services, including extended medical supplies and equipment and environmental modifications; and

(2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

Subd. 3c. **Service approval and contracting provisions.** (a) Medical assistance funding for skilled nursing services, private duty nursing, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(b) A county is not required to contract with a provider of supplies and equipment if the monthly cost of the supplies and equipment is less than $250.

Subd. 3d. **Adult foster care rate.** The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care service rate shall be negotiated between the county agency and the foster care provider. The elderly waiver payment for the foster care service in combination with the payment for all other elderly waiver services, including case management, must not exceed the limit specified in subdivision 3a, paragraph (a).

Subd. 3e. **Assisted living service rate.** (a) Payment for assisted living service shall be a monthly rate negotiated and authorized by the county agency based on an individualized service plan for each resident and may not cover direct rent or food costs.

(b) The individualized monthly negotiated payment for assisted living services as described in section 256B.0913, subdivisions 5d to 5f, and residential care services as described in section 256B.0913, subdivision 5c, shall not exceed the nonfederal share, in effect on July 1 of the state fiscal year for which the rate limit is being calculated, of the greater of either the statewide or any of the geographic groups' weighted average monthly nursing facility rate of the case mix resident class to which the elderly waiver eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, less the maintenance needs allowance as described in subdivision 1d, paragraph (a), until the July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented.

Effective on July 1 of the state fiscal year in which the resident assessment system as described in section 256B.437 for nursing home rate determination is implemented and July 1 of each subsequent state fiscal year, the individualized monthly negotiated payment for the services described in this clause shall not exceed the limit described in this clause which was in effect on June 30 of the previous state fiscal year and which has been adjusted by the greater of any legislatively adopted home and community-based services cost-of-living percentage increase or any legislatively adopted statewide percent rate increase for nursing facilities.

(c) The individualized monthly negotiated payment for assisted living services described in section 144A.4605 and delivered by a provider licensed by the Department of Health as a class A home care provider or an assisted living home care provider and provided in a building that is registered as a housing with services establishment under chapter 144D and that provides 24-hour supervision in combination with the payment for other elderly waiver services, including case management, must not exceed the limit specified in subdivision 3a.

Subd. 3f. **Individual service rates; expenditure forecasts.** (a) The county shall negotiate individual service rates with vendors and may authorize payment for actual costs up to the county's current approved rate. Persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the elderly waiver program, except as a provider of supplies and equipment when the monthly cost of the supplies and equipment is less than $250.

(b) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

Subd. 3g. **Service rate limits; state assumption of costs.** (a) To improve access to community services and eliminate payment disparities between the alternative care program and the elderly waiver, the commissioner shall establish statewide maximum service rate limits and eliminate county-specific service rate limits.

(b) Effective July 1, 2001, for service rate limits, except those described or defined in subdivisions 3d and 3e, the rate limit for each service shall be the greater of the alternative care statewide maximum rate or the elderly waiver statewide maximum rate.

(c) Counties may negotiate individual service rates with vendors for actual costs up to the statewide maximum service rate limit.

[For text of subds 4 to 8, see M.S.2002]

Subd. 9. **Tribal management of elderly waiver.** Notwithstanding contrary provisions of this section, or those in other state laws or rules, the commissioner and White Earth reservation may develop a model for tribal management of the elderly waiver program and implement this model through a contract between the state and White Earth Reservation. The model shall include the provision of tribal waiver case management, assessment for personal care assistance, and administrative requirements otherwise carried out by counties but shall not include tribal financial eligibility determination for medical assistance.

History: *1Sp2003 c 14 art 2 s 26; art 3 s 30*

256B.092 CASE MANAGEMENT OF PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.

[For text of subd 1, see M.S.2002]

Subd. 1a. **Case management administration and services.** (a) The administrative functions of case management provided to or arranged for a person include:

(1) review of eligibility for services;

(2) screening;

(3) intake;

(4) diagnosis;

(5) the review and authorization of services based upon an individualized service plan; and

(6) responding to requests for conciliation conferences and appeals according to section 256.045 made by the person, the person's legal guardian or conservator, or the parent if the person is a minor.

(b) Case management service activities provided to or arranged for a person include:

(1) development of the individual service plan;

(2) informing the individual or the individual's legal guardian or conservator, or parent if the person is a minor, of service options;

(3) consulting with relevant medical experts or service providers;

(4) assisting the person in the identification of potential providers;

(5) assisting the person to access services;

(6) coordination of services, if coordination is not provided by another service provider;

(7) evaluation and monitoring of the services identified in the plan; and

(8) annual reviews of service plans and services provided.

(c) Case management administration and service activities that are provided to the person with mental retardation or a related condition shall be provided directly by county agencies or under contract.

(d) Case managers are responsible for the administrative duties and service provisions listed in paragraphs (a) and (b). Case managers shall collaborate with consumers, families, legal representatives, and relevant medical experts and service providers in the development and annual review of the individualized service and habilitation plans.

(e) The Department of Human Services shall offer ongoing education in case management to case managers. Case managers shall receive no less than ten hours of case management education and disability-related training each year.

[For text of subds 1b to 1e, see M.S.2002]

Subd. 1f. **County waiting list.** The county agency shall maintain a waiting list of persons with developmental disabilities specifying the services needed but not provided. This waiting list shall be used by county agencies to assist them in developing needed services or amending their community social services plan.

[For text of subds 1g to 4, see M.S.2002]

Subd. 4a. **Demonstration projects.** The commissioner may waive state rules governing home and community-based services in order to demonstrate other methods of administering these services and to improve efficiency and responsiveness to individual needs of persons with mental retardation or related conditions, notwithstanding section 14.05, subdivision 4. All demonstration projects approved by the commissioner must comply with state laws and federal regulations, must remain within the fiscal limitations of the home and community-based services program for persons with mental retardation or related conditions, and must assure the health and safety of the persons receiving services.

[For text of subds 4b and 4c, see M.S.2002]

Subd. 5. **Federal waivers.** (a) The commissioner shall apply for any federal waivers necessary to secure, to the extent allowed by law, federal financial participation under United States Code, title 42, sections 1396 et seq., as amended, for the provision of services to persons who, in the absence of the services, would need the level of care

provided in a regional treatment center or a community intermediate care facility for persons with mental retardation or related conditions. The commissioner may seek amendments to the waivers or apply for additional waivers under United States Code, title 42, sections 1396 et seq., as amended, to contain costs. The commissioner shall ensure that payment for the cost of providing home and community-based alternative services under the federal waiver plan shall not exceed the cost of intermediate care services including day training and habilitation services that would have been provided without the waivered services.

The commissioner shall seek an amendment to the 1915c home and community-based waiver to allow properly licensed adult foster care homes to provide residential services to up to five individuals with mental retardation or a related condition. If the amendment to the waiver is approved, adult foster care providers that can accommodate five individuals shall increase their capacity to five beds, provided the providers continue to meet all applicable licensing requirements.

(b) The commissioner, in administering home and community-based waivers for persons with mental retardation and related conditions, shall ensure that day services for eligible persons are not provided by the person's residential service provider, unless the person or the person's legal representative is offered a choice of providers and agrees in writing to provision of day services by the residential service provider. The individual service plan for individuals who choose to have their residential service provider provide their day services must describe how health, safety, protection, and habilitation needs will be met, including how frequent and regular contact with persons other than the residential service provider will occur. The individualized service plan must address the provision of services during the day outside the residence on weekdays.

(c) When a county is evaluating denials, reductions, or terminations of home and community-based services under section 256B.0916 for an individual, the case manager shall offer to meet with the individual or the individual's guardian in order to discuss the prioritization of service needs within the individualized service plan. The reduction in the authorized services for an individual due to changes in funding for waivered services may not exceed the amount needed to ensure medically necessary services to meet the individual's health, safety, and welfare.

Subd. 5a. **Increasing adult foster care capacity to serve five persons.** (a) When an adult foster care provider increases the capacity of an existing home licensed to serve four persons to serve a fifth person under this section, the county agency shall reduce the contracted per diem cost for room and board and the mental retardation or a related condition waiver services of the existing foster care home by an average of 14 percent for all individuals living in that home. A county agency may average the required per diem rate reductions across several adult foster care homes that expand capacity under this section to achieve the necessary overall per diem reduction.

(b) Following the contract changes in paragraph (a), the commissioner shall adjust:

(1) individual county allocations for mental retardation or a related condition waivered services by the amount of savings that results from the changes made for mental retardation or a related condition waiver recipients for whom the county is financially responsible; and

(2) group residential housing rate payments to the adult foster care home by the amount of savings that results from the changes made.

(c) Effective July 1, 2003, when a new five-person adult foster care home is licensed under this section, county agencies shall not establish group residential housing room and board rates and mental retardation or a related condition waiver service rates for the new home that exceed 86 percent of the average per diem room and board and mental retardation or a related condition waiver services costs of four-person homes serving persons with comparable needs and in the same geographic area. A county agency developing more than one new five-person adult foster care home may average the required per diem rates across the homes to achieve the necessary overall per diem reductions.

(d) The commissioner shall reduce the individual county allocations for mental retardation or a related condition waivered services by the savings resulting from the per diem limits on adult foster care recipients for whom the county is financially responsible, and shall limit the group residential housing rate for a new five-person adult foster care home.

[For text of subds 6 to 10, see M.S.2002]

History: *1Sp2003 c 14 art 3 s 31,32; art 6 s 50,51; art 11 s 11*

256B.0924 TARGETED CASE MANAGEMENT SERVICES FOR VULNERABLE ADULTS AND PERSONS WITH DEVELOPMENTAL DISABILITIES.

[For text of subds 1 to 5, see M.S.2002]

Subd. 6. **Payment for targeted case management.** (a) Medical assistance and MinnesotaCare payment for targeted case management shall be made on a monthly basis. In order to receive payment for an eligible adult, the provider must document at least one contact per month and not more than two consecutive months without a face-to-face contact with the adult or the adult's legal representative, family, primary caregiver, or other relevant persons identified as necessary to the development or implementation of the goals of the personal service plan.

(b) Payment for targeted case management provided by county staff under this subdivision shall be based on the monthly rate methodology under section 256B.094, subdivision 6, paragraph (b), calculated as one combined average rate together with adult mental health case management under section 256B.0625, subdivision 20, except for calendar year 2002. In calendar year 2002, the rate for case management under this section shall be the same as the rate for adult mental health case management in effect as of December 31, 2001. Billing and payment must identify the recipient's primary population group to allow tracking of revenues.

(c) Payment for targeted case management provided by county-contracted vendors shall be based on a monthly rate negotiated by the host county. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the rate among its members. No reimbursement received by contracted vendors shall be returned to the county, except to reimburse the county for advance funding provided by the county to the vendor.

(d) If the service is provided by a team that includes contracted vendors and county staff, the costs for county staff participation on the team shall be included in the rate for county-provided services. In this case, the contracted vendor and the county may each receive separate payment for services provided by each entity in the same month. In order to prevent duplication of services, the county must document, in the recipient's file, the need for team targeted case management and a description of the different roles of the team members.

(e) Notwithstanding section 256B.19, subdivision 1, the nonfederal share of costs for targeted case management shall be provided by the recipient's county of responsibility, as defined in sections 256G.01 to 256G.12, from sources other than federal funds or funds used to match other federal funds.

(f) The commissioner may suspend, reduce, or terminate reimbursement to a provider that does not meet the reporting or other requirements of this section. The county of responsibility, as defined in sections 256G.01 to 256G.12, is responsible for any federal disallowances. The county may share this responsibility with its contracted vendors.

(g) The commissioner shall set aside five percent of the federal funds received under this section for use in reimbursing the state for costs of developing and implementing this section.

(h) Payments to counties for targeted case management expenditures under this section shall only be made from federal earnings from services provided under this section. Payments to contracted vendors shall include both the federal earnings and the county share.

(i) Notwithstanding section 256B.041, county payments for the cost of case management services provided by county staff shall not be made to the commissioner of finance. For the purposes of targeted case management services provided by county staff under this section, the centralized disbursement of payments to counties under section 256B.041 consists only of federal earnings from services provided under this section.

(j) If the recipient is a resident of a nursing facility, intermediate care facility, or hospital, and the recipient's institutional care is paid by medical assistance, payment for targeted case management services under this subdivision is limited to the last 180 days of the recipient's residency in that facility and may not exceed more than six months in a calendar year.

(k) Payment for targeted case management services under this subdivision shall not duplicate payments made under other program authorities for the same purpose.

(l) Any growth in targeted case management services and cost increases under this section shall be the responsibility of the counties.

[For text of subd 7, see M.S.2002]

History: *2003 c 112 art 2 s 50*

256B.094 CHILD WELFARE TARGETED CASE MANAGEMENT SERVICES.

[For text of subds 1 to 5, see M.S.2002]

Subd. 6. **Medical assistance reimbursement of case management services.** (a) Medical assistance reimbursement for services under this section shall be made on a monthly basis. Payment is based on face-to-face or telephone contacts between the case manager and the client, client's family, primary caregiver, legal representative, or other relevant person identified as necessary to the development or implementation of the goals of the individual service plan regarding the status of the client, the individual service plan, or the goals for the client. These contacts must meet the minimum standards in clauses (1) and (2):

(1) there must be a face-to-face contact at least once a month except as provided in clause (2); and

(2) for a client placed outside of the county of financial responsibility, or a client served by tribal social services placed outside the reservation, in an excluded time facility under section 256G.02, subdivision 6, or through the Interstate Compact on the Placement of Children, section 260.851, and the placement in either case is more than 60 miles beyond the county or reservation boundaries, there must be at least one contact per month and not more than two consecutive months without a face-to-face contact.

(b) Except as provided under paragraph (c), the payment rate is established using time study data on activities of provider service staff and reports required under sections 245.482 and 256.01, subdivision 2, paragraph (17).

(c) Payments for tribes may be made according to section 256B.0625 or other relevant federally approved rate setting methodology for child welfare targeted case management provided by Indian health services and facilities operated by a tribe or tribal organization.

(d) Payment for case management provided by county or tribal social services contracted vendors shall be based on a monthly rate negotiated by the host county or tribal social services. The negotiated rate must not exceed the rate charged by the vendor for the same service to other payers. If the service is provided by a team of contracted vendors, the county or tribal social services may negotiate a team rate with a vendor who is a member of the team. The team shall determine how to distribute the

rate among its members. No reimbursement received by contracted vendors shall be returned to the county or tribal social services, except to reimburse the county or tribal social services for advance funding provided by the county or tribal social services to the vendor.

(e) If the service is provided by a team that includes contracted vendors and county or tribal social services staff, the costs for county or tribal social services staff participation in the team shall be included in the rate for county or tribal social services provided services. In this case, the contracted vendor and the county or tribal social services may each receive separate payment for services provided by each entity in the same month. To prevent duplication of services, each entity must document, in the recipient's file, the need for team case management and a description of the roles and services of the team members.

Separate payment rates may be established for different groups of providers to maximize reimbursement as determined by the commissioner. The payment rate will be reviewed annually and revised periodically to be consistent with the most recent time study and other data. Payment for services will be made upon submission of a valid claim and verification of proper documentation described in subdivision 7. Federal administrative revenue earned through the time study, or under paragraph (c), shall be distributed according to earnings, to counties, reservations, or groups of counties or reservations which have the same payment rate under this subdivision, and to the group of counties or reservations which are not certified providers under section 256F.10. The commissioner shall modify the requirements set out in Minnesota Rules, parts 9550.0300 to 9550.0370, as necessary to accomplish this.

[For text of subds 7 and 8, see M.S.2002]

History: *1Sp2003 c 14 art 11 s 11*

256B.0943 CHILDREN'S THERAPEUTIC SERVICES AND SUPPORTS.

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Children's therapeutic services and supports" means the flexible package of mental health services for children who require varying therapeutic and rehabilitative levels of intervention. The services are time-limited interventions that are delivered using various treatment modalities and combinations of services designed to reach treatment outcomes identified in the individual treatment plan.

(b) "Clinical supervision" means the overall responsibility of the mental health professional for the control and direction of individualized treatment planning, service delivery, and treatment review for each client. A mental health professional who is an enrolled Minnesota health care program provider accepts full professional responsibility for a supervisee's actions and decisions, instructs the supervisee in the supervisee's work, and oversees or directs the supervisee's work.

(c) "County board" means the county board of commissioners or board established under sections 402.01 to 402.10 or 471.59.

(d) "Crisis assistance" has the meaning given in section 245.4871, subdivision 9a.

(e) "Culturally competent provider" means a provider who understands and can utilize to a client's benefit the client's culture when providing services to the client. A provider may be culturally competent because the provider is of the same cultural or ethnic group as the client or the provider has developed the knowledge and skills through training and experience to provide services to culturally diverse clients.

(f) "Day treatment program" for children means a site-based structured program consisting of group psychotherapy for more than three individuals and other intensive therapeutic services provided by a multidisciplinary team, under the clinical supervision of a mental health professional.

(g) "Diagnostic assessment" has the meaning given in section 245.4871, subdivision 11.

(h) "Direct service time" means the time that a mental health professional, mental health practitioner, or mental health behavioral aide spends face-to-face with a client and the client's family. Direct service time includes time in which the provider obtains a client's history or provides service components of children's therapeutic services and supports. Direct service time does not include time doing work before and after providing direct services, including scheduling, maintaining clinical records, consulting with others about the client's mental health status, preparing reports, receiving clinical supervision directly related to the client's psychotherapy session, and revising the client's individual treatment plan.

(i) "Direction of mental health behavioral aide" means the activities of a mental health professional or mental health practitioner in guiding the mental health behavioral aide in providing services to a client. The direction of a mental health behavioral aide must be based on the client's individualized treatment plan and meet the requirements in subdivision 6, paragraph (b), clause (5).

(j) "Emotional disturbance" has the meaning given in section 245.4871, subdivision 15. For persons at least age 18 but under age 21, mental illness has the meaning given in section 245.462, subdivision 20, paragraph (a).

(k) "Individual behavioral plan" means a plan of intervention, treatment, and services for a child written by a mental health professional or mental health practitioner, under the clinical supervision of a mental health professional, to guide the work of the mental health behavioral aide.

(l) "Individual treatment plan" has the meaning given in section 245.4871, subdivision 21.

(m) "Mental health professional" means an individual as defined in section 245.4871, subdivision 27, clauses (1) to (5), or tribal vendor as defined in section 256B.02, subdivision 7, paragraph (b).

(n) "Preschool program" means a day program licensed under Minnesota Rules, parts 9503.0005 to 9503.0175, and enrolled as a children's therapeutic services and supports provider to provide a structured treatment program to a child who is at least 33 months old but who has not yet attended the first day of kindergarten.

(o) "Skills training" means individual, family, or group training designed to improve the basic functioning of the child with emotional disturbance and the child's family in the activities of daily living and community living, and to improve the social functioning of the child and the child's family in areas important to the child's maintaining or reestablishing residency in the community. Individual, family, and group skills training must:

(1) consist of activities designed to promote skill development of the child and the child's family in the use of age-appropriate daily living skills, interpersonal and family relationships, and leisure and recreational services;

(2) consist of activities that will assist the family's understanding of normal child development and to use parenting skills that will help the child with emotional disturbance achieve the goals outlined in the child's individual treatment plan; and

(3) promote family preservation and unification, promote the family's integration with the community, and reduce the use of unnecessary out-of-home placement or institutionalization of children with emotional disturbance.

Subd. 2. **Covered service components of children's therapeutic services and supports.** (a) Subject to federal approval, medical assistance covers medically necessary children's therapeutic services and supports as defined in this section that an eligible provider entity under subdivisions 4 and 5 provides to a client eligible under subdivision 3.

