Subdivision 1. **Delegation.** (a) A supervising physician may delegate to a physician assistant who is licensed by the board, certified by the National Commission on Certification of Physician Assistants or successor agency approved by the board, and who is under the supervising physician's supervision, the authority to prescribe, dispense, and administer legend drugs, controlled substances, and medical devices subject to the requirements in this section. The authority to dispense includes, but is not limited to, the authority to request, receive, and dispense sample drugs. This authority to dispense extends only to those drugs described in the written agreement developed under paragraph (b).

Supervising physicians shall retrospectively review the prescribing, dispensing, and administering of legend drugs, controlled substances, and medical devices by physician assistants, when this authority has been delegated to the physician assistant as part of the physician-physician assistant delegation agreement.
