Subd. 2a. **Use of wildlife acquisition account money.** Of the money annually appropriated and available from the wildlife acquisition account:

- (1) at least 50 percent must be used for land costs; and
- (2) the remainder may only be used for other land acquisition costs, development, and maintenance of wildlife lands, and activities under subdivision 3.

Subd. 3. **Waterfowl breeding grounds in Canada.** The wildlife acquisition account may be used for developing, preserving, restoring, and maintaining waterfowl breeding grounds in Canada under agreement or contract with any nonprofit organization dedicated to the construction, maintenance, and repair of projects that are acceptable to the governmental agency having jurisdiction over the land and water affected by the projects. The commissioner may execute agreements and contracts if the commissioner determines that the use of the funds will benefit the migration of waterfowl into the state.

Subd. 4. [Repealed, 1994 c 561 s 28]

Subd. 5. **Definitions.** (a) The definitions in this subdivision apply to this section.

(b) "Development" means fencing, signing, and on-site improvement of the land that is related to the purposes for which the land was acquired. Development includes material or equipment that is purchased or rented and labor that is necessary to provide for the onsite improvement of the land.

(c) "Land costs" means the purchase price of land acquired by the commissioner under section 97A.145.

(d) "Maintenance" means noxious weed control and other on-site functions performed on a regular basis to sustain the environmental conditions that result from the original improvement of the land.

(b) \$2 from each annual deer license and \$2 annually from the lifetime fish and wildlife trust fund, established in section 97A.4742, for each license issued under section 97A.473, subdivision 4, shall be credited to the deer management account and shall be used for deer habitat improvement or deer management programs.

(c) \$1 from each annual deer license and each bear license and \$1 annually from the lifetime fish and wildlife trust fund, established in section 97A.4742, for each license issued under section 97A.473, subdivision 4, shall be credited to the deer and bear management account and shall be used for deer and bear management programs, including a computerized licensing system.

(d) Fifty cents from each deer license is credited to the emergency deer feeding and wild cervidae health management account and is appropriated for emergency deer feeding and

wild cervidae health management. Money appropriated for emergency deer feeding and wild cervidae health management is available until expended. When the unencumbered balance in the appropriation for emergency deer feeding and wild cervidae health management at the end of a fiscal year exceeds \$2,500,000 for the first time, \$750,000 is canceled to the unappropriated balance of the game and fish fund. The commissioner must inform the legislative chairs of the natural resources finance committees every two years on how the money for emergency deer feeding and wild cervidae health management has been spent.

Thereafter, when the unencumbered balance in the appropriation for emergency deer feeding and wild cervidae health management exceeds \$2,500,000 at the end of a fiscal year, the unencumbered balance in excess of \$2,500,000 is canceled and available for deer and bear management programs and computerized licensing.

Subd. 2. Minnesota migratory waterfowl stamp. (a) Ninety percent of the revenue from the Minnesota migratory waterfowl stamps must be credited to the waterfowl habitat improvement account. Money in the account may be used only for:

(1) the development, restoration, maintenance, improvement, protection, and preservation of habitat for trout and salmon in trout streams and lakes, including, but not limited to, evaluating habitat; stabilizing eroding stream banks; adding fish cover; modifying stream channels; managing vegetation to protect, shade, or reduce runoff on stream banks; and purchasing equipment to accomplish these tasks;

(2) rearing trout and salmon, including utility and service costs associated with coldwater hatchery buildings and systems; stocking trout and salmon in streams and lakes and Lake Superior; and monitoring and evaluating stocked trout and salmon;

(3) acquisition of easements and fee title along trout waters;

(4) identifying easement and fee title areas along trout waters; and

NOTE: The amendment to subdivision 1 by Laws 2006, chapter 281, article 2, section 19, is effective July 1, 2007. Laws 2006, chapter 281, article 2, section 19, the effective date.

97A.081 POSTING LAND.

The commissioner may post land acquired for public hunting grounds, food and cover planting areas, game refuges, wildlife lands, and conservation area lands so as to identify and indicate the management purpose and whether hunting and trapping are allowed.