(b) The service components of children's therapeutic services and supports are:

(1) individual, family, and group psychotherapy;

(2) individual, family, or group skills training provided by a mental health professional or mental health practitioner;

(3) crisis assistance;

(4) mental health behavioral aide services; and

(5) direction of a mental health behavioral aide.

(c) Service components may be combined to constitute therapeutic programs, including day treatment programs and preschool programs. Although day treatment and preschool programs have specific client and provider eligibility requirements, medical assistance only pays for the service components listed in paragraph (b).

Subd. 3. **Determination of client eligibility.** A client's eligibility to receive children's therapeutic services and supports under this section shall be determined based on a diagnostic assessment by a mental health professional that is performed within 180 days of the initial start of service. The diagnostic assessment must:

(1) include current diagnoses on all five axes of the client's current mental health status;

(2) determine whether a child under age 18 has a diagnosis of emotional disturbance or, if the person is between the ages of 18 and 21, whether the person has a mental illness;

(3) document children's therapeutic services and supports as medically necessary to address an identified disability, functional impairment, and the individual client's needs and goals;

(4) be used in the development of the individualized treatment plan; and

(5) be completed annually until age 18. For individuals between age 18 and 21, unless a client's mental health condition has changed markedly since the client's most recent diagnostic assessment, annual updating is necessary. For the purpose of this section, "updating" means a written summary, including current diagnoses on all five axes, by a mental health professional of the client's current mental health status and service needs.

Subd. 4. **Provider entity certification.** (a) Effective July 1, 2003, the commissioner shall establish an initial provider entity application and certification process and recertification process to determine whether a provider entity has an administrative and clinical infrastructure that meets the requirements in subdivisions 5 and 6. The commissioner shall recertify a provider entity at least every three years. The commissioner shall establish a process for decertification of a provider entity that no longer meets the requirements in this section. The county, tribe, and the commissioner shall be mutually responsible and accountable for the county's, tribe's, and state's part of the certification, recertification, and decertification processes.

(b) For purposes of this section, a provider entity must be:

(1) an Indian health services facility or a facility owned and operated by a tribe or tribal organization operating as a 638 facility under Public Law 93-638 certified by the state;

(2) a county-operated entity certified by the state; or

(3) a noncounty entity recommended for certification by the provider's host county and certified by the state.

Subd. 5. **Provider entity administrative infrastructure requirements.** (a) To be an eligible provider entity under this section, a provider entity must have an administrative infrastructure that establishes authority and accountability for decision making and oversight of functions, including finance, personnel, system management, clinical practice, and performance measurement. The provider must have written policies and procedures that it reviews and updates every three years and distributes to staff initially and upon each subsequent update.

(b) The administrative infrastructure written policies and procedures must include:

(1) personnel procedures, including a process for: (i) recruiting, hiring, training, and retention of culturally and linguistically competent providers; (ii) conducting a criminal background check on all direct service providers and volunteers; (iii) investigating, reporting, and acting on violations of ethical conduct standards; (iv) investigating, reporting, and acting on violations of data privacy policies that are compliant with federal and state laws; (v) utilizing volunteers, including screening applicants, training

and supervising volunteers, and providing liability coverage for volunteers; and (vi) documenting that a mental health professional, mental health practitioner, or mental health behavioral aide meets the applicable provider qualification criteria, training criteria under subdivision 8, and clinical supervision or direction of a mental health behavioral aide requirements under subdivision 6;

(2) fiscal procedures, including internal fiscal control practices and a process for collecting revenue that is compliant with federal and state laws;

(3) if a client is receiving services from a case manager or other provider entity, a service coordination process that ensures services are provided in the most appropriate manner to achieve maximum benefit to the client. The provider entity must ensure coordination and nonduplication of services consistent with county board coordination procedures established under section 245.4881, subdivision 5;

(4) a performance measurement system, including monitoring to determine cultural appropriateness of services identified in the individual treatment plan, as determined by the client's culture, beliefs, values, and language, and family-driven services; and

(5) a process to establish and maintain individual client records. The client's records must include:

(i) the client's personal information;

(ii) forms applicable to data privacy;

(iii) the client's diagnostic assessment, updates, tests, individual treatment plan, and individual behavior plan, if necessary;

(iv) documentation of service delivery as specified under subdivision 6;

(v) telephone contacts;

(vi) discharge plan; and

(vii) if applicable, insurance information.

Subd. 6. **Provider entity clinical infrastructure requirements.** (a) To be an eligible provider entity under this section, a provider entity must have a clinical infrastructure that utilizes diagnostic assessment, an individualized treatment plan, service delivery, and individual treatment plan review that are culturally competent, child-centered, and family-driven to achieve maximum benefit for the client. The provider entity must review and update the clinical policies and procedures every three years and must distribute the policies and procedures to staff initially and upon each subsequent update.

(b) The clinical infrastructure written policies and procedures must include policies and procedures for:

(1) providing or obtaining a client's diagnostic assessment that identifies acute and chronic clinical disorders, co-occurring medical conditions, sources of psychological and environmental problems, and a functional assessment. The functional assessment must clearly summarize the client's individual strengths and needs;

(2) developing an individual treatment plan that is:

(i) based on the information in the client's diagnostic assessment;

(ii) developed no later than the end of the first psychotherapy session after the completion of the client's diagnostic assessment by the mental health professional who provides the client's psychotherapy;

(iii) developed through a child-centered, family-driven planning process that identifies service needs and individualized, planned, and culturally appropriate interventions that contain specific treatment goals and objectives for the client and the client's family or foster family;

(iv) reviewed at least once every 90 days and revised, if necessary; and

(v) signed by the client or, if appropriate, by the client's parent or other person authorized by statute to consent to mental health services for the client;

(3) developing an individual behavior plan that documents services to be provided by the mental health behavioral aide. The individual behavior plan must include:

(i) detailed instructions on the service to be provided;

(ii) time allocated to each service;

(iii) methods of documenting the child's behavior;

(iv) methods of monitoring the child's progress in reaching objectives; and

(v) goals to increase or decrease targeted behavior as identified in the individual treatment plan;

(4) clinical supervision of the mental health practitioner and mental health behavioral aide. A mental health professional must document the clinical supervision the professional provides by cosigning individual treatment plans and making entries in the client's record on supervisory activities. Clinical supervision does not include the authority to make or terminate court-ordered placements of the child. A clinical supervisor must be available for urgent consultation as required by the individual client's needs or the situation. Clinical supervision may occur individually or in a small group to discuss treatment and review progress toward goals. The focus of clinical supervision must be the client's treatment needs and progress and the mental health practitioner's or behavioral aide's ability to provide services;

(5) providing direction to a mental health behavioral aide. For entities that employ mental health behavioral aides, the clinical supervisor must be employed by the provider entity to ensure necessary and appropriate oversight for the client's treatment and continuity of care. The mental health professional or mental health practitioner giving direction must begin with the goals on the individualized treatment plan, and instruct the mental health behavioral aide on how to construct therapeutic activities and interventions that will lead to goal attainment. The professional or practitioner giving direction must also instruct the mental health behavioral aide about the client's diagnosis, functional status, and other characteristics that are likely to affect service delivery. Direction must also include determining that the mental health behavioral aide has the skills to interact with the client and the client's family in ways that convey personal and cultural respect and that the aide actively solicits information relevant to treatment from the family. The aide must be able to clearly explain the activities the aide is doing with the client and the activities' relationship to treatment goals. Direction is more didactic than is supervision and requires the professional or practitioner providing it to continuously evaluate the mental health behavioral aide's ability to carry out the activities of the individualized treatment plan and the individualized behavior plan. When providing direction, the professional or practitioner must:

(i) review progress notes prepared by the mental health behavioral aide for accuracy and consistency with diagnostic assessment, treatment plan, and behavior goals and the professional or practitioner must approve and sign the progress notes;

(ii) identify changes in treatment strategies, revise the individual behavior plan, and communicate treatment instructions and methodologies as appropriate to ensure that treatment is implemented correctly;

(iii) demonstrate family-friendly behaviors that support healthy collaboration among the child, the child's family, and providers as treatment is planned and implemented;

(iv) ensure that the mental health behavioral aide is able to effectively communicate with the child, the child's family, and the provider; and

(v) record the results of any evaluation and corrective actions taken to modify the work of the mental health behavioral aide;

(6) providing service delivery that implements the individual treatment plan and meets the requirements under subdivision 9; and

(7) individual treatment plan review. The review must determine the extent to which the services have met the goals and objectives in the previous treatment plan. The review must assess the client's progress and ensure that services and treatment goals continue to be necessary and appropriate to the client and the client's family or foster family. Revision of the individual treatment plan does not require a new diagnostic assessment unless the client's mental health status has changed markedly.

The updated treatment plan must be signed by the client, if appropriate, and by the client's parent or other person authorized by statute to give consent to the mental health services for the child.

Subd. 7. **Qualifications of individual and team providers.** (a) An individual or team provider working within the scope of the provider's practice or qualifications may provide service components of children's therapeutic services and supports that are identified as medically necessary in a client's individual treatment plan.

(b) An individual provider and multidisciplinary team includes:

(1) a mental health professional as defined in subdivision 1, paragraph (m);

(2) a mental health practitioner as defined in section 245.4871, subdivision 26. The mental health practitioner must work under the clinical supervision of a mental health professional;

(3) a mental health behavioral aide working under the direction of a mental health professional to implement the rehabilitative mental health services identified in the client's individual treatment plan. A level I mental health behavioral aide must:

(i) be at least 18 years old;

(ii) have a high school diploma or general equivalency diploma (GED) or two years of experience as a primary caregiver to a child with severe emotional disturbance within the previous ten years; and

(iii) meet preservice and continuing education requirements under subdivision 8. A level II mental health behavioral aide must:

(i) be at least 18 years old;

(ii) have an associate or bachelor's degree or 4,000 hours of experience in delivering clinical services in the treatment of mental illness concerning children or adolescents; and

(iii) meet preservice and continuing education requirements in subdivision 8;

(4) a preschool program multidisciplinary team that includes at least one mental health professional and one or more of the following individuals under the clinical supervision of a mental health professional:

(i) a mental health practitioner; or

(ii) a program person, including a teacher, assistant teacher, or aide, who meets the qualifications and training standards of a level I mental health behavioral aide; or

(5) a day treatment multidisciplinary team that includes at least one mental health professional and one mental health practitioner.

Subd. 8. **Required preservice and continuing education.** (a) A provider entity shall establish a plan to provide preservice and continuing education for staff. The plan must clearly describe the type of training necessary to maintain current skills and obtain new skills and that relates to the provider entity's goals and objectives for services offered.

(b) A provider that employs a mental health behavioral aide under this section must require the mental health behavioral aide to complete 30 hours of preservice training. The preservice training must include topics specified in Minnesota Rules, part 9535.4068, subparts 1 and 2, and parent team training. The preservice training must include 15 hours of in-person training of a mental health behavioral aide in mental health services delivery and eight hours of parent team training. Components of parent team training include:

(1) partnering with parents;

(2) fundamentals of family support;

(3) fundamentals of policy and decision making;

(4) defining equal partnership;

(5) complexities of the parent and service provider partnership in multiple service delivery systems due to system strengths and weaknesses;

(6) sibling impacts;

(7) support networks; and

(8) community resources.

(c) A provider entity that employs a mental health practitioner and a mental health behavioral aide to provide children's therapeutic services and supports under this section must require the mental health practitioner and mental health behavioral aide to complete 20 hours of continuing education every two calendar years. The continuing education must be related to serving the needs of a child with emotional disturbance in the child's home environment and the child's family. The topics covered in orientation and training must conform to Minnesota Rules, part 9535.4068.

(d) The provider entity must document the mental health practitioner's or mental health behavioral aide's annual completion of the required continuing education. The documentation must include the date, subject, and number of hours of the continuing education, and attendance records, as verified by the staff member's signature, job title, and the instructor's name. The provider entity must keep documentation for each employee, including records of attendance at professional workshops and conferences, at a central location and in the employee's personnel file.

Subd. 9. **Service delivery criteria.** (a) In delivering services under this section, a certified provider entity must ensure that:

(1) each individual provider's caseload size permits the provider to deliver services to both clients with severe, complex needs and clients with less intensive needs. The provider's caseload size should reasonably enable the provider to play an active role in service planning, monitoring, and delivering services to meet the client's and client's family's needs, as specified in each client's individual treatment plan;

(2) site-based programs, including day treatment and preschool programs, provide staffing and facilities to ensure the client's health, safety, and protection of rights, and that the programs are able to implement each client's individual treatment plan;

(3) a day treatment program is provided to a group of clients by a multidisciplinary staff under the clinical supervision of a mental health professional. The day treatment program must be provided in and by: (i) an outpatient hospital accredited by the Joint Commission on Accreditation of Health Organizations and licensed under sections 144.50 to 144.55; (ii) a community mental health center under section 245.62; and (iii) an entity that is under contract with the county board to operate a program that meets the requirements of sections 245.4712, subdivision 2, and 245.4884, subdivision 2, and Minnesota Rules, parts 9505.0170 to 9505.0475. The day treatment program must stabilize the client's mental health status while developing and improving the client's independent living and socialization skills. The goal of the day treatment program must be to reduce or relieve the effects of mental illness and provide training to enable the client to live in the community. The program must be available at least one day a week for a minimum three-hour time block. The three-hour time block must include at least one hour, but no more than two hours, of individual or group psychotherapy. The remainder of the three-hour time block may include recreation therapy, socialization therapy, or independent living skills therapy, but only if the therapies are included in the client's individual treatment plan. Day treatment programs are not part of inpatient or residential treatment services; and

(4) a preschool program is a structured treatment program offered to a child who is at least 33 months old, but who has not yet reached the first day of kindergarten, by a preschool multidisciplinary team in a day program licensed under Minnesota Rules, parts 9503.0005 to 9503.0175. The program must be available at least one day a week for a minimum two-hour time block. The structured treatment program may include individual or group psychotherapy and recreation therapy, socialization therapy, or independent living skills therapy, if included in the client's individual treatment plan.

(b) A provider entity must deliver the service components of children's therapeutic services and supports in compliance with the following requirements:

(1) individual, family, and group psychotherapy must be delivered as specified in Minnesota Rules, part 9505.0323;

(2) individual, family, or group skills training must be provided by a mental health professional or a mental health practitioner who has a consulting relationship with a mental health professional who accepts full professional responsibility for the training;

(3) crisis assistance must be intense, time-limited, and designed to resolve or stabilize crisis through arrangements for direct intervention and support services to the child and the child's family. Crisis assistance must utilize resources designed to address abrupt or substantial changes in the functioning of the child or the child's family as evidenced by a sudden change in behavior with negative consequences for well being, a loss of usual coping mechanisms, or the presentation of danger to self or others;

(4) medically necessary services that are provided by a mental health behavioral aide must be designed to improve the functioning of the child and support the family in activities of daily and community living. A mental health behavioral aide must document the delivery of services in written progress notes. The mental health behavioral aide must implement goals in the treatment plan for the child's emotional disturbance that allow the child to acquire developmentally and therapeutically appropriate daily living skills, social skills, and leisure and recreational skills through targeted activities. These activities may include:

(i) assisting a child as needed with skills development in dressing, eating, and toileting;

(ii) assisting, monitoring, and guiding the child to complete tasks, including facilitating the child's participation in medical appointments;

(iii) observing the child and intervening to redirect the child's inappropriate behavior;

(iv) assisting the child in using age-appropriate self-management skills as related to the child's emotional disorder or mental illness, including problem solving, decision making, communication, conflict resolution, anger management, social skills, and recreational skills;

(v) implementing deescalation techniques as recommended by the mental health professional;

(vi) implementing any other mental health service that the mental health professional has approved as being within the scope of the behavioral aide's duties; or

(vii) assisting the parents to develop and use parenting skills that help the child achieve the goals outlined in the child's individual treatment plan or individual behavioral plan. Parenting skills must be directed exclusively to the child's treatment; and

(5) direction of a mental health behavioral aide must include the following:

(i) a total of one hour of on-site observation by a mental health professional during the first 12 hours of service provided to a child;

(ii) ongoing on-site observation by a mental health professional or mental health practitioner for at least a total of one hour during every 40 hours of service provided to a child; and

(iii) immediate accessibility of the mental health professional or mental health practitioner to the mental health behavioral aide during service provision.

Subd. 10. **Service authorization.** The commissioner shall publish in the State Register a list of health services that require prior authorization, as well as the criteria and standards used to select health services on the list. The list and the criteria and standards used to formulate the list are not subject to the requirements of sections 14.001 to 14.69. The commissioner's decision on whether prior authorization is required for a health service is not subject to administrative appeal.

Subd. 11. **Documentation and billing.** (a) A provider entity must document the services it provides under this section. The provider entity must ensure that the entity's documentation standards meet the requirements of federal and state laws. Services billed under this section that are not documented according to this subdivision shall be subject to monetary recovery by the commissioner.

(b) An individual mental health provider must promptly document the following in a client's record after providing services to the client:

(1) each occurrence of the client's mental health service, including the date, type, length, and scope of the service;

(2) the name of the person who gave the service;

(3) contact made with other persons interested in the client, including representatives of the courts, corrections systems, or schools. The provider must document the name and date of each contact;

(4) any contact made with the client's other mental health providers, case manager, family members, primary caregiver, legal representative, or the reason the provider did not contact the client's family members, primary caregiver, or legal representative, if applicable; and

(5) required clinical supervision, as appropriate.

Subd. 12. **Excluded services.** The following services are not eligible for medical assistance payment as children's therapeutic services and supports:

(1) service components of children's therapeutic services and supports simultaneously provided by more than one provider entity unless prior authorization is obtained;

(2) children's therapeutic services and supports provided in violation of medical assistance policy in Minnesota Rules, part 9505.0220;

(3) mental health behavioral aide services provided by a personal care assistant who is not qualified as a mental health behavioral aide and employed by a certified children's therapeutic services and supports provider entity;

(4) services that are the responsibility of a residential or program license holder, including foster care providers under the terms of a service agreement or administrative rules governing licensure;

(5) up to 15 hours of children's therapeutic services and supports provided within a six-month period to a child with severe emotional disturbance who is residing in a hospital, a group home as defined in Minnesota Rules, part 9560.0520, subpart 4, a residential treatment facility licensed under Minnesota Rules, parts 9545.0900 to 9545.1090, a regional treatment center, or other institutional group setting or who is participating in a program of partial hospitalization are eligible for medical assistance payment if part of the discharge plan; and

(6) adjunctive activities that may be offered by a provider entity but are not otherwise covered by medical assistance, including:

(i) a service that is primarily recreation oriented or that is provided in a setting that is not medically supervised. This includes sports activities, exercise groups, activities such as craft hours, leisure time, social hours, meal or snack time, trips to community activities, and tours;

(ii) a social or educational service that does not have or cannot reasonably be expected to have a therapeutic outcome related to the client's emotional disturbance;

(iii) consultation with other providers or service agency staff about the care or progress of a client;

(iv) prevention or education programs provided to the community; and

(v) treatment for clients with primary diagnoses of alcohol or other drug abuse.

History: *1Sp2003 c 14 art 4 s 8*

NOTE: This section, as added by Laws 2003, First Special Session chapter 14, article 4, section 8, is effective July 1, 2004, unless otherwise specified. Laws 2003, First Special Session chapter 14, article 4, section 8, the effective date.

256B.0944 COVERED SERVICES; CHILDREN'S MENTAL HEALTH CRISIS RESPONSE SERVICES.

