

273.1384 MARKET VALUE HOMESTEAD CREDITS.

Subdivision 1. **Residential homestead market value credit.** Each county auditor shall determine a homestead credit for each class 1a, 1b, and 2a homestead property within the county equal to 0.4 percent of the first \$76,000 of market value of the property minus .09 percent of the market value in excess of \$76,000. The credit amount may not be less than zero. In the case of an agricultural or resort homestead, only the market value of the house, garage, and immediately surrounding one acre of land is eligible in determining the property's homestead credit. In the case of a property that is classified as part homestead and part nonhomestead, (i) the credit shall apply only to the homestead portion of the property, but (ii) if a portion of a property is classified as nonhomestead solely because not all the owners occupy the property, not all the owners have qualifying relatives occupying the property, or solely because not all the spouses of owners occupy the property, the credit amount shall be initially computed as if that nonhomestead portion were also in the homestead class and then prorated to the owner-occupant's percentage of ownership. For the purpose of this section, when an owner-occupant's spouse does not occupy the property, the percentage of ownership for the owner-occupant spouse is one-half of the couple's ownership percentage.

Subd. 2. **Agricultural homestead market value credit.** Property classified as agricultural homestead under section 273.13, subdivision 23, paragraph (a), is eligible for an agricultural credit. The credit is computed using the property's agricultural credit market value, defined for this purpose as the property's market value excluding the market value of the house, garage, and immediately surrounding one acre of land. The credit is equal to 0.3 percent of the first \$115,000 of the property's agricultural credit market value minus .05 percent of the property's agricultural credit market value in excess of \$115,000, subject to a maximum reduction of \$115. In the case of property that is classified as part homestead and part nonhomestead solely because not all the owners occupy or farm the property, not all the owners have qualifying relatives occupying or farming the property, or solely because not all the spouses of owners occupy the property, the credit must be initially computed as if that nonhomestead agricultural land was also classified as agricultural homestead and then prorated to the owner-occupant's percentage of ownership.

Subd. 3. **Credit reimbursements.** The county auditor shall determine the tax reductions allowed under this section within the county for each taxes payable year and shall certify that amount to the commissioner of revenue as a part of the abstracts of tax lists submitted by the county auditors under section 275.29. Any prior year adjustments shall also be certified on the abstracts of tax lists. The commissioner shall review the certifications for accuracy, and may make such changes as are deemed necessary, or return the certification to the county auditor for correction. The credits under this section must be used to proportionately reduce the net tax capacity-based property tax payable to each local taxing jurisdiction as provided in section 273.1393.

Subd. 4. **Payment.** (a) The commissioner of revenue shall reimburse each local taxing jurisdiction, other than school districts, for the tax reductions granted under this section in two equal installments on October 31 and December 26 of the taxes payable year for which the reductions are granted, including in each payment the prior year adjustments certified on the abstracts for that taxes payable year. The reimbursements related to tax increments shall be issued in one installment each year on December 26.

(b) The commissioner of revenue shall certify the total of the tax reductions granted under this section for each taxes payable year within each school district to the commissioner of the

Department of Education and the commissioner of education shall pay the reimbursement amounts to each school district as provided in section 273.1392.

Subd. 5. **Appropriation.** An amount sufficient to make the payments required by this section to taxing jurisdictions other than school districts is annually appropriated from the general fund to the commissioner of revenue. An amount sufficient to make the payments required by this section for school districts is annually appropriated from the general fund to the commissioner of education.

Subd. 6. **Credit reduction.** In 2011 and each year thereafter, the market value credit reimbursement amount for each taxing jurisdiction determined under this section is reduced by the dollar amount of the reduction in market value credit reimbursements for that taxing jurisdiction in 2010 due to the reductions under section 477A.0133. No taxing jurisdiction's market value credit reimbursements are reduced to less than zero under this subdivision. The commissioner of revenue shall pay the annual market value credit reimbursement amounts, after reduction under this subdivision, to the affected taxing jurisdictions as provided in this section.