History: 1986 c 386 art 1 s 15; 1991 c 259 s 15

97A.083 HUNTING AND FISHING ON STATE LAND.

The commissioner shall allow or prohibit hunting and fishing on state land as provided under the game and fish laws. The commissioner shall publish information on hunting and fishing on state land, including areas where taking wild animals is allowed or prohibited.

History: 1991 c 259 s 16

97A.085 GAME REFUGES.

Subdivision 1. State parks. All state parks are designated as game refuges.

Subd. 2. Establishment by commissioner. The commissioner may designate a game refuge if more than 50 percent of the area is in public ownership. The game refuge must be a contiguous area of at least 640 acres unless it borders or includes a marsh, or other body of water or watercourse suitable for wildlife habitat.

Subd. 3. Establishment by petition of land holders. The commissioner may designate a land area or portion of a land area described in a petition as a game refuge. The petition must be signed by the owner, the lessee, or the person in possession of each tract in the area. A certificate of the auditor of the county where the lands are located must accompany the petition stating that the persons named in the petition are the owners, lessees, or persons in possession of all of the land described according to the county records. The game refuge must be a contiguous area of at least 640 acres unless it borders or includes a marsh, or other body of water or watercourse suitable for wildlife habitat.

Subd. 4. Establishment by petition of county residents. The commissioner may designate as a game refuge public waters or a contiguous area described in a petition, signed by 50 or more residents of the county where the public waters or area is located. The game refuge must be a contiguous area of at least 640 acres unless it borders or includes a marsh, or other body of water or watercourse suitable for wildlife habitat. The game refuge may be designated only if the commissioner finds that protected wild animals are depleted and are in danger of extermination, or that it will best serve the public interest. If any of the land area in the proposed game refuge is privately owned and the commissioner receives a petition opposing designation of the refuge signed by the owners, lessees, or persons in possession of at least 75 percent of the private land area within the proposed game refuge, the commissioner shall not designate the private lands as a game refuge.

Subd. 4a. Hearing required. Before designating a game refuge under this section, the commissioner must hold a public hearing within the county where the majority of the proposed game refuge exists. Notices of the time and place of the hearing must be posted in five conspicuous places within the proposed game refuge at least 15 days before the hearing. A notice of the hearing must be published in a legal newspaper in each county where the area is located at least seven days before the hearing.

Subd. 5. Game refuge for specified game. The commissioner may designate a game refuge under this section for only specified species. The game refuge must be posted accordingly.

Subd. 6. Area included in game refuge. A state game refuge includes all public lands, waters, highways, and railroad right-of-way within the refuge boundary and, in the discretion of the commissioner, may include adjacent public lands and waters.

Subd. 7. Game refuge boundary posting. (a) The designation of a state game refuge is not effective until the boundary has been posted with notices that measure at least 12 inches.

(b) The notices must be posted at intervals of not more than 500 feet or less along the boundary. The notices must also be posted at all public road entrances to the refuges, except where the boundary is also an international or state boundary in public waters. Where the boundary of a refuge extends more than 500 feet continuously through a body of water, instead of placing notices in the water, notices with the words, "Adjacent Waters Included," may be placed on the shoreline at the intersection of the boundary and the water 20 feet or less above the high-water mark and at intervals of 500 feet or less along the shoreline.

(c) A certification by the commissioner or the director of the Wildlife Division, or a certification filed with the commissioner or director by a conservation officer, refuge supervisor, or other authorized officer or employee, stating that the required notices have been posted is prima facie evidence of the posting.

Subd. 8. Modification or abandonment. A state game refuge may be vacated or modified by the commissioner under the same procedures required for establishment of the refuge, except that a refuge established or modified under subdivision 2 or 3 may be vacated or modified following a public hearing as specified in subdivision 4a.

97A.091 HUNTING ON GAME REFUGES.

Subdivision 1. **Hunting and possession of firearms.** Except as provided in subdivision 2, a person may not take a wild animal, except fish, within a state game refuge. A person may not carry within a refuge:

- (1) a firearm unless the firearm is unloaded and contained in a case, or unloaded and broken down; or
- (2) an uncased bow.