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Mental health crisis" means a child's behavioral, emotional, or psychiatric situation that, but for the provision of crisis response services to the child, would likely result in significantly reduced levels of functioning in primary activities of daily living, an emergency situation, or the child's placement in a more restrictive setting, including, but not limited to, inpatient hospitalization.

(b) "Mental health emergency" means a child's behavioral, emotional, or psychiatric situation that causes an immediate need for mental health services and is consistent with section 62Q.55. A physician, mental health professional, or crisis mental health practitioner determines a mental health crisis or emergency for medical assistance reimbursement with input from the client and the client's family, if possible.

(c) "Mental health crisis assessment" means an immediate face-to-face assessment by a physician, mental health professional, or mental health practitioner under the clinical supervision of a mental health professional, following a screening that suggests the child may be experiencing a mental health crisis or mental health emergency situation.

(d) "Mental health mobile crisis intervention services" means face-to-face, short-term intensive mental health services initiated during a mental health crisis or mental health emergency. Mental health mobile crisis services must help the recipient cope with immediate stressors, identify and utilize available resources and strengths, and begin to return to the recipient's baseline level of functioning. Mental health mobile services must be provided on-site by a mobile crisis intervention team outside of an emergency room, urgent care, or an inpatient hospital setting.

(e) "Mental health crisis stabilization services" means individualized mental health services provided to a recipient following crisis intervention services that are designed to restore the recipient to the recipient's prior functional level. The individual treatment plan recommending mental health crisis stabilization must be completed by the intervention team or by staff after an inpatient or urgent care visit. Mental health crisis stabilization services may be provided in the recipient's home, the home of a family member or friend of the recipient, schools, another community setting, or a short-term supervised, licensed residential program if the service is not included in the facility's cost pool or per diem. Mental health crisis stabilization is not reimbursable when provided as part of a partial hospitalization or day treatment program.

Subd. 2. **Medical assistance coverage.** Medical assistance covers medically necessary children's mental health crisis response services, subject to federal approval, if provided to an eligible recipient under subdivision 3, by a qualified provider entity under subdivision 4 or a qualified individual provider working within the provider's scope of practice, and identified in the recipient's individual crisis treatment plan under subdivision 8.

Subd. 3. **Eligibility.** An eligible recipient is an individual who:

(1) is eligible for medical assistance;

(2) is under age 18 or between the ages of 18 and 21;

(3) is screened as possibly experiencing a mental health crisis or mental health emergency where a mental health crisis assessment is needed;

(4) is assessed as experiencing a mental health crisis or mental health emergency, and mental health mobile crisis intervention or mental health crisis stabilization services are determined to be medically necessary; and

(5) meets the criteria for emotional disturbance or mental illness.

Subd. 4. **Provider entity standards.** (a) A crisis intervention and crisis stabilization provider entity must meet the administrative and clinical standards specified in section 256B.0943, subdivisions 5 and 6, meet the standards listed in paragraph (b), and be:

(1) an Indian health service facility or facility owned and operated by a tribe or a tribal organization operating under Public Law 93-638 as a 638 facility;

(2) a county board-operated entity; or

(3) a provider entity that is under contract with the county board in the county where the potential crisis or emergency is occurring.

(b) The children's mental health crisis response services provider entity must:

(1) ensure that mental health crisis assessment and mobile crisis intervention services are available 24 hours a day, seven days a week;

(2) directly provide the services or, if services are subcontracted, the provider entity must maintain clinical responsibility for services and billing;

(3) ensure that crisis intervention services are provided in a manner consistent with sections 245.487 to 245.4887; and

(4) develop and maintain written policies and procedures regarding service provision that include safety of staff and recipients in high-risk situations.

Subd. 5. **Mobile crisis intervention staff qualifications.** (a) To provide children's mental health mobile crisis intervention services, a mobile crisis intervention team must include:

(1) at least two mental health professionals as defined in section 256B.0943, subdivision 1, paragraph (m); or

(2) a combination of at least one mental health professional and one mental health practitioner as defined in section 245.4871, subdivision 26, with the required mental health crisis training and under the clinical supervision of a mental health professional on the team.

(b) The team must have at least two people with at least one member providing on-site crisis intervention services when needed. Team members must be experienced in mental health assessment, crisis intervention techniques, and clinical decision making under emergency conditions and have knowledge of local services and resources. The team must recommend and coordinate the team's services with appropriate local resources, including the county social services agency, mental health service providers, and local law enforcement, if necessary.

Subd. 6. **Initial screening, crisis assessment, and mobile intervention treatment planning.** (a) Before initiating mobile crisis intervention services, a screening of the potential crisis situation must be conducted. The screening may use the resources of crisis assistance and emergency services as defined in sections 245.4871, subdivision 14, and 245.4879, subdivisions 1 and 2. The screening must gather information, determine whether a crisis situation exists, identify the parties involved, and determine an appropriate response.

(b) If a crisis exists, a crisis assessment must be completed. A crisis assessment must evaluate any immediate needs for which emergency services are needed and, as time permits, the recipient's current life situation, sources of stress, mental health problems and symptoms, strengths, cultural considerations, support network, vulnerabilities, and current functioning.

(c) If the crisis assessment determines mobile crisis intervention services are needed, the intervention services must be provided promptly. As the opportunity presents itself during the intervention, at least two members of the mobile crisis intervention team must confer directly or by telephone about the assessment, treatment plan, and actions taken and needed. At least one of the team members must be on site providing crisis intervention services. If providing on-site crisis intervention services, a mental health practitioner must seek clinical supervision as required under subdivision 9.

(d) The mobile crisis intervention team must develop an initial, brief crisis treatment plan as soon as appropriate but no later than 24 hours after the initial face-to-face intervention. The plan must address the needs and problems noted in the crisis assessment and include measurable short-term goals, cultural considerations, and frequency and type of services to be provided to achieve the goals and reduce or eliminate the crisis. The crisis treatment plan must be updated as needed to reflect current goals and services. The team must involve the client and the client's family in developing and implementing the plan.

(e) The team must document in progress notes which short-term goals have been met and when no further crisis intervention services are required.

(f) If the client's crisis is stabilized, but the client needs a referral for mental health crisis stabilization services or to other services, the team must provide a referral to these services. If the recipient has a case manager, planning for other services must be coordinated with the case manager.

Subd. 7. **Crisis stabilization services.** (a) Crisis stabilization services must be provided by a mental health professional or a mental health practitioner who works under the clinical supervision of a mental health professional and for a crisis stabilization services provider entity and must meet the following standards:

(1) a crisis stabilization treatment plan must be developed which meets the criteria in subdivision 8;

(2) services must be delivered according to the treatment plan and include face-to-face contact with the recipient by qualified staff for further assessment, help with referrals, updating the crisis stabilization treatment plan, supportive counseling, skills training, and collaboration with other service providers in the community; and

(3) mental health practitioners must have completed at least 30 hours of training in crisis intervention and stabilization during the past two years.

Subd. 8. **Treatment plan.** (a) The individual crisis stabilization treatment plan must include, at a minimum:

(1) a list of problems identified in the assessment;

(2) a list of the recipient's strengths and resources;

(3) concrete, measurable short-term goals and tasks to be achieved, including time frames for achievement of the goals;

(4) specific objectives directed toward the achievement of each goal;

(5) documentation of the participants involved in the service planning;

(6) planned frequency and type of services initiated;

(7) a crisis response action plan if a crisis should occur; and

(8) clear progress notes on the outcome of goals.

(b) The client, if clinically appropriate, must be a participant in the development of the crisis stabilization treatment plan. The client or the client's legal guardian must sign the service plan or documentation must be provided why this was not possible. A copy of the plan must be given to the client and the client's legal guardian. The plan should include services arranged, including specific providers where applicable.

(c) A treatment plan must be developed by a mental health professional or mental health practitioner under the clinical supervision of a mental health professional. A written plan must be completed within 24 hours of beginning services with the client.

Subd. 9. **Supervision.** (a) A mental health practitioner may provide crisis assessment and mobile crisis intervention services if the following clinical supervision requirements are met:

(1) the mental health provider entity must accept full responsibility for the services provided;

(2) the mental health professional of the provider entity, who is an employee or under contract with the provider entity, must be immediately available by telephone or in person for clinical supervision;

(3) the mental health professional is consulted, in person or by telephone, during the first three hours when a mental health practitioner provides on-site service; and

(4) the mental health professional must review and approve the tentative crisis assessment and crisis treatment plan, document the consultation, and sign the crisis assessment and treatment plan within the next business day.

(b) If the mobile crisis intervention services continue into a second calendar day, a mental health professional must contact the client face-to-face on the second day to provide services and update the crisis treatment plan. The on-site observation must be documented in the client's record and signed by the mental health professional.

Subd. 10. **Client record.** The provider must maintain a file for each client that complies with the requirements under section 256B.0943, subdivision 11, and contains the following information:

(1) individual crisis treatment plans signed by the recipient, mental health professional, and mental health practitioner who developed the crisis treatment plan, or if the recipient refused to sign the plan, the date and reason stated by the recipient for not signing the plan;

(2) signed release of information forms;

(3) recipient health information and current medications;

(4) emergency contacts for the recipient;

(5) case records that document the date of service, place of service delivery, signature of the person providing the service, and the nature, extent, and units of service. Direct or telephone contact with the recipient's family or others should be documented;

(6) required clinical supervision by mental health professionals;

(7) summary of the recipient's case reviews by staff; and

(8) any written information by the recipient that the recipient wants in the file.

Subd. 11. **Excluded services.** The following services are excluded from reimbursement under this section:

(1) room and board services;

(2) services delivered to a recipient while admitted to an inpatient hospital;

(3) transportation services under children's mental health crisis response service;

(4) services provided and billed by a provider who is not enrolled under medical assistance to provide children's mental health crisis response services;

(5) crisis response services provided by a residential treatment center to clients in their facility;

(6) services performed by volunteers;

(7) direct billing of time spent "on call" when not delivering services to a recipient;

(8) provider service time included in case management reimbursement;

(9) outreach services to potential recipients; and

(10) a mental health service that is not medically necessary.

History: *1Sp2003 c 14 art 4 s 9; art 11 s 11*

NOTE: This section, as added by Laws 2003, First Special Session chapter 14, article 4, section 9, is effective July 1, 2004. Laws 2003, First Special Session chapter 14, article 4, section 9, the effective date.

256B.0945 RESIDENTIAL SERVICES FOR CHILDREN WITH SEVERE EMOTIONAL DISTURBANCE.

[For text of subd 1, see M.S.2002]

Subd. 2. **Covered services.** All services must be included in a child's individualized treatment or multiagency plan of care as defined in chapter 245.

For facilities that are not institutions for mental diseases according to federal statute and regulation, medical assistance covers mental health related services that are required to be provided by a residential facility under section 245.4882 and administrative rules promulgated thereunder, except for room and board.

Subd. 3. **Centralized disbursement of medical assistance payments.** Notwithstanding section 256B.041, county payments for the cost of residential services provided under this section shall not be made to the commissioner of finance.

Subd. 4. **Payment rates.** (a) Notwithstanding sections 256B.19 and 256B.041, payments to counties for residential services provided by a residential facility shall only be made of federal earnings for services provided under this section, and the nonfederal share of costs for services provided under this section shall be paid by the county from sources other than federal funds or funds used to match other federal funds.

Payment to counties for services provided according to this section shall be a proportion of the per day contract rate that relates to rehabilitative mental health services and shall not include payment for costs or services that are billed to the IV-E program as room and board.

(b) The commissioner shall set aside a portion not to exceed five percent of the federal funds earned under this section to cover the state costs of administering this section. Any unexpended funds from the set-aside shall be distributed to the counties in proportion to their earnings under this section.

Subd. 5. **Quality measures.** Counties must collect and report to the commissioner information on outcomes for services provided under this section using standardized tools that measure the impact of residential treatment programs on child functioning and/or behavior, living stability, and parent and child satisfaction consistent with the goals of section 245.4876, subdivision 1. The commissioner shall designate standardized tools to be used and shall collect and analyze individualized outcome data on a statewide basis and report to the legislature by December 1, 2003. The commissioner shall provide standardized tools that measure child and adolescent functionality, placement stability, and satisfaction for youth and family members.

Subd. 6. **Federal earnings.** Use of new federal funding earned from services provided under this section is limited to:

(1) increasing prevention and early intervention and supportive services to meet the mental health and child welfare needs of the children and families in the system of care;

(2) replacing reductions in federal IV-E reimbursement resulting from new medical assistance coverage;

(3) paying the nonfederal share of additional provider costs due to accreditation and new program standards necessary for Medicaid reimbursement; and

(4) paying for the costs of complying with the data collection and reporting requirements contained in subdivision 5.

For purposes of this section, prevention, early intervention, and supportive services for children and families include alternative responses to child maltreatment reports under chapter 626 and nonresidential children's mental health services outlined in section 245.4875, subdivision 2, and family preservation services outlined in Minnesota Statutes 2002, section 256F.05, subdivision 8.

[For text of subds 7, see M.S.2002]

Subd. 8. **Reports.** The commissioner shall review county expenditures annually using reports required under sections 245.482 and 256.01, subdivision 2, clause (17), to ensure that counties meet their obligation under subdivision 7, and that the base level of expenditures for prevention, early intervention, and supportive services for children and families and children's mental health residential treatment is continued from sources other than federal funds earned under this section.

256B.095 QUALITY ASSURANCE SYSTEM ESTABLISHED.

(a) Effective July 1, 1998, a quality assurance system for persons with developmental disabilities, which includes an alternative quality assurance licensing system for programs, is established in Dodge, Fillmore, Freeborn, Goodhue, Houston, Mower, Olmsted, Rice, Steele, Wabasha, and Winona counties for the purpose of improving the quality of services provided to persons with developmental disabilities. A county, at its option, may choose to have all programs for persons with developmental disabilities located within the county licensed under chapter 245A using standards determined under the alternative quality assurance licensing system or may continue regulation of

these programs under the licensing system operated by the commissioner. The project expires on June 30, 2007.

(b) Effective July 1, 2003, a county not listed in paragraph (a) may apply to participate in the quality assurance system established under paragraph (a). The commission established under section 256B.0951 may, at its option, allow additional counties to participate in the system.

(c) Effective July 1, 2003, any county or group of counties not listed in paragraph (a) may establish a quality assurance system under this section. A new system established under this section shall have the same rights and duties as the system established under paragraph (a). A new system shall be governed by a commission under section 256B.0951. The commissioner shall appoint the initial commission members based on recommendations from advocates, families, service providers, and counties in the geographic area included in the new system. Counties that choose to participate in a new system shall have the duties assigned under section 256B.0952. The new system shall establish a quality assurance process under section 256B.0953. The provisions of section 256B.0954 shall apply to a new system established under this paragraph. The commissioner shall delegate authority to a new system established under this paragraph according to section 256B.0955.

History: *1Sp2003 c 14 art 3 s 33*

256B.0951 QUALITY ASSURANCE COMMISSION.

Subdivision 1. **Membership.** The Quality Assurance Commission is established. The commission consists of at least 14 but not more than 21 members as follows: at least three but not more than five members representing advocacy organizations; at least three but not more than five members representing consumers, families, and their legal representatives; at least three but not more than five members representing service providers; at least three but not more than five members representing counties; and the commissioner of human services or the commissioner's designee. The first commission shall establish membership guidelines for the transition and recruitment of membership for the commission's ongoing existence. Members of the commission who do not receive a salary or wages from an employer for time spent on commission duties may receive a per diem payment when performing commission duties and functions. All members may be reimbursed for expenses related to commission activities. Notwithstanding the provisions of section 15.059, subdivision 5, the commission expires on June 30, 2007.

Subd. 2. **Authority to hire staff; charge fees; provide technical assistance.** (a) The commission may hire staff to perform the duties assigned in this section.

(b) The commission may charge fees for its services.

(c) The commission may provide technical assistance to other counties, families, providers, and advocates interested in participating in a quality assurance system under section 256B.095, paragraph (b) or (c).

Subd. 3. **Commission duties.** (a) By October 1, 1997, the commission, in cooperation with the commissioners of human services and health, shall do the following: (1) approve an alternative quality assurance licensing system based on the evaluation of outcomes; (2) approve measurable outcomes in the areas of health and safety, consumer evaluation, education and training, providers, and systems that shall be evaluated during the alternative licensing process; and (3) establish variable licensure periods not to exceed three years based on outcomes achieved. For purposes of this subdivision, "outcome" means the behavior, action, or status of a person that can be observed or measured and can be reliably and validly determined.

(b) By January 15, 1998, the commission shall approve, in cooperation with the commissioner of human services, a training program for members of the quality assurance teams established under section 256B.0952, subdivision 4.

(c) The commission and the commissioner shall establish an ongoing review process for the alternative quality assurance licensing system. The review shall take into account the comprehensive nature of the alternative system, which is designed to

evaluate the broad spectrum of licensed and unlicensed entities that provide services to clients.

(d) The commission, in consultation with the commissioner, shall work cooperatively with other populations to expand the system to those populations and identify barriers to expansion. The commissioner shall report findings and recommendations to the legislature by December 15, 2004.

[For text of subd 4, see M.S.2002]

Subd. 5. **Variance of certain standards prohibited.** The safety standards, rights, or procedural protections under chapter 245C and sections 245.825; 245.91 to 245.97; 245A.09, subdivision 2, paragraph (c), clauses (2) and (5); 245A.12; 245A.13; 252.41, subdivision 9; 256B.092, subdivisions 1b, clause (7), and 10; 626.556; 626.557, and procedures for the monitoring of psychotropic medications shall not be varied under the alternative quality assurance licensing system. The commission may make recommendations to the commissioners of human services and health or to the legislature regarding alternatives to or modifications of the rules and procedures referenced in this subdivision.

Subd. 7. **Waiver of rules.** If a federal waiver is approved under subdivision 8, the commissioner of health may exempt residents of intermediate care facilities for persons with mental retardation (ICFs/MR) who participate in the alternative quality assurance system established in section 256B.095 from the requirements of Minnesota Rules, chapter 4665.

[For text of subd 8, see M.S.2002]

Subd. 9. **Evaluation.** The commission, in consultation with the commissioner of human services, shall conduct an evaluation of the quality assurance system, and present a report to the commissioner by June 30, 2004.

History: *2003 c 15 art 1 s 33; 1Sp2003 c 14 art 3 s 34-39*

256B.0952 COUNTY DUTIES; QUALITY ASSURANCE TEAMS.

Subdivision 1. **Notification.** Counties shall give notice to the commission and commissioners of human services and health of intent to join the alternative quality assurance licensing system. A county choosing to participate in the alternative quality assurance licensing system commits to participate for three years.

[For text of subds 2 to 6, see M.S.2002]

History: *1Sp2003 c 14 art 3 s 40*

256B.0953 QUALITY ASSURANCE PROCESS.

[For text of subd 1, see M.S.2002]

Subd. 2. **Licensure periods.** (a) In order to be licensed under the alternative quality assurance licensing system, a facility, program, or service must satisfy the health and safety outcomes approved for the alternative quality assurance licensing system.

(b) Licensure shall be approved for periods of one to three years for a facility, program, or service that satisfies the requirements of paragraph (a) and achieves the outcome measurements in the categories of consumer evaluation, education and training, providers, and systems.

[For text of subd 3, see M.S.2002]

History: *1Sp2003 c 14 art 3 s 41*

256B.0955 DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.

(a) Effective July 1, 1998, the commissioner of human services shall delegate authority to perform licensing functions and activities, in accordance with section 245A.16, to counties participating in the alternative quality assurance licensing system.

