46.04 REGULATORY AUTHORITY OF COMMISSIONER.

Subdivision 1. **General.** The commissioner of commerce, referred to in chapters 46 to 59A, and sections 332.12 to 332.29, as the commissioner, is vested with all the powers, authority, and privileges which, prior to the enactment of Laws 1909, chapter 201, were conferred by law upon the public examiner, and shall take over all duties in relation to state banks, savings banks, trust companies, savings associations, and other financial institutions within the state which, prior to the enactment of chapter 201, were imposed upon the public examiner. The commissioner of commerce shall exercise a constant supervision, either personally or through the examiners herein provided for, over the books and affairs of all state banks, savings banks, trust companies, savings associations, credit unions, industrial loan and thrift companies, and other financial institutions doing business within this state; and shall, through examiners, examine each financial institution at least once every 24 calendar months. In satisfying this examination requirement, the commissioner may accept reports of examination prepared by a federal agency having comparable supervisory powers and examination procedures. With the exception of industrial loan and thrift companies which do not have deposit liabilities and licensed regulated lenders, it shall be the principal purpose of these

examinations to inspect and verify the assets and liabilities of each and so far investigate the character and value of the assets of each institution as to determine with reasonable certainty that the values are correctly carried on its books. Assets and liabilities shall be verified in accordance with methods of procedure which the commissioner may determine to be adequate to carry out the intentions of this section. It shall be the further purpose of these examinations to assess the adequacy of capital protection and the capacity of the institution to meet usual and reasonably anticipated deposit withdrawals and other cash commitments without resorting to excessive borrowing or sale of assets at a significant loss, and to investigate each institution's compliance with applicable laws and rules. Based on the examination findings, the commissioner shall make a determination as to whether the institution is being operated in a safe and sound manner. None of the above provisions limits the commissioner in making additional examinations as deemed necessary or advisable. The commissioner shall investigate the methods of operation and conduct of these institutions and their systems of accounting, to ascertain whether these methods and systems are in accordance with law and sound banking principles. The commissioner may make requirements as to records as deemed necessary to facilitate the carrying out of the commissioner's duties and to properly protect the public interest. The commissioner may examine, or cause to be examined by these examiners, on oath, any officer, director, trustee, owner, agent, clerk, customer, or depositor of any financial institution touching the affairs and business thereof, and may issue, or cause to be issued by the examiners, subpoenas, and administer, or cause to be administered by the examiners, oaths. In case of any refusal to obey any subpoena issued under the commissioner's direction, the refusal may at once be reported to the district court of the district in which the bank or other financial institution is located, and this court shall enforce obedience to these subpoenas in the manner provided by law for enforcing obedience to subpoenas of the court. In all matters relating to official duties, the commissioner of commerce has the power possessed by courts of law to issue subpoenas and cause them to be served and enforced, and all officers, directors, trustees, and employees of state banks, savings banks, trust companies, savings associations, and other financial institutions within the state, and all persons having dealings with or knowledge of the affairs or methods of these institutions, shall afford reasonable facilities for these examinations, make returns and reports to the commissioner of commerce as the commissioner may require; attend and answer, under oath, the commissioner's lawful inquiries; produce and exhibit any books, accounts, documents, and property as the commissioner may desire to inspect, and in all things aid the commissioner in the performance of duties.

Subd. 2. Transactions between bank holding company and state bank affiliate. With respect to specific transactions between a bank holding company and a state bank affiliate, the commissioner of commerce shall have the authority to examine the records of such holding company that directly pertain to such transactions to the same extent such holding company were a state bank or trust company. For purposes of this subdivision, a bank holding company is defined as a company registered as such with the Federal Reserve System pursuant to the Bank Holding Company Act of 1956, as amended.