Subd. 2. **When hunting allowed.** (a) The commissioner may allow hunting of a protected wild animal species within any portion of a state game refuge, including a state park. Hunting may be allowed under this paragraph only if the commissioner finds:

- (1) the population of the species exceeds the refuge's carrying capacity;
 - (2) the species is causing substantial damage to agricultural or forest crops in the vicinity;
 - (3) the species or other protected wild animals are threatened by the species population;
- or

- (4) a harvestable surplus of the species exists.

(b) The commissioner may allow hunting of unprotected wild animals in a game refuge.

(c) The commissioner may prescribe rules for any hunting allowed within a refuge.

(d) In any selection process for permits to take deer within a game refuge, the commissioner may designate a certain number of permits that are available only to applicants who are age 70 or over or are qualified for a special permit under section 97B.055, subdivision 3, or 97B.106.

Subd. 3. **Trap or target shooting.** The commissioner may issue special permits, without fee, to the owner or lessee of privately owned land within the boundaries of a state game refuge for trap or target shooting.

97A.092 CONTROLLED HUNTING ZONES.

The commissioner may by rule establish controlled hunting zones in areas on or adjacent to wildlife management areas and game refuges where the commissioner determines it is necessary to limit the distribution of waterfowl hunters. The commissioner may by rule establish conditions for entry and restrictions on hunting in a controlled hunting zone, including procedures for impartially selecting hunters for the zone.

History: 1993 c 231 s 10

97A.093 HUNTING, TRAPPING, AND FISHING IN SCIENTIFIC AND NATURAL AREAS.

Except as otherwise provided by law, scientific and natural areas are closed to hunting, trapping, and fishing unless:

- (1) the designating document allows hunting, trapping, or fishing; or
- (2) the commissioner allows hunting, trapping, or fishing in accordance with the procedure in section 86A.05, subdivision 5, paragraph (d).

History: 1991 c 259 s 17; 1992 c 462 s 12; 2005 c 161 s 2

97A.095 WATERFOWL PROTECTED AREAS.

Subdivision 1. **Migratory waterfowl sanctuary.** The commissioner may designate by rule any part of a state game refuge or any part of a public water that is designated for management purposes under section 97A.101, subdivision 2, as a migratory waterfowl sanctuary if

there is presented to the commissioner a petition signed by ten resident licensed hunters describing an area that is primarily a migratory waterfowl refuge. The commissioner shall post the area as a migratory waterfowl sanctuary. A person may not enter a posted migratory waterfowl sanctuary during the open migratory waterfowl season unless accompanied by or under a permit issued by a conservation officer or wildlife manager. Upon a request from a private landowner within a migratory waterfowl sanctuary, an annual permit must be issued to provide access to the property during the waterfowl season. The permit shall include conditions that allow no activity which would disturb waterfowl using the refuge during the waterfowl season.

Subd. 2. Waterfowl feeding and resting areas. The commissioner may, by rule, designate any part of a lake as a migratory feeding and resting area. Before designation, the commissioner must receive a petition signed by at least ten local resident licensed hunters describing the area of a lake that is a substantial feeding or resting area for migratory waterfowl, and find that the statements in the petition are correct, and that adequate, free public access to the lake exists near the designated area. The commissioner shall post the area as a migratory waterfowl feeding and resting area. Except as authorized in rules adopted by the commissioner, a person may not enter a posted migratory waterfowl feeding and resting area, during a period when hunting of migratory waterfowl is allowed, with watercraft or aircraft propelled by a motor, other than an electric motor of less than 30 pounds thrust. The commissioner may, by rule, further restrict the use of electric motors in migratory waterfowl feeding and resting areas.

Subd. 3. Hunting on Muskrat Lake. The commissioner may prohibit migratory waterfowl hunting on Muskrat Lake in Beltrami County by posting accordingly.

Subd. 4. Swan Lake Migratory Waterfowl Sanctuary. The land described in Laws 1999, chapter 81, section 2, is designated Swan Lake Migratory Waterfowl Sanctuary under subdivision 1.

