(2) Class four investments shall be made only on report of a committee directed to investigate the same and report its value, according to the judgment of its members, and its report shall be preserved among the bank's records.

(3) Notwithstanding anything to the contrary in clause (1)(b), a savings bank organized under the laws of this state may invest in notes or bonds secured by mortgages or trust deed where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same. Except as modified herein, the other provisions of clause (1)(b) apply.

(4) For purposes of this subdivision, real estate is deemed unencumbered if the only existing mortgage or lien against the real estate is a first mortgage lien in favor of the savings bank making a second mortgage loan or if the total unpaid aggregate of all outstanding liens against the same real estate does not exceed 80 percent of its appraised value.

(5) Renegotiable rate notes or bonds secured by mortgages or trust deeds where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same.

For the purposes of this clause, a renegotiable rate mortgage loan is a loan issued for a term of three years to five years, secured by a mortgage maturing in not to exceed 30 years, and automatically renewable at equal intervals after the original loan term which may be up to six months shorter or longer than subsequent terms. The loan must be repayable in equal monthly installments of principal and interest during the loan term, in an amount at least sufficient to amortize a loan with the same principal and at the same interest rate over the remaining life of the mortgage.

In the mortgage documents, the savings bank must grant to the borrower an option to renew the loan for a new term, but not beyond the maturity date of the mortgage, at a new interest rate which shall be the savings bank's current market rate of interest on similar loans determined 60 days before the due date of the loan: provided, that the maximum interest rate increase shall be equal to one-half of one percent per year multiplied by the number of years in the loan term with a maximum net increase of five percent over the life of the mortgage. Interest rate increases are optional with the savings bank; net decreases from the previous loan term are mandatory.

The borrower may not be charged costs connected with the renewal of the loan.

Sixty days before the due date of the loan, the savings bank shall send a written notification to the borrower containing the following information: (i) The date on which the entire balance of borrower's loan is due and payable; (ii) a statement that the loan will be renewed automatically by the savings bank at the rate specified in the notice unless the borrower pays the loan by the due date; (iii) the amount of the monthly payment, calculated according to the new rate determined at the time of notice; (iv) a statement that the borrower may prepay the loan without penalty at any time after the original loan becomes due and payable; and (v) the name and phone number of a savings bank employee who will answer the borrowers' questions concerning the information in the notice.

An applicant for a renegotiable rate mortgage loan must be given, at the time an application is requested, written disclosure materials prepared in reasonably simple terms that contain at least the following information: (i) An explanation of how a renegotiable rate mortgage differs from a standard fixed rate mortgage; (ii) an example of a renegotiable rate mortgage indicating the maximum possible interest rate increase and monthly payment calculated on that rate at the time of the first renewal; and (iii) an explanation of how the savings bank determines what the rate will be at the end of each loan term.

(6) An investment in notes or bonds secured by mortgages or trust deeds on real estate in fee or in a leasehold may exceed the 80 percent requirement in paragraph (1), clause (b), and the 95 percent requirement in paragraph (2), if the amount of the loan in excess of those limits is insured or guaranteed by a private mortgage insurer that the Federal Home Loan Mortgage Corporation or the Federal National Mortgage Association has determined to be a qualified private insurer.

Subd. 6. **Class five.** Class five shall be notes secured by such bonds or mortgages, as the bank under this section is authorized to invest in, but no such bond or mortgage shall be taken as collateral security for more than its par value, nor shall the aggregate amount of securities taken be less than the full amount loaned thereon, and no such loan shall be made for a longer time than one year, nor to a greater amount to any one person than three percent of the total deposits of the bank.