Subd. 3: Financial institutions and licensee records. For purposes of examination and regulation of those entities referred to in subdivisions 1 and 2, records may be maintained on optical image storage systems acceptable to the commissioner. Electronically maintained and stored records must meet the following minimum standards:

- (1) a document or record may be transferred to and stored on a nonerasable imaging system and retained only in that format if all documents and records preserved on nonerasable optical imaging systems meet nationally recognized standards for permanent records and are available for retrieval for as long as applicable law requires;
- (2) a backup copy of the record is created and stored at a site other than the site where the original is kept. The backup copy must be preserved either: (i) on a nonerasable optical imaging system; or (ii) by another reproduction method approved by the commissioner; and

(3) all contracts for third-party maintenance and storage of those records must include assurance of access by the commissioner consistent with the purposes of this section.

Subd. 4. Applications, facsimile or electronic media. (a) The commissioner when providing forms and procedural guidance to persons governed by or seeking approval to operate under the chapters referred to in this section may prescribe alternatives to paper forms and delivery in person or by mail. In considering accepting filings by facsimile or electronic media, the commissioner may accept fees and reimbursement for costs associated with the applications and notices by wire transfer and debit card.

(b) Certifications required to authenticate, officiate, or establish standing of the application or notice as a matter of law, rule, or sound business practice may be authenticated in an alternative to paper-based original signatures or notarial seals on facsimile or electronic media submissions in a technically competent means at the discretion of the commissioner, including but not limited to, document imaging meeting the standard in subdivision 3, bar coding, personal identification numbers, or other reliable communicated verification technique.

46.041 BANK APPLICATIONS.

Subdivision 1. Filing; fee; public inspection. The incorporators of a bank proposed to be organized under the laws of this state shall execute and acknowledge a written application in the form prescribed by the commissioner of commerce. The application must be signed by two or more of the incorporators and request a certificate authorizing the proposed bank to transact business at the place and in the name stated in the application. The applicant shall file the application with the department with an \$8,000 filing fee. The commissioner may waive the fee for a bank to be located in a low- or moderate-income area as defined in Code of Federal Regulations, title 12, part 25(1), (n)(1) and (n)(2), and where no other depository institution operates an office. If the proposed bank is being organized in connection with a reorganization or merger of an existing bank, the filing fee is \$2,000. The fees must be turned over by the commissioner to the commissioner of finance and credited to the general fund. The application file must be public, with the exception of financial data on individuals which is private under the Minnesota Government Data Practices Act and data defined as trade secret information under section 13.37, subdivision 1, paragraph (b), which must be given nonpublic classification upon written request by the applicant.

Subd. 2. Notice of filing application; publication. Upon notice of acceptance of an application as complete in all respects for filing, the applicant shall within 30 days of the receipt of the form prescribed by the commissioner, publish a notice of the filing of the application, in a qualified newspaper published in the municipality in which the proposed bank is to be located, and if there is no such newspaper, then in a qualified newspaper likely to give notice in the municipality in which the bank is proposed to be located. The notice must be in the form prescribed by the commissioner.

Subd. 3. Comments, requests for hearing. Within 15 days after the notice of application has been published, any person may submit to the commissioner either or both written comments on an application and a written request for a hearing on the application. The request must state the nature of the issues or facts to be presented and the reasons why written submissions would be insufficient to make an adequate presentation to the commissioner. Comments challenging the legality of an application should be submitted separately in writing.

Written requests for hearing must be evaluated by the commissioner who may grant or deny the request. A hearing must generally be granted only if it is determined that written submissions would be inadequate or that a hearing would otherwise be

beneficial to the decision-making process. A hearing may be limited to issues considered material by the commissioner.

If a request for a hearing has been denied, the commissioner shall notify the applicant and all interested persons stating the reasons for denial. Interested parties may submit to the commissioner with simultaneous copies to the applicant additional written comments on the application within 14 days after the date of the notice of denial. The applicant shall be provided an additional seven days after the 14-day deadline has expired within which to respond to any comments submitted within the 14-day period. A copy of any response submitted by the applicant shall also be mailed simultaneously by the applicant to the interested parties. The commissioner may waive the additional seven-day comment period if so requested by the applicant.