97A.101 PUBLIC WATER RESERVES AND MANAGEMENT DESIGNATION.

Subdivision 1. Reserves. The commissioner may designate and reserve public waters of the state to propagate and protect wild animals.

Subd. 2. Management designation. (a) The commissioner may designate, reserve, and manage public waters for wildlife after giving notice and holding a public hearing. The hearing must be held in the county where the major portion of the waters is located. Notice of the hearing must be published in a legal newspaper within each county where the waters are located at least seven days before the hearing. The designation by the commissioner shall be by written order published in the State Register. Designations are not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply.

(b) The commissioner may contract with riparian owners for water projects under section 103G.121, subdivision 3, and may acquire land, accept local funding, and construct, maintain, and operate structures to control water levels under section 103G.505 to manage designated waters.

Subd. 3. Fishing may not be restricted. Seasons or methods of taking fish may not be restricted under this section.

Subd. 4. Restrictions on airboats, watercraft, and recreational vehicles. (a) The use of airboats is prohibited at all times on lakes designated for wildlife management purposes under this section unless otherwise authorized by the commissioner.

(b) The commissioner may restrict the use of motorized watercraft and recreational vehicles on lakes designated for wildlife management purposes by posting all public access points on the designated lake. To minimize disturbance to wildlife or to protect wildlife habitat, the commissioner may restrict the type of allowable motorized watercraft or recreational vehicle, horsepower or thrust of motor, speed of operation, and season or area of use. Designation of areas, times, and types of restrictions to be posted shall be by written order published in the State Register. Posting of the restrictions is not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply.

(c) Before the commissioner establishes perpetual restrictions under paragraph (b), public comment must be received and a public meeting must be held in the county where the largest portion of the lake is located. Notice of the meeting must be published in a news release issued by the commissioner and in a newspaper of general circulation in the area where the waters are located. The notice must be published at least once between 30 and 60 days before the public meeting and at least once between seven and 30 days before the meeting. The notices required in this paragraph must summarize the proposed action, invite public comment, and specify a deadline for the receipt of public comments. The commissioner shall mail a copy of each required notice to persons who have registered their names with the commissioner for this purpose. The commissioner shall consider any public comments received in making a final decision. This paragraph does not apply to temporary restrictions that expire within 90 days of the effective date of the restrictions.

97A.105 GAME AND FUR FARMS.

Subdivision 1. License requirements. (a) A person may breed and propagate fur-bearing animals, game birds, bear, or mute swans only on privately owned or leased land and after obtaining a license. Any of the permitted animals on a game farm may be sold to other licensed game farms. "Privately owned or leased land" includes waters that are shallow or marshy, are not actually navigable, and are not of substantial beneficial public use. Before an application for a license is considered, the applicant must enclose the area to sufficiently confine the animals to be raised in a manner approved by the commissioner. A license may be granted only if the commissioner finds the application is made in good faith with intention to actually carry on the business described in the application and the commissioner determines that the facilities are adequate for the business.

(b) A person may purchase live game birds or their eggs without a license if the birds or eggs, or birds hatched from the eggs, are released into the wild, consumed, or processed for consumption within one year after they were purchased or hatched. This paragraph does not apply to the purchase of migratory waterfowl or their eggs.

(c) A person may not introduce mute swans into the wild without a permit issued by the commissioner.

Subd. 2. Transfer of license. (a) A game or fur farm license is transferable with the transfer of all or a portion of the title or leasehold of the land if:

- (1) the land transferred complies with the license requirements;
- (2) the land is used for the purposes of the license; and
- (3) a verified written report of the existing and intended land use is made to the commissioner, accompanied by a copy of deed, assignment, lease, or other instrument transferring the corresponding title or leasehold in the enclosed land.

(b) A transfer of less than the whole interest in the license is not valid. Each bona fide partner or associate in the ownership or operation of a game or fur farm must obtain a separate license.

Subd. 3. **Ownership of wild animals.** All wild animals and their offspring, of the species identified in the license, that are within the enclosure are the property of the game and fur farm licensee.