The commissioner shall not license or reimburse a facility, program, or service for persons with developmental disabilities in a county that participates in the alternative quality assurance licensing system if the commissioner has received from the appropriate county notification that the facility, program, or service has been reviewed by a quality assurance team and has failed to qualify for licensure.

(b) The commissioner may conduct random licensing inspections based on outcomes adopted under section 256B.0951 at facilities, programs, and services governed by the alternative quality assurance licensing system. The role of such random inspections shall be to verify that the alternative quality assurance licensing system protects the safety and well-being of consumers and maintains the availability of high-quality services for persons with developmental disabilities.

History: *1Sp2003 c 14 art 3 s 42*

256B.15 CLAIMS AGAINST ESTATES.

Subdivision 1. **Policy, applicability, purpose, and construction; definition.** (a) It is the policy of this state that individuals or couples, either or both of whom participate in the medical assistance program, use their own assets to pay their share of the total cost of their care during or after their enrollment in the program according to applicable federal law and the laws of this state. The following provisions apply:

(1) subdivisions 1c to 1k shall not apply to claims arising under this section which are presented under section 525.313;

(2) the provisions of subdivisions 1c to 1k expanding the interests included in an estate for purposes of recovery under this section give effect to the provisions of United States Code, title 42, section 1396p, governing recoveries, but do not give rise to any express or implied liens in favor of any other parties not named in these provisions;

(3) the continuation of a recipient's life estate or joint tenancy interest in real property after the recipient's death for the purpose of recovering medical assistance under this section modifies common law principles holding that these interests terminate on the death of the holder;

(4) all laws, rules, and regulations governing or involved with a recovery of medical assistance shall be liberally construed to accomplish their intended purposes;

(5) a deceased recipient's life estate and joint tenancy interests continued under this section shall be owned by the remaindermen or surviving joint tenants as their interests may appear on the date of the recipient's death. They shall not be merged into the remainder interest or the interests of the surviving joint tenants by reason of ownership. They shall be subject to the provisions of this section. Any conveyance, transfer, sale, assignment, or encumbrance by a remainderman, a surviving joint tenant, or their heirs, successors, and assigns shall be deemed to include all of their interest in the deceased recipient's life estate or joint tenancy interest continued under this section; and

(6) the provisions of subdivisions 1c to 1k continuing a recipient's joint tenancy interests in real property after the recipient's death do not apply to a homestead owned of record, on the date the recipient dies, by the recipient and the recipient's spouse as joint tenants with a right of survivorship. Homestead means the real property occupied by the surviving joint tenant spouse as their sole residence on the date the recipient dies and classified and taxed to the recipient and surviving joint tenant spouse as homestead property for property tax purposes in the calendar year in which the recipient dies. For purposes of this exemption, real property the recipient and their surviving joint tenant spouse purchase solely with the proceeds from the sale of their prior homestead, own of record as joint tenants, and qualify as homestead property under section 273.124 in the calendar year in which the recipient dies and prior to the recipient's death shall be deemed to be real property classified and taxed to the recipient and their surviving joint tenant spouse as homestead property in the calendar year in which the recipient dies. The surviving spouse, or any person with personal knowledge of the facts, may provide an affidavit describing the homestead property

affected by this clause and stating facts showing compliance with this clause. The affidavit shall be prima facie evidence of the facts it states.

(b) For purposes of this section, "medical assistance" includes the medical assistance program under this chapter and the general assistance medical care program under chapter 256D and alternative care for nonmedical assistance recipients under section 256B.0913.

Subd. 1a. **Estates subject to claims.** If a person receives any medical assistance hereunder, on the person's death, if single, or on the death of the survivor of a married couple, either or both of whom received medical assistance, or as otherwise provided for in this section, the total amount paid for medical assistance rendered for the person and spouse shall be filed as a claim against the estate of the person or the estate of the surviving spouse in the court having jurisdiction to probate the estate or to issue a decree of descent according to sections 525.31 to 525.313.

A claim shall be filed if medical assistance was rendered for either or both persons under one of the following circumstances:

(a) the person was over 55 years of age, and received services under this chapter;

(b) the person resided in a medical institution for six months or longer, received services under this chapter, and, at the time of institutionalization or application for medical assistance, whichever is later, the person could not have reasonably been expected to be discharged and returned home, as certified in writing by the person's treating physician. For purposes of this section only, a "medical institution" means a skilled nursing facility, intermediate care facility, intermediate care facility for persons with mental retardation, nursing facility, or inpatient hospital; or

(c) the person received general assistance medical care services under chapter 256D.

The claim shall be considered an expense of the last illness of the decedent for the purpose of section 524.3-805. Any statute of limitations that purports to limit any county agency or the state agency, or both, to recover for medical assistance granted hereunder shall not apply to any claim made hereunder for reimbursement for any medical assistance granted hereunder. Notice of the claim shall be given to all heirs and devisees of the decedent whose identity can be ascertained with reasonable diligence. The notice must include procedures and instructions for making an application for a hardship waiver under subdivision 5; time frames for submitting an application and determination; and information regarding appeal rights and procedures. Counties are entitled to one-half of the nonfederal share of medical assistance collections from estates that are directly attributable to county effort. Counties are entitled to ten percent of the collections for alternative care directly attributable to county effort.

Subd. 1c. **Notice of potential claim.** (a) A state agency with a claim or potential claim under this section may file a notice of potential claim under this subdivision anytime before or within one year after a medical assistance recipient dies. The claimant shall be the state agency. A notice filed prior to the recipient's death shall not take effect and shall not be effective as notice until the recipient dies. A notice filed after a recipient dies shall be effective from the time of filing.

(b) The notice of claim shall be filed or recorded in the real estate records in the office of the county recorder or registrar of titles for each county in which any part of the property is located. The recorder shall accept the notice for recording or filing. The registrar of titles shall accept the notice for filing if the recipient has a recorded interest in the property. The registrar of titles shall not carry forward to a new certificate of title any notice filed more than one year from the date of the recipient's death.

(c) The notice must be dated, state the name of the claimant, the medical assistance recipient's name and social security number if filed before their death and their date of death if filed after they die, the name and date of death of any predeceased spouse of the medical assistance recipient for whom a claim may exist, a statement that the claimant may have a claim arising under this section, generally identify the recipient's interest in the property, contain a legal description for the property and whether it is abstract or registered property, a statement of when the

notice becomes effective and the effect of the notice, be signed by an authorized representative of the state agency, and may include such other contents as the state agency may deem appropriate.

Subd. 1d. **Effect of notice.** From the time it takes effect, the notice shall be notice to remaindermen, joint tenants, or to anyone else owning or acquiring an interest in or encumbrance against the property described in the notice that the medical assistance recipient's life estate, joint tenancy, or other interests in the real estate described in the notice:

(1) shall, in the case of life estate and joint tenancy interests, continue to exist for purposes of this section, and be subject to liens and claims as provided in this section;

(2) shall be subject to a lien in favor of the claimant effective upon the death of the recipient and dealt with as provided in this section;

(3) may be included in the recipient's estate, as defined in this section; and

(4) may be subject to administration and all other provisions of chapter 524 and may be sold, assigned, transferred, or encumbered free and clear of their interest or encumbrance to satisfy claims under this section.

Subd. 1e. **Full or partial release of notice.** (a) The claimant may fully or partially release the notice and the lien arising out of the notice of record in the real estate records where the notice is filed or recorded at any time. The claimant may give a full or partial release to extinguish any life estates or joint tenancy interests which are or may be continued under this section or whose existence or nonexistence may create a cloud on the title to real property at any time whether or not a notice has been filed. The recorder or registrar of titles shall accept the release for recording or filing. If the release is a partial release, it must include a legal description of the property being released.

(b) At any time, the claimant may, at the claimant's discretion, wholly or partially release, subordinate, modify, or amend the recorded notice and the lien arising out of the notice.

Subd. 1f. **Agency lien.** (a) The notice shall constitute a lien in favor of the Department of Human Services against the recipient's interests in the real estate it describes for a period of 20 years from the date of filing or the date of the recipient's death, whichever is later. Notwithstanding any law or rule to the contrary, a recipient's life estate and joint tenancy interests shall not end upon the recipient's death but shall continue according to subdivisions 1h, 1i, and 1j. The amount of the lien shall be equal to the total amount of the claims that could be presented in the recipient's estate under this section.

(b) If no estate has been opened for the deceased recipient, any holder of an interest in the property may apply to the lien holder for a statement of the amount of the lien or for a full or partial release of the lien. The application shall include the applicant's name, current mailing address, current home and work telephone numbers, and a description of their interest in the property, a legal description of the recipient's interest in the property, and the deceased recipient's name, date of birth, and social security number. The lien holder shall send the applicant by certified mail, return receipt requested, a written statement showing the amount of the lien, whether the lien holder is willing to release the lien and under what conditions, and inform them of the right to a hearing under section 256.045. The lien holder shall have the discretion to compromise and settle the lien upon any terms and conditions the lien holder deems appropriate.

(c) Any holder of an interest in property subject to the lien has a right to request a hearing under section 256.045 to determine the validity, extent, or amount of the lien. The request must be in writing, and must include the names, current addresses, and home and business telephone numbers for all other parties holding an interest in the property. A request for a hearing by any holder of an interest in the property shall be deemed to be a request for a hearing by all parties owning interests in the property. Notice of the hearing shall be given to the lien holder, the party filing the appeal, and all of the other holders of interests in the property at the addresses listed in the appeal

by certified mail, return receipt requested, or by ordinary mail. Any owner of an interest in the property to whom notice of the hearing is mailed shall be deemed to have waived any and all claims or defenses in respect to the lien unless they appear and assert any claims or defenses at the hearing.

(d) If the claim the lien secures could be filed under subdivision 1h, the lien holder may collect, compromise, settle, or release the lien upon any terms and conditions it deems appropriate. If the claim the lien secures could be filed under subdivision 1i or 1j, the lien may be adjusted or enforced to the same extent had it been filed under subdivisions 1i and 1j, and the provisions of subdivisions 1i, clause (f), and lj, clause (d), shall apply to voluntary payment, settlement, or satisfaction of the lien.

(e) If no probate proceedings have been commenced for the recipient as of the date the lien holder executes a release of the lien on a recipient's life estate or joint tenancy interest, created for purposes of this section, the release shall terminate the life estate or joint tenancy interest created under this section as of the date it is recorded or filed to the extent of the release. If the claimant executes a release for purposes of extinguishing a life estate or a joint tenancy interest created under this section to remove a cloud on title to real property, the release shall have the effect of extinguishing any life estate or joint tenancy interests in the property it describes which may have been continued by reason of this section retroactive to the date of death of the deceased life tenant or joint tenant except as provided for in section 514.981, subdivision 6.

(f) If the deceased recipient's estate is probated, a claim shall be filed under this section. The amount of the lien shall be limited to the amount of the claim as finally allowed. If the claim the lien secures is filed under subdivision 1h, the lien may be released in full after any allowance of the claim becomes final or according to any agreement to settle and satisfy the claim. The release shall release the lien but shall not extinguish or terminate the interest being released. If the claim the lien secures is filed under subdivision 1i or 1j, the lien shall be released after the lien under subdivision 1i or 1j is filed or recorded, or settled according to any agreement to settle and satisfy the claim. The release shall not extinguish or terminate the interest being released. If the claim is finally disallowed in full, the claimant shall release the claimant's lien at the claimant's expense.

Subd. 1g. **Estate property.** Notwithstanding any law or rule to the contrary, if a claim is presented under this section, interests or the proceeds of interests in real property a decedent owned as a life tenant or a joint tenant with a right of survivorship shall be part of the decedent's estate, subject to administration, and shall be dealt with as provided in this section.

Subd. 1h. **Estates of specific persons receiving medical assistance.** (a) For purposes of this section, paragraphs (b) to (k) apply if a person received medical assistance for which a claim may be filed under this section and died single, or the surviving spouse of the couple and was not survived by any of the persons described in subdivisions 3 and 4.

(b) For purposes of this section, the person's estate consists of: (1) their probate estate; (2) all of the person's interests or proceeds of those interests in real property the person owned as a life tenant or as a joint tenant with a right of survivorship at the time of the person's death; (3) all of the person's interests or proceeds of those interests in securities the person owned in beneficiary form as provided under sections 524.6-301 to 524.6-311 at the time of the person's death, to the extent they become part of the probate estate under section 524.6-307; and (4) all of the person's interests in joint accounts, multiple party accounts, and pay on death accounts, or the proceeds of those accounts, as provided under sections 524.6-201 to 524.6-214 at the time of the person's death to the extent they become part of the probate estate under section 524.6-207. Notwithstanding any law or rule to the contrary, a state or county agency with a claim under this section shall be a creditor under section 524.6-307.

(c) Notwithstanding any law or rule to the contrary, the person's life estate or joint tenancy interest in real property not subject to a medical assistance lien under sections

514.980 to 514.985 on the date of the person's death shall not end upon the person's death and shall continue as provided in this subdivision. The life estate in the person's estate shall be that portion of the interest in the real property subject to the life estate that is equal to the life estate percentage factor for the life estate as listed in the Life Estate Mortality Table of the health care program's manual for a person who was the age of the medical assistance recipient on the date of the person's death. The joint tenancy interest in real property in the estate shall be equal to the fractional interest the person would have owned in the jointly held interest in the property had they and the other owners held title to the property as tenants in common on the date the person died.

(d) The court upon its own motion, or upon motion by the personal representative or any interested party, may enter an order directing the remaindermen or surviving joint tenants and their spouses, if any, to sign all documents, take all actions, and otherwise fully cooperate with the personal representative and the court to liquidate the decedent's life estate or joint tenancy interests in the estate and deliver the cash or the proceeds of those interests to the personal representative and provide for any legal and equitable sanctions as the court deems appropriate to enforce and carry out the order, including an award of reasonable attorney fees.

(e) The personal representative may make, execute, and deliver any conveyances or other documents necessary to convey the decedent's life estate or joint tenancy interest in the estate that are necessary to liquidate and reduce to cash the decedent's interest or for any other purposes.

(f) Subject to administration, all costs, including reasonable attorney fees, directly and immediately related to liquidating the decedent's life estate or joint tenancy interest in the decedent's estate, shall be paid from the gross proceeds of the liquidation allocable to the decedent's interest and the net proceeds shall be turned over to the personal representative and applied to payment of the claim presented under this section.

(g) The personal representative shall bring a motion in the district court in which the estate is being probated to compel the remaindermen or surviving joint tenants to account for and deliver to the personal representative all or any part of the proceeds of any sale, mortgage, transfer, conveyance, or any disposition of real property allocable to the decedent's life estate or joint tenancy interest in the decedent's estate, and do everything necessary to liquidate and reduce to cash the decedent's interest and turn the proceeds of the sale or other disposition over to the personal representative. The court may grant any legal or equitable relief including, but not limited to, ordering a partition of real estate under chapter 558 necessary to make the value of the decedent's life estate or joint tenancy interest available to the estate for payment of a claim under this section.

(h) Subject to administration, the personal representative shall use all of the cash or proceeds of interests to pay an allowable claim under this section. The remaindermen or surviving joint tenants and their spouses, if any, may enter into a written agreement with the personal representative or the claimant to settle and satisfy obligations imposed at any time before or after a claim is filed.

(i) The personal representative may, at their discretion, provide any or all of the other owners, remaindermen, or surviving joint tenants with an affidavit terminating the decedent's estate's interest in real property the decedent owned as a life tenant or as a joint tenant with others, if the personal representative determines in good faith that neither the decedent nor any of the decedent's predeceased spouses received any medical assistance for which a claim could be filed under this section, or if the personal representative has filed an affidavit with the court that the estate has other assets sufficient to pay a claim, as presented, or if there is a written agreement under paragraph (h), or if the claim, as allowed, has been paid in full or to the full extent of the assets the estate has available to pay it. The affidavit may be recorded in the office of the county recorder or filed in the Office of the Registrar of Titles for the county in which the real property is located. Except as provided in section 514.981, subdivision 6,

when recorded or filed, the affidavit shall terminate the decedent's interest in real estate the decedent owned as a life tenant or a joint tenant with others. The affidavit shall: (1) be signed by the personal representative; (2) identify the decedent and the interest being terminated; (3) give recording information sufficient to identify the instrument that created the interest in real property being terminated; (4) legally describe the affected real property; (5) state that the personal representative has determined that neither the decedent nor any of the decedent's predeceased spouses received any medical assistance for which a claim could be filed under this section; (6) state that the decedent's estate has other assets sufficient to pay the claim, as presented, or that there is a written agreement between the personal representative and the claimant and the other owners or remaindermen or other joint tenants to satisfy the obligations imposed under this subdivision; and (7) state that the affidavit is being given to terminate the estate's interest under this subdivision, and any other contents as may be appropriate.

The recorder or registrar of titles shall accept the affidavit for recording or filing. The affidavit shall be effective as provided in this section and shall constitute notice even if it does not include recording information sufficient to identify the instrument creating the interest it terminates. The affidavit shall be conclusive evidence of the stated facts.

(j) The holder of a lien arising under subdivision 1c shall release the lien at the holder's expense against an interest terminated under paragraph (h) to the extent of the termination.

(k) If a lien arising under subdivision 1c is not released under paragraph (j), prior to closing the estate, the personal representative shall deed the interest subject to the lien to the remaindermen or surviving joint tenants as their interests may appear. Upon recording or filing, the deed shall work a merger of the recipient's life estate or joint tenancy interest, subject to the lien, into the remainder interest or interest the decedent and others owned jointly. The lien shall attach to and run with the property to the extent of the decedent's interest at the time of the decedent's death.

Subd. 1i. **Estates of persons receiving medical assistance and survived by others.** (a) For purposes of this subdivision, the person's estate consists of the person's probate estate and all of the person's interests in real property the person owned as a life tenant or a joint tenant at the time of the person's death.

(b) Notwithstanding any law or rule to the contrary, this subdivision applies if a person received medical assistance for which a claim could be filed under this section but for the fact the person was survived by a spouse or by a person listed in subdivision 3, or if subdivision 4 applies to a claim arising under this section.

(c) The person's life estate or joint tenancy interests in real property not subject to a medical assistance lien under sections 514.980 to 514.985 on the date of the person's death shall not end upon death and shall continue as provided in this subdivision. The life estate in the estate shall be the portion of the interest in the property subject to the life estate that is equal to the life estate percentage factor for the life estate as listed in the Life Estate Mortality Table of the health care program's manual for a person who was the age of the medical assistance recipient on the date of the person's death. The joint tenancy interest in the estate shall be equal to the fractional interest the medical assistance recipient would have owned in the jointly held interest in the property had they and the other owners held title to the property as tenants in common on the date the medical assistance recipient died.

(d) The county agency shall file a claim in the estate under this section on behalf of the claimant who shall be the commissioner of human services, notwithstanding that the decedent is survived by a spouse or a person listed in subdivision 3. The claim, as allowed, shall not be paid by the estate and shall be disposed of as provided in this paragraph. The personal representative or the court shall make, execute, and deliver a lien in favor of the claimant on the decedent's interest in real property in the estate in the amount of the allowed claim on forms provided by the commissioner to the county agency filing the lien. The lien shall bear interest as provided under section 524.3-806, shall attach to the property it describes upon filing or recording, and shall remain a lien

on the real property it describes for a period of 20 years from the date it is filed or recorded. The lien shall be a disposition of the claim sufficient to permit the estate to close.

