Subd. 2. **Content of plan.** If an offender chooses to have a discharge plan developed, the commissioner of human services shall develop and implement a discharge plan, which must include at least the following:

Immediately following this meeting, the offender's designated agent shall summarize this background information and continuing care recommendations in a written report;

(5) immediately following the pre-discharge assessment and planning meeting, the provider of mental health case management services who will serve the offender following discharge shall offer to make arrangements and referrals for housing, financial support, benefits assistance, employment counseling, and other services required in sections 245.461 to 245.486;

(6) at least ten days before the offender's first scheduled postdischarge appointment with a mental health provider, the offender's designated agent shall transfer the following records to the offender's case management services provider and psychiatrist: the pre-discharge assessment and planning report, medical records, and pharmacy records.
