

CHAPTER 424A

VOLUNTEER FIREFIGHTERS' RETIREMENT

424A.01 Membership in a volunteer firefighters' relief association.

424A.02 Volunteer firefighters; service pensions.

424A.01 MEMBERSHIP IN A VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION.

[For text of subds 1 to 3, see M.S.2002]

Subd. 4. Exclusion of persons constituting an unwarranted health risk. The board of trustees of every relief association may exclude from membership in the relief association all applicants who, due to some medically determinable physical or mental impairment or condition, would constitute a predictable and unwarranted risk of imposing liability for an ancillary benefit at any age earlier than the minimum age specified for receipt of a service pension. Notwithstanding any provision of section 363A.25, it shall be a good and valid defense to a complaint or action brought under chapter 363A that the board of trustees of the relief association made a good faith determination that the applicant suffers from an impairment or condition constituting a predictable and unwarranted risk for the relief association if the determination was made following consideration of: (a) the person's medical history; and (b) the report of the physician completing a physical examination of the applicant completed at the expense of the relief association.

[For text of subd 5, see M.S.2002]

424A.02 VOLUNTEER FIREFIGHTERS; SERVICE PENSIONS.

[For text of subds 1 and 2, see M.S.2002]

Subd. 3. Flexible service pension maximums. (a) Annually on or before August 1 as part of the certification of the financial requirements and minimum municipal obligation determined under section 69.772, subdivision 4, or 69.773, subdivision 5, as applicable, the secretary or some other official of the relief association designated in the bylaws of each relief association shall calculate and certify to the governing body of the applicable qualified municipality the average amount of available financing per active covered firefighter for the most recent three-year period. The amount of available financing shall include any amounts of fire state aid received or receivable by the relief association, any amounts of municipal contributions to the relief association raised from levies on real estate or from other available revenue sources exclusive of fire state aid, and one-tenth of the amount of assets in excess of the accrued liabilities of the relief association calculated under section 69.772, subdivision 2; 69.773, subdivisions 2 and 4; or 69.774, subdivision 2, if any.

(b) The maximum service pension which the relief association has authority to provide for in its bylaws for payment to a member retiring after the calculation date when the minimum age and service requirements specified in subdivision 1 are met must be determined using the table in paragraph (c) or (d), whichever applies.

(c) For a relief association where the governing bylaws provide for a monthly service pension to a retiring member, the maximum monthly service pension amount per month for each year of service credited that may be provided for in the bylaws is the maximum service pension figure corresponding to the average amount of available financing per active covered firefighter:

(e) For a relief association in which the governing bylaws provide for a monthly benefit service pension as an alternative form of service pension payment to a lump sum service pension, the maximum service pension amount for each pension payment type must be determined using the applicable table contained in this subdivision.

(f) If a relief association establishes a service pension in compliance with the applicable maximum contained in paragraph (c) or (d) and the minimum average amount of available financing per active covered firefighter is subsequently reduced because of a reduction in fire state aid or because of an increase in the number of active firefighters, the relief association may continue to provide the prior service pension amount specified in its bylaws, but may not increase the service pension amount until the minimum average amount of available financing per firefighter under the table in paragraph (c) or (d), whichever applies, permits.

(g) No relief association is authorized to provide a service pension in an amount greater than the largest applicable flexible service pension maximum amount even if the amount of available financing per firefighter is greater than the financing amount associated with the largest applicable flexible service pension maximum.
