

25.39 INSPECTION FEES AND REPORTS.

Subdivision 1. **Amount of fee.** (a) An inspection fee at the rate of 16 cents per ton must be paid to the commissioner on commercial feeds distributed in this state by the person who first distributes the commercial feed, except that:

(1) no fee need be paid on:

(i) a commercial feed if the payment has been made by a previous distributor; or

(ii) customer formula feeds if the inspection fee is paid on the commercial feeds which are used as ingredients; or

(2) a Minnesota feed distributor who can substantiate that greater than 50 percent of the distribution of commercial feed is to purchasers outside the state may purchase commercial feeds without payment of the inspection fee under a tonnage fee exemption permit issued by the commissioner. Such location specific permits shall be issued on a calendar year basis to commercial feed distributors who submit a \$100 nonrefundable application fee and comply with rules adopted by the commissioner relative to record keeping, tonnage of commercial feed distributed in Minnesota, total of all commercial feed tonnage distributed, and all other information which the commissioner may require so as to ensure that proper inspection fee payment has been made.

(b) In the case of pet food distributed in the state only in packages of ten pounds or less, a listing of each product and a current label for each product must be submitted annually on forms provided by the commissioner and accompanied by an annual fee of \$50 for each product in lieu of the inspection fee. This annual fee is due by July 1. The inspection fee required by paragraph (a) applies to pet food distributed in packages exceeding ten pounds.

(c) In the case of specialty pet food distributed in the state only in packages of ten pounds or less, a listing of each product and a current label for each product must be submitted annually on forms provided by the commissioner and accompanied by an annual fee of \$25 for each product in lieu of the inspection fee. This annual fee is due by July 1. The inspection fee required by paragraph (a) applies to specialty pet food distributed in packages exceeding ten pounds.

(d) The minimum inspection fee is \$10 per annual reporting period.

Subd. 1a. **Containers of ten pounds or less.** A distributor who is subject to the annual fee specified in subdivision 1, paragraph (b) or (c), shall do the following:

(1) before beginning distribution, file with the commissioner a listing of pet and specialty pet foods to be distributed in the state only in containers of ten pounds or less, on forms provided by the commissioner. The listing under this clause must be renewed annually before July 1 and is the basis for the payment of the annual fee. New products added during the year must be submitted to the commissioner as a supplement to the annual listing before distribution; and

(2) if the annual renewal of the listing is not received before July 1 or if an unlisted product is distributed, pay a late filing fee of \$10 per product in addition to the normal charge for the listing. The late filing fee under this clause is in addition to any other penalty under this chapter.

Subd. 2. **Annual statement.** A person who is liable for the payment of a fee under this section shall file with the commissioner on forms furnished by the commissioner an annual statement setting forth the number of net tons of commercial feeds distributed in this state during the calendar year. The report is due by the 31st of each January. The inspection fee at the rate

specified in subdivision 1 must accompany the statement. For each tonnage report not filed or payment of inspection fees not made on time, a penalty of ten percent of the amount due, with a minimum penalty of \$10, must be assessed against the license holder, and the amount of fees due, plus penalty, is a debt and may be recovered in a civil action against the license holder. The assessment of this penalty does not prevent the department from taking other actions as provided in this chapter.

Subd. 3. **Records.** Each person required to pay an inspection fee or to report in accordance with this section shall keep records, as determined by the commissioner, accurately detailing the tonnage of commercial feed distributed in this state. Records upon which the tonnage is based must be maintained for six years and made available to the commissioner for inspection, copying, and audit. A person who is located outside of this state must maintain and make available records required by this section in this state or pay all costs incurred in auditing of the records at another location. Unless required for the enforcement of this chapter, the information in the records required by this subdivision is private or nonpublic.

Subd. 4. **Commercial feed inspection account.** A commercial feed inspection account is established in the agricultural fund. Fees and penalties collected under this chapter and interest attributable to money in the account must be deposited in the agricultural fund and credited to the commercial feed inspection account. Money in the account, including interest earned, is appropriated to the commissioner for the administration and enforcement of this chapter.
