#### 256.01 COMMISSIONER OF HUMAN SERVICES; POWERS, DUTIES.

*[For text of subd 1, see M.S.2006]*

Subd. 2. **Specific powers.** Subject to the provisions of section 241.021, subdivision 2, the commissioner of human services shall carry out the specific duties in paragraphs (a) through (cc):

(a) Administer and supervise all forms of public assistance provided for by state law and other welfare activities or services as are vested in the commissioner. Administration and supervision of human services activities or services includes, but is not limited to, assuring timely and accurate distribution of benefits, completeness of service, and quality program management. In addition to administering and supervising human services activities vested by law in the department, the commissioner shall have the authority to:

(1) require county agency participation in training and technical assistance programs to promote compliance with statutes, rules, federal laws, regulations, and policies governing human services;

(2) monitor, on an ongoing basis, the performance of county agencies in the operation and administration of human services, enforce compliance with statutes, rules, federal laws, regulations, and policies governing welfare services and promote excellence of administration and program operation;

(3) develop a quality control program or other monitoring program to review county performance and accuracy of benefit determinations;

(4) require county agencies to make an adjustment to the public assistance benefits issued to any individual consistent with federal law and regulation and state law and rule and to issue or recover benefits as appropriate;

(5) delay or deny payment of all or part of the state and federal share of benefits and administrative reimbursement according to the procedures set forth in section 256.017;

(6) make contracts with and grants to public and private agencies and organizations, both profit and nonprofit, and individuals, using appropriated funds; and

(7) enter into contractual agreements with federally recognized Indian tribes with a reservation in Minnesota to the extent necessary for the tribe to operate a federally approved family assistance program or any other program under the supervision of the commissioner. The commissioner shall consult with the affected county or counties in the contractual agreement negotiations, if the county or counties wish to be included, in order to avoid the duplication of county and tribal assistance program services. The commissioner may establish necessary accounts for the purposes of receiving and disbursing funds as necessary for the operation of the programs.

(b) Inform county agencies, on a timely basis, of changes in statute, rule, federal law, regulation, and policy necessary to county agency administration of the programs.

(c) Administer and supervise all child welfare activities; promote the enforcement of laws protecting disabled, dependent, neglected and delinquent children, and children born to mothers who were not married to the children's fathers at the times of the conception nor at the births of the children; license and supervise child-caring and child-placing agencies and institutions; supervise the care of children in boarding and foster homes or in private institutions; and generally perform all functions relating to the field of child welfare now vested in the State Board of Control.

(d) Administer and supervise all noninstitutional service to disabled persons, including those who are visually impaired, hearing impaired, or physically impaired or otherwise disabled. The commissioner may provide and contract for the care and treatment of qualified indigent children in facilities other than those located and available at state hospitals when it is not feasible to provide the service in state hospitals.

(e) Assist and actively cooperate with other departments, agencies and institutions, local, state, and federal, by performing services in conformity with the purposes of Laws 1939, chapter 431.

(f) Act as the agent of and cooperate with the federal government in matters of mutual concern relative to and in conformity with the provisions of Laws 1939, chapter 431, including the administration of any federal funds granted to the state to aid in the performance of any functions of the commissioner as specified in Laws 1939, chapter 431, and including the promulgation of rules making uniformly available medical care benefits to all recipients of public assistance, at such times as the federal government increases its participation in assistance expenditures for medical care to recipients of public assistance, the cost thereof to be borne in the same proportion as are grants of aid to said recipients.

(g) Establish and maintain any administrative units reasonably necessary for the performance of administrative functions common to all divisions of the department.

(h) Act as designated guardian of both the estate and the person of all the wards of the state of Minnesota, whether by operation of law or by an order of court, without any further act or proceeding whatever, except as to persons committed as developmentally disabled. For children under the guardianship of the commissioner or a tribe in Minnesota recognized by the Secretary of the Interior whose interests would be best served by adoptive placement, the commissioner may contract with a licensed child-placing agency or a Minnesota tribal social services agency to provide adoption services. A contract with a licensed child-placing agency must be designed to supplement existing county efforts and may not replace existing county programs or tribal social services, unless the replacement is agreed to by the county board and the appropriate exclusive bargaining representative, tribal governing body, or the commissioner has evidence that child placements of the county continue to be substantially below that of other counties. Funds encumbered and obligated under an agreement for a specific child shall remain available until the terms of the agreement are fulfilled or the agreement is terminated.

(i) Act as coordinating referral and informational center on requests for service for newly arrived immigrants coming to Minnesota.

(j) The specific enumeration of powers and duties as hereinabove set forth shall in no way be construed to be a limitation upon the general transfer of powers herein contained.

(k) Establish county, regional, or statewide schedules of maximum fees and charges which may be paid by county agencies for medical, dental, surgical, hospital, nursing and nursing home care and medicine and medical supplies under all programs of medical care provided by the state and for congregate living care under the income maintenance programs.

(l) Have the authority to conduct and administer experimental projects to test methods and procedures of administering assistance and services to recipients or potential recipients of public welfare. To carry out such experimental projects, it is further provided that the commissioner of human services is authorized to waive the enforcement of existing specific statutory program requirements, rules, and standards in one or more counties. The order establishing the waiver shall provide alternative methods and procedures of administration, shall

not be in conflict with the basic purposes, coverage, or benefits provided by law, and in no event shall the duration of a project exceed four years. It is further provided that no order establishing an experimental project as authorized by the provisions of this section shall become effective until the following conditions have been met:

(1) the secretary of health and human services of the United States has agreed, for the same project, to waive state plan requirements relative to statewide uniformity; and

(2) a comprehensive plan, including estimated project costs, shall be approved by the Legislative Advisory Commission and filed with the commissioner of administration.

(m) According to federal requirements, establish procedures to be followed by local welfare boards in creating citizen advisory committees, including procedures for selection of committee members.

(n) Allocate federal fiscal disallowances or sanctions which are based on quality control error rates for the aid to families with dependent children program formerly codified in sections 256.72 to 256.87, medical assistance, or food stamp program in the following manner:

(1) one-half of the total amount of the disallowance shall be borne by the county boards responsible for administering the programs. For the medical assistance and the AFDC program formerly codified in sections 256.72 to 256.87, disallowances shall be shared by each county board in the same proportion as that county's expenditures for the sanctioned program are to the total of all counties' expenditures for the AFDC program formerly codified in sections 256.72 to 256.87, and medical assistance programs. For the food stamp program, sanctions shall be shared by each county board, with 50 percent of the sanction being distributed to each county in the same proportion as that county's administrative costs for food stamps are to the total of all food stamp administrative costs for all counties, and 50 percent of the sanctions being distributed to each county in the same proportion as that county's value of food stamp benefits issued are to the total of all benefits issued for all counties. Each county shall pay its share of the disallowance to the state of Minnesota. When a county fails to pay the amount due hereunder, the commissioner may deduct the amount from reimbursement otherwise due the county, or the attorney general, upon the request of the commissioner, may institute civil action to recover the amount due; and

(2) notwithstanding the provisions of clause (1), if the disallowance results from knowing noncompliance by one or more counties with a specific program instruction, and that knowing noncompliance is a matter of official county board record, the commissioner may require payment or recover from the county or counties, in the manner prescribed in clause (1), an amount equal to the portion of the total disallowance which resulted from the noncompliance, and may distribute the balance of the disallowance according to clause (1).

