PROMOTION DUTIES.

116J.551 CREATION OF ACCOUNTS.

Subdivision 1. **Grant account.** A contaminated site cleanup and development grant account is created in the general fund. Money in the account may be used, as appropriated by law, to make grants as provided in section 116J.554 and to pay for the commissioner's costs in reviewing applications and making grants. Notwithstanding section 16A.28, money appropriated to the account for this program from any source is available until spent.

Subd. 2. **Qualifying sites.** A site qualifies for a grant under this section, if the following criteria are met:

(1) the site is not scheduled for funding during the current or next fiscal year under the Comprehensive Environmental Response, Compensation, and Liability Act, United States Code, title 42, section 9601, et seq. or under the Environmental Response, and Liability Act under sections 115B.01 to 115B.20;

(2) if the proposed cleanup is completed, it is expected that the site will be improved with buildings or other improvements and these improvements will provide a substantial increase in the property tax base within a reasonable period of time or the site will be used for an important publicly owned or tax-exempt facility.

116J.555 PRIORITIES.

Subdivision 1. **Priorities.** (a) The legislature expects that applications for grants will exceed the available appropriations and the agency will be able to provide grants to only some of the applicant development authorities.

(b) If applications for grants for qualified sites exceed the available appropriations, the agency shall make grants for sites that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred and that meet all the requirements provided by law. In making this judgment, the commissioner shall consider the following factors:

(1) the recommendations or ranking of projects by the commissioner of the Pollution Control Agency regarding the potential threat to public health and the environment that would be reduced or eliminated by completion of each of the response action plans;

(2) the potential increase in the property tax base of the local taxing jurisdictions, considered relative to the fiscal needs of the jurisdictions, that will result from developments that will occur because of completion of each of the response action plans;

(3) the social value to the community of the cleanup and redevelopment of the site, including the importance of development of the proposed public facilities on each of the sites;

(4) the probability that each site will be cleaned up without use of government money in the reasonably foreseeable future by considering but not limited to the current market value of the site versus the cleanup cost;

(5) the amount of cleanup costs for each site; and

(6) the amount of the commitment of municipal or other local resources to pay for the cleanup costs.

The factors are not listed in a rank order of priority; rather the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the response action plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. The commissioner shall provide a written statement of the supporting reasons for each grant. Unless sufficient applications are not received for qualifying sites outside of the metropolitan area, at least 25 percent of the money provided as grants must be made for sites located outside of the metropolitan area.

116J.575 GRANTS.

Subdivision 1. Commissioner discretion. The commissioner may make a grant for up to 50 percent of the eligible costs of a project. The determination of whether to make a grant for a site is within the discretion of the commissioner, subject to this section and sections 116J.571 to 116J.574 and available unencumbered money in the redevelopment account. The commissioner's decisions and application of the priorities under this section are not subject to judicial review, except for abuse of discretion.

Subd. 1a. Priorities. (a) If applications for grants exceed the available appropriations, grants shall be made for sites that, in the commissioner's judgment, provide the highest return in public benefits for the public costs incurred. "Public benefits" include job creation, bioscience development, environmental benefits to the state and region, efficient use of public transportation, efficient use of existing infrastructure, provision of affordable housing, multiuse development that constitutes community rebuilding rather than single-use development, crime reduction, blight reduction, community stabilization, and property tax base maintenance or improvement. In making this judgment, the commissioner shall give priority to redevelopment projects with one or more of the following characteristics:

- (1) the need for redevelopment in conjunction with contamination remediation needs;
- (2) the redevelopment project meets current tax increment financing requirements for a redevelopment district and tax increments will contribute to the project;
- (3) the redevelopment potential within the municipality;
- (4) proximity to public transit if located in the metropolitan area;
- (5) redevelopment costs related to expansion of a bioscience business in Minnesota; and
- (6) multijurisdictional projects that take into account the need for affordable housing, transportation, and environmental impact.

(b) The factors in paragraph (a) are not listed in a rank order of priority; rather, the commissioner may weigh each factor, depending upon the facts and circumstances, as the commissioner considers appropriate. The commissioner may consider other factors that affect the net return of public benefits for completion of the redevelopment plan. The commissioner, notwithstanding the listing of priorities and the goal of maximizing the return of public benefits, shall make grants that distribute available money to sites both within and outside of the metropolitan area. Unless sufficient applications are not received for qualifying sites outside of the metropolitan area, at least 50 percent of the money provided as grants must be made for sites located outside of the metropolitan area.

116J.966 COMMISSIONER'S TRADE PROMOTION DUTIES.

Subdivision 1. **Generally.** (a) The commissioner shall promote, develop, and facilitate trade and foreign investment in Minnesota. In furtherance of these goals, and in addition to the powers granted by section 116J.035, the commissioner may:

(1) locate, develop, and promote international markets for Minnesota products and services;

(2) arrange and lead trade missions to countries with promising international markets for Minnesota goods, technology, services, and agricultural products;

(3) promote Minnesota products and services at domestic and international trade shows;

(4) organize, promote, and present domestic and international trade shows featuring Minnesota products and services;

(5) host trade delegations and assist foreign traders in contacting appropriate Minnesota businesses and investments;

(6) develop contacts with Minnesota businesses and gather and provide information to assist them in locating and communicating with international trading or joint venture counterparts;

(7) provide information, education, and counseling services to Minnesota businesses regarding the economic, commercial, legal, and cultural contexts of international trade;

(8) provide Minnesota businesses with international trade leads and information about the availability and sources of services relating to international trade, such as export financing, licensing, freight forwarding, international advertising, translation, and custom brokering;

(9) locate, attract, and promote foreign direct investment and business development in Minnesota to enhance employment opportunities in Minnesota;

(10) provide foreign businesses and investors desiring to locate facilities in Minnesota information regarding sources of governmental, legal, real estate, financial, and business services;

(11) enter into contracts or other agreements with private persons and public entities, including agreements to establish and maintain offices and other types of representation in foreign countries, to carry out the purposes of promoting international trade and attracting investment from foreign countries to Minnesota and to carry out this section, without regard to section 16C.06; and

(12) market trade-related materials to businesses and organizations, and the proceeds of which must be placed in a special revolving account and are appropriated to the commissioner to prepare and distribute trade-related materials.

(b) The programs and activities of the commissioner of employment and economic development and the Minnesota Trade Division may not duplicate programs and activities of the commissioner of agriculture.

(c) The commissioner shall notify the chairs of the senate Finance and house Ways and Means Committees of each agreement under this subdivision to establish and maintain an office or other type of representation in a foreign country.

(d) The Minnesota Trade Office shall serve as the state's office of protocol providing assistance to official visits by foreign government representatives and shall serve as liaison to the foreign diplomatic corps in Minnesota.