Subd. 3a. [Repealed, 2003 c 128 art 1 s 176]

Subd. 3b. [Repealed, 2003 c 128 art 1 s 176]

Subd. 4. **Sale of live animals.** (a) A sale of live animals from a licensed fur or game farm is not valid unless the animals are delivered to the purchaser or they are identified and kept separately.

(b) Live animals sold through auction or through a broker are considered to be sold by the game farm licensee.

(c) The sale agreement or contract must be in writing. The licensee must notify a purchaser of the death of an animal within 30 days and of the number of increase before July 20 of each year.

Subd. 5. **Sale of pelts.** The commissioner shall prescribe:

(1) the manner that pelts and products of wild animals raised on fur or game farms may be sold or transported; and

(2) the tags or seals to be affixed to the pelts and products.

Subd. 6. **Fox and mink.** Fox and mink may not be bought or sold for breeding or propagating unless they have been pen-bred for at least two generations.

Subd. 7. **Transportation of live beaver.** Live beaver may not be transported without a permit from the commissioner.

Subd. 8. **Penalty.** A licensee that does not comply with a provision of this section subjects all wild animals on the game or fur farm to confiscation.

Subd. 9. **Rules.** The commissioner may adopt rules for:

(1) the issuance of game farm licenses;

(2) the inspection of game farm facilities;

(3) the acquisition and disposal of game farm animals; and

(4) record keeping and reporting by game farm licensees, including transactions handled by auction or broker.

97A.111 [Repealed, 1997 c 226 s 51]

97A.115 ESTABLISHMENT OF SHOOTING PRESERVES.

Subdivision 1. **Licenses; rules.** A person may not operate a shooting preserve without a license. The commissioner may issue licenses to operate commercial shooting preserves and private shooting preserves if the commissioner determines that it is in the public interest and that there will not be an adverse effect on wild game bird populations. Private shooting preserves may only be located outside of the pheasant range as determined by the commissioner. The commissioner may adopt rules to implement this section and section 97A.121.

Subd. 2. **Species available.** Species that may be released and hunted in a licensed shooting preserve must be specified in the license and are limited to unprotected birds, adult pheasant, and bob-white quail for private shooting preserves and adult pheasant, bob-white quail, turkey, mallard duck, black duck, and other species designated by the commissioner for commercial shooting preserves. These game birds must be pen hatched and raised.

Subd. 3. **Size of preserve.** A shooting preserve must be at least 40 but not more than 160 contiguous acres for private shooting preserves and at least 100 but not more than 1,000 contiguous acres, including any water area, for commercial shooting preserves.

Subd. 4. **Posting of boundaries.** The boundaries of a shooting preserve must be clearly posted in a manner prescribed by the commissioner.

Subd. 5. **Revocation of license.** The commissioner may revoke a shooting preserve license if the licensee or persons authorized to hunt in the preserve have been convicted of a violation under this section or section 97A.121. After revocation, a new license may be issued in the discretion of the commissioner.

History: 1986 c 386 art 1 s 22; 1990 c 605 s 1; 1994 c 623 art 1 s 22; 1995 c 186 s 27

97A.121 HUNTING IN PRIVATE SHOOTING PRESERVES.

Subdivision 1. **Hunter's license.** (a) A person hunting released birds in a private shooting preserve must have the licenses required by law for hunting pheasants.

(b) A license is not required to hunt authorized game birds on a commercial shooting preserve.

Subd. 2. **Season.** (a) The open season for hunting in commercial shooting preserves is continuous. Sanctioned registered field trials in commercial shooting preserves may be held from April 16 to July 14 after notification to the commissioner.

(b) The open season for hunting in a private shooting preserve is September 15 until December 31.

(c) The commissioner may restrict the open season after receiving a complaint, holding a public hearing, and finding that the population of wild game birds is in danger by hunting in the preserve.

