

237.38 LOCAL EXCHANGE PERMITS CONNECTION.

When public convenience requires the same, every local telephone exchange shall for a reasonable compensation permit a physical connection or connections to be made and telephone service to be furnished between such local telephone exchange system and township telephone system. In case of failure of the local telephone exchange to allow or agree upon such physical connection or connections, or the terms and conditions upon which the same shall be made, application may be made to the department for an order requiring such connection, and fixing the compensation, terms, and conditions thereof; and if after investigation and hearing the department shall find that such physical connections will not result in irreparable injury to such telephone properties, it shall by order direct such connections to be made and prescribe reasonable conditions and compensation therefor and for the joint use thereof, and by whom the expense of making and maintaining such connection or connections shall be paid. When application is made to the department requesting physical connection, it shall be presumed that such connection is necessary and that the public convenience will be promoted thereby, and the burden of overcoming such presumption shall be upon the party resisting such application.