(o) Develop and implement special projects that maximize reimbursements and result in the recovery of money to the state. For the purpose of recovering state money, the commissioner may enter into contracts with third parties. Any recoveries that result from projects or contracts entered into under this paragraph shall be deposited in the state treasury and credited to a special account until the balance in the account reaches \$1,000,000. When the balance in the account exceeds \$1,000,000, the excess shall be transferred and credited to the general fund. All money in the account is appropriated to the commissioner for the purposes of this paragraph.

(p) Have the authority to make direct payments to facilities providing shelter to women and their children according to section 256D.05, subdivision 3. Upon the written request of a shelter facility that has been denied payments under section 256D.05, subdivision 3, the commissioner shall review all relevant evidence and make a determination within 30 days of the request for review regarding issuance of direct payments to the shelter facility. Failure to act within 30 days shall be considered a determination not to issue direct payments.

(q) Have the authority to establish and enforce the following county reporting requirements:

(1) the commissioner shall establish fiscal and statistical reporting requirements necessary to account for the expenditure of funds allocated to counties for human services pro-

grams. When establishing financial and statistical reporting requirements, the commissioner shall evaluate all reports, in consultation with the counties, to determine if the reports can be simplified or the number of reports can be reduced;

(2) the county board shall submit monthly or quarterly reports to the department as required by the commissioner. Monthly reports are due no later than 15 working days after the end of the month. Quarterly reports are due no later than 30 calendar days after the end of the quarter, unless the commissioner determines that the deadline must be shortened to 20 calendar days to avoid jeopardizing compliance with federal deadlines or risking a loss of federal funding. Only reports that are complete, legible, and in the required format shall be accepted by the commissioner;

(3) if the required reports are not received by the deadlines established in clause (2), the commissioner may delay payments and withhold funds from the county board until the next reporting period. When the report is needed to account for the use of federal funds and the late report results in a reduction in federal funding, the commissioner shall withhold from the county boards with late reports an amount equal to the reduction in federal funding until full federal funding is received;

(4) a county board that submits reports that are late, illegible, incomplete, or not in the required format for two out of three consecutive reporting periods is considered noncompliant. When a county board is found to be noncompliant, the commissioner shall notify the county board of the reason the county board is considered noncompliant and request that the county board develop a corrective action plan stating how the county board plans to correct the problem. The corrective action plan must be submitted to the commissioner within 45 days after the date the county board received notice of noncompliance;

(5) the final deadline for fiscal reports or amendments to fiscal reports is one year after the date the report was originally due. If the commissioner does not receive a report by the final deadline, the county board forfeits the funding associated with the report for that reporting period and the county board must repay any funds associated with the report received for that reporting period;

(6) the commissioner may not delay payments, withhold funds, or require repayment under clause (3) or (5) if the county demonstrates that the commissioner failed to provide appropriate forms, guidelines, and technical assistance to enable the county to comply with the requirements. If the county board disagrees with an action taken by the commissioner under clause (3) or (5), the county board may appeal the action according to sections 14.57 to 14.69; and

(7) counties subject to withholding of funds under clause (3) or forfeiture or repayment of funds under clause (5) shall not reduce or withhold benefits or services to clients to cover costs incurred due to actions taken by the commissioner under clause (3) or (5).

(r) Allocate federal fiscal disallowances or sanctions for audit exceptions when federal fiscal disallowances or sanctions are based on a statewide random sample for the foster care program under title IV–E of the Social Security Act, United States Code, title 42, in direct proportion to each county's title IV–E foster care maintenance claim for that period.

(s) Be responsible for ensuring the detection, prevention, investigation, and resolution of fraudulent activities or behavior by applicants, recipients, and other participants in the human services programs administered by the department.

(t) Require county agencies to identify overpayments, establish claims, and utilize all available and cost-beneficial methodologies to collect and recover these overpayments in the human services programs administered by the department.

(u) Have the authority to administer a drug rebate program for drugs purchased pursuant to the prescription drug program established under section 256.955 after the beneficiary's satisfaction of any deductible established in the program. The commissioner shall require a rebate agreement from all manufacturers of covered drugs as defined in section 256B.0625, subdivision 13. Rebate agreements for prescription drugs delivered on or after July 1, 2002, must include rebates for individuals covered under the prescription drug program who are

under 65 years of age. For each drug, the amount of the rebate shall be equal to the rebate as defined for purposes of the federal rebate program in United States Code, title 42, section 1396r-8. The manufacturers must provide full payment within 30 days of receipt of the state invoice for the rebate within the terms and conditions used for the federal rebate program established pursuant to section 1927 of title XIX of the Social Security Act. The manufacturers must provide the commissioner with any information necessary to verify the rebate determined per drug. The rebate program shall utilize the terms and conditions used for the federal rebate program established pursuant to section 1927 of title XIX of the Social Security Act.

(v) Have the authority to administer the federal drug rebate program for drugs purchased under the medical assistance program as allowed by section 1927 of title XIX of the Social Security Act and according to the terms and conditions of section 1927. Rebates shall be collected for all drugs that have been dispensed or administered in an outpatient setting and that are from manufacturers who have signed a rebate agreement with the United States Department of Health and Human Services.

(w) Have the authority to administer a supplemental drug rebate program for drugs purchased under the medical assistance program. The commissioner may enter into supplemental rebate contracts with pharmaceutical manufacturers and may require prior authorization for drugs that are from manufacturers that have not signed a supplemental rebate contract. Prior authorization of drugs shall be subject to the provisions of section 256B.0625, subdivision 13.

(x) Operate the department's communication systems account established in Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 2, to manage shared communication costs necessary for the operation of the programs the commissioner supervises. A communications account may also be established for each regional treatment center which operates communications systems. Each account must be used to manage shared communication costs necessary for the operations of the programs the commissioner supervises. The commissioner may distribute the costs of operating and maintaining communication systems to participants in a manner that reflects actual usage. Costs may include acquisition, licensing, insurance, maintenance, repair, staff time and other costs as determined by the commissioner. Nonprofit organizations and state, county, and local government agencies involved in the operation of programs the commissioner supervises may participate in the use of the department's communications technology and share in the cost of operation. The commissioner may accept on behalf of the state any gift, bequest, devise or personal property of any kind, or money tendered to the state for any lawful purpose pertaining to the communication activities of the department. Any money received for this purpose must be deposited in the department's communication systems accounts. Money collected by the commissioner for the use of communication systems must be deposited in the state communication systems account and is appropriated to the commissioner for purposes of this section.

(y) Receive any federal matching money that is made available through the medical assistance program for the consumer satisfaction survey. Any federal money received for the survey is appropriated to the commissioner for this purpose. The commissioner may expend the federal money received for the consumer satisfaction survey in either year of the biennium.

(z) Designate community information and referral call centers and incorporate cost reimbursement claims from the designated community information and referral call centers into the federal cost reimbursement claiming processes of the department according to federal law, rule, and regulations. Existing information and referral centers provided by Greater Twin Cities United Way or existing call centers for which Greater Twin Cities United Way has legal authority to represent, shall be included in these designations upon review by the commissioner and assurance that these services are accredited and in compliance with national standards. Any reimbursement is appropriated to the commissioner and all designated information and referral centers shall receive payments according to normal department schedules established by the commissioner upon final approval of allocation methodologies

from the United States Department of Health and Human Services Division of Cost Allocation or other appropriate authorities.

(aa) Develop recommended standards for foster care homes that address the components of specialized therapeutic services to be provided by foster care homes with those services.

(bb) Authorize the method of payment to or from the department as part of the human services programs administered by the department. This authorization includes the receipt or disbursement of funds held by the department in a fiduciary capacity as part of the human services programs administered by the department.

