

270.94 EXEMPTIONS.

(a) The tax imposed by sections 270.91 to 270.98 does not apply to the contamination value of a parcel of property attributable to contaminants that were addressed by a response action plan for the property, if the commissioner of the Pollution Control Agency, or the commissioner of agriculture for a release subject to chapter 18D, has determined that all the requirements of the plan have been satisfied. This exemption applies beginning for the first assessment year after the commissioner of the Pollution Control Agency, or the commissioner of agriculture determines that the implementation of a response action plan has been completed. To qualify under this paragraph, the property owner must provide the assessor with a copy of the determination by the commissioner of the Pollution Control Agency or the commissioner of agriculture of the completion of the response action plan.

(1) the work has been completed under an asbestos abatement plan or the property owner is implementing a proactive in-place asbestos management program consistent with the rules, requirements, and formal policies of the United States Environmental Protection Agency; and

(2) the property owner provides the assessor with an affidavit stating the work under the abatement plan has been completed, or the asbestos management plan is being implemented, and any other evidence or information the assessor requests.
