

116A.07 PRELIMINARY SURVEY AND REPORT.

The engineer shall promptly examine all matters set forth in the petition and order, make such preliminary survey of the territory likely to be affected by the proposed improvement as will enable the engineer to determine whether it is necessary and feasible, and report accordingly. If some plan other than that described in the petition is found practical, the engineer shall so report, giving such detail and information as is necessary to inform the court or board on all matters pertaining to the feasibility of the proposed plan, either as outlined in the petition or according to a different plan recommended by the engineer. Upon completion of the survey and report, the engineer shall file the report in duplicate with the auditor or clerk.
