

326B.092 FEES.

Subdivision 1. **Licenses requiring examination administered by commissioner.** (a) If the applicant for a license must pass an examination administered by the commissioner in order to obtain the license, then the application for the initial license must be accompanied by an application and examination fee of \$50, which is separate from the license fee. The license fee is due after the applicant passes the examination and before the license is issued.

(b) If the applicant for a Minnesota license holds a license in another state and is seeking Minnesota licensure without examination based on reciprocity, then the application for the Minnesota license must be accompanied by the application and examination fee of \$50, which is separate from the license fee. If the commissioner approves the application, then the license fee is due before the license is issued.

Subd. 2. **Licenses not requiring examination administered by commissioner.** If the applicant for a license is not required to pass an examination in order to obtain the license, or is required to pass an examination that is not administered by the commissioner, then the license fee must accompany the application for the license. If the application is for a license issued under sections 326B.802 to 326B.885 and is not an application for license renewal, then the contractor recovery fund fee required under section 326B.89, subdivision 3, is due after the department has determined that the applicant meets the qualifications for licensing and before the license is issued.

Subd. 3. **Late fee.** The department must receive a complete application for license renewal by the renewal deadline but not more than 90 days before the renewal deadline. If the department receives a renewal application after the expiration of the license, then the renewal application must be accompanied by a late fee equal to one-half of the license renewal fee; except that, for the purpose of calculating the late fee only, the license renewal fee shall not include any contractor recovery fund fee required by section 326B.89, subdivision 3.

Subd. 4. **Lapsed licensed fee.** If the department receives a renewal application within two years after expiration of the license, the renewal application must be accompanied by all license renewal fees to cover the period that the license was expired, plus the late fee described in subdivision 3 and the license renewal fee for the current renewal period.

Subd. 5. **Insufficient fees.** If the applicant does not include all required fees with the application, then the application will be incomplete and the department will notify the applicant of the amount of the deficiency.

Subd. 6. **Fees nonrefundable.** Application and examination fees, license fees, license renewal fees, and late fees are nonrefundable except for:

(1) license renewal fees received more than two years after expiration of the license, as described in section 326B.094, subdivision 2;

(2) any overpayment of fees; and

(3) if the license is not renewed, the contractor recovery fund fee and any additional assessment paid under subdivision 7, paragraph (e).

Subd. 7. **License fees and license renewal fees.** (a) The license fee for each license except a renewed license shall be the base license fee plus any applicable board fee, as set forth in this subdivision. The license renewal fee for each renewed license is the base license fee plus any

applicable board fee, continuing education fee, and contractor recovery fund fee and additional assessment, as set forth in this subdivision.

(b) For purposes of this section, "license duration" means the number of years for which the license is issued except that:

(1) if the initial license is not issued for a whole number of years, the license duration shall be rounded up to the next whole number; and

(2) if the department receives an application for license renewal after the renewal deadline, license duration means the number of years for which the renewed license would have been issued if the renewal application had been submitted on time and all other requirements for renewal had been met.

(c) The base license fee shall depend on whether the license is classified as an entry level, master, journeyman, or business license, and on the license duration. The base license fee shall be:

License Classification	License Duration		
	1 Year	2 Years	3 Years
Entry level	\$10	\$20	\$30
Journeyman	\$20	\$40	\$60
Master	\$40	\$80	\$120
Business	\$90	\$180	\$270

(d) If there is a continuing education requirement for renewal of the license, then a continuing education fee must be included in the renewal license fee. The continuing education fee for all license classifications shall be: \$10 if the renewal license duration is one year; \$20 if the renewal license duration is two years; and \$30 if the renewal license duration is three years.

(e) If the license is issued under sections 326B.31 to 326B.59 or 326B.90 to 326B.93, then a board fee must be included in the license fee and the renewal license fee. The board fee for all license classifications shall be: \$4 if the license duration is one year; \$8 if the license duration is two years; and \$12 if the license duration is three years.

(f) If the application is for the renewal of a license issued under sections 326B.802 to 326B.885, then the contractor recovery fund fee required under section 326B.89, subdivision 3, and any additional assessment required under section 326B.89, subdivision 16, must be included in the license renewal fee.
