**160.18 ACCESS TO ROADS; APPROACHES.**

Subdivision 1. **Culvert on existing highway.** Except when the easement of access has been acquired, a road authority, as to a highway already established and constructed may grant by permit a suitable approach to the highway. The requesting abutting property owner shall pay for the cost and installation of any required culverts unless a road authority, other than the commissioner, adopts by resolution a policy for the furnishing of a culvert to an abutting owner when a culvert is necessary for suitable approach to a road. The policy may include provisions for the payment of all or part of the costs of furnishing the culvert by the abutting landowner.

Subd. 2. **Approaches to new highway.** Except when the easement of access has been acquired, the road authorities in laying out and constructing a new highway or in relocating or reconstructing an old highway shall construct suitable approaches thereto within the limits of the right-of-way where the approaches are reasonably necessary and practicable, so as to provide abutting owners a reasonable means of access to such highway.

Subd. 3. **Access for particular uses.** The owner or occupant of property abutting upon a public highway, having a right of direct private access thereto, may provide such other or additional means of ingress from and egress to the highway as will facilitate the efficient use of the property for a particular lawful purpose, subject to reasonable regulation by and permit from the road authority as is necessary to prevent interference with the construction, maintenance and safe use of the highway and its appurtenances and the public use thereof.