Subd. 3. **Operator may establish restrictions.** A shooting preserve licensee may determine who is allowed to hunt in the preserve. In each preserve the licensee may establish the charge for taking game, the shooting hours, the season, limitations, and restrictions on the age, sex, and number of each species that may be taken by a hunter. These provisions may not conflict with this section or section 97A.115 and may not be less restrictive than any rule.

Subd. 4. **Limits and marking of game birds.** Except as provided in subdivision 4a, the commissioner shall prescribe the minimum number of each authorized species that may be released and the percentage of each species that may be taken. The commissioner shall prescribe methods for identifying birds to be released.

Subd. 4a. **Pheasants.** (a) A private shooting preserve licensed to release pheasants may release no more than 300 adult pheasants on the licensed shooting preserve area during the private shooting preserve hunting season. The number of pheasants harvested may not exceed 95 percent of the number of pheasants released.

(b) A commercial shooting preserve must release at least 1,000 adult pheasants.

Subd. 5. **Marking harvested game.** Harvested game, except ducks that are marked in accordance with regulations of the United States Fish and Wildlife Service, must be marked or identified by the shooting preserve in a manner prescribed by the commissioner. The commissioner may issue the tags or other markings at a cost of 15 cents each. The marking must remain attached on the bird while the bird is transported.

A shooting preserve must keep records of the number of each species raised and purchased and the date and number of each species released. The records must be open to inspection by the commissioner at all reasonable times.

(1) the commissioner determines are appropriate to connect trails, forest roads established under section 89.71, subdivision 1, and public highways to provide reasonable travel for all-terrain vehicles; or

(2) are areas of historic all-terrain vehicle use, including trails that end within a wildlife management area.

The designated trails must be either within or contiguous to the wildlife management areas. The commissioner shall consult with wildlife management area users, including both motorized and nonmotorized trail users, in identifying and designating trails under this paragraph. Trail establishment must be in compliance with other state and federal law. Local governments and other trail sponsors may propose the designation of trails, including the designation as a grant-in-aid trail for the purposes of funding under section 84.927, subdivision 2. Designation of trails by the commissioner, authorized under this subdivision, shall be by written order published in the State Register. Designations are not subject to the rulemaking provisions of chapter 14 and section 14.386 does not apply.

(b) The following roads shall be open to travel by all-terrain vehicles when the roads are open to other noncommercial vehicles:

(4) the existing west access road to the Moose River dike, which is included in meeting the required all-terrain vehicle trail mileage specified in paragraph (a).

(c) The commissioner shall sign each road and trail designated under this subdivision indicating the motorized uses allowed.

(d) During the regular firearms deer season, on all wildlife management area lands within the area described in paragraph (e), a person licensed to take deer may operate an all-terrain vehicle:

- (1) before legal shooting hours;
- (2) after legal shooting hours; and
- (3) from 11:00 a.m. to 2:00 p.m.

(e) Paragraph (d) applies from where State Highway No. 1 intersects the west boundary of the Red Lake Indian Reservation, then west to State Highway No. 219, then north on State Highway No. 219 to State Highway No. 89, then north on State Highway No. 89 to County Highway No. 6, then east on County Highway No. 6 to County Highway No. 54 and County Highway No. 1 (Beltrami/Marshall county line) then north along the Beltrami/Marshall county line to Roseau county line, then east on Beltrami/Roseau county line to Dick's Parkway, then south on Dick's Parkway to County Road No. 704, Beltrami County, then south to County State-Aid Highway No. 44 to Fourtown, then south on State Highway No. 89 to the north boundary of the Red Lake Indian Reservation, then west and south following the boundary of the Red Lake Indian Reservation to where it intersects State Highway No. 1.

The existence of a corridor of disturbance eligible for corridor designation may be demonstrated by physical evidence, document recorded in the office of the county recorder or other public official, aerial survey, or other evidence similar to the above. Cross-country motorized use of land shall not cause that land to be considered a corridor of disturbance.

97A.135 ACQUISITION OF WILDLIFE LANDS.