Subd. 4. Hearing. In any case in which the commissioner grants a request for a hearing or makes the independent determination that a hearing is warranted on the basis of the conditions in subdivision 3, the commissioner shall fix a time for a hearing conducted pursuant to chapter 14 to decide whether or not the application will be granted. A notice of the hearing must be published by the applicant in the form prescribed by the commissioner in a newspaper published in the municipality in which the proposed bank is to be located, and if there is no such newspaper, then in a qualified newspaper likely to give notice in the municipality in which the bank is proposed to be located. The notice must be published once, at the expense of the applicants, not less than 30 days prior to the date of the hearing. At the hearing the commissioner shall consider the application and hear the applicants and witnesses that appear in favor of or against the granting of the application of the proposed bank. If an application is contested, 50 percent of an additional fee equal to the actual costs incurred by the Department of Commerce in approving or disapproving the application, payable to the Department of Commerce to be deposited in the general fund, must be paid by the applicant and 50 percent equally by the intervening parties.

Subd. 5. Approval, disapproval, after hearing. If, upon the hearing or upon other information submitted, it appears to the commissioner that the application should be granted, the commissioner shall, not later than 90 days after the hearing, and after the applicants have otherwise complied with the provisions of law applicable to the organization of a bank, including the provisions herein contained, make and file in the commissioner's office a written order directing the issuance of a certificate of authorization as provided by law. If the certificate of authorization is not activated within a period of 12 months from date of issuance, the commissioner may upon written notice to the applicants request a new hearing. If the commissioner decides that the application should not be granted, the commissioner shall deny the application and make a written order to that effect, file it in the commissioner's office, and forthwith give notice thereof by certified mail to one of the incorporators named in the application for the proposed bank, addressed to the incorporator at the address stated in the application. Thereupon the commissioner shall refuse to issue the certificate of authorization to the proposed bank.

46.042 NOTICE AND HEARING, WHEN NOT GIVEN.

The commissioner of commerce may dispense with the notice and hearing provided for by section 46.041 if application is made for the incorporation of a new bank to take over the assets of one or more existing banks or if the application contemplates the reorganization of a national bank into a state bank in the same locality, or where the application is made for the incorporation of a new bank in the same locality coincidental with the closing of an existing bank by the commissioner or

federal authorities. This section does not increase the number of banks in the community affected.

46.043 EXPENSES OF ORGANIZATION AND INCORPORATION OF BANKS LIMITED.

The expenses of organization and incorporation to be paid by a bank may not exceed the statutory fees for filing applications as provided in section 46.041 and the necessary legal expenses incurred incident to drawing articles of incorporation, publication, and recording. The incorporators shall, prior to the issuance of the certificate of authorization, file with the commissioner a verified statement showing the total amount of expense incurred in the organization of the bank to be paid by it after commencing operation.

46.044 CHARTERS ISSUED, CONDITIONS.

Subdivision 1. **Charters issued, conditions.** An application for a bank charter must be granted if (1) the applicants are of good moral character and financial integrity, (2) there is a reasonable public demand for this bank in this location, (3) the organization expenses being paid by the bank do not exceed those allowed by section 46.043, (4) the probable volume of business in this location is sufficient to insure and maintain the solvency of the new bank and the solvency of the then existing bank or banks in the locality without endangering the safety of any bank in the locality as a place of deposit of public and private money, (5) the commissioner of commerce is satisfied that the proposed bank will be properly and safely managed, and (6) the commissioner is satisfied that the capital funds required pursuant to section 48.02 are available and the commissioner may accept any reasonable demonstration including subscription agreements supported by current financial statements. If the application does not satisfy the requirements of this subdivision, it must be denied. In case of the denial of the application, the commissioner of commerce shall specify the grounds for the denial. A person aggrieved may obtain judicial review of the determination in accordance with chapter 14.

Subd. 2. **Expiration and extension of order.** If a bank charter is not activated within 18 months from the date of the order, the approval order automatically expires. Upon request of the applicant prior to the automatic expiration date of the order, the commissioner may grant reasonable extensions of time to the applicant to activate the facility as the commissioner deems necessary. The extensions of time shall not exceed a total of an additional 12 months. If the commissioner's order is the subject of an appeal in accordance with chapter 14, the time period referred to in this section for activation of the bank charter and any extensions shall begin when all appeals or rights of appeal from the commissioner's order have concluded or expired.