(cc) Have the authority to administer a drug rebate program for drugs purchased for persons eligible for general assistance medical care under section 256D.03, subdivision 3. For manufacturers that agree to participate in the general assistance medical care rebate program, the commissioner shall enter into a rebate agreement for covered drugs as defined in section 256B.0625, subdivisions 13 and 13d. For each drug, the amount of the rebate shall be equal to the rebate as defined for purposes of the federal rebate program in United States Code, title 42, section 1396r-8. The manufacturers must provide payment within the terms and conditions used for the federal rebate program established under section 1927 of title XIX of the Social Security Act. The rebate program shall utilize the terms and conditions used for the federal rebate program established under section 1927 of title XIX of the Social Security Act.

Effective January 1, 2006, drug coverage under general assistance medical care shall be limited to those prescription drugs that:

(1) are covered under the medical assistance program as described in section 256B.0625, subdivisions 13 and 13d; and

(2) are provided by manufacturers that have fully executed general assistance medical care rebate agreements with the commissioner and comply with such agreements. Prescription drug coverage under general assistance medical care shall conform to coverage under the medical assistance program according to section 256B.0625, subdivisions 13 to 13g.

The rebate revenues collected under the drug rebate program are deposited in the general fund.

*[For text of subd 2a, see M.S.2006]*

**Subd. 2b. Performance payments.** (a) The commissioner shall develop and implement a pay-for-performance system to provide performance payments to eligible medical groups and clinics that demonstrate optimum care in serving individuals with chronic diseases who are enrolled in health care programs administered by the commissioner under chapters 256B, 256D, and 256L. The commissioner may receive any federal matching money that is made available through the medical assistance program for managed care oversight contracted through vendors, including consumer surveys, studies, and external quality reviews as required by the federal Balanced Budget Act of 1997, Code of Federal Regulations, title 42, part 438-managed care, subpart E-external quality review. Any federal money received for managed care oversight is appropriated to the commissioner for this purpose. The commissioner may expend the federal money received in either year of the biennium.

(b) Effective July 1, 2009, or upon federal approval, whichever is later, the commissioner shall develop and implement a patient incentive health program to provide incentives and rewards to patients who are enrolled in health care programs administered by the commissioner under chapters 256B, 256D, and 256L, and who have agreed to and have met personal health goals established with the patients' primary care providers to manage a chronic disease or condition, including but not limited to diabetes, high blood pressure, and coronary artery disease.

*[For text of subd 3, see M.S.2006]*

Subd. 4. **Duties as state agency.** (a) The state agency shall:

(1) supervise the administration of assistance to dependent children under Laws 1937, chapter 438, by the county agencies in an integrated program with other service for dependent children maintained under the direction of the state agency;

(2) establish adequate standards for personnel employed by the counties and the state agency in the administration of Laws 1937, chapter 438, and make the necessary rules to maintain such standards;

(3) prescribe the form of and print and supply to the county agencies blanks for applications, reports, affidavits, and such other forms as it may deem necessary and advisable;

(4) cooperate with the federal government and its public welfare agencies in any reasonable manner as may be necessary to qualify for federal aid for temporary assistance for needy families and in conformity with title I of Public Law 104–193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 and successor amendments, including the making of such reports and such forms and containing such information as the Federal Social Security Board may from time to time require, and comply with such provisions as such board may from time to time find necessary to assure the correctness and verification of such reports;

(5) on or before October 1 in each even-numbered year make a biennial report to the governor concerning the activities of the agency;

(6) enter into agreements with other departments of the state as necessary to meet all requirements of the federal government; and

(7) cooperate with the commissioner of education to enforce the requirements for program integrity and fraud prevention for investigation for child care assistance under chapter 119B.

(b) The state agency may:

(1) subpoena witnesses and administer oaths, make rules, and take such action as may be necessary or desirable for carrying out the provisions of Laws 1937, chapter 438. All rules made by the state agency shall be binding on the counties and shall be complied with by the respective county agencies;

(2) cooperate with other state agencies in establishing reciprocal agreements in instances where a child receiving Minnesota family investment program assistance moves or contemplates moving into or out of the state, in order that the child may continue to receive supervised aid from the state moved from until the child has resided for one year in the state moved to; and

(3) administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of individuals and the production of documents and other personal property necessary in connection with the administration of programs administered by the Department of Human Services.

(c) The fees for service of a subpoena in paragraph (b), clause (3), must be paid in the same manner as prescribed by law for a service of process issued by a district court. Witnesses must receive the same fees and mileage as in civil actions.

(d) The subpoena in paragraph (b), clause (3), shall be enforceable through the district court in the district where the subpoena is issued.

*[For text of subs 4a to 22, see M.S.2006]*

Subd. 23. **Administrative simplification; county cost study.** (a) The commissioner shall establish and convene the first meeting of an advisory committee to identify ways to simplify and streamline human services laws and administrative requirements. The advisory committee shall select its chair from its membership at the first meeting.

(b) The committee shall consist of three senators appointed by the senate Subcommittee on Committees of the Committee on Rules and Administration, three state representatives appointed by the speaker of the house of representatives, and nine department staff and

county representatives appointed by the commissioner. The appointments required under this paragraph must be completed by September 1, 2007.

(c) The committee shall discuss methods of reducing inconsistency between programs and complexity within programs in order to improve administrative efficiency and reduce the risk of recipient noncompliance. Topics for discussion may include child support enforcement, adoption services, child care licensing, child care assistance, and other programs. The state senators and state representatives on the advisory committee, in consultation with the advisory committee, shall report annually to the chairs of the legislative committees and divisions with jurisdiction over the Department of Human Services, beginning January 15, 2008, with recommendations developed by the advisory group.

(d) The commissioner, in consultation with the advisory committee, shall study and report to the legislature by January 15, 2009, on the transfer of any responsibilities between the department and counties that would result in more efficient and effective administration of human services programs.

(e) This section expires on June 30, 2012.

**Subd. 24. Disability linkage line.** The commissioner shall establish the disability linkage line, a statewide consumer information, referral, and assistance system for people with disabilities and chronic illnesses that:

(1) provides information about state and federal eligibility requirements, benefits, and service options;

(2) makes referrals to appropriate support entities;

(3) delivers information and assistance based on national and state standards;

(4) assists people to make well-informed decisions; and

(5) supports the timely resolution of service access and benefit issues.

**Subd. 25. Nonstate funding for program costs.** Notwithstanding sections 16A.013 to 16A.016, the commissioner may accept, on behalf of the state, additional funding from sources other than state funds for the purpose of financing the cost of assistance program grants or nongrant administration. All additional funding is appropriated to the commissioner for use as designated by the grantor of funding.

**Subd. 26. Systems continuity.** In the event of disruption of technical systems or computer operations, the commissioner may use available grant appropriations to ensure continuity of payments for maintaining the health, safety, and well-being of clients served by programs administered by the Department of Human Services. Grant funds must be used in a manner consistent with the original intent of the appropriation.