Subdivision 1. **Public hunting and wildlife areas.** (a) The commissioner or the commissioner of administration shall acquire and improve land for public hunting, game refuges, and food and cover planting. The land may be acquired by a gift, lease, easement, purchase, or condemnation. At least two-thirds of the total area acquired in a county must be open to public hunting. The commissioner may designate, by written order published in the State Register, land acquired under this subdivision as a wildlife management area for the purposes of the outdoor recreation system. Designations of wildlife management areas are exempt from the rulemaking provisions of chapter 14 and section 14.386 does not apply.

(b) The commissioner of administration may transfer money to the commissioner for acquiring wildlife lands to qualify for Pittman–Robertson funds. The transferred money is reappropriated to the commissioner for the wildlife land acquisition.

Subd. 2. **Disposal of unsuitable hunting areas.** The commissioner shall sell or exchange land acquired for public hunting that is unnecessary or unsuitable. The land may not be sold for less than its purchase price. The land may be exchanged for land of equal value that adds to existing public hunting areas. The sales and exchanges must be approved by the Executive Council. This subdivision does not apply to land in a wildlife management area.

Subd. 2a. **Disposal of land in wildlife management areas.** (a) The commissioner may sell or exchange land in a wildlife management area authorized by designation under section 86A.07, subdivision 3, 97A.133, or 97A.145 if the commissioner vacates the designation before the sale or exchange in accordance with this subdivision. The designation may be vacated only if the commissioner finds, after a public hearing, that the disposal of the land is in the public interest.

(b) A sale under this subdivision is subject to sections 94.09 to 94.16. An exchange under this subdivision is subject to sections 94.341 to 94.347.

(c) Revenue received from a sale authorized under paragraph (a) is appropriated to the commissioner for acquisition of replacement wildlife management lands.

(d) Land acquired by the commissioner under this subdivision must meet the criteria in section 86A.05, subdivision 8, and as soon as possible after the acquisition must be designated as a wildlife management area under section 86A.07, subdivision 3, 97A.133, or 97A.145.

(e) In acquiring land under this subdivision, the commissioner must give priority to land within the same geographic region of the state as the land conveyed.

Subd. 3. Cooperative farming agreements. On any public hunting, game refuge, wildlife management area, or scientific and natural area lands, the commissioner may enter into written cooperative farming agreements on a sharecrop basis, without competitive bidding, for the purpose of wildlife and plant management. Cooperative farming agreements may also be used to allow pasturing of livestock. The agreements may provide for the bartering of a share of any crop, produced from these lands, for services or products that will enhance or benefit the management of state lands for plant and animal species. Cooperative farming agreements pursuant to this section shall not be considered leases for tax purposes under section 272.01, subdivision 2, or 273.19.

97A.137 HUNTING, FISHING, AND TRESPASSING IN WILDLIFE MANAGEMENT AREAS.

Subdivision 1. Hunting and fishing. Wildlife management areas are open to hunting and fishing unless closed by rule of the commissioner or by posting under subdivision 2.

Subd. 2. Commissioner may restrict entry to designated areas. The commissioner may, by posting in accordance with section 97B.001, subdivision 4, designate areas within wildlife management areas that are closed to entry for the purpose of providing areas where disturbance of wildlife can be minimized. A person may not enter an area posted under this subdivision except as authorized by rule or a permit issued by the commissioner.

Subd. 3. Use of motorized vehicles by disabled hunters. The commissioner may issue a special permit, without a fee, authorizing a hunter with a permanent physical disability to use a snowmobile or all-terrain vehicle in wildlife management areas. To qualify for a permit under this subdivision, the disabled person must possess:

- (1) the required hunting licenses; and
- (2) a permit to shoot from a stationary vehicle under section 97B.055, subdivision 3.

97A.141 PUBLIC WATER ACCESS SITES.

Subdivision 1. Acquisition; generally. The commissioner shall acquire access sites adjacent to public waters and easements and rights-of-way necessary to connect the access sites with public highways. The land may be acquired by gift, lease, or purchase, or by condemnation with approval of the Executive Council. An access site may not exceed seven acres and may only be acquired where access is inadequate.