Subd. 3. **Special purpose banks, exceptions.** For purposes of applications to organize and operate special purpose banks as defined in section 46.046, subdivision 5, the conditions in subdivision 1, clauses (2) and (4), do not apply.

History: (3999) 1919 c 86 s 3; 1983 c 247 s 23; 1983 c 289 s 19,114 subd 2; 1986 c 339 s 1; 1Sp1986 c 3 art 2 s 23; 1992 c 587 art 1 s 2; 1993 c 257 s 2; 1996 c 414 art 1 s 4; 1997 c 157 s 2

Subdivision 1. **Continuing requirement.** Every bank shall at all times maintain in effect insurance of its deposits by the Federal Deposit Insurance Corporation, an agency of this state or a federal agency established for the purpose of insuring deposits in banking institutions. In the case of fiduciary funds deposited with the bank, this insurance requirement may be met by depositing collateral security under section 48.74. A bank which fails to meet this requirement for insurance of its deposits shall either

dissolve, merge or consolidate with another bank which is insured by the Federal Deposit Insurance Corporation, an agency of this state or a federal agency established for the purpose of insuring deposits in banks. For purposes of this section, "bank" means a bank defined in section 46.046, subdivision 2, which accepts deposits.

Subd. 2. Application for insurance; uninsured banks. Notwithstanding subdivision 1, a bank which does not have insurance of its deposits or a commitment for insurance of its deposits by the Federal Deposit Insurance Corporation, an agency of this state, or a federal agency established for the purpose of insuring deposits in banks or collateral security deposited under section 48.74 on March 19, 1982, must apply for insurance of deposits not later than July 1, 1983. A bank subject to this subdivision which has been denied a commitment for insurance of its deposits shall either dissolve, merge, or consolidate with another bank which is insured or apply in writing within 30 days of denial to the commissioner of commerce for additional time to obtain an insurance commitment. The commissioner shall grant additional time to obtain the insurance commitment upon satisfactory evidence that the bank has made or is making a substantial effort to achieve the conditions precedent to issuance of the commitment. Additional time shall not extend later than July 1, 1984.

Subd. 2a. Certain trust companies; secured deposit exceptions; violations. The requirements of this section may be met by trust companies not exercising banking powers, with the exception of deposit activities as defined in this subdivision, provided the following conditions are met:

- (a) the number of nonfiduciary deposit accounts does not exceed 35, and;
- (b) the total amount held in nonfiduciary deposit accounts does not exceed five percent of the aggregate of the trust company's capital stock, surplus, and undivided profits, and;
- (c) the nonfiduciary funds deposited with the trust company referred to in (a) and (b) shall be secured against loss by the assignment, transfer to, and deposit with the commissioner of commerce or a designee, of direct obligations of the United States government in an amount, based upon the securities market value, of not less than 110 percent of such deposited funds, with the right of the trust company to collect the income and to substitute other like securities of equal value, and;
- (d) each account holder must be disclosed to in writing that the account is not insured by the federal or state governments or their agencies, and;
- (e) the determination of the limitations in (a) and (b) shall be made by the trust company from the records of the trust company and based upon statement of financial condition at the close of each business day, and security deposit defined in (c) adjusted if needed within one business day thereafter, and;
- (f) any violation of the requirements in (a) to (e) shall be grounds for action by the commissioner under sections 46.24 to 46.33.

Subd. 3. Insurance of accounts in new bank. No bank shall be issued a certificate of authorization after the effective date of Laws 1982, chapter 473, sections 1 to 29 unless the bank has obtained a commitment for insurance of its deposits by the Federal Deposit Insurance Corporation, an agency of this state or a federal agency established for the purpose of insuring deposits of banks.

Subd. 4. Deposit insurance. In any case where Minnesota Statutes require, either generally or by reference to a specific program, that deposits in any financial institution be insured, the requirement shall be deemed satisfied if the deposits are insured in the requisite amount by an agency of the federal government insuring deposits.