**History:** 2007 c 147 art 1 s 1; art 2 s 15,16; art 7 s 4; art 15 s 15; art 19 s 15,16

## 256.015 PUBLIC ASSISTANCE LIEN ON RECIPIENT'S CAUSE OF ACTION.

*[For text of subs 1 to 6, see M.S.2006]*

**Subd. 7. Cooperation required.** Upon the request of the Department of Human Services, any state agency or third party payer shall cooperate with the department in furnishing information to help establish a third party liability. Upon the request of the Department of Human Services or county child support or human service agencies, any employer or third party payer shall cooperate in furnishing information about group health insurance plans or medical benefit plans available to its employees. For purposes of section 176.191, subdivision 4, the Department of Labor and Industry may allow the Department of Human Services and county agencies direct access and data matching on information relating to workers' compensation claims in order to determine whether the claimant has reported the fact of a pending claim and the amount paid to or on behalf of the claimant to the Department of Human Services. The Department of Human Services and county agencies shall limit its use of information gained from agencies, third party payers, and employers to purposes directly connected with the administration of its public assistance and child support programs. The

provision of information by agencies, third party payers, and employers to the department under this subdivision is not a violation of any right of confidentiality or data privacy.

**History:** 2007 c 147 art 2 s 17

### 256.017 COMPLIANCE SYSTEM.

Subdivision 1. **Authority and purpose.** The commissioner shall administer a compliance system for the Minnesota family investment program, the food stamp or food support program, emergency assistance, general assistance, medical assistance, general assistance medical care, emergency general assistance, Minnesota supplemental assistance, preadmission screening, alternative care grants, and the child care assistance program under the powers and authorities named in section 256.01, subdivision 2. The purpose of the compliance system is to permit the commissioner to supervise the administration of public assistance programs and to enforce timely and accurate distribution of benefits, completeness of service and efficient and effective program management and operations, to increase uniformity and consistency in the administration and delivery of public assistance programs throughout the state, and to reduce the possibility of sanctions and fiscal disallowances for noncompliance with federal regulations and state statutes.

The commissioner shall utilize training, technical assistance, and monitoring activities, as specified in section 256.01, subdivision 2, to encourage county agency compliance with written policies and procedures.

*[For text of subs 2 to 8, see M.S.2006]*

Subd. 9. **Timing and disposition of penalty and case disallowance funds.** Quality control case penalty and administrative penalty amounts shall be disallowed or withheld from the next regular reimbursement made to the county agency for state and federal benefit reimbursements and federal administrative reimbursements for all programs covered in this section, according to procedures established in statute, but shall not be imposed sooner than 30 calendar days from the date of written notice of such penalties. Except for penalties withheld under the child care assistance program, all penalties must be deposited in the county incentive fund provided in section 256.018. Penalties withheld under the child care assistance program shall be reallocated to counties using the allocation formula under section 119B.03, subdivision 5. All penalties must be imposed according to this provision until a decision is made regarding the status of a written exception. Penalties must be returned to county agencies when a review of a written exception results in a decision in their favor.

*[For text of subd 10, see M.S.2006]*

**History:** 2007 c 147 art 2 s 18,19

### 256.476 CONSUMER SUPPORT PROGRAM.

Subdivision 1. **Purpose and goals.** The commissioner of human services shall establish a consumer support grant program for individuals with functional limitations and their families who wish to purchase and secure their own supports. The program shall:

(1) make support grants available to individuals or families as an effective alternative to the family support program, personal care attendant services, home health aide services, and private duty nursing services;

(2) provide consumers more control, flexibility, and responsibility over their services and supports;

(3) promote local program management and decision making; and

(4) encourage the use of informal and typical community supports.

Subd. 2. **Definitions.** For purposes of this section, the following terms have the meanings given them:

(a) "County board" means the county board of commissioners for the county of financial responsibility as defined in section 256G.02, subdivision 4, or its designated representa-

tive. When a human services board has been established under sections 402.01 to 402.10, it shall be considered the county board for the purposes of this section.

(b) "Family" means the person's birth parents, adoptive parents or stepparents, siblings or stepsiblings, children or stepchildren, grandparents, grandchildren, niece, nephew, aunt, uncle, or spouse. For the purposes of this section, a family member is at least 18 years of age.

(c) "Functional limitations" means the long-term inability to perform an activity or task in one or more areas of major life activity, including self-care, understanding and use of language, learning, mobility, self-direction, and capacity for independent living. For the purpose of this section, the inability to perform an activity or task results from a mental, emotional, psychological, sensory, or physical disability, condition, or illness.

(d) "Informed choice" means a voluntary decision made by the person, the person's legal representative, or other authorized representative after becoming familiarized with the alternatives to:

- (1) select a preferred alternative from a number of feasible alternatives;
- (2) select an alternative which may be developed in the future; and
- (3) refuse any or all alternatives.

(e) "Local agency" means the local agency authorized by the county board or, for counties not participating in the consumer grant program by July 1, 2002, the commissioner, to carry out the provisions of this section.

(f) "Person" or "persons" means a person or persons meeting the eligibility criteria in subdivision 3.

(g) "Authorized representative" means an individual designated by the person or their legal representative to act on their behalf. This individual may be a family member, guardian, representative payee, or other individual designated by the person or their legal representative, if any, to assist in purchasing and arranging for supports. For the purposes of this section, an authorized representative is at least 18 years of age.

(h) "Screening" means the screening of a person's service needs under sections 256B.0911 and 256B.092.

(i) "Supports" means services, care, aids, environmental modifications, or assistance purchased by the person, the person's legal representative, or other authorized representative. Examples of supports include respite care, assistance with daily living, and assistive technology. For the purpose of this section, notwithstanding the provisions of section 144A.43, supports purchased under the consumer support program are not considered home care services.

(j) "Program of origination" means the program the individual transferred from when approved for the consumer support grant program.

**Subd. 3. Eligibility to apply for grants.** (a) A person is eligible to apply for a consumer support grant if the person meets all of the following criteria:

(1) the person is eligible for and has been approved to receive services under medical assistance as determined under sections 256B.055 and 256B.056 or the person has been approved to receive a grant under the family support program under section 252.32;

(2) the person is able to direct and purchase the person's own care and supports, or the person has a family member, legal representative, or other authorized representative who can purchase and arrange supports on the person's behalf;

(3) the person has functional limitations, requires ongoing supports to live in the community, and is at risk of or would continue institutionalization without such supports; and

(4) the person will live in a home. For the purpose of this section, "home" means the person's own home or home of a person's family member. These homes are natural home settings and are not licensed by the Department of Health or Human Services.

(b) Persons may not concurrently receive a consumer support grant if they are:

(1) receiving personal care attendant and home health aide services, or private duty nursing under section 256B.0625; a family support grant; or alternative care services under section 256B.0913; or

(2) residing in an institutional or congregate care setting.

(c) A person or person's family receiving a consumer support grant shall not be charged a fee or premium by a local agency for participating in the program.

(d) Individuals receiving home and community-based waivers under United States Code, title 42, section 1396h(c), are not eligible for the consumer support grant, except for individuals receiving consumer support grants before July 1, 2003, as long as other eligibility criteria are met.

(e) The commissioner shall establish a budgeted appropriation each fiscal year for the consumer support grant program. The number of individuals participating in the program will be adjusted so the total amount allocated to counties does not exceed the amount of the budgeted appropriation. The budgeted appropriation will be adjusted annually to accommodate changes in demand for the consumer support grants.

**Subd. 4. Support grants; criteria and limitations.** (a) A county board may choose to participate in the consumer support grant program. If a county has not chosen to participate by July 1, 2002, the commissioner shall contract with another county or other entity to provide access to residents of the nonparticipating county who choose the consumer support grant option. The commissioner shall notify the county board in a county that has declined to participate of the commissioner's intent to enter into a contract with another county or other entity at least 30 days in advance of entering into the contract. The local agency shall establish written procedures and criteria to determine the amount and use of support grants. These procedures must include, at least, the availability of respite care, assistance with daily living, and adaptive aids. The local agency may establish monthly or annual maximum amounts for grants and procedures where exceptional resources may be required to meet the health and safety needs of the person on a time-limited basis, however, the total amount awarded to each individual may not exceed the limits established in subdivision 11.

