Subd. 2. **E-rates.** To be eligible for aid under this section, a district, charter school, or intermediate school district is required to file an e-rate application either separately or through its telecommunications access cluster and have a current technology plan on file with the department. Discounts received on telecommunications expenditures shall be reflected in the costs submitted to the department for aid under this section.

Subd. 3. **Reimbursement criteria.** The commissioner shall develop criteria for approving costs submitted by organized school districts, charter schools, and intermediate school districts under subdivision 1.

Subd. 4. **District aid.** For fiscal year 2006 and later, a district, charter school, or intermediate school district's Internet access equity aid equals the district, charter school, or intermediate school district's approved cost for the previous fiscal year according to subdivision 1 exceeding \$15 times the district's adjusted marginal cost pupil units for the previous fiscal year or no reduction if the district is part of an organized telecommunications access cluster. Equity aid must be distributed to the telecommunications access cluster for districts, charter schools, or intermediate school districts that are members of the cluster or to individual districts, charter schools, or intermediate school districts not part of a telecommunications access cluster.

Subd. 5. **Telecommunications/Internet access services for nonpublic schools.** (a) Districts shall provide each year upon formal request by or on behalf of a nonpublic school, not including home schools, located in that district or area, ongoing or recurring telecommunications access services to the nonpublic school either through existing district providers or through separate providers.

- (1) 90 percent of the nonpublic school's approved cost for the previous fiscal year according to subdivision 1 exceeding \$10 for fiscal year 2006 and later times the number of weighted pupils enrolled at the nonpublic school as of October 1 of the previous school year; or

No district may expend an amount for these telecommunications access services which exceeds the amount allocated under this subdivision. The nonpublic school is responsible for the Internet access costs not covered by this section.

(e) At the request of a nonpublic school, districts may allocate the amount determined in paragraph (b) directly to the nonpublic school to pay for or offset the nonpublic school's costs for telecommunications access services; however, the amount allocated directly to the nonpublic school may not exceed the actual amount of the school's ongoing or recurring telecommunications access costs.

Subd. 6. **Severability.** If any portion of this section is found by a court to be unconstitutional, the remaining portions of the section shall remain in effect.
