A health care and human services worker training and retention program is established to:

(1) alleviate critical worker shortages confronting specific geographical areas of the state, specific health care and human services industries, or specific providers when employers are not currently offering sufficient worker training and retention options and are unable to do so because of the limited size of the employer, economic circumstances, or other limiting factors described in the grant application and verified by the board; and

(2) increase opportunities for current and potential direct care employees to qualify for advanced employment in the health care or human services fields through experience, training, and education.