Subdivision 1. **Words, terms, and phrases.** For the purposes of this section and section 46.048, the terms defined in this section have the meanings given them, unless the language or context clearly indicates that a different meaning is intended.

46.048 NOTICE OF PROPOSED ACQUISITION.

Subdivision 1. **Requirement.** Whenever a change in the outstanding voting stock of a banking institution will result in control or in a change in the control of the banking institution, the person acquiring control of the banking institution, including an out-of-state bank holding company, shall file notice of the proposed acquisition of control with the commissioner of commerce at least 60 days before the actual effective date of the change, except that the commissioner may extend the 60-day period an additional 30 days if in the commissioner's judgment any material information submitted is substantially inaccurate or the acquiring party has not furnished all the information required. The notice must be accompanied by a filing fee of \$3,000 payable to the commissioner of commerce, unless the person filing the notice has been associated with the banking institution as an officer or director for at least three years, in which case the filing fee is \$1,000. No filing fee is required of a person required to file a notice because of a stock redemption or other transaction by others that caused the change in control. As used in this section, the term "control" means the power to directly or indirectly direct or cause the direction of the management or policies of the banking institution. A change in ownership of capital stock that would result in direct or indirect ownership by a stockholder or an affiliated group of stockholders of less than 25 percent of the outstanding capital stock is not considered a change of control. If there is any doubt as to whether a change in the outstanding voting stock is sufficient to result in control or to effect a change in the control, the doubt shall be resolved in favor of reporting the facts to the commissioner. The commissioner shall use the criteria established by the Financial Institution Regulatory and Interest Rate Control Act of 1978, United States Code, title 12, section 1817(j), and the regulations adopted under it, when reviewing the acquisition and determining if the acquisition should or should not be disapproved. Within three days after making the decision to disapprove a proposed acquisition, the

commissioner shall notify the acquiring party in writing of the disapproval. The notice must provide a statement of the basis for the disapproval.

Subd. 2. [Repealed, 1993 c 257 s 49]

Subd. 2a. **Contents.** The notice required by subdivision 1 must contain the following information to the extent that it is known by the person making the notice:

(1) the identity, personal history, business background, and experience of each person by whom or on whose behalf the acquisition is to be made, including the person's material business activities and affiliations during the past five years, and a description of any material pending legal or administrative proceedings in which the person is a party and any criminal indictment or conviction of that person by a state or federal court;

(2) a statement of the assets and liabilities of each person by whom or on whose behalf the acquisition is to be made, as of the end of the fiscal year for each of the five years immediately preceding the date of the notice, together with related statements of income, sources, and application of funds for each of the fiscal years then concluded, all prepared in accordance with generally accepted accounting principles consistently applied, and an interim statement of the assets and liabilities for each person, together with related statements of income, source, and application of funds as of a date not more than 90 days before the date of the filing of the notice;

(5) any plans or proposals that a party making the acquisition may have to liquidate the bank, to sell its assets or merge it, or make any other major change in its business or corporate structure or management;

(6) the identity of any person employed, retained, or to be compensated by the acquiring party, or by any person on the acquiring party's behalf, to make solicitations or recommendations to stockholders for the purpose of assisting in the acquisition, and a brief description of the terms of the employment, retainer, or arrangement for compensation;

(2) the commissioner shall accept public comment on a notice for a period of not less than 21 days from the date of the publication required by clause (1).

Subd. 3. **Background checks.** In addition to any other information the commissioner may be able to obtain pursuant to section 13.82, the Minnesota Bureau of Criminal Apprehension shall, upon the commissioner's request, provide fingerprint and background checks on all persons named in the notice required by subdivision 2 and is authorized to exchange fingerprints with the Federal Bureau of Investigation for the purpose of a criminal background check of the national files.

Subd. 4. **Hearings.** Within ten days of receipt of notice of disapproval according to subdivision 1, the acquiring party may request a department hearing on the proposed acquisition.