(e) The state or county agency shall file or record the lien in the office of the county recorder or registrar of titles for each county in which any of the real property is located. The recorder or registrar of titles shall accept the lien for filing or recording. All recording or filing fees shall be paid by the Department of Human Services. The recorder or registrar of titles shall mail the recorded lien to the Department of Human Services. The lien need not be attested, certified, or acknowledged as a condition of recording or filing. Upon recording or filing of a lien against a life estate or a joint tenancy interest, the interest subject to the lien shall merge into the remainder interest or the interest the recipient and others owned jointly. The lien shall attach to and run with the property to the extent of the decedent's interest in the property at the time of the decedent's death as determined under this section.

(f) The department shall make no adjustment or recovery under the lien until after the decedent's spouse, if any, has died, and only at a time when the decedent has no surviving child described in subdivision 3. The estate, any owner of an interest in the property which is or may be subject to the lien, or any other interested party, may voluntarily pay off, settle, or otherwise satisfy the claim secured or to be secured by the lien at any time before or after the lien is filed or recorded. Such payoffs, settlements, and satisfactions shall be deemed to be voluntary repayments of past medical assistance payments for the benefit of the deceased recipient, and neither the process of settling the claim, the payment of the claim, or the acceptance of a payment shall constitute an adjustment or recovery that is prohibited under this subdivision.

(g) The lien under this subdivision may be enforced or foreclosed in the manner provided by law for the enforcement of judgment liens against real estate or by a foreclosure by action under chapter 581. When the lien is paid, satisfied, or otherwise discharged, the state or county agency shall prepare and file a release of lien at its own expense. No action to foreclose the lien shall be commenced unless the lien holder has first given 30 days' prior written notice to pay the lien to the owners and parties in possession of the property subject to the lien. The notice shall: (1) include the name, address, and telephone number of the lien holder; (2) describe the lien; (3) give the amount of the lien; (4) inform the owner or party in possession that payment of the lien in full must be made to the lien holder within 30 days after service of the notice or the lien holder may begin proceedings to foreclose the lien; and (5) be served by personal service, certified mail, return receipt requested, ordinary first class mail, or by publishing it once in a newspaper of general circulation in the county in which any part of the property is located. Service of the notice shall be complete upon mailing or publication.

Subd. 1j. **Claims in estates of decedents survived by other survivors.** For purposes of this subdivision, the provisions in subdivision 1i, paragraphs (a) to (c) apply.

(a) If payment of a claim filed under this section is limited as provided in subdivision 4, and if the estate does not have other assets sufficient to pay the claim in full, as allowed, the personal representative or the court shall make, execute, and deliver a lien on the property in the estate that is exempt from the claim under subdivision 4 in favor of the commissioner of human services on forms provided by the commissioner to the county agency filing the claim. If the estate pays a claim filed under this section in full from other assets of the estate, no lien shall be filed against the property described in subdivision 4.

(b) The lien shall be in an amount equal to the unpaid balance of the allowed claim under this section remaining after the estate has applied all other available assets of the estate to pay the claim. The property exempt under subdivision 4 shall not be sold, assigned, transferred, conveyed, encumbered, or distributed until after the personal representative has determined the estate has other assets sufficient to pay the allowed claim in full, or until after the lien has been filed or recorded. The lien shall bear interest as provided under section 524.3-806, shall attach to the property it

describes upon filing or recording, and shall remain a lien on the real property it describes for a period of 20 years from the date it is filed or recorded. The lien shall be a disposition of the claim sufficient to permit the estate to close.

(c) The state or county agency shall file or record the lien in the office of the county recorder or registrar of titles in each county in which any of the real property is located. The department shall pay the filing fees. The lien need not be attested, certified, or acknowledged as a condition of recording or filing. The recorder or registrar of titles shall accept the lien for filing or recording.

(d) The commissioner shall make no adjustment or recovery under the lien until none of the persons listed in subdivision 4 are residing on the property or until the property is sold or transferred. The estate or any owner of an interest in the property that is or may be subject to the lien, or any other interested party, may voluntarily pay off, settle, or otherwise satisfy the claim secured or to be secured by the lien at any time before or after the lien is filed or recorded. The payoffs, settlements, and satisfactions shall be deemed to be voluntary repayments of past medical assistance payments for the benefit of the deceased recipient and neither the process of settling the claim, the payment of the claim, or acceptance of a payment shall constitute an adjustment or recovery that is prohibited under this subdivision.

(e) A lien under this subdivision may be enforced or foreclosed in the manner provided for by law for the enforcement of judgment liens against real estate or by a foreclosure by action under chapter 581. When the lien has been paid, satisfied, or otherwise discharged, the claimant shall prepare and file a release of lien at the claimant's expense. No action to foreclose the lien shall be commenced unless the lien holder has first given 30 days prior written notice to pay the lien to the record owners of the property and the parties in possession of the property subject to the lien. The notice shall: (1) include the name, address, and telephone number of the lien holder; (2) describe the lien; (3) give the amount of the lien; (4) inform the owner or party in possession that payment of the lien in full must be made to the lien holder within 30 days after service of the notice or the lien holder may begin proceedings to foreclose the lien; and (5) be served by personal service, certified mail, return receipt requested, ordinary first class mail, or by publishing it once in a newspaper of general circulation in the county in which any part of the property is located. Service shall be complete upon mailing or publication.

(f) Upon filing or recording of a lien against a life estate or joint tenancy interest under this subdivision, the interest subject to the lien shall merge into the remainder interest or the interest the decedent and others owned jointly, effective on the date of recording and filing. The lien shall attach to and run with the property to the extent of the decedent's interest in the property at the time of the decedent's death as determined under this section.

(g)(1) An affidavit may be provided by a personal representative, at their discretion, stating the personal representative has determined in good faith that a decedent survived by a spouse or a person listed in subdivision 3, or by a person listed in subdivision 4, or the decedent's predeceased spouse did not receive any medical assistance giving rise to a claim under this section, or that the real property described in subdivision 4 is not needed to pay in full a claim arising under this section.

(2) The affidavit shall:

(i) describe the property and the interest being extinguished;

(ii) name the decedent and give the date of death;

(iii) state the facts listed in clause (1);

(iv) state that the affidavit is being filed to terminate the life estate or joint tenancy interest created under this subdivision;

(v) be signed by the personal representative; and

(vi) contain any other information that the affiant deems appropriate.

(3) Except as provided in section 514.981, subdivision 6, when the affidavit is filed or recorded, the life estate or joint tenancy interest in real property that the affidavit

describes shall be terminated effective as of the date of filing or recording. The termination shall be final and may not be set aside for any reason.

Subd. 1k. **Filing.** Any notice, lien, release, or other document filed under subdivisions 1c to 1l, and any lien, release of lien, or other documents relating to a lien filed under subdivisions 1h, 1i, and 1j must be filed or recorded in the office of the county recorder or registrar of titles, as appropriate, in the county where the affected real property is located. Notwithstanding section 386.77, the state or county agency shall pay any applicable filing fee. An attestation, certification, or acknowledgment is not required as a condition of filing. If the property described in the filing is registered property, the registrar of titles shall record the filing on the certificate of title for each parcel of property described in the filing. If the property described in the filing is abstract property, the recorder shall file and index the property in the county's grantor-grantee indexes and any tract indexes the county maintains for each parcel of property described in the filing. The recorder or registrar of titles shall return the filed document to the party filing it at no cost. If the party making the filing provides a duplicate copy of the filing, the recorder or registrar of titles shall show the recording or filing data on the copy and return it to the party at no extra cost.

Subd. 2. **Limitations on claims.** The claim shall include only the total amount of medical assistance rendered after age 55 or during a period of institutionalization described in subdivision 1a, clause (b), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage. Claims for alternative care shall be net of all premiums paid under section 256B.0913, subdivision 12, on or after July 1, 2003, and shall be limited to services provided on or after July 1, 2003.

Subd. 3. **Surviving spouse, minor, blind, or disabled children.** If a decedent is survived by a spouse, or was single or the surviving spouse of a married couple and is survived by a child who is under age 21 or blind or permanently and totally disabled according to the supplemental security income program criteria, a claim shall be filed against the estate according to this section.

Subd. 4. **Other survivors.** If the decedent who was single or the surviving spouse of a married couple is survived by one of the following persons, a claim exists against the estate in an amount not to exceed the value of the nonhomestead property included in the estate and the personal representative shall make, execute, and deliver to the county agency a lien against the homestead property in the estate for any unpaid balance of the claim to the claimant as provided under this section:

(a) a sibling who resided in the decedent medical assistance recipient's home at least one year before the decedent's institutionalization and continuously since the date of institutionalization; or

(b) a son or daughter or a grandchild who resided in the decedent medical assistance recipient's home for at least two years immediately before the parent's or grandparent's institutionalization and continuously since the date of institutionalization, and who establishes by a preponderance of the evidence having provided care to the parent or grandparent who received medical assistance, that the care was provided before institutionalization, and that the care permitted the parent or grandparent to reside at home rather than in an institution.

History: *1Sp2003 c 14 art 2 s 27-29; art 12 s 40-52*

256B.19 DIVISION OF COST.

Subdivision 1. **Division of cost.** The state and county share of medical assistance costs not paid by federal funds shall be as follows:

(1) beginning January 1, 1992, 50 percent state funds and 50 percent county funds for the cost of placement of severely emotionally disturbed children in regional treatment centers;

(2) beginning January 1, 2003, 80 percent state funds and 20 percent county funds for the costs of nursing facility placements of persons with disabilities under the age of 65 that have exceeded 90 days. This clause shall be subject to chapter 256G and shall not apply to placements in facilities not certified to participate in medical assistance;

(3) beginning July 1, 2004, 80 percent state funds and 20 percent county funds for the costs of placements that have exceeded 90 days in intermediate care facilities for persons with mental retardation or a related condition that have seven or more beds. This provision includes pass-through payments made under section 256B.5015; and

(4) beginning July 1, 2004, when state funds are used to pay for a nursing facility placement due to the facility's status as an institution for mental diseases (IMD), the county shall pay 20 percent of the nonfederal share of costs that have exceeded 90 days. This clause is subject to chapter 256G.

For counties that participate in a Medicaid demonstration project under sections 256B.69 and 256B.71, the division of the nonfederal share of medical assistance expenses for payments made to prepaid health plans or for payments made to health maintenance organizations in the form of prepaid capitation payments, this division of medical assistance expenses shall be 95 percent by the state and five percent by the county of financial responsibility.

In counties where prepaid health plans are under contract to the commissioner to provide services to medical assistance recipients, the cost of court ordered treatment ordered without consulting the prepaid health plan that does not include diagnostic evaluation, recommendation, and referral for treatment by the prepaid health plan is the responsibility of the county of financial responsibility.

[For text of subd 1c, see M.S.2002]

Subd. 1d. **Portion of nonfederal share to be paid by certain counties.** (a) In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance cost. For purposes of this subdivision, "designated governmental unit" means the counties of Becker, Beltrami, Clearwater, Cook, Dodge, Hubbard, Itasca, Lake, Pennington, Pipestone, Ramsey, St. Louis, Steele, Todd, Traverse, and Wadena.

(b) Beginning in 1994, each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county on that date, with the county named as licensee, multiplied by $5,723. If two or more counties own and operate a nursing home, the payment shall be prorated. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs.

(c) Beginning in 2002, in addition to any transfer under paragraph (b), each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county on that date, with the county named as licensee, multiplied by $10,784. The provisions of paragraph (b) apply to transfers under this paragraph.

(d) Beginning in 2003, in addition to any transfer under paragraphs (b) and (c), each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county on that date, with the county named as licensee, multiplied by $2,230. The provisions of paragraph (b) apply to transfers under this paragraph.

(e) The commissioner may reduce the intergovernmental transfers under paragraphs (c) and (d) based on the commissioner's determination of the payment rate in

section 256B.431, subdivision 23, paragraphs (c), (d), and (e). Any adjustments must be made on a per-bed basis and must result in an amount equivalent to the total amount resulting from the rate adjustment in section 256B.431, subdivision 23, paragraphs (c), (d), and (e).

256B.195 ADDITIONAL INTERGOVERNMENTAL TRANSFERS; HOSPITAL PAYMENTS.

[For text of subds 1 and 2, see M.S.2002]

Subd. 3. **Payments to certain safety net providers.** (a) Effective July 15, 2001, the commissioner shall make the following payments to the hospitals indicated after noon on the 15th of each month:

(1) to Hennepin County Medical Center, any federal matching funds available to match the payments received by the medical center under subdivision 2, to increase payments for medical assistance admissions and to recognize higher medical assistance costs in institutions that provide high levels of charity care; and

(2) to Regions Hospital, any federal matching funds available to match the payments received by the hospital under subdivision 2, to increase payments for medical assistance admissions and to recognize higher medical assistance costs in institutions that provide high levels of charity care.

(b) Effective July 15, 2001, the following percentages of the transfers under subdivision 2 shall be retained by the commissioner for deposit each month into the general fund:

(1) 18 percent, plus any federal matching funds, shall be allocated for the following purposes:

(i) during the fiscal year beginning July 1, 2001, of the amount available under this clause, 39.7 percent shall be allocated to make increased hospital payments under section 256.969, subdivision 26; 34.2 percent shall be allocated to fund the amounts due from small rural hospitals, as defined in section 144.148, for overpayments under section 256.969, subdivision 5a, resulting from a determination that medical assistance and general assistance payments exceeded the charge limit during the period from 1994 to 1997; and 26.1 percent shall be allocated to the commissioner of health for rural hospital capital improvement grants under section 144.148; and

(ii) during fiscal years beginning on or after July 1, 2002, of the amount available under this clause, 55 percent shall be allocated to make increased hospital payments under section 256.969, subdivision 26, and 45 percent shall be allocated to the commissioner of health for rural hospital capital improvement grants under section 144.148; and

(2) 11 percent shall be allocated to the commissioner of health to fund community clinic grants under section 145.9268.

(c) This subdivision shall apply to fee-for-service payments only and shall not increase capitation payments or payments made based on average rates.

(d) Medical assistance rate or payment changes, including those required to obtain federal financial participation under section 62J.692, subdivision 8, shall precede the determination of intergovernmental transfer amounts determined in this subdivision. Participation in the intergovernmental transfer program shall not result in the offset of any health care provider's receipt of medical assistance payment increases other than limits resulting from hospital-specific charge limits and limits on disproportionate share hospital payments.

(e) Effective July 1, 2003, if the amount available for allocation under paragraph (b) is greater than the amounts available during March 2003, after any increase in intergovernmental transfers and payments that result from section 256.969, subdivision 3a, paragraph (c), are paid to the general fund, any additional amounts available under

this subdivision after reimbursement of the transfers under subdivision 2 shall be allocated to increase medical assistance payments, subject to hospital-specific charge limits and limits on disproportionate share hospital payments, as follows:

(1) if the payments under subdivision 5 are approved, the amount shall be paid to the largest ten percent of hospitals as measured by 2001 payments for medical assistance, general assistance medical care, and MinnesotaCare in the nonstate government hospital category. Payments shall be allocated according to each hospital's proportionate share of the 2001 payments; or

(2) if the payments under subdivision 5 are not approved, the amount shall be paid to the largest ten percent of hospitals as measured by 2001 payments for medical assistance, general assistance medical care, and MinnesotaCare in the nonstate government category and to the largest ten percent of hospitals as measured by payments for medical assistance, general assistance medical care, and MinnesotaCare in the nongovernment hospital category. Payments shall be allocated according to each hospital's proportionate share of the 2001 payments in their respective category of nonstate government and nongovernment. The commissioner shall determine which hospitals are in the nonstate government and nongovernment hospital categories.

[For text of subd 4, see M.S.2002]

Subd. 5. **Inclusion of Fairview University Medical Center.** (a) Upon federal approval of the payments in paragraph (b), the commissioner shall establish an intergovernmental transfer with the University of Minnesota in an amount determined by the commissioner based on the amount of Medicare upper payment limit available for nongovernment hospitals adjusted by hospital-specific charge limits and the amount available under the hospital-specific disproportionate share limit.

(b) Effective July 1, 2003, the commissioner shall increase payments for medical assistance admissions at Fairview University Medical Center by 71 percent of the transfer plus any federal matching payments on that amount, to increase payments for medical assistance admissions and to recognize higher medical assistance costs in institutions that provide high levels of charity care. Twenty-nine percent of the transfer plus federal matching funds available as a result of the transfers in subdivision 5 shall be paid to the largest ten percent of hospitals in the nongovernment hospital category as measured by 2001 payments for medical assistance, general assistance medical care, and MinnesotaCare. Payments shall be allocated according to each hospital's proportionate share of the 2001 payments. The commissioner shall determine which hospitals are in the nongovernment hospital category.

History: *1Sp2003 c 14 art 12 s 53,54*

256B.20 COUNTY APPROPRIATIONS.

The providing of funds necessary to carry out the provisions hereof on the part of the counties and the manner of administering the funds of the counties and the state shall be as follows:

(1) The board of county commissioners of each county shall annually set up in its budget an item designated as the county medical assistance fund and levy taxes and fix a rate therefor sufficient to produce the full amount of such item, in addition to all other tax levies and tax rate, however fixed or determined, sufficient to carry out the provisions hereof and sufficient to pay in full the county share of assistance and administrative expense for the ensuing year; and annually on or before October 10 shall certify the same to the county auditor to be entered by the auditor on the tax rolls. Such tax levy and tax rate shall make proper allowance and provision for shortage in tax collections.

(2) Any county may transfer surplus funds from any county fund, except the sinking or ditch fund, to the general fund or to the county medical assistance fund in order to provide money necessary to pay medical assistance awarded hereunder. The money so transferred shall be used for no other purpose, but any portion thereof no longer needed for such purpose shall be transferred back to the fund from which taken.

(3) Upon the order of the county agency the county auditor shall draw a warrant on the proper fund in accordance with the order, and the county treasurer shall pay out the amounts ordered to be paid out as medical assistance hereunder. When necessary by reason of failure to levy sufficient taxes for the payment of the medical assistance in the county, the county auditor shall carry any such payments as an overdraft on the medical assistance funds of the county until sufficient tax funds shall be provided for such assistance payments. The board of county commissioners shall include in the tax levy and tax rate in the year following the year in which such overdraft occurred, an amount sufficient to liquidate such overdraft in full.

(4) Claims for reimbursement and reports shall be presented to the state agency by the respective counties as required under section 256.01, subdivision 2, paragraph (17). The state agency shall audit such claims and certify to the commissioner of finance the amounts due the respective counties without delay. The amounts so certified shall be paid within ten days after such certification, from the state treasury upon warrant of the commissioner of finance from any money available therefor. The money available to the state agency to carry out the provisions hereof, including all federal funds available to the state, shall be kept and deposited by the commissioner of finance in the revenue fund and disbursed upon warrants in the same manner as other state funds.

History: *2003 c 112 art 2 s 50*

256B.32 FACILITY FEE FOR OUTPATIENT HOSPITAL EMERGENCY ROOM AND CLINIC VISITS.

Subdivision 1. **Facility fee payment.** (a) The commissioner shall establish a facility fee payment mechanism that will pay a facility fee to all enrolled outpatient hospitals for each emergency room or outpatient clinic visit provided on or after July 1, 1989. This payment mechanism may not result in an overall increase in outpatient payment rates. This section does not apply to federally mandated maximum payment limits, department-approved program packages, or services billed using a nonoutpatient hospital provider number.

(b) For fee-for-service services provided on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for outpatient hospital facility services is reduced by .5 percent from the current statutory rates.

(c) In addition to the reduction in paragraph (b), the total payment for fee-for-service services provided on or after July 1, 2003, made to hospitals for outpatient hospital facility services before third-party liability and spenddown, is reduced five percent from the current statutory rates. Facilities defined under section 256.969, subdivision 16, are excluded from this paragraph.