(b) Support grants to a person, a person's legal representative, or other authorized representative will be provided through a monthly subsidy payment and be in the form of cash, voucher, or direct county payment to vendor. Support grant amounts must be determined by the local agency. Each service and item purchased with a support grant must meet all of the following criteria:

(1) it must be over and above the normal cost of caring for the person if the person did not have functional limitations;

(2) it must be directly attributable to the person's functional limitations;

(3) it must enable the person, a person's legal representative, or other authorized representative to delay or prevent out-of-home placement of the person; and

(4) it must be consistent with the needs identified in the service agreement, when applicable.

(c) Items and services purchased with support grants must be those for which there are no other public or private funds available to the person, a person's legal representative, or other authorized representative. Fees assessed to the person or the person's family for health and human services are not reimbursable through the grant.

(d) In approving or denying applications, the local agency shall consider the following factors:

(1) the extent and areas of the person's functional limitations;

(2) the degree of need in the home environment for additional support; and

(3) the potential effectiveness of the grant to maintain and support the person in the family environment or the person's own home.

(e) At the time of application to the program or screening for other services, the person, a person's legal representative, or other authorized representative shall be provided sufficient information to ensure an informed choice of alternatives by the person, the person's legal representative, or other authorized representative, if any. The application shall be made to the local agency and shall specify the needs of the person and family, the form and amount

of grant requested, the items and services to be reimbursed, and evidence of eligibility for medical assistance.

(f) Upon approval of an application by the local agency and agreement on a support plan for the person or person's family, the local agency shall make grants to the person or the person's family. The grant shall be in an amount for the direct costs of the services or supports outlined in the service agreement.

(g) Reimbursable costs shall not include costs for resources already available, such as special education classes, day training and habilitation, case management, other services to which the person is entitled, medical costs covered by insurance or other health programs, or other resources usually available at no cost to the person or the person's family.

(h) The state of Minnesota, the county boards participating in the consumer support grant program, or the agencies acting on behalf of the county boards in the implementation and administration of the consumer support grant program shall not be liable for damages, injuries, or liabilities sustained through the purchase of support by the individual, the individual's family, or the authorized representative under this section with funds received through the consumer support grant program. Liabilities include but are not limited to: workers' compensation liability, the Federal Insurance Contributions Act (FICA), or the Federal Unemployment Tax Act (FUTA). For purposes of this section, participating county boards and agencies acting on behalf of county boards are exempt from the provisions of section 268.04.

**Subd. 5. Reimbursement, allocations, and reporting.** (a) For the purpose of transferring persons to the consumer support grant program from the family support program and personal care assistant services, home health aide services, or private duty nursing services, the amount of funds transferred by the commissioner between the family support program account, the medical assistance account, or the consumer support grant account shall be based on each county's participation in transferring persons to the consumer support grant program from those programs and services.

(b) At the beginning of each fiscal year, county allocations for consumer support grants shall be based on:

(1) the number of persons to whom the county board expects to provide consumer supports grants;

(2) their eligibility for current program and services;

(3) the amount of nonfederal dollars allowed under subdivision 11; and

(4) projected dates when persons will start receiving grants. County allocations shall be adjusted periodically by the commissioner based on the actual transfer of persons or service openings, and the nonfederal dollars associated with those persons or service openings, to the consumer support grant program.

(c) The amount of funds transferred by the commissioner from the medical assistance account for an individual may be changed if it is determined by the county or its agent that the individual's need for support has changed.

(d) The authority to utilize funds transferred to the consumer support grant account for the purposes of implementing and administering the consumer support grant program will not be limited or constrained by the spending authority provided to the program of origination.

(e) The commissioner may use up to five percent of each county's allocation, as adjusted, for payments for administrative expenses, to be paid as a proportionate addition to reported direct service expenditures.

(f) The county allocation for each individual or individual's family cannot exceed the amount allowed under subdivision 11.

(g) The commissioner may recover, suspend, or withhold payments if the county board, local agency, or grantee does not comply with the requirements of this section.

(h) Grant funds unexpended by consumers shall return to the state once a year. The annual return of unexpended grant funds shall occur in the quarter following the end of the state fiscal year.

*[For text of subs 6 to 9, see M.S.2006]*

Subd. 10. **Consumer responsibilities.** Persons receiving grants under this section shall:

(1) spend the grant money in a manner consistent with their agreement with the local agency;

(2) notify the local agency of any necessary changes in the grant or the items on which it is spent;

(3) notify the local agency of any decision made by the person, a person's legal representative, or other authorized representative that would change their eligibility for consumer support grants;

(4) arrange and pay for supports; and

(5) inform the local agency of areas where they have experienced difficulty securing or maintaining supports.

## 256.482 COUNCIL ON DISABILITY.

Subdivision 1. **Establishment; members.** There is hereby established the Council on Disability which shall consist of 21 members appointed by the governor. Members shall be appointed from the general public and from organizations which provide services for persons who have a disability. A majority of council members shall be persons with a disability or parents or guardians of persons with a disability. There shall be at least one member of the council appointed from each of the state development regions. The commissioners of the Departments of Education, Human Services, Health, and Human Rights and the directors of the Rehabilitation Services and State Services for the Blind in the Department of Employment and Economic Development or their designees shall serve as ex officio members of the council without vote. In addition, the council may appoint ex officio members from other bureaus, divisions, or sections of state departments which are directly concerned with the provision of services to persons with a disability.

Notwithstanding the provisions of section 15.059, each member of the council appointed by the governor shall serve a three-year term and until a successor is appointed and qualified. The compensation and removal of all members shall be as provided in section 15.059. The council performs functions that are not purely advisory, therefore the expiration dates provided in section 15.059 do not apply. The governor shall appoint a chair of the council from among the members appointed from the general public or who are persons with a disability or their parents or guardians. Vacancies shall be filled by the authority for the remainder of the unexpired term.

## 256.484 SOCIAL ADJUSTMENT SERVICES TO REFUGEES.

*[For text of subd 1, see M.S.2006]*

Subd. 2. **Definitions.** For purposes of this section, the following terms have the meanings given them:

(a) "Refugee" means a refugee or asylee status granted by the United States Citizenship and Immigration Services.

(b) "Social adjustment services" means treatment or services, including psychiatric assessment, chemical therapy, individual or family counseling, support group participation, after care or follow-up, information and referral, and crisis intervention.

*[For text of subs 3 to 5, see M.S.2006]*

**History:** 2007 c 13 art 1 s 25

#### 256.741 CHILD SUPPORT AND MAINTENANCE.

Subdivision 1. **Public assistance.** (a) The term "direct support" as used in this chapter and chapters 257, 518, 518A, and 518C refers to an assigned support payment from an obligor which is paid directly to a recipient of TANF or MFIP.

(b) The term "public assistance" as used in this chapter and chapters 257, 518, 518A, and 518C, includes any form of assistance provided under the AFDC program formerly codified in sections 256.72 to 256.87, MFIP and MFIP-R formerly codified under chapter 256, MFIP under chapter 256J, work first program under chapter 256K; child care assistance provided through the child care fund under chapter 119B; any form of medical assistance under chapter 256B; MinnesotaCare under chapter 256L; and foster care as provided under title IV-E of the Social Security Act.

(c) The term "child support agency" as used in this section refers to the public authority responsible for child support enforcement.

