

**119B.125 PROVIDER REQUIREMENTS.**

Subdivision 1. **Authorization.** Except as provided in subdivision 5, a county must authorize the provider chosen by an applicant or a participant before the county can authorize payment for care provided by that provider. The commissioner must establish the requirements necessary for authorization of providers. A provider must be reauthorized every two years. A legal, nonlicensed family child care provider also must be reauthorized when another person over the age of 13 joins the household, a current household member turns 13, or there is reason to believe that a household member has a factor that prevents authorization. The provider is required to report all family changes that would require reauthorization. When a provider has been authorized for payment for providing care for families in more than one county, the county responsible for reauthorization of that provider is the county of the family with a current authorization for that provider and who has used the provider for the longest length of time.

Subd. 1a. **Background study required.** This subdivision only applies to legal, nonlicensed family child care providers. Prior to authorization, and as part of each reauthorization required in subdivision 1, the county shall perform a background study on every member of the provider's household who is age 13 and older. The background study shall be conducted according to the procedures under subdivision 2.

Subd. 2. **Persons who cannot be authorized.** (a) When any member of the legal, nonlicensed family child care provider's household meets any of the conditions under paragraphs (b) to (n), the provider must not be authorized as a legal nonlicensed family child care provider. To determine whether any of the listed conditions exist, the county must request information about the provider and other household members for whom a background study is required under subdivision 1a from the Bureau of Criminal Apprehension, the juvenile courts, and social service agencies. When one of the listed entities does not maintain information on a statewide basis, the county must contact the entity in the county where the provider resides and any other county in which the provider or any household member previously resided in the past year. For purposes of this subdivision, a finding that a delinquency petition is proven in juvenile court must be considered a conviction in state district court. If a county has determined that a provider is able to be authorized in that county, and a family in another county later selects that provider, the provider is able to be authorized in the second county without undergoing a new background investigation unless one of the following conditions exists:

- (1) two years have passed since the first authorization;
- (2) another person age 13 or older has joined the provider's household since the last authorization;

- (3) a current household member has turned 13 since the last authorization; or
- (4) there is reason to believe that a household member has a factor that prevents authorization.