History: *1Sp2003 c 14 art 12 s 55*

256B.431 RATE DETERMINATION.

[For text of subds 1 to 2o, see M.S.2002]

Subd. 2r. **Payment restrictions on leave days.** Effective July 1, 1993, the commissioner shall limit payment for leave days in a nursing facility to 79 percent of that nursing facility's total payment rate for the involved resident. For services rendered on or after July 1, 2003, for facilities reimbursed under this section or section 256B.434, the commissioner shall limit payment for leave days in a nursing facility to 60 percent of that nursing facility's total payment rate for the involved resident.

[For text of subd 2s, see M.S.2002]

Subd. 2t. **Payment limitation.** For services rendered on or after July 1, 2003, for facilities reimbursed under this section or section 256B.434, the Medicaid program shall only pay a co-payment during a Medicare-covered skilled nursing facility stay if the Medicare rate less the resident's co-payment responsibility is less than the Medicaid

RUG-III case-mix payment rate. The amount that shall be paid by the Medicaid program is equal to the amount by which the Medicaid RUG-III case-mix payment rate exceeds the Medicare rate less the co-payment responsibility. Health plans paying for nursing home services under section 256B.69, subdivision 6a, may limit payments as allowed under this subdivision.

[For text of subds 3a to 16, see M.S.2002]

Subd. 17. **Special provisions for moratorium exceptions.** Notwithstanding Minnesota Rules, part 9549.0060, subpart 3, for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility that (1) has completed a construction project approved under section 144A.071, subdivision 4a, clause (m); (2) has completed a construction project approved under section 144A.071, subdivision 4a, and effective after June 30, 1995; (3) has completed a construction project approved under section 144A.071, subdivision 4c; or (4) has completed a renovation, replacement, or upgrading project approved under the moratorium exception process in section 144A.073 shall be reimbursed for costs directly identified to that project as provided in subdivision 16 and subdivisions 17 to 17f.

Subd. 17a. **Allowable interest expense.** (a) Notwithstanding Minnesota Rules, part 9549.0060, subparts 5, item A, subitems (1) and (3), and 7, item D, allowable interest expense on debt shall include:

(1) interest expense on debt related to the cost of purchasing or replacing depreciable equipment, excluding vehicles, not to exceed six percent of the total historical cost of the project; and

(2) interest expense on debt related to financing or refinancing costs, including costs related to points, loan origination fees, financing charges, legal fees, and title searches; and issuance costs including bond discounts, bond counsel, underwriter's counsel, corporate counsel, printing, and financial forecasts. Allowable debt related to items in this clause shall not exceed seven percent of the total historical cost of the project. To the extent these costs are financed, the straight-line amortization of the costs in this clause is not an allowable cost; and

(3) interest on debt incurred for the establishment of a debt reserve fund, net of the interest earned on the debt reserve fund.

(b) Debt incurred for costs under paragraph (a) is not subject to Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (5) or (6).

Subd. 17b. **Property-related payment rate.** The incremental increase in a nursing facility's rental rate, determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, resulting from the acquisition of allowable capital assets, and allowable debt and interest expense under this subdivision shall be added to its property-related payment rate and shall be effective on the first day of the month following the month in which the moratorium project was completed.

Subd. 17c. **Replacement-costs-new per bed limit.** Notwithstanding subdivision 3f, paragraph (a), for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the replacement-costs-new per bed limit to be used in Minnesota Rules, part 9549.0060, subpart 4, item B, for a nursing facility that has completed a renovation, replacement, or upgrading project that has been approved under the moratorium exception process in section 144A.073, or that has completed an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost exceeds the lesser of $150,000 or ten percent of the most recent appraised value, must be $47,500 per licensed bed in multiple-bed rooms and $71,250 per licensed bed in a single-bed room. These amounts must be adjusted annually as specified in subdivision 3f, paragraph (a), beginning January 1, 1993.

Subd. 17d. **Determination of rental per diem for total replacement projects.** (a) For purposes of this subdivision, a total replacement means the complete replacement of the nursing facility's physical plant through the construction of a new physical plant, the transfer of the nursing facility's license from one physical plant location to another, or a new building addition to relocate beds from three- and four-bed wards. For total

replacement projects completed on or after July 1, 1992, the commissioner shall compute the incremental change in the nursing facility's rental per diem, for rate years beginning on or after July 1, 1995, by replacing its appraised value, including the historical capital asset costs, and the capital debt and interest costs with the new nursing facility's allowable capital asset costs and the related allowable capital debt and interest costs. If the new nursing facility has decreased its licensed capacity, the aggregate investment per bed limit in subdivision 3a, paragraph (c), shall apply.

(b) If the new nursing facility has retained a portion of the original physical plant for nursing facility usage, then a portion of the appraised value prior to the replacement must be retained and included in the calculation of the incremental change in the nursing facility's rental per diem. For purposes of this subdivision, the original nursing facility means the nursing facility prior to the total replacement project. The portion of the appraised value to be retained shall be calculated according to clauses (1) to (3):

(1) The numerator of the allocation ratio shall be the square footage of the area in the original physical plant which is being retained for nursing facility usage.

(2) The denominator of the allocation ratio shall be the total square footage of the original nursing facility physical plant.

(3) Each component of the nursing facility's allowable appraised value prior to the total replacement project shall be multiplied by the allocation ratio developed by dividing clause (1) by clause (2).

(c) In the case of either type of total replacement as authorized under section 144A.071 or 144A.073, the provisions of subdivisions 17 to 17f shall also apply.

(d) For purposes of the moratorium exception authorized under section 144A.071, subdivision 4a, paragraph (s), if the total replacement involves the renovation and use of an existing health care facility physical plant, the new allowable capital asset costs and related debt and interest costs shall include first the allowable capital asset costs and related debt and interest costs of the renovation, to which shall be added the allowable capital asset costs of the existing physical plant prior to the renovation, and if reported by the facility, the related allowable capital debt and interest costs.

Subd. 17e. **Replacement-costs-new per bed limit effective July 1, 2001.** Notwithstanding Minnesota Rules, part 9549.0060, subpart 11, item C, subitem (2), for a total replacement, as defined in paragraph (f), authorized under section 144A.071 or 144A.073 after July 1, 1999, or any building project that is a relocation, renovation, upgrading, or conversion completed on or after July 1, 2001, the replacement-costs-new per bed limit shall be $74,280 per licensed bed in multiple-bed rooms, $92,850 per licensed bed in semiprivate rooms with a fixed partition separating the resident beds, and $111,420 per licensed bed in single rooms. Minnesota Rules, part 9549.0060, subpart 11, item C, subitem (2), does not apply. These amounts must be adjusted annually as specified in subdivision 3f, paragraph (a), beginning January 1, 2000.

Subd. 17f. **Provisions for specific facilities.** (a) For a total replacement, as defined in subdivision 17d, authorized under section 144A.073 for a 96-bed nursing home in Carlton County, the replacement-costs-new per bed limit shall be $74,280 per licensed bed in multiple-bed rooms, $92,850 per licensed bed in semiprivate rooms with a fixed partition separating the resident's beds, and $111,420 per licensed bed in a single room. Minnesota Rules, part 9549.0060, subpart 11, item C, subitem (2), does not apply. The resulting maximum allowable replacement-costs-new multiplied by 1.25 shall constitute the project's dollar threshold for purposes of application of the limit set forth in section 144A.071, subdivision 2. The commissioner of health may waive the requirements of section 144A.073, subdivision 3b, paragraph (b), clause (2), on the condition that the other requirements of that paragraph are met.

(b) For a renovation authorized under section 144A.073 for a 65-bed nursing home in St. Louis County, the incremental increase in rental rate for purposes of subdivision 17b shall be $8.16, and the total replacement cost, allowable appraised value, allowable debt, and allowable interest shall be increased according to the incremental increase.

(c) For a total replacement, as defined in subdivision 17d, authorized under section 144A.073 involving a new building addition that relocates beds from three-bed

wards for an 80-bed nursing home in Redwood County, the replacement-costs-new per bed limit shall be $74,280 per licensed bed for multiple-bed rooms; $92,850 per licensed bed for semiprivate rooms with a fixed partition separating the beds; and $111,420 per licensed bed for single rooms. These amounts shall be adjusted annually, beginning January 1, 2001. Minnesota Rules, part 9549.0060, subpart 11, item C, subitem (2), does not apply. The resulting maximum allowable replacement-costs-new multiplied by 1.25 shall constitute the project's dollar threshold for purposes of application of the limit set forth in section 144A.071, subdivision 2. The commissioner of health may waive the requirements of section 144A.073, subdivision 3b, paragraph (b), clause (2), on the condition that the other requirements of that paragraph are met.

[For text of subds 18 to 22, see M.S.2002]

Subd. 23. **County nursing home payment adjustments.** (a) Beginning in 1994, the commissioner shall pay a nursing home payment adjustment on May 31 after noon to a county in which is located a nursing home that, on that date, was county-owned and operated, with the county named as licensee by the commissioner of health, and had over 40 beds and medical assistance occupancy in excess of 50 percent during the reporting year ending September 30, 1991. The adjustment shall be an amount equal to $16 per calendar day multiplied by the number of beds licensed in the facility on that date.

(b) Payments under paragraph (a) are excluded from medical assistance per diem rate calculations. These payments are required notwithstanding any rule prohibiting medical assistance payments from exceeding payments from private pay residents. A facility receiving a payment under paragraph (a) may not increase charges to private pay residents by an amount equivalent to the per diem amount payments under paragraph (a) would equal if converted to a per diem.

(c) Beginning in 2002, in addition to any payment under paragraph (a), the commissioner shall pay to a nursing facility described in paragraph (a) an adjustment in an amount equal to $29.55 per calendar day multiplied by the number of beds licensed in the facility on that date. The provisions of paragraphs (a) and (b) apply to payments under this paragraph.

(d) Beginning in 2003, in addition to any payment under paragraphs (a) and (c), the commissioner shall pay to a nursing facility described in paragraph (a) an adjustment in an amount equal to $6.11 per calendar day multiplied by the number of beds licensed in the facility on that date. The provisions of paragraphs (a) and (b) apply to payments under this paragraph.

(e) The commissioner may reduce payments under paragraphs (c) and (d) based on the commissioner's determination of Medicare upper payment limits. Any adjustments must be proportional to adjustments made under section 256B.19, subdivision 1d, paragraph (e).

[For text of subds 25 to 31, see M.S.2002]

Subd. 32. **Payment during first 90 days.** (a) For rate years beginning on or after July 1, 2001, the total payment rate for a facility reimbursed under this section, section 256B.434, or any other section for the first 90 paid days after admission shall be:

(1) for the first 30 paid days, the rate shall be 120 percent of the facility's medical assistance rate for each case mix class;

(2) for the next 60 paid days after the first 30 paid days, the rate shall be 110 percent of the facility's medical assistance rate for each case mix class;

(3) beginning with the 91st paid day after admission, the payment rate shall be the rate otherwise determined under this section, section 256B.434, or any other section; and

(4) payments under this paragraph apply to admissions occurring on or after July 1, 2001, and before July 1, 2003, and to resident days occurring before July 30, 2003.

(b) For rate years beginning on or after July 1, 2003, the total payment rate for a facility reimbursed under this section, section 256B.434, or any other section shall be:

(1) for the first 30 calendar days after admission, the rate shall be 120 percent of the facility's medical assistance rate for each RUG class;

(2) beginning with the 31st calendar day after admission, the payment rate shall be the rate otherwise determined under this section, section 256B.434, or any other section; and

(3) payments under this paragraph apply to admissions occurring on or after July 1, 2003.

(c) Effective January 1, 2004, the enhanced rates under this subdivision shall not be allowed if a resident has resided during the previous 30 calendar days in:

(1) the same nursing facility;

(2) a nursing facility owned or operated by a related party; or

(3) a nursing facility or part of a facility that closed.

[For text of subds 33 to 35, see M.S.2002]

Subd. 36. **Employee scholarship costs and training in English as a second language.** (a) For the period between July 1, 2001, and June 30, 2003, the commissioner shall provide to each nursing facility reimbursed under this section, section 256B.434, or any other section, a scholarship per diem of 25 cents to the total operating payment rate to be used:

(1) for employee scholarships that satisfy the following requirements:

(i) scholarships are available to all employees who work an average of at least 20 hours per week at the facility except the administrator, department supervisors, and registered nurses; and

(ii) the course of study is expected to lead to career advancement with the facility or in long-term care, including medical care interpreter services and social work; and

(2) to provide job-related training in English as a second language.

(b) A facility receiving a rate adjustment under this subdivision may submit to the commissioner on a schedule determined by the commissioner and on a form supplied by the commissioner a calculation of the scholarship per diem, including: the amount received from this rate adjustment; the amount used for training in English as a second language; the number of persons receiving the training; the name of the person or entity providing the training; and for each scholarship recipient, the name of the recipient, the amount awarded, the educational institution attended, the nature of the educational program, the program completion date, and a determination of the per diem amount of these costs based on actual resident days.

(c) On July 1, 2003, the commissioner shall remove the 25 cent scholarship per diem from the total operating payment rate of each facility.

(d) For rate years beginning after June 30, 2003, the commissioner shall provide to each facility the scholarship per diem determined in paragraph (b). In calculating the per diem under paragraph (b), the commissioner shall allow only costs related to tuition and direct educational expenses.

[For text of subd 37, see M.S.2002]

Subd. 38. **Nursing home rate increases effective in fiscal year 2003.** Effective June 1, 2003, the commissioner shall provide to each nursing home reimbursed under this section or section 256B.434, an increase in each case mix payment rate equal to the increase in the per-bed surcharge paid under section 256.9657, subdivision 1, paragraph (d), divided by 365 and further divided by .90. The increase shall not be subject to any annual percentage increase. The 30-day advance notice requirement in section 256B.47, subdivision 2, shall not apply to rate increases resulting from this section. The commissioner shall not adjust the rate increase under this subdivision unless the adjustment is greater than 1.5 percent of the monthly surcharge payment amount under section 256.9657, subdivision 4.

Subd. 39. **Facility rates beginning on or after July 1, 2003.** For rate years beginning on or after July 1, 2003, nursing facilities reimbursed under this section shall

have their July 1 operating payment rate be equal to their operating payment rate in effect on the prior June 30th.

History: *2003 c 9 s 2; 2003 c 16 s 2; 1Sp2003 c 14 art 2 s 30-35*

256B.434 CONTRACTUAL ALTERNATIVE PAYMENT DEMONSTRATION PROJECT FOR NURSING HOMES.

[For text of subds 1 to 3, see M.S.2002]

Subd. 4. **Alternate rates for nursing facilities.** (a) For nursing facilities which have their payment rates determined under this section rather than section 256B.431, the commissioner shall establish a rate under this subdivision. The nursing facility must enter into a written contract with the commissioner.

(b) A nursing facility's case mix payment rate for the first rate year of a facility's contract under this section is the payment rate the facility would have received under section 256B.431.

(c) A nursing facility's case mix payment rates for the second and subsequent years of a facility's contract under this section are the previous rate year's contract payment rates plus an inflation adjustment and, for facilities reimbursed under this section or section 256B.431, an adjustment to include the cost of any increase in Health Department licensing fees for the facility taking effect on or after July 1, 2001. The index for the inflation adjustment must be based on the change in the Consumer Price Index-All Items (United States City average) (CPI-U) forecasted by the commissioner of finance's national economic consultant, as forecasted in the fourth quarter of the calendar year preceding the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined. For the rate years beginning on July 1, 1999, July 1, 2000, July 1, 2001, July 1, 2002, July 1, 2003, and July 1, 2004, this paragraph shall apply only to the property-related payment rate, except that adjustments to include the cost of any increase in Health Department licensing fees taking effect on or after July 1, 2001, shall be provided. In determining the amount of the property-related payment rate adjustment under this paragraph, the commissioner shall determine the proportion of the facility's rates that are property-related based on the facility's most recent cost report.

(d) The commissioner shall develop additional incentive-based payments of up to five percent above the standard contract rate for achieving outcomes specified in each contract. The specified facility-specific outcomes must be measurable and approved by the commissioner. The commissioner may establish, for each contract, various levels of achievement within an outcome. After the outcomes have been specified the commissioner shall assign various levels of payment associated with achieving the outcome. Any incentive-based payment cancels if there is a termination of the contract. In establishing the specified outcomes and related criteria the commissioner shall consider the following state policy objectives:

(1) improved cost effectiveness and quality of life as measured by improved clinical outcomes;

(2) successful diversion or discharge to community alternatives;

(3) decreased acute care costs;

(4) improved consumer satisfaction;

(5) the achievement of quality; or

(6) any additional outcomes proposed by a nursing facility that the commissioner finds desirable.

[For text of subds 4a to 9, see M.S.2002]

Subd. 10. **Exemptions.** (a) To the extent permitted by federal law, (1) a facility that has entered into a contract under this section is not required to file a cost report, as defined in Minnesota Rules, part 9549.0020, subpart 13, for any year after the base year that is the basis for the calculation of the contract payment rate for the first rate year

of the alternative payment demonstration project contract; and (2) a facility under contract is not subject to audits of historical costs or revenues, or paybacks or retroactive adjustments based on these costs or revenues, except audits, paybacks, or adjustments relating to the cost report that is the basis for calculation of the first rate year under the contract.

(b) A facility that is under contract with the commissioner under this section is not subject to the moratorium on licensure or certification of new nursing home beds in section 144A.071, unless the project results in a net increase in bed capacity or involves relocation of beds from one site to another. Contract payment rates must not be adjusted to reflect any additional costs that a nursing facility incurs as a result of a construction project undertaken under this paragraph. In addition, as a condition of entering into a contract under this section, a nursing facility must agree that any future medical assistance payments for nursing facility services will not reflect any additional costs attributable to the sale of a nursing facility under this section and to construction undertaken under this paragraph that otherwise would not be authorized under the moratorium in section 144A.073. Nothing in this section prevents a nursing facility participating in the alternative payment demonstration project under this section from seeking approval of an exception to the moratorium through the process established in section 144A.073, and if approved the facility's rates shall be adjusted to reflect the cost of the project. Nothing in this section prevents a nursing facility participating in the alternative payment demonstration project from seeking legislative approval of an exception to the moratorium under section 144A.071, and, if enacted, the facility's rates shall be adjusted to reflect the cost of the project.

(c) Notwithstanding section 256B.48, subdivision 6, paragraphs (c), (d), and (e), and pursuant to any terms and conditions contained in the facility's contract, a nursing facility that is under contract with the commissioner under this section is in compliance with section 256B.48, subdivision 6, paragraph (b), if the facility is Medicare certified.

(d) Notwithstanding paragraph (a), if by April 1, 1996, the health care financing administration has not approved a required waiver, or the Centers for Medicare and Medicaid Services otherwise requires cost reports to be filed prior to the waiver's approval, the commissioner shall require a cost report for the rate year.

(e) A facility that is under contract with the commissioner under this section shall be allowed to change therapy arrangements from an unrelated vendor to a related vendor during the term of the contract. The commissioner may develop reasonable requirements designed to prevent an increase in therapy utilization for residents enrolled in the medical assistance program.

(f) Nursing facilities participating in the alternative payment system demonstration project must either participate in the alternative payment system quality improvement program established by the commissioner or submit information on their own quality improvement process to the commissioner for approval. Nursing facilities that have had their own quality improvement process approved by the commissioner must report results for at least one key area of quality improvement annually to the commissioner.