(d) The term "public assistance agency" as used in this section refers to a public authority providing public assistance to an individual.

*[For text of subs 2 to 15, see M.S.2006]*

**History:** 2007 c 13 art 3 s 14

**256.956** [Repealed, 2007 c 147 art 5 s 41]

#### 256.962 MINNESOTA HEALTH CARE PROGRAMS OUTREACH.

Subdivision 1. **Public awareness and education.** The commissioner, in consultation with community organizations, health plans, and other public entities experienced in outreach to the uninsured, shall design and implement a statewide campaign to raise public awareness on the availability of health coverage through medical assistance, general assistance medical care, and MinnesotaCare and to educate the public on the importance of obtaining and maintaining health care coverage. The campaign shall include multimedia messages directed to the general population.

Subd. 2. **Outreach grants.** (a) The commissioner shall award grants to public and private organizations, regional collaboratives, and regional health care outreach centers for outreach activities, including, but not limited to:

(1) providing information, applications, and assistance in obtaining coverage through Minnesota public health care programs;

(2) collaborating with public and private entities such as hospitals, providers, health plans, legal aid offices, pharmacies, insurance agencies, and faith-based organizations to develop outreach activities and partnerships to ensure the distribution of information and applications and provide assistance in obtaining coverage through Minnesota health care programs; and

(3) providing or collaborating with public and private entities to provide multilingual and culturally specific information and assistance to applicants in areas of high uninsurance in the state or populations with high rates of uninsurance.

(b) The commissioner shall ensure that all outreach materials are available in languages other than English.

(c) The commissioner shall establish an outreach trainer program to provide training to designated individuals from the community and public and private entities on application

assistance in order for these individuals to provide training to others in the community on an as-needed basis.

**Subd. 3. Application and assistance.** (a) The Minnesota health care programs application must be made available at provider offices, local human services agencies, school districts, public and private elementary schools in which 25 percent or more of the students receive free or reduced price lunches, community health offices, Women, Infants and Children (WIC) program sites, Head Start program sites, public housing councils, child care centers, early childhood education and preschool program sites, legal aid offices, and libraries. The commissioner shall ensure that applications are available in languages other than English.

(b) Local human service agencies, hospitals, and health care community clinics receiving state funds must provide direct assistance in completing the application form, including the free use of a copy machine and a drop box for applications. These locations must ensure that the drop box is checked at least weekly and any applications are submitted to the commissioner. The commissioner shall provide these entities with an identification number to stamp on each application to identify the entity that provided assistance. Other locations where applications are required to be available shall either provide direct assistance in completing the application form or provide information on where an applicant can receive application assistance.

(c) Counties must offer applications and application assistance when providing child support collection services.

(d) Local public health agencies and counties that provide immunization clinics must offer applications and application assistance during these clinics.

(e) The commissioner shall coordinate with the commissioner of health to ensure that maternal and child health outreach efforts include information on Minnesota health care programs and application assistance, when needed.

**Subd. 4. Statewide toll-free telephone number.** The commissioner shall provide funds for a statewide toll-free telephone number to provide information on public and private health coverage options and sources of free and low-cost health care. The statewide telephone number must provide the option of obtaining this information in languages other than English.

**Subd. 5. Incentive program.** Beginning January 1, 2008, the commissioner shall establish an incentive program for organizations that directly identify and assist potential enrollees in filling out and submitting an application. For each applicant who is successfully enrolled in MinnesotaCare, medical assistance, or general assistance medical care, the commissioner, within the available appropriation, shall pay the organization a \$20 application assistance bonus. The organization may provide an applicant a gift certificate or other incentive upon enrollment.

**Subd. 6. School districts.** (a) At the beginning of each school year, a school district shall provide information to each student on the availability of health care coverage through the Minnesota health care programs.

(b) For each child who is determined to be eligible for a free or reduced priced lunch, the district shall provide the child's family with an application for the Minnesota health care programs and information on how to obtain application assistance.

(c) A district shall also ensure that applications and information on application assistance are available at early childhood education sites and public schools located within the district's jurisdiction.

(d) Each district shall designate an enrollment specialist to provide application assistance and follow-up services with families who are eligible for the reduced or free lunch program or who have indicated an interest in receiving information or an application for the Minnesota health care program.

(e) Each school district shall provide on their Web site a link to information on how to obtain an application and application assistance.

Subd. 7. **Renewal notice.** (a) Beginning December 1, 2007, the commissioner shall mail a renewal notice to enrollees notifying the enrollees that the enrollees eligibility must be renewed. A notice shall be sent at least 90 days prior to the renewal date and at least 60 days prior to the renewal date.

(b) For enrollees who are receiving services through managed care plans, the managed care plan must provide a follow-up renewal call at least 60 days prior to the enrollees' renewal dates.

(c) The commissioner shall include the end of coverage dates on the monthly rosters of enrollees provided to managed care organizations.

**History:** 2007 c 147 art 5 s 2

## 256.963 PRIMARY CARE ACCESS INITIATIVE.

Subdivision 1. **Establishment.** (a) The commissioner shall award a grant to implement in Hennepin and Ramsey Counties a Web-based primary care access pilot project designed as a collaboration between private and public sectors to connect, where appropriate, a patient with a primary care medical home, and schedule patients into available community-based appointments as an alternative to nonemergency use of the hospital emergency room. The grantee must establish a program that diverts patients presenting at an emergency room for nonemergency care to more appropriate outpatient settings. The program must refer the patient to an appropriate health care professional based on the patient's health care needs and situation. The program must provide the patient with a scheduled appointment that is timely, with an appropriate provider who is conveniently located. If the patient is uninsured and potentially eligible for a Minnesota health care program, the program must connect the patient to a primary care provider, community clinic, or agency that can assist the patient with the application process. The program must also ensure that discharged patients are connected with a community-based primary care provider and assist in scheduling any necessary follow-up visits before the patient is discharged.

(b) The program must not require a provider to pay a fee for accepting charity care patients or patients enrolled in a Minnesota public health care program.

Subd. 2. **Evaluation.** (a) The grantee must report to the commissioner on a quarterly basis the following information:

(1) the total number of appointments available for scheduling by specialty;

(2) the average length of time between scheduling and actual appointment;

(3) the total number of patients referred and whether the patient was insured or uninsured; and

(4) the total number of appointments resulting in visits completed and number of patients continuing services with the referring clinic.

(b) The commissioner, in consultation with the Minnesota Hospital Association, shall conduct an evaluation of the emergency room diversion pilot project and submit the results to the legislature by January 15, 2009. The evaluation shall compare the number of nonemergency visits and repeat visits to hospital emergency rooms for the period before the commencement of the project and one year after the commencement, and an estimate of the costs saved from any documented reductions.

**History:** 2007 c 147 art 5 s 3

## 256.969 PAYMENT RATES.

*[For text of subs 1 to 8b, see M.S.2006]*

Subd. 9. **Disproportionate numbers of low-income patients served.** (a) For admissions occurring on or after October 1, 1992, through December 31, 1992, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health

Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class.

(b) For admissions occurring on or after July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service;

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision, medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class;

(3) for a hospital that had medical assistance fee-for-service payment volume during calendar year 1991 in excess of 13 percent of total medical assistance fee-for-service payment volume, a medical assistance disproportionate population adjustment shall be paid in addition to any other disproportionate payment due under this subdivision as follows: \$1,515,000 due on the 15th of each month after noon, beginning July 15, 1995. For a hospital that had medical assistance fee-for-service payment volume during calendar year 1991 in excess of eight percent of total medical assistance fee-for-service payment volume and was the primary hospital affiliated with the University of Minnesota, a medical assistance disproportionate population adjustment shall be paid in addition to any other disproportionate payment due under this subdivision as follows: \$505,000 due on the 15th of each month after noon, beginning July 15, 1995; and

(4) effective August 1, 2005, the payments in paragraph (b), clause (3), shall be reduced to zero.

