

115A.51 APPLICATION REQUIREMENTS.

Applications for assistance under the program shall demonstrate: (a) that the project is conceptually and technically feasible; (b) that affected political subdivisions are committed to implement the project, to provide necessary local financing, and to accept and exercise the government powers necessary to the project; (c) that operating revenues from the project, considering the availability and security of sources of solid waste and of markets for recovered resources, together with any proposed federal, state, or local financial assistance, will be sufficient to pay all costs over the projected life of the project; (d) that the applicant has evaluated the feasible and prudent alternatives to disposal and has compared and evaluated the costs of the alternatives, including capital and operating costs, and the effects of the alternatives on the cost to generators. The commissioner may require completion of a comprehensive solid waste management plan conforming to the requirements of section 115A.46, before accepting an application.