History: *2003 c 55 s 4; 1Sp2003 c 14 art 2 s 36,37,57*

256B.435 NURSING FACILITY REIMBURSEMENT SYSTEM EFFECTIVE JULY 1, 2001.

[For text of subds 1 to 2, see M.S.2002]

Subd. 2a. **Duration and termination of contracts.** (a) All contracts entered into under this section are for a term of one year. Either party may terminate this contract at any time without cause by providing 90 calendar days' advance written notice to the other party. Notwithstanding section 16C.05, subdivisions 2, paragraph (b), and 5, if neither party provides written notice of termination, the contract shall be renegotiated for additional one-year terms or the terms of the existing contract will be extended for one year. The provisions of the contract shall be renegotiated annually by the parties

prior to the expiration date of the contract. The parties may voluntarily renegotiate the terms of the contract at any time by mutual agreement.

(b) If a nursing facility fails to comply with the terms of a contract, the commissioner shall provide reasonable notice regarding the breach of contract and a reasonable opportunity for the facility to come into compliance. If the facility fails to come into compliance or to remain in compliance, the commissioner may terminate the contract. If a contract is terminated, provisions of section 256B.48, subdivision 1a, shall apply.

256B.47 NONALLOWABLE COSTS; NOTICE OF INCREASES TO PRIVATE PAYING RESIDENTS; ALLOCATION OF COSTS.

[For text of subd 1, see M.S.2002]

Subd. 2. **Notice to residents.** (a) No increase in nursing facility rates for private paying residents shall be effective unless the nursing facility notifies the resident or person responsible for payment of the increase in writing 30 days before the increase takes effect.

A nursing facility may adjust its rates without giving the notice required by this subdivision when the purpose of the rate adjustment is to reflect a change in the case-mix classification of the resident. If the state fails to set rates as required by section 256B.431, subdivision 1, the time required for giving notice is decreased by the number of days by which the state was late in setting the rates.

(b) If the state does not set rates by the date required in section 256B.431, subdivision 1, nursing facilities shall meet the requirement for advance notice by informing the resident or person responsible for payments, on or before the effective date of the increase, that a rate increase will be effective on that date. If the exact amount has not yet been determined, the nursing facility may raise the rates by the amount anticipated to be allowed. Any amounts collected from private pay residents in excess of the allowable rate must be repaid to private pay residents with interest at the rate used by the commissioner of revenue for the late payment of taxes and in effect on the date the rate increase is effective.

256B.49 CHRONICALLY ILL CHILDREN AND DISABLED PERSONS; HOME AND COMMUNITY-BASED WAIVER STUDY AND APPLICATION.

[For text of subds 11 to 14, see M.S.2002]

Subd. 15. **Individualized service plan.** (a) Each recipient of home and community-based waivered services shall be provided a copy of the written service plan which:

(1) is developed and signed by the recipient within ten working days of the completion of the assessment;

(2) meets the assessed needs of the recipient;

(3) reasonably ensures the health and safety of the recipient;

(4) promotes independence;

(5) allows for services to be provided in the most integrated settings; and

(6) provides for an informed choice, as defined in section 256B.77, subdivision 2, paragraph (p), of service and support providers.

(b) When a county is evaluating denials, reductions, or terminations of home and community-based services under section 256B.49 for an individual, the case manager shall offer to meet with the individual or the individual's guardian in order to discuss the prioritization of service needs within the individualized service plan. The reduction in the authorized services for an individual due to changes in funding for waivered services may not exceed the amount needed to ensure medically necessary services to meet the individual's health, safety, and welfare.

History: *1Sp2003 c 14 art 3 s 46*

256B.501 RATES FOR COMMUNITY-BASED SERVICES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.

Subdivision 1. **Definitions.** For the purposes of this section, the following terms have the meaning given them.

(a) "Commissioner" means the commissioner of human services.

(b) "Facility" means a facility licensed as a mental retardation residential facility under section 252.28, licensed as a supervised living facility under chapter 144, and certified as an intermediate care facility for persons with mental retardation or related conditions. The term does not include a state regional treatment center.

(c) "Habilitation services" means health and social services directed toward increasing and maintaining the physical, intellectual, emotional, and social functioning of persons with mental retardation or related conditions. Habilitation services include therapeutic activities, assistance, training, supervision, and monitoring in the areas of self-care, sensory and motor development, interpersonal skills, communication, socialization, reduction or elimination of maladaptive behavior, community living and mobility, health care, leisure and recreation, money management, and household chores.

(d) "Services during the day" means services or supports provided to a person that enables the person to be fully integrated into the community. Services during the day must include habilitation services, and may include a variety of supports to enable the person to exercise choices for community integration and inclusion activities. Services during the day may include, but are not limited to: supported work, support during community activities, community volunteer opportunities, adult day care, recreational activities, and other individualized integrated supports.

(e) "Waivered service" means home or community-based service authorized under United States Code, title 42, section 1396n(c), as amended through December 31, 1987, and defined in the Minnesota state plan for the provision of medical assistance services. Waivered services include, at a minimum, case management, family training and support, developmental training homes, supervised living arrangements, semi-independent living services, respite care, and training and habilitation services.

[For text of subds 2 to 3l, see M.S.2002]

Subd. 3m. **Services during the day.** When establishing a rate for services during the day, the commissioner shall ensure that these services comply with active treatment requirements for persons residing in an ICF/MR as defined under federal regulations and shall ensure that services during the day for eligible persons are not provided by the person's residential service provider, unless the person or the person's legal representative is offered a choice of providers and agrees in writing to provision of services during the day by the residential service provider, consistent with the individual service plan. The individual service plan for individuals who choose to have their residential service provider provide their services during the day must describe how health, safety, protection, and habilitation needs will be met, including how frequent and regular contact with persons other than the residential service provider will occur.

The individualized service plan must address the provision of services during the day outside the residence.

[For text of subds 4 to 10, see M.S.2002]

Subd. 11. **Investment per bed limits, interest expense limitations, and arm's-length leases.** (a) The provisions of Minnesota Rules, part 9553.0075, except as modified under this subdivision, shall apply to newly constructed or established facilities that are certified for medical assistance on or after May 1, 1990.

(b) For purposes of establishing payment rates under this subdivision and Minnesota Rules, parts 9553.0010 to 9553.0080, the term "newly constructed or newly established" means a facility (1) for which a need determination has been approved by the commissioner under sections 252.28 and 252.291; (2) whose program is newly licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, and certified under Code of Federal Regulations, title 42, section 442.400, et seq.; and (3) that is part of a proposal that meets the requirements of section 252.291, subdivision 2, paragraph (2). The term does not include a facility for which a need determination was granted solely for other reasons such as the relocation of a facility; a change in the facility's name, program, number of beds, type of beds, or ownership; or the sale of a facility, unless the relocation of a facility to one or more service sites is the result of a closure of a facility under section 252.292, in which case clause (3) shall not apply. The term does include a facility that converts more than 50 percent of its licensed beds from class A to class B residential or class B institutional to serve persons discharged from state regional treatment centers on or after May 1, 1990, in which case clause (3) does not apply.

(c) Newly constructed or newly established facilities that are certified for medical assistance on or after May 1, 1990, shall be allowed the capital asset investment per bed limits as provided in clauses (1) to (4).

(1) The 1990 calendar year investment per bed limit for a facility's land must not exceed $5,700 per bed for newly constructed or newly established facilities in Hennepin, Ramsey, Anoka, Washington, Dakota, Scott, Carver, Chisago, Isanti, Wright, Benton, Sherburne, Stearns, St. Louis, Clay, and Olmsted counties, and must not exceed $3,000 per bed for newly constructed or newly established facilities in other counties.

(2) The 1990 calendar year investment per bed limit for a facility's depreciable capital assets must not exceed $44,800 for class B residential beds, and $45,200 for class B institutional beds.

(3) The investment per bed limit in clause (2) must not be used in determining the three-year average percentage increase adjustment in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (4), for facilities that were newly constructed or newly established before May 1, 1990.

(4) The investment per bed limits in clause (2) and Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2) shall be adjusted annually beginning January 1, 1991, and each January 1 following, as provided in Minnesota Rules, part 9553.0060, subpart 1, item C, subitem (2), except that the index utilized will be the Bureau of the Census: Composite Fixed-Weighted Price Index as published in the Survey of Current Business.

(d) A newly constructed or newly established facility's interest expense limitation as provided for in Minnesota Rules, part 9553.0060, subpart 3, item F, on capital debt for capital assets acquired during the interim or settle-up period, shall be increased by 2.5 percentage points for each full .25 percentage points that the facility's interest rate on its mortgage is below the maximum interest rate as established in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2). For all following rate periods, the interest expense limitation on capital debt in Minnesota Rules, part 9553.0060, subpart 3, item F, shall apply to the facility's capital assets acquired, leased, or constructed after the interim or settle-up period. If a newly constructed or newly established facility is

acquired by the state, the limitations of this paragraph and Minnesota Rules, part 9553.0060, subpart 3, item F, shall not apply.

(e) If a newly constructed or newly established facility is leased with an arm's-length lease as provided for in Minnesota Rules, part 9553.0060, subpart 7, the lease agreement shall be subject to the following conditions:

(1) the term of the lease, including option periods, must not be less than 20 years;

(2) the maximum interest rate used in determining the present value of the lease must not exceed the lesser of the interest rate limitation in Minnesota Rules, part 9553.0060, subpart 2, item A, subitem (2), or 16 percent; and

(3) the residual value used in determining the net present value of the lease must be established using the provisions of Minnesota Rules, part 9553.0060.

(f) All leases of the physical plant of an intermediate care facility for the mentally retarded shall contain a clause that requires the owner to give the commissioner notice of any requests or orders to vacate the premises 90 days before such vacation of the premises is to take place. In the case of eviction actions, the owner shall notify the commissioner within three days of notice of an eviction action being served upon the tenant. The only exception to this notice requirement is in the case of emergencies where immediate vacation of the premises is necessary to assure the safety and welfare of the residents. In such an emergency situation, the owner shall give the commissioner notice of the request to vacate at the time the owner of the property is aware that the vacating of the premises is necessary. This section applies to all leases entered into after May 1, 1990. Rentals set in leases entered into after that date that do not contain this clause are not allowable costs for purposes of medical assistance reimbursement.

(g) A newly constructed or newly established facility's preopening costs are subject to the provisions of Minnesota Rules, part 9553.0035, subpart 12, and must be limited to only those costs incurred during one of the following periods, whichever is shorter:

(1) between the date the commissioner approves the facility's need determination and 30 days before the date the facility is certified for medical assistance; or

(2) the 12-month period immediately preceding the 30 days before the date the facility is certified for medical assistance.

(h) The development of any newly constructed or newly established facility as defined in this subdivision and projected to be operational after July 1, 1991, by the commissioner of human services shall be delayed until July 1, 1993, except for those facilities authorized by the commissioner as a result of a closure of a facility according to section 252.292 prior to January 1, 1991, or those facilities developed as a result of a receivership of a facility according to section 245A.12. This paragraph does not apply to state-operated community facilities authorized in section 252.50.

256B.5012 ICF/MR PAYMENT SYSTEM IMPLEMENTATION.

[For text of subds 1 to 4, see M.S.2002]

Subd. 5. **Rate increase effective June 1, 2003.** For rate periods beginning on or after June 1, 2003, the commissioner shall increase the total operating payment rate for each facility reimbursed under this section by $3 per day. The increase shall not be subject to any annual percentage increase.

History: *1Sp2003 c 14 art 2 s 38*

256B.5013 PAYMENT RATE ADJUSTMENTS.

[For text of subds 1 to 3, see M.S.2002]

Subd. 4. [Repealed, 1Sp2003 c 14 art 3 s 60]

[For text of subds 5 and 6, see M.S.2002]

Subd. 7. **Rate adjustments for short-term admissions for crisis or specialized medical care.** Beginning July 1, 2003, the commissioner may designate up to 25 beds in ICF/MR facilities statewide for short-term admissions due to crisis care needs or care for medically fragile individuals. The commissioner shall adjust the monthly facility rate to provide payment for vacancies in designated short-term beds by an amount equal to the rate for each recipient residing in a designated bed for up to 15 days per bed per month. The commissioner may designate short-term beds in ICF/MR facilities based on the short-term care needs of a region or county as provided in section 252.28. Nothing in this section shall be construed as limiting payments for short-term admissions of eligible recipients to an ICF/MR that is not designated for short-term admissions for crisis or specialized medical care under this subdivision and does not receive a temporary rate adjustment.

History: *1Sp2003 c 14 art 3 s 49*

256B.5015 PASS-THROUGH OF OTHER SERVICES COSTS.

Subdivision 1. **Day training and habilitation services.** Day training and habilitation services costs shall be paid as a pass-through payment at the lowest rate paid for the comparable services at that site under sections 252.40 to 252.46. The pass-through payments for training and habilitation services shall be paid separately by the commissioner and shall not be included in the computation of the ICF/MR facility total payment rate.

Subd. 2. **Services during the day.** Services during the day, as defined in section 256B.501, but excluding day training and habilitation services, shall be paid as a pass-through payment no later than January 1, 2004. The commissioner shall establish rates for these services, other than day training and habilitation services, at levels that do not exceed 75 percent of a recipient's day training and habilitation service costs prior to the service change.

When establishing a rate for these services, the commissioner shall also consider an individual recipient's needs as identified in the individualized service plan and the person's need for active treatment as defined under federal regulations. The pass-through payments for services during the day shall be paid separately by the commissioner and shall not be included in the computation of the ICF/MR facility total payment rate.

History: *1Sp2003 c 14 art 3 s 50*

256B.5016 ICF/MR MANAGED CARE OPTION.

Subdivision 1. **Managed care pilot.** The commissioner may initiate a capitated risk-based managed care option for services in an intermediate care facility for persons with mental retardation or related conditions according to the terms and conditions of the federal agreement governing the managed care pilot. The commissioner may grant a variance to any of the provisions in sections 256B.501 to 256B.5015 and Minnesota Rules, parts 9525.1200 to 9525.1330 and 9525.1580.

Subd. 2. **Report.** The commissioner shall report to the legislature financial and program results along with a recommendation as to whether the pilot should be expanded.

History: *2003 c 47 s 2*

256B.55 DENTAL ACCESS ADVISORY COMMITTEE.

[For text of subds 1 and 2, see M.S.2002]

Subd. 3. **Duties.** The advisory committee shall provide recommendations on the following:

(1) developing a new model for purchasing, administering, and delivering dental care services to public program recipients based on public health principles;

(2) exploring innovative ways to develop workforce solutions to ensure access to dental care statewide; and

(3) identifying data needed to effectively evaluate the dental care needs of the state.

Subd. 4. **Report.** The commissioner shall submit a report by February 1, 2002, and each February 1 thereafter, summarizing the activities and recommendations of the advisory committee.

Subd. 5. **Sunset.** Notwithstanding section 15.059, subdivision 5, this section expires June 30, 2007.

History: *1Sp2003 c 5 s 6-8*

256B.69 PREPAYMENT DEMONSTRATION PROJECT.

[For text of subd 1, see M.S.2002]

Subd. 2. **Definitions.** For the purposes of this section, the following terms have the meanings given.

(a) "Commissioner" means the commissioner of human services. For the remainder of this section, the commissioner's responsibilities for methods and policies for implementing the project will be proposed by the project advisory committees and approved by the commissioner.

(b) "Demonstration provider" means a health maintenance organization, community integrated service network, or accountable provider network authorized and operating under chapter 62D, 62N, or 62T that participates in the demonstration project according to criteria, standards, methods, and other requirements established for the project and approved by the commissioner. For purposes of this section, a county board, or group of county boards operating under a joint powers agreement, is considered a demonstration provider if the county or group of county boards meets the requirements of section 256B.692. Notwithstanding the above, Itasca County may continue to participate as a demonstration provider until July 1, 2004.

(c) "Eligible individuals" means those persons eligible for medical assistance benefits as defined in sections 256B.055, 256B.056, and 256B.06.

(d) "Limitation of choice" means suspending freedom of choice while allowing eligible individuals to choose among the demonstration providers.

[For text of subds 3 to 3b, see M.S.2002]

Subd. 4. **Limitation of choice.** (a) The commissioner shall develop criteria to determine when limitation of choice may be implemented in the experimental counties. The criteria shall ensure that all eligible individuals in the county have continuing access to the full range of medical assistance services as specified in subdivision 6.

(b) The commissioner shall exempt the following persons from participation in the project, in addition to those who do not meet the criteria for limitation of choice:

(1) persons eligible for medical assistance according to section 256B.055, subdivision 1;

(2) persons eligible for medical assistance due to blindness or disability as determined by the Social Security Administration or the state medical review team, unless:

(i) they are 65 years of age or older; or

(ii) they reside in Itasca County or they reside in a county in which the commissioner conducts a pilot project under a waiver granted pursuant to section 1115 of the Social Security Act;

(3) recipients who currently have private coverage through a health maintenance organization;

(4) recipients who are eligible for medical assistance by spending down excess income for medical expenses other than the nursing facility per diem expense;

(5) recipients who receive benefits under the Refugee Assistance Program, established under United States Code, title 8, section 1522(e);

(6) children who are both determined to be severely emotionally disturbed and receiving case management services according to section 256B.0625, subdivision 20;

(7) adults who are both determined to be seriously and persistently mentally ill and received case management services according to section 256B.0625, subdivision 20;

(8) persons eligible for medical assistance according to section 256B.057, subdivision 10; and

(9) persons with access to cost-effective employer-sponsored private health insurance or persons enrolled in an individual health plan determined to be cost-effective according to section 256B.0625, subdivision 15.

Children under age 21 who are in foster placement may enroll in the project on an elective basis. Individuals excluded under clauses (1), (6), and (7) may choose to enroll on an elective basis. The commissioner may enroll recipients in the prepaid medical assistance program for seniors who are (1) age 65 and over, and (2) eligible for medical assistance by spending down excess income.

(c) The commissioner may allow persons with a one-month spenddown who are otherwise eligible to enroll to voluntarily enroll or remain enrolled, if they elect to prepay their monthly spenddown to the state.

(d) The commissioner may require those individuals to enroll in the prepaid medical assistance program who otherwise would have been excluded under paragraph (b), clauses (1), (3), and (8), and under Minnesota Rules, part 9500.1452, subpart 2, items H, K, and L.

(e) Before limitation of choice is implemented, eligible individuals shall be notified and after notification, shall be allowed to choose only among demonstration providers. The commissioner may assign an individual with private coverage through a health maintenance organization, to the same health maintenance organization for medical assistance coverage, if the health maintenance organization is under contract for medical assistance in the individual's county of residence. After initially choosing a provider, the recipient is allowed to change that choice only at specified times as allowed by the commissioner. If a demonstration provider ends participation in the project for any reason, a recipient enrolled with that provider must select a new provider but may change providers without cause once more within the first 60 days after enrollment with the second provider.

[For text of subd 4b, see M.S.2002]

Subd. 5. **Prospective per capita payment.** The commissioner shall establish the method and amount of payments for services. The commissioner shall annually contract with demonstration providers to provide services consistent with these established methods and amounts for payment.

If allowed by the commissioner, a demonstration provider may contract with an insurer, health care provider, nonprofit health service plan corporation, or the commissioner, to provide insurance or similar protection against the cost of care provided by the demonstration provider or to provide coverage against the risks incurred by demonstration providers under this section. The recipients enrolled with a demonstration provider are a permissible group under group insurance laws and chapter 62C, the Nonprofit Health Service Plan Corporations Act. Under this type of contract, the insurer or corporation may make benefit payments to a demonstration provider for services rendered or to be rendered to a recipient. Any insurer or nonprofit health service plan corporation licensed to do business in this state is authorized to provide this insurance or similar protection.