(c) The commissioner shall adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in paragraph (b), clauses (1) and (2), on a nondiscounted hospital-specific basis but shall not adjust those rates to reflect payments provided in clause (3).

(d) If federal matching funds are not available for all adjustments under paragraph (b), the commissioner shall reduce payments under paragraph (b), clauses (1) and (2), on a pro rata basis so that all adjustments under paragraph (b) qualify for federal match.

(e) For purposes of this subdivision, medical assistance does not include general assistance medical care.

(f) For hospital services occurring on or after July 1, 2005, to June 30, 2007:

(1) general assistance medical care expenditures for fee-for-service inpatient and outpatient hospital payments made by the department shall be considered Medicaid disproportionate share hospital payments, except as limited below:

(i) only the portion of Minnesota's disproportionate share hospital allotment under section 1923(f) of the Social Security Act that is not spent on the disproportionate population adjustments in paragraph (b), clauses (1) and (2), may be used for general assistance medical care expenditures;

(ii) only those general assistance medical care expenditures made to hospitals that qualify for disproportionate share payments under section 1923 of the Social Security Act and the Medicaid state plan may be considered disproportionate share hospital payments;

(iii) only those general assistance medical care expenditures made to an individual hospital that would not cause the hospital to exceed its individual hospital limits under section 1923 of the Social Security Act may be considered; and

(iv) general assistance medical care expenditures may be considered only to the extent of Minnesota's aggregate allotment under section 1923 of the Social Security Act.

All hospitals and prepaid health plans participating in general assistance medical care must provide any necessary expenditure, cost, and revenue information required by the commissioner as necessary for purposes of obtaining federal Medicaid matching funds for general assistance medical care expenditures; and

(2) certified public expenditures made by Hennepin County Medical Center shall be considered Medicaid disproportionate share hospital payments. Hennepin County and Hennepin County Medical Center shall report by June 15, 2007, on payments made beginning July 1, 2005, or another date specified by the commissioner, that may qualify for reimbursement under federal law. Based on these reports, the commissioner shall apply for federal matching funds.

(g) Upon federal approval of the related state plan amendment, paragraph (f) is effective retroactively from July 1, 2005, or the earliest effective date approved by the Centers for Medicare and Medicaid Services.

*[For text of subds 9a to 26, see M.S.2006]*

**Subd. 27. Quarterly payment adjustment.** (a) In addition to any other payment under this section, the commissioner shall make the following payments effective July 1, 2007:

(1) for a hospital located in Minnesota and not eligible for payments under subdivision 20, with a medical assistance inpatient utilization rate greater than 17.8 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to 13 percent of the total of the operating and property payment rates;

(2) for a hospital located in Minnesota in a specified urban area outside of the seven-county metropolitan area and not eligible for payments under subdivision 20, with a medical assistance inpatient utilization rate less than or equal to 17.8 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to ten percent of the total of the operating and property payment rates. For purposes of this clause, the following cities are specified urban areas: Detroit Lakes, Rochester, Willmar, Alexandria, Austin, Cambridge, Brainerd, Hibbing, Mankato, Duluth, St. Cloud, Grand Rapids, Wyoming, Fergus Falls, Albert Lea, Winona, Virginia, Thief River Falls, and Wadena;

(3) for a hospital located in Minnesota but not located in a specified urban area under clause (2), with a medical assistance inpatient utilization rate less than or equal to 17.8 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to four percent of the total of the operating and property payment rates. A hospital located in Woodbury and not in existence during the base year shall be reimbursed under this clause; and

(4) in addition to any payments under clauses (1) to (3), for a hospital located in Minnesota and not eligible for payments under subdivision 20 with a medical assistance inpatient utilization rate of 17.9 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to eight percent of the total of the operating and property payment rates, and for a hospital located in Minnesota and not eligible for payments under subdivision 20 with a medical assistance inpatient utilization rate of 59.6 percent of total patient days as of the base year in effect on July 1, 2005, a payment equal to nine percent of the total of the operating and property payment rates. After making any ratable adjustments required under paragraph (b), the commissioner shall proportionately reduce payments under clauses (2) and (3) by an amount needed to make payments under this clause.

(b) The state share of payments under paragraph (a) shall be equal to federal reimbursements to the commissioner to reimburse expenditures reported under section 256B.199. The commissioner shall ratably reduce or increase payments under this subdivision in order to ensure that these payments equal the amount of reimbursement received by the commissioner under section 256B.199, except that payments shall be ratably reduced by an amount equivalent to the state share of a four percent reduction in MinnesotaCare and medical assistance payments for inpatient hospital services. Effective July 1, 2009, the ratable reduction shall be equivalent to the state share of a three percent reduction in these payments.

(c) The payments under paragraph (a) shall be paid quarterly based on each hospital's operating and property payments from the second previous quarter, beginning on July 15, 2007, or upon federal approval of federal reimbursements under section 256B.199, whichever occurs later.

(d) The commissioner shall not adjust rates paid to a prepaid health plan under contract with the commissioner to reflect payments provided in paragraph (a).

(e) The commissioner shall maximize the use of available federal money for disproportionate share hospital payments and shall maximize payments to qualifying hospitals. In order to accomplish these purposes, the commissioner may, in consultation with the nonstate entities identified in section 256B.199, adjust, on a pro rata basis if feasible, the amounts reported by nonstate entities under section 256B.199 when application for reimbursement is made to the federal government, and otherwise adjust the provisions of this subdivision. The commissioner shall utilize a settlement process based on finalized data to maximize revenue under section 256B.199 and payments under this section.

(f) For purposes of this subdivision, medical assistance does not include general assistance medical care.

**History:** 2007 c 147 art 5 s 4,5

#### **256.974 OFFICE OF OMBUDSMAN FOR LONG-TERM CARE; LOCAL PROGRAMS.**

The ombudsman for long-term care serves in the classified service under section 256.01, subdivision 7, in an office within the Minnesota Board on Aging that incorporates the long-term care ombudsman program required by the Older Americans Act, as amended, United States Code, title 42, section 3027(a)(9) and 3058g(a), and established within the Minnesota Board on Aging. The Minnesota Board on Aging may make grants to and designate local programs for the provision of ombudsman services to clients in county or multi-county areas. The local program may not be an agency engaged in the provision of nursing home care, hospital care, or home care services either directly or by contract, or have the responsibility for planning, coordinating, funding, or administering nursing home care, hospital care, or home care services.

**History:** 2007 c 147 art 6 s 9

**256.9741 DEFINITIONS.**

Subdivision 1. **Long-term care facility.** “Long-term care facility” means a nursing home licensed under sections 144A.02 to 144A.10; a boarding care home licensed under sections 144.50 to 144.56; or a licensed or registered residential setting that provides or arranges for the provision of home care services.

*[For text of subd 2, see M.S.2006]*

Subd. 3. **Client.** “Client” means an individual who requests, or on whose behalf a request is made for, ombudsman services and is (a) a resident of a long-term care facility or (b) a Medicare beneficiary who requests assistance relating to access, discharge, or denial of inpatient or outpatient services, or (c) an individual reserving, receiving, or requesting a home care service.

