86B.535 MARINE TOILETS.

Subdivision 1. **Retention device required.** A watercraft or other marine conveyance on the waters of the state may not be equipped with a marine toilet unless also equipped with a retention device acceptable to the Pollution Control Agency.

- Subd. 2. **List of retention devices.** (a) The Pollution Control Agency shall, upon request, furnish a list of the types of retention devices currently available and considered acceptable for the purposes of this section for use with marine toilets.
- (b) The commissioner of natural resources shall furnish the sheriff of each county with a list of retention facilities acceptable to the Pollution Control Agency.
