

356.23 SUPPLEMENTAL VALUATIONS; ALTERNATIVE REPORTS AND VALUATIONS.

Subdivision 1. **Supplemental actuarial valuations.** Any supplemental actuarial valuations prepared on behalf of any governing or managing board of any pension and retirement fund enumerated in section 356.20, subdivision 2, by an approved actuary, must be prepared in accordance with the applicable provisions of sections 356.20 to 356.23 and with the standards adopted by the Legislative Commission on Pensions and Retirement. Any pension and retirement fund which prepares an alternative actuarial valuation under subdivision 2 also must have a supplemental actuarial valuation prepared.

Subd. 2. **Alternative reports and valuations.** In addition to the financial reports and actuarial valuations required by sections 356.20 to 356.23, the governing or managing board of any fund concerned may submit alternative reports and actuarial valuations for distribution to the legislature, any of its committees, or the Legislative Commission on Pensions and Retirement on a different basis or on different assumptions than are specified in sections 356.20 to 356.23. The assumptions and basis of any alternative reports and valuations must be clearly stated in the document.