*[For text of subs 4 to 6, see M.S.2006]*

**History:** 2007 c 147 art 6 s 10,11

**256.9742 DUTIES AND POWERS OF THE OFFICE.**

*[For text of subs 1 to 2, see M.S.2006]*

Subd. 3. **Posting.** Every long-term care facility and acute care facility shall post in a conspicuous place the address and telephone number of the office. A home care service provider shall provide all recipients, including those in housing with services under chapter 144D, with the address and telephone number of the office. Counties shall provide clients receiving long-term care consultation services under section 256B.0911 or home and community-based services through a state or federally funded program with the name, address, and telephone number of the office. The posting or notice is subject to approval by the ombudsman.

Subd. 4. **Access to long-term care and acute care facilities and clients.** The ombudsman or designee may:

- (1) enter any long-term care facility without notice at any time;
- (2) enter any acute care facility without notice during normal business hours;
- (3) enter any acute care facility without notice at any time to interview a patient or observe services being provided to the patient as part of an investigation of a matter that is within the scope of the ombudsman’s authority, but only if the ombudsman’s or designee’s presence does not intrude upon the privacy of another patient or interfere with routine hospital services provided to any patient in the facility;
- (4) communicate privately and without restriction with any client, as long as the ombudsman has the client’s consent for such communication;
- (5) inspect records of a long-term care facility, home care service provider, or acute care facility that pertain to the care of the client according to sections 144.291 to 144.298; and
- (6) with the consent of a client or client’s legal guardian, the ombudsman or designated staff shall have access to review records pertaining to the care of the client according to sections 144.291 to 144.298. If a client cannot consent and has no legal guardian, access to the records is authorized by this section.

A person who denies access to the ombudsman or designee in violation of this subdivision or aids, abets, invites, compels, or coerces another to do so is guilty of a misdemeanor.

*[For text of subd 5, see M.S.2006]*

Subd. 6. **Prohibition against discrimination or retaliation.** (a) No entity shall take discriminatory, disciplinary, or retaliatory action against an employee or volunteer, or a patient, resident, or guardian or family member of a patient, resident, or guardian for filing in good faith a complaint with or providing information to the ombudsman or designee includ-

ing volunteers. A person who violates this subdivision or who aids, abets, invites, compels, or coerces another to do so is guilty of a misdemeanor.

(b) There shall be a rebuttable presumption that any adverse action, as defined below, within 90 days of report, is discriminatory, disciplinary, or retaliatory. For the purpose of this clause, the term "adverse action" refers to action taken by the entity involved in a report against the person making the report or the person with respect to whom the report was made because of the report, and includes, but is not limited to:

- (1) discharge or transfer from a facility;
- (2) termination of service;
- (3) restriction or prohibition of access to the facility or its residents;
- (4) discharge from or termination of employment;
- (5) demotion or reduction in remuneration for services; and
- (6) any restriction of rights set forth in section 144.651, 144A.44, or 144A.751.

**256.9743** [Repealed, 2007 c 147 art 7 s 76]

#### **256.9744 OFFICE DATA.**

Subdivision 1. **Classification.** Except as provided in this section, data maintained by the office under sections 256.974 to 256.9744 are private data on individuals or nonpublic data as defined in section 13.02, subdivision 9 or 12, and must be maintained in accordance with the requirements of the Older Americans Act, as amended, United States Code, title 42, section 3058g(d).

#### **256.975 MINNESOTA BOARD ON AGING.**

*[For text of subds 1 to 2, see M.S.2006]*

Subd. 2a. **Electronic meetings.** (a) Notwithstanding section 13D.01, the Minnesota Board on Aging may conduct a meeting of its members by telephone or other electronic means so long as the following conditions are met:

- (1) all members of the board participating in the meeting, wherever their physical location, can hear one another and can hear all discussion and testimony;
- (2) members of the public present at the regular meeting location of the board can hear all discussion and testimony and all votes of members of the board;
- (3) at least one member of the board is physically present at the regular meeting location; and
- (4) all votes are conducted by roll call, so that each member's vote on each issue can be identified and recorded.

(b) Each member of the board participating in a meeting by telephone or other electronic means is considered present at the meeting for purposes of determining a quorum and participating in all proceedings.

(c) If telephone or other electronic means is used to conduct a meeting, the board, to the extent practical, shall allow a person to monitor the meeting electronically from a remote location. The board may require the person making a connection to pay for documented marginal costs that the board incurs as a result of the additional connection.

(d) If telephone or other electronic means is used to conduct a regular, special, or emergency meeting, the board shall provide notice of the regular meeting location, of the fact that some members may participate by telephone or other electronic means, and of the provisions of paragraph (c). The timing and method of providing notice is governed by section 13D.04.

*[For text of subs 3 to 6, see M.S.2006]*

**Subd. 7. Consumer information and assistance; senior linkage.** (a) The Minnesota Board on Aging shall operate a statewide information and assistance service to aid older Minnesotans and their families in making informed choices about long-term care options and health care benefits. Language services to persons with limited English language skills may be made available. The service, known as Senior LinkAge Line, must be available during business hours through a statewide toll-free number and must also be available through the Internet.

(b) The service must assist older adults, caregivers, and providers in accessing information about choices in long-term care services that are purchased through private providers or available through public options. The service must:

(1) develop a comprehensive database that includes detailed listings in both consumer- and provider-oriented formats;

(2) make the database accessible on the Internet and through other telecommunication and media-related tools;

(3) link callers to interactive long-term care screening tools and make these tools available through the Internet by integrating the tools with the database;

(4) develop community education materials with a focus on planning for long-term care and evaluating independent living, housing, and service options;

(5) conduct an outreach campaign to assist older adults and their caregivers in finding information on the Internet and through other means of communication;

(6) implement a messaging system for overflow callers and respond to these callers by the next business day;

(7) link callers with county human services and other providers to receive more in-depth assistance and consultation related to long-term care options;

(8) link callers with quality profiles for nursing facilities and other providers developed by the commissioner of health; and

(9) incorporate information about housing with services and consumer rights within the MinnesotaHelp.info network long-term care database to facilitate consumer comparison of services and costs among housing with services establishments and with other in-home services and to support financial self-sufficiency as long as possible. Housing with services establishments and their arranged home care providers shall provide information to the commissioner of human services that is consistent with information required by the commissioner of health under section 144G.06, the Uniform Consumer Information Guide. The commissioner of human services shall provide the data to the Minnesota Board on Aging for inclusion in the MinnesotaHelp.info network long-term care database.

(c) The Minnesota Board on Aging shall conduct an evaluation of the effectiveness of the statewide information and assistance, and submit this evaluation to the legislature by December 1, 2002. The evaluation must include an analysis of funding adequacy, gaps in service delivery, continuity in information between the service and identified linkages, and potential use of private funding to enhance the service.

**History:** 2007 c 147 art 6 s 16; art 7 s 5

## **256.984 DECLARATION AND PENALTY.**

**Subdivision 1. Declaration.** Every application for public assistance under this chapter or chapters 256B, 256D, 256J, and 256L; child care programs under chapter 119B; and food stamps or food support under chapter 393 shall be in writing or reduced to writing as prescribed by the state agency and shall contain the following declaration which shall be signed by the applicant:

"I declare under the penalties of perjury that this application has been examined by me and to the best of my knowledge is a true and correct statement of every materi-

al point. I understand that a person convicted of perjury may be sentenced to imprisonment of not more than five years or to payment of a fine of not more than \$10,000, or both.”
