

395.14 SEED AND FEED LOANS.

Authority is granted to any county in the state to lend money to residents of the county who are citizens of the United States or resident aliens or who have declared their intention of becoming citizens of the United States, for the purpose of purchasing seed and feed for teams whenever there has been a total or partial failure of crops in the county, by reason of hail, flood, drought, fire, or other cause. Qualified residents must own, or hold under contract for deed, land previously under cultivation and cropped and in condition capable of being cropped during the ensuing year, but must be unable to procure seed for planting their land and feed for their teams while doing the planting and must be in imminent danger of losing their property. If not less than 25 resident landowners of the county, before March first next following the crop failure, present to the auditor of the county a petition signed by them asking that the county lend money to residents suffering by reason of the crop failure, for the purpose of purchasing seed and feed, the auditor shall receive and file the petition and at once call a meeting of the county board to consider the petition. The county board shall, on or before the second Monday in March, next following, meet and consider the petition and may enter an order that the county lend, from its general fund, sums as it deems necessary for the purpose; however, the amount shall not, with the existing indebtedness of the county, exceed the amount of indebtedness fixed by the laws of this state.