Payments to providers participating in the project are exempt from the requirements of sections 256.966 and 256B.03, subdivision 2. The commissioner shall complete development of capitation rates for payments before delivery of services under this

section is begun. For payments made during calendar year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates.

By January 15, 1996, the commissioner shall report to the legislature on the methodology used to allocate to participating counties available administrative reimbursement for advocacy and enrollment costs. The report shall reflect the commissioner's judgment as to the adequacy of the funds made available and of the methodology for equitable distribution of the funds. The commissioner must involve participating counties in the development of the report.

Beginning July 1, 2004, the commissioner may include payments for elderly waiver services and 180 days of nursing home care in capitation payments for the prepaid medical assistance program for recipients age 65 and older. Payments for elderly waiver services shall be made no earlier than the month following the month in which services were received.

Subd. 5a. **Managed care contracts.** (a) Managed care contracts under this section and sections 256L.12 and 256D.03, shall be entered into or renewed on a calendar year basis beginning January 1, 1996. Managed care contracts which were in effect on June 30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995 through December 31, 1995 at the same terms that were in effect on June 30, 1995. The commissioner may issue separate contracts with requirements specific to services to medical assistance recipients age 65 and older.

(b) A prepaid health plan providing covered health services for eligible persons pursuant to chapters 256B, 256D, and 256L, is responsible for complying with the terms of its contract with the commissioner. Requirements applicable to managed care programs under chapters 256B, 256D, and 256L, established after the effective date of a contract with the commissioner take effect when the contract is next issued or renewed.

(c) Effective for services rendered on or after January 1, 2003, the commissioner shall withhold five percent of managed care plan payments under this section for the prepaid medical assistance and general assistance medical care programs pending completion of performance targets. Each performance target must be quantifiable, objective, measurable, and reasonably attainable, except in the case of a performance target based on a federal or state law or rule. Criteria for assessment of each performance target must be outlined in writing prior to the contract effective date. The withheld funds must be returned no sooner than July of the following year if performance targets in the contract are achieved. The commissioner may exclude special demonstration projects under subdivision 23. A managed care plan or a county-based purchasing plan under section 256B.692 may include as admitted assets under section 62D.044 any amount withheld under this paragraph that is reasonably expected to be returned.

[For text of subd 5b, see M.S.2002]

Subd. 5c. **Medical education and research fund.** (a) Except as provided in paragraph (c), the commissioner of human services shall transfer each year to the medical education and research fund established under section 62J.692, the following:

(1) an amount equal to the reduction in the prepaid medical assistance and prepaid general assistance medical care payments as specified in this clause. Until January 1, 2002, the county medical assistance and general assistance medical care capitation base rate prior to plan specific adjustments and after the regional rate adjustments under section 256B.69, subdivision 5b, is reduced 6.3 percent for Hennepin County, two percent for the remaining metropolitan counties, and no reduction for nonmetropolitan Minnesota counties; and after January 1, 2002, the county medical assistance and general assistance medical care capitation base rate prior to plan specific adjustments is reduced 6.3 percent for Hennepin County, two percent for the remaining metropolitan counties, and 1.6 percent for nonmetropolitan Minnesota counties. Nursing facility and elderly waiver payments and demonstration project payments operating under subdivision 23 are excluded from this reduction. The amount calculat-

ed under this clause shall not be adjusted for periods already paid due to subsequent changes to the capitation payments;

(2) beginning July 1, 2003, $2,157,000 from the capitation rates paid under this section plus any federal matching funds on this amount;

(3) beginning July 1, 2002, an additional $12,700,000 from the capitation rates paid under this section; and

(4) beginning July 1, 2003, an additional $4,700,000 from the capitation rates paid under this section.

(b) This subdivision shall be effective upon approval of a federal waiver which allows federal financial participation in the medical education and research fund.

(c) Effective July 1, 2003, the amount reduced from the prepaid general assistance medical care payments under paragraph (a), clause (1), shall be transferred to the general fund.

[For text of subds 5d to 5g, see M.S.2002]

Subd. 5h. **Payment reduction.** In addition to the reduction in subdivision 5g, the total payment made to managed care plans under the medical assistance program is reduced 1.0 percent for services provided on or after October 1, 2003, and an additional 1.0 percent for services provided on or after January 1, 2004. This provision excludes payments for nursing home services, home and community-based waivers, and payments to demonstration projects for persons with disabilities.

[For text of subd 6, see M.S.2002]

Subd. 6a. **Nursing home services.** (a) Notwithstanding Minnesota Rules, part 9500.1457, subpart 1, item B, up to 180 days of nursing facility services as defined in section 256B.0625, subdivision 2, which are provided in a nursing facility certified by the Minnesota Department of Health for services provided and eligible for payment under Medicaid, shall be covered under the prepaid medical assistance program for individuals who are not residing in a nursing facility at the time of enrollment in the prepaid medical assistance program. The commissioner may develop a schedule to phase in implementation of the 180-day provision.

(b) For individuals enrolled in the Minnesota senior health options project or in other demonstrations authorized under subdivision 23, nursing facility services shall be covered according to the terms and conditions of the federal agreement governing that demonstration project.

(c) For individuals enrolled in demonstrations authorized under subdivision 23, services in an intermediate care facility for persons with mental retardation or related conditions shall be covered according to the terms and conditions of the federal agreement governing the demonstration project.

Subd. 6b. **Home and community-based waiver services.** (a) For individuals enrolled in the Minnesota senior health options project authorized under subdivision 23, elderly waiver services shall be covered according to the terms and conditions of the federal agreement governing that demonstration project.

(b) For individuals under age 65 enrolled in demonstrations authorized under subdivision 23, home and community-based waiver services shall be covered according to the terms and conditions of the federal agreement governing that demonstration project.

(c) Notwithstanding Minnesota Rules, part 9500.1457, subpart 1, item C, elderly waiver services shall be covered under the prepaid medical assistance program for all individuals who are eligible according to section 256B.0915. The commissioner may develop a schedule to phase in implementation of these waiver services.

[For text of subd 6c, see M.S.2002]

Subd. 6d. **Prescription drugs.** Effective January 1, 2004, the commissioner may exclude or modify coverage for prescription drugs from the prepaid managed care

contracts entered into under this section in order to increase savings to the state by collecting additional prescription drug rebates. The contracts must maintain incentives for the managed care plan to manage drug costs and utilization and may require that the managed care plans maintain an open drug formulary. In order to manage drug costs and utilization, the contracts may authorize the managed care plans to use preferred drug lists and prior authorization. This subdivision is contingent on federal approval of the managed care contract changes and the collection of additional prescription drug rebates.

[For text of subd 7, see M.S.2002]

Subd. 8. **Preadmission screening waiver.** Except as applicable to the project's operation, the provisions of section 256B.0911 are waived for the purposes of this section for recipients enrolled with demonstration providers or in the prepaid medical assistance program for seniors.

[For text of subds 9 to 22, see M.S.2002]

Subd. 23. **Alternative integrated long-term care services; elderly and disabled persons.** (a) The commissioner may implement demonstration projects to create alternative integrated delivery systems for acute and long-term care services to elderly persons and persons with disabilities as defined in section 256B.77, subdivision 7a, that provide increased coordination, improve access to quality services, and mitigate future cost increases. The commissioner may seek federal authority to combine Medicare and Medicaid capitation payments for the purpose of such demonstrations. Medicare funds and services shall be administered according to the terms and conditions of the federal waiver and demonstration provisions. For the purpose of administering medical assistance funds, demonstrations under this subdivision are subject to subdivisions 1 to 22. The provisions of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations, with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1, items B and C, which do not apply to persons enrolling in demonstrations under this section. An initial open enrollment period may be provided. Persons who disenroll from demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and the health plan's participation is subsequently terminated for any reason, the person shall be provided an opportunity to select a new health plan and shall have the right to change health plans within the first 60 days of enrollment in the second health plan. Persons required to participate in health plans under this section who fail to make a choice of health plan shall not be randomly assigned to health plans under these demonstrations. Notwithstanding section 256L.12, subdivision 5, and Minnesota Rules, part 9505.5220, subpart 1, item A, if adopted, for the purpose of demonstrations under this subdivision, the commissioner may contract with managed care organizations, including counties, to serve only elderly persons eligible for medical assistance, elderly and disabled persons, or disabled persons only. For persons with primary diagnoses of mental retardation or a related condition, serious and persistent mental illness, or serious emotional disturbance, the commissioner must ensure that the county authority has approved the demonstration and contracting design. Enrollment in these projects for persons with disabilities shall be voluntary. The commissioner shall not implement any demonstration project under this subdivision for persons with primary diagnoses of mental retardation or a related condition, serious and persistent mental illness, or serious emotional disturbance, without approval of the county board of the county in which the demonstration is being implemented.

(b) Notwithstanding chapter 245B, sections 252.40 to 252.46, 256B.092, 256B.501 to 256B.5015, and Minnesota Rules, parts 9525.0004 to 9525.0036, 9525.1200 to 9525.1330, 9525.1580, and 9525.1800 to 9525.1930, the commissioner may implement under this section projects for persons with developmental disabilities. The commissioner may capitate payments for ICF/MR services, waivered services for mental retardation or related conditions, including case management services, day training and

habilitation and alternative active treatment services, and other services as approved by the state and by the federal government. Case management and active treatment must be individualized and developed in accordance with a person-centered plan. Costs under these projects may not exceed costs that would have been incurred under fee-for-service. Beginning July 1, 2003, and until two years after the pilot project implementation date, subcontractor participation in the long-term care developmental disability pilot is limited to a nonprofit long-term care system providing ICF/MR services, home and community-based waiver services, and in-home services to no more than 120 consumers with developmental disabilities in Carver, Hennepin, and Scott counties. The commissioner shall report to the legislature prior to expansion of the developmental disability pilot project. This paragraph expires two years after the implementation date of the pilot project.

(c) Before implementation of a demonstration project for disabled persons, the commissioner must provide information to appropriate committees of the house of representatives and senate and must involve representatives of affected disability groups in the design of the demonstration projects.

(d) A nursing facility reimbursed under the alternative reimbursement methodology in section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity provide services under paragraph (a). The commissioner shall amend the state plan and seek any federal waivers necessary to implement this paragraph.

[For text of subds 24a to 27, see M.S.2002]

History: *2003 c 47 s 3,4; 2003 c 101 s 1; 1Sp2003 c 14 art 12 s 56-65*

256B.75 HOSPITAL OUTPATIENT REIMBURSEMENT.

(a) For outpatient hospital facility fee payments for services rendered on or after October 1, 1992, the commissioner of human services shall pay the lower of (1) submitted charge, or (2) 32 percent above the rate in effect on June 30, 1992, except for those services for which there is a federal maximum allowable payment. Effective for services rendered on or after January 1, 2000, payment rates for nonsurgical outpatient hospital facility fees and emergency room facility fees shall be increased by eight percent over the rates in effect on December 31, 1999, except for those services for which there is a federal maximum allowable payment. Services for which there is a federal maximum allowable payment shall be paid at the lower of (1) submitted charge, or (2) the federal maximum allowable payment. Total aggregate payment for outpatient hospital facility fee services shall not exceed the Medicare upper limit. If it is determined that a provision of this section conflicts with existing or future requirements of the United States government with respect to federal financial participation in medical assistance, the federal requirements prevail. The commissioner may, in the aggregate, prospectively reduce payment rates to avoid reduced federal financial participation resulting from rates that are in excess of the Medicare upper limitations.

(b) Notwithstanding paragraph (a), payment for outpatient, emergency, and ambulatory surgery hospital facility fee services for critical access hospitals designated under section 144.1483, clause (11), shall be paid on a cost-based payment system that is based on the cost-finding methods and allowable costs of the Medicare program.

(c) Effective for services provided on or after July 1, 2003, rates that are based on the Medicare outpatient prospective payment system shall be replaced by a budget neutral prospective payment system that is derived using medical assistance data. The commissioner shall provide a proposal to the 2003 legislature to define and implement this provision.

(d) For fee-for-service services provided on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for outpatient hospital facility services is reduced by .5 percent from the current statutory rate.

(e) In addition to the reduction in paragraph (d), the total payment for fee-for-service services provided on or after July 1, 2003, made to hospitals for outpatient hospital facility services before third-party liability and spenddown, is reduced five

percent from the current statutory rates. Facilities defined under section 256.969, subdivision 16, are excluded from this paragraph.

256B.76 PHYSICIAN AND DENTAL REIMBURSEMENT.

(a) Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for physician services as follows:

(1) payment for level one Centers for Medicare and Medicaid Services' common procedural coding system codes titled "office and other outpatient services," "preventive medicine new and established patient," "delivery, antepartum, and postpartum care," "critical care," cesarean delivery and pharmacologic management provided to psychiatric patients, and level three codes for enhanced services for prenatal high risk, shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992. If the rate on any procedure code within these categories is different than the rate that would have been paid under the methodology in section 256B.74, subdivision 2, then the larger rate shall be paid;

(2) payments for all other services shall be paid at the lower of (i) submitted charges, or (ii) 15.4 percent above the rate in effect on June 30, 1992;

(3) all physician rates shall be converted from the 50th percentile of 1982 to the 50th percentile of 1989, less the percent in aggregate necessary to equal the above increases except that payment rates for home health agency services shall be the rates in effect on September 30, 1992;

(4) effective for services rendered on or after January 1, 2000, payment rates for physician and professional services shall be increased by three percent over the rates in effect on December 31, 1999, except for home health agency and family planning agency services; and

(5) the increases in clause (4) shall be implemented January 1, 2000, for managed care.

(b) Effective for services rendered on or after October 1, 1992, the commissioner shall make payments for dental services as follows:

(1) dental services shall be paid at the lower of (i) submitted charges, or (ii) 25 percent above the rate in effect on June 30, 1992;

(2) dental rates shall be converted from the 50th percentile of 1982 to the 50th percentile of 1989, less the percent in aggregate necessary to equal the above increases;

(3) effective for services rendered on or after January 1, 2000, payment rates for dental services shall be increased by three percent over the rates in effect on December 31, 1999;

(4) the commissioner shall award grants to community clinics or other nonprofit community organizations, political subdivisions, professional associations, or other organizations that demonstrate the ability to provide dental services effectively to public program recipients. Grants may be used to fund the costs related to coordinating access for recipients, developing and implementing patient care criteria, upgrading or establishing new facilities, acquiring furnishings or equipment, recruiting new providers, or other development costs that will improve access to dental care in a region. In awarding grants, the commissioner shall give priority to applicants that plan to serve areas of the state in which the number of dental providers is not currently sufficient to meet the needs of recipients of public programs or uninsured individuals. The commissioner shall consider the following in awarding the grants:

(i) potential to successfully increase access to an underserved population;

(ii) the ability to raise matching funds;

(iii) the long-term viability of the project to improve access beyond the period of initial funding;

(iv) the efficiency in the use of the funding; and

(v) the experience of the proposers in providing services to the target population.

The commissioner shall monitor the grants and may terminate a grant if the grantee does not increase dental access for public program recipients. The commissioner shall consider grants for the following:

(i) implementation of new programs or continued expansion of current access programs that have demonstrated success in providing dental services in underserved areas;

(ii) a pilot program for utilizing hygienists outside of a traditional dental office to provide dental hygiene services; and

(iii) a program that organizes a network of volunteer dentists, establishes a system to refer eligible individuals to volunteer dentists, and through that network provides donated dental care services to public program recipients or uninsured individuals;

(5) beginning October 1, 1999, the payment for tooth sealants and fluoride treatments shall be the lower of (i) submitted charge, or (ii) 80 percent of median 1997 charges;

(6) the increases listed in clauses (3) and (5) shall be implemented January 1, 2000, for managed care; and

(7) effective for services provided on or after January 1, 2002, payment for diagnostic examinations and dental x-rays provided to children under age 21 shall be the lower of (i) the submitted charge, or (ii) 85 percent of median 1999 charges.

(c) Effective for dental services rendered on or after January 1, 2002, the commissioner may, within the limits of available appropriation, increase reimbursements to dentists and dental clinics deemed by the commissioner to be critical access dental providers. Reimbursement to a critical access dental provider may be increased by not more than 50 percent above the reimbursement rate that would otherwise be paid to the provider. Payments to health plan companies shall be adjusted to reflect increased reimbursements to critical access dental providers as approved by the commissioner. In determining which dentists and dental clinics shall be deemed critical access dental providers, the commissioner shall review:

(1) the utilization rate in the service area in which the dentist or dental clinic operates for dental services to patients covered by medical assistance, general assistance medical care, or MinnesotaCare as their primary source of coverage;

(2) the level of services provided by the dentist or dental clinic to patients covered by medical assistance, general assistance medical care, or MinnesotaCare as their primary source of coverage; and

(3) whether the level of services provided by the dentist or dental clinic is critical to maintaining adequate levels of patient access within the service area.

In the absence of a critical access dental provider in a service area, the commissioner may designate a dentist or dental clinic as a critical access dental provider if the dentist or dental clinic is willing to provide care to patients covered by medical assistance, general assistance medical care, or MinnesotaCare at a level which significantly increases access to dental care in the service area.

(d) An entity that operates both a Medicare certified comprehensive outpatient rehabilitation facility and a facility which was certified prior to January 1, 1993, that is licensed under Minnesota Rules, parts 9570.2000 to 9570.3600, and for whom at least 33 percent of the clients receiving rehabilitation services in the most recent calendar year are medical assistance recipients, shall be reimbursed by the commissioner for rehabilitation services at rates that are 38 percent greater than the maximum reimbursement rate allowed under paragraph (a), clause (2), when those services are (1) provided within the comprehensive outpatient rehabilitation facility and (2) provided to residents of nursing facilities owned by the entity.

(e) Effective for services rendered on or after January 1, 2007, the commissioner shall make payments for physician and professional services based on the Medicare

relative value units (RVUs). This change shall be budget neutral and the cost of implementing RVUs will be incorporated in the established conversion factor.

256B.761 REIMBURSEMENT FOR MENTAL HEALTH SERVICES.

(a) Effective for services rendered on or after July 1, 2001, payment for medication management provided to psychiatric patients, outpatient mental health services, day treatment services, home-based mental health services, and family community support services shall be paid at the lower of (1) submitted charges, or (2) 75.6 percent of the 50th percentile of 1999 charges.

(b) Effective July 1, 2001, the medical assistance rates for outpatient mental health services provided by an entity that operates: (1) a Medicare-certified comprehensive outpatient rehabilitation facility; and (2) a facility that was certified prior to January 1, 1993, with at least 33 percent of the clients receiving rehabilitation services in the most recent calendar year who are medical assistance recipients, will be increased by 38 percent, when those services are provided within the comprehensive outpatient rehabilitation facility and provided to residents of nursing facilities owned by the entity.

256B.82 PREPAID PLANS AND MENTAL HEALTH REHABILITATIVE SERVICES.

Medical assistance and MinnesotaCare prepaid health plans may include coverage for adult mental health rehabilitative services under section 256B.0623, intensive rehabilitative services under section 256B.0622, and adult mental health crisis response services under section 256B.0624, beginning January 1, 2005.

By January 15, 2004, the commissioner shall report to the legislature how these services should be included in prepaid plans. The commissioner shall consult with mental health advocates, health plans, and counties in developing this report. The report recommendations must include a plan to ensure coordination of these services between health plans and counties, assure recipient access to essential community providers, and monitor the health plans' delivery of services through utilization review and quality standards.