Subd. 2. Acquisition; limitations. Access sites may not be acquired under this section adjacent to public waters that are unmeandered or completely surrounded by land owned and maintained for the purpose of an educational or religious institution. Access sites adjacent to public waters that contain less than 200 acres within the meander lines may not be acquired by condemnation and may only be acquired if:

- (1) the public water contains at least 150 acres within the meander lines; or
- (2) the public waters are to be managed intensively for fishing.

Subd. 3. Maintenance. The commissioner shall maintain the sites, easements, and rights-of-way acquired under this section. The commissioner may make an agreement for

the maintenance of the site easements and rights-of-way with a county board if the connecting public highway is a county state-aid highway or county highway, or the town board if the connecting highway is a town road. The county board and town board may spend money from its road and bridge funds for maintenance under the agreement.

Subd. 4. Cooperation with metropolitan governmental units. Local units of government owning lands adjacent to public waters within the seven-county metropolitan area shall cooperate with the commissioner to use those lands for public access purposes when identified by the commissioner under subdivision 1. If cooperation does not occur, the commissioner may use condemnation authority under this section to acquire an interest in the local government lands for public access purposes.

Subd. 5. Hunting generally prohibited. A person may not hunt on water access sites unless allowed by rule of the commissioner.

97A.145 WETLANDS FOR WILDLIFE.

Subdivision 1. Acquisition; generally. (a) The commissioner or the commissioner of administration may acquire wetlands and bordering areas, including marshes, ponds, small lakes, and stream bottoms for water conservation relating to wildlife development. The lands that are acquired may be developed for wildlife, recreation, and public hunting. The wetlands may be acquired by gift, lease, purchase, or exchange of state lands.

(b) The commissioner may also acquire land owned by the state and tax-forfeited land that is suitable for wildlife development. The wetlands may not be acquired unless public access by right-of-way or easement from a public road is also acquired or available. In acquiring wetlands under this section the commissioner shall assign highest priority to type 3 and 4 wetlands, as defined in United States Fish and Wildlife Service Circular No. 39 (1971 edition), that are public waters. Lands purchased or leased under this section may not be used to produce crops unless needed for wildlife. The commissioner may designate, by written order published in the State Register, land acquired under this section as a wildlife management area for purposes of the outdoor recreation system. Designations of wildlife management areas are exempt from the rulemaking provisions of chapter 14 and section 14.386 does not apply.

Subd. 2. Acquisition procedure. (a) Lands purchased or leased under this section must be acquired in accordance with this subdivision.

(b) The commissioner must notify the county board and the town officers where the land is located and furnish them a description of the land to be acquired. The county board must approve or disapprove the proposed acquisition within 90 days after being notified. The commissioner may extend the time up to 30 days. The soil and water conservation district supervisors shall counsel the county board on drainage and flood control and the best utilization and capability of the land.

(c) If the county board approves the acquisition within the prescribed time, the commissioner may acquire the land.

(d) If the county board disapproves the acquisition, it must state valid reasons. The commissioner may not purchase or lease the land if the county board disapproves the acquisition and states its reasons within the prescribed time period. The landowner or the commissioner may appeal the disapproval to the district court having jurisdiction where the land is located.

(e) The commissioner or the owner of the land may submit the proposed acquisition to the Land Exchange Board if: (1) the county board does not give reason for disapproval, or does not approve or disapprove the acquisition within the prescribed time period; or (2) the court finds that the disapproval is arbitrary and capricious, or that the reasons stated for disapproval are invalid.

(f) The Land Exchange Board must conduct a hearing and make a decision on the acquisition within 60 days after receiving the proposal. The Land Exchange Board must give notice of the hearing to the county board, the commissioner, the landowner, and other inter-

ested parties. The Land Exchange Board must consider the interests of the county, the state, and the landowner in determining whether the acquisition is in the public interest. If a majority of the Land Exchange Board members approves the acquisition, the commissioner may acquire the land. If a majority disapproves, the commissioner may not purchase or lease the land.

Subd. 3. **Management.** If a drainage outlet is petitioned and drainage proceedings are conducted under the Drainage Code, chapter 103E, the commissioner should not interfere with or unnecessarily delay the proceedings.
