- (12) any other data required by the commissioner, including data in unaggregated form, for the purposes of developing spending estimates, setting spending limits, monitoring actual spending, and monitoring costs.

The commissioner may, by rule, modify the data submission categories listed above if the commissioner determines that this will reduce the reporting burden on providers without having a significant negative effect on necessary data collection efforts.

Subd. 2. **Annual monitoring and estimates.** The commissioner shall require health care providers to submit the required data for the period July 1, 1993 to December 31, 1993, by April 1, 1994. Health care providers shall submit data for the 1994 calendar year by April 1, 1995, and each April 1 thereafter shall submit data for the preceding calendar year. The commissioner of revenue may collect health care service revenue data from health care providers, if the commissioner of revenue and the commissioner agree that this is the most efficient method of

collecting the data. The commissioners of health and revenue shall have the authority to share data collected pursuant to this section.
